

Chapter 1579 - 1580 of A Dish Best Served Cold Novel

Chapter 1579

Mark thought to himself, his mood suddenly improved a lot.

At this time, Ericson and others had already brought Mark to the front of the truck.

“Mr. Chu, all the jade I’m waiting for is here.”

“Yeah.”

Mark nodded, “If that’s the case, then open the box and let me have a look.”

“Good!” Ericson nodded immediately.

Then, he stepped out, looked around, and sighed in a deep voice: “Open!” Ericson’s words were like a stone falling into the sea, causing a thousand waves of waves.

In an instant, the bigwigs of all parties yelled: “Open!” “Open~” With the order of Ericson and others, I saw in front of me, countless car doors opened and canvas fell, almost instantly, countless precious stones, Soaring into the sky!

The crystal clear jade reflects the dazzling sunlight.

The dazzling brilliance can still be felt even if the distance is kilometers apart.

“My God!” “What’s that?” “What a dazzling light?” The entire Yeyang Town was enveloped by jewels, and in an instant, countless people shouted in silence.

After seeing one after another, they all walked out of the house and gathered.

Samantha Ye and others are naturally no exception in Ye Family’s old house.

They were all attracted by the jewel-like aura and rushed towards the place where the light was shining.

However, when Ye Tian, Ye Ya and others arrived, they were shocked almost instantly.

I saw that at the entrance of the village, countless trucks were endless.

Every car is full of jade.

Wenrun, gorgeous, crystal clear.

Under the sunlight, looking from a distance, it seems like a dazzling brilliance, flowing on the car.

Of course, the more shocking people are by no means these jade stones.

Rather, the handsome boy who stands proudly under the sky and is worshipped by the heroes!

..... “Wrilfill Li Family Patriarch Ericson, Mr. Chu, ten tons of jade!” “Denham Lei third, on behalf of Lei family, present Mr. Chu, ten tons of jade!” “Edensberg Chen Ao, on behalf of the Chen Group, presenting Mr. Chu, ten tons of jade!” “Fenghai Mafei, on behalf of Ma Jia, presenting Mr. Chu, five tons of jade!”

“Haozhou Wang Jiexi, on behalf of Wang’s family, present Mr. Chu, seven tons of jade!” One figure after another walked out, one after another clasped fists and bowed, and one after another voices of respect echoed the sky.

Seeing the scene in front of me, the crowd onlookers in the distance were all dumbfounded.

“This...this...”

“This is all, given to Mark?” Samantha Ye and the others said silently, her beautiful eyes widening.

In my heart, there are stormy waves swept across.

This is all jade~ They have lived for so many years, but this is the first time they have seen someone deliver jade by ton.

You know, these are not the crude jade wool, but the gems of good texture.

Among them, there is no shortage of top famous jade such as Hetian jade and mutton jade.

According to Samantha Ye’s knowledge, the top gems can reach tens of thousands in one gram.

These things, even if they don’t reach the level of top gems, are worth as much as gold.

In other words, this ton of jade is worth hundreds of millions.

Today alone, the jade that Mark received was worth tens of billions.

Tens of billions?

“God!” “How much does it cost?” Samantha Ye’s eyes were red, and she was envious and jealous of Mark.

Anyway, among these dozens of cars, one car’s jade can be given to oneself.

Then their family has become a billionaire.

“It’s all for Mark?”

“Samantha Ye and the others said silently, their beautiful eyes widened. In their hearts, stormy waves swept across them. This is all jade~ It is the first time they have seen someone push jade out after so many years. Sent. You know, these are not the crude jade materials, but the gems of good texture. Among them, there are many top famous jade such as Hetian jade and mutton jade. According to Samantha Ye’s knowledge, top-level jade One gram of precious jade can reach tens of thousands. Even if these things do not reach the level of top precious jade, the value is probably comparable to gold. In other words, the value of this ton of jade is hundreds of millions. “How much does that cost?”

Chapter 1580

Thinking of this, Samantha Ye was full of enthusiasm.

In the end, Samantha Ye, who was blinded by greed, actually walked in the direction of Mark, hoping to get a share of it.

Although, she had a very bad attitude towards Mark before.

But after all, he was his aunt and Ye Ximei’s sister.

She didn’t believe it anymore, this Markniang was really so unfeeling, regardless of relatives?

Maybe, I sincerely apologized, Mark and their mothers would forgive themselves.

However, within a few steps, he was stopped by the bodyguard arranged by Ericson and others.

“Stop!” “Who are you?” “What are you going to do?” “Ahead is Mr. Chu discussing matters with the bigwigs of all parties, and people are not allowed to enter!” Jin Bao said coldly, in a blunt voice, without any discussion at all. Room.

Samantha Ye was immediately angry: “Bold, I’m going to meet my nephew, you guys, dare to stop?” “What shit nephew, hurry up! The little master didn’t want to accompany you to fool around here!” Jin Bao rolled his eyes and went straight. Cursed impatiently.

Finally, seeing that Samantha Ye didn’t cooperate at all, she still wanted to forcibly break in, and clamored to see Mark.

Jin Bao, who was furious, kicked Samantha Ye out.

“A bastard who lives and lives!” “Mr. Chu is also something you can see?” “Hurry up?!” Jin Bao cursed coldly.

Ahead, Samantha Ye was kicked to the ground, and Jiang Yulang brother and sister rushed to help.

“Mom, are you okay?” Jiang Yulang asked worriedly.

Samantha Ye’s face was pale, and she shook her head and said, “Yulang, Yuqing, mother is okay.”

While she was speaking, Samantha Ye had already stood up from the ground.

Samantha Ye was also a lot more sober after being kicked by Jin Bao.

She slowly got up and looked at the admired teenager in front of her. After a long time, she laughed at herself: “This life is really disillusioned.”

“Think of the teenager whom we all looked down upon before. Now, we He didn’t even have the qualifications to see him.”

With frustration, Samantha Ye also turned and left.

Ye Tian, Ye Ya and others from the Ye family left together.

They don’t want to watch it anymore.

This is the glory that belongs to Mark, what to do with them?

Looking further, it only adds to jealousy and troubles.

After returning to the old house, the guests who had come to pay Ye Tian and Ye Ya New Year greetings had to find excuses to leave.

After all, anyone with a discerning eye could see that the Ye family had offended a big man.

Ye Tian was dismissed for investigation, Ye Ya was banned by Lei Laosan, and even Samantha Ye's family who was far away in the river lost their job.

There are three Ye Family brothers and sisters, one is even more miserable than one.

Under Mingzhe's protection, everyone naturally didn't dare to stay anymore. They all wanted to clear the relationship with the Ye family, and got up and left without even eating.

Seeing it, the original lively and noisy Ye Family House suddenly became empty.

In the courtyard of Nuo Da, only the cold wind was left, and the slightest untouched wine and vegetables on the table.

Sometimes, life circumstances change so quickly.

A few hours ago, Ye Tian and others were still full of scenery, and guests from all walks of life came to congratulate them.

But who could have imagined that in a while, everyone would avoid it.

Even Qin Hongfei, Ye Tian's long-time friend, got up and left.
