

Chapter 1639 - 1640 of A Dish Best Served Cold Novel

Chapter 1639 The end, come!

The Tianhe is full and the sky is full of snow.

By the Dongchang Lake, everyone looked at the Fanghua woman who was going to die with great regret in their hearts.

However, the Haruhi Yingyue on the side, looking at some tragic and majestic scenes in front of her, she couldn't help being stunned.

She originally thought that Xu Lei would complain, regret, and fear before dying.

However, she saw only endless nostalgia and affection.

At this moment, Haruhi Yingyue couldn't help being more curious.

Then Mr. Chu, what kind of man is he?

Why, let such a beautiful girl be so devoted to him, unswervingly!

"Miss Xu, it's over."

"It's a pity that the man who made you depend on your life for the rest of your life didn't come to save you after all."

The cold voice sounded like death chanting.

Immediately afterwards, Qing Mu's vigor, gathered into swords, and slashed away at Xu Lei's neck!

However, just at this time when the killer blow is about to fall.

Who could have imagined that at the end of the Tianhe River, a violent storm would suddenly rise, with power like a rainbow.

Senran's cold sound was even more like a billowing thunder, and in the next moment, within nine days, it blasted loudly.

“Mochizuki River, if you hurt Lei'er a point, I will destroy your palace of the sword god!”
“If you dare to hurt Lei'er a bit, I will slaughter your Japanese martial arts!” What kind of anger is that, like nine Youlihuo burns the sky.

What kind of coldness it is, like ten thousand years of frost, frozen heaven and earth.

After the words fell, the mountains and rivers trembled, the seas were tossed, and the wind and snow fell back.

The water of Dongchang Lake, even more like crazy, set off endless waves.

The silence here shattered, and endless anger surged.

Under such power, the leaf boat that Liang Palace Yingyue was standing on was also affected by the surging Dongchang Lake, almost overturned.

Under the unexpected change, where did Mochizuki River care about killing.

Immediately stabilize the figure, calm the boat.

As for the people watching by the Dongchang Lake, their eyes widened as they watched the almost upturned and strange scene in front of them.

Almost frightened, soul flies away!

What kind of person is this?

With a roar, the lake and the sea will churn?

Let the wind and snow flow?

“Damn!” “Shall I go to Nima?” “No novel dare to write like that!”

Everyone was almost scared to pee.

I just feel that the combined shock of a lifetime is not as much as it is today.

Leonard Chu and others stared at their eyes, their old faces were pale, their pupils shrunk, looking like a ghost, looking at the sound source.

Under the sky, a thin figure came hurriedly.

He was expressionless and his forehead fluttered.

The snow falls all over the sky, but it can't cover his endless power.

The sky was cold, but he couldn't freeze his monstrous anger.

The feet are covered with snow, and the sky behind him is full.

At this time, the young man was just like a demon god.

With murderous intent and anger, burning the world.

When I return to the world, all the adversaries will die!

Phew~ The cold wind is blowing away the endless wind and snow.

Where this person passed, the earth was frozen and the wind and snow retreated.

That thin body fell in the eyes of everyone, but it was as thick and majestic as a mountain!

“This...this...”

“This is, Mr. Chu?!!!” “It’s Mr. Chu here.”

“Yes, Mr. Chu is here!!” “Haha~” After seeing Mark’s figure, Lei San took the lead in calling out.

"How... how is it possible?" "This Wang Ba Lao is really here?" "Is he really afraid of death?" When Ericson and others were excited, Leonard Chu trembled, and his eyes almost stared. come out.

Before him, he thought that Mark would be greedy for life and fear of death, so he would shrink his head and ruin his reputation.

But he didn't expect Mark to appear at this last moment?

"Helen, it's really him."

Helen Qiu didn't speak, but just nodded, her beautiful eyes flushed, her pretty face smiled, and she looked at the man from a distance with comfort and love.

"Is this Mr. Jiang Dongchu?" "This...so young?" He Yurou was also stunned.

Before that, she thought that Mr. Chu was a middle-aged man of the same age as her father.

But until now, after seeing it with her own eyes, she did not know that she was wrong.

Wrong!

Mr. Chu, where is a middle-aged man, but a peer like her.

"Dragon Lord, Tongshan brother..."

"Ignoring the shouts of the people, after Mark appeared, he first walked in the direction of Tongshan and Qingtan. The moment he saw Mark, Qingtan's tears flowed down uncontrollably. That feeling, just like that. It was like a sailing boat leaving home and found a harbor to lean on. The sorrow that was suppressed in his heart was released immediately. Mark did not speak, but quickly sealed the heart of Tongshan, and then turned his head and left. Qingtan, take good care of Tongshan.

"I'll come when I go."

"The words were cold, with endless murderous intent and anger. He clenched his palms, and immediately walked towards the shore of Dongchang Lake with his feet on the ground. However, the Noifork elders came to worship everywhere along the way."

“We Noirfork, we have been waiting for you for a long time.

“The gangsters of Japan are scoring Noirfork, slaughtering my compatriots in Noirfork, and even more delusional to murder Madam Chu.

“It was Miss Xu who came forward.

“At the time of crisis, I, Ericson, please Mr. Chu, I will turn the tide, kill the Japanese madman, and rescue Xu Zong!

“Ericson said sadly, holding his fists and begging. “Yes, Mr. Chu, all of us are waiting for you.”

“Mr. Chu, please turn the tide~” Chen Ao and Lei Lao San both walked out, respectfully worshipping Mark, holding their fists together. As the two and three of Li walked out, it was like a huge boulder falling into the sea, setting off a monstrous sky. A huge wave. In a short time, all Noirfork’s dignitaries and big brothers from the Quartet all moved forward respectfully, holding their fists together. “Please Mr. Chu, turn the tide and save me Noirfork!
