

Catch Me If You Love Me Chapter 153

Stop the pain...

The understatement reminded Zoey Gu in an instant!

Correct!

She herself can help Liam Lu relieve the pain!

The moment he reacted, Zoey Gu almost burst into tears of joy, suddenly raised his head to look at the two people in front of him, and said with excitement in his heart.

“What you are afraid of is nothing more than being punished by the old lady for not being able to let the second young master eat. If I say, I can make him eat voluntarily?”

As the supper time approached, Xiao Lan boldly led Zoey Gu to the third floor once again.

Xiaolan had lingering fears about her previous experience, she glanced at Zoey Gu beside her as she walked, and looked at the tray in her hand uncertainly.

“In June, do you really think that a simple bowl of noodles can make the second young master willing to eat?”

Hearing this, Zoey Gu looked up at Liam Lu’s room and nodded gently.

“He will eat it.”

“It’s late now. If you are really nervous and worried, I will go in with you, no one will find out.”

It seemed that she was really scared, Xiao Lan hesitated for only a second, then reached out and stuffed the tray into Zoey Gu’s hand, turned and pushed the door open.

Liam Lu was standing in front of the floor-to-ceiling windows with his back facing them. He had just gone through a wave of pain. There was water stains on the back of the home clothes, and the lines on his side were cold and terrifying.

Zoey Gu stood not far behind him, looked at him quietly, and crumpled into a ball in his heart.

When did he experience such suffering...

Xiaolan next to her tremblingly shouted at the man’s back.

“Second Young Master, have dinner...”

There was only a simple bowl of noodles in the tray, but a certain strong taste filled the surroundings in an instant.

Liam Lu didn't say anything.

But when he smelled this familiar smell, he suddenly stiffened and turned back suddenly!

With just one glance, his gaze locked tightly on the girl beside Xiaolan.

Even if she deliberately made a cover-up, her face is full of small black freckles at this time, which is not pretty.

But Liam Lu recognized her at a glance!

In an instant, countless emotions surged through the man's eyes.

Shock.

happy.

Stunned.

Until the end, it all turned into endless anger inexplicably.

Zoey Gu pursed his lips and twisted his hands together nervously. Seeing the anger in his eyes, he felt aggrieved inexplicably and his eyes became hot.

"land..."

She opened her mouth to talk, but Liam Lu suddenly retracted her gaze, turned and walked to the table, bent over, picked up the chopsticks and ate the noodles.

The heat in the bowl dissipated with his movements, and the rich flavor of sour noodle soup spread more and more in the air.

Zoey looked at him decisively, clearly wanting his response and tacit understanding, but when he watched him indifferently eat noodles, a strong anxiety arose in his heart.

really.

Snapped!

Liam Lu ate, suddenly raised his hand, slapped his chopsticks on the table, and suddenly looked over with cold eyes.

"Who did it?!"

Xiao Lan's legs softened in fright, raised her hand tremblingly and pointed at Zoey Gu beside her, and said tremblingly.

"Yes... she did it."

After speaking, I didn't forget to give her a vicious look.

Just said no, I knew I would be killed by this newcomer!

Xiaolan wanted to say something, when she raised her head, she saw Liam Lu looking at Zoey Gu with a cold face, and coldly ordered.

"Quit her! Let her get out of the Lu family immediately, I don't want to see her again!"
