

Nothing to Give but My Heart Chapter 1660 – 1669

Chapter 1660

“Do you dare to hand over the important accounts to your brother?” Justin Yuchi gave her a funny look, “Aren’t you afraid that your brother will do anything in those accounts?”

Pamella Tang turned her head instead, looking at Justin Yuchi sincerely.

“Brother will?”

This look made Justin’s heart move. Pamella Tang’s temperament was completely soft and sincere, which made him really unable to tease her.

“Will not.”

“I knew that my brother was the best to Pamella.”

After all, my brother loves clean people so much, in order to protect her from the rain, he held her for so long.

Although in terms of time, maybe ten minutes is nothing.

But Pamella Tang was already so touched.

The staff next to him didn’t say anything, just thinking in his heart that the Young Master Yuchi’s family’s property is a wealthy country, and the Tang group is nothing compared to what he holds. How could he be in the Tang family? What about doing things in the group’s ledger?

After getting out of the elevator, he quickly arrived in the suite.

“Master Yuchi, Miss Tang, the shampoo and shower gel, makeup remover, and skin care products are available in the luxurious suite. If Miss Tang is not used to it, then I will now order someone to buy some of the brands that Miss Tang wants. .”

Pamella Tang shook her head immediately: “No, I will use whatever is in the suite.”

At this time, the outside was flooded. At this time, it was too bad to call people to buy, so Pamela Tang quickly rejected his proposal.

“Thank you Miss Tang for being considerate. In that case, I won’t bother you.”

“Yeah, go ahead and do your job.”

After that, Pamela Tang took Justin Yuchi into the suite and pushed him into the bathroom: “Brother, take a shower.”

Justin Yuchi glanced at the wet skirt on the little girl and stretched out his hand to pull her into the bathroom.

“You wash first, I’ll wait a while.”

“No, no!” Pamela Tang shook her head: “Brother, your legs have been soaked in rain for too long. The rain outside is very dirty. You have to wash it now. I saw a news last time that it was soaked in rain and then skin It’s rotten!”

“After all, the water is overflowing, and I don’t know what garbage and sewage excrement is in it.”

This is also the reason why Pamela Tang insisted that he take a bath quickly.

“What about you?” Justin Yuchi glanced at her: “You also have rain on your body. Who made you pounce on just now, is it all right now?”

“I didn’t mean it. My brother kept letting me go ahead, so I had to do this.”

After that, Pamella Tang grieved and said: “Brother, you just listen to me once. You go in and wash it. After washing, it’s my turn. If we go on, we don’t need to wash it anymore.”

The last sentence is the truth, and it will only delay time if you continue to say it. The little girl is stubborn. If she doesn’t want to wash, she probably can spend it with herself.

Just when Justin Yuchi was about to go in for a quick fight, he unexpectedly discovered that there was something else in the bathroom, and the corners of his lips twitched slightly.

“Little girl, maybe you can wash it at the same time.”

“What?”

Pamella Tang looked confused.

“You go take a shower inside and give it to me outside.”

Pamella Tang looked in the direction of his fingers.

Then she discovered that the shower was made of opaque glass, and she couldn’t see it when she showered inside.

But if you use it in a bathroom, you will hear the sound of flushing.

Pamella Tang’s face flushed red, “Brother, still...”

“When is it all, do you care about this?”

After speaking, Justin Yuchi pushed Pamela Tang into the shower.

Then he thought of something. He was afraid that Pamela Tang would be uncomfortable, so he closed the curtain next to him. Pamela Tang looked back and found that it was really tight at the moment.

It seems that there is no need to wait any longer.

The washing and care are all complete sets, and they are all famous brands, as well as bathrobes and towels.

Brush it

Justin Yuchi had already boiled the water, the whole bathroom was full of water, and soon his phone started to play songs.

The sound of water and songs covered the entire bathroom, and nothing was heard right now.

Pamela Tang felt Justin Yuchi’s carefulness. She took off her dress that was soiled by rain and turned on the hot water.

Soon, the whole bathroom was misty. Pamela Tang also forgot about everything. She concentrated on taking off her makeup and taking a bath. How long did she wash here, and how long did Justin Yuchi wash over there.

Pamela Tang has always been taking a bath more slowly, and because she got dirty water on her body today, she was more careful.

After washing, she pulled the bathrobe next to her and put it on.

Then, Pamela Tang found one thing sadly.

There was no linen/clothing in the hotel. She took off the previous ones and now it is empty except for a bathrobe outside.

This is embarrassing, how do you get along later?

Pamella Tang stood for a long time before calling out, "Brother?"

"It's done?"

"Yeah." Pamela Tang hesitated for a long time before replying.

After the voice fell, the sound of the water outside immediately stopped, and then Pamela Tang heard Justin say: "I will go out first. After you will come out, you will go straight to the right. That bedroom belongs to yours."

"What about brother?"

"My bedroom is on the left."

Because it is a deluxe suite, it is almost the same as the community room, and the decoration is more luxurious than the community room, and there are many rooms.

Although Pamela Tang didn't know how he knew it, she probably went out to see it just now while she was still taking a shower.

Soon, Pamela Tang heard his footsteps and the sound of the bathroom door closing.

She took a deep breath in the same place, and it took a long time before she opened the door and pulled the curtain to the side.

The bathroom was a mess, the ventilator was working hard, and Justin Yuchi had already packed up his clothes, but Shui announced that it stopped.

Did he wash it long ago? Just been waiting for her?

Thinking of this, Pamela Tang had to admit her carefulness.

She wrapped her hair, and then opened the bathroom door. It was quiet outside and there was no one. Pamela Tang walked to the right according to Justin Yuchi's words, and she saw a bedroom, and then she unscrewed and walked in.

The bedroom is very wide, with a large bed dresser, and a floor-to-ceiling window.

And their position is quite high, you can see part of this night in this city.

However, Pamela Tang felt extremely insecure when she thought of the empty inside, and quickly walked over and closed the tulle curtains of the floor-to-ceiling windows.

Pamella Tang felt safe after being covered by a layer of tulle. She ran to find a hair dryer and dried her hair.

After blowing her hair, Pamela Tang received the WeChat message from Justin Yuchi.

{It's a bit late today, and I will rest soon after my hair is dry. }

Pamella Tang nodded subconsciously, and finally realized that she was sending a message after she clicked her head. She nodded the captain Chi Justin could not see it at all, so she hurriedly replied.

Chapter 1661

The phone was running out of power, so Pamela Tang could only find a charger in the drawer beside her to charge her phone first.

After tossing for a day, she is tired now.

After Pamela Tang put down the phone, she fell asleep soon, and she didn't have time to think about anything else.

Then this night Pamela Tang had a dream. In her dream, she returned to the moment when she was in junior high school with Glenda Meng. The two were happy and worry-free. They were good sisters. They would meet together to drink milk tea, eat barbecue, and watch movies.

Later, the plot suddenly changed, and Glenda Meng suddenly pushed her away.

"Pamella Tang, we will never be good sisters again!"

"Why?" Pamela Tang didn't understand, and asked anxiously in her dream, but Glenda Meng never gave her an answer. The figure who turned around and left ruthlessly was extremely decisive, and did not turn her head back in the middle.

Pamella Tang ran behind, but couldn't catch up until Glenda Meng disappeared before her eyes.

When Pamela Tang woke up, her heartbeat was still violent, and the pillow she was sleeping on was half wet, and a tear fell from the corner of her eye.

Feeling very depressed, Pamela Tang took a look outside and found that the sky was beginning to light up in gray.

She sat lonely for a while, then picked up the phone and looked at the time.

It's six o'clock.

It turned out that she had slept for so long. Pamela Tang flipped through WeChat. Glenda Meng didn't send her any WeChat. The latest chat record still stayed on the previous conversation.

No, Pamela Tang still didn't figure it out. She wanted to ask why she treated herself this way.

So she clicked on the interface of chatting with Glenda Meng, and when she clicked in, she found that the following series of messages were all sent by herself, and she suddenly dispelled the idea.

In fact, regardless of friendship or love, it is not enough to have only one person's contribution. She has made it clear that she does not want to be a good sister with herself. If she continues to look for her, isn't it a stalker???

Thinking of this, Pamela Tang cancelled the idea of sending her a message.

She clicked on Glenda Meng's WeChat avatar to see the previous dynamic photos of the two.

After clicking in, she suddenly found that her circle of friends was blank, and she couldn't see her circle of friends anymore.

This scene made Pamela Tang feel cold.

At the coming-of-age ceremony, she was thinking about letting her join in and designing her dress, but when she came, she wanted to leave lightly. She didn't even want to be a sister with her anymore, and now she was thinking of sending her a message asking what was going on, but she had already blocked herself.

No, is it blocked or deleted?

Pamella Tang poked over without giving up.

“Feifei?”

The system is not a friend of the other party immediately. If you want to send a message, you must add friend verification.

What is heart death?

That’s probably the case. Pamella Tang saw this system prompt message. She had no faith or hope.

But she didn’t even think of crying, she just sat there holding her mobile phone blankly.

Perhaps this is the ending Feifei wants.

And all she can do now is to stop bothering her.

Pamella Tang closed her eyes and fell back on the bed again.

At about eight o’clock, there was a little noise outside the door. Pamella Tang could hear clearly because she hadn’t slept. She thought that Yuchi would knock on the door, but she didn’t expect it to be quiet after a while.

Then her cell phone rang, and it was a message from her brother.

{Something hangs at the door, wake up and tell me, get up for breakfast. }

Looking at the news, Pamella Tang paused and turned over and sat up from the bed.

Then she opened the door with her bare feet, and she saw that there were a few bags of things on the side, and there was no one beside her quietly.

Pamella Tang carried the bag in and opened it one by one.

In addition to the clothes you wear outside, there are personal clothes, new shoes, hair bands, and skin care products, all in sets.

It's just... Pamella Tang was thinking that close-fitting clothes are probably not easy to buy, and they don't fit well.

She took the clothes to the side and changed them one by one, but when she took the underwear, she unexpectedly discovered that it was a sporty style. In this case, she was not so picky.

Pamella Tang blushed a little, and there was still some heat on her cheeks after she finished wearing her clothes. She pursed her lips and packed her things before she opened the door to go out.

As soon as she walked out, Pamella Tang heard someone talking, and then the door closed. As she walked over, she saw Justin Yuchi walking back from outside the door.

"Woke up?"

"Brother."

Justin glanced at Pamella Tang's clothes, a set of white sports skirt, and sports shoes, the whole person looked refreshing and pleasant.

"Yes, it's not futile I went downstairs to buy you clothes early in the morning."

Pamella Tang pursed her lips and asked in a low voice, "Did brother buy it?"

“Otherwise? Who else will buy it for you?”

It seems to be the same. No one except her brother would deliberately buy it for her, but at first Pamela Tang thought it was her brother who called and asked someone to deliver it.

“No, I was thinking, is someone opening the door so early? Can you buy it?”

“Some stores are opened earlier, so you can still buy them. If you are hungry, come over and eat.”

Justin Yuchi stretched out his hand and patted the back of the little girl’s head, “I’ll talk about it after breakfast.”

After that, the little girl followed him to the table to have breakfast. The breakfast was very rich and was bought by Justin Yuchi, with balanced nutrition.

Pamella Tang originally planned to eat a little bit and not eat it, but Justin said, “Eating too little will affect your development. You are already very thin, and you want to continue to lose weight?”

Hearing, Pamela Tang’s face was reddened, “But if you don’t pay attention, you will gain weight, and then you will keep getting fat.”

Because Pamela Tang has lost weight, she has a physique that is easy to get fat. She doesn’t dare to eat more, otherwise she will get fat again. This period of time is equivalent to a waste of effort.

“It’s okay to be fat.” Justin Yuchi said while adding new food to her bowl, Pamela Tang’s entire face wrinkled when she saw it.

“Brother, no, I really can’t eat it anymore.”

“You haven’t reached the standard of normal intake. Be obedient. Don’t always abuse/treat yourself just to lose weight.”

“But...” Pamela Tang looked at him grievously: “If you are too fat, no one will want it.”

Hearing, Justin Yuchi had a meal, and then his eyes fell on her white face, “Who said that?”

After the words were over, he pondered for a while, and raised his lips: “If there is really no one wanting it, my brother will barely accept it.”

Pamella Tang: “!”

He seemed to be reluctant to say it, but Pamela Tang was so excited because of this sentence, she stood up suddenly.

“Brother, are you telling the truth?”

Justin Yuchi didn’t expect the little girl to react so much, and was a little surprised.

“Is it really okay?” Pamela Tang didn’t even eat breakfast, and walked around to him: “If Pamela really has no one in the future, my brother will...”

“Silly girl, how could you have no one wanting?”

Chapter 1662

Yuchi also thought to himself, this little girl didn’t know how likable she was, and Andrew Zhong was going crazy for her.

But she was here worried about whether she would have no one in the future.

“I don’t care, my brother has to say what he has to say, I have written down what you just said.”

Although he knew that he was a rogue like this, Pamela Tang was afraid that if he didn’t mean it, there would be no chance.

Yuchi also paused slightly, and after a long silence, flicked her forehead.

“You don’t want no one.”

Originally, the little girl’s eyes were as bright as the stars in the sky. After listening to his words, she instantly felt a lot of depression, standing still and looking at him pitifully.

“Brother... don’t you like Pamela?”

Justin Yuchi was speechless.

“Why doesn’t your brother speak? Don’t you like it? The request Pamela made to you before was too much? If it weren’t for the excessive request Pamela made, does your brother already have a girlfriend?”

Justin Yuchi: “?”

Why was it okay just now, but my mood suddenly collapsed?

He didn’t understand the little girl’s emotional management problem, he didn’t seem to say anything, let alone deny it, but she was like this.

Pamela Tang thought about it, her eyes were a little red, biting her lower lip and staring at him.

“Brother, you must be thinking in your heart now, I’m very unreasonable, right?”

“No, why would my brother think so?”

Justin Yuchi had a slight headache. He really didn’t know how to deal with the little girl crying, but seeing her eyes reddening like this but still holding back tears, it was so distressed that he had to take her little hand and drag her to her. In front of myself.

“Don’t cry, brother said the wrong thing.”

It’s okay if he didn’t persuade her. Pamela Tang couldn’t stop her tears as soon as she persuaded her.

Yesterday, she held her waist and cried like that. At that time, she felt flustered. It took a long time to react, as if the whole person had been drained of the soul.

It’s the same today, and I feel panic when I see her cry.

Pamella Tang cried and cried. In fact, she didn’t want to cry. She felt that she was an adult and should have grown up. Otherwise, her brother would say that she would always be a child in his eyes.

She should be a little mature, but when he heard him say just now, when no one wants it, Pamela Tang always felt that her brother seemed to be rejecting her.

Then she couldn’t help it for a while, and now she felt that she was too hypocritical, and she could only bear it while wiping her tears.

Justin Yuchi was also helping her to wipe her tears. As a result, she wiped more and more. In the end, Justin Yuchi could only reach out and hold her

white face, and whispered: "I didn't say that I didn't like you, nor did I say that I didn't want you. Why did you cry like this all of a sudden? Even if you want to be punished, you have to be justified, right?"

Pamella Tang sobbed and sobbed, but she wanted to speak but didn't say it for a long time.

"Okay, don't cry anymore." Justin Yuchi said distressedly: "If you keep crying like this, I don't know what to do."

Hearing, Pamella Tang sniffed, and suddenly stretched out a finger to point to his cheek.

Yu Chi also narrowed his eyes slightly, not understanding the meaning of her move.

Pamella Tang saw that he did not act, tears fell again.

"Don't cry, don't cry, you can let your brother do whatever you want, can your brother give you his life?"

"Really, really?" Pamella Tang asked buzzingly. Although she was still pumping, her tears finally tended to stop, and Yu Chi also let out a sigh of relief.

"Well, really, let's talk, what do you want brother to do?"

The little girl did the same action to him again, and pointed her white cheek again. Justin Yuchi still didn't understand, she could only pursed her lips, and then asked, "What does this mean?"

Pamella Tang's eyes were in tears, and she grieved and said: "Kiss me."

Justin Yuchi was stunned on the spot, a little at a loss.

“you are not willing?”

Hearing, Justin Yuchi’s throat rolled up and down, and then took the little girl’s hand and said seriously: “Pamella, you heard from my brother that you are still too young now, so...”

“I’m not young anymore!” Pamella Tang grumbled to shake off Justin Yuchi’s hand while struggling, “I’m an adult. Just yesterday, you gave me an adult gift yesterday. Did you forget? “

Indeed, she was an adult yesterday, but to Justin Yuchi, she is still the little girl in the memory, so he can love her and pet her, let him...

“I really can’t do it. I feel that this is too animal/beast. If he kisses him, will he still be a human?”

Seeing Justin Yuchi’s thin lips, she didn’t even move, Pamella Tang’s eyes grew dim, “I’m obviously an adult, why don’t you want to? Does my brother really dislike Pamella?”

Justin Yuchi coughed slightly, and explained to Pamella Tang in another way.

“Silly girl, this kind of thing can only be done between couples, you...”

“Then brother will be Pamella’s boyfriend.”

After that, Pamella Tang stretched out her hand to wrap Justin Yuchi’s neck, expressing her feelings in a fierce and straightforward way, “When my brother gave me the necklace yesterday, I kissed you too. At that time, my brother did not refuse. I thought my brother was at least I like round ones.”

Speaking of the kiss on the Ferris wheel yesterday, Justin had a headache. It was because of her behavior that he did not sleep well last night.

As soon as she closed my eyes, it was all the little girl's shy face, the enlarged eyebrows, soft lips, and... the disturbing sound of water in the bathroom.

God knows how Justin Yuchi came here at night, this kind of suffering is simply impossible to think about.

However, the more he thought about it, Justin Yuchi felt that he was more avian/beast.

It is true that Pamella really likes him, and he has indeed kept his promise and has not found a girlfriend until she grows up.

But what he thinks is that the two of them have at least a period of transition, which is equivalent to giving Pamella a period of time to recognize her feelings.

Perhaps she will find that she is only dependent on him, not a relationship between men and women.

But the time has not come yet, if you really agree to her, or kiss her, what if she regrets it in the future?

Justin Yuchi's love outlook is different from others.

He doesn't want to change one by one, see if it is appropriate, continue if appropriate, and break up if it is inappropriate.

His idea is to belong, and I will never let go again if I look it right, I will only recognize her in this life.

And this concept may scare her.

That's why Justin Yuchi wanted to give her some more time for self-transition, but she didn't expect her to be so anxious.

"Brother?" Pamela Tang hugged his neck for a long time. Seeing that he hadn't spoken all the time, when he stepped back, he happened to meet his deep dark eyes, and there were a few complex emotions.

Chapter 1663

Pamella Tang was still waiting, but Yuchi did not speak or act, and she felt that the request she had made was a bit excessive.

As a result, Pamela Tang's hands holding Justin Yuchi's sleeves slowly slid down, as if losing strength, her eyes drooped down, and a few crystal teardrops were still on her curly eyelashes.

Forget it, she really wanted too much, Pamela Tang thought.

She, it's better to wait.

However, when Pamela Tang's hand dropped to the lowest point, she was suddenly caught by Justin's spread palm. The big palm was so warm that she instantly wrapped the little girl's hand.

Pamella Tang was taken aback, and subconsciously raised her head.

The handsome face of Justin Yuchi in front of her instantly magnified and then magnified, until Pamela Tang could only see his chin.

There was a warm/soft touch on the forehead.

Something exploded in her mind, which made Pamela Tang's brain go blank. She lost her reaction and stood stupidly on the spot, as if she had been given a hold technique.

Justin Yuchi's thin lips didn't stay for too long. With a light touch, they were as clean as a dragonfly, with a bit of greenness, and they quickly moved away.

Then he squeezed Pamela Tang's small hand, and his voice was dull: "Satisfied now?"

Pamela Tang didn't respond, and stood still in shock.

After waiting for a while, Yu Chi also saw that her eyes were still staring at her, and she reached out and tapped the tip of her nose, "Silly? Didn't you ask me to kiss?"

The intimacy made Pamela Tang's mentality slowly regained. She subconsciously bit her lower lip, calming down for a while before finding her voice.

It was she who asked him to kiss, but he had never agreed before, who knew he would suddenly...

In short, Pamela Tang's heart beats so fast now.

After reacting, a faint cherry pink gradually filled the little girl's cheeks, ears, and neck. Finally, Pamela Tang threw away Justin Yuchi's hand and jumped off ashamed.

Justin Yuchi paused and looked down at the palm of his hand being thrown away. After a while, he reached out and touched his two lips, and her temperature and smell still seemed to remain on them.

After a while, Yu Chi also laughed out loud.

Knowing that the little girl is so easy to send a forehead kiss, what else can he hesitate?

After a while, Justin Yuchi thought of something and got up and walked to the girl's door and knocked on the door.

"Breakfast is not finished yet." he said.

There was no response quietly inside, and Justin again said, "Pamella?"

"I'm full!" Pamela Tang's voice sounded a little dull.

Justin Yuchi guessed for a while. At this moment, she should be so shy that she was stuffed into the quilt. When she wanted to come, she had a lot of food in the morning, so she didn't urge her anymore, just said: "You clean up, we will return later. Family."

I didn't go back all night, so I have to send her home now to give her family an explanation.

At this moment, Justin Yuchi didn't have any appetite, but he bought so many things without eating and wasting, so he sat down again and took care of the rest of the food before putting the boxes and everything into the trash can. in.

More than half an hour had passed, and Pamela Tang hadn't come out yet, so Justin Yuchi had to walk over and knock on her door again.

"Pamella, are you packed?"

"Okay, wait a minute."

Pamella Tang in the room finished responding, and after a while he opened the door to come out of the room, then went into the bathroom and turned on the faucet, and patted her face with cold water.

“I don’t know what’s going on, but because of a kiss on the forehead, she actually blushes now.”

She took several shots and took a deep breath. After a while, Pamella Tang realized that the heat on her face had subsided.

Only then did it dry with water, and then went out.

It happened that Yuchi Yizhu was standing outside the door. When she came out, the broken hair on her forehead was a little wet, and a smile flashed in her ink-colored eyes, “Alright?”

Pamella Tang didn’t speak, went into the bedroom to tidy up, and then walked out.

“My brother is packed, let’s go.”

“Ok.”

After that, Justin Yuchi left the hotel with Pamella Tang

Because he didn’t go back all night, Justin Yuchi naturally sent Pamella Tang back to Tang’s house first, but on the way back, Justin Yuchi received a call from his mother.

“Boy, where are you now? Are you ready to go home?”

“Yeah.” Justin Yuchi glanced at the traffic, then nodded: “On the way back.”

“Where are you going?”

Justin Yuchi looked at Pamela Tang in the passenger seat and whispered, “Send her back to Tang’s house, what’s wrong?”

“Which Tang family to go? Mommy invited both Mr. Tang and Mrs. Tang to our house.”

Justin Yuchi: “?”

“What do you mean?”

“What do you mean?” Justin Yuchi’s mummy sneered on the other side of the phone. “You took people outside last night and stayed out at night. Can’t Mommy help you get things done?”

Hearing, Justin Yuchi’s eyebrows frowned slowly, but because Pamela was here, he couldn’t directly ask some things.

There happened to be a convenience store on the side of the road, and Justin Yuchi stopped the car and said to Pamela; “Go buy a bottle of water, you wait for your brother in the car for a while.”

“Okay.”

Pamela Tang was actually still stuck in the kiss on her forehead, so she didn’t particularly care about what happened around her, so Yuchi Yizhu said she was going to buy water. She didn’t have any doubts, so she waited obediently.

Boom!

After getting off the bus, Justin Yuchi entered the convenience store before taking out his mobile phone and dialing back again.

“Hey, you dare to do it or not, dare not to speak clearly to mommy in front of the little girl?”

Although Justin Yuchi has grown up now, he still treats Stella as he did when he was a child, but he is now embarrassed to call Stella Mommy as he did when he was a child. Now he is more reserved and introverted in terms of emotional surface.

“What did I dare to do or not, what did I do?”

“What have you done? You don’t know what you have done? Do you want Mommy to tell you? The little girl just came of age yesterday, so you took her away at night.”

Justin Yuchi’s breath became heavier, “That’s because it rained heavily last night, and many places were flooded.”

“So what? Who cares about your reasons? Everyone only knows that you took her to stay away at night. Of course you can be a man, Pamela? Do you want her to be as indifferent as you? Are you willing???”

Justin Yuchi: “I...”

“Okay, don’t talk about it anymore, take her back quickly.”

“What about when I go back?” Justin Yuchi always had an unclear premonition.

“Talk to you about the engagement. Once you get engaged, as long as you want to go out in the future, what’s the problem?”

Hearing that, Yuchi also frowned fiercely: “She has just grown up, and she is engaged before she reaches university?”

Chapter 1664

“What’s the matter if you haven’t yet entered college? Engagement is not marriage, it’s just a contract between the two of you. As long as you are an unmarried couple and go out to play or something, she will not be gossiped about until she graduates from college. In the future, what is wrong with your marriage?”

Justin Yuchi’s expression changed when he heard this.

“Such a life, are you sure she wants it?”

The voice in the phone was quiet for a while, and then said: “Pamella likes you, don’t you know?”

This time Wei Chi was also silent.

“She has liked you since she was a child. It is impossible for you to feel it, and from the beginning, Mommy planned to let you two grow up to be a partner. You were raised by me. I can see if you are interested in others. .”

Yuchi also frowned: “So what?”

“So what? You two are in love, what’s the problem with the engagement at this time?”

“Of course there is a problem.” Justin Yuchi was dissatisfied with the result. “She just came of age. She liked me before. What will happen to her? Now impose these on her, let her accept these things in a daze, in case she suddenly realizing that my emotional belonging is not me at all. Wouldn’t it be more troublesome then?”

These words were so true that Stella did not speak for a long time.

After a long time, Stella asked Justin Yuchi seriously.

“Then according to your opinion, what do you want to do?”

“Give her some more time, she has just grown up.”

“Alright, since you insist, then Mommy won’t force you, the main thing is Pamela.”

“Should I send her back to Tang’s house to rest?”

“Go ahead, I will pass your remarks to the Tang family.”

After hanging up the phone, Justin Yuchi finally breathed a sigh of relief. He was really worried that the two families getting together would really make them book the marriage.

Once married, the nature of many things will become different.

And not only Pamela Tang, but even he himself had to re-examine his feelings towards her as an adult.

Justin Yuchi leaned against the wall and closed his eyes tiredly.

“Sir, can I help you?”

The clerk at the convenience store saw him standing here for a long time, but didn’t buy anything, so he came over curiously and asked.

Until Justin Yuchi opened his eyes and looked at her, the clerk was amazed by his handsome face and would not react for a while.

“Give me two bottles of mineral water, thank you.”

“Good, good.”

It took a while for the clerk to find his own voice, and then he didn't ask him what brand of water he wanted, so he stupidly got him two bottles, waited until Justin Yuchi paid the money and watched him go out, then he paid attention to the outside. There was a beautiful girl in the car.

She lay down by the car window and smiled when she saw Justin Yuchi coming back.

The clerk sighed, and it turned out that all outstanding men are in charge, alas.

After driving again, Pamela Tang asked curiously: “Brother, why did you buy water for so long?”

“Just answered a call inside.”

“Is it the phone number of Aunt Stella? What did she tell her brother?”

Naturally, Justin Yuchi would not tell her that the family was about to discuss the marriage between you and me. Such things can only affect the little girl's thinking and judgment.

“Ask me when to send you back, I said I was on my way back.”

There was nothing suspicious of this, Pamela Tang blushed and did not answer.

On the way back, Pamela Tang found that many things on the side of the road were flooded yesterday, and the road was also very unclean. The staff on the city roads were all wearing boots and doing cleaning there.

Seeing this, Pamela Tang thought of the scene of Justin Yuchi holding herself walking in the water last night. Later, because of her shyness, she forgot about it.

“By the way, brother, don’t your legs itch?”

“Ok?”

“It’s the rain last night. It’s very dirty. If it’s itchy, you need to see a doctor. I heard that my feet were soaked in the rain, so be careful.”

The little girl stared at his leg as she spoke.

Justin Yuchi took out a hand and rubbed her head: “Don’t worry, who is your brother, he is not that vulnerable.”

“Anyway, your brother may feel uncomfortable. You must see a doctor in advance and don’t worry Pamela.”

“It is good.”

The car drove all the way to Tang’s house, and the Tang couple, who had heard of Justin Yuchi’s thoughts, hurriedly got in the car to get back to Tang’s house.

While in the car, Mr. Tang was a little disappointed.

“I thought I could get married, but I didn’t expect this kid Justin to refuse. You said that sincerely, but is he really thinking about our daughter, or is he shirking?”

Hearing, Mrs. Tang gave Mr. Tang a fierce look.

“What excuse? You are so insecure about our daughter? My family is so cute and beautiful. Who doesn’t like it? Besides, after so many years, you don’t know what kind of character Justin is? If you don’t like it. He can simply refuse, why should you say such a thing when you are so sincere and make irresponsible remarks behind your back, believe it or not, I will kill you.”

Mrs. Tang is as sturdy as ever. While avoiding him, Mr. Tang curled his lips and said, “What are you angry about? Am I not for the sake of our daughter? I’m afraid she will be wronged or she won’t find a good person.”

“Bah, baah, what kind of frustrating things I said all day long, and said that it was for the sake of my daughter, you can shut up. You can also say that this child of Justin has watched him grow up since he was young, and he is willing to say this. It means that it’s not that we don’t have that thought for our daughter, but I don’t think he’s so sure, plus Pamella is just an adult, I think what he said is right, it’s better to have concerns than no concerns. Although I like Justin very much, if he can be my son-in-law, that would be a good thing. But if Pamella is really like what he said, he hasn’t figured out his feelings yet, so I thought about it later and didn’t want to follow him. He is together, so I will mainly focus on the happiness of my daughter.”

“This is natural. The most important thing is to be happy and happy. After all, we are just such a daughter.”

“Go back, go back, that girl went crazy all night outside, she must miss us when she comes back.”

Although he said that, Mr. Tang still sighed: “It would be great if we could really get married. It would have the best of both worlds. This Beich probably couldn’t find a second better boy than Justin Yuchi.”

Mrs. Tang also sighed: “Yes, it is indeed very good, no matter what it is, I don’t know what kind of difficulty their night family is, this kid is too smart.”

“Hey Madam, you said, if we Pamela really became with him in the future, with our simple heads, will he be calculated?”

Mrs. Tang: “It’s impossible to calculate your own wife by calculating, okay? Do you dare to calculate your wife?”

Mr. Tang: “...”

Chapter 1665

Justin Yuchi sent Pamela Tang back to the Tang family.

Just as Mr. Tang and Mrs. Tang rushed back from outside, when Pamela Tang got out of the car, she happened to have a face-to-face meeting with them.

“Dad, mom, where have you been this early?”

The Tang family and Justin glanced at each other, and both sides did not mention anything in a tacit understanding, Madam Tang stepped forward and hugged Pamela Tang.

“I went out to do something. It rained suddenly last night. Didn’t you get it?”

Pamela Tang shook her head: “No, my brother and I happened to be eating in the box when it rained heavily. We just waited a long time.”

“That’s good, if your small body is in the rain now, you may have a cold or fever or something.”

After that, Madam Tang looked at Justin Yuchi, “It’s hard work, did this little girl cause you a lot of trouble yesterday?”

Justin Yuchi faintly smiled: "It's nothing to trouble me. I've been used to it since I was a child. Besides, yesterday was her coming-of-age ceremony."

"Have you had breakfast? Go inside, and I will let the kitchen make breakfast for you."

Hearing breakfast, Pamela Tang immediately shook her head: "Mom, I can't eat anymore. I have already eaten breakfast."

"Well, Aunt Tang, Aunt Tang, I have other things, so I will go back first."

"Don't sit down for a while? You just came..."

Pamela Tang pulled Mrs. Tang's sleeve, and whispered: "My brother accompanied me for a day yesterday. I guess there are other things to deal with today."

Look at this protection, alas, Madam Tang sighed in her heart.

They all say that girls are extroverted. It seems that this is not wrong at all. This girl turned to him before marrying him. What if she gets married in the future?

But as a woman, Mrs. Tang can also understand.

"Okay, knowing you feel bad, then Justin quickly go back, be careful on the way."

"Well, Uncle Tang, Auntie, I'm leaving now."

After people left, Mrs. Tang hugged his daughter and said in a low voice: "Where did you go last night? To be honest, did you open the same room last night?"

Pamella Tang: “Mom! What are you talking about? My brother and I sleep in different rooms!”

“Different rooms? Generally, hotels can only open one room with an ID card. When you went out yesterday, you didn’t bring your ID card. Which hotel would open two rooms for you?”

“Mom!” Pamella Tang’s expression was a little angry: “My brother is not the kind of person you think, don’t you understand? And we went to our own industrial hotel yesterday, so we don’t need ID cards at all.”

Hearing that, Mrs. Tang was stunned: “Your own industrial hotel?”

“Yes, mom, don’t you forget, our home is the hotel industry.”

Mrs. Tang was a little speechless: “Which hotel?”

Pamella Tang said a location, and father Tang also came over: “So you went to this hotel last night?”

“Ok.”

“Pamella.” Father Tang rubbed his palm nervously, “How do you think Justin treats you? Does it mean that?”

Before Pamella Tang blushed, Mrs. Tang slapped his father Tang on the forehead: “What do you ask? You have to gossip about your daughter’s feelings. You are a big man, and she is a little girl. She won’t be shy?”

Father Tang was a little aggrieved by Mrs. Tang, touching his head and dare not speak.

Wife control is really miserable.

Pamella Tang looked at his father's appearance, and thought he was a bit pitiful, but still did not speak for him.

Mrs. Tang finished ruthlessly on Father Tang's side, and turned her head to look at Pamella Tang with a smile.

"Pamella, let's not tell your father, but tell mom, what do you think of Justin to you? And how do you treat Justin?"

"Although you just came of age yesterday, there are some thoughts that mom should ask you. After all, you are no longer young. You have to think about some things by yourself, you know?"

Pamella Tang didn't quite understand what Mrs. Tang meant, her eyes were a little confused.

"What's the matter, mother? Why do you suddenly ask?"

After all, she has always said that she likes her brother, but why do they still ask? There is also an elder brother who is very restrained to her. He said it before she became an adult, and will wait until she is an adult.

But when she was an adult, he didn't even want to give her a kiss.

She was sure she liked him, but she didn't know what he thought.

"Mom didn't ask this suddenly, but always wanted to ask you. After all, you have to think about many things by yourself."

It was about Justin Yuchi's words that made Madam Tang think about it. She waved her hand to let Father Tang enter the house, and then took Pamella Tang's hand and walked towards the garden.

“You have grown up with Justin since you were young. You have always had him in your eyes since you remembered him. He is so good, and it is understandable that you like him. But have you ever thought about it? Where are the boys?”

Mrs. Tang said earnestly, “Mom knows that you like Justin now, but have you ever thought about it, perhaps because you have not been in contact with other boys, so you subconsciously think that you like him? If you try to contact If you look at other people, will you find that you are actually a kind of dependence on Justin, just treating him as a brother, and there is no love between men and women?”

“Mom...”

“Mom just wants you to see more, don’t let yourself regret it in the future, can you understand mom’s hard work?”

Pamella Tang curled her eyebrows and said earnestly: “But mother, I have been in contact with other boys.”

“Then you are talking about, who is there?”

“Brother Andrew, Brother Zixi, and Brother Yangchen, they are all boys.”

But she didn’t think she would like one of these people, only Justin.

“Stupid girl, that’s because you both grew up together. Well, although you don’t grow up together, but you have known them since childhood. Maybe you try to meet the boys in school? Excellent There are many boys, would you try?”

Pamella Tang shook her head: “I don’t want to try. Although it’s not growing up together, mother, I don’t think of other people like this. Only my brother is

alone. Why do you all think that I am young and ignorant, or I haven't been exposed to other people? What about boys?"

"Pamella, mom just..."

"Mom, I know that you are for my own good, but I am very firm. I don't want to know other boys, and I don't want to try it with other boys. Although I am young, I really know what I want."

Seeing that she was a little agitated, Mrs. Tang had to change her words quickly: "Don't be angry, don't be angry. Mom is just giving you a suggestion. If you think your mother's suggestion is wrong, don't do what your mother said."

Pamella Tang breathed a sigh of relief: "Thank you mom."

Chapter 1666

As soon as Justin Yuchi returned to the Haijiang Villa, Andrew Zhong called.

"Brother Shu, how is Pamella? Has the coming-of-age ceremony ended?"

His voice was extremely anxious and his breath was unstable.

Justin Yuchi glanced at the time on the watch and pursed his lips. "The coming-of-age ceremony held yesterday is now at this time. Did you say it's over?"

Andrew Zhong said disappointedly: "There is only one coming-of-age ceremony in her life, but I didn't expect me to have a chance to see her put on a dress."

He could hear the disappointment in his tone, but Justin Yuchi didn't know how to comfort him. After thinking for a while, he said, "There is no way."

The night before yesterday, Andrew Zhong's mother had acute appendicitis, and the family hurried to accompany him to the operation. As the only child, Andrew Zhong naturally couldn't walk away.

In addition, his father worked outside all year round and couldn't make it back that day, so Andrew Zhong had to deal with many things alone.

It happened to be on the time of Pamella Tang's coming-of-age ceremony, and Andrew Zhong was extremely distressed, but at this time he naturally couldn't leave his mother to attend Pamella Tang's coming-of-age ceremony, and only asked Justin to bring the gifts for him.

Thinking of this, Justin Yuchi said, "How is your aunt's situation? I will go home to pack up my things and pass by."

"Don't." Andrew Zhong sighed: "You don't need to come here, my mother is fine here, the operation is fine, just stay here for a few days."

Justin Yuchi turned off his car and walked inside and said, "Send the address to me on WeChat, and we will pass in about ten minutes."

"No need."

After thinking about it, Andrew Zhong said again: "Forget it, I will send you the location directly. When you get to the hospital, tell me, I will pick you up."

"Ok."

Justin Yuchi hung up the phone and then walked upstairs.

He went back to the room and changed his clothes, and happened to run into his mommy when he went downstairs.

“Came back?”

“Well, something has to go out.”

“What’s going on?”

“Mother Andrew was hospitalized yesterday.”

Andrew Zhong is a good friend of Justin Yuchi. Stella has always known this. When she heard him say that Andrew Zhong’s mother was hospitalized, she was a little worried: “What’s the matter? No wonder Andrew didn’t come over at the coming-of-age ceremony yesterday. It was his mother. I’m hospitalized, are you going to visit now?”

“Well, let’s take a look.”

“Then mommy will come with you.”

Justin Yuchi stopped him, “Mummy, I’m going to ask Pamella if he wants to go together.”

Hearing, Stella stopped, and instantly understood what he meant.

“Okay, then Mommy will go another day. Be safe on your way.”

Originally, Justin Yuchi didn’t intend to call Pamella Tang, after all, that girl probably didn’t sleep well last night, so she should be allowed to go home to rest at this time.

But thinking of what Andrew Zhong looked like now, Justin Yuchi had a thought, and that was to ask Pamella Tang if she wanted to join him.

Of course, it’s just asking, if she wants to go, or if she doesn’t.

After getting in the car, Justin Yuchi waited a long time before sending a message to Pamela Tang.

“Do you have a rest when you go back?”

After waiting for a minute or so, Pamela Tang returned the news.

“No, I already had a rest last night, why do I need to rest?”

After sending it out, I followed another one.

“Brother, what’s wrong?”

Justin Yuchi dialed the phone.

“Brother?” The little girl’s voice rang on the other side of the phone with a question.

Justin Yuchi drove away from the Haijiang Villa, his vision fell in front of him, “Why don’t you have more rest after going back?”

“Brother, I’m not sleepy, don’t worry, I already rested last night.”

“Would you like to go to a place with your brother?”

“Where to?”

After receiving Pamela Tang, she didn’t even change her clothes, so she directly climbed onto the co-pilot of Justin Yuchi’s car. After she fastened her seat belt, she turned her head to turn to him.

“Brother, you haven’t said where to take Pamela.”

“Go to the hospital.”

Hearing that, Pamela Tang’s face changed slightly: “Go to the hospital? Did your brother get sick? Or did you feel uncomfortable after soaking your feet in the rain last night, I just said...”

“Neither.” Justin Yuchi interrupted her, “Don’t worry, it’s not my problem, it’s going to see your brother Andrew.”

Andrew Zhong?

Pamella Tang reacted to her name.

“Are we going to the hospital to find Brother Andrew? Is he in the hospital?”

“Ok.”

“What happened to Brother Andrew? He didn’t come to Pamela’s coming-of-age ceremony yesterday. Could it be because...”

Pamella Tang’s face suddenly became pale.

“Don’t worry, your brother Andrew is fine. It is Andrew and his mother who underwent an operation in the hospital yesterday. Because he had to be on guard, he couldn’t come to the scene and asked me to give you a gift.”

“But why didn’t brother tell me yesterday?”

“Tell you, can you still hold the coming-of-age ceremony?”

At that time, Andrew Zhong specifically instructed Justin Yuchi not to tell Pamela Tang about this matter. He said that this little girl has a lot of love and

righteousness. If he knows about him, she will definitely not be able to hold an adult ceremony happily. .

Therefore, Justin Yuchi agreed to Andrew Zhong, but did not tell the matter.

“I originally planned to visit the hospital after having dinner last night.”

Who knew that after such a heavy rain, the road was directly flooded, and that heavy rain still waited a long time.

“Ah, Brother Andrew’s mother is sick? Then Brother Andrew should be sad alone yesterday? Then we should go to the hospital quickly.”

After arriving at the hospital, Justin directly sent a message to Andrew Zhong.

“Arrived.”

After stopping the car, Justin Yuchi stood in front of the hospital with the little girl.

After about a few minutes, he saw Andrew Zhong’s figure.

His gaze paused after touching Pamela Tang, then walked awkwardly to the two of them, and looked at Justin Yuchi upset and said: “Why did you bring her here too? It’s not okay...”

“Brother Andrew!” Pamela Tang interrupted him and said with a serious expression: “How can you do this?”

Andrew Zhong: “Uh, what’s wrong?”

“Brother Andrew’s mother is hospitalized, how can we not tell Pamela? Although it was Pamela’s coming-of-age ceremony yesterday, it was not a

whole day. If Brother Andrew said earlier, then we could come to visit her aunt yesterday afternoon. Oh, Brother Andrew doesn't need to be guarded by himself."

The little girl was serious and serious when she said this, and the facial features on her face were still tight.

"Brother Andrew, how can you do this!?"

Andrew Zhong immediately persuaded, "I'm sorry, I'm not good, Pamela, don't be angry. Brother Andrew also wants you to celebrate the coming-of-age ceremony, and doesn't want to distract you."

"The coming-of-age ceremony is very important, but Brother Andrew's business is also very important. Don't do it again next time."

The little girl still taught him seriously.

Chapter 1667

Although it was a lesson, Andrew Zhong didn't feel the slightest disgust in his heart, but felt warm.

"Okay, okay, Brother Andrew knew that he was wrong, and I will tell you next time."

After finishing speaking, Andrew Zhong touched Pamela Tang's head, "Are you not angry now?"

Pamella Tang immediately turned into a cutie: "Brother Andrew, Pamela didn't mean to be aggressive to you. Pamela just thinks that we are all friends and friends should watch and help each other. If something happens to your mother, we should come and care as friends. ."

She was very sincere when she said this, her eyes were as clean as water, and nothing else was mixed in it.

Andrew Zhong knew that she really regarded herself as a friend.

He was both happy and sad.

The happy thing is that as a friend she will care about her and treat her own affairs as hers.

The sad thing is that if he is a friend, he will never have another identity.

Suddenly, Andrew Zhong noticed that she was wearing a necklace on her neck, which she had never seen before.

“Seven stars with moon?” He asked subconsciously, staring at the necklace on her neck.

Hearing that Pamella Tang came back to her senses, and only understood what he was talking about when he said Seven Stars with Moon, and nodded shyly.

“Well, the birthday present I received yesterday.”

She didn't say who sent it, but Andrew Zhong looked at her expression and eyes, and felt that he had guessed it without asking.

How could Justin Yuchi fail to understand his expression?

But some things have to be faced, there is no way.

He lightly said, “Which ward does Auntie live in?”

“Come with me, I will take you there.”

Andrew Zhong turned and led the way, followed by Justin Yuchi and Pamela Tang.

“My mother had surgery yesterday and she is in good spirits today, but the doctor said that she should rest more now. She is also very tired, so she shouldn’t talk to you for too long.”

“Hmm, it doesn’t matter.” Pamela Tang said thoughtfully: “Auntie’s body is more important. It’s okay if you don’t speak, we are here to visit.”

After Andrew Zhong took the person into the ward, when Andrew Zhong opened the door and went in, the nurse happened to be helping Andrew Zhong’s mother get an injection/injection, so several people waited nearby.

After a while, the nurse came out and left after the injection.

Andrew Zhong brought the two forward.

“Mom, Justin and Pamela came to see you.”

Mother Zhong, who underwent the operation, looked a lot more haggard, but after hearing that Justin Yuchi and Pamela Tang had arrived, she was struggling to refresh herself.

“Pamella and Justin are here? Xiaofeng, help mom sit up quickly.”

“Auntie don’t need it!” Pamela Tang hurried forward and said softly: “You have just finished the operation soon. Just lie down and rest. Don’t move.”

The little girl's voice was soft, and the palm of her arm was soft, unlike Andrew Zhong's hands were all bones, there was no meat at all, and she felt painful when she touched her.

Mother Zhong looked at Pamela Tang with a loving smile.

"It's better to be a little girl. I was not in good health at the beginning, or I would have another daughter."

Andrew Zhong on the side heard it, and couldn't help but curl his lips: "Mom, you say that as if you are disgusting that I have not taken good care of me."

"No matter how thoughtful, there is no cute girl. Why, do you still want to compete with other girls?"

Andrew Zhong curled his lips and said nothing.

Pamela Tang heard it, and Zhong's mother liked girls more, so she took the initiative to speak, "Auntie, I will come to the hospital every day to take care of you. Anyway, I don't have to go to school recently."

"How can that work?" Zhong mother shook her head, "I'm embarrassed like that."

"Don't be embarrassed, don't worry, Auntie."

Mother Zhong thought for a while, then nodded: "Also, let Xiaofeng pick you up at that time."

When Andrew Zhong noticed something, his eyes flashed, and he answered, "No, Justin will naturally pick her back and forth."

"Justin, you have a hard time running."

Justin Yuchi's expression was faint: "It's not hard, Auntie takes good care of her."

After talking for a while, Zhong's mother gradually became tired. Andrew Zhong covered her with a quilt and waited for her to sleep. After a while, Zhong's mother's breathing became smooth.

Andrew Zhong sent the two to the door.

"I've seen it, you can go back, don't run to the hospital all the time."

"But Brother Andrew, I have promised auntie just now and come here every day."

"She is uncomfortable and confused. She is talking nonsense. You don't have to come here every day. Today, she has come to see her."

Justin Yuchi suddenly said, "I will send Pamela here every day."

Seeing Andrew Zhong looking at him in surprise, he explained: "Auntie is sick now, and there is a little girl who will be with me and I will relieve myself."

Having said that, Andrew Zhong seemed to have no reason to refuse, but he could also see that Justin Yuchi had clearly felt it.

Everyone knows that only the little girl doesn't know, she's silly.

"Okay, then you go back today."

On the way back, Pamela Tang looked up at Justin Yuchi.

"Brother."

“What happened?”

“Brother Andrew’s mother is sick, why is he alone in the ward?”

Hearing, Yu Chi also had a meal. Suddenly he didn’t know how to explain to her. The situation in Andrew Zhong’s family was very complicated. His father... was raising Xiaosan outside, and even had a family with Xiaosan, and Andrew Zhong’s mother Unwilling to divorce.

So Andrew Zhong’s father did not go home for many years, even if he wanted to go back once in a while, the one over there would not let him come back.

In contrast, Andrew Zhong’s father listened more to that party.

And these words tell Pamela...

Thinking of Pi, Justin Yuchi said indifferently: “Maybe other people are busy with work, or like us, come to visit and leave. After all, you saw it just now. Auntie was very tired and interrupted there. No way.”

“It seems so too.” Pamela Tang nodded, and after a while, she seemed to think of something: “But if Andrew is the only one guarding him, Brother Andrew will be very tired? I just saw bloodshot eyes in his eyes. .”

He can see that the little girl is distressed. Although he thinks this is a normal emotion, Justin still feels a little uncomfortable inexplicably.

He felt that he had this kind of emotion and was particularly villainous, so he could only say: “Then brother will come and guard him with him in the future.”

“Really? Brother is so good!”

Justin Yuchi stretched out his hand and rubbed her head: "Let's go, go back today. After you go back, you go and have a good rest. We will come back at the old time tomorrow."

"Ok."

In the ward

When Andrew Zhong returned after sending the two away, he wanted to pour a glass of water, but Zhong Mu's voice rang.

"Stupid boy, did mom create opportunities for you, and you actually push people out?"

The sudden sound made Andrew Zhong startled. He turned his head to look at the person on the bed: "Mom, aren't you asleep?"

Chapter 1668

Mother Zhong waved her hand and motioned to Andrew Zhong to help her sit up.

Andrew Zhong didn't move, and sighed: "Let's lie down. When I get up, I will lie down again. This is not long after the operation."

Hearing, Mother Zhong glanced at him complainingly: "It's just a minor operation, why is it fussing? Don't worry, my mother's life is still long and she can't die."

Speaking of this, Mother Zhong paused, and then said: "Before seeing you contend for the Zhong family property, Mom didn't dare to die casually."

Hearing the word property, Andrew Zhong's eyes flashed with helplessness.

His mother always hoped that he would take the property, and didn't want that little third to succeed. She only had a son like Andrew Zhong, so she could only pin her hopes on him.

Thinking of this, Andrew Zhong couldn't help but said: "When you were born, why didn't you give birth to more brothers or sisters?"

"What happened?"

"In this case, there is no need for me to fight for property, it can be handed over to my brother or my sister."

"You stupid boy, what are you talking about nonsense? You are the only child like you, so you told me that you don't want to fight for property? I told you, I was very angry when your dad did something like this, If you don't fight for the property, if you let that little third succeed, then if your mother dies, she won't be scornful."

It is these words that Andrew Zhong has been bored since childhood.

He feels that he loves his mother very much, and he doesn't even want his mother to live the current life.

"Mom."

"What are you doing?"

"Why not get a divorce? If we leave him, our mother and son can live a happier life. You used to think that I was still young. If you leave, I have to spend money in all aspects, but I am about to graduate. I will find A stable job, you also have your own previous assets. We mother and son went out, wouldn't it be better not to see these people?"

Hearing, Mother Zhong's eyes widened, "No, no!"

When he mentioned this, Zhong's mother was very emotional, "The little mistress, he took my lover away, so shameless woman, longed for my divorce, if I got divorced, wouldn't it be just what she wanted???"

"It's the same thing to follow her intention. You only thought of this, but you didn't think about yourself. How many years have you lived? Doesn't it matter how happy you are? Mom, whether it's tens of millions of fortunes or billions of fortunes, I don't. Interest, I just want to make our mother and son happy."

After hearing these words, Mother Zhong sighed, "Xiaofeng, mom knows you are for my good, but have you ever thought that if we get divorced, we will live happily, but what about my heart? This tone I will always I can't swallow my breath. I'm always in the main house anyway. As long as I never get divorced, then that little fox will always be a junior and can't help righteously."

Sometimes women just like to punish others. While not letting others go, they never let themselves go. Like Andrew Zhong's mother, they typically use themselves to punish others.

"Xiaofeng, Mom knows you may not understand me, but you are not me, so it doesn't matter if you don't understand. It's just that you have to promise Mom that you won't be like your father when you get married. If you dare to cheat or, Mom will break your leg herself."

Hearing, Andrew Zhong couldn't help but frowned: "Mom, how could I be that kind of person?"

"It's not just fine. Anyway, learn everything from your father's stinky virtue. I will never forgive him in this life. You don't have to take him as a father. This kind of person is not worthy at all. You just need to take all his property. Just take it."

Andrew Zhong stopped talking.

The ward calmed down. After a while, Mother Zhong said: “You fool, when I arranged for you today, why did you just want to refuse?”

Andrew Zhong was speechless for a while, and he actually mentioned this matter, he knew she would say it, so he was mentally prepared.

“It’s too strong.”

“What is it difficult for a strong person? The little girl is kind-hearted. Seeing that I am alone here and no one takes care of me, I feel sorry for you alone and want to share the burden with you.”

“Justin can also.” Andrew Zhong said lightly.

“Can Justin be the same as her? Justin is a male. You and him are brothers, but Pamella is different. Don’t you like others?”

“When did I say it?”

“You were born to your mother, and you grew up with you. What do you think I don’t know? I can tell by the look of you.”

Well, for this, Andrew Zhong felt that he didn’t seem to have to deny it anymore. He didn’t answer the conversation, only pursed his lips.

“So mom will give you a chance. I think Pamella is a very good child. Unlike the little girls out there, she is pure and kind and clean like a piece of white paper. If you can marry her, you must be the tenth generation to cultivate. The blessing to come.”

Speaking of Pamella Tang, Zhong’s mother admired her infinitely.

The girl he likes can be liked by his mother, which is naturally the happiest thing for a boy, but unfortunately... he and Pamela are not in love with each other.

Seeing that he was silent and kept silent, Mother Zhong curled her lips: "Are you trying to say that Justin is a brother to you, so brothers and wives should not be bullied?"

Andrew Zhong had a meal, but he didn't expect his mother to even see this.

"You are stupid, the two of them are in the current situation, they have not yet settled a relationship, maybe they have not even confessed. Before everything is settled, you and him are playing fair. If you are brothers, you can't like it. If you are the same person, what else do you need a brother to do?"

"Mom, maybe we have different ideas. Brothers and women are very important to me."

It is impossible for him to betray his brother for the girl, nor to give up his woman because of the brother. The most important thing is that Pamela does not like him.

When Pamela Tang had such a slight affection for him, she would not retreat so much.

"Your own happiness is the most important thing, don't you like Pamela?"

"Like."

"Then you fight, mom has created a good opportunity for you, and you pushed her out. Can you chase the girl like this?"

“Stop talking.” Andrew Zhong interrupted his mother, “Pamella doesn’t like it. She told me clearly early on. If I admit that I like her, she might not come to see me today.”

Mother Zhong: “...”

She didn’t expect things to develop into this way, which she did not expect.

Pamella looked soft and cute, but she was so firm?

After thinking for a while, Mother Zhong said again: “The more determined she is, it means that she is dedicated. This kind of girl is more rare. How old is she, how does she know what is like, what is love, and the emotional concept will change with age. Change, at least until she has no relationship with others, don’t give up your efforts.”

Chapter 1669

At least until she has not established a relationship with others, shouldn’t she give up her efforts?

This sentence made Andrew Zhong a lot of thoughts.

“What if she only likes others? Didn’t I interfere with her in the past?”

“What is interference? If she really likes someone, it’s useless for you to interfere. If she is interfered by you, it means that she is emotionally unstable, and she is still growing up. Stupid boy, don’t think about those who have yes, if you like her, you just chase her.”

Andrew Zhong did not answer.

“The little girl is coming tomorrow, remember not to push people out.”

Next day

Justin Yuchi sent Pamela Tang to the hospital on time. When Mother Zhong saw her, she thought this girl was cute and likable.

If her own Xiaofeng could marry her, it would really be a blessing for the tenth generation.

However, Justin Yuchi didn't leave after he came. He sat in the chair beside him, and Pamela Tang sat beside the hospital bed, reaching out to pinch his arms and calves, giving her various massages.

Mother Zhong was satisfied, and suddenly said to Andrew Zhong: "Xiaofeng, mom wants to eat dumplings at noon. Go back and make me something?"

Because of her hospitalization, Andrew Zhong did not dare to refuse the request, so he nodded: "Okay."

"Justin, you can go with Xiaofeng. Just let the little girl Pamela accompany me here. See what you want to eat at noon, and bring it to Pamela by the way."

Hearing Pamela Tang, she waved her hand quickly: "I don't choose what you want. I can eat whatever you like. Auntie, I can also eat dumplings with you."

"Oh, how can a child of your age eat dumplings alone? You have to drink some ribs soup. You can't be like the aunt. You are still growing."

When Andrew Zhong heard Mother Zhong said that Justin was allowed to go out with her, she guessed that she wanted to separate herself and Justin.

Although it is very annoying, but there is no way.

“Let’s go.”

But Justin Yuchi said to him lightly.

After that, the two left together. Not long after they got out of the ward, Andrew Zhong took the initiative to speak: “Sorry Brother Shu, my mother...”

“I know, no need to explain.”

After all, they are elders, and they all want their son to be good, so Justin Yuchi can understand this.

“You won’t let me explain, but I can’t help but want to say, although I don’t think there is anything to say. My mother is sick now, so I can only rely on her, but don’t worry, Pamela is so small the girl doesn’t like me, so I won’t do anything anymore, don’t worry.”

Hearing, Justin Yuchi’s steps stopped, and his eyes fell complicatedly on his face.

“You don’t think Pamela likes me, then do you think she likes me?”

“Is not it?”

Is it? In fact, Justin Yuchi was also confused about this.

Andrew Zhong stared at him: “Why, don’t you say you don’t know, I see you, shouldn’t you also like Pamela?”

After a while, Justin Yuchi continued to move forward, Andrew Zhong hurriedly followed when he saw it, “You are clear, what do you think in your heart? Pamela likes you wholeheartedly, if you don’t like her If you do, you say it earlier and don’t delay her.”

“I am not particularly clear about my feelings now.”

“What did you say?”

“The little girl is very cute. Seeing her smile, I think I can protect her for the rest of my life, and protect her smile, so that she will never be sad. But I don’t know whether this is a love between men and women.”

Hearing this, Andrew Zhong couldn’t help but curl his lips, “I don’t understand what I’m saying so profoundly, I really bother you, he looks like he’s a good seller if he is cheap.”

“If you grew up with her, watch her cry and watch her laugh. You have seen what she looks like. Will these things become a habit long ago? You can clearly tell what you are to her. Do you like it or love it?”

Hearing what he said, Andrew Zhong still had an expression of disapproval.

The two fell silent, went into the garage and drove. When they got in the car, Andrew Zhong couldn’t help but said, “It feels like saying this to you is completely pushing the round girl into your arms.

Justin Yuchi: “?”

What did he say? Obviously I didn’t say anything just now.

“I want to know if you have sex with her. It’s very simple.” Andrew Zhong held back for a long time, turned his head to look at Justin Yuchi, and said seriously: “Kiss her.”

Originally, Justin Yuchi was going to reverse the car and go out. After hearing these two words, his face changed and he almost hit the wall in front of him.

“I can wipe it, can you calm down? You are a bird/beast, you, I just said two words, are you so excited?”

Hearing, Yu Chi also looked at him coldly.

“What are you talking about?”

“I’m talking? Am I wrong? If it’s male and female, would you not want to kiss her? Although this way you take advantage of it, this is the fastest way to verify.”

After finishing speaking, Andrew Zhong said angrily: “I’m so mad, I obviously like her too, why should I give you a trick?”

Yuchi also frowned, pursing his thin lips and did not answer.

“Why, do you think Lao Tzu is wrong? I tell you, when Pamella stands in front of you, if you can’t kiss her, it means you don’t mean that to her, understand?”

The car was quiet, and the atmosphere became awkward and silent.

After a long time, Justin Yuchi’s voice sounded.

“Does your forehead count?”

“Count a fart!” Andrew Zhong cursed directly, “A kiss on the forehead and on the cheek is considered a ball, I mean a real kiss, do you understand a real kiss?”

Justin Yuchi’s thin lips tightened. Everyone is a man, and they are all grown men. How could he not know what he was talking about?

However, Justin Yuchi felt that he really couldn’t kiss him.

In his impression, Pamella Tang has always been a little girl, how can he get it done? Thinking of this, Yu Chi also closed his eyes and fell to the back seat.

“Don’t tell Lao Tzu that you can’t kiss you, you can’t kiss you and tell me earlier, if you don’t like Pamella, I won’t give her to others easily.”

God knows how many times he has fantasized about it, how many dreams he has seen in his dreams, although every time he feels like this is too much, after all she is so pure, but likes someone, he can’t control his emotions.

So every time he dreamed of her, he felt that he was too much but at the same time sweet, which can be said to be very tormented.

It took a long time for Justin Yuchi to sort out his emotions, and then drove blankly.

Seeing that he was not speaking, Andrew Zhong asked him anxiously, “What do you think? Speak clearly.”

He remained silent, and the car quickly drove out of the hospital.

“Justin Yuchi, let’s make it clear today, what on earth do you think? Are you kissing or not?”

“To shut up!”
