

Chapter 1631

Charlie was already a little numb to Elsa's unrelenting show of love.

So he only regarded Elsa as joking with him, so he changed the subject and asked her: "By the way, where did your cousin Delon pedal his bicycle?"

Elsa pouted her lips in disappointment. She also knew that Charlie had been avoiding her on emotional issues all the time, so she had become accustomed to Charlie's attitude. Seeing him turn the topic off, she followed him and said: "I heard that he has arrived in Jinhai this morning, but I heard that he slept under the bridge at night and he has a cold."

Charlie smiled faintly and said: "When he rides to Aurous Hill, his physical fitness should be able to move forward a lot."

Elsa chuckled: "Actually, your punishment like this is also a good thing for him. My cousin is usually arrogant and domineering. He often makes trouble for the family, but he has never suffered any losses before, so I don't have a long memory, believe this. After this time, he will constrain a little."

Charlie nodded slightly: "If it wasn't for your face, I would have to ask him to swallow the jade pendant during the birthday banquet, and let him have another operation to take it out. For such a person, the scar will be healed and forget the pain. , He will realize what is unforgettable by cutting the scar again."

Elsa looked at Charlie: "Knowing that you are looking at my face, you let him go. After my cousin arrives in Aurous Hill, I will take him to invite you to dinner, and let him toast you to apologize."

Charlie waved his hand: "It's okay to eat toast or something, let him reform in Aurous Hill honestly. If he performs well, maybe he can be sent back in advance. If he does not perform well, I can extend the deadline at any time."

Elsa pursed her lips and said, "Don't you always be so strict. If we really get together in the future, he is your brother-in-law. Although he is a cousin, he is also your brother-in-law!"

Charlie shook his head helplessly: "You have this one all day long..."

"Hehe." Elsa said with a smile: "Who makes me like you? Anyway, I'm always ready. If you figure it out someday, please find me anytime!"

Charlie ignored her. He looked up at the big screen and said, "Hey, it seems that our flight has already started to board first-class and business-class passengers. Let's go."

Elsa gave a hum, and while standing up to pack her luggage, she asked casually: "Did you tell Claire that we will go back together today?"

Charlie nodded: "I said that on WeChat last night."

Elsa asked with a smile: "She was not jealous at first, right?"

"Why would she be jealous?" Charlie said: "She knew that I was attending your grandma's birthday banquet, so I told her directly that you just want to come back, and you booked the ticket for me."

Elsa smiled and nodded: "Then did you tell Claire that you gave my grandma a fan worth tens of millions?"

"No." Charlie said: "Don't tell Claire about this. She doesn't know my relationship with Chairman Gu."

"I know." Elsa said seriously: "Don't worry, I will definitely not tell her."

Charlie relaxed, and the two got on the plane first from the VIP boarding gate.

The two seats in the first class were next to each other. Elsa chose a window position, and Charlie sat beside her.

After boarding the plane, Claire called Charlie and asked with a smile, "Husband, are you on the plane?"

"Going." Charlie said, "It will take off in twenty minutes."

Claire asked again: "Elsa is with you, right?"

"Yes." Charlie nodded: "Sitting next to me."

Claire said, "Then you have to take care of her."

Charlie said helplessly: "I don't fly the plane. The flight attendant takes care of everyone's food and drink along the way. What can I take care of her..."

Elsa deliberately approached the phone and said with a smile: "You can hug me when the plane encounters a turbulence, lest I be thrown out..."

Claire thought that Elsa was just joking, so she smiled and said, "You should buckle your seat belt, otherwise what if Charlie doesn't have time to hug you?"

Chapter 1632

Elsa smiled: "I know!"

Claire smiled and said, "It happens that I have nothing to do today. I will drive to the airport to pick you up in a while."

"Okay!" Elsa said with a smile: "Then my big beautiful girl will have a hard time running!"

Claire smiled and said, "What are you doing so politely with me? Besides, it's not to pick you up alone, but also to pick up Charlie."

Elsa said: "Okay, you are to pick up Charlie, right?"

Claire smiled and said, "Yes!"

"Okay, okay." Elsa said helplessly: "If you can pick me up on the way, I'm already very satisfied!"

Claire said, "Then I won't tell you anymore. See you at the airport later!"

"It is Okay."

.....

After two hours of flight, the plane landed smoothly at Aurous Hill Airport.

Charlie and Elsa came out of the airport together and saw Claire waiting here.

After seeing Claire for a few days, Charlie missed it very much. Seeing that Claire was wearing a long and slender coat, she was slim and had an extraordinary temperament.

In the past few days, Claire also missed Charlie very much.

After all, when the two got married, they had never been apart for such a long time.

She doesn't feel much about living together every day, but when one of them is not around, she can feel the feeling of discomfort and the feeling of constantly missing in her heart.

Seeing Charlie coming out of the exit, Claire hurried forward a few steps and gently hugged him.

After hugging him for a few seconds, she hugged Elsa again.

Elsa was shocked by Claire's initiative to embrace Charlie. She realized that her best friend's attitude towards Charlie seemed to have undergone some subtle changes.

However, she couldn't analyze the specific changes.

Charlie didn't expect that Claire would hug him directly in front of Elsa. Thinking about it, his wife's feelings for him seemed to have made some progress, which was a good sign.

After Claire and Elsa hugged gently, she discovered that Charlie was carrying several Hermes shopping bags, and asked in surprise: "Charlie, why do you buy so many Hermes things?"

Charlie smiled and said, "I bought some gifts for you and your parents."

Claire hurriedly said, "Oh, why buy such an expensive brand? Just buy some local specialties..."

Charlie smiled and said, "Isn't this making money? It is only natural to spend some money on family."

Claire said seriously: "You will spoil mother like this. You still don't know who she is? If you buy her such expensive things this time, her appetite will be even bigger next time."

Charlie smiled slightly: "This time I mainly bought a limited-edition bag for you wife. What I bought for Mom was all the ordinary styles that were used for distribution."

Claire said distressedly: "Then you have to spend a lot of money this time..."

Charlie smiled and said, "Don't worry about money all the time here. It's easy to make money anyway. Let's go home first, and talk about it when we get home!"

Chapter 1633

Leaving the airport, Charlie drove Claire's BMW and first sent Elsa back to the Shangri-La Hotel.

On the way, Claire wanted to invite Elsa to live in her home again, but Elsa said nothing.

Although living in Tomson First Grade can be closer to Charlie, Elsa is also afraid of Elaine and Jacob. These two people are really subverting the Three Views when they fight. As an outsider, it is really embarrassing to watch from the sidelines.

Moreover, she always felt that the Willson family still had a time bomb.

That time bomb is Jacob's first love, Meiqing.

Elaine still didn't know about Meiqing's affairs, and could be upset with Jacob. If she knew this, she would have to fight directly at home.

Therefore, she felt that she should not go to Tomson to find awkwardness, and it would be nice to live in Shangri-La.

Although staying in the hotel alone is a bit deserted, but fortunately, there is absolute freedom and unrestrained activities, even if you toss the room and throw it there in the morning, you will naturally get a clean and spotless room after returning.

So, she said she didn't want to go to Tomson anymore.

After sending Elsa, Charlie and Claire went home together. Claire asked concerned: "Charlie, have you been optimistic about Feng Shui for Miss Sara's house?"

"I'm optimistic." Charlie smiled: "Their whole family They are all very satisfied and gave a five-star praise."

Claire relaxed and said: "If people are satisfied, then we can be assured of the money."

She said, she asked Charlie again: "You buy With so many Hermes, can't you spend less money?"

Charlie said truthfully: "A total of one million or so."

"Ah? One million?!" Claire felt dizzy and exclaimed: "Why are you so willing to spend money to buy luxury goods and buy one million for family's a year's living expenses, but not as much as one million?"

Charlie smiled and said, "Luxury, it must cost more money."

Charlie pulled the car over and parked in the parking space on the side of the road, and gave things to Claire from the back empty seat. He bought the Hermes limited edition crocodile leather handbag and handed it to Claire's arms. He smiled and said, "Open it and take a look!"

Claire carefully opened the package and saw the beautifully crafted bag. , Exclaimed: "The craftsmanship of this bag is really good and the leather is impeccable. This bag costs a lot, right?" Charlie said: "The main reason is that this bag is more expensive, more than 500,000 yuan.

"Oh my god," Claire said nervously: "A bag is more than half a million? This is too expensive!"

Charlie said with a smile: "My wife. Hermes limited edition items are not cheap, but don't think about it. Money is very expensive, because the Hermès limited edition bags are very valuable and can even increase in value. If such bags are resold, they will cost at least 600,000 to 700,000 yuan, or even higher."

Claire said with some anxiety: "But this bag It's too expensive, how can I be willing to use it, and with my status I can't afford such an expensive bag, or you can resell it!"

Charlie hurriedly said: "That's OK! This is from me. How can you sell the gift I chose for you?"

Then he said again: "My wife, you can use this bag with confidence. If it is worn out, we will buy a new one. Now your husband, I am also in the eyes of high-ranking officials. Master of Feng Shui, you, as my wife, do you use a bag of 500,000 yuan? If you don't use it, people may tell me what I will say in the future. They might say that Charlie is too picky and earns so A lot of money, but not even willing to buy a better bag for his wife!"

Claire saw that Charlie insisted, and there was some truth in what he said. She sighed and said gratefully: "husband, then I will listen to your words, thank you."

Chapter 1634

Charlie remembered one thing and hurriedly said: "By the way, my wife, I will come back this time and take a rest for a day or two, so I have to go to Japan as soon as possible. I told you last time. There are also customers who have been urging me to go there."

Claire nodded and asked him, "How long will it take? It's more than half a month before the Chinese New Year. Many units are preparing for holidays. If you want to take a rest, wait for the next year." Go back to work again."

Charlie said with a smile: "I have promised people, how can we temporarily release the pigeons at this time, but you can rest assured, it should be done in a few days, in fact, Japan is not far away, and we fly directly from Aurous Hill. It's not more than two hours."

"Okay." Claire nodded gently and said, "Then you must take care of yourself when you arrive in Japan. If you are unfamiliar over there, don't conflict with others. , So as not to be bullied by the locals."

"Okay!" Charlie said with a smile: "You still don't know what your own husband's current ability is? I will definitely not let people bully me."

Claire confessed to him. At a glance, he said: "I know you can fight, but you still have to make money with peace after all."

Charlie nodded, "Don't worry, my wife, I will pay attention."

Back to Tomson.

As soon as the car entered the villa yard, Elaine, who had removed the plaster, ran out with joy.

She knew that Claire had gone to the airport to meet Charlie, so she had been waiting for Charlie to return.

The reason why she looked forward to Charlie's return was mainly that Charlie had promised her that he would bring her a gift when he came back from Eastcliff.

After Charlie gave her a set of hundreds of thousands of caviar skincare products last time, she has already valued him as a lavish son-in-law. Her guess, Charlie will definitely prepare valuable gifts for her this time. She can't wait any longer.

Seeing Charlie stepping out of the car, Elaine hurriedly greeted him with a smile, and said cheerfully: "Oh my good son-in-law, you can count as coming back. Mom wants to die for you these days!"

Charlie felt a little uncomfortable with Elaine's flattering attitude.

Although Elaine had already changed a lot before, it was the first time to say such nasty words.

At this time, Elaine continued: "You don't know, Mom is worried about you these days. You have never been far away. Mom is afraid that you will not be able to adapt to the outside, eating and sleeping well. This has always been a thought in my heart!"

Charlie nodded and smiled: "Mom, thank you for your concern. I have had a good time these past few days."

"That's good, that's good!" Elaine breathed a sigh of relief. So she hurried to look in the car secretly.

Because Charlie came back by car, it was impossible to take the gifts with him, so she looked in the car to see if there were any gifts ready.

At this time, the Old Master Jacob also walked out, holding a string of unremarkable red sandalwood beads in his hand, and said with a smile: "Oh, Charlie, you are back, how have things been done in Eastcliff these days? How was it?"

Charlie smiled slightly: "Dad, things are going well for me."

Jacob nodded: "It's going to go well!"

Elaine caught a glimpse of some gift boxes in the back seat of the car, but the car windows were covered with a film. Can't see what it is, so she hurriedly asked: "Oh my son-in-law, what are you putting in the back of this car? Is it a gift for us?"

Charlie nodded and smiled: "This time in Eastcliff, I have prepared some gifts for you and dad."

"Oh!" Elaine immediately beamed, and said excitedly: "You really deserve to be my good son-in-law. You think about me all the time. Come out and show Mom, what gifts have you bought for Mom!"

Chapter 1635

Seeing Elaine's eager look, Charlie smiled lightly, opened the rear door and took out a bunch of Hermes gift boxes from inside.

When Elaine saw so many Hermes, the whole person's eyes suddenly widened, and even gleamed twice!

She couldn't help but exclaimed in excitement: "My God, it's Hermès! Hermès bag is too expensive. Charlie may not really be willing to buy it for me, but even a Hermès scarf would cost tens of thousands!"

So she came to the front with excitement, covering her mouth excitedly and said: "Oh, oh! It's Hermes! My son-in-law, you are so willing! What did you buy from Hermes for your mother?"

Charlie picked out a few gift boxes of different sizes, and handed them to Elaine, "Mom, this big one is a Hermes bag. It matches your temperament. Do you like it?"

When Elaine heard that it was a bag, she jumped up in excitement!

"Oh! It's really a bag! My good son-in-law! You are so willing to pay for mom!"

Elaine has always wanted a better bag, but for so many years, her best bag, that is, an ordinary lv, looks like 15,000 one.

In her eyes, Hermès bags, which can only be carried at the level of ladies, can't even be touched by ordinary and second-class people. She dreams of carrying a Hermes on her back, but she just dares think about it, even if she had some money in her hands before, she would have to spend more than 100,000 to 200,000 to buy a Hermes, she would still be reluctant to bear it.

Unexpectedly, today Charlie actually gave her a Hermes bag!

This really gave her a huge surprise!

She hurriedly unpacked the Hermes package and took out the more than one hundred thousand handbags from the inside. He smiled and said: "Mom, this bag is so beautiful! Do you like it!"

After finishing speaking, he looked at Charlie and said with a flattering smile: "Oh my son-in-law, you are so willing! You bought such an expensive bag for mom!"

Charlie smiled slightly: "You like it."

"I like it, I like it so much!" Elaine excitedly held it in her arms, and sighed: "I was really blind before, and I didn't see that my good son-in-law has such great potential! Good son-in-law, what happened before Son, don't take it to heart!"

Charlie nodded lightly.

He knows that such a world-class shrew like Elaine could be bought with only a little profit, and he has already put her in order.

How could she fight her wits so many times, and send her to a detention center for a few days.

But that's fine, Elaine's character is the kind of master who doesn't suffer and doesn't know the evil in the world. After suffering a lot, her temper will naturally become more honest.

Afterward, Charlie took out two small gift boxes, handed them to Elaine, and said, "Mom, here are two more gifts, which are also for you."

"Ah? There is mine?!" Elaine was excited to kneel down for Charlie.

Good guy, I don't want to say that I gave a Hermes bag, but there are other gifts. My son-in-law really looks more and more pleasing to the eye!

So she hurriedly took two gift boxes from Charlie and opened them one by one.

“Wow! Hermès scarf! It’s so beautiful! It’s cold now, so it can be wrapped around! This is a lot of money, right?”

Chapter 1636

Charlie nodded: “Twenty to thirty thousand.”

“Oh! My son-in-law is so generous! Buy me such an expensive scarf! Twenty to thirty-thousand, you can buy a mink to wear!”

Afterwards, Elaine opened another gift box and exclaimed: “Oh! This is the classic Hermès belt for women! My son-in-law, Mom has loved this belt for several years, and has been reluctant to buy it. I didn’t expect you to realize my dream for me.”

Jacob on the side looked a little bit sour, and couldn’t help but ask: “Good son-in-law, didn’t you bring any gifts for dad?”

Charlie smiled and said, “For you, I have prepared several things.”

Having said that, Charlie handed him two Hermes gift boxes.

Jacob slapped his thigh happily, and said excitedly: “Oh, there really is me, really my good son-in-law!”

As soon as the voice fell, he rushed over and took the gift box from Charlie.

Open the first one. It is a men’s belt with the head of the belt and the golden letter h, shining in the sun.

Jacob clapped his hands happily: “Oh, this Hermès belt was popular all over the country back then!”

Charlie nodded and said with a smile: “This belt is now a standard for successful men.”

Jacob sighed and sighed: “Oh, I am also a successful person. We live in a Tomson first-class mansion, drive a BMW five-series sedan, wear Hermès trouser belt, and then we will string a large gold chain and get a gold watch. Live with the upper-class people with small gold watches and three small barbecues a day!”

Claire said helplessly: “Dad, which middle-aged and old people do you see who is still wearing a big gold chain to swagger through the market? Those are standard equipment for young people and social people.”

Jacob chuckled, “I just said that.”

After speaking, he winked at Charlie and said: “Good son-in-law, when can you give me a gold watch? I recently picked a Rolex Gold, and that watch looks impressive!”

Charlie suddenly thought: “Hey, before, Meiqing seemed to have given his father-in-law a Rolex Gold! It is worth three to four hundred thousand, but the Old Master was afraid that Elaine would be jealous after seeing it, so he never dared to wear it.”

“He is now mentioning Rolex Kindy again. It is estimated that 80% of him wants me to agree to his so-called request.”

“In this way, he can just look back and wear the Rolex that Meiqing gave him. Even if Elaine sees it, he can tell Elaine that I bought him this watch.”

Thinking of this, Charlie couldn't help feeling in his heart: “This Old fox is not easy. In order to be able to put on the gifts from the first lover in a fair manner, he has to prepare so much in advance, so just help him!”

Therefore, Charlie said to Jacob straightforwardly: “Dad, don't worry, Rolex Gold, right? It's on me!”

As soon as Jacob heard this, he was immediately happy with nothing to add, and ran forward to hold Charlie's hand, and said with emotion: “Good son-in-law, you are the one who knows me!”

After finishing speaking, he kept winking at Charlie, his expression full of gratitude.

Elaine on the side was unhappy, and said angrily: “Jacob, you old thing is really shameless, even you wear a Rolex for your unpromising appearance? Don't pit my son-in-law's money here!”

After speaking, Elaine hurriedly smiled to Charlie and said: “Good son-in-law, you don't think mom has a decent watch until now. How about you turn around and give mom a piece?”

Chapter 1637

When Jacob received a Rolex from Meiqing and showed off with Charlie in the car, Claire was sitting in the back row.

So she knew very well that Dad now asked Charlie to ask for a Rolex. In fact, it was a formality. The main reason was to find an opportunity to put the Rolex that Meiqing gave him on his hand.

At this moment, although Claire felt a little uncomfortable, he could only turn one eye and close one eye when she thought of the past of her father and her mother, and the many wrongs he suffered over the years.

But Claire didn't expect that her mother would come to join in the fun at this time, and wanted Charlie to buy her a Rolex too.

She hurriedly said to Elaine: “Mom, all Rolexes are worn by men. They don't look good on you. If you really like watches, I'll give you a female Tissot.”

Elaine said disgustingly: “Don't even think about fooling me, the watch of that brand is very cheap, I bought it for a few thousand, and the low-end ones can't even cost three thousand. How can they be compared with Rolex! I don't want it!”

Charlie said smoothly: “Mom, I bought a lot of things from Eastcliff this time. If I buy a gold watch for you and dad alone. It is estimated that our family's living standards will have to drop drastically. I happened to know a buddy who sells imitation watches. The imitation watches he sells are made the same as the real ones, there are no real fake ones, and they are cheap. How about I give you and dad a whole fake watch first to make do?”

Now Elaine, in front of Charlie, is no longer the vixen who blindly criticized the opposition back then. Charlie treats her a little better, and she is quite sensible.

Thinking that Charlie had already bought so many Hermes for her, it would be hard for him to spend money to buy a gold watch for her, so he hurriedly said: "Oh, good son-in-law, mom just said it by the way, mom knows it's not easy for you to make money, so let's buy a fake for your dad first, and let him make do with it, then mom will not need it."

After that, he hurriedly added: "Hey, my son-in-law, if you take on the feng shui big job in the future and make a lot of money, don't forget Mom!"

Charlie smiled and nodded: "No problem, I won't forget you if I make money in the future."

As he said, he winked at Jacob again and said, "Dad, how about letting my friend find you a replica Rolex? Anyway, most people can't see it, it's the same as the real one!"

How could Jacob know what Charlie meant, anyway, just to find a reason to wear the watch given by Meiqing outright, Elaine thought it was a fake, but it would be better!

So she nodded hurriedly and said with a smile: "Oh, it's okay to fake it, anyway, I just want to wear it, but the real is a waste!"

Charlie pushed the boat along the water: "Then it's settled. I'll call him soon and ask him to help find a high copy."

Jacob smiled and said, "Okay, Okay!"

Charlie then took out the tea that Stephen had given, and handed it to Jacob and said, "Dad, this is some good tea I asked someone to find for you. Don't buy tea from WeChat indiscriminately in the future."

Jacob smiled and said, "My tea is not bad! It tastes fine after drinking!"

Charlie said: "Then you taste this and see how big the gap is."

Jacob nodded: "Okay, I'll try it later!"

At this time, Charlie took out the remaining Hermès gift boxes and said to Claire: "My wife. These are all for you. Go back to your room and take them down slowly."

Claire was surprised and said, "Ah? Why are there still my gifts? You already gave me a bag..."

Charlie nodded and smiled: "The rest are some small accessories, such as scarves, wallets and belts."

Chapter 1638

Claire gratefully said, "Thank you husband, but in the future, you must not spend money on me like this..."

Charlie knew that she couldn't accept such a high price in her heart, so he smiled and said, "Okay, OK, I know, I will buy you a gift with high cost performance in the future."

.....

Back in the room, Elaine quickly put the Hermes that Charlie had given her to the living room.

While putting the gifts and packing boxes away, she took out her mobile phone and took many photos from different angles.

Afterwards, she selected nine photos that she was satisfied with, and immediately sent them to the circle of friends, with the caption: "My good son-in-law went to work in Eastcliff and came back to give me a bunch of Hermes! I am so happy!"

In the circle of friends, likes and comments burst out in an instant, watching a lot of women's sour comments, Elaine danced happily!

I can't help feeling proud: "It's so cool! The Old Lady is now living in a big villa and carrying Hermes, she is a proper super lady! After the two porcelain teeth of the front teeth are finished and set, the I can carry a Hermès bag, wearing a Hermès scarf, and wearing a Hermès belt, I'm going out in awe!"

And Jacob sat down on the sofa and quickly took out the tea leaves given by Charlie, planning to make a pot, and taste the tea that he bought from WeChat. How was it different?

As soon as the tea leaves Stephen gave were opened, the refreshing tea aroma came out!

Jacob was cheered!

He has never seen such fragrant tea!

As soon as it was opened, it hadn't been brewed, and the taste lingered for three days, which made people feel refreshed.

Looking at the tea leaves, the pieces are perfect and impeccable. There are no problems of different sizes and colors, and there are no small pieces of foam and small bellflowers. At a glance, they are carefully selected piece by piece.

He grabbed a handful of tea leaves under the tip of his nose and lightly smelled it, then grabbed the tea he bought from the WeChat Maicha girl and smelled it, and suddenly he felt a huge gap.

The former is like a fine natural agarwood, the fragrance is rich and perfect, and it is completely natural, with no trace of processing.

But the latter is like fake agarwood made from low-quality firewood soaked in a chemical potion. The fragrance smells a little choking and pungent. Compared with the former, it is obviously not the same thing.

Jacob quickly put the tea leaves sent by Charlie in the teapot. The electric kettle with tea at the bottom was already hot. He quickly poured boiling water into the pot. Then, the fragrance of the tea was forced out by the hot water. The whole living room is full.

Jacob said in horror: "This... the taste of this tea is too good!"

Claire smelled the scent too far away, and exclaimed: "Ah, it smells really good! Dad, can you give me a cup too!"

Elaine, who has never liked tea, smelled the tea scent at this time, and said excitedly: "This tea smells very advanced, Jacob, give me a cup and let me taste it!"

Jacob hurriedly took out four small tea cups, poured four cups of tea, and then took a cup by himself and took a careful sip in his mouth. Then his eyes lit up and exclaimed: "Good tea! Good tea! Ah! I have never drunk such good tea in my life!"

Chapter 1639

Sighing at Jacob, Charlie shook his head helplessly.

This Old Master, indeed, has never seen anything in the world.

Playing antiques can only afford fakes, and drinking tea is the same.

This is mainly because his status in the Willson family is too low. He was not valued by the Old Lady before. Later, he was squeezed by Elaine for many years. Life has been unsatisfactory and there is no improvement in money.

But fortunately, Jacob's personality is not bad. If he changed to another person, he would have been depressed because he couldn't think about it.

Here, while Charlie's family was happily tasting the finest tea, Horiyah was preparing lunch for the family in Villa A04 next door.

Because the child who she was previously pregn@nt with the black coal kiln supervisor, infected Noah's whole body, Horiyah was always excluded from this family.

But because Regnar supported her, the Willson family did not dare to do anything to her.

In the beginning, Horiyah also pleased the Mrs. Willson and Noah in various ways, hoping to exchange their forgiveness, and even specially made an abalone dinner for Noah, and bought expensive king crabs to supplement his body, although kind she did a bad thing, but it was really meant to please.

However, Horiyah saw that she always had a hot face with her cold bu.tt0cks, so now she has some broken jars.

Recently, after the Willson Group received Regnar's investment, the business restarted. With Regnar's help, it finally returned to formality, so the Willson family all returned to work in the Group's office.

Mrs. Willson is still the Old Lady in power, Noah is the general manager, Harold is the business director, and Wendy is the Management director.

This family of four goes to and from get off work together every day, so they are even more alienated from Horiyah.

Her current role at home has almost become the servant for the four of them, doing laundry and cooking at home every day.

At this moment, she had just prepared the meal, but before the Willson family came back, she took off her apron and sat on the sofa tiredly and played with her mobile phone.

Randomly swiping the circle of friends, and immediately reached the one of Elaine. When she saw Elaine showing off a bunch of Hermes in the circle of friends, Horiyah was very depressed.

“This Elaine is really a stinky burning bag! Isn’t it just a few Hermes? Is there anything to show off?”

After a few curses, Horiyah felt uncomfortable again.

“Elaine kind of b*tch, there is a son-in-law like Charlie to support her, what about me? What do I have?”

“Husband? Beats me, scolds me, and threatens to divorce me. If it weren’t for Mr. Regnar, this old tortoise would have driven me out.”

“Dead Old Lady? Not a good thing! This old thing is so bad, if Regnar hadn’t warned her enough, I am afraid that she would beat me to death together!”

“Hey, my son is not up for it. He doesn’t have the ability to sh!t, and he will brag all the time. Such kind of stuff will definitely have nothing to do in the future, and I can’t count on him.”

“Wendy...hey...it would be great if Wendy was still with Gerald. No matter what, she can continue to be Fredmen’s lover. As a result, she has a reputation now. Whether to marry or not to go out is a problem, and it is even more a commodity that cannot be expected...”

“Hey, what can I expect in my life? Who can buy me a Hermes bag?”

Thinking of this, Horiyah felt uncomfortable, and when she thought of the hardships and experiences she had experienced, tears burst into her eyes.

Chapter 1640

At this time, the door was pushed open.

Noah walked in first with the Old Lady.

Harold and Wendy followed behind.

The Old Lady was wearing a noble mink coat, her face was red, and her face was indescribably happy.

Since regaining a new life in the Willson family group, the Mrs. Willson has been happy every day, her whole face is red, like she has eaten a rejuvenation pill.

As soon as she entered the house, Mrs. Willson opened her mouth and said, “Oh, although the Wu family is not good enough, at least the lean camel is bigger than the horse. With the project they gave, we can make at least 20 million in profit in the next year. , that is really good!”

Noah laughed and said, “Mom, it’s not that you are far-sighted! If you weren’t strategizing behind the back, our Willson Group wouldn’t have a chance to be born again!”

Mrs. Willson nodded in satisfaction. She has always been narcissistic and has a strong desire for power. She likes to be flattered most.

Horiyah on the sofa was very upset when she heard this, she couldn’t help cursing inwardly:

“The old dead woman is really shameless! What is your contribution to the rebirth of the Willson family? Isn’t it the help of Mr. Regnar? Besides, Mr. Regnar back then but first sent someone to the black coal kiln to rescue me! Only then did you get your family out of the detention center!”

Mrs. Willson entered the living room happily, and when she saw Horiyah sitting on the sofa playing with her mobile phone, she immediately shouted annoyed: "Horiyah, what are you doing on the sofa instead of cooking in the kitchen? This is your sitting Place?"

Horiyah stood up and said angrily, "Mom, what do you mean by this? I am also a member of this family. Am I not even qualified to sit on a sofa?"

Mrs. Willson said sharply: "You are right! You are not qualified to sit on the sofa! In this house, you are a servant! Still a servant who dissatisfied me! If it weren't for Mr. Regnar to cover you behind, I would Just drive you out, you pugnacious girl!"

"You..." Horiyah said angrily: "The dead Old Lady, you're endless, right? You take that little mess out all day long and nag, is it interesting? Don't forget what Wu always does. That said, let us put aside all our prejudices. If you have an old attitude, I will go to Mr. Regnar to help me out!"

The Mrs. Willson was speechless.

She insulted and bullied Horiyah because she determined that Horiyah did not dare to make trouble.

But she didn't expect that the rabbit would bite in a hurry.

Horiyah dared to talk to herself like this.

However, she did not dare to choke with Horiyah right away, after all, Regnar had indeed ordered that if she annoyed Regnar, it might affect the rise of the Willson family!

Thinking of this, she snorted and said, "Okay, since Mr. Regnar asked us to let go of our prejudices, then I don't have the same knowledge as you, but I still advise you to figure out your own situation. In this family, you are a sinner. There must be a sense of atonement at all times!"

Although Horiyah was upset in her heart, she did not continue to argue with the Old Lady. Instead, she said blankly: "The food is ready, let's eat!"

However, although she didn't say anything on the surface, she hated the Old Lady deeply in her heart.

She completely understood that Mrs. Willson's attitude would only get worse in the future, not better.

If the Willson Group continues to move up, Mrs. Willson's posture will definitely be higher.

She couldn't help but sighed inwardly: "This dead old woman, if only she could fall a bit hard!"
