

Chapter 159

Alyssa thought of Ryan and her tone went cold.

That kind of bastard didn't deserve to be a human being at all and should have died a long time ago.

Ella sensed the change in Alyssa's mood and said softly, "Alyssa, are you angry? I'm sorry. I didn't mean to mention that person. It's all my fault."

"It's not your fault. Then tomorrow I'll give you the letter. It's up to you whether you read it or not."

Alyssa respected Ella.

It was her choice.

"Then you help me throw away that letter! I don't want to read it."

"I think it's better to give you the letter." Alyssa smiled, "It's too late now. I won't disturb your rest. I'm so tired today and I need to rest early too. I'll see you at school tomorrow."

"Okay."

Alyssa hung up the phone first. She stretched and then closed her eyes.

She was so tired that she just lay down and fell asleep.

Leon walked in and saw Alyssa already asleep.

She slept soundly like a baby.

Leon was a little disappointed. He still wanted to talk to her for a few minutes.

He walked to Alyssa and kissed her gently on the cheek. She seemed to feel it and subconsciously moved.

Leon was suddenly a little nervous and angry with himself. Alyssa was asleep and he came to disturb her as naughty as he had been when he was a child.

But he just wanted to see her.

It was good to see her more.

Alyssa still slept soundly.

Leon wanted to go to bed. His eyes fell on the envelope in the distance.

Looking at the envelope, he was suddenly a little curious.

He looked at Alyssa, went over, and picked up the envelope. Then he put it under the light to look at it.

He couldn't read the words on the letter clearly, but he could make out that there was a letter inside.

Who wrote this to Alyssa?

Was it to express feelings?

Leon turned his head to look at Alyssa who was sleeping.

He couldn't help but open the envelope.

The letter inside the envelope was revealed.

This kind of neat handwriting was written by a student.

Leon finished reading the letter. His eyes fell on Alyssa's fair face. She was indeed excellent now, and it was normal for her to have suitors. However, he didn't expect that boy to compliment Alyssa's body. Were all college students nowadays so blunt?

He hadn't even seen Alyssa's body, but he described it as if he had.

It made him want to see her body now.

No way!

His wife was being coveted.

It must be his lack of charm.

He was nervous at this thought. So he came up to Alyssa and couldn't resist kissing her on the cheek.

At first, Alyssa didn't react. Then, Alyssa finally noticed something.

She opened her eyes and saw Leon's handsome face at once.

She suddenly forgot to refuse.

When Leon continued kissing her, she couldn't help but respond to Leon.

She was now wearing a thin nightgown.

Leon went over and gently took off her nightgown. His eyes and hands clearly felt her good figure.

He was sure that the guy who wrote the letter hadn't seen Alyssa's body.

It was simply too good to describe in words.

Those were just words that he had written out of his imagination.

The thought of it made Leon very proud. He came up to Alyssa's ear, "Alyssa."

Alyssa felt the hot breath he exhaled all over her body. She felt her whole body tickle and looked at Leon with sleepy eyes, "Hmm."

"You're all mine, aren't you?"

"Yes."

Alyssa could hardly stand it.

What was wrong with Leon?

It was like there was something seductive in his voice that made her feel like she was drunk. She now felt that her whole body was surrounded by a wave of heat.

"Leon, I can't take it." Alyssa felt that she was going to lose herself in the next moment. Her hand had grabbed his collar uncontrollably. When she tugged, the buttons on his collar actually fell off. She saw his strong chest.

It was like she was spying on him.

It was so exciting!

Alyssa blushed and lifted her head slightly to look over Leon's collar!

For a moment, she actually understood the madness of a voyeur.

She suddenly felt as if she had turned into a female rogue.

Luckily, Leon was already her husband. Otherwise, looking at her like this, he might be scared away.

Anyway, they were already married. Why did she still care about that?

Alyssa looked at Leon and kissed him.

Somehow she turned the tables.

"You ..." Leon, who was bewitched by Alyssa, was already under the covers, hugging Alyssa tightly. Now he was one step away from that.

"It's obvious that you kissed me first. And now you're blaming me. You're so strange. Then let's forget it."

She immediately stepped away from him.

In an instant, the room was quiet.

Leon instantly lost the heat he had just felt.

"Girl, you even have a temper."

"Humph!" Alyssa turned her head and ignored Leon.

Her back was turned to Leon, and her long hair was scattered on the pillow like seaweed. He suddenly felt a scent burrowing into his nose.

The scent was so enticing that he wanted to get close to her.

So ...

Two minutes later.

He took the initiative to hug her.

"No, I'm pregnant. The doctor said we couldn't do that last time. Have you forgotten that already?"

Leon frowned, but still felt uncomfortable. His large palm rubbed her slender waist.

He wasn't going to let her go. Even if he didn't do anything, he still wouldn't let her go.

Alyssa frowned and wanted to be angry. But when she looked at Leon, she couldn't get angry. She could only plead in a soft voice, "Don't do that to me, okay? I'll do whatever you want, okay?"

Alyssa's soft words were like a small fan in his heart. He stopped and looked at Alyssa.

Seeing Leon staring at her, Alyssa moved over and hugged him. She somehow felt as if Leon had something on his mind.

Her little head nuzzled into his arms as usual.

"What's wrong?"

"I saw it."

"Huh?!"

What did he see?

Alyssa hadn't reacted yet.

Leon's stern voice rang out.

"I read the letter from that guy. He adored you and complimented you. He also said you were the best girl he had ever seen."

Alyssa knew Leon was jealous.

But soon she sensed something was wrong.

"Leon, did you look at something you shouldn't? I ..." She turned her head and saw that the letter that was on the desk before had been opened.

She looked Leon in the eyes. His eyes sank slightly as if he knew he had done something wrong.
