

## Chapter 161

### The Policewoman Chapter 161

“Sorry, the user you have dialed is switched off, please dial again later .....” A similar shutdown beep came from Song Mingyuan’s mobile phone.

“How come the driver’s phone can’t be reached either? Could it be that .....” Song Mingyuan remembered the last time his daughter was kidnapped by the security chief and his lover Liu Tongshu in collusion, and felt something bad, so he hurriedly called Lin Kai’s number back.

“Mr. Lin, I ..... I can’t contact the driver either, I don’t know if he is with my daughter .....” Song Mingyuan spoke with a somewhat shaky voice.

Lin Kai felt that there was something fishy about this matter, something very wrong, hurriedly interrupted him and said, “Song Dong, you first take it easy, I will go to the school now to see what is going on?”

Without waiting for Song Mingyuan to say anything, Lin Kai then hung up the phone, ignoring the nurse lady’s objection, and hurriedly left the convalescent room, driving the Mercedes Benz that Song Lina had given him out of the military convalescent hospital and sped towards Yanjing University.

Lin Kai parked the car at the entrance of the university in one breath.

When he entered the campus, all his classmates who knew him looked at him with surprise, and some of them even came forward to greet him.

Lin Kai was so concerned about Song Linna’s safety that he didn’t have the heart to exchange pleasantries with them, and after a few curt words, he headed towards the girls’ dormitory in Building 2.

.....

After Zhang Xinyu and Liu Zixuan watched Song Linna leave in her family’s bulletproof Mercedes at the entrance of Yanjing University, the mobile phone in their pockets rang.

After answering the phone, Zhang Xinyu said to Liu Zixuan, “Zixuan, my boyfriend is looking for me for something, so I won’t be accompanying you today.”

“Hmph,” Liu Zixuan snorted coldly, “Just now you said that Song Lina is heavy on sex and light on friends, I think you are almost the same.”

“Hee hee,” Zhang Xin Yu winks, “You can also find one and get off as soon as possible, huh? If that’s not possible, just accept Wu Xudong!”

“Che, I don’t want to find that scoundrel!” Liu Zixuan bristled and glared at Zhang Xinyu before turning around and turning back to school.

As she had no classes this morning and no place to go, she skipped around the campus for a while before returning to Room 302 in Building 2 of the girls’ dormitory.

Feeling bored, she lay down on that top bunk of hers and played with her phone. After playing for a while, she felt her eyes swelling and sore, so she closed them.

.....

“Song Lina, Song Lina .....” Suddenly, a shout came from downstairs.

Liu Zixuan hurriedly opened her eyes, rolled over and got up, walked to the dormitory window, looked downstairs, saw Lin Kai standing downstairs shouting, hurriedly put his head out of the window.

Once she saw Lin Kai, Liu Zixuan felt a little surprised and shouted.

“Handsome, how come it’s you?”

“Liu Zixuan, is Song Lina in the dormitory?” Lin Kai asked eagerly.

“No,” Liu Zixuan said in surprise, “Didn’t Song Linna go to you in their family’s bulletproof Mercedes? Haven’t you seen her?”

“Shit, Song Linna was probably kidnapped again.” Lin Kai’s heart tightened.

“Lin Kai, did something happen?” Liu Zixuan inquired as she saw Lin Kai standing downstairs, acting like he was in a monkey wrench.

“No ..... nothing,” Lin Kai was afraid that Liu Zixuan would panic and couldn’t tell her about Song Linna’s disappearance for the time being, and said in a panic, “If Song Linna returns to school and you see her, tell her to contact me immediately .....”

Without waiting for Liu Zixuan to say anything, Lin Kai turned around and walked in the direction of the school entrance.

As he walked, he dialed Song Linna’s mobile phone, however, Song Linna’s mobile phone was never available, so he hurriedly called up Tang Huimin’s mobile phone and dialed it.

“Xiao Kai, I’m in a meeting at the bureau, what are you calling me for?” Tang Huimin’s lowered voice and the voice of Xiao Wenbin, the director of the Municipal Public Security Bureau, making a report came over the phone.

“We can’t get in touch with Song Lina, I guess she’s been kidnapped.” Lin Kai said anxiously.

“Ah? She’s been kidnapped again? What kind of person did that?” Tang Huimin’s voice rose several decibels, and Chief Xiao’s voice stopped as he spoke.

“I’m not sure for now, according to her classmates, she left in her family’s Mercedes sedan at the entrance of the school, can you have someone pull up the CCTV footage at the entrance of Yanjing University and check it out?” Lin Kai suggested.

“Okay, I’ll get on this right away, you wait for my news.” Tang Huimin hurriedly replied, and hung up the phone without waiting for Lin Kai to say anything.

Just after putting down Tang Huimin’s call, Song Mingyuan’s call came in.

“Mr. Lin, do you have any news of my daughter there?” Song Mingyuan’s eager voice came from the phone

“Song Dong, here’s the thing .....” Lin Kai repeated what Liu Zixuan had said to him in one breath.

“Ah? How could this happen?” Song Mingyuan was shocked and said, “I’ve been unable to contact my driver, so I guess I’ve encountered a kidnapping.”

“Could it be that your driver conspired with others to kidnap Song Lina?” Lin Kai, unaware that Song Mingyuan’s driver-cum-bodyguard had been strangled to death by Scarface, was suspicious of him.

“Most likely,” Song Mingyuan thought about it and said, “There’s no reason for my driver to betray me, is there?”

“Knowing people, don’t forget the last time that security chief of your company conspired with that woman beside you to kidnap Song Lina.” Lin Kai reminded.

“Ah, how could I be so careless?” Song Mingyuan suddenly remembered that this full-time driver of his had been recommended by Liu Tongshu, and his heart was in a panic as he said, “If I find out that the driver betrayed me, I will never forgive him!”

Lin Kai did not want to discuss this issue with Song Mingyuan over the phone and hurriedly said.

“Song Dong, I’ve already called for people from the Municipal Public Security Bureau to come over and investigate this matter, once I have news about Song Linna, I’ll tell you immediately, if you have information about Song Linna, call me as well.”

“Okay, I .....” Not allowing Song Mingyuan to finish his sentence, Lin Kai then hung up the phone.

Ring ring ring!

Just after putting down the phone, a call came in.

When Lin Kai saw that it was Tang Huimin calling, he hurriedly asked, “What’s the situation?”

“The situation is not good,” Tang Huimin said in a panic, “I saw a blond man and Scarface get into the Mercedes that Song Linna was riding in on the CCTV screen, they put a sack into the trunk shortly after, Song Linna came out of the school entrance and got into the sedan, which went in the direction of the eastern suburbs up .....”

“Shit, Song Linna has been kidnapped by Scarface.” Lin Kai said in an alarmed voice, “You quickly inform the police and traffic police to stop that car, otherwise, Song Linna’s life will be in danger.”

“Okay, I’ll arrange it now.” Tang Huimin said anxiously.

Putting down Tang Huimin’s phone call, Lin Kai thought to himself, “Since that gang has already taken action against Song Linna, they definitely won’t spare any woman who has dealings with me, will they do it to Jiang Mei?”

Thinking of this, Lin Kai’s heart was tense and he felt a chill down his spine and his palms were sweating as he hurriedly called out Jiang Mei’s phone number.

## **The Policewoman Chapter 162**

RING RING!

The phone rang twice before the other party picked it up.

“Brother Lin Kai, what is it that you are calling for me?” Jiang Mei’s sweet voice came from the phone.

“Have you seen Song Linna today?” Lin Kai asked eagerly.

“No,” Jiang Mei answered truthfully, “I haven’t seen her since I drove her home in the military sanatorium last night, what happened to her?”

“She’s disappeared and I’m looking around for her.” Lin Kai replied.

“Huh? How can that be?” Jiang Mei asked in surprise.

Lin Kai said, “The reason I came to the phone was to ask if you were safe and if anyone had laid hands on you, and now that I can get in touch with you, I’m relieved .....

“Thank you for your concern!” Jiang Mei said gratefully.

“Are you at the Jiang family compound?” Lin Kai inquired.

“No,” Jiang Mei replied, “I’m a bit unwell today, I didn’t go to the hotel, I’m resting at home, are you free now?”

“Yes, what’s wrong?” Lin Kai asked.

Jiang Mei replied, “If it’s convenient, you can come over.”

“Okay,” Lin Kai said readily, “Wait for me at the entrance of the district, I’ll drive there immediately and expect to arrive in twenty minutes.”

Without waiting for Jiang Mei to reply, Lin Kai hung up the phone, turned on the electronic navigation system and started the car to leave Yanjing University and head for Lijing Garden.

When Lin Kai drove to the Lijing Garden district, he saw Jiang Mei standing at the entrance of the district looking on from afar.

She was wearing a pure white dress, a pair of plump and towering snow peaks were stretched tightly, revealing her white arms and shoulders, the mature body was exquisite and convex, and the firm and graceful undulating lines were fully revealed.

The skirt is gently tied with a thin belt, and the two front bodices overlap each other to cover part of the skirt, so that the legs are hidden.

In addition to having a beautiful, mature charm, the whole body is also overflowing with a kind of bodybuilding-like provocative charm, the kind of delicate and soft, overflowing with the kind of rare beauty that people will not forget.

Lin Kai quickly drove his car over and pulled up beside her.

“Lin Kai, you’re here?” Jiang Mei was the first to greet Lin Kai, asking with a concerned look on her face, “Have you recovered from your injuries?”

“Do I look like I’m injured to you?” Lin Kai asked rhetorically.

“Hee hee, it seems that your injuries have healed,” Jiang Mei charmed him with a smile, reached out and pulled open the car door, sat on her butt in the passenger seat of the Mercedes and said, “I’ve already greeted the gate guard and asked him to let your car in.”

Lin Kai nodded and let go of the brakes as the Mercedes drove slowly towards the entrance of the district.

Under Jiang Mei’s guidance, Lin Kai drove the car into the car park on the negative ground floor and took the lift upstairs with Jiang Mei to the door of room 1501.

Jiang Mei used the key to open the door of the room.

After inviting Lin Kai into the room, she pointed to a bench leather sofa in the living room and said.

“Lin Kai, sit down first, I’ll make a cup of tea for you!”

“Don’t mention it!”

Lin Kai smiled at her and sat down on the sofa with one hip.

Jiang Mei made a cup of tea for Lin Kai.

After she put the cup of tea on the coffee table, she sat down in front of me and asked, “Lin Kai, what’s going on, isn’t Song Lina at school? How could she have disappeared?”

“It’s like this .....,” Lin Kai told me the story.

“This is simply terrible!” After hearing Lin Kai’s account, Jiang Mei was astonished.

Lin Kai admonished, “It’s impossible to say, you are also being watched by them, during this period of time, you should not go to the hotel if you can, and if there is anything, call me immediately.”

“Okay, I’ll do everything you say.” Jiang Mei suddenly fell into Lin Kai’s arms and placed her legs on the sofa as she said in a delicate voice, “With you by my side, Sister is safe.”

“Is that so?” Lin Kai laughed and mischievously caught her slender hand and played with it carefully.

Jiang Mei’s hands were very white and delicate, which Lin Kai had noticed long ago, and now he could play with them like this, which was a real pleasure.

However, not content with this, Lin Kai then went on to touch her feet, for he had long since discovered that her feet were beautiful and a treasure he could only dream of.

Now, although Lin Kai couldn’t see her feet, it was more practical to hold them in his hands and play with them. The smooth backs of her feet, the round heels, the soft curves of her soles, and the ten neat toes made him fall in love with them.

When Lin Kai played with the palms of Jiang Mei’s feet, the delicate and lovely little feet were like a carp struggling in his hands, which was a beautiful feeling.

Just as Lin Kai was reveling in this pleasure, Jiang Mei broke away from the feet he was playing with and sat up in a flash, burrowing into his chest.

“You’re touching me so much that my heart is about to jump out!” Jiang Mei whispered.

“Really? Let me feel it!” As he spoke, one of Lin Kai’s palms had already reached inside her dress.

Wow!

She was not wearing a bra, and the entire peak felt soft and elastic in Lin Kai’s palm.

Under Lin Kai’s kneading, Jiang Mei felt her whole body was soft, and she whispered in Lin Kai’s ear, “You are molesting me like this, I can’t stand it!”

Lin Kai deliberately asked, “Where can’t you stand it?”

“Nasty,” Jiang Mei punched Lin Kai lightly and said, “Asking questions knowingly!”

Lin Kai brought his mouth to her face and kissed her beautifully on her blossoming cheeks, and she turned her cherry mouth over to him and kissed him passionately.

Lin Kai put one hand under Jiang Mei’s skirt and felt the wetness and slipperiness there.

Jiang Mei was so excited that she kissed Lin Kai while she reached down and pulled the chain of his trousers open.

Understanding her need at the moment, Lin Kai then picked her up and sat her down on his lap.

.....

RING RING RING!

Suddenly, a sharp ringing of a mobile phone came from Lin Kai’s pocket.

It was very irritating to have someone call and harass at a critical moment.

Lin Kai was a little sorry and had not intended to answer the phone, but the ringing was persistent and kept on ringing, so he stopped his physical movements.

Lin Kai took out his mobile phone and found that it was a call from Tang Hui Min, and was momentarily unsure whether he should answer her call.

Jiang Mei mechanically scanned the screen of Lin Kai’s mobile phone and was shocked to see that it displayed Tang Huimin’s name and number.

She hurriedly jumped off Lin Kai’s lap and said, “Pick up the phone, is there something wrong with your sister-in-law calling?”

“Could it be that there’s news from Song Linna’s side?” After she reminded him, Lin Kai remembered that Song Linna had been kidnapped by Scarface and the others. He hurriedly pressed the answer button and asked, “Little aunt, what do you want to see me about?”

“Little ..... where are you?” Tang Huimin’s eager voice came from the phone.

“I ..... I’m out on an errand, what’s wrong?” Lin Kai said perfunctorily.

Tang Huimin hurriedly said, “There’s news from Song Lina.”

“Where is she now?” Lin Kai asked urgently.

“Song Linna has been kidnapped by Scarface and the others to the Japanese country,” Tang Huimin replied, “and we’ve investigated the identity of the foreigner Scarface was with through Interpol.”

“Who is it?” Lin Kai asked hurriedly.

“That man’s name is Robert, an international arms smuggler, and Scarface is just a bodyguard he hired,” Tang Huimin analyzed over the phone, “Their kidnapping of Song Linna is probably related to our retrieval of that fast laser film from Liberty Island last time, and our seizure of that shipment of arms from the Black Dragon Gang at the customs terminal. intercepting that shipment of arms supplies from the Black Dragon Gang at the customs docks .....

After listening to Tang Huimin’s account, Lin Kai’s heart suddenly went cold, because he knew that the Japanese country was a criminal country and a cradle of criminals.

After Song Linna was kidnapped by Robert and the others to the Japanese invasion country, I was afraid that it would be harder than heaven to go ahead and rescue her.

This time, if she falls into the hands of Robert and Scarface, it is feared that she will be in bad luck and if she is not careful, she will die in another country .....

### **The Policewoman Chapter 163**

Just after putting down Tang Hui Min’s call, Song Lina’s father Song Mingyuan’s call came through.

“Mr. Lin, where are you now?” Song Mingyuan asked eagerly.

Lin Kai replied, “I’m out handling some matters, what’s up with Song Dong?”

Song Mingyuan asked earnestly, “My daughter has been kidnapped to a Japanese country, our family’s old man is very angry, can you come to the military compound?”

“Yes, I’ll go there now.” Lin Kai said and immediately hung up the phone.

Jiang Mei had heard the contents of Lin Kai’s conversation with Song Mingyuan really well.

As they had just gotten to the topic when they were interrupted by a phone call from Tang Huimin, and now they were going to be called away by Song Lina’s father, she felt a little reluctant and a little unwilling.

However, she knew the relationship between Lin Kai and Song Linna and knew that he would not stand by and do nothing about Song Linna’s kidnapping and would definitely try to rescue her.

Even if they reluctantly continued to do what they had just done, they would not feel comfortable and would not be at their best, affecting the quality of their love. It would be better to wait until Lin Kai had gone and rescued Song Linna, then find time to warm up and have a big fuck again.

So she said without hesitation, “Brother Lin Kai, go and save Song Linna, don’t take care of my emotions, we’ll have plenty of opportunities later.”

Lin Kai, who was concerned about Song Linna's safety and indeed had little interest in that sort of thing, apologised and said.

"Sorry, it's so hard to come to you, look ....."

"Brother Lin Kai, don't say anything, the door of my house is always open to you," Jiang Mei gazed at Lin Kai fondly and said meaningfully, "Don't worry about going to save Song Linna, I'll wait for you to come back ....."

"Okay then, wait for me to come back." Lin Kai said with some reluctance, nodding his head heavily.

After saying that, Lin Kai got up and walked towards the door of his room.

Jiang Mei walked Lin Kai to the door of his room, and after pulling the door open for him, she said, "Brother Lin Kai, be safe out there and remember to miss me!"

"Mm, I'll miss you." After bidding her goodbye, Lin Kai took the lift down to the negative ground floor, drove out of Lijing Garden and headed for Elder Song's residence.

In the blink of an eye, he arrived at the entrance of the heavily guarded military jurisdiction villa where Master Song lived.

Song Mingyuan arrived at the entrance of the residential area in advance.

As Song Mingyuan had greeted the gatekeeper beforehand, and Lin Kai was driving his Mercedes, the gatekeeper opened the gate as soon as he saw the car and the license plate number, and let it in without any problems.

Lin Kai drove the car to the entrance of a villa in the middle of the villa area and stopped. After getting out of the car, he knocked on the door of Elder Song's house.

Song Mingyuan warmly welcomed Lin Kai into the living room, and even though only Song Mingyuan's parents were sitting in the living room, the atmosphere inside was a little depressing and tense.

It was only once Elder Song saw Lin Kai that his stern face stretched out and he hurriedly moved to leave an empty seat for him and waved to me, saying.

"Little friend, you're here, come and sit down next to grandpa."

It seemed that Elder Song already considered Lin Kai to be his son-in-law-to-be and was very enthusiastic about him, so Lin Kai walked over and sat down next to Elder Song.

Master Song said politely, "Little friend, the last few times when our family Lina was in trouble, it was thanks to your help that we were able to turn it around and cause you a lot of trouble."

Lin Kai said humbly, "Old Master, don't say that, I am friends with Song Lina, and it is only right to help her when she is in trouble."

"This time, Lina was kidnapped by a foreigner named Robert," Old Master Song turned his gaze towards Song Mingyuan and said, "It was all caused by my indisputable son, if that laser piece of his hadn't been stolen by that dead woman he was with and recovered by you from Liberty Island, it wouldn't have happened This kind of thing would not have happened ....."

“Old Master, this matter cannot be blamed on Song Dong,” Lin Kai saw Song Mingyuan looking at himself with a pair of help-seeking eyes and hastily rounded up the situation by saying, “I have repeatedly ruined those guys’ good deeds, they kidnapped Song Lin this time, probably because they came for me... ..”

Elder Song said stubbornly, “No matter how you put it, this matter is unrelated to him, my granddaughter is still a university student, she shouldn’t have to go through so much .....”

Old Mrs. Song, who was standing beside Master Song, advised, “Old man, since it has already happened, there is no need for you to blame Mingyuan, it is better to think of a way to save our family Lina.”

Old Master Song said in a cold voice, “Our family Lina has been kidnapped by that foreigner to the Japanese country, the Japanese country is so big, there is not a single clue, how can we go and save it?”

“Old man, don’t worry yet, I think Robert will take the initiative to contact us since he kidnapped Song Lina, as long as they call us, they will definitely be able to find a clue .....”

Before Lin Kai could finish his words, the mobile phone in his pocket rang, taking it out to see that the screen showed an unfamiliar phone number.

Lin Kai then picked the phone up and asked, “Hello, who is this?”

“You’re Lin Kai, right?” A man’s voice came out of the phone.

“Yes, what’s wrong?” Lin Kai asked, puzzled.

“Are you guys anxious about the disappearance of Song Linna, the daughter of the chairman of the Mingyuan Group of Companies, and are looking for her everywhere?” The other party said with no small amount of satisfaction.

“Who the hell are you?” Lin Kai asked warily.

“It doesn’t matter who I am, but I know that the person you are looking for has arrived in the Japanese country, so if you want to save her, come to the Japanese country, but I want to remind you that you can only come alone, otherwise, we won’t be able to guarantee Miss Song’s life.” The other party thought that Lin Kai did not hear his voice and continued to play dumb with Lin Kai.

Lin Kai asked angrily, “Robert, what do you really want?”

“Haha,” Robert laughed out loud and said, “Since you already know my identity, there’s no need for me to hide it from you, let’s be honest, I kidnapped Song Lina because I hate you and that damned Tang Huimin... ..”

“I’m afraid it’s more than that, isn’t it?” Lin Kai hurriedly interrupted Robert’s words and said, “You guys, together with people from the Black Dragon Gang, stole the laser tablets produced by the Mingyuan Group of Companies and sold them to Freedom Island, the military base of the Japanese nation, to prepare for research. After I took my men to retrieve the laser tablets and sold them for arms, we intercepted them at the customs dock, and you guys were so enraged that you made your move on Song Linna, with the aim of killing me, right? ”

“You are very clever, your analysis is completely good, I am not going to lie to you, the purpose of our kidnapping Song Linna to the Japanese country is to lure you to the Japanese country, capture you and make you receive the punishment you deserve,” Robert said after stating his purpose, “Of course, if you are a coward who is afraid of death words, you can not come, in that case, we will give the chick Song Lina to the gang of brothers under us, let them rape and then kill you, and then send international assassins to clean you up .....

#### **The Policewoman Chapter 164**

“Rascal, bastard!” Lin Kai cursed angrily, and after trying to stabilize himself, he said, “Robert, I can tell you responsibly that in order to save Song Linna, I am willing to go to the mountains of sword and the seas of fire, but I warn you, if you hurt Song Linna even a hair, no matter where you hide, I will catch you and cut you into pieces, so that you can die without a burial place, no If you don’t believe me, just try it!”

“Very well, I like your daring and compassionate character. If you want to be a hero and save your beauty, come to the Japanese country as soon as possible, there is a limit to my patience,” said Robert, who did not seem to be angry and said smugly, “However, I have to remind you that you must not play any tricks, you are only allowed to come alone, and if we find you with other helpers, then don’t blame us for acting too aggressively towards Miss Song .....

“Don’t worry, I will come alone,” Lin Kai said, even though he knew that Song Linna was kidnapped by Robert and the others to the Japanese country, he still wanted to confirm it, “However, what I want to know is, what do you have to prove that Song Linna is in your hands?”

“Mr. Lin, I understand what you mean by that,” Robert asked with a smile, “Do you want Miss Song Lina to answer the phone?”

“Of course, the country of China is so far away from the country of the Japanese invaders, and in such a short time you got Song Lina there, I doubt the veracity of your statement.” Lin Kai deliberately used words to irritate him.

“Alright, I’ll let Miss Song Linna talk to you personally on the phone, you wait for a while .....

 Robert said, then gestured to Scarface who was standing beside him.

Scarface then pushed Songlina, who was bound with rope and had a piece of tape over her mouth, to Robert.

Robert took one look at Song Lina and said to Scarface, “Untie our distinguished guest and remove the piece of tape from her mouth.”

Scarface then untied Selena.

Song Lina reached up and tore off the piece of tape that was stuck to her mouth, and after taking a few big breaths, she pointed her finger at Robert and said.

“You ..... you villains, how did you use such despicable means to kidnap me to this place?”

“Miss Song, don’t be angry, I had no choice but to invite you here,” Robert spread his hands and shrugged his shoulders, “By the way, your boyfriend Mr. Lin Kai wants to talk to you on the phone .....

With that, he handed the phone to Song Linna.

Lin Kai kept the phone to his ear, listening to the movement over there, and as soon as he heard Robert say for Song Linna to answer the phone, he eagerly asked.

“Sunglina, is that you?”

“Lin Kai, it’s me, it’s Song Lina, I’ve been kidnapped by this bastard Robert, oooh ……” came Song Lina’s sobbing voice from the phone.

As soon as he heard Song Lina’s sobbing voice, Lin Kai felt a little bad and a little anxious.

Now that Song Lina had fallen into Robert’s hands and had been brought to the Japanese country, Robert’s territory, it was tantamount to a sheep in a tiger’s mouth.

She was so beautiful that there was no guarantee that Robert would not have the slightest desire to rape her or even kill her.

However, Lin Kai could not stand by and do nothing. He had to follow Robert’s request and go to the Japanese invasion country alone.

Even if it was a tiger’s den, he had to go.

After his mind was made up, Lin Kai said a few words of comfort to Song Linna on the other side of the ocean, telling her not to worry and that he would soon go to the Japanese invasion country to rescue her.

While Lin Kai was on the phone with Robert and Song Linna, all eyes fell on Lin Kai and everyone could hear the conversation between them very well.

When he saw Lin Kai put down the phone, Elder Song was the first to say, “Little friend, it’s too dangerous for you to go to the Japanese country alone to save my granddaughter, do you want me to ask the military to send someone to accompany you?”

“No,” Lin Kai shook his head, “Robert stressed on the phone that he could only let me go alone, if I didn’t do as he instructed, they would have to tear the ticket, in that case, Song Lina would be in great danger.”

“If you go alone, isn’t that like sending yourself to your death?” Song Mingyuan asked with a concerned look on his face.

“I haven’t gone yet, so how do I know I’m going to send myself to my death?” Lin Kai asked rhetorically.

Lin Kai was proud of his character of not being afraid of tigers when he was a newborn calf, however, how could he know that there were people outside the world, and everything in the world had its opposite; there was a sharp spear, and then there was an indestructible shield, but he knew in his heart that what awaited him would be a vicious battle.

As he had saved Song Linna repeatedly, Song Mingyuan knew his person and character very well, and knowing the relationship between Lin Kai and his daughter Song Linna, he stopped blocking and said.

“Mr. Lin, I’m counting on you for my daughter’s affairs!”

“Don’t worry, I will do my best,” Lin Kai nodded heavily.

Old Madam Song stood by, never saying a word, but it was clear from her expression that she was very worried about the situation her granddaughter Song Lina was facing.

“I’ll go back and prepare, please wait for my good news.” Lin Kai said as he bid farewell to everyone.

“I’ll go and see you off then.” Song Mingyuan volunteered to say.

“Alright,” Lin Kai nodded at him and smiled, and said to Elder Song, “Elder, I’m going to buy a plane ticket to leave for the Japanese country now, don’t worry, Song Linna will be fine, even if I have to go up to the sword and down to the fire, I’ll bring her back.”

“Little friend, I appreciate your thunderous style,” the old man said with an apologetic face, “Some time ago, because of dealing with military affairs, I was not attentive to your affairs, resulting in the gang led by Vice Commander Wang planting evidence against you, I have asked the people of the military department to investigate this matter strictly, and will soon vindicate you. ....”

“Old master, thank you.” Lin Kai smiled gratefully at Elder Song.

Although this mission didn’t seem as daunting as the last time he went on a mission to Liberty Island, it was still full of crises and hardships.

In a foreign country, a dangerous country, Lin Kai did not dare to guarantee that he would survive and bring Song Linna back with him. The promise he had just made in front of Song Mingyuan and his parents was merely a comfort to everyone and a brace for himself.

Lin Kai said goodbye to Mr. and Mrs. Song and left.

Song Mingyuan dropped him off in front of the Mercedes that was parked at the entrance.

Afterwards, he fished out a bank card from his pocket and shoved it into Lin Kai’s hand, saying, “Mr. Lin, I’m counting on you for my daughter’s affairs, there’s 10 million dollars in this card, please make sure you take it.”

“Uncle, what do you mean by that?” Lin Kai explained in a panic, “I didn’t go to the Japanese country to save Song Lina because of your money ....”

“I know,” Song Mingyuan nodded, “but you need money everywhere abroad, take it, you will be useful when you go abroad with this money ....”

“Then ..... okay!”

Lin Kai felt that Song Mingyuan’s words made sense, and only then hesitantly stuffed the bank card into his trouser pocket, then jumped into his car, started it and drove away.

### **The Policewoman Chapter 165**

After Lin Kai left the Yanjing Military Compound with the bank card containing 10 million US dollars, equivalent to 70 million Chinese Yuan, in his pocket, he was both happy and heavy in his heart.

This was because he knew that this was not only a sign of Song Mingyuan's family's trust in him, but also a form of compensation from them to himself.

At the same time, he knew in his heart that if he went to the Japanese invasion country alone, he was bound to be in bad luck, and if he did not return, he would be sorry to his sister-in-law Tang Huimin who cared for him, loved him and was willing to sacrifice everything for him.

So he wanted to give some compensation to his sister-in-law before he left.

He knew that if he gave money to Tang Huimin, she would never accept it, so he thought of the idea of buying a commercial house and giving it to her.

As Song Lina's life was in danger, he could not stay in Yanjing City and decided to go and purchase a high-class home now, furnished and ready for immediate occupation.

He took out his mobile phone and browsed through the information of commercial houses in Yanjing City, and found the Villa Mei Lu good, so he drove there.

The Beauty Lodge villa area is located in the western suburbs of Yanjing City, and each villa building is a small two-storey building with a unique Bauhinia shape on the exterior of the building, with an average selling price of around 30 million Chinese Yuan.

When designing the Mei Lu Villa in Yanjing City, the designer, in line with the concept of using and protecting environmental resources, emphasising artistic expression, giving play to individuality, expressing the spirit of the times and perfecting the use of functions, designed the Mei Lu Villa into a high-quality, high-quality top luxury villa that would be a perfect blend of privacy, artistry, modernity and functionality.

Lin Kai drove the BMW car to the entrance of the Meilu Villa sales centre.

"Welcome!" A parking boy warmly greeted him and led him to park the Mercedes-Benz in a parking space in front of the sales department.

A sales lady wearing a black uniform dress ran up and took the initiative to pull open the door for him, waited for him to get out of the car and offered him a smile that would kill anyone and asked.

"Are you here to see the property, sir?"

"Nonsense, if I'm not here to see the house, what am I doing here?" Lin Kai was muttering in his heart, but seeing the spring-like face of the sales lady, as well as her figure wrapped tightly under her dress, with her front and back, he couldn't help but take one more look at her and said half-jokingly, "Beauty, I'm here to see you ....."

"Sir, you're really joking," the sales lady then made an inviting gesture towards Lin Kai and said, "Sir, please follow me!"

When they first met, Lin Kai was too embarrassed to joke with her, so he followed her into the sales centre.

“Sir, we are a newly developed high-class residential area in Yanjing City, with all kinds of supporting facilities .....” The sales lady led Lin Kai to the sales hall, and after pointing at the model show flat under the glass cover and introducing it, she asked. “What kind of house type are you going to choose?”

Lin Kai said without hesitation, “I want to choose one of the best villas you have here.”

“Good,” the sales lady smiled at Lin Kai and said, “However, the best villa is much higher in terms of price than ordinary villas, a villa is around 35 million, I don’t know what you think, sir?”

“Money is not a problem, the main thing is just a good environment.” Lin Kai nodded his head and said.

Seeing that Lin Kai was young and handsome, the sales lady thought he was a second generation rich man or a second generation official or something, so she didn’t have that dog-eyed attitude and flattered him, saying.

“Sir, do you need me to show you the physical house?”

“Do you have any existing houses here?” I asked tentatively.

“As the saying goes, it’s better to come early than never, we just happen to have one class villa left here that is renovated like it was made for you, so if you look at it, you’ll be satisfied.”

“Is that so?” Lin Kai asked playfully, thinking to himself, “This sales lady really knows how to do business.”

“Of course,” the sales lady raised her eyebrows and once again made an inviting gesture to him, showing a spring-like smile as she said, “Sir, please follow me!”

Lin Kai followed the sales lady out of the sales centre and arrived at the gate of the Meilu Villa area.

The place was heavily guarded, similar to the military sanatorium, with two uniformed security guards standing there like a benchmark, closely watching the people coming in and out of the area.

Unlike the military sanatorium, the guards were armed with batons, unlike the soldiers at the entrance of the military sanatorium who were armed with submachine guns.

Nevertheless, the security measures here were good enough, and if Tang Huimin and her son lived here, their safety would not be a concern for Lin Kai.

The sales lady smiled charmingly and said, “Sir, are you still satisfied with the security measures in our community?”

“Not bad!” Lin Kai said with a nod.

“Then let’s go in now and take a look at the neighborhood.” The sales lady fished out a card from her pocket and pressed it on the card reader, and the side door opened automatically.

“Please come in!”

After turning back to Lin Kai with a charming smile, the sales lady once again made an inviting gesture to Lin Kai before walking into the district with elegant steps.

Lin Kai followed her closely and walked in.

The district was full of greenery, lawns, rockeries, artificial lakes, swimming pools, basketball courts, ping pong tables, tennis courts and so on, all of which were dazzling and breathtaking.

The sales lady walked side by side with Lin Kai, giving him an introduction as she went, and then, after an S-shaped flower-frame corridor, came to a villa in the very centre of the district.

The villa was surrounded by a wall that separated it from the outside world, and there was a large iron gate at the entrance, which the sales lady opened with a key and led Lin Kai inside.

In the small courtyard, the grass was green, the zinnias were in bloom, and the fragrance of the flowers was refreshing, and the large one-storey luxury residence was placed in it, like a paradise.

The sales lady led Lin Kai into this palace-like room for a walk, and after introducing him separately, she smiled and asked.

“Sir, are you still satisfied with this villa?”

“Satisfied, very satisfied!” Seeing that the rooms were fully furnished with all the furniture and electrical appliances and ready to move in, Lin Kai nodded his head repeatedly and thought to himself, “When the time comes, what a pleasant thing it will be for me and my sister-in-law to live here, right?”

Seeing that Lin Kai was deep in thought, the sales lady mistakenly thought that he was worried about the high price of the house and asked with a smile, “Sir, are you going to pay for the house in instalments or in one go?”

Lin Kai slowed down and asked, “What did you say?”

“I asked you what kind of payment method you choose, whether it is in installments or .....” Without waiting for the sales lady to finish her sentence, Lin Kai said quickly, “I am ready to pay in full!”

Upon hearing this, the sales lady was overjoyed and eagerly asked, “In that case, when are you going to go through the purchase procedure, sir?”

“Now,” Lin Kai said as he saw the sales lady looking at him with a pair of incredulous eyes, “We’ll go through the purchase procedures now.”

“Okay,” said the sales lady with an excited look on her face, “Please follow me!”

After saying that, the sales lady made a magnificent turn and led Lin Kai out of the villa, closing the big iron gate outside and walking out of the district and back to the sales centre.

Lin Kai took out from his pocket the bank card that had just been handed to him by Song Mingyuan with US\$10 million in it, and followed the sales lady to the finance office to pay off the house in one go.

“How should my sister-in-law react if she heard that I had bought her a luxury villa in the Mei Lu Villa area?” Thinking of the scene with Tang Huimin, Lin Kai couldn’t contain his inner excitement.

So, after the formalities were completed, he then took out his mobile phone and dialed Tang Huimin’s number.

**The Policewoman Chapter 166**

The phone dialed.

Tang Huimin's eager voice came through the phone, "Kai, what do you want to see me about?"

"I want to give you a surprise!" Lin Kai said in a fancy way.

"What kind of surprise?" Tang Huimin asked eagerly, "Have you rescued Song Linna?"

"Of course not," Lin Kai replied, "Didn't you tell me that Song Linna had been kidnapped by Scarface and sent to the Japanese invasion country? How could you have rescued her so quickly?"

"Then what other surprises are there?" Tang Hui Min asked in disbelief.

"I couldn't say clearly over the phone, where are you now, I'll drive over and pick you up." Lin Kai replied.

"I'm working at the unit."

"Then wait for me at the entrance of the Municipal Public Security Bureau, I'll drive over there now."

Without waiting for Tang Huimin to say anything, Lin Kai had already hung up the phone.

When he drove the Mercedes-Benz to the entrance of the Municipal Public Security Bureau, Tang Huimin appeared there in a police uniform, majestically.

"Little aunt, get in!" Lin Kai poked his head out from the driver's side.

Not knowing what medicine he was selling in his gourd, Tang Huimin pulled open the car door, sat on her butt in the back seat, looked at Lin Kai, and asked.

"Brat, don't sell me short, tell me quickly, what surprise do you have for me?"

"You'll know when you arrive." Lin Kai started the car and drove off in the direction of the Mei Lu Villa area.

"Brat, I still have things to do, where are you going to take me?" Tang Huimin was an acute person and was uncomfortable with Lin Kai's secretive look.

"Little aunt, don't be in a hurry, when the time comes, you'll know." Lin Kai said unhurriedly, continuing to drive forward.

Tang Huimin had no choice but to take him, so she settled down to see what kind of surprise he could give her.

The busy street seemed quite congested with cars coming and going.

It took a long time before Lin Kai drove the car to the entrance of the Mei Lu Villa community in the eastern suburbs.

Tang Huimin looked through the car window, saw the "beauty hut villa" a few eye-catching big words set in a huge marble pillar, can't help but ask.

"Xiao Kai, what did you bring me here for?"

Lin Kai glanced at her in the reversing mirror and said, "A surprise for you."

"What's so surprising about it?" Tang Huimin knew that this was an upscale residential area in Yanjing City, each residence costing tens of millions of Chinese Yuan, which was simply unaffordable for someone like Lin Kai, so she inquired, "You're not bringing me here for sightseeing, are you? I have a meeting at two in the afternoon, don't make fun of me, I don't have time to come here with you?"

"How do you know I'm making fun of you?" Lin Kai smiled playfully and drove the car straight to the entrance of the district.

A security guard came next to this Mercedes-Benz driven by Lin Kai and said politely.

"Sir, please show your documents."

Lin Kai then took out from his pocket the pass he had received from the staff at the sales department when he bought the house and handed it to the security guard.

The security guard flipped through his pass and returned it to him, then opened the electronic folding door.

In Tang Huimin's stunned gaze, Lin Kai slowly drove the Mercedes into the Villa area of Mei Lu, drove along the community road to the entrance of Villa 1, the most central part of the community, and then used the remote control to open the large iron gate at the entrance of the villa.

Lin Kai parked the car in the garage of the villa area, removed his seat belt, pushed open the car door and got out, reached out and pulled open the rear door, made a respectful gesture of invitation to Tang Huimin who was sitting in the car seat in a daze, and said.

"Young aunt, we're here, please get out of the car!"

"Brat, is this the surprise you gave me?" Tang Huimin slowed down and looked at Lin Kai with a pair of distrustful eyes.

"Yes, from now on, you're the owner of this villa, isn't it a surprise?" Lin Kai said with a smile on his face.

Tang Huimin stepped out of the car and looked around, only to see that the villa area was dotted with flowers, fruit trees and bamboos, with rockery, green water and lotus ponds set within.

Daffodils, azaleas, begonias, pears, lilies ..... many beautiful flowers are fragrant, like a ghostly work of art being brought together into a unique floral scent.

The rich fragrance of the flowers then blows with the spring breeze, like a lively spirit, mischievously scurrying into her nostrils, causing her to involuntarily squint her eyes.

She took a deep breath, inhaling the soothing sensation of the floral scent rushing into her lungs and filling every alveolus.

"I don't think I'm dreaming, am I?" Tang Huimin looked at Lin Kai with a bewildered expression, the surprise was indeed so big that Tang Huimin didn't slow down for a long time.

At this moment, not only in her heart, but also in her body's most real feelings, she was so floating, so like she was riding on clouds.

“You’re not dreaming, this is real.” Lin Kai was afraid that Tang Huimin would not believe it, so he took out a document bag containing the property certificate from the car seat and handed it to her, saying, “Take a look, the property certificate is in your name .....

Tang Huimin took the property certificate out of the document bag and took a look at it, and all of a sudden her eyes suddenly opened wide.

“How much did you ..... you spend on this villa?” Tang Huimin asked with a stunned look on her face.

“Not much, just 35 million Huaxia dollars.” Lin Kai said lightly.

“Ah? Where did you get so much money?” Tang Huimin’s mouth turned into an O shape.

Lin Kai was afraid that she was worried that her money was not clean, so he hurriedly said, “Little Aunt, don’t worry, I didn’t steal or rob this money, I earned it myself.”

“How did you earn it?” Tang Huimin questioned.

“Keep it a secret!” Lin Kai didn’t want to mention to Tang Huimin that Song Mingyuan had given him ten million dollars, so he said in a false sense.

“Brat, I knew you would say that, if you don’t tell me, I won’t ask.” Knowing how Lin Kai was, Tang Huimin said with a smile, “Come on, take your sister-in-law inside to see what the house you bought for 35 million dollars really looks like?”

Lin Kai smiled and said, “It’s your house, you can look at it however you like.”

“Poor talker!”

Tang Huimin gave Lin Kai a blank look and took the lead in walking towards the villa.

The villa was luxuriously decorated.

Upon entering the living room, Lin Kai turned the room lights on.

The large crystal ceiling lights emitted a brilliant glow, the luxurious decoration was refreshingly beautiful, and the marble flooring, mapped out in streams of light, was beautiful.

Within these labyrinthine rooms, various sofas, appliances, tables and chairs, baths, king-size beds and entertainment facilities are all available and in abundance.

“Auntie, are you still satisfied with the environment here?” After touring the rooms one by one, the two walked over to the outdoor pool and sat down on a lounge to sunbathe.

“Satisfied, quite satisfied.” Tang Huimin said excitedly, “Xiao Kai, you have been so kind to my sister-in-law, how should I thank and repay you?”

“We are a family, we don’t need to repay.” Lin Kai replied.

“If you have a wife in the future, you won’t say that.” Tang Huimin said slyly.

Lin Kai said playfully, “You are my wife.”

"I'm afraid not, right?" Tang Huimin looked into Lin Kai's eyes and asked, "If I become your wife, where do you put Zhou Songlina?"

"I ..... she and I are just friends in general ....." Lin Kai had a ghost in his heart, and when he spoke, he looked a little short of breath and stammered.

### **The Policewoman Chapter 167**

"Don't defend yourself, as far as I know, Song Linna is in love with you, and Song Mingyuan has always treated you like a son-in-law," Tang Huimin questioned, "You're with me, do you give her up?"

"Then what do you think should be done?" Lin Kai asked noncommittally.

"After Song Linna returns safely to China, why don't you ask her to move here and we'll serve you together, what do you think?" Tang Huimin smiled charmingly.

"You're not jealous if I let her move in?" Lin Kai asked with a smile.

"Of course," Tang Huimin replied, "I'd be a fool not to be jealous."

"Then why did you let her move in?" Lin Kai asked, amazed.

"Hehehe," Tang Huimin said with a sly smile, "Instead of letting you sneak around together, it's better for all of us to be together, openly and honestly, and besides, when the three of us are together, we won't be lonely, and when we're bored, we can sit down and play cards and landlord! "

"That's a good idea you've got, but ....." said Lin Kai somberly.

"But what?" Tang Hui Min pursued.

Lin Kai said sorrowfully, "Song Linna was kidnapped by Robert and the others, there's no telling what will happen yet, and if something happens to her, I'm afraid it'll be hard for you to realize this wonderful wish of yours."

"It will, we can make it happen!" Tang Hui Min said with a nod.

"If that happens, I'll simply be happy as hell!" Lin Kai gazed at her fondly.

The blush that covered Tang Huimin's face, coupled with her full body, made Lin Kai want to take her in a hurry, first in an embrace, then by pressing his gentle lips to her fragrant neck and sucking wildly and unrestrainedly.

Her limp body fell tenderly into Lin Kai's arms and he embraced her gently, undressing her as he walked into a bedroom and threw her onto a wide bed.

All the way from the door to the bed were the clothes they had removed, and her ripe, delicate body swirled like a leaf on the soft, warm bed.

To set the mood, Lin Kai pulled the curtains down, switched on the wall sconces, twisted on the bedside stereo equipment and pounced on her with impatience.

Tang Huimin's hedonistic murmurs echoed through the room with the sound of his faster and faster thrusts, accompanied by the heavenly, dynamic music.

A more passionate than warm union was taking place, the two intertwined bodies gradually becoming twisted and trembling in time with the rhythm of the music and the breathing between them.

In the pink light, the glistening sweat of their violent movements could be seen on their bodies.

.....

“How I want to hold you and cry and hold you tight, I would give all I have if only you could be happy .....  
I would wish you silent blessings if only you could be happy .....”

Suddenly, a pleasant ringing of the phone rang out from the handbag scattered on the floor, and despite the loud sound of the stereo, it was still heard by Tang Hui Min.

“Ah, the phone!” Tang Hui Min exclaimed.

Their otherwise tangled bodies collapsed like deflated balloons, and Tang Hui Min reached out to turn off the stereo device on the bed.

There was no sound in the room except the pleasant ringing of the phone.

Tang Huimin hurriedly pushed his body away, jumped out of bed, picked up the handbag on the floor, fished out a slim Apple phone from inside, glanced at the screen of the phone, found that it was a call from Su Xiaoling, the head of the security team, and hurriedly pressed the answer button.

“Commissioner Tang, where are you?” Su Xiaoling’s eager voice came from the phone.

Tang Huimin tried to stabilise herself and said, “I’m out on some business, what can I do for you?”

Su Xiaoling replied, “Director Xiao is going to organise an emergency meeting and asked me to inform you!”

“When?” Tang Huimin asked hurriedly.

“In half an hour.” Wen Xin answered truthfully.

“Oh, I see.” Tang Huimin finished speaking and quickly hung up the phone.

She then picked up the clothes she had scattered on the floor and put them on, before taking her handbag and walking over to the dressing table, sitting on the dressing stool and putting on her makeup in the mirror.

Lin Kai rolled over and got up, walked behind Tang Huimin, looked at Tang Huimin who looked like a peach blossom in the dressing mirror, and asked.

“Little aunt, are you leaving?”

“Yes,” Tang Huimin looked at Lin Kai’s still naked body and instantly regained her normalcy, only to see her pink face blush as she said in a warm voice, “Brat, quickly put your clothes on and take me to the city bureau.”

“Oh!”

Lin Kai responded and hurriedly picked up the clothes on the ground and nimbly put them on.

By now, Tang Huimin had already finished her makeup.

When Lin Kai saw that she had put her hair up in a bun on her head, put on her police uniform and police cap, she looked impressive and heroic, so he asked.

“Auntie, are we leaving now?”

“Nonsense,” Tang Huimin glanced at Lin Kai and immediately stood up from the dressing stool, pouting, “If we don’t go now, it will be too late.”

“Alright, I’ll send you to the Municipal Public Security Bureau now,” Lin Kai fished out a set of villa keys from his pocket and said, “Tonight, you can stay here, don’t worry, the security measures here are not much different from the military sanatorium, your safety, can be guaranteed .....”

“Why are you so full of nonsense?” Tang Huimin took the key from Lin Kai’s hand and said in a delicate voice, “Brat, if I don’t get back to the bureau before half an hour, I’ll test you.”

“As you wish!”

Lin Kai put one hand to his ear, straightened his body and did a standard military salute.

“Stop talking poorly and get going!” Tang Huimin put the keys into her handbag before turning around and walking towards the door of the room.

Lin Kai followed behind her, leaving the room, and together they went to the garage and got into the Mercedes he had parked there.

Tang Huimin sat in the back of the car as usual.

Afterwards, Lin Kai sat in the driver’s seat, fastened his seat belt, started the car and drove away from the beauty lodge villa area.

.....

Lin Kelly with their own skilled driving skills, in the street in the north and south traffic all the way wild, see the car over, see the seam, only 20 minutes of time, will be the Mercedes-Benz car to the entrance of the Municipal Public Security Bureau.

Tang Huimin inquired, “Brat, do you want to come in with me and go home together after my meeting?”

Lin Kai remembered that he had to leave Yanjing City tonight and head for the Japanese invasion country, so he said, “No, I still have things to do.”

“Then you go ahead and get busy, after work, I’ll just go straight home.” Finally having her own safe place to live, Tang Huimin was filled with joy and smiled at Lin Kai, saying, “Xiao Kai, thank you!”

“Little Aunt, you’re being insensitive,” Lin Kai said with a sly smile, “We’re a family, so there’s no need to be polite.”

“Since we’re family, you have to think of me more,” Tang Huimin warned, “If I find out that you’re sticking around outside, see how I’ll deal with you!”

Without waiting for Lin Kai to say anything, Tang Huimin pulled open the car door and got out.

He knew that this time he was going to the Japanese invasion country, and his life was uncertain. He didn't know if this time was their goodbye forever.

### **The Policewoman Chapter 168**

Yanjing International Airport.

The empty lobby was lit up as brightly as day, filled with people carrying suitcases, preparing to leave Yanjing on a plane or dropping off a flight.

When Lin Kai stepped on the marble floor, holding a fake passport under the alias "Wang Qiang" and a ticket to the Japanese invasion country, and queued up to change his registration card at the operations desk, a staff member sitting in front of the computer looked at him carefully, and he was nervous that she would recognise him.

Thankfully, the staff member didn't see anything fishy and quickly stamped a boarding pass and put it back into his hand along with his ticket and passport.

Relieved at last, Lin Kai quickly left and headed for the security checkpoint.

A security officer checked his fake passport against his own and found nothing wrong with it, allowing him to pass through the security channel without any problems. Another security officer, with a detector, probed his entire body and found that he was not carrying dangerous goods or knives before he was released.

After a series of tosses and turns, Lin Kai's heart finally dropped as he passed through the security checkpoint and arrived at the terminal with the passengers on board.

At this point, the gate for the flight to Japan had already started to check tickets, so Lin Kai took his boarding pass and passed through the gate together with the passengers on this flight.

Inside the tarmac of Yanjing International Airport.

A Boeing 777 is quietly parked on the runway.

The flight's departure time was fast approaching.

Lin Kai followed the guests boarding the plane, a moving aisle, and amidst the greetings of several uniformed air hostesses on the plane, he walked into the cabin in style, took his seat according to the number on his boarding pass, and fastened his seat belt.

Before the plane took off, he took a glance at the plane and found it full of passengers. It seemed that there were quite a lot of people travelling to the Japanese country.

As Lin Kai had boarded the plane as Wang Qiang and, having had Zhang Shuo, a hacking expert from the special forces, do his make-up for him, no one should know him and no one would know the purpose of his taking this flight.

Thinking of this, Lin Kai was somewhat relieved in his heart. What he had to do now was how he could find Robert and the others and save Song Lina from them once he arrived in the Japanese country.

Since he had already left his homeland, it was up to his resourcefulness and adaptability to save Song Linna in a foreign country.

The passengers finished boarding and the cabin door closed.

The plane's engines roared to life.

"Passengers, welcome to this flight, this flight is from Yanjing International Airport to the country of Japanese invaders, I hope you all have a pleasant journey ....."

As the sweet voice of the air hostess rang out, the plane slowly glided towards the runway.

Speed up, head up!

Soon, the special plane was like an eagle flying with wings outstretched, plunging straight into the clouds and disappearing into the vast night sky.

.....

Ring, ring, ring!

Shortly after Lin Kai had left Yanjing International Airport on this Boeing 777, the mobile phone in Zhao Wenlong's pocket rang.

"Master Long, Lin Kai has left Hong Kong, please give instructions!" A man's eager voice came from the phone.

"Can you be sure that that man is him?" Zhao Wenlong asked in a cold voice.

"Can be sure, we've brought his speaking voice and compared it carefully, it's him, yes, he left Yanjing City as a different person ....." the other party explained.

"Okay, I know, I will arrange for someone over there to pick up the plane." Zhao Wenlong finished speaking and then hung up the phone.

.....

Lin Kai was sitting in the front row of first class, there were only four seats in a row, spread out on the left and right sides of the corner aisle, and the plane finally calmed down after a series of bumps and rises to the designated flight level.

Next to Lin Kai sat a black gaijin, tall and tough, this guy had just sat down and took out some food and nibbled on it indiscriminately, eating in a very ungainly manner.

Lin Kai couldn't help but cast his eyes out of the plane window.

The black cavernous sky was dotted with stars.

"Will my sister-in-law be worried when she finds out that I left Yanjing City and went to the Japanese country to save Song Lina single-handedly?" Looking out of the window at the night scene, Lin Kai was filled with thoughts.

Thinking about all the joyful days he and Tang Huimin had walked together, all the happy times they had spent together, he felt a beautiful feeling in his heart.

“Hey! What’s wrong with you, don’t you have any eyes?” Suddenly, the black gaijin sitting next to Lin Kai interrupted his musings with an angry shout in broken Chinese.

Lin Kai took a sideways glance and found a paper cup containing a drink had fallen to the floor, and the black man’s white shirt and jeans had been wetted in a big way.

“Sir, I’m sorry, I didn’t mean to do that!” A pretty stewardess in uniform said as she pushed a drinks stand in front of him.

“You spilled it all over me and all you have to do is say you’re sorry?” The black man said unrelentingly, “I smacked you in the mouth and said sorry to you, will you?”

The flight attendant turned red and asked, “So ..... what do you want .....”

“Hey,” said the black man with a bad smile, fingering the area of his jeans that was wet with juice and bulging high, “I want you to lick it clean for me with your mouth!”

The air hostess turned red and said, forcing herself down, “Don’t you think you’re asking too much, sir?”

“Not excessive at all,” said the black man with no small amount of glee, “unless you promise to accompany me .....”

With that, the black man reached out a bear paw and groped towards the stewardess.

As his hand was about to touch the stewardess’s little face, it was suddenly frozen in the air, for, his wrist was held by another hand, and he felt a tingling sensation, and could not exert any strength.

The owner of this strong hand was Lin Kai. In fact, when Lin Kai got on the plane and sat in the first class cabin, he saw this nigger sitting next to him with a fierce look on his face, and remembered the scar face next to Robert.

When he thought of them kidnapping Song Linna, making him change his name and travel thousands of miles to the Japanese country to save Song Linna, he felt a pang of anger and hatred.

He thought, “Who knows if this nigger is in league with Robert, and would it be considered an act to destroy their prestige by taking him first?”

Unexpectedly, this guy was giving a pretty stewardess a hard time, which made him a bit annoyed. Besides, Lin Kai had always been compassionate towards women and had often been a hero to save them, so how could he miss this opportunity to show off his skills, which was simply a godsend.

So, he looked at the nigger with a smile on his face and said, “Be a man and leave a line, we’ll meet later, when you go out, didn’t your mother tell you that men shouldn’t make light of women?”

Seeing that Lin Kai, whose body was much thinner than his, dared to meddle, the black man roared at him, “Damned Chinese pig, get your dirty hands off me or else I’ll be unkind to you!”

With that, he tried to pull his hand out of Lin Kai’s hand with great force, but Lin Kai’s hand was like a vise, clamped tightly, and he could not exert any force at all.

In desperation, the black man hurriedly clenched his other hand and threw a punch at Lin Kai's face.

### **The Policewoman Chapter 169**

Lin Kai tilted his head to one side and reached out with his other hand and stuck it around his neck in a lightning-fast manner, his qi flowing through his dantian, lifting the black man's huge body from his seat and hanging it high in the air.

The black man struggled in Lin Kai's hand, but his other wrist was controlled by Lin Kai and he was unable to get free.

The violent shaking caused the plane to start swaying.

The passengers on the plane mistook Lin Kai for a terrorist who had hijacked the plane, and if they were not careful, the plane would fall out of the sky, and they all panicked and cried out in alarm.

"Ah!"

"Ahhhh!"

Some people removed their seat belts and began to get up from their seats, ready to escape.

The plane was a commotion.

A stewardess with a microphone in her hand shouted, "There is some situation on the plane, to maintain balance and keep everyone safe, please stay in your seats and don't move around ....."

The black man was like a rooster waiting to be slaughtered, continuing to flap in Lin Kai's hands, only the swing was getting smaller and smaller, and his face was becoming more and more ugly.

Lin Kai saw the black man's eyes roll back and spit at his mouth, guessing that he was tossed around enough, before he put him down and pressed him into his seat, asking with a smile on his face.

"Sir, do you still need the stewardess to lick your clothes clean for you?"

The black man gasped and said, "No ..... no, I ..... I was just making a joke with the pretty stewardess ....."

Lin Kai sneered, "In fact, I was just joking with you, I didn't expect, you are so tall a big guy, simply unbearable, is it that you didn't eat when you went out, no strength?"

"No..... not ah," said the black man with a thumbs up, "They say that the martial arts of China is profound and profound, I have learned it today, if you have the chance, you must teach me, I will worship you as my master! "

This nigger saw that he was no match for Lin Kai, so he approached him.

Lin Kai suddenly remembered this quote from a great man who once said, "All reactionaries are paper tigers, it looks like, the reactionaries look scary, but in reality there is no great power, in the long term view of things, the real powerful power belongs not to the reactionaries, but to the people... .."

Thinking of this, Lin Kai patiently enlightened, "Martial arts is used for self-defense, not for bullying people, like you, I taught you, you go out and bully people, that is my sin ....."

.....

The flight attendants and stewards on board were afraid that if they fought on the plane, it would cause panic among the passengers and cause a riot that would affect their safety, and each of them had a cold sweat, but when they saw that after some battles and after separating the winners and losers, they actually started to climb up, they all looked at each other.

The passengers also looked at them with peculiar eyes and whispered to each other.

The stewardess was upset when she accidentally spilled juice on the black man when she was delivering drinks and food to the passengers, but after seeing Lin Kai take out her anger by beating up the black man who didn't know any better, she felt much better.

She walked up to them, smiled flirtatiously at Lin Kai, and then said to the black man, "Sir, I'm sorry for the inconvenience I caused you by spilling my drink on you just now, do you need me to take care of it for you?"

"No ..... no need, the wet area will dry in a moment, thank you," the black man looked at Lin Kai and said sincerely, "Miss, please forgive my recklessness just now, I apologize to you ....."

The stewardess said with a spring-like smile, "It's okay, it's our aim to provide satisfactory service for every passenger, for fear of causing unnecessary trouble, we are going to transfer a seat for you, I don't know if you are willing?"

"Thank you!" The black man couldn't wait for the stewardess to say these few words, in order to get rid of this devil in Lin Kai's smile as soon as possible, he hurriedly stood up and followed the stewardess to an empty seat position in the last row of the cabin and sat down.

He would now rather sit in economy class than sit with Lin Kai, because, the scene he had just experienced when he was stuck by the neck and grabbed his wrist and struggled was still on his mind.

After the stewardess settled the black man, she modestly returned to Lin Kai and thanked him, "Sir, thank you for relieving me just now, my name is Fang Ting, if there is any need for me in the future, just give me a call."

With that, she handed Lin Kai a slip of paper with her contact details on it.

"Okay, thanks!" Lin Kai thanked her and then put the note into his own pocket.

Lin Kai turned his gaze towards her, only to see that she was wrapped in a blue stewardess uniform, her figure was exquisite and curvaceous, and every hand and footstep exuded an elegant and dignified aura unique to airy beauties.

"Hey, hey, what an amorous air hostess!" Lin Kai thought wickedly.

When Fang Ting saw Lin Kai staring straight at her, she was a little embarrassed and turned away with a blush on her pink face.

The black man became honest after being cleaned up by Lin Kai, and after being transferred to the back row by the flight attendant, nothing more happened.

But the image of Lin Kai's heroic rescue still made everyone on the plane remember him for the rest of their lives, especially the stewardess Fang Ting, who remembered him so well that she wondered if she would have the chance to meet her and have a little incident with her in the future.

Therefore, Lin Kai especially treasured the note she handed him with her contact details and entered her mobile phone number into his phone to store it.

Eighteen hours later, the plane slowly landed at Rio International Airport, the capital of the Japanese nation.

The modern city of Rio was a completely unfamiliar place to Lin Kai. Although the air and sunshine here were not much different from Yanjing City, the skin colour of the people here, whether black or white, was completely different from Lin Kai, a yellow-skinned Chinese, and the language between us was not at all the same.

Fortunately, when he was at university, Lin Kai had learnt some bird language and was often with many foreign students, with whom there was no language barrier when it came to simple communication.

When the passengers were almost gone, the black man poured out with the crowd, grinning at him, showing a row of white teeth, and got off the plane before Lin Kai took off his seat belt and slowly made his way to the cabin door.

Looking at the bright sunlight outside the cabin, Lin Kai couldn't help but close his eyes, open his arms and stretch out comfortably.

The sunlight sprinkled on Lin Kai's body, blending in with his smile and handsome body, looking very harmonious, as if the sun had only appeared because of his arrival.

Lin Kai's tall figure, his broad chest, broad shoulders, strong arms and wrists, and the kind of confidence revealed by his body made the few stewardesses behind him look mesmerised.

"Sir, wait a minute!" Just as Lin Kai was enjoying the sunshine of Rio, and preparing to get off the plane, the flight attendant named Fang Ting walked by and asked loudly, "Sir, may I know your name?"

### **The Policewoman Chapter 170**

Lin Kai was flying under the alias Wang Qiang, if he told her this fake name, he felt a bit unethical, if he told her his real name, he would be suspected of being a terrorist.

"The name is just a symbol, if there is fate, heaven will arrange for us to meet again!" Lin Kai didn't turn back and said as he walked.

At the same time, he stretched out his left hand and waved it behind him in a gesture of "goodbye".

"I'll be on leave for a few days, so you must contact me when you return to China, right?" Fang Ting said to Lin Kai in an earnest tone.

Lin Kai still didn't turn around, he just squeezed his thumb and middle finger together in an ok pose, casual and spontaneous!

He walked out of the tunnel to the pick-up lobby, which was full of people.

Lin Kai knew that no one would know him here, let alone pick him up, so he walked outside with his head held high along with the crowd of people leaving Hong Kong.

“Excuse me, are you Mr. Lin Kai, who came from Yanjing City in the country of China?” Suddenly, a man’s lame voice came from behind him.

“Shit, didn’t I change my name to take this flight, how could anyone know my real name? Could it be that .....” Lin Kai’s heart tightened, mistaking it for someone with the same name as him, he couldn’t help but glance towards the people in front of him and to his left and right, and only when he saw that no one made any reaction, did he turn his head to look.

Only to see a man in a suit standing behind him, white shirt, black suit and black leather shoes, I really don’t know how he could still wear so little in such a cold winter.

“No, you’ve mistaken him for someone else!” Lin Kai shook his head and said dryly, then walked in the direction of the exit.

“Excuse me, are you Mr. Lin Kai from the country of China?” The same words once again came from behind him, and Lin Kai frowned a little as he heard it was a woman’s voice and turned his head.

This time, in front of him was a blonde woman dressed in a black professional suit.

Since he had already been recognised, Lin Kai had nothing to hide and immediately nurtured the idea of molesting this foreign girl.

What’s more, it was not yet known whether these people were friends or foes.

The reason was that the instructor, Zhang Tianhu, was always secretive, and Lin Kai had come out to save Song Linna, so it was not possible to say that this was a group of accomplices he had arranged for himself in Rio.

So, Lin Kai said with a smile, “I am, what does the beauty want from me? If you want to go to a room with me, I’d be more than happy to!”

At the same time, Lin Kai was unscrupulously ogling her body, from her pink face to her somewhat exaggeratedly full breasts, her fat and beautiful buttocks, to her two long and slender thighs.

These were the parts that Lin Kai liked. With the pretty girls around him, Lin Kai often spied on them, and when he saw this foreign girl, who was full of wildness, he felt even more excited.

Hearing Lin Kai’s naked teasing, the foreign girl’s brow was slightly furrowed and her face slightly red, obviously very dissatisfied with his attitude, but she only had to put up with it as her mission was at stake.

“It was Mr Robert who asked me to pick you up, please follow me!” The blonde said in an indifferent voice, “Robert was very happy to hear that you were coming, and was going to come and pick you up personally, but thought you were a little tired from your journey, so he let me take you to a place to rest first .....”

As soon as the words left his mouth, seven or eight stout foreigners came over and surrounded Lin Kai in the middle.

Among them, one man Lin Kai knew, he was the black man who had molested stewardess Fang Ting on the plane and had been stuck by his neck and held aloft.

As if he had amnesia, the black man said with a smile on his face, "Mr. Lin, we meet again."

"Shit, this is not the helper Zhang Tianhu found for me, this is clearly a gang of kidnappers," Lin Kai's heart thumped and he secretly thought, "Who leaked the news that I came to Rio, did that kid Zhang Shuo betray me again after putting on my make-up for me?"

On second thought, "No way, Zhang Shuo is one of my men, how could he be in cahoots with these guys?"

Lin Kai didn't have the heart to think about this now and said playfully, "I thought it was someone, but it turns out to be one of my defeated men, right? You've forgotten the lesson from the plane so quickly?"

"Mr. Lin, you're joking, we don't know each other, since we know each other, we're friends, you're here with us, it's a bit unkind if you don't do your duty as a host," the black man didn't seem to be angry at all and bowed, "I forgot to introduce myself, I'm Obama, nice to meet you, please come with Please join us in the car!"

Obama was Robert's spy left in Yanjing, and after receiving a call from Robert and learning that Lin Kai had boarded the plane under the alias Wang Qiang, he bought a ticket to sit next to him in the first class seat on the same flight.

On the plane, in order to test Lin Kai's skills, he deliberately touched the juice from the paper cup in the flight attendant's hand to himself and gave the flight attendant a hard time, forcing Lin Kai to make a move.

Unexpectedly, he and Lin Kai were not on the same level, and knowing that he was not as skilled as the others, he held his breath, hoping that when he got off the plane, he would meet up with his companions and take him down to avenge his own death.

"It looks like I can't go to see Mr Robert without getting on the bus with you guys, yo?" Lin Kai said with a playful look at Obama.

"Do you think you have any other choice?" Obama shrugged and said with a sneer on his face.

"Fine," Lin Kai said, not wanting to nag the nigger in front of him, so he shifted his gaze to the blonde standing beside him, greeting him, and asked, "Beautiful, you haven't introduced yourself yet."

"My name is Maria." The blonde said in a cold voice.

"Is she a descendant of the Virgin Mary?" Lin Kai smiled playfully.

"Maybe, whatever you want to call it, my aim is to get you safely to Mr. Robert." Maria said with a small pout.

"Since I am your guest, you should receive me with western etiquette, don't you think?" Linquet said with a smirk on his face.

"What manners?" Maria asked in a chilling voice.

Lin Kai said playfully, “First a hug, then a hug on the left and right cheeks, then three noses, and finally a kiss on the mouth!”

Maria’s purpose in leading the team to the plane was to safely “invite” Lin Kai to Robert’s place, and if anything happened in the middle of the flight, she would have no way of dealing with the situation.

As there were a lot of people here, if they started to fight with Lin Kai, they would attract the attention of the police, and if they couldn’t get Lin Kai, they would cause unnecessary trouble.

Maria saw that people were beginning to notice them, and if they didn’t pick up Lin Kai, they would have to follow Western etiquette to receive Lin Kai as a respectful “guest”.

“Mr. Lin, welcome back to Rio!”

After saying this, in full view of everyone, she stepped forward, threw herself into Lin Kai’s arms, pressed her face to his and gave him a kiss on the lips.

Not to mention, this foreign girl was indeed nice, tall, full-bodied and very elastic. Lin Kai mischievously wrapped his arms around her, and the beauty blushed, fought to break out of his arms, turned her head and walked out.

Since they had greeted Lin Kai with Western manners and brought several “bodyguards” to escort him, it was not right for him not to follow them, so he followed them closely.
