

Chapter 1623 - 1624 of A Dish Best Served Cold Novel

Chapter 1623

Since the Haitian banquet and learning that Mark is Mr. Chu, Susie was depressed and autistic.

After all, the man I like will be the husband of my best friend, and he is the one I hate and disdain the most. Whoever encounters such a blow will probably not be calm.

Susie is no exception.

Susie at that time only felt that she was an idiot, a joke.

She had no face to see Mark, and even less face to see Helen Qiu.

Therefore, Susie resigned from Mufan Real Estate the next day and cut off all contact with the outside world. She stayed behind closed doors and became depressed.

It wasn't until many days later, as time passed, that the wound in Susie's heart was gradually healed.

In addition, Helen Qiu took the initiative to visit the door many times to comfort her.

This allowed Susie to gradually come out and return to Mufan Group again to help Helen Qiu handle company affairs.

At this moment, looking at Helen Qiu's anxious and suspicious pretty face, Su Qian said solemnly: "Helen Qiu, I will also go to Denham with you."

"I don't worry if you go alone." Remember the URL <http://m.kanshu8.net>

"As for the company, I have arranged everything, don't worry."

Helen Qiu hesitated for a while, but seeing Susie's firm eyes, as if she must go, Helen Qiu finally nodded and agreed.

In this way, a black Maybach drove on the highway to Denham in this deep night.

The night of the night is particularly deep.

There was no starlight in the distant sky, and there was iron darkness all around.

The air is depressive and it is almost hard to breathe.

“It looks like it will snow tomorrow~”

In the car, Susie checked the weather forecast on her mobile phone and whispered suddenly.

Helen Qiu nodded: “Well, it is estimated that it will be the last snow of this winter.”

“Through this snow, spring will come.”

Phoo~

The luxury car galloped and the wind was bitter.

The Helen Qiu light is like a sword. Tear apart this world, and head towards the far front, Juechen.

Of course, Helen Qiu’s car was definitely not the only one going to Denham at this time.

If there is a drone looking down from the air, you will definitely find that there are scattered lights on the highways from various cities to Denham, running fast in the dark.

Only if, Baichuanhuihai!

And at the time when the Quartet dignitaries set off on Starry Night and rushed to Denham. But no one knew that at this time, there was a thin figure sitting cross-legged on the top of Denham Mountain.

His breath is long and motionless.

Of course, if you look carefully, you can find that there is a faint blue light above his body, like running water, flowing around his body, following his breath, flowing into the lungs, and flowing into the limbs.

At the same time, his entire sentiment is also growing stronger in the process.

Like a hidden box sword, under the seemingly ordinary appearance, there is an undercurrent surging inside the body, and the sharp edges gather!

One night passed quickly.

The next day, as the sky gradually clears, a new day has arrived!

As soon as it was light, snowflakes floated in the sky.

The snow that had accumulated all night finally fell.

However, this should have been a quiet morning, and the streets of Denham were already full of people and noisy.

If you look closely, you will definitely find that these people are all dressed in bright clothes, with extraordinary bearing between their eyebrows.

Just by looking at their dress and temperament, you can see that these people are either rich or expensive.

Chapter 1624

Yes, they are martial arts people who come here to watch the battle from all over Vietnam.

After all, how many years have passed since Vietnam was conferred the six pillar kingdoms, the entire Vietnam martial arts can be said to have risen to peace.

Every country in the world dare not commit.

Even within the Huaxia Budo, it is generally stable.

Even if there is a fight, it is just a small fight.

But today, the Japanese peak powers openly engage in a battle. For the entire martial arts world, this is a major event that has been rare in decades and naturally attracts attention.

“Huh?” “It’s weird, why are there so many people?” “It’s early in the morning, and it’s still snowing. It stands to reason that the number of people is the least.”

“Could it be that these people, too? Just like us, come to enjoy the snow in the lake?” At this moment, several couples of men and women walked over by the Dongchang Lake.

There were hundreds of meters away from Dongchang Lake, and they found something strange, and suddenly said in doubt.

“Xiuxiu, you Denham citizens, do you have such a leisurely mood and love life?” It was a handsome man who spoke.

If Helen Qiu were here, she would definitely recognize that the young man in front of her was Leonard Chu who had not seen her for many days.

As for Xiuxiu in his mouth, it is Leonard Chu's new girlfriend.

Mark was not in Wrifill during this time, so naturally he didn't know what happened to the Qiu family.

Under the leadership of the two leaders of Terrisa Qiu and Qiu Muqi, Qiu's Qiu Shui logistics finally came to an end and went bankrupt and liquidated.

The company collapsed, and the Qiu family, who had a small status in Wrifill, undoubtedly declined.

Terrisa Qiu's family was greedy and vain, so naturally they were unwilling to be reduced to ordinary people. Therefore, Silviana Wang and Terrisa Qiu's mother and daughter wanted to fight for some property from Leonard Chu's house and put them under the name of Terrisa Qiu. Many unreasonable requests were made to Leonard Chu's parents.

Leonard Chu's parents didn't like Terrisa Qiu's daughter-in-law at first, but now the family slapped their noses on their faces again, which naturally completely angered the Chu family.

In furious, Leonard Chu's father, Friedman Chu, forcibly broke Leonard Chu's contact with Qiu's family.

Leonard Chu is not stupid. After experiencing so many things, he undoubtedly saw the faces of the Qiu family clearly, knowing that Terrisa Qiu was definitely not a beloved, so he also retired.

As for the current girlfriend Tian Xiuxiu, Leonard Chu's former university classmate, a native of Denham.

During this time, Chu Wen flew to Denham to visit his future mother-in-law. It was not snowing today. Therefore, these young men and women gathered some old friends on a whim to enjoy the snow in Dongchang Lake.

I thought that few people would come to Dongchang Lake in this kind of weather, but I didn't expect it to be so lively.

"Stop chatting."

"Let's go there quickly."

"I'm late, I'm afraid that all the good places to enjoy the snow will be occupied."

Someone urged, and then the five men and women in the line moved eastward. Changhu Denham rushed over.

Unexpectedly, he was stopped before he arrived.

“What?” “Dongchang Lake is closed for ten days?” “Not open to the outside world?” “F*ck!” “Are there any mistakes?” “We got up early to enjoy the snow in the lake, but you gave us Speaking of closing the lake?” Leonard Chu suddenly cursed, feeling as uncomfortable as if he had eaten a fly.

Tian Xiuxiu was also speechless, and said angrily: “I think you are talking nonsense, right?” “Dongchang Lake Scenic Area is a public attraction. When will the lake be closed?” “Besides, so many people can enter, why can't we? Come in?” “Aren't you bullying people?” Tian Xiuxiu asked angrily.
