

# Catch Me If You Love Me Chapter 155

Liam Lu trembled all over, curled up on the ground in pain, with cold sweats on his forehead, his face gradually distorted in extreme pain.

He panted violently, his scarlet eyes looked at Zoey Gu, and he reached out and clasped her wrists, and said in a dumb voice.

“I can hold it.”

“Zoey, you are obedient, the more you leave here when you look for it, back to Berven City and wait for me.”

Seeing his painful appearance, Zoey Gu only shed tears in distress.

“I won’t leave, I’ll be here with you.”

Realizing that he might be ill again, she suddenly raised her hand, holding Liam Lu’s face and breaking it!

That face was fiercely violent with blue veins, hideous and bloody, more terrifying than ever.

Zoey Gu took a long breath, eyes full of incredible!

“She is your grandma, how can she give you such a heavy hand?!”

After she finished speaking, she gritted her teeth fiercely, raised her hand and pulled away the clothes in front of her, and when she was possessed, she pulled the home clothes on Liam Lu’s body.

A big powerful hand clasped her wrist firmly, “Zoey Gu, what are you doing?!”

“Go to bed with you and help you relieve the medicine.” She has never been so determined once.

“No!”

Liam Lu had a hideous face, and his whole person seemed to be in extreme pain, but he still gritted his teeth and looked at Zoey Gu, and said clearly every word.

“I, say, no, want!”

As he said, he curled up in pain, gritted his teeth and sullen his face, his voice softened.

“This is the Lu family. Someone will find you at any time. Zoey, don’t make me feel that I can’t protect you at this time. I will look down on myself.”

In those words, there was even a hint of prayer...

Zoey Gu stubbornly grabbed his hands and shook his hands, tears streaming out all of a sudden.

“Liam...”

She choked and hugged his trembling body helplessly, and her heart throbbed beyond the pain.

“Then you say, what should I do, how can I help you...”

If so, she can also be like Anna Yun before...

Zoey raised her eyes sharply, and a word flashed clearly in her mind.

blood.

Anna Yun once relied on his own blood to stabilize Liam Lu’s condition. Later, she used her body to relieve Liam Lu’s condition.

Is it possible that her blood is also effective for Liam Lu?

The next second, Zoey Gu suddenly let go of Liam Lu’s hand, turned around and plunged into the mess all over the floor, picked up the shattered porcelain piece, and cut it hard at his finger.

The piercing pain instantly hit the whole body.

Then the blood “click, click” on the floor.

Liam Lu gasped in pain and raised his eyes faintly. Zoey Gu suddenly threw himself on him again, raising his hand to break his mouth.

The fishy liquid was forced into his mouth drop by drop.

Realizing what it was, Liam Lu shocked all over and his eyes widened suddenly.

“Zoey!”

The man reddened his eyes suddenly, staring at her stubbornly, opening his mouth to say something, but he was like a throat in an instant.

Zoey Gu didn’t know where his strength was, and his whole body was pressed firmly on Liam Lu, squeezing blood into his mouth stubbornly.

She has only one thought in her head.

Get well, let him get better right away!

can...

In the next second, Liam Lu suddenly stiffened, and an even more painful roar suddenly appeared in his mouth.

“what...”

He hugged his body, his face twisted to the side!
