

# Chapter 1589 – 1590 of A Dish Best Served Cold Novel

## Chapter 1589 Xu Lei's Concern

The words loneliness are taken apart, and there are children, fruits, dogs, mosquitoes and flies, enough to support an alley in the midsummer evening, full of human touch.

Under the willow shed for young children, small dogs chasing butterflies and narrow alleys, the world is full of laughter, but I have free wind on my temples.

The prosperity of the world has nothing to do with you. This is called loneliness.

Xu Lei at this time is undoubtedly this feeling.

One person looks at the lights of Wanjia, and one overlooks the prosperity of the world.

The laughter downstairs has nothing to do with her after all.

In the past, Xu Lei could still use work to relieve this feeling of loneliness.

But now, during the Vietnamese New Year, family reunion, fireworks all over the sky, but Xu Lei feels abandoned by the world.

His parents died early, and as for the other tribesmen, Xu Lei had almost no affection for them.

In this world, the only thing that still makes Xu Lei miss is that man.

but....

Xu Lei looked down at the phone again, picked it up, and put it down again.

She really wanted to make a phone call with him, even if she couldn't meet, or chat, she would be content if she could hear his voice.

But Xu Lei finally gave up this idea.

Her brother Mark has already established a family.

Own, why bother with Mark's brother's life?

Moreover, Mark has not contacted her for so many days.

Perhaps, Mark's brother no longer had her place in his heart.

Thinking like this in her heart, Xu Lei's face was buried deeper, and the stunning face was full of sadness and loss.

The low mood is incompatible with the bustling world outside.

In the room, the dim light flickered slowly, shining on this stunning woman, but it was a shadow that fell on the ground.

However, just when Xu Lei's mood fell to the extreme.

Om~ There was a rapid vibration, but it broke the calm here.

Xu Lei suddenly raised her head. When she saw the four characters "Brother Mark" appearing on her mobile phone, an unspeakable excitement and happiness instantly filled Xu Lei's heart.

As if the clouds had cleared away, the sun was shining in.

The previous depression disappeared in an instant.

Xu Lei couldn't wait to pick up the phone and press the answer button.

"Xiao Lei, happy new year."

On the phone, the man's warm voice came.

"Hmph, you still know to call me. I thought that Mark's brother had forgotten me."

Xu Lei said angrily, and the words contained resentment towards Mark.

Obviously, I was complaining about Mark and hadn't contacted her for many days.

After Mark heard it, he immediately explained with a wry smile: "Xiao Lei, I am busy now, so I forgot."

"Brother Mark is wrong. I will apologize in person when I have a chance in the future. Let's go ahead. ?" .....

Mark chatted with Xu Lei for a long time, talking about the past, the future, and the experience in the past ten years.

Of course, Xu Lei is basically talking about it.

The Xu Family Patriarch, who is usually cold, majestic and unsmiling, will only truly show his heart when facing her Mark brother.

Before you know it, the night is already late.

On the streets outside the window, the crowds of playing had long since dispersed, and the lights in the night market were all turned off and the doors closed.

Only then did Xu Lei realize that it was a bit late, and immediately said embarrassedly: "Brother Mark, I'm sorry, I talk a lot."

## Chapter 1590

"It's too late, you go and rest."

"Otherwise, Brother Mark is afraid that he will have to kneel on the washboard again."

Xu Lei giggled, and the silver bell-like laughter was particularly pleasant.

"Yeah."

Mark chuckled and nodded, "Xiao Lei, you also have to rest soon."

"This year, Brother Mark really has something to do with you."

"Wait next year, if I have a chance, I will go to Gritsberg to find you and spend the New Year with you."

.....

Soon, Mark hung up.

But in the room, the happy smile on Xu Lei's face was still rich.

Sometimes, a phone call from a loved one is enough to make people happy for many days.

However, when he was happy, Xu Lei ran to the living room.

There, there is a pot picking plant with luxuriant branches.

If you look closely, you can definitely see that a few fruits are looming among the green leaves.

This is the citrus carefully nurtured by Xu Lei.

“Brother Mark, when we were still in the Chu family, I remember that you liked Helens the most.”

“Now Xiaolei planted a plant for you.”

“Ten years, this time, I finally have the opportunity to give it to you. You’re here.”

Xu Lei has decided that when the Helens mature, she will take them to Noirfork to find Mark.

Once, Mark picked apples for her at Chu’s house.

Now, she has planted a citrus tree for him!

Mark naturally didn’t know Xu Lei’s thoughts.

After he finished the phone call, he went back to his room to rest.

One night passed quickly.

The next day, according to the plan, Helen Qiu will return to Wrilfill today, and Lei Laosan, Ji Yihai and other Denham bigwigs also came to see her off.

As for Ericson, Chen Ao and others, they all went back on the first day of the new year.

Therefore, the gifts that came today were all local dignitaries in Denham.

Of course, Helen Qiu alone didn’t have such a big face.

Lei San and the others were mainly for Mark’s face.

“Miss Qiu, how many more days have you not stayed in Denham?” “Why should you leave in a hurry?” “After a few days, I will take the time to accompany you and Mr. Chu to spend some time in Denham. It is not too late to leave?” Ji Yihai smiled politely.

Helen Qiu politely replied, “Jishi is polite, wait for the next time. There are many things at Wrilfill Company, and Mark is a handy shopkeeper again. I can only go back as soon as possible.”

When she said this, Helen Qiu Still not forgetting Mark’s glance.

There was obviously a bit of resentment in those beautiful eyes.

“Haha~” “Mr. Chu is really enviable with such a good wife as Miss Qiu.”

Lei Laosan also took the opportunity to compliment.

However, just as a few people were talking and laughing, a man suddenly broke in outside the company.

“Stop!” “Who?”

“Mr. Chu’s place, do you dare to enter?” “If you don’t want to survive?” The security guard at the door was furious and hurried to stop the man.

“Let go of me, I want to see Mark!” “I’m not convinced~” “I’m not satisfied!” .... “Mark, you come out for me!” “Come out!” The noise here soon caused trouble. The attention of Mark and others in the distance.

Lei San was immediately furious, and turned to the security guards and said angrily: “What do you do for food?” “Hurry up and drive this idiot away?” “I disturbed Mr. Chu and Madam, do you care about it?” “Yes. Yes, San Ye, his subordinates will chase him away now.”

The security guard said in panic.

And Mark suddenly smiled after noticing the incoming person.

He waved his hand and said lightly: “No need, let him come over.”
