

# Catch Me If You Love Me Chapter 170

Thinking of these words, Zoey Gu's heart jumped, and all the flustered emotions suddenly appeared on her face!

Liam Lu saw her emotions turn so fast, he couldn't help but stretched out his hand to scratch her chin, and laughed at her.

"Why, I'm scared? When you fight to death with the old lady, haven't you always been brave?"

Zoey Gu sullenly pulled down his hand, and said without thinking.

"Don't make trouble! If everything is really as you said, then we will return to Berven City now, and the matter of obtaining the certificate can be postponed."

"impossible!"

Liam Lu interrupted her with a cold face, "You can't delay getting the certificate."

He possessed, looked at Zoey Gu deeply, and said slowly.

"Zoey, I've been looking forward to this moment for a long time. I don't want to wait any longer, let alone give you any chance to repent."

After speaking, he raised his hand to jam Zoey Gu's chin, and he was about to kiss again...

There was a knock on the door suddenly.

"Young Master Lu, the car is ready, you..."

Shiyue opened the door as he talked, and saw an extremely intimate and ambiguous scene before him, and hurriedly turned around.

"Ahem! See no evil, see no evil..."

The meaning of this ridicule is too obvious!

Zoey Gu's face was hot, blushing and pushing Liam Lu away suddenly, he turned and walked towards the bathroom.

When she came out, Liam Lu and Shiyue were already waiting for her in the restaurant downstairs.

Liam Lu handed over a cup of warm milk, and took advantage of the opportunity to push the chef's preparations to her as soon as possible.

“Eat quickly! When you are done, you will be on duty as Mrs. Lu immediately.”

Zoey Gu was drinking milk with her head down, and when she looked up, he saw the man holding his chin in one hand, looking at her with interest.

Suddenly sighed helplessly.

“You keep looking at me, how do I eat?”

“good looking.”

“But you are like this, I will feel very uncomfortable.”

“I’ve seen all the places you should see all over your body. What’s uncomfortable?”

puff!

When I was looking up and drinking water not far away, the more water spurted out, and he coughed violently while patted his chest.

I thought that Liam was a boring show, but I didn’t expect that after the emotional release, this sultry method was simply so!

He can even foresee the tragic days of eating dog food every day to die.

Liam Lu swept over with a cold eye, and twitched the corner of his mouth coldly, “Do you have an opinion?”

“No, no!”

Shiyue raised his hands to retort, and after turning his eyes on Liam Lu and Zoey Gu, he spoke abruptly.

“I also heard that when getting married and taking pictures, both husband and wife wear white shirts. What do you think, Miss Gu?”

Zoey Gu nodded her head heavily with milk in it.

“Correct...”

Liam Lu frowned and looked at Zoey Gu half-believingly, “Really?”

In the next second, he simply took out the phone and checked it himself.

Really!

Liam Lu immediately decided to take Zoey to the mall and buy it!

When he said he did it, after breakfast, Liam Lu went straight out with Zoey Gu.

After leaving the courtyard, Shiyue was leaning against a new unlicensed car to greet them.

Seeing Zoey Gu's confusion, Shiyue actively explained after the car started.

"Miss Gu, the purpose of changing a new car is to confuse people and not want our whereabouts to be too exposed."

"After all, this time, Liam came directly from Qingcheng, and when you came again suddenly, none of our people were here. So..."

Before Shiyue finished speaking, he was interrupted by Liam Lu in the back seat.

"Chatty!"

He leaned sideways and held Zoey Gu in his arms, his brows were a bit less tender and more sharp.

"Zoey, remember, from now on, unless it's me, you can't leave me for half a step at any time, understand?"

Zoey Gu vaguely felt from his words.

It was not easy for them to leave from Southern Capital.
