

Catch Me If You Love Me Chapter 168

As a result, before finishing speaking, Liam Lu suddenly changed his face and bent over to hug her.

“You agree!”

Zoey Gu’s whole person suddenly hung in the air, being lifted high by the man and spinning around in the living room, suddenly felt dizzy.

“Liam Lu, you make me dizzy, let me down quickly!”

“You stop, I still have important things to tell you.”

The man stopped, but didn’t put her down, and walked upstairs holding her without looking back.

“How important things are now not as important as my Mrs. Lu.”

Zoey Gu was startled and couldn’t help but raise her hand and pat his shoulder vigorously.

“What are you doing? Quickly let me down.”

Liam Lu’s light laughter responded to her.

He hugged her all the way up to the third floor, kicked open the bedroom door, and closed the door backwards.

As soon as he turned around, he firmly pressed Zoey Gu onto the bed.

“What are you doing? Zoey, didn’t you pretend to be confused? Of course it is the right to drive me ahead of time, bridal chamber!”

Before Zoey Gu could react, he raised his leg to press her, caught her chin, lowered her head and k!ssed it fiercely.

“Well...”

Zoey Gu subconsciously opened her mouth to protest, but instantly gave the man the opportunity to easily attack the city and hook her into a deep k!ss.

Then...

The floor-to-ceiling windows were covered by thick curtains, making it difficult to distinguish between day and night.

The shoe fell on the floor.

Clothes were scattered beside the bed.

The atmosphere in the whole room is ambiguous-so ambiguous!

Zoey Gu closed her eyes and let out a shallow gasp.

It is also the first time I feel that love-affairs between men and women can be so beautiful and can make people so happy.

There has never been a time when Liam Lu ran out of patience, restrained and forbearance, just to give her the most beautiful experience.

The man was above her, with fine beads of sweat on his forehead, his veins violently, but he k!ssed her gently.

“Zoey, remember, this is the first time our marriage began.”

After speaking, I pressed it down hard...

At the critical moment, Zoey Gu, who had already been k!ssed under him, suddenly returned to her senses. She didn't know what she thought of, and raised her hand in front of Liam Lu.

“Wait! Wait a minute...”

Liam Lu moved for a while, then stopped and frowned to look at her. Her expression made him want to swallow her in his stomach!

Zoey Gu's face was flushed, but her eyes carefully glanced around, and he kept asking.

“Yes, is there that?”

Liam Lu was full of her mind, and asked, “Which one?”

“You! Just, contraceptive one!”

Only then did Liam Lu react, and instantly laughed, and couldn't help but bow his head and k!ss her ear.

“I sleep with my wife, is that a necessity?”

Zoey Gu bit her lip lightly, glanced at her cautiously, and explained in a low voice.

“But I don't want to have children...”

When the voice fell, she clearly felt Liam Lu on her body, her body suddenly stiff.

Even the surrounding air suddenly cooled down quickly.

Liam Lu still had an unrelenting desire-looking in her eyes, but the color of his lips cooled down, he fixedly looked at Zoey Gu, and asked in a deep voice.

“Do you not want to have a child, or do you want to have my Liam Lu child?”
