

# Chapter 1593 - 1594 of A Dish Best Served Cold Novel

## Chapter 1593 You Are Not Willing?

When Ye Jian was lifted down, his face was pale, his eyes were full of shock, and his look decadent, as if he had been drawn out of his strength.

Obviously, what Mark said just now caused him a tremendous impact.

After all, Ye Jian was just a young junior, no matter his disposition and insights, he was naturally far away from someone like Lei San.

Now the worldview he has built for decades has been greatly impacted, and within a short period of time, it is naturally difficult for him to accept it.

However, what does he accept? What if he doesn't?

No one cares!

Mark and him have become passers-by after all.

In the future, there will be nothing to do.

Today, the reason why he told him this was just to tease him.

After Ye Jian was carried away, the world was calm.

But Ji Yihai and the others, looking at the humongous footprints under Mark's feet, and the scattered stones, the tremors in their hearts have been difficult to calm for a long time.

"Unexpectedly, people of martial arts can be so powerful that they can carry guns?" "No wonder, even the provincial governor treats this Mr. Chu so solemnly."

"Even sitting by and watching his power grow, now he even tacitly approves of his "Jiang Dong" The existence of the "emperor"!" "Presumably, he is also afraid of the martial arts power behind him."

Ji Yihai thought secretly, and the fear and awe of Mark in his heart were undoubtedly more intense.

Ji Yihai is in a high position, and he obviously knows something about the martial arts world.

He knew that there were warriors in this world.

But before that, Ji Yihai's understanding of them was only limited to hearsay.

After all, there are very few martial arts people, and ordinary people will never have access to them in their entire lives.

In addition, Huaxia has a dedicated department to manage these groups, so even if Ji Yihai is the master of a city, he still knows little about martial arts matters.

This is the first time that Mark's system has been told, so naturally my heart trembled.

Thinking of this, Ji Yihai deepened the idea of having a good relationship with Mark.

The strong, everyone is willing to make friends!

“Okay, Helen, it's not too late, let's go.”

“Delay again, when you arrive in Wrilfill, it will be dark.”

Mark's words broke the silence here.

Helen Qiu nodded, and then got into the car.

When she came, she drove by herself.

When I leave now, I am naturally driving back.

Mark was afraid of danger on the road before, so he wanted to arrange someone to send her off.

Helen Qiu refused.

“Miss Qiu, have a good journey!” “Be careful on the road~” The engine started, and Lei Laosan waved goodbye to Ji Yihai and the others.

However, Helen Qiu, who was already in the car at this time, suddenly poked her head out of the car window and said to Mark: “You come up and take me a while.”

Mark was taken aback, only a moment's hesitation, Helen Qiu looked forward to it. The gaze coming over has already brought a bit of “chill.”

“Why, you are not willing?” Helen Qiu glared at Mark with a pair of beautiful eyes.

“How can it be?” “I can’t ask for it!” “It’s my honor to be with my wife for a while.”

Mark smiled, and then quickly listened to his wife’s order and climbed into the passenger seat.

Seeing Mark’s full desire to survive, Ji Yihai suddenly twitched the corner of his eyes.

After a long time, he shook his head and smiled: “This is true. One thing drops one thing.”

“Who can believe that the powerful and powerful Mr. Chu is afraid of his wife?” “Haha” in the faint laughter, and There is not the slightest ridicule, but only envy and respect.

## Chapter 1594

“Wife, since you can’t bear me, or I will send you back to Wrifill today.”

“The big deal, I will come back tomorrow.”

Helen Qiu drove the car, carrying Mark along the streets of Denham.

Soon, he left the city and arrived at the outskirts of Denham City.

At this moment, Mark was smiling, and said to Helen Qiu.

Helen Qiu shook her head, with a bit of resentment in her words, and said angrily to Mark: “No, you just get off here.”

“You are a piece of wood, what can’t I bear?” Between words, Helen Qiu immediately braked and stopped the car on the side of the road, rushing Mark out.

Mark suddenly became a little confused.

I thought I didn’t provoke her to provoke her, how come I suddenly get angry?

“Are you okay?” Mark asked tentatively.

“Don’t worry about it.”

“Get off!” Helen Qiu’s words were full of resentment.

Seeing this, Mark had no choice but to say, “Okay, I really got out of the car.”

After speaking, Mark opened the car door and turned to get out of the car.

“You...”

Helen Qiu was going to be annoyed by Mark at the time. She had been so obvious that she really didn't see the wood at all?

Angrily, Helen Qiu hummed again: "You go, never come back..."

"However, who would have thought that before Helen Qiu's words were finished, Mark, who was about to get off the car, unexpectedly killed a carbine. He turned around abruptly, reached out and hugged Helen Qiu's seductive body, and then followed. In Helen Qiu's panic gaze, even if Mark's red lips were printed on, Helen Qiu's body was pressed under Mark's chest. "Woo~" In a flash, red lips Relatively, their lips and teeth meet. Under the panic, Helen Qiu screamed, her beautiful eyes widened, but she soon fell into the tenderness of Mark. The strong male aura of Mark, But it made Helen Qiu almost lost. At this moment, the world is silent, and everything is silent. Outside, only the cold wind blows slowly. Time is like eternity at this moment. I don't know how long it took before Helen Qiu came from inside the car. Humiliated voice. "Woo~" "Well, I can't breathe~" Helen Qiu's face flushed, and she didn't know if it was because of shyness or lack of oxygen. Mark bypassed her. He raised his head and looked at the stunning girl in front of him like this, with a smirk and said: "Now, should I be satisfied?"

"If you want to kiss me, just tell me directly."

"My old husband and wife, I don't laugh at you."

"Why are you so troublesome?"

When she heard this, Helen Qiu brushed her pretty face, making it even redder. The humiliated voice immediately sounded! "You shameless bastard!"

"Go to hell you~" "This lady doesn't want to kiss you?"

With an angry voice, Helen Qiu picked up a box of tissues from the car and smashed it towards Mark. Upon seeing this, Mark quickly got out of the car. Then, she watched Helen Qiu and gradually went east. The bad guy, being Mr. Chu is the same shamelessly~" Helen Qiu smiled lightly as she looked at the thin figure in the rearview mirror that was fading away. There was a strong attachment and happiness in her brows and eyes. "You bastard, within ten days, you must return to Wrifill."

"Otherwise, just wait!"

"The cold wind is bitter, and Helen Qiu's instructions before leaving. At this moment, Helen Qiu has gone away in the car, but Mark is still standing there. He looked into the distance and said nothing for a long time."
