

Chapter 1691: I'll Leave the Title to You

Finan snapped the box shut and placed it on the table beside him.

"Even if you don't like it, you have to like it! How can you not like something from the royal family?"

Her words were sarcastic as she glanced at Bailey and said unhappily,

"Why are you guys here?"

Bei Lei frowned and turned to look at Shen Fanxing, who was standing not far away. Her eyes darted around and her lips curled into a cold smile.

"Fanxing, don't you have a gift for Miss Fina? Let me introduce you."

Bailey's words drew everyone's attention to Shen Fanxing.

In the midst of the glamorous banquet and all the guests, she kept a low profile.

Ordinary people could keep a low profile, but as the princess of the royal family, it was not the style of the royal family to keep a low profile.

People born in the royal family should be like Princess Bailey and Princess Bei Xi, who were the most eye-catching no matter where they went.

And yet...

Although she said that... although her gown was simple and low-profile, the aura that seemed to seep out from her bones and blood made no one dare to underestimate her.

Everyone present, including Bei Lei and Bei Xi, had the first impression of her bright and beautiful appearance. However, after that impression, they didn't find it strange.

It didn't look good.

However, Shen Fanxing was different. She was dressed simply, but her aura was irresistible.

In addition, the man beside her was indeed dazzling.

In the face of Bailey's intimacy, Shen Fanxing only smiled faintly. She carried the gift box in her arms and walked slowly through the crowd to reach Fina.

Bailey smiled gently and generously. "Fina, let me introduce you. This is..."

Before she could finish, Shen Fanxing took two steps forward and extended her hand to Fina.

"Hello, Miss Fina. It's an honor to receive your birthday invitation. Nice to meet you. I'm Shen Fanxing. Happy birthday."

Fina had been sizing Shen Fanxing up from the start. When Shen Fanxing approached, she ignored Bailey and took the initiative to talk to her. This left a good first impression on her.

Especially when compared to a hypocritical peacock like Bei Lei, the difference was like heaven and earth.

This was clearly the first time she was attending a banquet organized by the Burgundy family as a royal princess, but she was dressed simply and appropriately. She was neither arrogant nor arrogant. She was much better than everyone here.

When she saw Shen Fanxing, a smile finally appeared on her face. She reached out to hold Shen Fanxing's hand.

She raised her chin and replied crisply,

"Thank you for accepting my invitation, Your Highness."

Shen Fanxing smiled and looked at Fina with understanding.

Finan raised an eyebrow and they smiled in unison.

Bailey gritted her teeth in anger at Shen Fanxing's disregard and Fina's friendly attitude.

From beginning to end, even though she had given her such an expensive gift, Finan had never smiled at her or thanked her or called her a princess.

However, as soon as this woman appeared, her fake words made her seem like a different person.

If she called Shen Fanxing princess so openly, what was she?

Fina sized up Shen Fanxing again and said, "Your gown is beautiful. What brand is this? I'll buy one later!"

Everyone was speechless.

Shen Fanxing smiled and said, "I still have a lot in my wardrobe. If you don't mind, you can visit my place when you have the time. I'll give it to you if there's anything you like."

Finan's eyes lit up. "You have many clothes like that in your wardrobe?"

"Yes, a lot."

In the beginning, Fina had suspected that Shen Fanxing was deliberately scheming by wearing such a low-profile and loose gown.

From the sounds of it, since there were many such clothes in the wardrobe, it was obvious that she liked such clothes.

She was fat and had tried to lose weight before, but the process was too painful. Grandpa doted on her, so she didn't persist. Fortunately, she didn't become fatter.

But clothes were what she hated the most.

Especially when she saw that all the women were wearing tall and slender gowns today. God knew how many times she had convinced herself not to mind.

Unexpectedly, Shen Fanxing appeared out of nowhere. Her loose clothes gave her a different kind of beauty.

The smile on her face deepened. "Sure, I have nothing to do every day. I'll look for you tomorrow. Why don't you sleep with me tonight and we'll leave together tomorrow night?"

As she spoke, she grabbed Shen Fanxing's wrist.

This action shocked everyone present.

Apart from the princess, there was no one who didn't want to get closer to Finan, but he seemed to be very guarded. In his temper, he wasn't even stingy with his hands, let alone cursing.

She was famous for her bad temper and violent tendencies.

Other than her family, she didn't care about anyone else.

Even the two princesses, Bei Lei and Bei Xi, were the same.

Now, he only liked this new princess.

It was unbelievable.

What kind of magic did this woman have to be able to subdue this "little demoness" with just a sentence?

Shen Fanxing shook her head and said, "I'm afraid that's not convenient."

"Why?" Finan frowned unhappily.

Everyone gloated and rejected Miss Fina in public.

Shen Fanxing looked helplessly in the direction of Bo Jinchuan and whispered to Fina,

"That person is a little difficult."

Finan turned to look, understanding dawning.

Then, he gave Shen Fanxing an ambiguous look.

"Why are you so clingy?"

Shen Fanxing smiled silently.

"Alright then, I won't force you."

Everyone was speechless.

Who could tell them what this Miss Fina was thinking?

She didn't care if others flattered her.

She was overjoyed to be rejected on the spot.

Seriously...

Bailey had been completely ignored by the two of them from the start. She had long been suppressing her anger.

There was no end to this.

Looking at the gift box in Shen Fanxing's hand, a cold glint flashed across her eyes.

"Fina, Fanxing, don't just stand there. Aren't you tired of holding such a big gift box?"

"Fanxing, it's your first birthday for Fina. I wonder if you've prepared a special gift for her?"

Chapter 1692: I Thought You Guys Couldn't Guess

"Fanxing, it's your first birthday for Fina. I wonder if you've prepared a special gift for her?"

Shen Fanxing sneered in her heart. She turned sideways and her gaze landed on Bei Xi.

"Compared to the gift you gave me, I think the gift I prepared should be very special."

When Bei Xi heard this, she suddenly sneered with disdain and arrogance.

"Isn't it just an expensive set of jewelry similar to ours? What's so special about it?"

"Bei Xi..."

"I think the gift box you prepared is more special, right? It's fine jewelry, but there's such a big box."

"Bei Xi!"

"Do you think that the bigger the gift, the more weight it has? What a joke..."

"Bei Xi!"

Bei Xi ignored Bailey's reminder several times. In the end, Bailey couldn't help but roar in anger.

Everyone fell silent.

Everyone looked at her in surprise. They did not expect the usually gentle and gracious Princess Bailey to lose her composure.

Realizing that she had lost her composure, Bei Lei's face turned pale. Bei Xi opened her mouth as if she had realized something, but she couldn't say a word.

Shen Fanxing smiled sarcastically and placed the box on the gift table.

Finan joined them.

"What kind of special gift is it?"

Shen Fanxing bent down and according to Bo Jinchuan's instructions, she turned the black holes on both sides of the gift box to face Fina. Then, she removed the ring outside the hole.

If she guessed correctly, the gift Bo Jinchuan had prepared should be...

The hole became the size of a fist, and everyone's gaze landed on the gift box on the table.

But after waiting for a long time, there was nothing else.

"What? Isn't it supposed to be jewelry? What's the point of opening the box halfway?"

“Do you want the jewelry to fly out of the box on its own?”

“Maybe she really just wants to give me a box...”

Everyone’s confusion and complaints caused low laughter to ring out.

Fina bent down and stared at the gift box for a long time, but she couldn’t figure it out. She couldn’t help but look at Shen Fanxing suspiciously.

“You didn’t... really send me a box, did you?”

Shen Fanxing trusted Bo Jinchuan, but she was still a little nervous.

Bo Jinchuan’s racing skills and soul-stirring drift, she was really worried that the gift in the box would have...

However, she didn’t say anything. Her lips curled into a faint smile as she patted the back of the gift box.

“Pfft, is a magic trick coming?”

This time, Bei Xi was determined to see Shen Fanxing make a fool of herself. Although she had let it slip just now, the focus wasn’t on her.

“I have to guess what this box will turn into. Did you make the birthday cake yourself?”

Bailey’s lips curled as she watched Shen Fanxing’s back, gloating.

“Fanxing, are you not ready yet? Why don’t we give you more time? If it’s really the Mo family, I think we’re looking forward to it.”

Shen Fanxing didn’t speak. At this moment, the box in her hand vibrated slightly.

Not long after, a small thing slowly crawled out of the box.

Finan’s eyes widened and his mouth fell open as he stared at the little creature.

First, it was the head. Then, two front claws stepped out one after another, followed by two back claws, and finally a furry tail.

When the last leg stepped out, it touched the edge of the box. The little guy rolled on the table.

What followed was a childish meow.

It was an extremely beautiful white kitten with long fur. Its eyes were round and it looked so adorable.

Especially when you meowed just now, it melted her heart.

It was a very, very small cat.

Her snow-white fur was occasionally mixed with a tuft of gray. The tip of her tail was also gray, as though someone had deliberately sprinkled it on her.

It rolled around and struggled to stand up from the table. It walked to the edge of the table as if no one was around. Seeing that it was very far away from the ground, it tried to jump down timidly.

Finan stared at it without blinking.

After a long while, she reached out tentatively and carefully held the kitten in her palm. She placed it in front of her and studied it carefully.

“Meow~” The kitten looked at her and meowed again, either out of fear or to please her.

“Ah... Ahhh... Ahhh...”

Finan was completely melted by her cuteness. He was afraid of scaring the kitten, so his excitement was restrained.

She kissed the cat crazily and rubbed her cheek against it affectionately.

“So cute... so loving... so patient... sob...”

Shen Fanxing’s eyes were fixed on the kitten. Seeing how excited Fina was, she turned to look at the man below the stage.

Bo Jinchuan raised an eyebrow and went forward, only to see Shen Fanxing’s aggrieved face.

Pursing his lips, he averted his gaze.

He knew it...

No one had expected Shen Fanxing to give such a gift.

To celebrate the birthday of the Grand Duke of Burgundy’s granddaughter, everyone was racking their brains to give her something that was absolutely satisfactory and sincere enough. Their only measure was how to appear noble and worthy of the Burgundy family.

Houses, cars, jewelry, jewelry, and even various antiques were used to please the Grand Duke of Burgundy during Fina’s birthday banquet.

There were countless tricks every year, but they could only affect a few.

Who would have thought that the person she had tried so hard to please would be so excited over a cat?

Everyone stared at the cat in Fina’s hand. They had to admit that even though they didn’t have much contact with these animals, this cat was surprisingly cute...

Finan was completely immersed in excitement, and everyone sighed.

The faces of Bei Lei and Bei Xi changed unpredictably. They were shocked by this unexpected gift and had no idea what had happened.

When Fina was done being excited, it hugged the cat lovingly and kissed Shen Fanxing happily.

“Thank you. This is the most favorite gift I’ve ever received.”

Shen Fanxing’s lips twitched as she glanced at a certain someone below the stage.

Indeed, his face was dark and cold.

Without batting an eyelid, she retracted her gaze.

“It’s good that you’re happy.”

Finan nodded and rubbed the cat’s head. Then he looked up at Belle and Bessie and asked,

“Why do you say that Her Highness prepared the same gift as you?”

Chapter 1693: I’m Not Sure

“Why do you say that Her Highness prepared the same gift as you?”

No one expected that Fina, who had been so happy that her rationality had flown away, would suddenly turn her attention to Bailey and Bei Xi.

She seemed to be a different person from the excited woman just now.

Being suddenly asked like this, Bei Xi panicked. She looked at Bei Lei for help and saw that her expression was obviously unnatural.

Knowing that she had caused trouble, Bei Xi pursed her lips and remained silent.

At this moment, Shen Fanxing stood beside him. She immediately nudged him and pulled his arm. She gritted her teeth and asked softly,

“How dare you change the gift Grandma prepared for you without a word!”

Shen Fanxing pursed her lips and said, “Bei Xi, what are you talking about? I didn’t hear you. Why didn’t you speak louder?”

She naturally understood what Bei Xi was saying. If not for the fact that she knew that Bei Xi would never find problems with her and that her intelligence would follow her temper, she would not have stood here and waited for her to take the initiative to lean on her.

Shen Fanxing’s voice was low and everyone’s attention was on them.

Bei Xi didn’t expect Shen Fanxing to do that and she trembled in fear.

Of course, she wouldn’t repeat herself. Logically speaking, they shouldn’t know that Grandma had given Shen Fanxing a birthday present.

Now, not only did they know, but they had also chosen the same gift as Shen Fanxing. They had even given the gift before Shen Fanxing did. Their goal was to make Shen Fanxing look like a follower in the eyes of Fina or everyone else. There was nothing new about her and she wouldn’t gain Fina’s favor.

As a result, the first cannon she fired as a princess had become a mute cannon.

Unexpectedly, Shen Fanxing had another trick up her sleeve.

Now that Shen Fanxing was leading her by the nose, she gritted her teeth in anger.

“Nothing. You heard wrongly. How can I say anything to you?”

“Bei Xi, you have to be honest first. If you didn’t say anything, would Fanxing accuse you wrongly? Moreover, do you not treat me as a human, or do you think I’m deaf? You were clearly saying that Fanxing was bold enough to swap the gift prepared by the queen!”

Finan held the kitten in his arms and stroked the top of its head. He seemed to be serving the kitten comfortably.

However, her gaze was on Bei Xi, and her words were clear and mocking.

Shen Fanxing turned to look at Fina, who winked at her, looking scheming and cunning.

She curled her lips and said, “So that’s what you mean. Sorry, I didn’t hear you clearly just now.”

With the cat in her arms, Fina rubbed against Shen Fanxing. Although she was slightly plump, her eyes were exceptionally bright.

Especially when she seemed to have smelled something interesting. Her eyes sparkled with excitement.

“What happened? You changed your gift midway? What was your original gift?” She paused and looked at Bailey and Bei Xi.

“How do you know that Fanxing changed her gift midway?”

Her words were full of questions.

They were either asking Shen Fanxing or them.

Bei Xi pursed her lips, knowing that she had said something wrong. This time, she was determined not to speak again.

As for Fina’s question, whoever was willing to answer should answer!

However, it wasn’t just Finan who was curious about this. Everyone present was curious.

After all, they had heard Bei Xi mocking Shen Fanxing for using a huge box as a gift.

Now that she insisted that the jewelry wasn’t given to her, she felt that there was a story behind it.

Two princesses opposing a new princess was an incredible piece of gossip.

Faced with Bei Xi’s silence, Shen Fanxing pretended to say casually,

“Speaking of which, I might have to explain to Grandma when I get back. Actually, in order to prevent me from making mistakes, Grandma brought an unpleasant meeting to Miss Fina’s birthday party. She actually brought me to choose a set of birthday gifts. It’s a set of ruby jewelry. It’s similar to... the gifts given by the two princesses.”

“...”

“...”

At this point, everyone seemed to understand something.

However, Shen Fanxing continued, "It's just that I feel that I'm about the same age as Miss Fina. Compared to the expensive jewelry that Grandma chose, I feel that cute animals are more likable, so I made the decision on my own."

There didn't sound like a problem.

Although the gift chosen by Queen Yulia would never go wrong, Shen Fanxing had good intentions.

At the very least, now that Miss Fina had received her gift, it was probably the gift that she liked the most in the past few years.

With good intentions and good results,

That was enough.

Bei Lei and Bei Xi were rendered speechless by Shen Fanxing's words and their faces turned purple.

However, Shen Fanxing refused to give up. She glanced at the two of them and continued,

"Fortunately, I switched the gifts midway. Otherwise, it would have been awkward for me to give gifts to the two princesses. Otherwise, someone would have complained that our royal family is like a nouveau riche. The three princesses appeared at the banquet together and gave the same gift... It's as if our royal family can't come up with any other suitable gifts other than jewelry. If the royal family is covered in dust because of me, I really don't know how I'll be laughed at."

Bailey clenched her fists tightly as she stood there biting the wall of her mouth. Her face was calm, but her heart had already slashed Shen Fanxing into pieces.

She had only sent the gift out before her so that everyone could mock her. But now, she was labeled as someone who couldn't give a decent gift to the royal family.

With just a few words, she had caused the royal family to lose face. She was really good at sweet-talking.

Looking at Shen Fanxing's hypocritical expression, Bailey was certain that she understood everything. She was just embarrassing them.

They knew that this woman would seek revenge for the smallest grievance, but they didn't expect her to not give them any face at such an occasion.

After all, it involved the dignity of the royal family. She was really selfish and self-serving.

Shen Fanxing didn't deny that she was a vengeful person. Sensing the murderous gaze, she continued,

"Back then, Grandma got someone to wrap the gift and give it to me. No one else should know. I'm also curious how you guys knew that I changed the gift midway and that it was a set of jewelry."

Chapter 1694: Almost Pissed Off

"Back then, Grandma got someone to wrap the gift and give it to me. No one else should know. I'm also curious how you guys knew that I changed the gift midway and that it was a set of jewelry."

Of course, it was the power that the two princesses had accumulated over the years.

There were many people in the palace, so it was easy for them to find out.

Moreover, it was just a gift. There was no need to hide it.

She just didn't expect them to use these things to embarrass the new princess.

Actually, they had been considering the arrival of the new princess and how the two princesses would face her.

In the end, they finally realized that there was no room for her.

Shen Fanxing was a princess of the royal family.

They were princesses who had been adopted by the queen.

She had been domineering and respected in the royal family for so many years. With her current actions, she was probably worried that her status would be snatched away by a woman who had suddenly appeared.

However, she was a princess after all. They never thought that with the arrival of a new princess, Queen Yulia would remove their title.

Compared to being targeted, wouldn't it be better to get along peacefully?

However, the two princesses obviously didn't think so!

Tonight, outsiders like them had experienced their malice.

"..."

"..."

Bei Lei and Bei Xi almost rushed forward to slap Shen Fanxing!

This endless bitch!

Bit by bit, they had sealed off all their escape routes. Now, everyone felt that their actions tonight were just to embarrass her.

However, that was indeed the case.

Even a fool could tell that the two princesses were deliberately trying to embarrass her.

For a moment, everyone had a complicated look in their eyes.

Suspicion and sarcasm were the most common expressions they had seen.

Veins popped out on Bailey's forehead. She was on the verge of exploding with anger.

However, she wanted to embarrass Shen Fanxing tonight, not to ruin her image and become a laughing stock.

"Fanxing, are you misunderstanding something? There are so many people here today. If it's a repeated gift, I believe there must be one. Besides, we're all here to celebrate Fina's birthday. The gift is light and the meaning is heavy. I believe that Miss Fina won't reject any gift, let alone fuss over the gift we're

giving. Even if we really gave the same gift, it's just a coincidence. Aren't you thinking too much? Are there so many conspiracy theories? Isn't the gift more important for sincerity?"

Shen Fanxing smiled and said, "That's right. Even if I only gave her a gift or a performance, it would be my sincerity."

That was when Bei Xi had mocked her.

Back then, everyone was gloating at her misfortune.

Naturally, that included her.

Shen Fanxing's words made the smile on Bei Lei's face freeze. It was as if Shen Fanxing had slapped her on the spot. It was numb and painful.

The anger in her heart seemed to overflow.

"Fanxing, we've been giving Fina's birthday present every year. There are only a few styles to choose from. Today, we didn't expect the gift you prepared in advance to be jewelry. Jewelry is a common gift. Even if we bump into each other, it doesn't mean anything. Now, do you mean that we knew in advance what gift you wanted to give Fina? That's why we deliberately chose to give Fina the exact same gift as you and embarrass you in front of Fina and everyone else? What's there to be embarrassed about? You, on the other hand, can clearly gloss over this matter. Why are you refusing to let it go? Are you only satisfied after we admit that we have ulterior motives? Alright, since that's the case, I'll admit it... Everything you suspect is true. Are you satisfied this time? I just don't know what's good for you if you slander us and ruin our image the moment you return..."

Bailey's anger had its effect.

After all, all these years, the interpersonal relationships she had built up in Country Y were there. Her persona was also very successful.

Her words sounded as if she had been forced into a corner. As a simple-minded person who was gentle and polite, she only wanted peace and quiet.

It made Shen Fanxing seem aggressive.

His tone was too sorrowful and helpless!

Everyone was confused by her behavior and they looked at Shen Fanxing with suspicion and disdain.

It seemed that she, the legitimate princess, was the one who couldn't tolerate others.

Shen Fanxing smiled calmly.

"What's the hurry? I'm just explaining. It's not a big deal to begin with. Since it's a gift, as long as it's sincere, it's good no matter what. You're the ones who are anxious for me to give the gift out. You're the ones who mocked and despised the gift I gave out. Now that I've changed the gift Grandma prepared for me in advance, you're the ones who're unwilling to let me off and say that I'm bold and daring. Don't I even have the right to explain?"

Pretending to be innocent, innocent, kind and harmless.

She had seen many people of this type.

She had never eaten pork before, but she had seen pigs run before.

He was pretending to be wronged and playing the blame game with her. It was hard to say who would win.

“Looks like my life in the royal family will definitely be miserable in the future, right? Even if I explain myself, it will be as if I’m holding on to you and not letting you off. I’m deliberately defaming you and maliciously damaging your image. In that case, it’s better for me to speak less in the future. Otherwise, one day, I’ll become a murderer because of my words. That would be terrible! After all, I’m new here. I can’t compare to you guys who have authority and power in the palace...”

She paused for a few seconds before taking a deep breath.

“...Don’t worry, I understand what happened this time. I’ll go back and tell Grandma. It’s enough for the two of you to be the princesses of the royal family. I’ll leave!”

“!!!”

Bailey’s legs went weak and she staggered two steps back. She almost died from anger at Shen Fanxing’s words.

Every word was dripping with blood, as if they couldn’t tolerate her at all and were targeting her.

He had to say goodbye to his grandmother at Finan’s birthday party in front of so many people because of her provocation.

In the end, what did Grandma think of her?!

Chapter 1695: Clearing the Misunderstanding

She was so angry that her entire body was trembling. She knew that she had lost her composure, but she couldn’t control herself.

She forced an ugly smile and laughed out loud, but she looked even more embarrassed.

“Heh... Fanxing, what are you saying? You’re Grandma’s biological granddaughter. How can I not tolerate you? We all want Grandma to be fine. It wasn’t easy for her to find you. If you leave, won’t Grandma be very sad? I think there must be a misunderstanding between us...”

Shen Fanxing raised an eyebrow and asked, “Is it a misunderstanding?”

“Of course it is.”

Shen Fanxing blinked and said, “Since it’s a misunderstanding, I think we should resolve it as soon as possible. Otherwise, what happened today will leave a bad impression on the royal family. If Grandma hears about this, she will be heartbroken.”

Bailey clenched her fists so tightly that her knuckles turned white.

“You... are right! It’s best if the misunderstanding is resolved.”

Her words sounded distant. Shen Fanxing was close to her and she could tell that her breathing was unstable.

Nodding her head, Shen Fanxing was very satisfied with her attitude. "In that case, let's return to the question. How did you know that Grandma had prepared a set of ruby jewelry for me?"

Bailey's lips twitched.

Her chest swelled fiercely.

"I've just said that this is a mistake..."

"That's why we have to resolve the misunderstanding. Did Miss Fina hear wrongly?"

Bailey could tell that Shen Fanxing was relentless.

This time, he pushed the blame to the birthday girl, Fina.

Fina had always been hot-tempered and could not tolerate sand in her eyes. She had already disliked the two of them, and today, she had come uninvited to cause trouble for her. Now, she knew what they were thinking.

It wasn't that she didn't know what Shen Fanxing was up to, but since she had the chance to teach these two annoying people a lesson, why not?

"What do you mean I heard wrongly? I heard it clearly. Who dares to suspect that there's something wrong with my ears? When Bei Xi grabbed Fanxing and spoke to her just now, I was standing at the side. For some reason, I said that Fanxing had boldly swapped the gift that the Queen had prepared for her. When Fanxing placed the box up, Bei Xi kept mocking her for the size of the gift box. Do you think everyone present is deaf?"

Even if all of us here are deaf, I can go with you to see Grandma. We can see if only two people knew that she had prepared a gift for Fanxing.

"Also... the two of you. I only invited Fanxing to celebrate my birthday with the royal family. You came eagerly and sent the gift before Fanxing. Bei then asked Fanxing to send the gift. What do you mean by anticipation? In reality, what are you trying to do? Aren't you trying to embarrass Fanxing in front of so many people? Or you can accuse her of imitating you and giving the same gift?"

If Shen Fanxing's words were a little indirect, then Fina was straightforward and didn't intend to give them any face.

Bei Lei's face alternated between green and white. Sensing her expression, Bei Xi hid at the side and refused to speak.

Everyone's mocking, contemptuous, and gloating gazes landed on Bailey, making her want to dig a hole and hide in it.

However, it was impossible for there to be a crack in the banquet hall of the Burgundy family. In order to obtain the highest attention, they were still standing in the most conspicuous place.

There was nowhere to hide.

"I... Fina, aren't you going overboard with your words? We've grown up together. Every time you celebrate your birthday..."

"Don't mention friends to me. I don't have any noble friends like you two. I don't know if you're here to celebrate my birthday or to show off. In the past, I couldn't do anything on account of the royal family. I clearly didn't invite you this year, but you still want to stand by my side... Do you think your status is too high and you can't stand below? Or do you think standing below isn't enough to let others know that you're princesses?"

"Fina!" Finan's mother, who was standing below the stage, snapped at her for speaking so bluntly.

No matter what, she was a princess of the royal family. Even if she was the daughter of an important minister, she couldn't say such humiliating words.

Even if she wasn't a princess, these words were too much.

"What do you want me to do? You always tell me to be sensible, to endure, endure, endure! But it's fine if it's only once or twice. What's the point of my birthday all these years? Why do you always want me to endure when I'm full of anger?! I endured it. I didn't invite them this year. How shameless are they? Why do they have to stand in front of me to make their presence known?!"

"Are they trying to show off their noble status and good figures?! In terms of status, can they compare to the royal family?!"

"Fina, shut up!" Lady Burgundy tried to pull her off the stage, but she shook her off.

"I didn't say anything wrong. It's enough for me to show off for so many years. Can't you see that the two of them can't tolerate Fanxing? If you want to scheme against others, you can't compare to the two of you who were born and raised in the royal family. You don't have the noble temperament that you have. Now that you've fallen, you should bear the consequences! They used my birthday banquet to scheme against others, and I still have to give them face. How useless am I? I'm a descendant of the Burgundy family. I believe that the Queen Grandma is a discerning person. Moreover, even a fool can see through the trick today. There's no reason for the Queen Grandma not to come out!

If they were unhappy, they could complain to their grandmother. Who was afraid of who? Would they dare?

How great did they think they were? Those who couldn't see through their thoughts were fools! They were all princesses, but they had to dress like peacocks every time they attended. Fanxing only knew how to keep a low profile! Did they know what it meant to steal the limelight? Her EQ was so low, but she was so good at herself! Didn't she feel ashamed?!

"..."

"..."

"..."

Everyone fell silent.

Everyone was shocked by Finan's outburst of anger.

The only person who dared to say that was Miss Fina.

However, her straightforward words made them feel enlightened.

Indeed, every time the two sisters appeared, they would stand at the most dazzling spot like the main characters. They controlled all the rhythm and suppressed the true main characters.

Just like today, every time she had them, she wanted to do it every year.

Miss Fina's anger today was understandable.

A person's birthday was only once a year, but every time, someone else would steal the limelight. Anyone would feel aggrieved.

In that case, no matter what Bei Lei and Bei Xi said, there was nothing they could do.

After all, Miss Fina's straightforward words were enough to make them clear.

Chapter 1696: The Title Has Gone to Find the Monthly Pass

The more they said now, the more embarrassing it would be in front of everyone.

What misunderstanding?

Shen Fanxing had never thought of giving them a way out.

She was determined to embarrass them tonight.

But now, she was only standing at the side with her eyes narrowed. No one could see the expression on her face, but her lowered head and furrowed brows made her look like a pitiful victim who had been wronged.

There were no words to describe her anger and shame. She only knew that all of this was caused by Shen Fanxing.

In the past, she knew that she had always been straightforward. But now, she could even put on an act and pretend to be hypocritical.

Everyone below the stage was discussing something in low voices. Due to the fact that she was a princess, they didn't dare to speak too loudly. However, they were all pointing fingers at Bei Lei and Bei Xi.

Bei Lei and Bei Xi stood on stage, but they didn't know how to salvage their image.

However, if Shen Fanxing had taken a step back and expressed her stance, their awkwardness might have eased a little. At the very least, this matter would have passed and they would have been able to step down smoothly.

However, Shen Fanxing, who had just given a long speech, refused to say a word.

Shen Fanxing was ruthless, but Fina was even more ruthless.

With the kitten in her arms, she stepped forward and grabbed Shen Fanxing's wrist.

“Fanxing, let’s go! Since they want to steal the limelight here, I’ll give it to them! I reckon they were lacking in popularity in their previous life!”

Shen Fanxing didn’t expect Fina to do that all of a sudden. She was a little surprised, but she didn’t reject her and allowed her to pull her away.

Bei Lei and Bei Xi were already embarrassed. Now that they were thrown onto the stage by the real protagonist, they received everyone’s attention and were extremely embarrassed.

Everyone looked up at them eagerly. Their expressions were negative and sarcastic in their eyes.

Bailey bit the inside of her mouth as the taste of blood spread.

She had never been so embarrassed in her life.

Shen Fanxing was pulled to her room by Fina.

Finan sat on the bed with the kitten he had just picked up. His attention was on the little creature in his arms. He wondered if she was angry.

Shen Fanxing stood at the side, thinking that she should apologize to her. After all, she had indeed pushed the blame to her, which resulted in the current situation.

“Right...”

“Hahahaha, this is too satisfying. I’ve finally vented the resentment that I’ve suppressed in my heart for the past few years. Seeing Bailey’s defeated look, I feel relieved no matter how I look at it! Thank you, Princess Fanxing. If it weren’t for you, I would have been cremated along with this resentment of mine! I’ve long known how hypocritical and vain the two sisters are. I just didn’t have the chance to expose their pretentiousness. Today, I’ve finally vented my anger! Did you see the expressions of the two sisters? Especially Bailey. She’s pretending to be elegant and dignified every day. Now, I’ll let her pretend to be the eldest princess...”

Shen Fanxing was speechless.

Shen Fanxing remained silent for a long time as she hugged the cat and rolled around on the bed.

This lady was also a ruthless person.

She couldn’t imagine how the two of them would give her a way out.

They had really embarrassed themselves today.

However, they only had themselves to blame. Who asked the two of them to come uninvited?

Raising an eyebrow, she smiled at the sight of the kitten in Finan’s arms.

The credit for tonight’s scene belonged to Bo Jinchuan.

Whether it was the clothes or the gift, it seemed that she had hit the nail on the head.

Without these two aspects, she thought, there wouldn’t have been Fina’s favor and subsequent cooperation.

Thinking of this, she let out a breath and walked to the window, sitting on the sofa beside her.

He watched as Finan laughed freely.

“Haven’t you thought about what will happen in the future? You’ve embarrassed the two of them today. In the future, they might take revenge in other ways.” The laughter died down and Finan sat up in bed.

“Revenge in what way? Do they have the ability? Besides, do they dare to? Not to mention that I’m from the Burgundy family, even if I’m not, after what happened today, if anything happens to me, they’ll be the first to suspect. Don’t worry, they value the position of princess more than their lives. They’ve already embarrassed themselves today, but they’re still restless. Unless they don’t want to be princesses anymore!”

Shen Fanxing nodded and said, “That makes sense.”

Fina rolled her eyes smugly. “Don’t think that I’m as brainless as them. I’ve been tolerating them all these years. Today is technically my most wanton day. Being a member of the Burgundian family is really too tiring. I think more than anyone, but all I do is turtle things!”

As she spoke, she sighed heavily.

She placed her hand on the cat.

She looked a little melancholic.

“It’s already tiring enough for me to be the granddaughter of the Burgundy family. Those two women usually put on airs and have to carefully maintain a good impression of the queen. They’re afraid of making a mistake. The only thing they like is to be a princess. Aren’t they tired of living?”

Shen Fanxing blinked her eyes and her impression of this arrogant young lady changed drastically.

So she didn’t like this kind of life...

She clearly had a free heart, but she had to consider too much and was restrained.

No one would like such a life.

“In the eyes of some people, wealth, power, and status are more important than anything, let alone freedom.”

Fina pursed her lips. “In any case, I won’t continue to listen to these two people. Besides, I want freedom. I’m not committing murder or arson. I’m not breaking the law. Why can’t I want freedom?”

Shen Fanxing smiled and said, “You’re right.”

Freedom had nothing to do with family background, but with humanity.

Kindness and integrity, freedom was up to you.

Like-minded as Shen Fanxing, Fina smiled happily.

She raised the kitten in front of Shen Fanxing and shook it.

“This is the most favorite gift I’ve received in my life. You’re also the most favorite person I’ve met. This birthday is really awesome!”

Shen Fanxing smiled and said, “As long as you’re happy. But... are you really not going to cut the cake?”

She reached out and took the kitten from Finan.

Her hands had been itching the entire night!

She raised an eyebrow as an inexplicable coldness flashed across her eyes.

Bo Jinchuan seemed to be good at pleasing women.

Chapter 1697: Untitled

Fina didn’t notice the dark glint in Shen Fanxing’s eyes. Instead, she waved her hand nonchalantly.

“What’s so good about that cake? In the past years, there were only a few procedures. It’s better not to cut it since you’re full of anger. That way, you won’t have to see those annoying people again.”

Shen Fanxing smirked and said, “I thought you would find it a pity.”

Fina shook her head. “I’m tired of this kind of birthday... You’re really an interesting person. If it weren’t for you, I would probably continue to be vomited on by these two women until the end of time. Other than you, no one would dare to make those two look so bad. Especially that Bailey. She’ll probably smash her house when she goes back!”

Shen Fanxing lowered her head and scratched the cat’s chin. Seeing the cat purring comfortably with its eyes closed, she couldn’t help but smile. Her voice was calm but casual.

“I’m actually not a good person. I’m petty and vengeful.”

The bedroom fell silent.

A few seconds later, Finan burst out laughing.

Then, there was a long burst of laughter.

“You... you’re indeed an interesting person.”

Shen Fanxing frowned at Fina’s smile.

“Who says that their character is bad? But from what you said, you seem to be quite a scumbag... But I like people like you. Hahaha... You’re much better than those scumbags who pretend to be good in front of others.”

Shen Fanxing nodded and said calmly, “I think so too.”

Finan paused for a few more seconds, then laughed again.

“You... you’re too fun!”

Frightened by Fina’s laughter, the cat snuggled into Shen Fanxing’s embrace. Shen Fanxing comforted it gently.

He welcomed Finan's laughter and approval.

She didn't hate such a girl who never hid her emotions.

At the very least, she could not sense any malice from her.

The more she interacted with Shen Fanxing, the more she liked her.

It was rare for her to meet someone she liked so much.

This birthday was simply wonderful.

It turned out that there were many people and things worth exploring in this world.

Although Madam Burgundy had taken the initiative to accept the responsibility and said some official words in an attempt to divert everyone's attention away from Bailey and Bessi,

Everyone knew that they had to cater to Madam Burgundy.

The chaos in the banquet hall calmed down on the surface, and Bei Lei and Bei Xi took the opportunity to leave.

But in reality, after they left, the topic was still on the two of them.

She was even more unscrupulous than them.

Madam Burgundy didn't want to face these discussions either. She found an opportunity to look for Fay to continue the birthday banquet.

When she reached the bottom of the stairs, she heard Finan's laughter.

Lady Burgundy was a little surprised. She stood under the flowerbed outside the window and looked up at the lighted windows upstairs, trying to determine if the voice belonged to Finan.

The result was certain.

In all these years, she had never heard her daughter laugh so brightly and crisply. There were no factors involved. Her laughter was pure and it was obvious that she was happy from the bottom of her heart.

In the past, she would never do that. Not to mention laughter, she had rarely seen a smile on her face.

Especially on her birthday every year, her mood was even worse.

Grandpa doted on his granddaughter, so he would hold a big birthday party every year, hoping that she could make friends and let go of him completely to be happier.

In the end, everything backfired. However, Fina was meticulous and didn't want to ruin her grandfather's good intentions. She would attend every birthday banquet and try her best to let the banquet proceed peacefully.

She could tell that her mood had improved since the start of the year. She naturally knew the reason.

Unexpectedly, after inviting the real granddaughter of the royal family, the two princesses, Bei Lei and Bei Xi, came uninvited, causing her mood to plummet.

Back then, she had also felt regretful. After all, she was a princess of the royal family. They could not reject her or chase her out, so it was Finan who had suffered.

But now...

Although there had been a lot of accidents at the banquet tonight, after hearing Fina's sincere laughter, the anger that had lingered in her heart gradually subsided.

Although the two princesses had really embarrassed themselves tonight, they had asked for it.

After all, Princess Fanxing was the Queen's biological grandson. They couldn't tolerate her and had found an opportunity to scheme against her. They had only themselves to blame for being exposed.

Even if this matter was reported to the queen, the two of them wouldn't be in the right.

Taking a deep breath, she lifted her elegant dress and walked to the entrance of the courtyard. She saw a tall figure standing there, his handsome face filled with displeasure.

"May I ask who you are..."

Lady Burgundy looked at him defensively. After all, this was Fina's own courtyard. Now that a man had appeared out of nowhere, she, as his mother, had to be more vigilant.

Bo Jinchuan had one hand in his pocket and the other was on his phone. The screen made his features even more handsome.

He looked up at Lady Burgundy with his dark, intimidating eyes.

Then she looked in the direction of Finan's bedroom. "I'll wait for my wife."

Wife... child?

Lady Burgundy paused, understanding.

However...

Was he married to Princess Fanxing?

Why had she never heard of him?

However, she naturally wouldn't pursue this matter. Seeing that he didn't look like a lecher, she said,

"It's cold outside. Do you want to go in and wait?"

Bo Jinchuan pursed his lips and said, "It's getting late."

Madam Burgundy nodded knowingly. "Then let me remind you."

Bo Jinchuan nodded calmly and said, "Thank you."

Mrs. Burgundy had just entered the villa when she saw Fina and Shen Fanxing coming down the stairs.

Shen Fanxing nodded politely at her while Fina pouted and turned her head away angrily.

Knowing that she was here, she couldn't help but criticize herself.

However, Madam Burgundy only shook her head helplessly and turned to Shen Fanxing.

“Princess... Your husband is waiting for you outside.”

Shen Fanxing raised an eyebrow and glanced at the door.

Considering the temperature outside, she walked out without hesitation.

“Sigh... Sigh...”

Finan called after her, but she did not stop and hurried after him.

Chapter 1698: Meow~

Finan called after her, but she did not stop and hurried after him.

The moment Shen Fanxing stepped out of the door, Bo Jinchuan appeared.

She opened her mouth, but before she could speak, Finan ran up behind her.

“Shen Fanxing!”

Her breathing was unsteady.

She looked sideways at her, but Finan snatched the little thing from her.

“What are you doing running so fast? This is mine!”

The warmth in her arms disappeared and Shen Fanxing’s gaze landed on Fina.

Finan turned to look at her defensively.

“I saw that something was wrong with you just now. What do you want? Are you going back on your word after giving me a gift?”

Shen Fanxing was speechless.

Bo Jinchuan had already reached her side. Shen Fanxing’s gaze shifted from the little thing in Fina’s arms to him.

Bo Jinchuan paused and glanced at Shen Fanxing before shifting his gaze elsewhere.

Although it didn’t seem like much on the surface, Bo Jinchuan was the only one who knew. The accusation and grievance in her eyes weren’t suitable to be observed.

How could Finan know that there was a love-hate relationship between the two people in front of him? After scanning them, he said,

“Are you coming tonight?”

Bo Jinchuan cast a sidelong glance at her.

Fina rolled her eyes at him and pouted. “Forget it. Leave. I’ll find you tomorrow.”

“Fina!”

Finan's carefree attitude caused Lady Burgundy, who had followed them, to shout unhappily.

Finan grunted and went back to the living room.

Madam Burgundy apologized to Bo Jinchuan and Shen Fanxing before sending them off personally.

Shen Fanxing was still wrapped tightly by Bo Jinchuan. She got into the car and sat silently in the passenger seat.

She was obviously sulking, but Bo Jinchuan, who had been driving, couldn't take it.

"Didn't you have fun tonight?"

Although she knew the answer, she had to break the awkwardness.

Shen Fanxing leaned against the corner and glanced at him.

Bo Jinchuan pressed his lips and asked, "What's wrong?"

Shen Fanxing remained silent and started fiddling with her phone.

Before long, cheerful music sounded in the car.

Just listening to the prelude wasn't Shen Fanxing's style.

When the lyrics were out, Bo Jinchuan's steering wheel swayed imperceptibly.

"Let's meow like cats, meow meow meow meow meow... I'll wheedle in front of you... Ah meow meow meow meow..."

The music was still playing and Bo Jinchuan didn't know whether to laugh or cry.

On the other hand, Shen Fanxing refused to even look at him. She looked out of the window expressionlessly, as though she was listening to a song.

Wasn't this hint too strong?

"I can explain this."

Shen Fanxing remained indifferent.

"I didn't come up with the idea. It was... Yu Song."

Shen Fanxing didn't turn her head but her voice sounded.

"Yes, Yu Song is really useful. He's wherever we need him."

Bo Jinchuan tapped his forehead and said, "It's indeed him..."

"If he's so good at pleasing women, why doesn't he have a girlfriend?"

There was a hint of anger in Shen Fanxing's voice.

Bo Jinchuan was silent for a while before saying, "It's time to find him one."

"Yes... I've been helping you to please women all these years."

Shen Fanxing paused and suddenly turned to look at him. She raised an eyebrow and said,

“Was it you or Yu Song who came up with the idea to woo me back then? Should I be your girlfriend or Yu Song’s...”

Without warning, the car turned to the side of the road and stopped.

Bo Jinchuan turned to look at her gloomily.

“What did you say? Say it again.”

Shen Fanxing’s heart trembled and she didn’t dare to speak again. She looked down at her phone and turned the volume to the maximum.

“Sometimes, I’m too lazy to be like a cat. When I have a bad temper, I’ll bare my fangs. You’re always gentle and melt my heart. I want to be your cat...”

The lyrics silenced Bo Jinchuan instantly.

Rubbing his brows again, he sighed softly and said,

“Of course I’m the one chasing you. If you don’t believe me, ask the two in your stomach.”

Shen Fanxing’s lips twitched. Of course she knew that.

But was that the key question?

“Even if it was Yu Song’s idea, why didn’t you tell me that the gift was...”

Bo Jinchuan had no choice but to say calmly, “If you knew, would you have given this gift?”

“You know I’ll like it? Are you not planning to give it to me?!”

“... Don’t you... like alpacas?”

Shen Fanxing asked, “Can’t I like cats if I like alpacas?”

The lyrics read, “Let’s meow like cats. Let’s meow together and act cute in front of you. Ouch, meow, meow...”

Bo Jinchuan frowned and looked at her. “Do you want the cat?”

Shen Fanxing turned to look at him and blinked in confusion.

“Huh?”

Bo Jinchuan reached out and his well-defined fingers tapped between his brows. Under Shen Fanxing’s gaze, he reached out to grab the back of her head and pulled her to him.

Shen Fanxing froze, as though she knew what Bo Jinchuan was talking about.

She just couldn’t believe it.

Bo Jinchuan’s deep voice sounded in front of her. “Do you want this human-shaped cat?”

Shen Fanxing blushed. She didn't expect Bo Jinchuan to do that.

She pressed her hand against his shoulder and said with a flushed face, "No, no. You don't know how to scream. What do I want you to do?"

Bo Jinchuan raised an eyebrow and leaned over to her ear. Suddenly...

A single word suddenly sounded in her ears.

It was light, but it exploded in her ears like a bomb.

She froze on the spot, as though she had been blasted to the horizon. She was still in a daze.

After some time, Shen Fanxing's eyes darted around as she stared at him in disbelief.

"You... you..."

Bo Jinchuan looked embarrassed, but he still took the initiative.

"How is it? Do you want it?"

Shen Fanxing blinked and regained her senses. Her brows twitched and she said,

"What did you do just now? Do it again before I decide!"

Bo Jinchuan released her and started the car silently.

Seeing that the situation was not good, Shen Fanxing hurriedly asked, "Why aren't you saying anything? What did you do just now? I haven't made a decision yet! Let's do it again. I'll listen to you this time!"

Chapter 1699: Dispute

Seeing that the situation was bad, Shen Fanxing hurriedly said,

"Why aren't you saying anything? What did you do just now? I haven't made a decision yet! Let's do it again. I'll listen properly this time!"

Bo Jinchuan pursed his lips.

Shen Fanxing sat up straight and said, "Hey, hurry up and call me that again!"

"..."

"Are you saying that I don't want you anymore? Then I really don't want you anymore! If I have the time, I'll ask Yu Song and see if he was the one who chased me back then... If it's him, I'll move to his house and save him the time to find a girlfriend."

She was naturally angry. Of course, it was just to agitate Bo Jinchuan to shout at her again.

However, she didn't hear Bo Jinchuan speak again.

When they reached the hotel, Shen Fanxing unbuckled her seatbelt in a fit of anger. However, Bo Jinchuan got out of the car before her. He watched as Shen Fanxing opened the car door and got out. Before the door was closed, he carried her in his arms.

Shen Fanxing exclaimed softly and instinctively hugged Bo Jinchuan's shoulders tightly.

Seeing that Bo Jinchuan was about to enter the hotel, Shen Fanxing kicked her legs.

"What are you doing? Don't touch me. I don't even know whose girlfriend I am."

Bo Jinchuan's cold gaze swept across her and Shen Fanxing shrank her neck.

"... What are you doing? Don't touch me. I don't want you anymore!"

Bo Jinchuan sneered and said, "You don't want me anymore? Let me ask the two little things in your stomach first! And... why don't you want me anymore?"

Bo Jinchuan had already carried her into the magnificent lobby. His voice wasn't loud, but his aura was so strong that it couldn't be ignored.

He was furious and cold, like a walking Satan.

What was even stranger was that such a cold and ascetic man was hugging a woman.

Neither of them looked happy.

However, regardless of whether they were men or women, their appearance and temperament were too attractive.

Everyone in the hall stopped to look at them.

The man's voice was low and his handsome face was cold. The woman's beautiful face was filled with stubbornness as she glared at the man angrily.

Everyone around felt that these two people with strange postures might change their expressions like all young couples in the next second.

There would definitely be a war of the century.

Everyone watched them intently, nervous and looking forward to what would happen next.

And yet...

Shen Fanxing glared at the man for a long time before saying angrily,

"You don't even want to give me a cat. Why should I want you?!"

Bo Jinchuan pressed his lips and said, "Aren't you still deciding if you want it or not?"

Shen Fanxing paused and her voice softened.

"If you scream again, I'll have you."

Shen Fanxing's eyes sparkled with anticipation, as though her ears were perked up.

She was afraid of missing any sound.

In the end, Bo Jinchuan remained silent.

Shen Fanxing's face fell.

"Forget it, put me down..."

As she spoke, she flailed her legs again.

"Don't move! If you move again, I'll throw you down."

Bo Jinchuan's voice was low and deep.

Not only Shen Fanxing, even the surrounding people were shocked.

But who was Shen Fanxing?

How could a woman who had been pampered by Bo Jinchuan from the beginning to the end be able to withstand his 'severe' and 'threat'?

She stared at Bo Jinchuan for a long time as tears welled up in her eyes. Her red lips were pursed and she looked extremely aggrieved.

Seeing her like this, Bo Jinchuan's heart skipped a beat and his lips tightened.

Shen Fanxing grabbed Bo Jinchuan's shirt before struggling in his embrace.

"You're actually shouting at me? Indeed, they're right. Men don't know how to cherish what they have! Let go of me! Don't touch me, I don't want you anymore..."

Her shameless behavior made Bo Jinchuan's forehead ache.

She took a few quick steps and entered the hotel's VIP elevator.

When the elevator door closed, Bo Jinchuan put Shen Fanxing down.

Seeing that she was about to press the elevator button, he grabbed her hand and spread his arms, trapping her between the elevator and his chest.

"Stop fooling around, okay?"

Bo Jinchuan said helplessly.

Shen Fanxing turned her head away.

"Who's messing with you? Let go of me."

Bo Jinchuan sighed softly and pressed his forehead against hers.

"Isn't it just a cat? Is a cat more important than me?"

Shen Fanxing raised an eyebrow and said, "You're not even willing to give me a cat. Am I worse than a cat?"

"Who said I won't? Isn't it right in front of you?"

Anticipation flashed across Shen Fanxing's eyes as she said, "Let's check the goods first. Let's hear it."

Bo Jinchuan's eyebrows twitched.

"Forget it... Ah..."

Just as Shen Fanxing finished speaking, the man swallowed her scream.

Just as Shen Fanxing was in a daze from the kiss, a familiar voice sounded again.

Her slightly dazed eyes suddenly lit up.

Looking at the man's handsome face, Shen Fanxing blinked.

The kiss pressed down again, not giving her any time to think or react.

By the time Shen Fanxing woke up, she had already landed on the soft blanket in the hotel room.

Bo Jinchuan looked at her with a smile in his eyes. His low voice was husky and sexy.

"How is it? Do you still want me?"

Shen Fanxing's red lips moved. "Say that again..."

Bo Jinchuan bent down and whispered into her ear happily.

Shen Fanxing didn't expect him to be so obedient this time.

"You..." She stared at Bo Jinchuan in disbelief, too shocked to speak.

Bo Jinchuan smiled at her, his eyes glistening.

"Are you satisfied? Have you decided? Do you want me or not?"

Shen Fanxing opened her mouth.

"If you're not satisfied, I can continue until you've decided..."

As he spoke, he bent down and whispered in her ear.

"Enough... enough... enough!"

Bo Jinchuan's deep voice revealed a faint smile.

"Yes?"

Unable to win against him, Shen Fanxing said hurriedly,

"Enough! I want you, I want you!"

Bo Jinchuan's laughter became more obvious.

"Okay."

Chapter 1700: Patched Up

Shen Fanxing felt that she was asking for trouble.

Other cats were soft, cute and adorable.

But her 'cat' was tough and fierce.

But now, she didn't even have the right to reject or return the goods.

The commotion along the way gave the man a reason to "murder". She couldn't say anything.

Shen Fanxing was troubled and Bo Jinchuan was satisfied.

"Do you still want to hear it? I can call you that every day."

Shen Fanxing's eyelids twitched and she turned her back to him.

"I don't want to, I don't want to, I don't want to!"

How thirsty was she?

That was why she wanted to listen to him every day!

This time...

She deserved it!

She was also crazy. She was shocked by the words that came out of Fina's mouth.

What did she mean by the more obedient a woman was, the less sense of presence she had?

What did she mean by the more reasonable a woman was, the more boring she was?

All men were weirdos. On the surface, they wanted women to be educated, but in reality, they liked women to be noisy and unreasonable...

If she didn't believe him, she would look at the wives of the men who had cheated on her. Which one of them was disobedient, gentle, considerate, and unreasonable?

Look at these men's mistresses. Which one of them wasn't coquettish? Darling, I want this and that. Thank you for giving me a gift. I love you, love you, love you...

Ugh...

She swore that she would never do such unreasonable and noisy things again!

She buried herself in the blanket and sighed deeply. Bo Jinchuan could hear her helplessness and frustration.

His lips curled into a silent smile.

"You're very cute today. You can work harder in the future."

Shen Fanxing suddenly opened her eyes. Did this fellow know that she was messing with him on purpose?

She suddenly pulled the blanket up and covered her head.

Keep up the good work??

Who would believe you!!!

...

Unsurprisingly, the incident at Fina's birthday party became a hot topic the next day.

The front page of each magazine was still filled with photos of Burgundy Fina's birthday party...

It wasn't her husband, Fina, nor the new princess, Shen Fanxing.

Instead, it was Belle and Princess Beixi, who were supposed to be standing on the stage.

Neither of them looked happy.

Perhaps Bailey was sensitive to the camera, but the moment the camera captured her, she actually smiled.

But sometimes, smiling was worse than crying.

Bei Xi didn't have that awareness at all. She stood behind Bei Lei and turned her body, her eyes looking in another direction.

Anger, hatred, and viciousness were especially obvious.

The theme was still the birthday of the Grand Duke of Burgundy's granddaughter. With this photo...

Without saying anything, it became the hottest topic the next day.

"Why is the photo of Miss Fina's birthday party taken by the two princesses, Bei Lei and Bei Xi?"

"I'm curious too. Isn't it always Miss Fina?"

"I heard that... the Burgundians only invited the new princess of the royal family this time. They didn't invite them."

"I also heard that these two princesses didn't have an invitation yesterday. They went without an invitation. Back then, they were stopped outside. Later on, they called the Duke of Burgundy before entering. Sigh, thinking about it, who wouldn't give the royal family face? They clearly insisted on attending!"

"I also heard that Miss Fina doesn't like these two princesses, so she had the chance to invite the new princess this year but didn't. It's all because they've always stolen Miss Fina's limelight at birthday parties in the past..."

"Pfft, now that you mention it, I think today's headline is too funny! Did you steal the limelight this year and occupy Miss Fina's fixed headline?"

Hearing someone say that, they looked at the newspapers in their hands and couldn't help but laugh.

...

As Shen Fanxing ate her dinner, she picked up the newspaper on the dining cart to read. When she saw that the headlines were about Bailey and Bei Xi, she paused.

Then, she raised her eyebrows and her lips curled into a faint smile. She put down the newspaper and lowered her head to eat her breakfast seriously.

Although she was tired last night, she had enough reason to be energetic today.

There was a ring in her hand. 'Have you read the front page of the newspaper? Call me Burgundy Clever!'

Curling her lips, she replied, "Burgundy Clever!"

...

The matter had blown up and the entire palace had heard about what had happened at the banquet last night.

Some important ministers were present back then and knew what had happened.

She didn't know how to evaluate her two sisters.

Bei Xi, on the other hand, was a simple-minded, brainless, and arrogant person.

The feud they had with Shen Fanxing at the state banquet made them hostile towards her. They were used to it and they could understand.

However, Bailey had always been the pride of Country Y's royal family. When it came to her, very few people criticized her.

They were also used to using her as a banner to motivate their children.

However, his actions last night shocked everyone.

Not only did she come uninvited, but she had also deliberately arranged for the new princess to be embarrassed in public.

In the end, not only did she fail to achieve her goal, but she was also exposed by the new princess. Miss Fina even left angrily.

The birthday party ended on a sour note.

Just thinking about it made them blush.

They could actually do something so embarrassing.

Queen Yulia had canceled the scheduled meeting today.

When she saw the newspaper and the report during breakfast, she was so angry that she didn't even eat.

He sent someone to call Bailey into the palace.

Leah reminded her to invite Shen Fanxing along, but she was rejected by Queen Yulia.

"She'll come over after she's done eating. There's no need to disturb her!"

Her words were clearly biased.

...

Shen Fanxing had indeed eaten her fill before entering the palace. However, it wasn't too late.

Everyone in the palace looked at her and their attitude seemed to be more respectful than before.

Shen Fanxing didn't have much of an expression on her face. She wore a warm down jacket and was led towards the Queen.

Just as she arrived outside the meeting hall, she saw Ye Jingyun standing at the door. Bailey was pacing nervously.

Seeing Shen Fanxing walking over leisurely, the three of them wanted to skin her alive.

A faint smile appeared on Shen Fanxing's face. "Aren't you cold? Oh, I forgot. You're not afraid of the cold."

Look at how muddle-headed I am. It's only been one night, but I've forgotten that the two princesses don't feel cold even in a cold winter night."
