

Ye Yu-Yan and Xu Lei couldn't help rolling their eyes when they heard what Ye Fan said.

It was clear that no one bought the bullshit Ye Fan had just said.

Wei Chen stopped beating up his son.

However, Wei Chen was furious that his stupid son was still shouting in resentment.

"Shut up, you bastard! Mr Chu was magnanimous enough to spare you. Hurry up and thank him!" scolded Wei Chen angrily.

Wei Luo was unappreciative and kept roaring, "No, I refuse to accept defeat. How could a country bumpkin do this to us?"

Wei Luo's eyes were bloodshot as he roared indignantly.

"You..."

Wei Chen almost wanted to pass out in fury.

Tong Shan and Qing Tan came in from outside. They reverently bowed and said to Ye Fan, "Dragon Master, we have placed the jade in the spots like you said."

Ye Fan wasted no time while he waited for the Wei family to show up.

He had asked Tong Shan and Qing Tan to take care of the jade.

From the looks of it, everything was in order.

“Thanks.” Ye Fan nodded.

Just as everyone started to wonder what Ye Fan was planning, the young man stood up slowly.

He stood with his hands behind him as he smiled.

He glanced at the Wei family with his deep eyes until his eyes landed on the pathetic Wei Luo.

“Wei Luo, I told you not to judge me with your standards. I am not who you think I am, so the things you care about mean nothing to me. Background, status, education, and connections are minor to me,” Ye Fan’s deep voice rang in the halls.

His burning voice and resounding words kept exploding in their ears.

Even though he had only said a few words, he sounded absolutely domineering.

Ye Fan’s words were so powerful that a lot of people did not even have the courage to look at him in the eye.

He paused briefly, looked past Wei Luo, and suddenly glanced at everyone in the room.

His stern voice echoed, “I know that everyone who does not want to submit to me wants to know how I ended up so powerful despite my lousy background. How could I surpass all the elite families at such a young age? Okay! Since you want to know so badly, I will tell you! Today, I will show you how I managed to make everyone bow.”

Ye Fan hastily stepped on the ground and yelled, "Formation, rise!"

BOOM...

As though the god of spring was among them or a monarch had given his orders, gold light instantly soared into the air as though Ye Fan had summoned them.

The entire Xu estate was covered with gold light, and it looked beautiful and amazing!

The light swam like a gold dragon as it swelled and turned in the air to everyone's shock.

The gold light covered everything it passed.

Everyone was soon surrounded by a sea of gold light.

"Huh?"

"W-what's this?"

Everyone was stunned.

Wei Luo opened his eyes wide as Xu Mei-Feng's eyes were filled with shock.

The Xu family was so startled that their souls were about to depart their bodies.

Even Xu Lei's eyes were filled with shock when she saw Ye Fan's amazing skills.

Only Ye Fan stood with his hands behind him as gold dragons shot into the air and floated around him as

though they were pets.

The young man was bathed in gold light like a god.

“I can make heroes bow, and all enemies flee. The Lu and Xur families treat me like a god, Jiangbei fears me like a tiger, and even War God Castle can't do anything to me. I was able to do it with pure strength and not my background. I have the strength to make people live or die. With one word, I can decide if everyone here lives or dies. That is the reason everyone submits to me.”

RUMBLE!

Ye Fan's resounding words left the earth and everyone's hearts trembling like the rumbling of thunder.

Everyone's doubts instantly dissipated when they saw the young man bathed in gold light.

Wei Luo was speechless with his mouth open and shock on his face.

Everyone in the Xu family was dumbstruck with fear and regret in their eyes.

Wei Luo and the others finally learned the truth.

It was no wonder Ye Fan could attain such power and make heroes bow to him despite his humble beginnings.

It was no wonder that he could enjoy such power and make the Wei family bow to him at such a young age.

So this was the reason.

“He certainly has reason to be unafraid of everyone in the world since he has god-like powers like this.” Wei Luo looked up as he slumped onto the ground.

He looked at the young man bathed in golden light as he shook his head and smiled.

Regret and powerlessness flooded his heart.

He had been defeated. He had been truly defeated this time!

All these years, he was a proud man, but Ye Fan completely crushed his pride.

He used to think highly of himself, but Ye Fan probably treated him like a joke from the beginning.

The Xu family was incapable of staying calm after Wei Luo collapsed.

Xu Wen-Qing knelt on the ground with a thud.

The rest of the Xu family knelt one after another along with him.

In the end, everyone in the yard knelt to Ye Fan except for Ye Yu-Yan and Xu Lei.

“Mr Chu, the Xu family was blind for offending you. We deserve to die a thousand times. Please forgive us!”

“Mr Chu, please forgive us!”

The Xu family were filled with terror as they bowed to Ye Fan.

Their voices surged like waves as they crashed onto the earth.

Despite how much they hated Ye Fan earlier, they were now humble before him.

After witnessing Ye Fan's prowess, everyone in the Xu family had undoubtedly submitted to him.

None of them dared to be disrespectful to him. All they felt was regret and terror.

"Is this the Unrivalled Grandmaster's true power? Is this the prowess of a pillar of the nation? With one word, he can form formations and take what he wants. No wonder our ancestors said that our family could stand for three centuries if we have a grandmaster. I once had doubts about it. Now I am a believer." Wei Chen sighed sadly while the Xu family knelt before Ye Fan.

The eldest daughter of the Wei family was in a daze for a long time as she looked at Ye Fan with astonishment in her eyes.

In that instant, Wei Lu felt that no miracle in the world compared to seeing what the young man was capable of, and she would live with this thought in her heart for the rest of her life.

The young man had entered Yanjing to form Invoke the Celestial Sky Formation!

The secondary Invoke the Celestial Sky Formation was complete the moment Ye Fan activated it.

This defense formation used Yasakani Jade as a source of power and could go for miles.

The secondary formations in Yanjing and Jingzhou stood on the East and the West to guard the main formation in Yunzhou.

They were like faithful sentries guarding their king.

Ye Fan wanted to make three formations. Yunzhou would be used for the main formation with two other secondary formations to support it.

Perhaps the secondary formations couldn't compare to the main one, but it was enough to protect them from most dangers.

After Ye Fan showed them his true powers, the Xu and Wei families submitted entirely to him.

Everyone knelt on the ground, begging for Ye Fan's forgiveness.

"Forgiveness?" sneered Ye Fan.

"Now you want forgiveness? Why didn't it cross your mind when you attacked me?"

Ye Fan's cold voice rang in the halls once more.

Everyone panicked and hung their heads without daring to say a word.

Ye Fan ignored them and turned to leave.

Xu Lei, Ye Yu-Yan, and the others left with Ye Fan.

However, Ye Fan didn't leave the Xu house. Instead, he took a stroll in the yard with Xu Lei.

-----

"Fan, what was all that gold light earlier? It looked amazing. You are really incredible!"

A gentle breeze swept through the yard. The flowers in the pond swayed from side to side.

Ye Fan and Xu Lei walked down the pavement in the yard slowly.

Xu Lei didn't look like the head of an elite family anymore.

In front of Ye Fan, she was like a fangirl with admiration in her eyes.

"Lei, you won't understand even if I tried to tell you. You just have to know that it is there for your protection. Remember, if you encounter any danger from now on, just run home. Unless the attackers are stronger than a supreme grandmaster, no one can touch you! However, there are limitations to the formation in Yanjing. If the enemy is too powerful and the formation can't keep you safe, go to Mu-Cheng at Mount Yunding in Yunzhou. You will be safe if you hide there."

The Xu estate had reverted to normal.

After the formation was activated, it faded.

The boundless gold light scattered as swiftly as it came and disappeared without a trace.

Such formations couldn't be active at all times and were only activated when their users were in danger.

Ye Fan explained how to use the formation to Xu Lei.

After Xu Lei heard what he said, she felt warm in her heart.

Only this young man cared about her in the entire world.

"Thanks for thinking about me, Fan." Xu Lei smiled brightly with bliss and joy in her eyes.

Xu Lei's love for Ye Fan surged from her eyes.

The more Xu Lei acted this way, the more worried Ye Fan became.

All these years, Ye Fan rarely visited Xu Lei or even contacted her, so Xu Lei thought he was deliberately keeping a distance.

In reality, Ye Fan was doing just that.

He really hoped that Xu Lei could get over him and find someone to spend the rest of her life with.

Ye Fan was keenly aware that he couldn't give Xu Lei what she wanted.

He was burdened with a mission.

Even if he came back alive from Chu Sect, he couldn't

give Xu Lei what she wanted.

The time had passed for that, and there was no turning back.

Ye Fan couldn't betray the girl waiting for him to come home in Yunzhou for the sake of Xu Lei.

"Fan, what's on your mind? Why aren't you talking?" asked Xu Lei with a smile instantly when Ye Fan fell into a brief silence.

Ye Fan shook his head gently as he smiled and replied, "Nothing. I was just thinking about finding you a man. You aren't getting any younger, so you can't stay single indefinitely. After all, you are a girl, so you need a shoulder to lean on. Although I can still protect you for now, I can't do it for the rest of your life."

Xu Lei's eyes instantly dimmed.

She was an understanding girl, so she continued to smile as she scoffed and joked, "Humph! So you find me troublesome now? Are you trying to marry me off so that you can have some peace and quiet?"

"No, I'm not." Ye Fan shrugged before he explained anxiously, "You are the last person that I would find a bother. I just think that it was time for you to have a family of your own. Humans are afraid of being alone, so you need a thoughtful companion. Since no one is keeping an eye out for you, I must do it."

"Okay. I'm waiting for you to help me find a man," said Xu Lei with a smile.

“Tell me what’s your type.”

“Well...” Xu Lei slightly frowned as she contemplated. “My man has to be better than you.”

“Huh? Then you will never end up married.”

“Heehee!” Xu Lei was instantly tickled. “Fan, you’re such a narcissist.”

“Enough. Stop joking and tell me what do you want in a partner? Does he have to be handsome, tall, and lean?”

“I’m not joking. He has to be better than you.”

Ye Fan was instantly struck speechless and rolled his eyes at Xu Lei.

No wonder she hadn't dated anyone all these years. How could she find anyone with such high standards?

“Then it looks like you’ll have to stay single.” Ye Fan raised his hand and hit her head hard before he spoke impatiently. He was clearly annoyed by her.

Sure enough, there was always a reason why people stayed single.

Although Ye Fan was pissed off, Xu Lei chuckled nonstop and seemed delighted at making Ye Fan become speechless.

“You terrible girl, you’ll only stop after you drive me up the wall, right? Never mind. Let me take you out for some fun. After I leave, I don't know when I will come

back. I want to spend some time with you while I have the time." Ye Fan sighed powerlessly.

Barely any women were capable of making Ye Fan helpless, and Xu Lei was certainly one of them.

"Hmm? Where are you going? What do you have to do? Is it dangerous? When are you coming back?" Xu Lei immediately asked a string of questions anxiously.

Ye Fan didn't tell Xu Lei the truth and just gave her some excuse.

He planned on taking Xu Lei to visit some Yanjing tourist locations.

He wanted to see the sights of his beloved country before he left and take the chance to hang out with the girl.

"Why are they still here?"

The moment Ye Fan stepped out of the door, he found that everyone was still kneeling outside.

They were none other than the Wei and Xu families who had provoked Ye Fan previously.

Even though Tong Shan had driven them out of the estate, they refused to leave and knelt at the entrance instead.

Some passersby had gathered to look, so the Xu estate entrance was swarming with people and impassable.

“Dragon Master, they said they’re going to kneel until you forgive them,” reported Xue Ren-Yang.

Ye Fan sneered, “Let them continue kneeling then. Bring the car over. I am taking Lei out.”
