

Chapter 1541 - Vs. Coster

Like the previous battle map, it is still a simple loess surface and the surrounding round rock walls. Koster is standing in the distance nervously talking with a communicator. It is estimated that he is discussing with people how to fight Lu Yang.

The audience cheered loudly, and Coster looked up just to see Lu Yang. His eyes were full of vigilance. Even though he was confident of his strength, he knew who he was facing. The three-time global contest winner, Lu Yang is called the emperor of the fire by all players.

Lu Yang saw Koster's nervousness, smiled at him slightly, and took the initiative to reach the spot of light. Even without opening, he showed strong self-confidence, and the pressure was all on Koster's shoulder.

This is a kind of psychological warfare. Coster used the strongest trick yesterday. Lu Yang did this, which made people doubt that Lu Yang had cracked his trick, and that Lu Yang did not call a clone, which made him even more skeptical. Kos It's a bit daunting.

Off-court, Koster's friends saw this scene and couldn't help cursing: "Damn, Lu Yang is playing psychological warfare. Don't be afraid. You also go up. I believe you are the best in the world. "

Coster was still a little unconfident, but he walked up to the light spot bravely, his tongue against his left face, and a look of calm and contempt in his eyes.

"Finally seeing the strongest player in this game, I will defeat you." Coster smiled handsomely.

Lu Yang smiled and said, "How about a bet?"

“What bet?” Coster asked curiously.

Lu Yang said: “I lost, I worked for five years and won, I give you a heart of God.”

Even when Calster was calm, he was astonished by the Five Thunder and asked incredulously, “You’re kidding me.”

Artifact is the ultimate goal of every player, but every god’s heart is treasured by the owner, and it has been taken away by the rising guilds in these three years of competition.

Lu Yang guessed that Coster couldn’t reject his bet, and said, “I’m the president of the Jagged Brothers League. I never make such a joke. If you win me, I will not only give you the heart of God, but also tell you the natural disorder. —The improved way of Heaven and Earth Blasting allows him not only to ban the magic but also to disarm. “

Coster was stunned. He knew very well that his big move could be disarmed. He had seen the ultimate look of the world kill from the bloodline challenge, but he had been transferred for almost three months and still hadn’t figured it out. How to improve his World Explosion can add disarming skills.

“How did you know? Do you really have a way to improve?” Coster couldn’t help asking.

Lu Yang smiled with open arms and said, “With the strength of the Jagged Brothers Alliance, it is not difficult to detect such news. How about it?”

Coster looked at Lu Yang vigilantly, shook his head, and said, “After all, you want to let me join your guild after all, but I have lost confidence in the guild, I do n’t want to join any guild anymore, this bet ,I.....”

Lu Yang saw Koster’s hesitation. He didn’t let Koster continue, and smiled and interrupted: “Come here, there are many beautiful girls.”

“Pretty girl ...” Coste was a little sloppy.

Lu Yang went on to say: "It's still a beautiful girl who has a common language and a common hobby and is only 17 or 8 years old."

Koster is speechless, this is a global live broadcast, saying, "What are you doing?"

Lu Yang laughed without saying a word. Coster was a big love. There was no way. The grandson was so handsome. His face was handsome, but those deep blue eyes. Any girl would only be looked at by him. attract.

Of course, because of the girl, Coster's final achievement in the last life was not high. Lu Yang was going to coax this kid into his game city, and educate the junk kid.

"There are 16 universities around my game city, and the girls there are the best age. If a handsome blond guy always appears in front of them, and that guy is still a" Second World "competitive master Wow, it's hard to imagine. "Lu Yangyang said to himself.

Koster is only 19 years old. Where can he bear such words as Lu Yang, he unconsciously came to Yangyang's words and thought of the scene where he arrived in Huaxia and was welcomed by countless girls. When he thought of him, the eyes of girls worshiped him. He touched his chin with his right hand, nodded earnestly, and said, "Well, I can consider your proposal."

"Wait, I'm not that kind of person." Cost suddenly found that he was too exposed.

Lu Yang said with a smile: "It doesn't matter, it doesn't matter, I know you're not the kind of person, come on, add a friend first, and then we'll finish the contract before signing the contract."

"Okay," Coster said.

Lu Yang took the initiative to add Coster's friend. Seeing that Coster agreed, he laughed and thought, "Here's a sample, here, I must train you well."

Koster didn't know yet that his lost lamb was being spotted by a seemingly old goat, but in fact a cunning tiger.

Coster always felt that something was wrong, but he couldn't tell, which made him very confused.

Lu Yang told Coste: "In a while, I will seriously play. If you win me, I will still fulfill my promise and give you an artifact."

Coster frowned and looked at Lu Yang, and asked, "How do I feel like what I mean in my words I will lose?"

Lu Yang said with a smile: "When you hit it, you will know."

The blood of nature belongs to a large-scale group control occupation. This occupation seems to have a high single PK injury, but the biggest disadvantage of this occupation is that it does not have the real instantaneous strong control skills.

Now in the game, he takes the close-to-throw method as his respect. Without an instant powerful control skill to save his life, he can be approached by his opponent. Lu Yang can fall to Koster to doubt his life.

System prompt: battle countdown

1

Start

Koster's eyes widened suddenly, he found that Lu Yang hadn't summoned four avatars he asked: "You only fight me with one body?"

Lu Yang smiled and walked to Coster, saying, "That's enough. In this game, I can only fight with you for consciousness and reaction speed. I believe that you are not as good as me."

For four years of day and night exercise, Lu Yang has a strong self-confidence in the speed of consciousness response. As long as he is not born with a strong consciousness response, he dares to fight with each other.

60 meters

50 meters

40 meters

...

Lu Yang approached Koster step by step. At this distance, Lu Yang can release several skills, such as flame impact and spell counter-attack, to forcibly interrupt any one of Koster's spells. Even with instant spells, Lu Yang dares to counter. The interruption is based on his super conscious reaction speed within 50 meters.

Coster anticipated Lu Yang's various attack methods last night, but he never expected that Lu Yang would fight him in this way. Facing Lu Yang's step by step, his cold sweat shed!

Chapter 1542 - Coster recruits successfully

“Don’t underestimate me.” Coster was furious and rushed towards the landing sun. Two claws in his hands glowed coldly. Although he was a long-range spell shaman, he never forgot to hone his conscious reaction speed, otherwise he would not Defeat Jim the Bloodline Mage.

“Thunderstorm Guardian”

Koster released thunder, and the next five lightning strikes became instantaneous. As he walked towards the landing sun, he released thunder and lightning.

“Lightning Arrow”

A thunderbolt fired fast at Lu Yang, leaving only a ray of light in the air. When the players saw the lightning, the lightning had already arrived in front of Lu Yang. Unfortunately, it was empty!

With a smile on Lu Yang’s face, it was almost impossible to avoid lightning, but he could see the attack direction of Koster’s arm. He only slightly sided his body, and the lightning bolt passed by him without causing a trace of injury.

Coster’s face became ugly, and the two had reached a distance of 30 meters. Lu Yang could avoid the attack at such a distance. He was curious how fast Lu Yang’s consciousness responded.

“Lightning Arrow”

At a distance of 25 meters, Coster released a second lightning, and Lu Yang flashed again, easily avoiding the attack.

The audience cheered violently.

“No way, Lightning Bolt can’t be avoided by physical means. I’m crazy. How did Lu Yang do it?”

“A miracle is definitely a miracle. Lu Yang has done what everyone cannot do.”

...

Players cheered wildly. The distance of 25 meters, which is the limit distance recognized by players, means that Coster only needs 0.3 seconds to shoot, but Lu Yang can avoid it, proving that his reaction speed is lower than 0.3 seconds. .

Coster was not convinced, he continued to move forward, and at a distance of 20 meters, he released a third lightning, but he did not understand, Lu Yang's reaction speed was 0.2 seconds, he could not hit at all.

"Avoid it again!"

Dubin in the live broadcast room has shouted madly, he shouted with excitement: "This is the third one, and there are two left. I bet Lu Yang can escape."

"Lightning Arrow"

The fourth flash of lightning passed quickly, and Lu Yang shook his body and escaped easily. At this time, he came to a position 10 meters in front of Dubin.

Lu Yang smiled and looked at Coster in panic, and said, "You lost."

The next second, Lu Yang turned into a ray of light and disappeared before Koster's eyes. Koster quickly turned around and hit a move. Unfortunately, he missed. Lu Yang did not appear behind him at all, but appeared to the left and rear of his body. , The location of a bevel.

"Brazilian Jiu-Jitsu + Close-Up!"

Lu Yang grabbed Koster's arm, and suddenly entered into Koster's face shortly, punched him in the throat, and left his foot forward to get stuck in Koster's leg.

"噤"

Coster was thrown to the ground and controlled for 2 seconds.

“badge”

“Transfer”

When Coster reacted to prepare to escape, 4 rays of light appeared at the same time, and Moisture, Thunder, Wind, and Earth appeared instantly in front of Coster. Four blood-red injuries appeared from Coster’s head. Special’s health was lost by a third.

“Flame Shock”

Coster did not escape, and was pointed by Lu Yang’s left hand, a flame burst on his head, and he was stunned for two seconds.

“Mixed Spells-Hundred Snakes Kill”

Lu Yang’s four avatars were next to him. He pointed his staff with his right hand, and the ray and wind avatars glowed at the same time. Hundreds of fire snakes appeared from the front of the wand, and only hit the unresponsive Koster Body.

System prompt: Lu Yang wins the first battle!

Coster stood up blankly and asked, “How did I lose.”

Lu Yang shrugged his shoulders and said, “You got me stunned and killing a hundred snakes at close range. You know, killing a hundred snakes is especially high.”

Koster was speechless. Although he promised Lu Yang’s invitation, he never thought about releasing water. He even thought that if he defeated Lu Yang, he would not sign the contract for the time being.

Once he won the championship, he would also join the guild. What are you doing, you can relax and play games all your life. You do n't need a guild at all.

But after the battle he had to face the reality, the gap between him and Lu Yang was really too big, and he was killed before a fight.

“Is there such a big gap with you?” Coster couldn't help asking.

Lu Yang smiled and said: “The gap between you and me was only 0.1 second, but this 0.1 second is a heaven!”

“Why?” Coster asked.

Lu Yang said: “Because of this 0.1 second, as long as I concentrate my energy, your movements are only a little faster in my eyes, and it is very easy for me to avoid your hand movements.”

“Then you are not invincible, the first master in the arena has a reaction speed of more than 0.2 seconds.” Koster said.

Lu Yang shook his head and said, “There is a trick here. You sign a contract with me, and I will tell you how to deal with it. Of course, the effect on your career is not so great, but when you can cooperate with your teammates, you are not afraid. A top master like me. “

Coster frowned and said, “Play another round, if I still lose like this, I'll follow you.”

Lu Yang laughed and walked to the light spot actively, and Coster walked to the light spot unconvinced. Unfortunately, there was no change in the result.

Coster disappeared into the arena, and Galga and Olma watched Lu Yang beckoning around the stands, very angry.

“Damn, it's got him in the limelight again.”

“Fortunately, he did not recruit Coster, or they would leave together.”

...

Gherga and others are very good Unfortunately, they have no way.

“How are you preparing over there?” Tom asked.

Gelgar said: “Zhou Tianming’s everything has been arranged. Alice will be by his side every day at that time. In fact, I am quite relieved now. He dares to prove that he is fine.”

Sanyouweimen shook his head and said, “Be careful.”

Radvedev and Stephen nodded.

“This time our battle cost 300 million euros, and it may even exceed the budget to 500 million euros. This is too much. It is very difficult for us to bear together. We must master everything” Said Sanyou Weimen.

In order to defeat Lu Yang, Sanyouweimen and a dozen other guilds also worked together. The consortium behind the scenes worked hard to come up with nearly 5 billion credit points. Of course, this money is also considered the existing equipment, they want Defeated Lu Yang once.

“Hey.” Galga stared at Lu Yang on the field with a cold eye. “As long as Zhou Tianming can fulfill the promises he said, Lu Yang will lose.”

Chapter 1543 - God of Space Law-Mike

While Galga and others discussed the war here, on the other side, Coster was already packing and was going to find Lu Yang in the East China Sea.

Lu Yang sent the contract to Coster at the end of the battle, and Coster also signed the name lightly. Both were masters and could communicate without the need for more communication.

“Little Phoenix, call the boss. Coster signed a contract with me. Come over and report. I will arrange the same flight for you.” Lu Yang issued a ticket number to Kerui Li.

“It’s worthy of being the boss, it’s terrific.” Kerui Li sent a senior horse fart in time and said, “I’ll be there in the evening, let the boss be dispatched.”

At the end, there is an obedient expression, which makes Lu Yang smile a bit. He asked Tu Feng around him, “Who is the next opponent?”

The next battle is the top 300 players in the arena. Each one who can make it to this step is a top master. Lu Yang has to see if their bloodline is worth recruiting.

Lu Yang and other people recruit in different ways. He values players with rare bloodlines and super strength. Such players have the greatest role on the battlefield.

In the future, Lu Yang will send these people to the enemy’s hinterland, with a small amount of elite, using special bloodline skills to destroy the enemy’s supply team or kill the opponent’s special professional group.

This requires players with rare bloodlines to have extremely high skills and consciousness. As long as they are not careful, they will be squatted to the enemy’s hinterland by hundreds or even thousands of opponents without any chance of counterattack.

Perhaps such a profession was not important before, but now the official has modified a small place. All items such as trebuchets can be carried by engineering professional players to the destination for assembly.

Just this one, the value can be exaggerated to tens of billions or even hundreds of billions. There is a war in the entire new continent. The value of a catapult invested in a day is several billions. Any guild first recruits such a responsive and top-level bloodline. Masters can make the other party's guild extremely headache, and even put more manpower and material resources in order to transport these trebuchet parts.

Knowing Lu Yang's overall vision, Tu Feng said, "Your opponent will be a rare bloodline in the next battle. This is a space-based strong control bloodline, but this person is even stranger, as if a bit lonely."

Lu Yang asked, "Who is it?"

Tu Feng said, "His name is Mike. It is currently known that he has mastered a space where all professions in a 100 meter space cannot escape. The duration is 10 seconds. The effect is that the player in it is injured by the law every second. The damage is very powerful, but the shortcomings are also obvious. It takes 5 seconds to launch this skill. Basically, no one can give him the opportunity to launch such a skill. Even if it is activated, it will not hit him. "

Lu Yang smiled. He knew who this Mike was. His life was very special. He grew up in a slum in the United States and was a black man. He has three siblings.

From an early age, he did not know who his father was. His mother worked two jobs alone to maintain the family. Unfortunately, today's social work is not easy. His mother had to live in a family with their family when he was still young. Inside the tattered house.

Mike grew up with the slums from a young age, and the thief didn't do a lot of petty things. As a result, he "successfully" entered the correctional facility.

In that kind of place, their only fun is to put on a game helmet and play games every weekend for two days, and he is lucky. This kid was favored by an early e-sports expert.

The former e-sports expert is now 65 years old. Since the discovery of Mike, he has put him beside him and trained for more than three years.

If the world hasn't changed, this year's e-sports master will die, and Mike will also go through his life of ups and downs.

In the next year, he will become the individual champion of the "Second World" global competition. Then, he will sign a top-level guild, be promoted as a star, and have an annual income of tens of millions of dollars.

Next, he will meet a **** woman, a so-called "high society lady". Actually, he has no work and does not want to work. He packs himself into an elegant woman, and then finds a rich man. Married kind of thing.

This woman and his mother designed to pretend to be pregnant, the woman pretended to be a victim, and the mother called to ask Mike. Mike is now eighteen years old and still a teenager who knows nothing. The woman got married, got married without signing a pre-marital property agreement, and then the woman took the initiative to file a divorce, tricking Mike into taking over half of his family.

After that, his boss destroyed him personally, forcing him to lose to others in a match. He didn't agree, and the gangster killed by his boss was put in jail. When he came out, there was nothing.

In the final end, Mike can only rely on the remaining fame and the only remaining conscious reaction speed to become an ordinary player, a genius that has fallen like a meteor in people's mouths, and a negotiation after their meal.

Lu Yang knew why Mike was like this. He once wrote a book that wrote about the first half of his life. In fact, he was a very introverted and shy child. He had no father since he was a child. Let him inferiority.

Mike needs guidance, someone to accompany, and someone to tell him how to live his life in the future. The person to be married must choose one that is truly suitable. Do n't be blind. Of course, he needs a good boss. One will never pit. His boss.

Lu Yang picked up the phone and called Qi Yun, saying, "Check me out a man named Phoenix in New York City. The information available is that he is a 65-year-old man who runs an e-sports club. There is a serious illness in the hospital. "

Qi Yun said: "Simple, it can be done in half an hour."

Money is almighty in the United States, not to mention Lu Yang also gave such detailed information and the identity of such an ordinary person.

Within 20 minutes, Qi Yun sent contact information for Phoenix. Sure enough, the man was in a hospital in New York.

New York, a public hospital.

Phoenix lay weakly on the bed, watching Mike's live video of the game on TV, his face frequently showing a proud look.

"Hey, I played well. I saw it. I taught him." Phoenix said to the elderly woman around her.

The woman smiled reluctantly and said, "It's awesome."

Didi

The sound of the phone sounded, Phoenix was no longer able to pick up the phone, and the woman around him picked up his phone I thought it was an acquaintance, but I saw an unfamiliar number, or a multinational phone. The woman looked curiously Asked Phoenix, "Do you have Huaxia friends?"

Phoenix frowned, and asked, "What's wrong? Who called?"

The woman said, "The mobile phone showed that the call was from Huaxia."

Phoenix shook his head and said, "I don't have Huaxia's friends. Maybe I made a mistake, don't pick it up."

The woman put her phone aside, and the sound continued to the end, but within a few seconds, it rang again for a second time. The woman looked at Phoenix and said, "It's still the Huaxia call."

Phoenix frowned, and said, "This stupid fool, even two calls were made wrongly, and you still called. Please tell him that he made a mistake and don't bother me again."

The woman nodded and pressed the call button and said, "Sir, you're wrong."

When Lu Yang heard the woman's voice, he knew who it was. He said with a smile: "Hello, I'm Lu Yang, chairman of the Jagged Brothers League. Please ask Mr. Phoenix to answer the phone."

Chapter 1544 - Jesse

The woman was a little surprised. Even if she didn't play the game, she had heard Lu Yang's name. The woman looked at Phoenix over the phone and said, "The man on the phone said that he was the chairman of the Jagged Brotherhood. Lu Yang said he's looking for you."

Phoenix was a little surprised. He reached for the phone and said, "Hello, I'm Phoenix."

Lu Yang heard the sound of Phoenix's aging, and said with emotion: "Hello, I'm Lu Yang, I'm sorry I can only use a translator to talk to you. My English is not very good."

Phoenix smiled and said, "I can hear if you came to me for Mike's sake."

Lu Yang was a little surprised. He couldn't think that the old man had already guessed it, and said with a smile, "That's true. I hope he can join the Jagged Brotherhood."

"You are the twelfth person who wants Mike to join their guild. Tell me, why are you?" Phoenix asked.

Lu Yang smiled and said, "Father, I know your body is about to die. I know it's a bit offensive to say this, but time is not waiting for you. Mike is your proudest student. I believe you want his future to pass. Better. "

Phoenix was a little surprised. He was just an unknown child. The news of his illness was insignificant. Lu Yang didn't even know this. He asked, "It's true, I don't have much time, but what can you give Mike in the future? "

Lu Yang said: "I am a few years older than Mike, and I will take care of his growth like my older brother, so that someone in his future will show him the way, so as not to blindly look for women, and not to be deceived by some high society ladies Marriage will not prevent him from signing a premarital property agreement. "

Phoenix was a little at a loss. He thought about Mike's future, but never thought so far, even the marriage agreement.

Lu Yang went on to say, "In the future, Mike will always guide me from the side. He will become a top-level expert. I will take care of your wife with him. I will let him have a correct outlook on life and values. He will not go astray because of your departure. "

Phoenix sighed a long time. He didn't speak, but looked at the woman around him and smiled. For a year, it has been a year since he learned that he was about to die. Now he exposed for the first time. Smile.

The reason why he didn't laugh was because he was worried that he was gone, his wife was left unattended, and because Mike didn't show him the way.

He knows what kind of person Mike is, and he also knows what Mike would be deceived by those bosses and companies without his existence. He is most worried about these two people, but now, someone has solved it for him.

The presidents of a dozen of the strongest guilds and super guilds called him in person. What they said on the phone was how they would make Mike in the future, but none of them said how to help Mike. Phoenix knew their purpose was to make money from Mike, so he refused. Originally he thought about and refused Lu Yang, but now he was moved.

“President Lu Yang, I am very interested in your speaking. I hope to meet you in person, but, you know, I cannot go to the East China Sea.” Phoenix said.

“I’ll take a plane over here,” Lu Yang said.

“Okay,” Phoenix said.

Lu Yang continued: “By the way, don’t tell Mike about the news of our conversation. I want to compete with him and don’t get distracted by me.”

Phoenix showed his incomplete teeth and said with a smile: “Then I will watch the game for a while. I believe you will play very well.”

Lu Yang hung up the phone with a smile. It seemed that Phoenix would promise to make Mike his elite signing, but it was a matter of thought, and Lu Yang was relieved.

He quit the game and took a plane to the United States. On the plane, he fought with Mike. As he guessed, this year’s Mike’s consciousness reaction speed was faster than him, and he had less experience than him, and was defeated by his hands. .

By the evening, Lu Yang’s opponent was much worse than Mike, and was easily resolved by Lu Yang. Near the middle of the night, Lu Yang arrived in New York, but it was noon here.

Lu Yang came to the hospital and saw the resting Phoenix. Coincidentally, Mike was also there. When he saw Lu Yang coming, Mike's face showed a dissatisfied expression and said, "Are you Lu Yang? I will beat you next time. . "

Lu Yang smiled and said to Phoenix: "I'm here."

Phoenix's rough veteran grasped Mike tightly. He looked at Lu Yang with excitement and said, "I never thought you would come. You are here. I know you can do it."

Lu Yang nodded and said, "Of course."

Phoenix sighed and said to Mike, "Children, you'll follow Landing Yang in the future. I have decided to transfer you to the Jagged Brotherhood."

Mike looked at Phoenix in surprise and looked at Lu Yang again, and asked, "Why, what is going on?"

Phoenix explained in detail what Lu Yang had found him before the game, and he said to Mike: "I'm dying, old man. In the future, Lu Yang is your elder brother. If you respect him, you must respect me like he You have the right to manage everything about you, just like I am by your side, you know. "

Mike was stunned.

Phoenix suddenly changed her face and asked sharply, "I'll ask you again, do you know?"

Mike knew that Phoenix was going to die. He also knew that Phoenix would find him a good guild. He didn't want to leave Phoenix, but knew that it was impossible. But now that day has finally come, Mike still can't accept it, but it's habitual Questioning Phoenix, he nodded obediently as usual.

Phoenix grabbed Mike's hand and put it in front of Lu Yang. Lu Yang took Phoenix and Mike's hands and said, "Mike is with me, you can be completely at ease."

Phoenix nodded, lying relaxed on the bed, and said, "Let's both go, old man, I can sleep comfortably for a while."

Mike was reluctant, but Lu Yang patted him on the shoulder and said, "Come out and talk with me."

Mike nodded and went out with Landing Yang.

...

A few years later No one knows what Lu Yang and Mike talked to this evening, but all players in the world know the name of the space law ***** Mike, and also know that he has a spiritual teacher called Phoenix .

The day.

Instead of leaving in a hurry, Lu Yang went to Chinatown in New York. In a humble house, he found another girl, her name was Jesse.

Jesse is a player outside the 10,000 ranking in the global competition. Although she has not entered the list of 10,000 people and the technique is also average, his bloodline is very special and is exactly what Lu Yang needs.

"Follow me, I will make you strong and have everything you want." Lu Yang said looking at Jesse, just 16 years old.

"Okay." Jesse didn't hesitate to face Lu Yang, and left without asking about the contract.

On the plane back, Lu Yang breathed a sigh of relief. Basically, all the people he wanted to recruit were recruited. In the subsequent war, he had two trump cards for attacking the enemy supply team.

Chapter 1545 - Vian the Whistleblower

Early the next morning.

When Lu Yang returned to China, the second match was about to start, and his opponent was still not strong. He was easily eliminated by using mixed spells.

He brought Mike and Jesse to the game city. They did not arrange for the villa area of the foreign players, but handed them over to Lan Yu and let her take care of the two little guys.

Over the next few days, Lu Yang set his mind on the competition while preparing to receive the official staff of the Second World.

The new president Jefferson personally led a team to the East China Sea, stayed in the first hotel in Donghai City, and reporters from more than one hundred countries that followed him also entered the hotel.

After another three days, the competition officially entered the top ten, that is, it entered the offline competition. There were hundreds of players invited to participate in the competition, and dozens of players were invited to win the award. There are millions of tourists from various countries.

For a time, the entire Donghai Province attracted worldwide attention because of this incident, and even led the tourism industry to flourish.

Who would have thought that a game would have driven such a huge industry chain, but this is the charm of the game.

Here Lu Yang is busy with official events and competitions. On the other side, Zhuojiu and White Lion, Xia Yuwei and others are quickly gathering teams, and millions of players are mobilized to prepare for the war.

Sanyouweimen and Gelga were also secretly preparing, and the excuses of the parties were very unified. They all played copies and obtained equipment.

The evening before the top ten games.

Lu Yanggang accompanied Jefferson back to the hotel. As he was about to return to Game City, a very beautifully dressed woman walked in front of Lu Yang and reached out to stop him.

“Chairman Lu Yang, how are you?” The woman snorted in English.

Lu Yang looked at the woman carefully. Her long blonde hair was turned into a ponytail. She wore a small pink suit, opened a heart-shaped opening on her chest, and wore a miniskirt on her lower body. There were no Europeans in her two long white legs It’s rude, but it looks very slender.

Lu Yang smiled and said, “Miss Wei’an, what’s wrong with me?”

Wei An smiled in surprise and said, “I never thought that an unknown little **** like me would be known by the chairman of the Jagged Brothers Alliance. It is really an honor.”

Lu Yang’s expression remained unchanged, and he said, “This goddess-level player, who doesn’t know it.”

Wei Anlue looked pleased and said, “Thank you for the compliment.”

Lu Yang asked, “What’s wrong with me?”

Wei An took the initiative to approach Lu Yang. She was not tall, only one meter seven, but she had charming blue eyes. She stared at Lu Yang with a smile and asked, “Can’t I find you without anything?”

No need for Lu Yang to do anything, Black and White has taken a step forward to separate Wei An from Lu Yang, and has shown a strong intention to kill.

“Woman, step back.” Black and white said without feeling.

Wei An was startled, took a step back in dissatisfaction, stared at Black and White and asked, “Who are you?”

Black and white didn’t speak, there was no problem seeing the woman, and she stepped back to Lu Yang’s side. Wei An couldn’t see the black and white, and stared at Deyang in depression.

Lu Yang asked with a smile: “You will never come to me if you are fine. Let’s talk about the business and talk about who you are coming from.”

Wei An’s expression quickly faded to plainness, and she glanced proudly at Lu Yang and said, “Can we find a quiet place to negotiate?”

“Of course, follow me.” Lu Yang turned and took Wei An to a room on the top floor of this hotel. This is his meeting room. He watched Wei An come in and said with a smile: “It’s safe here, No one is listening, just say anything. “

Wei An looked at Black and White and said, “Please ask him to go out, and I will talk to you alone.”

Lu Yang smiled and shook his head, saying, “He won’t leave, he can know all my secrets.”

Wei An was discouraged. She came with a mission this time, but she wanted to taste the taste of Lu Yang, but Lu Yang didn’t give her a chance at all. She said: “My boss behind the scenes is Dutch rich Harriken. He asked me to tell you the news that the nine strongest guilds in central China are going to join forces to attack you. “

Lu Yang raised his eyebrows, sat down comfortably on the sofa, and said, “I know this and tell your specific purpose.”

Wei An knew with certainty that Lu Yang said, “My boss wants to cooperate with you. As long as you stay in the Central Nine Kingdoms for a week, he will send troops to attack the Diamond Sword Guild of the Twelve South African countries and solve them for you. An enemy. “

Lu Yang nodded clearly. The guild of Dutch rich Harriken was in the southwest corner of the New World, next to the diamond sword. Obviously, his purpose was to defend himself against the attacks of the nine strongest guilds. He took the opportunity Fisherman gains.

However, Lu Yang could guess that this was not the ultimate goal of Harriken. He said that he was participating in the week, but he was able to fight it in one week. The nine strongest guilds attacked the tiger's mouth after two laps. Big losses, this is unrealistic.

I am afraid that his real purpose is to make himself suffer for more than two weeks. When the Diamond Sword Guild is exhausted, he launches a sneak attack and snatches all the fortresses of the Diamond Sword in one fell swoop, forcing the Diamond Sword to attack the Tiger Fortress. To rob the site to survive.

This trick!

Lu Yang looked at Wei An and smiled and asked, "It's not good for me. Isn't it too bad for me?"

Wei An said with a smile: "You don't suffer. Even without us, they will attack you. You just have to fight for us for a week."

Lu Yang laughed and asked: "Then you come to tell me what to do, if you don't say it, isn't it the same?"

Wei An was speechless and said helplessly: "Well, let me be honest, the boss told me that if you need weapons, he can sell them to you. My other purpose is to do business. The boss said, level 160 There are a total of 500,000 dark gold sets, and you can get a 10% discount at the market price. "

At present, the 160-level dark gold equipment equipped by the Jagged Brothers Alliance players is less than 2.5 million sets. This is the biggest shortcoming and the reason why the nine strongest guilds dare to attack Lu Yang. They have more than a thousand of nine. 10,000 sets of 160 dark gold sets.

Lu Yang thought about it and said, "Tell your boss, sell me 500,000 sets at 50% off, and I pay cash."

Wei An immediately said, "This is impossible."

Lu Yangzhan got up and said, "Then we don't need to trade. Your two meanings are clearly communicated. I leave."

He left in black and white, and Wei An watched Lu Yang walk out of the door silently, and she found all her calculations ineffective in front of Lu Yang, which made her very angry.

Chapter 1546 - Expanded war

"Sooner or later, I will get you." Vian stomped angrily, closed the door, and called Harrick, saying, "Lu Yang already knew that Galga and they were going to attack him jointly. News. "

Harrican smiled indifferently, and said, "We can all find out, it's not surprising that Lu Yang found it. How about the equipment?"

Wei An said more indignantly, "Lu Yang even let us sell him a 50% discount. It's too jerk."

Harrican was a little surprised and asked, "How is this possible, he is in need of these things, how can he keep the price so low?"

Wei An frowned and said, "Looking at today's conversation, it seems that Lu Yang has full confidence in this defensive battle and does not need external help."

Harriken couldn't help frowning. He couldn't guess Lu Yang's thoughts. At present, he has installed the spy beside a big army leader of the Brotherhood of Iron Blood. For the internal equipment, the ability of players to participate in the battle, and logistics I know about the supply.

"Don't worry about this in advance. I suspect Lu Yang wants to lower the price. You will stay at the Jagged Brothers League and stay at the end of the game." Harriken said.

Wei An nodded and asked, "What if Lu Yang has been unwilling to cut prices?"

Harrican sneered and said, "It's okay, there is no good thing to sell. If he doesn't buy it, we can sell it to Diamond Sword. Let him continue to strengthen the offensive to fight Lu Yang, as long as they fight. Long enough, the more we have the chance to sneak on the diamond sword. "

This time Harriken made a stable and profitable deal. As a bystander of the battle between Lu Yang and the countries in the central region, he thought that whatever he did was appropriate.

Wei An didn't think so, and frowned. "There is another problem, Natalia is here too. It seems that this woman and her strength behind her are going to blend in."

Harriken froze, wondering what to say for a moment.

On the other side.

It didn't take long for Lu Yang to go out. Another woman stopped her at the elevator door. This person was not someone else. It was Natalia in Wei An's mouth.

Natalia, with short brown hair and the same exposing dress, also had two slender white long legs. She pressed the elevator door with one hand and laughed and said to Lu Yang, "Hello handsome chairman, I can talk to you alone. Have a chat? "

Lu Yang smiled and said, "Why do so many people want to chat with me today? Let's say, what are you doing to me?"

Natalia deliberately coquettishly said: "You can't go to a quiet place without people, it's so unemotional."

Natalia looks beautiful, the same height of one meter seven, or a mixed-race girl from Italy and Brazil. When she murmured, she couldn't help showing black and white, but unfortunately, he encountered Lu Yang.

"Natalia, don't use this set with me. There is no one here, let's just say it here." Lu Yang said.

Natalia looked a little surprised at the look of Gu Jing in Lu Yang's eyes. For many years, even an 80-year-old man couldn't help but look at her twice. When she showed off her style, countless men did it for her. Crazy, but the person in front of him can be so indifferent, Natalia even suspects that Lu Yang is not a man.

"You are such a strange person." Natalia put a smile on her face and said, "I represent the Sun King Guild, the largest guild in the southeast region of the New World, to negotiate with you."

Lu Yang showed such a look, and asked, "What are you talking about?"

Natalia said: "Last time when they sieged the tiger's mouth in Galga, our guild was fighting in the southeast region, and we did not care about fighting in the central region. Claudio wants to work with you. "

The struggle for hegemony in the new continent, or even the unification of the entire new continent, is the dream of every grand guild president. Last time Claudio's Sun King Guild did not have the opportunity to participate in the war, this time they obviously did not want to miss it.

Lu Yang asked curiously: "How do you want to cooperate."

Natalia said: "When Gerga and Olma are under siege against you, we will actively participate in the war. If we win, we hope to get half of the Gelga area."

Lu Yang laughed. Claudio had a lot of ideas. He wanted Lu Yang to help him resist the attack of the opponent, and wanted to take the opportunity to win the G8 area near him. In this way, he officially entered the new world. In the central region, he has participated in the battle for hegemony.

At the same time, it is not necessary to blame the Brotherhood of Iron and Blood. In the future, there is an additional object that can be aligned. How does this sound right? But the more this time, Lu Yangyue felt that there was something wrong.

On what grounds? Claudio's Sun King Guild would be able to launch an attack when they were tired and besieged by Gherga. At that time, he fell into Gherga's area, and Lu Yang also took him for granted.

As long as the nine strongest guilds in the central region are not killed in a day, Lu Yang does not dare to fight with the six Argentine nations in the southeast region. Claudio needs not tell him in advance. Instead, Luyang will occupy Claudio. After the Galga area, he thanked him for his help.

“If we form an alliance, I hope the two of us have a written agreement and can announce it to the public.” Lu Yang stared at Natalia.

Natalia nodded and said, “Of course, but there is a premise that you must stick to it for more than two weeks and then announce this agreement. We can participate in the war and you can also boost morale.”

Lu Yang laughed in his heart, and another co-author came to pick up the cheap and talk about it, saying, “Forget it, this agreement will not be signed I believe that after two weeks of resistance, you also Will be willing to send troops. “

Natalia smiled and said, “Of course, we must send troops.”

Lu Yang shrugged his shoulders, just as the elevator door opened. He stepped into the elevator and turned to Natalia and said, “Say hello to Mr. Claudio for me.”

The elevator door closed, and asked in black and white, “What does this Claudio and his sun guild mean?”

Lu Yang said with a smile: “You’ll know after a while, nothing good.”

Leaving the hotel and returning to the building of the War Studio, he went to the 33rd floor to enter his room, put on a helmet and entered the game, and immediately convened all the vice presidents to gather.

In the special space, a burst of light flashed, and people such as Muddy Wine, White Lion, Xia Yuwei, and Mi Ai have arrived.

“Boss, what happened?” Asked Zhuzhuo.

Lu Yang said: “There was an accident in this war, I’m afraid it will get bigger.”

Chapter 1547 - Offline matches start

Lu Yang told Zhuo Jiu and others about the words of Wei An and Natalia. For a while, everyone was a little surprised.

“It really expanded. I really don’t know how Claudio and Harriken cheated the other guild.” Tian Yao said.

Lu Yang said: “It is estimated that it is weak. Claudio has just settled the southeast region. This war will still trigger the rebellion. The strongest guilds such as Hariken in the southwest and Australia in the west are nominally the strongest, but No war experience, the major guilds in the central region will certainly despise. “

Everyone nodded.

Lu Luyang continued, “How are you guys preparing?”

Zhuo Jiu frowned and said, “5 million people were regrouped, 3 million players during the day and 2 million players at night, and there was no problem in defending the Tiger Mouth Fortress and the Sky Sword Fortress. , It’s a bit difficult. “

Bitter love for half a life and Xia Yuwei and others are a bit lonely.

Lu Luyang smiled and said, "It doesn't matter. We still have time. Just do your best. This war, I believe in your strength."

"Boss rest assured, even if we are few, but I set up a military order, tiger mouth fortress, will never lose." White Lion said excitedly.

Bitter love for half a life also said: "I also set up a military order, an internal rebellion, this time I will calm down quickly, and it will never take as long as the last time."

Lu Yang nodded and said, "I believe you two can do it."

Wu Zhuojiu said: "The Sky Sword Fortress will have no problems this time. My defensive strength can be further reduced. Steiger has repeatedly asked me for news. He attacked Liu Jie while we were at war."

Lu Luyang thought for a while and said, "Do n't move for the time being, the troops are still 600,000 main forces and 400,000 assists. You ca n't withdraw until Steige and Liu Jie hit the critical moment."

In this war, Lu Yang already knew he could win, so he thought more about how to obtain greater results. He won't be able to enter there if he won in the central region, because there are The Sun King Guild formed by the six Argentine nations. Furthermore, even if he won, the nine strongest guilds in the central region did not hurt their muscles, but only scratched their fur.

In many war zones, what really can bring him benefits is either his own Indian and South Korean areas, or fighting with Steige, robbing Liu Jie for a lot of money, making him hurt his muscles.

In fact, Lu Yang wants to kill Liu Jie directly, but Liu Jie's strength has always been strong. Although Steige wants to kill Liu Jie, but if Lu Yang joins in, Steiger will never choose to kill himself and Lu Yang. Kill Liu Jie together, not to mention, if Liu Jie is killed, Lu Yang will not survive.

If you want to destroy a guild like Liu Jie, it must be done with the strength of the entire Iron Brotherhood. However, in this way, India and South Korea plus the nine central countries will definitely come in. He has created such a large guild. It is impossible for Liu Jie to make hundreds of thousands of people lose their food.

Wuzhuo did not know all the things that Lu Yang thought about, and thought that Lu Yang was worried about internal problems. He said, "Okay, I won't let my subordinates slack off. I must stick to the sky sword fortress."

Xi Tufeng continued: "I have an incident. This war can be sure that India and South Korea can't help, and there are huge problems on both sides, which are getting worse."

The activities of Jin Guangyu and Shi Luofu are becoming more and more obvious, and it is estimated that it will not be long before the war breaks out.

Lu Yang smiled and said, "Forget about it for the time being, I believe Li Wenxing and Karp will fight our war first."

Everyone nodded.

Lu Luyang returned to his seat and motioned for them to leave. He re-examined all the recent events in his mind and made sure that there were no omissions, then a smile of relaxation appeared.

For a moment, Lu Yang believed that he could win this battle. He has a solution to all problems and can guarantee 100% implementation. Because this battle is not a conspiracy, but It is Yang Mou.

On the other side of Steiger, he knew it was a pit, and he was going to fight Liu Jie, otherwise he would lose all support. Olma and Radvieff knew that they could never hide Lu Yang from the players, but this battle They must also fight. Otherwise, Lu Yang stands firm in the northeast and eastern regions. With the supply of money from the two regions, the more powerful Lu Yang becomes, the weaker they become. Therefore, they must also fight.

As for the sudden joining of Harriken and Claudio, they can't let go of this fat, knowing that it is very poisonous, they must take a bite to see if they can poison themselves.

"Everything is gone, the rest is the contest, and finally you can enjoy the fun of fighting." Lu Yang said relaxedly.

Lu Yang fought for many months in a row. Lu Yang was running in many directions. Once the fun of the battle was not enjoyed, unfortunately, when he could enjoy it, he also entered the top ten competition. In the first battle, he also lost the highest points.

The top ten competition rules. The top eight players are selected in the first battle. From the beginning of the competition to the two with the highest battle points, the two players are automatically promoted. The remaining eight people compete for six places for the group match. The final result is that of the previous session. Except for Lu Yang, he was defeated from second to tenth.

The remaining eight masters are sorted by points: Vulcan Luyang, Shadow Goddess Black Gauze, Wrestling Fighter Furukawa Takeshi, Denko Goddess Wei An, Purple Goddess Natalia, Silver-haired Dragon God White Devil, Necromancer Black Scythe And Pope Milner.

Lu Yang rested comfortably for a day, waiting until the next morning, he came to the competition ground early, and officially started preparations for the offline competition.

The largest stadium in Donghai City, in order to host this event, Donghai City upgraded the stadium to the highest level It was originally just an ordinary stadium. When Lu Yang walked in again, this place has become A science fiction paradise full of cutting-edge technology.

As in the NBA mode arena, there are full of players around. In the middle of the field, the battle is no longer the player watching the electronic display, but the official 3D mode is used to project the screen to the center of the field, and the battlefield is screened in three dimensions. In general, this is the first case in the world.

的 Players watching from the seat will never feel the gap between e-sports and live sports, but this kind of sports, leaving dozens of streets of live sports.

之前 Before the start of the competition, all the participants and the main personnel of the organizer entered the field. The new president of "Second World" Jefferson officially announced.

“All gamers around the world, all the world’s audiences who are interested in the Second World, and all the e-sports enthusiasts in the world, I want to announce to you a major good news. Starting next year, the Second World officially enters At the Olympic Games, we finally rectified ourselves. “

At the moment of cheering, Lu Yang couldn't forget his whole life. His ears seemed to be deafened. He couldn't hear other voices. There was only cheering on the field.

Chapter 1548 - Eye-catching first battle

As a grand opening show, Jefferson even invited the most famous stars from China, the United States, Europe and other countries to sing for the game. The 150,000 viewers who watched the scene felt the price of the expensive ticket. .

Two hours later, after the performance ended, Dubin walked to the stage as the host and exclaimed with excitement: "I announce that the race is starting."

The equipment in the center of the venue was quickly removed and turned into an open space. Then various high-end equipment rose from the ground, and the lights dimmed. A soft light that was not dazzling in the middle lit up. The audience cheered in amazement. In the sound, a real circular arena appeared in front of everyone's eyes.

If the audience wants to watch from all angles, they only need to wear glasses to quickly change the viewing angle in front of their eyes.

Lu Yang has already entered the game at this time. The first day of the game was the top four of the individual competition. His game was the fourth, and the last, as the finale show.

Taking advantage of this spare time, he wanted to take a closer look at the players in the first three games to hide any hidden tricks, so as not to enter the semi-finals, be caught off guard.

The two people in the first game were two **** goddesses, Vian and Natalia. So far, the competition of these two people has been highly anticipated by the audience. On the one hand, both of them are beautiful. On the other hand, the fighting scenes of these two men are too beautiful.

On the court.

Wei An and Natalia are standing on both sides of Dubin. Wei An raises the corners of her mouth slightly, and her delicate red lips spit out softly: "I didn't expect the two of us would meet here. I hope you won't lose too much. Oh."

Natalia was blonde, wearing a high split dress and a black ring-shaped strap around her neck, with a contemptuous smile on her face.

"I hope you don't lose too badly, but I won't show mercy," Natalia said.

There was a sudden cheer on the court. When Dubin saw this situation and knew that it was not appropriate to talk, he said: "Beginning of the battle, please prepare for the battle."

Wei An and Natalia each walked to their light spots, posing graceful attacks.

System prompt: match countdown

5

4

1

Start

As soon as the words fell, Wei An turned into a thunderbolt and came to Natalia's position 2 meters in an instant, which made Natalia a little surprised.

"I can't guess it." Wei An suddenly got short, supported the ground with one hand, her legs slumped towards Natalia's lower leg.

Natalia can't feel Wei'an's intention. This trick is a free skill. It has the effect of determining the amount of damage. She has to hide. When she takes a step back, Wei'an just has her feet off the ground. Shine.

"Spherical Lightning"

This is the second turn skill of the Thunder Mage. You can launch the flying skills at any time. Even in an imbalanced state, you can use this trick as long as you are not stunned.

Natalia didn't expect Wei An to attack like this at all. Before that, she had never seen Wei An fight like this. Obviously, this was Wei An's hidden skill.

Unfortunately, this thought only flashed in Natalia's mind for a moment, and Wei An had already reached Natalia.

"Ray Light Diamond"

Lightning flashes from Wei An's legs, hitting Natalia's waist just right, Lightning Diamond hits 3 times in a row, each with 0.5 seconds of paralysis damage and magic damage + physical damage equivalent damage, Nata Leah was beaten back and forth three steps in a row.

Just standing still, Wei An, standing in front of her, thundered with his hands and swept forward sideways.

“Thunderbolt Slash”

Eight consecutive thunder swords hit Natalia's body, each thunder knife also has a stun effect for 0.5 seconds, then Wei An suddenly bends her legs forward to reach the top of her head, and then falls right on Natalia. On her neck, she squeezed hard and then flung backwards.

Natalia was actually used by such a wrestling method to fall one meter behind the ground. When Wei An stood up, a proud smile appeared on the corner of her mouth and she turned and punched.

“Rage Skills-Thunderfury Fist”

Natalia was attacked by a wrestling attack and was unable to move. She just stood up and was hit by Vian's Thunderfury. There was no connection gap between the two.

Thunderfury is ten times more damaging and has a paralyzing effect. Natalia can't escape during this period, but she was killed by two-thirds of her health.

Wei'an's offensive didn't stop. When the thunder fist ended, while jumping for 0.5 seconds, she suddenly jumped up, gripped Natalia's head again, twisted and twisted Natalia. Fall to the ground again.

“Sky Shock”

Vienne fired a golden fork-shaped lightning at Natalia who fell to the ground. This time, Natalia didn't stand up again.

System prompt: Wei An wins the first game!

The whole battle time was less than 1 minute, and Wei An won Natalia, which made many people unbelievable. Natalia was also snoozed, so that when she got up, she didn't understand how going on.

Wei An looked at Natalia smugly, her mouth lightened, and said, “It's embarrassing you, I'm so sorry.”

Dubin had just entered the venue, and he just turned on Mike to broadcast the words live globally. Suddenly, the audience screamed, and the audiences in the world were shocked.

“This woman has too much personality.”

“Cool.”

...

No one thought that Wei An was not bad at speaking, but she was dumped by her looks and harsh words.

Dubin looked at Wei An in amazement and asked, “Is this a strategy you have set out before?”

Wei An was staring at Natalia, and sometimes did not look at Dobin, saying proudly: “Yes, this is for me specifically for Ms Natalia.”

Natalia’s original angry expression suddenly turned into a smile and said, “That’s so thankful to Ms. Vienne, it really opened my eyes.”

“I have more eye-opening in the second game.” Wei An’s red lips became brighter.

Natalia said: “Me too. See you in the second game.”

Dubin said: “The two please challenge We will start the game immediately.”

The two women each stood on their light spots, smiling and looking at each other, but who could see the idea that the two wanted to defeat each other.

Lu Yang was watching the match between them, and Qing Qian Zimeng suddenly appeared next to Lu Yang, whispering: "New news, the elite players of the 9 strongest guilds, including Sanyouweimen and Radvedev, are quietly Gather at Purgatory Fortress. "

In order to hide Lu Yang, and to be able to play a sudden attack, Radevjev and others decided to use ants to move their houses and transport a batch of senior players to the Purgatory Fortress during the 5 days of the game. .

When Lu Yang participated in the finals on the fifth day, he suddenly attacked the Lalbag Fortress. If Lu Yang was not ready in time, they could transport more than 3 million players to the tiger mouth fortress in one day.

"I'm still curious why these people haven't moved yet. I finally waited." Lu Yang smiled and said to Qing Qian Zimeng: "Continue to monitor, I want the exact number."

"Yes." Qing Qian Zimeng left.

Chapter 1549 - Takeshi Furukawa against black yarn

On the court.

The second game has begun.

When Lu Yang looked into the court, Natalia was clutching Wei An's various slams, making Wei An Chunguang burst out, and the audience kept screaming.

Seeing this scene, Lu Yang's face showed such a smile, Natalia is a space mage, but his ways and equipment are not the same.

The attribute points are all added to strength and agility, and the equipment is also wearing a leather armor physical output. The reason for this is to use melee wrestling skills.

In the last game, Natalia didn't know Wei An's bottom line, she played a little cautiously, but she lost when she got up, so Natalia had to use her full strength. Therefore, Natalia started flashing and appeared in Wei Behind Ann, then the scene before me.

Wei An was dropped by Natalia for almost 2 minutes. Normally, Wei An should have been killed, but I do n't know if Natalia changed her weapon or changed her equipment. Her own attack power became extremely low. The reason she did this was to expose Vian's privacy to audiences around the world.

It can be said that underneath Vienne's miniskirt, Natalia has changed four directions, and the audience around can clearly see the contents from under the miniskirt.

Lu Yang smiled and shook his head. This Natalia thought that this would anger Wei An and make her imbalance in the next game, but she was too underestimated. Wei An could not show her everything to the world. The audience, if not officially allowed, she can wear more exposed, and now has Natalia to help her, Vian would have been in desperation.

Lu Yang knew that the first place in the Final Four must be Wei An!

"Wow ~!"

The noise in the field rang, and Wei An was dead. She fell to the ground like Natalia's brutal onion, her legs were facing the sky, and the miniskirt was not covered. The noise in the field was because of this.

Natalia waved her hand proudly around, the light flashed, and Vian was resurrected in situ, with an extremely angry expression on her face, glaring at Natalia and cursing: "Ugly bastard, how dare you let me Shame before the world. "

"You are the ugly horror." Natalia is so angry that she is so beautiful that she can be called ugly by others, but she has to say that she is indeed not as open as Wei Anlai in terms of style.

"I will kill you in the third game." Vianbe grimaced with red lips.

"I'm waiting." Natalia sneered.

The two returned to the light spot.

The third round begins.

"I killed you." Wei An suddenly kicked, like in the first game.

As soon as Natalia's eyes lighted up, she took a step back and grabbed her hands forward. This is a 0.3 second reaction speed duel between players. Therefore, Natalia had to take a shot when she withdrew, otherwise Wei An When flying over, she couldn't hold Wei An's body.

If Wei'an is caught by Natalia, and another series of tricks will drop Wei'an to death, Natalia has even seen her success. Unfortunately, she guessed wrong.

"Spherical Lightning"

Wei An turned into an electric light and flew towards Natalia when she was out, but instead of flying in front of Natalia, she flew up to the top of her head, holding Natalia's legs between her legs. Head and twisted.

Natalia's body fell uncontrollably to the ground, and then Vian rose at the moment Natalia got up.

"Thunderbolt Slash"

Eight consecutive thunder swords came out, each controlling Natalia's paralysis time of 0.5 seconds, so she had no chance of resistance at all. When the last thunder knife was out, Wei An stood with her arms upright and her legs forward. , And easily pinched Natalia's head.

“Back fall”

Natalia was dropped behind Wei An, and as he stood up, Wei An’s thunder lighted up.

“Rage Skills-Thunderfury Fist”

Natalia had no ability to resist, and was beaten to death on the ground.

System prompt: Wei An wins the game and successfully advances!

There was thunderous thunder, and Wei An happily kissed her all around. When she turned around and saw Natalia’s jealous expression, she also gave a kiss.

Natalia was so angry that she had no choice but to exit the venue!

Then, the second game was played.

In this game, the shadow goddess Black Veil against wrestling force Furukawa Takeshi, Lu Yang watched with interest the two men entering the field.

The black yarn really entered the quarterfinals with great shine. There was almost no doubt in this game. Furukawa Takeshi definitely could not beat the black yarn.

Wrestling Fighter Furukawa Furukawa’s authentic wrestling technique is really powerful, but Furukawa Fumi has a fatal shortcoming. Due to physical reasons, his reaction speed is slightly slower, about 0.28 seconds.

What kind of occupation is Black Gauze, the rare shadow killer blood, this occupation relies on speed to win, and in response to consciousness, her reaction speed is also about 0.25 seconds.

The key is that black yarn not only has a fast response speed, but also has a very good tactics. It also has a clever mind. This way, Lu Yang heard Xue Yiming's report.

Those who can use these two bloodlines are all geniuses in the speed of conscious reaction. The response speed is about 0.2 seconds. Some people even exaggerated 0.17 seconds, but they were defeated by the black yarn.

Furthermore, the Shadow Bloodline is somewhat restrained by Furukawa Takeshi. In such a 500-meter-diameter arena, the Shadow Killer can attack Furukawa Takeshi with any shadow, and Furukawa Takeshi must attack the Shadow Bloodshot.

But in such a large venue, black yarn can run around, and Furukawa Takeshi wanted to push the black yarn to the corner, it was impossible.

really.

The battle was just like Lu Yang's conjecture. At the beginning, Takeo Furukawa ran quickly toward the black yarn, and the black yarn quickly released a shadow attack.

Shadow's attack is very annoying, it can form a series of attacks, and it can also knock people to the ground. Furukawa Takeshi has to run away from the shadow attack Kuroza sees Furukawa Takeshi only 30 meters away from her After a distance, quickly retreated 30 meters and continued to launch shadow attacks.

Takeshi Furukawa was about to start a jump. Seeing this scene, he had to continue to run. There was no way. The blood from the space thief was just running fast.

"Stupid woman, this is a game. Don't run if you have the courage." Furukawa scolded, and he wanted to use words to anger the black gauze.

How much humiliation and abuse was experienced during the first half of the life of Black Gauze, and she was about to stand out before seeing it. Would she care about this abuse, with a touch of contempt in her eyes?

“Black Shadow”

The black yarn retreated for another 30 meters, and then continued to launch a shadow attack.

Furukawa Takeshi wondered if the black gauze would attack him once with the body, and seeing that the shadow was once again in front of him, he pushed forward hard with both hands, only to find that he was hitting only a shadow and could not cause any harm.

No problem, Furukawa Takeshi can only continue to chase, and the black yarn continues to retreat. The audience can see that Furukawa Takeshi basically has no chance in this round.

Chapter 1550 - Black yarn wins

The two chased and fought like this for more than 20 minutes. Furukawa Takeshi could not catch up with the black yarn. The black yarn continued to attack with insufficient damage. Furukawa Takeshi kept taking medicine to get back blood. Win or lose.

But half an hour is coming, and Furukawa is anxious. If after half an hour, the two have not separated, then look at the amount of medicine in the backpack. He must be the lesser party and must be Will be sentenced to lose.

Suddenly, Takeshi Furukawa decided to take a risk. He evaded the black yarn 7 times in a row. After the escape dagger was available, he hurriedly used the escape dagger behind the black yarn.

As soon as the black gauze turned on, he had been waiting for Furukawa Takeshi to use his escape dagger. If he had used it, he would no longer have the ability to escape in close combat like Furukawa Takeshi.

“Black Shadow”

The black yarn quickly jumped away from the landing position of the dagger 30 meters. However, at this time, Furukawa did not use the escape dagger. When he escaped the escape dagger, he jumped to the side of the black yarn 30 meters with luck. .

What he bet was watching enough black gauze videos, knowing the habit of black gauze, and sure enough, he was right, a black light flashed, black gauze just came out of the shadow, and Furukawa took off from the sky.

“I finally caught you, **** woman, cast yourself!”

Furukawa took out his hands forward, grasping the collar under the cheek with one hand holding the black yarn, grasping the front waist of the black yarn with one hand, and slamming backward.

“嘭”

The black veil was severely dropped to the ground, and the veil was also dropped, revealing her peerless face, the touch of gorgeous red lips and blond hair, which made countless audiences exclaimed with awe.

“So beautiful.”

“That’s an angel.”

“Oh my God, let me fall into **** and I want to get her.”

...

The reporter in charge of tracking photos went crazy, taking various photos of Heisa.

Furukawa Takeo in the game warehouse, he did not hear the outside conversation, although he was also surprised by the expression of black yarn, but 200 million euros in cash, Furukawa Takeshi no other ideas.

“Stuck on my back”

Furukawa Takeshi ran forward, and at the moment when the black yarn was determined by the system to get up automatically, Furukawa came to the back of the black yarn, hugged the waist of the black yarn with both hands, and forced an iron bridge to fall back.

“噠”

Another heavy fall, the head of the black gauze was smashed into the soil, exposing only the part below the neck, and at the same time was injured by 5 times the strength of Furukawa Takeshi.

“Heavy Boxing”

Furukawa crouched down, and suddenly punched the black gauze’s waist. The black gauze that was about to stand up was hit by a heavy blow and volleyed up.

“Front somersault”

Furukawa took a leap forward and caught the black yarn’s waist, rolled forward in the air, and fell heavily to the ground, then slammed the ground with two fists and jumped the black yarn just lying flat on the ground. .

“Heaven and Earth”

Furukawa took the black yarn on the shoulder and slammed to the left to the ground, followed by another to the right to the ground, and then threw it into the distant sky.

“Sprint”

Furukawa took a shadow and rushed to the black yarn that was about to land. Suddenly, he rolled forward and came under the black yarn. He punched the black yarn’s waist and flew it into the sky again, followed by Furukawa Wu Once, this time, Furukawa Takeshi’s anger was worth more than one square.

Furukawa quickly ran to the black yarn in front of the floor, his body burst into a white light, and he roared as he got up.

“Angry Skills-Broken Jade Casting”

Furukawa took the black yarn and slammed to the left to the ground, and then grabbed the black yarn that fell to the right and tossed it to the right, then let it go

On the left side, throw it to the right side, and finally, throw it strongly towards the distance, and with a bang, the black yarn landed on the ground in an extremely ugly posture and died.

System prompt: Furukawa Takeshi wins the first game!

“Yeah ~!” Furukawa Wuyangtian roared. He won this game so fast, he completely used all his wrestling skills, all the skills are connected properly, and he did not give the black yarn any chance.

The audience exclaimed that although Furukawa’s fight was beautiful, the expression of the goddess of black gauze was even more touching. The appearance of being felled every time made countless men heartbroken and countless men mad.

“Man, you irritated me.” Heisha slowly climbed up from the ground. There was no smile on the beautiful face, but countless frosts, but in this way, the audience fell over. .

When Furukawa took the voice of Heisa, she raised her eyebrows proudly, and said, “Beauty, what can I do if I anger you?”

Heisha didn't speak, and she actively stood on the light spot to hurt. When Furukawa took this scene, she walked proudly to the light spot.

1

Start!

Furukawa took a swift rush towards Kurokawa, and Kuroya pointed Furukawa Take in her right hand, and a dark shadow suddenly appeared in front of Furukawa Take.

Furukawa took the habit of thinking that this was a shadow attack, but just raised his hand to block it, but at this moment, the shadow suddenly became an entity and the black veil burst out.

“Remnant Fist”

Black yarn punched Furukawa Takeuchi's body, and stunned him for 1 second. Then, black yarn left a white light in his left hand.

“Rage Skills-Wish God”

Black yarn punched Furukawa's abdomen. He was able to release his rage skills at the beginning because her rage value was already full in the previous round. As a result, she was recruited by Furukawa's set of skills without waiting for her skills Killed.

The black veil of this game was already very angry, so the start was desperate, and she took pride in the 0.2 second reaction speed. He saw that Furukawa Takeshi's expression was slack and knew he could play.

Furukawa thought that the black yarn was going to kill him. How could he never expect that in the game where he won the two games, the black yarn lost the first game and the second game dared to attack, so he was beaten. I was taken aback.

Lu Yang watched the subsequent set of attacks by Hei Sha, and launched his Wrath skill five times in a row. After that, he used two consecutive moves and added two Wrath skills, and Furukawa took off.

The game reached the third inning.

Furukawa Takeshi is embarrassed This round of black yarn once again sent a long-range blood-sharp play. It hardly lasted 25 minutes of Furukawa Takeshi. At the last moment, when Furukawa Takeshi revealed a flaw, the black yarn Sudden attack, three consecutive fury skills killed Furukawa Takeshi.

Heisha looked at Furukawa Takeshita who fell to the ground, gently rubbing her black hair in her right hand, and her delicate red lips lightly opened, "You still want to win me, next life."

This sentence was officially recorded. At this point, the name of the goddess in black spread throughout the game. Lu Yang smiled. Sure enough, the black gauze was still as famous as the last life.

Host Du Bin interviewed Hei Sha for a long time, and Hei Sha did not refuse to interview for the first time. In front of audiences all over the world, everyone was able to see her face without wearing Hei Sha.

Tu Feng appeared next to Lu Yang and said, "Just received the news, there are a lot of people on the forum and in the European regions of Tianyu Shencheng, even in our China region, to draw players for the black gauze and prepare to form a guild."

Lu Yang smiled and said, "Go and see the excitement. Who has joined their guild."

Tu Feng nodded and disappeared behind him.

Chapter 1551 - War is imminent

σ? ,,

Lu Yang's eyes returned to the arena and the third game was about to begin. This game was the one he most wanted to watch. The White Devil was against Pope Milner.

Four years later, the White Devil broke into the quarterfinals for the first time. Lu Yang would like to know to what extent White Devil's strength is. His opponent Pope Milner is a theocratic knight and very powerful.

On the court.

The third game soon opened. The White Devil was a druid profession. At the beginning, he turned into a dragon and flew into the sky to fight against Milner.

Lu Yang wanted to watch it carefully. Han Sha appeared beside Lu Yang and said, "Brother, Alice has issued an order to us, but this order is a bit strange, and I have to come to you."

"What's wrong?" Lu Yang asked, looking over his side.

Han Sha said with a frown. "He gave us different orders. The ten of us alone divided the order into ten. The main city where each person was ordered to attack was different."

Lu Yang smiled and said, "It's a bit interesting, this Alice is also smart."

"What do you mean?" Han Sha asked.

Lu Yang said, "He wants to test whether there is any spy or a traitor I sent in. Do n't think about the others. Complete the transfer according to his words. Look, this is not the final transfer. Wait for the day of the battle. Movement is real. "

"This woman is deliberate enough," Han Sha said.

On the other side.

Alice, who is having fun with a few men in a villa by the sea in Italy, doesn't care about the white devil's game at all, she only cares about herself.

After a joyous voice, Alice lay down on the blanket in sweat and sweat, and sat down with satisfaction to a few men, watching the maid waiting and asking, "What's wrong, has anyone betrayed me?"

The maid is also very beautiful. Although young, she seems to be accustomed to what just happened, and said with a look of calmness: "No one is going to Luyang Gaomi."

Alice breathed a long sigh of relief, lying lazily on the chair, summoning the maid, and happily hugged the maid and said, "No way, whenever I'm nervous, I need something like this to troubleshoot me. I'm in a good mood. I will be able to kill Lu Yang this time. "

The maid watched Alice affectionately and said nothing. After the two were in a cloud and rain again, Alice got up and asked, "Did Lu Yang's battle begin?"

The maid opened the tablet and said, "Hurry up, the White Devil's battle has just ended. He won, and the next game is Lu Yang."

On the court.

Lu Yang is still thinking about the white devil's previous battle. The white devil transformed into a dragon has a very strong combat power, and the range attack is not weaker than his mixed spells. It can be imagined that such a person appears on a large-scale battlefield and can play To what extent, he needs to guard a little in the future, so as not to be caught off guard by the White Devil secretly participating in the war.

Du Bin appeared next to Lu Yang and asked with a smile: "President Lu Yang, what do you want to say to the audience of the world in this battle?"

Lu Yang smiled and waved around, and learned: "This victory is mine, and I will give you a wonderful game."

Dubin looked at the black sickle on the other side and asked, "What do you want to say?"

The black sickle is a white European player with a height of 1.98 meters. He uses a human character. He scornfully pointed to Landing Yang and said, "I will defeat and let the loser convince."

Lu Yang smiled at the black sickle and turned to the spot of light, waiting for the battle to begin.

The black sickle is a necromancer, but it is not a summoning type, but a high-explosive type of magic output type. If you open it, you can use magic to show off the opponent.

"Transfer"

The light flashed behind Lu Yang, and four avatars appeared next to him, which surprised the black sickle.

A black sickle stood on the light spot, a golden bone stick appeared in his hand, holding his hands and said to Lu Yang, "Ready to fight magic with me?"

Lu Yang asked, "Don't you dare?"

The black sickle smiled and said, "I am running alone, it is five people running together. It is my advantage to fight, why am I afraid?"

Lu Yang laughed and said, "Then we will look at it."

1

Start

Lu Yang pointed his right hand forward, and the two avatars behind him read out the spell.

"Ear Spear Spikes"

"Thunderstorm Field"

“Fighting Dragons”

Three magics converged on the front of Lu Yang’s right-hand staff. Just as the spell was formed the next second, the black sickle against Lu Yang suddenly pointed at Lu Yang with his right hand.

“lethargy”

Lu Yang’s water mage stepped forward suddenly, blocking the front precisely before lethargy magic hit Lu Yang’s body.

A gray light entered the body of the water mage, and three green zigzag symbols appeared on the head of the water mage, and fell into a lethargy.

The black sickle was dumbfounded. He didn’t expect that his small means had been seen by Lu Yang, and he hurried out a spell to prepare for the attack. Unfortunately, it was too late.

“Little tricks dare to use it with me, the mixed spell-Red Lotus Blast!” Lu Yang pointed forward with his right hand, centered on a black sickle, and numerous red lotuses appeared on the ground around 500 meters, causing black sickles. 9 times the damage result.

“4790000”

Exclaimed in the field, the normal Lu Yang’s trick can hit more than 9 million, even tens of millions of injuries. I did not expect that hitting the black sickle would cause so little damage, that is, if Lu Yang does not need to mix spells , Conventional skills can only hit about 500,000 damage.

“The defense is very high.” Lu Yang said with a smile.

The black sickle took a potion and said proudly, “I am an undead mage. The strongest is to defend against the five series of natural magic. I just looked down on it now. Now I come to fight magic damage to see who can’t carry who first attack.”

Lu Yang nodded eagerly. He liked this kind of battle, and also loved watching it. After a game, the magical magic on both sides produced spectacular results, which was even more enjoyable than wrestling and wrath.

“Ready, my next attack is coming.” Lu Yang said in his mouth, and Moisture and Wind came behind him.

“Hot Fire Dragon”

“Drunk Clouds”

“Gust of Wind”

The three magics gathered in front of Lu Yang. Lu Yang pointed forward with his right hand and said, “Mixed Spells-Fire and Wine Storm”

A huge fire dragon with a diameter of 90 meters shot towards the black sickle.

“Undead Shadow”

The black sickle body turned into a shadow and disappeared in place. The next second he appeared behind Lu Yang. At the same time, the magic was ready, and he pointed forward with his right hand.

“Bone Spear Formation”

At the foot of Lu Yang, a white light was angered. In the next second, countless white bone spikes protruded within 50 meters around Lu Yang, but just when the white light rose, Lu Yang suddenly turned into a residual image and flew forward for 60 meters, hiding Opened a bone spear array.

“Transfer”

Four rays of light appeared beside Lu Yang, so that Lu Yang's avatar was not injured at all and just landed.

"Flame Crossblade"

"Thunder Shock"

"Blast of Light"

"Mixed spells-ghost swords!"

Lu Yang turned back and cast a ghost knife at the black sickle being cast. At the same time, the black sickle skill was released.

"Death Ray"

The ghost knife hit the black sickle, hitting more than 5 million damage, and Lu Yang was hit by the death ray, losing more than 10 million damage.

Lu Yang was not surprised. The response speed of the black sickle was reasonable. He still had 20 million health. He was not afraid of this attack. Taking this opportunity, the spell in his mouth came out again.

"Mixed Spells-Fire and Earth Storm"

With a black sickle as the center, a fierce flame radiates around it. The black sickle instantly triggers the undead's teleportation. It appears 300 meters away, and the mantra is spoken.

"Death Storm"

A black death storm suddenly formed, and Chaoyangyang blew quickly. If it was hit, it would be rolled into the sky, followed by a set of black sickle combos.

“Remnant Flame-Activated”

Lu Yang jumped quickly in 0.2 seconds, and the four avatars jumped to Lu Yang’s side using the teleport skills.

“Mixed Spells-Ah Bi Hell”

The field was caught in the scenes of flames, frost, earth swords, thunder, and Huang Quan. Seeing this scene, and then reminiscent of the previous fire and wine storm and red lotus explosion, Orma could not help jumping up and cursing: , I want to kill, I must kill. “

“Don’t be impulsive.” Sanyou Weimen also saw it. With such an iconic spell, Lu Yang was the second king of the corners who slaughtered the purgatory fortress that day.

Radvedev said with a frown. “It’s not easy. Lu Yang has such strength alone. I don’t know how many mixed magic wizards there are around him.”

Tom shook his head and said, “There won’t be a second one. I am afraid that only Lu Yang has this type of mixed spell skills. Otherwise, the world will not have a second such player, and the skills of mixed spells must be very difficult to obtain. “

The crowd nodded.

Stephen said: “Fortunately, the black sickle was forced out, otherwise our internal attack is afraid that we will fail again.”

Olma gritted his teeth and cursed, “I’ll go back and prepare for the man today. I’m going to kill Lu Yang today, I’m going to kill him.”

Sanyouweimen quickly grabbed Olma and said, “Calm down, be calm.”

“How can I calm down Olma glared at the donkey eye and cursed:” His three skills are released, and the world knows that my elite Legion of Olma was actually the chairman of the Iron Brotherhood I was killed by myself, which left me with any face to play this game. I am afraid that people will laugh at me everywhere in the future. I must be ashamed. “

Sanyou Weimen said: “We are all ready. Don’t be impulsive. If you want to give Lu Yang the deadliest blow, you must play the finals. Don’t forget that only Lu Yang is in the semi-finals. His other men did not make it to the top eight this time, whether it was a five-player, three-player, or two-player battle. “

This year, due to Zhou Tianming’s affairs, the White Lion, bitter half-life, and others could not rest assured. Because of fighting, they all stopped in the quarterfinals, which is very regrettable.

In this way, Sanyou Weimen and other people can only choose the day when Lu Yang fights. They have already arranged the game. After the semi-finals, the group will be Lu Yang vs. Wei An and black gauze against White Devil.

Wei An, they can’t control it, but the black gauze and the white devil have made it clear that the white devil will make the black gauze advance. If Lu Yang wins, when the black gauze and Lu Yang fight, eight of them will start the war. At the same time that Heisha won the championship, a multi-pronged approach, Zhou Tianming’s rebellion and internal turmoil, as well as the rebellion of South Korea and India, made the Brotherhood of the Iron Blood lose each other and fail.

Chapter 1552 - Olma in shame

σ? ,,

Olma looked at Lu Yang, who was about to win the battle, and slammed his punch on the table, despondently cursing: “How can I tell my brothers.”

It is estimated that players who saw the match of Lu Yang can know who did the battle of the city of Purgatory fortress, and players in the Orma Guild have gradually discovered.

In the live room.

Du Binwei deliberately said: "This skill looks familiar, it seems I have seen it somewhere."

Tong Tong added the knife: "Purgatory fortress, isn't this purgatory fortress, is the skill used by the two kings of the devil? Coincidentally, the two kings also have five bodies, and they also use red lotus explosion, fire and wine storm And Abi Hell. "

Ma Feng said with a smirk: "It's not coincidence, but that person is Lu Yang. It is estimated that all players at the Tangerus Guild in Olma can't sit still, and have to fight desperately with him."

Dubin sighed, "Yeah, it's too shameful."

Omar was thinking how to explain to the players in the guild. As soon as Dubin's words came out, he didn't breathe in a sigh of relief. He pointed at the live room above the stand and cursed: "A few **** bastards, I want to kill them. "

As soon as the words fell, the inside of the Orma Guild was chaotic.

Tangerus Guild Player A: "Boss, is it true that we were slaughtered by Lu Yang alone?"

Tangerus Guild Player B: "Revenge must be revenge. We must make Lu Yang blood debt and pay blood to attack the Brotherhood of the Iron Blood."

Tangerus Guild Player C: "Shame can only be washed with blood, brothers, ready to fight."

...

The community of players in the Tangerus Guild is very excited, and there is no need for Olma to encourage them. A large number of Guild players rush out of the purgatory fortress and rush towards the Lalbagh fortress.

“It’s going to be bad,” Olma said quickly to Sanyouweimen and others around him. “My people ran to fight Lu Yang, and I must stop them quickly.”

If the Tangerlus Guild fights with the Brotherhood of the Iron Blood first, and prepares the Brotherhood of the Iron Blood, the Sanyouweimen’s preparations for more than three months will be exhausted.

“Stop them.” Sanyouweimen Gujing’s face showed a tense expression, and Radvedev and Tom and others stood up in excitement.

Orma couldn’t help saying anything else, and the light disappeared.

Arena.

Lu Yanggang and the black sickle split the victory. After all, the black sickle had not carried Lu Yang’s violent flames and was killed by several mixed skills.

The black sickle had an ugly look at Landing Yang. He was most proud of attacking his opponent, but Lu Yang had too many mixed spells. When Lu Yang killed him, his health was still 30%. This is A gap, he couldn’t cross it at all.

Lu Yang felt the glance of the black sickle and asked, “How about, do you want to play in the second game?”

The black sickle gritted his teeth and said, “Hit, why not hit, I don’t believe that every cast will succeed.”

The release of mixed spells is extremely difficult, but in Lu Yang’s hands he lifts lightly without any difficulty, which makes the black sickle unbelievable. He decides to gamble again.

“Okay.” Lu Yang took the initiative to stand on the light spot and changed to a second person. Lu Yang did not dare to release mixed spells this way, but the black sickle was a player who relied on the spell to attack, which was right for Lu Yang’s appetite. The bombing of magic on both sides, after all, is that the blood of the clone is stronger than that of a single blood.

“Drip, drip, drip!” The voice of the intercom suddenly sounded. Lu Yang picked it up and saw it. It was Tu Feng’s. He pressed the call button and asked, “What’s the matter?”

Tu Feng said: “The players of the Tangerlus Guild could not help but wanted to attack the Lalbag fortress. Olma went to stop it.”

Lu Yang smiled and said, “Rest assured, Olma won’t let them come to hit me, yes, send a letter to Olma, tell him that I did the purgatory fortress, and came to see me I’m troubled. “

“Why did you do this?” Tu Feng was puzzled.

Lu Yang said, “Do what I say.”

Zhou Tianming’s defection, although not on the surface, but the movement of the Jagged Brothers Alliance is too small. Sanyouweimen and others are not fools. It is easy to associate this with a false defection. He deliberately forced Orma to fight. He just let Sanyouweimen have no time to reason about more things in the last few days, leaving them busy.

System prompt: match countdown

1

Start

Lu Yang looked up at the black sickle and said with a smile: "The players in the quarterfinals are still so imposing."

The black sickle prepared the bone spear and said proudly, "I heard that the people of Olma are going to fight. I won't give more time to think, either give up or give up the fortress."

Lu Yang smiled helplessly and said, "It's stupid enough, I can't kill a few minutes."

"Mixed Spells-Ah Bi Hell"

Lu Yang released a five-line mixed spell in the beginning, followed by five mixed spells, forcing the black sickle and his hard skills. In less than 3 minutes, the black sickle defeated again, and Lu Yang successfully advanced to the semi-finals Seats.

He looked at the black sickle that was slick and called Tu Feng and asked, "What did Orma say?"

"Orma hasn't returned yet," Tu Feng said.

On the other side.

Olma Gang ordered all the heads of regiments and regiments to return with their players. When they saw the email from Tu Feng, they were furious and went back to the arena to find Sanyouweimen and others. They shared the mail with them and scolded: "Lu What does Yang mean, what does he want to do? "

Tom, Sanyou Weimen and others were also a bit surprised. They didn't understand why Lu Yang did it. For a while, everyone thought about it.

Sanyouweimen thought for a long time and said, "I think Zhou Tianming's defection has come to a conclusion with Lu Yang. He is urgently handling Zhou Tianming's escape, and he suspects that Zhou Tianming is colluding with us. He is testing whether we will take the opportunity to attack him."

Tom nodded in agreement, saying, "The possibility of speaking is very high, so what shall we do?"

Stephen said, "Should we take the opportunity to reach the Sky Fortress?"

Radvedev shook his head and said, "Well, don't you tell Lu Yang that we just want to hit him?"

Jerz asked, "That's it?"

Olma said: "Lu Yang is not stupid. I am indifferent to such a provocation, wouldn't he tell him that we really want to hit him?"

"Damn, the thing that bothers me the most." Alice frowned, and just rushed to hear the news.

Everyone thought that there was no other way, and finally they looked at Sanyouweimen. Stephen asked, "Why don't you talk?"

Sanyouweimen showed a mysterious smile and said, "Say, if we don't return to Luyang, what will Luyang think?"

Stephen said: "It's going to be sleepy, but he's going to arm."

Sanyouweimen nodded and said, "Yes, let's not give Lu Yang more time for defense. The battle is set for tomorrow afternoon's final. We will attack the Tiger Fortress on time."

Chapter 1553 - Zhou Tianming is in crisis

“I’ll contact Zhou Tianming now,” Gelga said.

“Let me go.” Alice smiled coquettishly. “I just want to see if he has any small actions.”

With a smirk on Gelgar’s face, he said, “Rest assured, he dares to make any wrong moves, and people outside the window will explode his head.”

Alice shrugged her shoulders indifferently and quit the game. At this moment, she was a little unwilling to cooperate with Galga. She never thought that there was such a force behind Galga, but it was already the case. She also had no better way.

In the Hilton Grand Hotel, the third-to-last villa in the east of the VIP area, Alice took off her helmet and said to Zhou Tianming, who was sitting on the sofa and calling on the sofa not far away, “The time of the war is tomorrow afternoon, let your people get ready.”

“No problem, they will leave the East China Sea today.” Zhou Tian said calmly.

Alice laughed and asked, “Would you like to send them to Italy? I will arrange their accommodation.”

Zhou Tianming stared at Alice, and suddenly he smiled and said, “No more, I’m going to rely on them to fight the world, and I’ll be upset if you run away.”

Alice gave Zhou Tianming a blank eyeball and said, “As for me, I don’t have that much attention.”

Zhou Tianming said: “He Peng, they are yours, but I am afraid.”

Alice felt a little boring. She looked at nobody left and right and said to Zhou Tianming, “I’m kind. You have a sniper arranged by Gherga across the window. Don’t have any other ideas, otherwise, the person It will blow your head. “

Zhou Tianming frowned, but didn't look out the window, his heart beating uncontrollably, who was not afraid of death, he didn't want to die like that.

"Thank you for reminding me that after this battle, I have to leave here quickly, Galga and we are not the same people." Zhou Tianming said.

Alice smiled proudly and said, "If you like, you can come to Italy to find me. Soon my guild will be established between the Ralbagh fortress and the one-stop fortress. We will have more opportunities for cooperation."

Zhou Tianming looked up at Alice, frowned and asked, "This is what you asked for, and they gave it to you."

Alice was a little surprised, and asked, "Of course they gave it to me."

Zhou Tianming laughed and said, "Don't say this is what I told you. There is no buffer between the Ralbagh Fortress and the Tongtian Fortress. It is a place of four wars. Who controls it, there is Steiger in the north, and east. There are tiger mouth occupants, and there is Galga below. There is also a Sun King Guild on the southeast. Look to the west. Although you are allies now, whenever you have money, their men suddenly ransack you once. You Nothing wrong. "

Alice was slightly surprised, but when she thought about the support of Daniel and the White Devil, she smiled indifferently and said, "Thanks for your advice, I will consider it."

Zhou Tianming was undecided and put on a game helmet. He had to think carefully about how to get rid of the predicament in front of him. This helmet is specially made, and any external contact information will immediately appear on another computer, where there is Gael Added people are monitoring.

He didn't dare to whisper. Once he whispered, he would be questioned by Gherga and others. Those who received the whisper would also be questioned. If he was not careful, he would be seen through. If Lu Yang is to be beaten, Lu Yang is afraid to give up the tiger's mouth.

week

Tianming decided to abandon this method and instead sought the help of Black Knife and Han Zhong, but he waited from day to night and did not see Han Zhong and Black Knife coming in alone. Only the men in the door came in.

“Why are the hotel waiters replaced by you?” Zhou Tianming looked at a man with a smile on his face. This man’s name was Wu Ge, who was the leader who monitored Zhou Tianming.

Wu Ge still said with a smile on his face: “The hotel said that the waiters couldn’t be too busy. I happened to have someone and let them leave. Mr. Zhou’s needs were just mentioned, and we must be satisfied.”

Zhou Tianming looked at Wu Ge angrily and said, “It’s okay. I’m going to rest, but I still have jet lag.”

Wu Ge watched Zhou Tianming enter the room with a smile, and said to the people around him: “Be vigilant and don’t let anyone approach.”

A total of eight men, four went outside, and four stood in various areas inside the villa without any dead ends.

For the first time, Han Zhong and Hei Dao found that Zhou Tianming could not be contacted. He secretly found Bagley and said, “We must find a way to contact Zhou Tianming. We don’t know what he is doing now.”

Bagley frowned, saying, “Are you going to war?”

“It should be tomorrow afternoon.”

Bagley shook his head and said, “Now I can’t go to him. It’s easy to have doubts, and everything that was done before is void.”

“Want to go in and take a closer look,” said Blackknife.

Bagley still shook his head and said, "The secret way is the most unavailable. I have exposed it, and the secret way cannot be exposed. That is the only hope for Zhou Tianming to leave."

"What should we do?" Hei Dao asked anxiously.

"Contact President Lu Yang and let him use all his existing relationships to find out the specific situation over Zhou Tianming." Bagley said.

The black knife gritted his teeth and said, "I have to."

Inside the war building of the Jagged Brothers League, Lu Yang was lying alone in the room to rest. According to the news from Tu Feng and Qing Qian Zimeng, it can be concluded that the war will be tomorrow afternoon.

Zhuojiu, White Lion, and Xia Yuwei all went to secretly mobilize players. At present, the news is only known to players at the level above the group leader, and the rebellious group leaders have no knowledge of these things Yang thought that when there was no leak, the black knife's phone came. Simply explain the situation. Lu Yang knew that things were in trouble. If he didn't know the specific situation of Zhou Tianming, he could not implement the rescue.

"Don't worry, I'll check the reason." Lu Yang hung up and called Xue Yiming, "said Alice quickly, I need to know the specific situation of Zhou Tianming."

"Leave it to me." Xue Yiming hung up, called Alice, and said, "Dear, what are you doing?"

Alice was being upset by Zhou Tianming's whole body. Hearing Xue Yiming's words made Alice very proud. She thought to herself: "There is more than one person who has the ability and there is no such thing as white devil and Xue Yiming worshiping me. Under the skirt. "

"Wait for a few hours while I'm on the plane," Alice said.

"Why are you busy again and don't pay attention to your body?" Xue Yiming asked pretending to be concerned.

“It’s all a trivial matter. I’ll tell you something earth-shattering ...” Alice defected Zhou Tianming, and there was a sniper ambushing Zhou Tianming outside the window.

Chapter 1556 - Subordinate area rebels

Ludingzhou City is sandwiched between the Huaxia region and the South Korea region, is close to the Yinshui River, and is close to the steep mountains on both sides. It is the only entrance to the Huaxia and South Korea region. If it can hold Dingzhou, Lu Yang does not lose the Korean region.

文 Li Wenxing naturally knew the importance of this area and gritted his teeth and said, “I swear to guard Dingzhou City and never let this fortress be occupied by the enemy.”

Lu Yang hung up Li Wenxing’s phone. The voice of applying for a call has been ringing for a long time. It was a video projection phone from Padu and Dalv, etc. Lu Yang pressed the connect button.

Seven people, including Maroussa, Padu, Dalvi, Karp, Baqiang, Koli, and Saki, projected their reflections at the sofa in front of Lu Yang.

“Boss,” the seven said together.

Lu Luyang was surprised, and asked with a smile, “Why are you seven here together?”

Cape said coldly first: “Boss, we have serious disputes between the seven of us, you must decide for us.”

“Paldu is a traitor.”

Shocked by a panic, he quickly said, “I’m obviously for the sake of everyone. Why did I become a traitor, what did I do?”

Uh ...

Squinting and noisy again, Kap said, "Let the boss decide."

A few people stopped and turned to look at Lu Yang, which surprised Lu Yang, and said with a smile, "Padu first, what's going on?"

"The Indian richest man, Slov, just formed a guild, contacted more than 5 million players, and suddenly rushed out of the Earth Fortress, Frost Fortress, Cold Wind Fortress, Ascetic Fortress and other places. We were caught off guard by a third. One of the Indian regions has been occupied by Slovakia, and they are marching towards the Paradise Fortress and Mahatma Fortress, which may threaten the Moonless Fortress and Holy Spirit Fortress at any time. "

Collie went on to say: "Padu means that while they are occupying for a short time, we rush out and fight with them, robbing them of the area they occupy, so that they cannot be looked at from end to end. If they occupy one, we rob one and persecute them. Had to stop expanding. "

Lu Luyang said, "The idea is good."

Dalvey was anxious and said, "Boss, it's not that simple. These places were suddenly occupied by the enemy, that is, the area controlled by Corley and Patho. Now we don't know how many people have turned in to Shilov. I, Karp, Baqiang, and Shaqi mean that members shrink back to the Moonless Fortress and Holy Spirit Fortress to prevent these two areas from being hit by the enemy. "

The Wuyue Fortress was the connection point between India and South Korea, and the Holy Spirit Fortress was the connection point between India and the Nine Star Alliance. When the two fortresses were lost, Slovak also closed Lu Yang's access to India.

Collie was anxious, staring at Dahlway and said, "Do you mean that we deliberately condone the development of Slov, and have betrayed the boss?"

Dalvey snorted and said, "Who knows, but the problem lies with you, shouldn't you explain it clearly?"

Padu looked at Lu Yang and said, "Boss, we have absolutely no mutiny. The rise of Shi Luofu is composed of hundreds of small guilds. It is just that Shi Luofu bought it with his charm and money. It has nothing to do with us."

Lu Yang signaled that they didn't need to explain. After thinking about it, they said, "Both of your ideas are advisable. So, Kapu and Baqiang defend the Moonless Fortress, Malossa and Dalwi, Saki guard the Holy Spirit Fortress, Padu, Corley, the two of you are responsible for taking the rest of the people to attack the area stolen by Shilov. Don't fight head-on with him first. I want to know how many people have turned to Shilov to find the traitor first. "

"Yes," the crowd said together.

"Get busy." Lu Yang ended the call. He leaned his body on the sofa and meditated. With the words of these people, he really couldn't tell who said what was true and who said was false. But one thing is to believe that these people will do their job well. If you want Shi Luofu to spend a lot of money to buy them, you must hurt him first.

The real battle on Lu Yang's side was when Shi Luofu found that he couldn't win, and instead paid for it, that was the test of his battle.

Wu Tufeng said: "Boss, we are now embattled, should we continue to wait, or let Han Sha pre-empt them?"

Lu Yang said, "Continue to wait. This is a rare opportunity. Alice, this idiot, took the initiative to find out who we want to rebel for. We must let him sing this drama well. I'll go to the tiger fortress. You Sit in the army and dispatch at any time. "

Wu Tufeng asked: "When will the gold equipment be released?"

Lu Luyang said, "As long as the situation can be stabilized, a 160-step gold suit is a footwork that we use when we counterattack."

Tu Tufeng nodded.

Lu Yang put on a helmet and entered the game. His mailbox was filled with emails from all parties. He scanned them and blocked them.

Now, he doesn't need false pretences, he can really help if he can, and can't stand aside when he can't. There is no deceptiveness to this decisive battle that determines the fate of hundreds of thousands of people.

The light flashed, and Lu Yang teleported back to the safe zone of the Tiger Mouth Fortress. This was the teleportation point he had set before. Otherwise, if he was located in Chiyang City, the teleportation array was destroyed by the time and space breaker. It also took several hours to fly to the tiger's mouth.

Tiger mouth fortress, west wall.

The White Lion is taking Tianyao and Xia Yuwei to tour the city walls. Countless Jagged Brother Alliance players have already reached their defensive position. Seeing Lu Yang flying over, there is a warm cheer.

The White Lion saw Lu Yang and stopped to wait. Lu Yang fell in front of him shortly. The three White Lions came forward and said, "Boss."

Lu Yang nodded and asked, "How is the preparation at the fort?"

The White Lion said: "The entire fortress defense has been deployed. There are 5 million 160 players participating in the defense, of which 1.8 million are the main force and 3.2 million are the assistants. They are half of the day and night. I have let them rest at night. "

The Brotherhood of the Iron Blood has 2.5 million sets of 160 dark gold suits, which account for two-thirds of them. It is the main combat force. The remaining 3.2 million are worn by either the 150 dark gold sets or the 160 pieces of gold. Not strong.

Tianyao said: "The fortifications of the Tiger Mouth Fortress have been restored to their previous strength. In addition, the blood veins of the Water Spirit Blood Master and the Flame Array Master you handed to me have both strengthened our defense ability. These two teams, I They are all set out. "

There is an additional river under the fortress of Laohukou. This was bought by Lu Yang at the official site. It cost a lot of money. Fortunately, there are rivers in the distance, otherwise it will be impossible to get the money.

Ten thousand people of the blood soul mage are hiding in this 30-meter-wide river. Anyone who dares to approach will be attacked by the water soul mage, and the water soul mages are hiding in the fortress and want to kill. The chance of dying them is very low.

Chapter 1557 - Alice's calculations

Among the Fire Mage Legion of the Forbidden Mage Regiment, there are 10,000 Fire Array Masters. They have set up the Fire Array on the second wall. Ultra-long-range fire support can continue to be guaranteed. After being thrown out, the Flame Array Master and Water Spirit Master will become harvesters on the battlefield.

Lu Yang looked into the distance and asked, "When will the enemy arrive?"

White Lion said: "The fastest is an hour later, when you play."

Lu Yang nodded secretly. If he played in his own game, then Zhou Tianming must have declared a rebellion at that time.

"Everyone pushes out, White Lion, you take the team and the other side to fight a decisive battle outside the city." Lu Yang said.

"Fight outside the city?" White Lion was surprised, saying, "the number of enemies is several times ours, and we have no chance to fight outside the city."

Lu Luyang said, "Follow my command line."

"Okay, okay." The White Lion was a little stunned.

Lu Yang did not explain, because only by playing outside the city can he let Zhou Tianming play his biggest role, destroying the enemy's logistical supplies and slinger army in World War I.

"I'll get ready now." White Lion issued an order, among the more than 5 million people who have been inside the fortress, 900,000 main forces and 1 million affiliated players slowly walked out of the fortress.

I was spying on the nine strongest guild detectives outside the fortress. After seeing this scene, the news was sent back to Alice and Sanyouweimen.

Outside the Tongtian Fortress, the nine strongest guilds are marching towards the Tiger Mouth Fortress, with tens of millions of people.

玩家 All players in front of the TV and in the game were originally attracted to the global competition, but at this time they turned their attention to this war.

Numerous media reporters interviewed this army of tens of millions of people in the game, from the presidents such as Sanyouweimen to ordinary players.

Alice and Sanyou Weimen and others just finished their visits and are gathered together to move forward. At about the same time, nine of them received reports from their men.

"It's great." Alice said excitedly, "I can't think of Lu Yang so stupid, dare to fight with us outside."

He Sanyouweimen frowned and said, "Unreasonable, how do they line up?"

His subordinates reported: "Hiding under the fortress seems to want to rely on the fortress gun to fight us."

“Would you like to delay time and consume our curse?”

“Ha.” Orma laughed and said, “It must be when Lu Yang was worried that he was playing. We happened to hit his fortress. He used this delay, but he didn’t know that our real killer was playing in him. The Zhou Tianming rebellion before. “

Wu Sanyouweimen frowned and asked, “How many of the people out of the city are Zhou Tianming?”

His subordinates reported, saying: “There are about 300,000 Zhou Tianming’s main forces, but the 160-level dark gold sleeves have been removed and they are only wearing 150-level dark gold equipment.”

Alice said: “Zhou Tianming’s team was split into six parts by Lu Yang, with six vice-chairmen in charge. Each vice-chairman controls 100,000 people. Tiger has three vice-chairmen. Here are 300,000 people are not unusual. “

Min Sanyouweimen thought about it and suddenly said, “Do you say there is such a possibility, Zhou Tianming surrendered to us, and while we weren’t paying attention, ordered these 300,000 people to attack our trebuchet legion?”

Alice, Radvedev, Olma and others were all stunned.

“It’s impossible.” Gelgar thought for a while and said, “Zhou Tianming is under my tight control. He does this, doesn’t want to live?”

“Are you sure you can be sure?” Sanyou Weimen asked.

当然 “Of course.” Gelgar said excitedly, “I have 12 killers beside him, and a sniper outside the window, I can burst his head at any time.”

Alice said, “I testify, I do.”

He Sanyou Weimen said: "That's what I worry about. Zhou Tianming cannot sacrifice his life to complete a person who is not related to him."

Both Radevdev and Tom were relieved. Radevdev said, "Dude, you are really scared to me."

Tom said, "Just to make sure that Zhou Tianming is okay. He is our arm support. Although there is 300,000 missing in the fortress, the other 300,000 plus Alice's recruits are enough for Lu Yang's first job."
"

Alice said proudly: "Of course. I found 10 very guilds this time. The strength is not weaker than the elite corps of the Iron Brotherhood. There are also 12 subsidiary associations of the Iron Brotherhood. "

"Let them act now." Sanyou Weimen said.

Alice shook her head and said, "No, the first game of black gauze and Lu Yang played against. Zhou Tianming's rebellion could disrupt Lu Yang's mind, but the second round did not. I want to rebel them in the second round. Lu Yang's mind was disturbed. "

"It's okay," Santoemon said.

"Hey." Tom sneered and said, "Now Lu Yang is surrounded by enemies, like a big ship about to sink, let us give him a final blow."

"The whole army is accelerating." Sanyouweimen looked at the tiger mouth fortress that can be seen in the distance, crushing the acceleration scroll in his hand.

Alice also crushed the acceleration scroll. She sent a message to Han Sha: "Before the start of the second game, you collectively betrayed and attacked the fortresses of the Iron Brotherhood that had been agreed in advance."

Han Sha and Han Yu are waiting for Alice's order Seeing the news, Han Sha smiled at Han Yu and others around him and said, "What are you guys all about? Message. "

Each of the nine said that they all had the same order, apparently sent by Alice. Han Sha said, "This stupid woman, let me report to my brother."

Alice's previous order to Hansha was to attack the Dingzhou fortress, but everyone's order was different. Almost every 3 small guilds cooperated to attack a fortress, mainly to cause trouble for Lu Yang.

In fact, this is also a place where Alice is clever. She did not gather all the guilds together like last time. When the final crash occurred, she collapsed all at once. Instead, the guilds were all dispersed. The way of troops attacked and disturbed Lu Hua in various places in the Huaxia area.

If it is said that Lu Yang did not get the detailed information of these guilds in advance from Tu Feng, it is really a troublesome thing.

After listening to Han Sha's report, Lu Yang said, "Ten of you immediately took someone to the Freedom City, and arrived an hour later, and saw twelve such as Xuanshui Pavilion, Tianxiaye, Wang Jue, and Chaotian Yijian. All the guilds are killed. "

The twelve guilds are affiliated guilds of the Brotherhood of the Iron Blood, and the absolute main force of this betrayal. Lu Yang went on to say: "Alice issued orders that were all secret orders. They absolutely did not know the reason for your coming. hit."

"Brother, rest assured, leave it to us." Han Sha said.

Chapter 1558 - Tiger mouth battle 1

Lu Yang closed the intercom and looked at the time. There were less than 40 minutes left to play the final. He changed his clothes and came to the playing field.

Today is the final. Lu Yang should have competed in the East China Sea e-sports stadium because of the war. Lu Yang was allowed to go to the venue for the final battle.

Now it's almost time, Wu Tian left to go downstairs, rushed to the playing field by car, and when he came on, he was less than 10 minutes away from the game.

At this time, outside the Tiger Mouth Fortress, more than 2 million players led by the White Lion, Xia Yuwei and Tianyao have walked out of the fortress and opened their formation. Opposite to them, the first batch of 5 million elites of the nine strongest guilds have stood. Opposite the White Lion and others, there were more than 7 million people on both sides, and dozens of maps were filled with people outside the Tiger Mouth Fortress.

"The battle is about to begin." Black and white said to Lu Yang holding the tablet.

Lu Luyang finally glanced at the picture on the tablet. He knew that not only the battle was about to start, but also the turntable that determined Zhou Tianming's life could be turned, and everything started in these ten minutes.

我们 "We enter the field, I believe your apprentice Black Knife, and White Lion their ability, but I believe that Zhou Tianming's life is hard enough." Lu Yang opened the door, stepped out of the car, and walked into the stadium.

There were a lot of people on the field, and the host Du Bin was speaking. He heard that Lu Yang was coming from the headset. Du Bin was relieved and shouted quickly: "Let us invite another participant in this game, too. The champion of the individual competitions of the three competitions, Lu Yang, the chairman of China's largest consortium, and the great lord of New Territories occupying one-fifth of the territory, came to power. "

The cheering of the audience suddenly began, Lu Yang organized his clothes, walked into the center of the venue with a confident smile, and stood beside Dubin.

“Good brother, you are finally here.” Du Bin hugs Lu Yang in excitement, and then said, “I heard that the nine strongest guilds in the central region united 15 million people to attack your tiger fortress, and told the audience at the scene, How’s it going.”

Lu Yang took the microphone with a smile, looked at the audience around the venue, and said, “With the presence of the Brotherhood of Iron Blood, no one can break through the tiger fortress. My guild players and I will defeat all the enemies. Alliance, win! “

Cheers rose again.

Black Gauze was standing on the other side of Dubin. She stared at Lu Yang, the nine strongest guilds in the central region, and 15 million people attacked together. Lu Yang had only one guild and insufficiently prepared players, but she was still able to do so. Calmly, she admires Lu Yang’s strength very much, but everything is gone in the past.

Zhou Tianming’s rebellion is now, and Hei Sha took out her watch and looked at the time. This was the time she and Alice had faced. It was China Time, which happened to be three o’clock in the afternoon.

Hei Sha looked at Du Bin, who was still talking to Lu Yang, and said, “Can I interrupt?”

Dubin is praising the ferocity of the Jagged Brothers League last time when they defeated the coalition forces of Olma and Mitomon and others. Hearing back, he said, “Of course.”

Hei Sha looked at Lu Yang and said, “You are Lu Yang, the chairman of the Iron Brotherhood.”

Lu Yang looked at the black yarn. He saw it when he came to power just now. The black yarn is as beautiful as it really is. He sees himself better than he sees in the game. He said, “What is the advice of the black yarn president? “

Heisha officially established the Guild Black Cross, with a smug smile on her face, saying, “Don’t dare to teach, just to tell you that the last time the Brotherhood of the Iron Blood blocked the joint attack of the nine strongest guilds is because of you Internal unity, but today, I want to tell you that from this moment on, Zhou Tianming officially broke away from the Iron Brotherhood and formed the division’s king. “

The audience was stunned, and Dubin looked at Heisha with an unbelievable expression, saying, "What's your source?"

Seeing everyone's expressions more embarrassed, Heisha said, "Can you put a live video?"

当 "When, of course," Dubin said.

Heisha slammed his right hand, and Zhou Tianming suddenly appeared on the four large screens in the middle of the field.

In the Hilton Hotel in Mexico, Zhou Tianming wore a formal outfit and said with a vigorous voice: "Iron Brotherhood belongs to my brothers of Zhou Tianming. From today, I officially withdraw from the Jagged Brotherhood and would like to follow my Players, please exit the guild immediately. See you in the game. "

Zhou Tianming waved at the screen and the video was closed. He knew that it was time for him to do something and said to Galga standing opposite him: "Do n't bother me from now on, I will enter the game and prepare for battle. "

Gelga's chief said with a smile: "Please do not hesitate to interfere with you, otherwise the old assembly will kill us."

Hold a few people together, although on the bright side they are saying they are afraid to disturb, but in fact they are saying that he dares to move, and Gerga will kill him.

Zhou Tianming hasn't met with Bagley and Han Zhong until now, and I don't know if Lu Yang can still save him. The only thing he can do now is to do his job and kill the nine strongest guilds. Catapult Legion.

进入 He entered the game and appeared in a village outside the Tiger Mouth Fortress He took out a teleportation scepter, the light flashed, and Zhou Tianming appeared on the battlefield outside the Tiger Mouth Fortress.

At this point, the Iron Lion Brotherhood brought by the White Lions was already fighting with the nine strongest guild coalitions led by Olma. When Zhou Tianming appeared, the 300,000 Zhou Tianming Legion that was originally responsible for assisting the attack on the flanks, The heads of 30 legions also changed their attack mode from guild mode to team attack.

“The whole army listened to my order, turned the muzzle, and attacked the wing of the Iron Brotherhood. From now on, we are only under the control of Chairman Zhou Tianming, and it has nothing to do with the Iron Brotherhood.”

Uh ...

The leaders of several legions who have been rebelled have shouted at the same time. The remaining ones who do not want to betrayal, seeing Zhou Tianming has come, taken in kindness, can only choose to betray, and take players to turn around to attack the wing of the Iron Blood Brotherhood.

Because during this time, the iron brother brother alliance has been arguing about Zhou Tianming and bitter love half-life discord, Lu Yang favored half-life to suppress Zhou Tianming, Zhou Tianming's players have long complained about the iron brother brother.

Before this battle, these elites were again hard-working 160-level dark gold suits made by Lu Yang for no reason. They were even more dissatisfied. Now Zhou Tianming shouted out, and the anger of 300,000 people seemed to have found a breakthrough and turned into The flood of the breakwater rushed past.

Xi Xia Yuwei's team was on this side, facing a sudden backlash of 300,000 people, the flanks were instantly chaotic, and even the whole was chaotic.

Olma and Sanyouweimen took advantage of this opportunity to roar loudly, more than 5 million people besieged, White Lion and others tried their best to defend or were all killed in the tiger mouth fortress, and under the powerful attack of Olma, the tiger Mouth's first fortress was instantly broken.

Inside the stadium, the big screen turned off, the picture was over, and the audience booed. Du Bin saw Lu Yang's nervous expression and frowned at the podium. Several strange Europeans with blond hair and white skin were Standing at the railing, holding a wine glass in his hand.

Dubin frowned and said loudly with a microphone in hand: "What happened just now was a serious accident. I don't know who released the video, but I will definitely follow up and make this person pay the price. It is suggested that the game be postponed, this will have too much impact on the players."

In the referee team, the blond mustache and the British referee came up and said to Dubin: "I can't agree with your request, or let the two sides play. If one party is unwilling to play, the result is to abstain."

宾 Dubin was anxious, pointed to the referee and said, "This is not fair."

The referee ignored it, returned to his seat, pointed to the time, and the game should start immediately.

宾 Du Bin looked at Lu Yang and asked, "Can you do that?"

Lu Luyang looked dignified and said, "How to fight this, all I think about is the tiger mouth fortress. If the fortress is lost, my foundation in the Huaxia region will be gone."

Hei Sha was excited when he heard Lu Yang's words, turned to the helmet area, and said, "Chairman Lu Yang, I have advanced the game, we will see you in the game."

"This **** woman is really in danger." Dubin whispered off the microphone.

"This is what they jointly worked out, let me try it." Lu Yang turned and walked towards his helmet area.

At the time of the two people's final debugging, there was a mess in the field. All players in the audience booed together, despising the people who played the video, and even despised the presidency.

Those who want to watch the highest level of competition, all hope to have a fair and fair game mechanism. Before the game, the video of the defeat of the Brotherhood of Iron Blood and the rebellion of Zhou Tianming is obviously for the purpose of interfering with Lu Yang. This is what no pure player does. Allowed.

On the podium, several Europeans looked at each other. One of them smiled and said, "Lu Yang should not win, we can go."

The other people nodded, and they also didn't think they needed to watch it anymore. Obviously, Lu Yang's mental chaos could be seen. In this case, the black gauze is still the top master, with top equipment, it is easy to kill Lu Yang.

In the market, all the lights were dimmed, and the middle area suddenly projected the image of the arena. Lu Yang and Heisha were standing at the two ends of the arena and were doing the final test.

The audience suddenly stopped booing, watching Lu Yang quietly in the venue. Many female fans who liked Lu Yang shed tears, and they were so distressed to Lu Yang.

After such a quiet time two or three minutes passed, I suddenly didn't know who shouted aloud.

"Luyang, come on."

The market was instantly detonated, and players one after another shouted.

"Luyang, come on."

"we support you."

Uh ...

In the high-precision security room, Lu Yang could hear the cheering sound from outside. He was grateful internally, but his face was still solemn. Now it is time for him to act. No matter what, he cannot be exposed. Otherwise, This play is boring.

After he finished the test, there was no problem with the helmet. Lu Yang looked up and looked coldly at the opposite black veil.

Coincidentally, the black gauze was also finished, and he took the initiative to walk to the light spot. Looking at Lu Yang, she said proudly: "Chairman Lu Yang, don't look at me with this look, you should think about Zhou Tianming's betrayal , How many people will let you quit the guild, and how much it will hurt you. "

Lu Luyang walked to the light spot, waved his hand, and drew four avatars. He said to Heisha, "You are too despicable. In order to win the championship, this kind of insidious trick was used."

With a proud smile at the corner of his mouth, Hei Xia said, "It's not that we are using a negative move, but that you are too bad. Even those who started with you like Zhou Tianming can betray you, and you should reflect on yourself."

System Tip: Countdown to the game

2

1

Start!

The two men lifted the attack ban, and Heisha saw the hole in Lu Yang's eyes, and she suddenly launched an attack.

“Video pressure”

A black shadow suddenly pounced on Lu Yang's body, and Lu Yang instantly understood that it was Heisha trying to see if he was pretending. If he was hit in this shot, it was fake. If he avoided it, he was really worried.

“Flame Shock”

Lu Yang raised his hand and pointed at the shadow of the black yarn and the black yarn behind him. This is a straight line, both the shadow and the body can hit.

“Shadow Flash”

The black gauze turned into a ghost image in situ, and the flames hit the air. When she emerged from the ghost image, a proud expression appeared on her face.

She was really testing Lu Yang just now, but when she saw Lu Yang started, she handed in her first control skill to make her face look happy. She understood that Lu Yang was really confused.

If you think about it, following his three-year-old confidant general, one of the three strongest vice-chairmen of the Jagged Brothers Alliance announced that he had betrayed in front of the whole world. Tiger mouth is the hardest time for the Jagged Brotherhood.

The video I just showed is that the first city wall with the strongest defense of the tiger mouth fortress was breached. If Lu Yang's mind is not affected, then Lu Yang will not be human.

The red lips of the black gauze draw a beautiful arc said to Lu Yang: "Our miserable President of China, I want to go."

Black yarn quickly ran around the arc along Lu Yang's left side, and at the same time, every time she ran, her body flew out of a shadow.

"Shadow Strike"

This is a black gauze's trick, but it is not a skill inherent in the game. It is open to her. Based on her strong reaction speed, she can release a shadow every second to attack the target when running around a person.

The attack of Lu Heisa on Lu Yang was not a person attacking Lu Yang's body, but an attack on five avatars at the same time. For a time, Lu Yang's five bodies were attacked one by one, so that he was beaten up.

"Assassination of Water Mist"

Lu Yang's consciousness entered the water body, and a heavy mist sprayed in the middle of the site. At one time, the entire site was covered by the heavy fog.

As soon as the black gauze eyes turned on, she was most proud of listening to the sound. Her ears were different from ordinary people. If someone was within 30 meters of her, she could use her ears to know the exact position of the other party, and the game was absolutely quiet. She can hear farther, reaching 85 meters.

Heisha knew that her opportunity came. She wanted to attack Lu Yang originally. At this time, she stood still and put on a defensive posture. In fact, she was waiting for Lu Yang to come forward, but actually, She is determining Lu Yang's position.

Chapter 1560 - Second round

In the arena, the water mist can only last for 10 seconds. If you want to attack the opponent, you can only use the water mage's melee skills. No long-range spells are allowed. This is a new rule this year.

Lu Yang wants to use magic to attack the black veil, he must wait for the water mist to end, that is, Lu Yang needs to run to a quiet place to launch the attack within 10 seconds, so Lu Yang does not need to surrender the flashes and escape A dagger, as long as the running time is enough.

Lu Yang carefully looked at the black yarn, the control body and the four avatars ran towards the black yarn at 3 o'clock. While running, Lu Yang stared at the black yarn carefully.

Heiyue's ears came out, and she listened to the sound of Luyang Yang's running very carefully. She determined that the five bodies ran together. When Luyang stopped, Heiye also determined the specific position of Luyang, which was in her 3 60 meters away from the clock.

She knew that it was time to launch her own offense, and now Lu Yang must think he was in the safest environment, and his mind would be disturbed by things off the field.

"Shadow attack!" Black gauze and red lips scratched a beautiful arc, and suddenly disappeared in place. The next second, she appeared behind Master Lu Yangtu, and when she launched the attack the next second, a flame took her. Entangled tightly.

"Fire Snake Bondage"

Lu Yang's Fire Master didn't know when he suddenly turned around, and the front end of his staff was blazing fire.

"Impossible? How do you know I'm here." Heisha thought that Lu Yang would walk in the mist of water and think about Zhou Tianming's affairs. Under the control, Heisha was stunned.

“There are many impossible things.” Lu Yang stepped forward to Heisha, punching his left hand in the right face of Heisha.

“嘭”

With a loud noise, the black yarn flew back uncontrollably. According to the past, Lu Yang was beating. This time, Lu Yang was really enraged by the shamelessness of Heisa and Olma. Beat the face of black gauze.

“Earth to Earth”

With a little ground on the staff of Lu Yang’s right hand, the black gauze flying up in the air was hit by flames to the sky.

“Pyroblast”

“Pyroblast”

...

Four consecutive pyrotechnics, each of them hit the black gauze’s body accurately, and she was about to fall. After being attacked, she delayed the flight by an additional 0.5 seconds. After 4 attacks, Lu Yang quickly moved backwards. Fly up a distance of 10 meters.

“Earth to Earth”

The black gauze just landed, and the ground flared into the sky, sending him to the sky for the second time, and Lu Yang said a spell.

“Pyroblast”

“Pyroblast”

...

After receiving four inflammation techniques, Lu Yang retreated 20 meters and hit the third round of ground fire. This set of moves was taken down, and Lu Yang had enough 11 points of anger, but he did not use it.

“Meteorite Falls”

A meteorite fell in the sky, and the black gauze just landed. She quickly got up and did not dare to resist this move. She could only be forced to use the escape ability.

“Shadow Flash”

The black gauze disappeared in place and appeared at 9 o'clock 60 meters away, but just after she landed, Lu Yang seemed to have predicted that she would run away.

“Destruction Cannon”

A large flame light bomb hit before the black yarn launched a jump. When flying in the air, the black yarn shadow flashed to the ground and appeared just in front of the flame light bomb.

“boom”

With a loud noise, the black gauze was stunned for 3 seconds.

“badge”

Heisha was dumbfounded. She didn't know how Lu Yang mastered her escape route. Under panic, Heisha continued to evade skills.

“Chaos”

Black yarn disappears in place for 5 seconds. This is the ultimate skill of black yarn. When this skill is activated, enemies within 10 meters will be attacked by black yarn every second, but the black yarn itself will not be attacked. Only after 5 seconds will the body be revealed, which is equal to the time that he cannot be harmed for 5 seconds.

This trick should be a skill that can be used by Black Gauze at the most difficult time. I did not expect to hand it over in less than 2 minutes.

When Lu Yang saw it, he knew that he had won. He sneered, delaying for 3 seconds, and spelled out in his mouth.

“Flame Crossblade”

“Thunder Shock”

“Blast of Light”

The three mages chanted a spell at the same time, and the energy was concentrated on the front end of the staff of the fire magic body. Lu Yang controlled the body to point forward.

“Hybrid Spell-Ghost Knife”

A magenta-colored energy knife with a long light tail draws a beautiful straight line in the air. At the moment when the black yarn emerges from the chaos, the ghost knife is hitting the face door.

“boom”

With a loud noise, a black-and-white light suddenly appeared from the body of the black gauze. Lu Yang knew that it was the function of the silver clock.

Heisha also knew that the most helpless thing about Chaoying was the moment it appeared. It was still in the original position, and it was easy to be caught. However, Lu Yang didn't expect it to be so accurate and didn't give her a chance.

"I won this round." Lu Yang suddenly appeared in front of Heisha, with a spell in his mouth.

"Yan Yang Suo"

All the escape and reconciliation control skills of Heisha have been used up. Facing Lu Yang's super control, he can only helplessly stand in place and stare at Luyang's eyes, and asks: "Tell me why you are not disturbed by Zhou Tianming."

Lu Yang sneered and said, "How can I be disturbed by this incident in the 200 million Euro finals? You are really stupid. Besides, Zhou Tianming is not going to be a day or two anymore. I am used to it."

The black gauze was at a loss.

System prompt: Lu Yang wins the first battle!

Lu Yang returned to the light spot and said to Heisha: "Let's play the second game and end the battle as soon as possible."

The black gauze stared at the landing sun. The original frowning eyebrows opened, a slight smile appeared on the corner of his mouth, and said, "The more people think about it, the more I don't do it, the more you say that you will not be disturbed, in fact you are still disturbed Now."

Lu Yang said, "So what, I won the first game. As long as the second game also defeated you, I returned to the tiger's mouth, and can still stop your attack."

Gauze twitched her hair and said, "What if I tell you, is there a rebellion inside you?"

Lu Yang said with a frown: "I had expected that I would re-screen the affiliated guilds, led by the half-life of bitter love, a total of more than 1 million people, waiting for the people you recruit."

Dingzhou Fortress.

Belonging to the Huaxia region, nearly 5 million rebelled players are under the leadership of the four guilds of Xuanshui Pavilion, Tian Xia Ye, Wang Jue, and Chao Tian Yi Jian. On the other side of the fortress, Li Guangzheng called for it. More than 5 million players, a total of more than 10 million on both sides.

In the fortress of Dingzhou, only more than 3 million people defended. The fortress was stuck in the middle of the two mountains, and the range of attack was limited, otherwise it would have been lost. Moreover, at this time, the South Korean area, except this Dingzhou city, The rest of the fortress were all lost.

On the side of the Brotherhood of Iron Blood, bitter love is taking people to defend the Chiyang Fortress. This is the only eight-level fortress of the Brotherhood of Iron Blood. If it is lost, the previous cultivation and life skills can no longer be learned. In this way, The consequence is that bitter love has no ability to support, and can only watch the rebels attack Dingzhou City.

Heisha heard the battle report from Alice. After putting down the intercom, she looked at Lu Yang proudly and said, "Your Dingzhou City was immediately lost, the South Korean area was gone, and then the Indian area. Those who were countered by us People will eat away one by one around the Chiyang Fortress, and you lose. "

Lu Yang stared at the black gauze coldly, and said, "Less nonsense, hurry up."

Black gauze was standing next to the light spot, but she just didn't stand up. She just liked to look at Lu Yang's anxious and nervous look. The more she did, the more fulfillment she felt.

Time dragged on like this for a minute and a second. Lu Yang watched if the black gauze would go at 1:30, and curiously sent a message to Han Sha, asking, "Where are you?"

Han Sha is leading 300,000 people behind Chaotian Yijian Guild, waiting to launch an attack. Seeing the news of Lu Yang, he said with a smile: "Alice's last order just issued, all the rebel guilds attack Dingzhou collectively. City, I am the last wave of attack. It seems that Dingzhou City can persist for three or four hours. I am finishing my formation and preparing to attack them. "

Lu Yang said: "Listen to my order, I will play the second game and go to you first. As a last resort, do not launch an attack."

"Yes," Han Sha said.

Lu Yang ended the call, looked at Heisha, and said, "You won't succeed, I will definitely get this mess back."

Before the change, Lu Yang would definitely not speak like this. Heisha felt that Lu Yang was incoherent. She knew that the time was up and took the initiative to stand on the light spot and said, "Okay, then I will complete you."

System prompt: match countdown

Start!

The light flashed and the two's ban was lifted. Lu Yang watched Heisha alertly, summoning the four avatars and not immediately launching an attack.

Hei Sha is not in a hurry to fight, the longer the delay, the more beneficial to her, and can make Lu Yang irritable and find loopholes then is the best time for her attack.

“Chairman Lu Yang, now the Indian region you control is messed up, the South Korean region is also messed up, your inner region is even more messed up, Zhou Tianming betrayed you, how do you say you are so miserable?” Heisha The beautiful face spit out such vicious words.

Lu Yang stared at the black gauze and said, “That’s my family business, it has nothing to do with you.”

“I’m just curious? How can you be so miserable?” Heisha continued to taunt.

If the black yarn finally wins, Black yarn has already thought about responding to the reporter’s words: she will definitely apologize to Lu Yang seriously, and said that the series of words will only be said during the game, in private she I respect President Lu Yang very much, and I dare not offend. The events in the game have been contested. I hope that there will be a lot of adults in President Lu Yang.

The more she thought about the black gauze, the happier she was. She seemed to be able to see that in the second game, she had to take the initiative to force Lu Yang to take the initiative, so that Lu Yang was in chaos, and she was defeated by various flaws.
