

Chapter 171

The Policewoman Chapter 171

Lin Kai was flying under the alias Wang Qiang, if he told her this fake name, he felt a bit unethical, if he told her his real name, he would be suspected of being a terrorist.

“The name is just a symbol, if there is fate, heaven will arrange for us to meet again!” Lin Kai didn’t turn back and said as he walked.

At the same time, he stretched out his left hand and waved it behind him in a gesture of “goodbye”.

“I’ll be on leave for a few days, so you must contact me when you return to China, right?” Fang Ting said to Lin Kai in an earnest tone.

Lin Kai still didn’t turn around, he just squeezed his thumb and middle finger together in an ok pose, casual and spontaneous!

He walked out of the tunnel to the pick-up lobby, which was full of people.

Lin Kai knew that no one would know him here, let alone pick him up, so he walked outside with his head held high along with the crowd of people leaving Hong Kong.

“Excuse me, are you Mr. Lin Kai, who came from Yanjing City in the country of China?” Suddenly, a man’s lame voice came from behind him.

“Shit, didn’t I change my name to take this flight, how could anyone know my real name? Could it be that” Lin Kai’s heart tightened, mistaking it for someone with the same name as him, he couldn’t help but glance towards the people in front of him and to his left and right, and only when he saw that no one made any reaction, did he turn his head to look.

Only to see a man in a suit standing behind him, white shirt, black suit and black leather shoes, I really don’t know how he could still wear so little in such a cold winter.

“No, you’ve mistaken him for someone else!” Lin Kai shook his head and said dryly, then walked in the direction of the exit.

“Excuse me, are you Mr. Lin Kai from the country of China?” The same words once again came from behind him, and Lin Kai frowned a little as he heard it was a woman’s voice and turned his head.

This time, in front of him was a blonde woman dressed in a black professional suit.

Since he had already been recognised, Lin Kai had nothing to hide and immediately nurtured the idea of molesting this foreign girl.

What’s more, it was not yet known whether these people were friends or foes.

The reason was that the instructor, Zhang Tianhu, was always secretive, and Lin Kai had come out to save Song Linna, so it was not possible to say that this was a group of accomplices he had arranged for himself in Rio.

So, Lin Kai said with a smile, "I am, what does the beauty want from me? If you want to go to a room with me, I'd be more than happy to!"

At the same time, Lin Kai was unscrupulously ogling her body, from her pink face to her somewhat exaggeratedly full breasts, her fat and beautiful buttocks, to her two long and slender thighs.

These were the parts that Lin Kai liked. With the pretty girls around him, Lin Kai often spied on them, and when he saw this foreign girl, who was full of wildness, he felt even more excited.

Hearing Lin Kai's naked teasing, the foreign girl's brow was slightly furrowed and her face slightly red, obviously very dissatisfied with his attitude, but because of the mission, she only had to endure it.

"It was Mr Robert who asked me to pick you up, please follow me!" The blonde said in an indifferent voice, "Robert was very happy to hear that you were coming, and was going to come and pick you up personally, but thought you were a little tired from your journey, so he let me take you to a place to rest first"

As soon as the words left his mouth, seven or eight stout foreigners came over and surrounded Lin Kai in the middle.

Among them, one man Lin Kai knew, he was the black man who had molested stewardess Fang Ting on the plane and had been stuck by his neck and held aloft.

As if he had amnesia, the black man said with a smile on his face, "Mr. Lin, we meet again."

"Shit, this is not the helper Zhang Tianhu found for me, this is clearly a gang of kidnappers," Lin Kai's heart thumped and he secretly thought, "Who leaked the news that I came to Rio, did that kid Zhang Shuo betray me again after putting on my make-up for me? "

On second thought, "No, Zhang Shuo is one of my men, how could he be in cahoots with these guys?"

Lin Kai didn't have the heart to think about this now and said playfully, "I thought it was someone, but it turns out to be one of my defeated men, right? You've forgotten the lesson from the plane so quickly?"

"Mr. Lin, you're joking, we don't know each other, since we know each other, we're friends, you're here with us, it's a bit unkind if you don't do your duty as a host," the black man didn't seem to be angry at all and bowed, "I forgot to introduce myself, I'm Obama, nice to meet you, please come with Please join us in the car!"

Obama was Robert's spy left in Yanjing, and after receiving a call from Robert and learning that Lin Kai had boarded the plane under the alias Wang Qiang, he bought a ticket to sit next to him in the first class seat on the same flight.

On the plane, in order to test Lin Kai's skills, he deliberately touched the juice from the paper cup in the flight attendant's hand to himself and gave the flight attendant a hard time, forcing Lin Kai to make a move.

Unexpectedly, he and Lin Kai were not on the same level, and knowing that he was not as skilled as the others, he held his breath, hoping that when he got off the plane, he would meet up with his companions and take him down to avenge his own death.

"It looks like I can't go to see Mr Robert without getting on the bus with you guys, yo?" Lin Kai said with a playful look at Obama.

"Do you think you have any other choice?" Obama shrugged and said with a sneer on his face.

"Fine," Lin Kai said, not wanting to nag the nigger in front of him, so he shifted his gaze to the blonde standing beside him, greeting him, and asked, "Beautiful, you haven't introduced yourself yet."

"My name is Maria." The blonde said in a cold voice.

"Is she a descendant of the Virgin Mary?" Lin Kai smiled playfully.

"Maybe, whatever you want to call it, my aim is to get you safely to Mr. Robert." Maria said with a small pout.

"Since I am your guest, you should receive me with western etiquette, don't you think?" Linquet said with a smirk on his face.

"What manners?" Maria asked in a chilling voice.

Lin Kai said playfully, "First a hug, then a hug on the left and right cheeks, then three kisses on the nose, and finally a kiss on the mouth!"

Maria's purpose in leading the team to the plane was to safely "invite" Lin Kai to Robert's place, and if anything happened in the middle of the flight, she would have no way of dealing with the situation.

As there were a lot of people here, if they started to fight with Lin Kai, they would attract the attention of the police, and if they couldn't get Lin Kai, they would cause unnecessary trouble.

Maria saw that people were beginning to notice them, and if they didn't pick up Lin Kai, they would have to follow Western etiquette in receiving Lin Kai, their esteemed "guest".

"Mr. Lin, welcome back to Rio!"

After saying this, in full view of everyone, she stepped forward, threw herself into Lin Kai's arms, pressed her face to his and gave him a kiss on the lips.

Not to mention, this foreign girl was indeed nice, tall, full-bodied and very elastic. Lin Kai mischievously wrapped his arms around her, and the beauty blushed, fought to break out of his arms, turned her head and walked out.

Since he had been greeted with Western etiquette and had brought several "bodyguards" to escort him, it was not right for him not to go with them, so he followed closely.

The Policewoman Chapter 172

Vivian Tang shook her head and said, "It's from a friend of mine in Rio."

"Oh, so that's it!" Lin Kai changed into a pair of slippers and casually walked around the room while looking around, saying, "You're quite capable, you've cleaned up the room quite well!"

"That goes without saying!" She replied with a slight smugness and headed for the bedroom, saying as she went, "Wait for me in the living room, I'll go and change my clothes first!"

A foreign country, unfamiliar surroundings, doubly so.

“I’ll accompany you!” Lin Kai hurried to follow.

“Stop it,” Tang Huimin was busy turning around and pushing him with both hands, saying, “We have plenty of time in the evening, you wait here, I’ll be right out!”

Lin Kai laughed heatedly and pushed her hands away, wrapping her in his arms as soon as he could, she was slim but still a little weighty because she was tall.

Luckily, Lin Kai’s body was sturdy and had plenty of strength, so it was still very easy to hold such a beautiful woman.

Tang Huimin struggled a few times with her body.

Lin Kai didn’t allow her to react, so he ran into the bedroom, threw her on the bed, pounced on her with his inertia and pressed her to death, kissing her with his mouth.

She actually twisted her head to avoid it and said in a slightly pleading tone.

“Kai, stop it, I’ll go and make dinner first!”

Lin Kai ignored it and continued to move.

“Stop it or I’ll get angry,” Tang Huimin said in a serious tone, “If you don’t get up, I’ll make you leave and never let you touch me again!”

Seeing her serious expression, Lin Kai knew she wasn’t pretending, so he released her and asked.

“What’s wrong with you?”

“I’ve been feeling unwell since I arrived in Rio by plane from Yanjing, I guess it’s my period coming soon,” Tang Huimin said with a red face, “Can we do it again when I’m clean?!”

“That is fine then!” Lin Kai said resentfully.

After Tang Huimin got rid of Lin Kai’s pestering, she rolled out of bed and walked out of the bedroom, Lin Kai felt bored to stay alone in the bedroom, so he followed her out of the bedroom.

Tang Hui Min turned on the TV and told Lin Kai to sit on the sofa in the living room to watch TV, while she went into the kitchen.

Before long, a fragrant meal was on the table.

They sat down at the table to eat. Tang Huimin was a good cook and the food was quite delicious. The meals were made exactly to domestic tastes, which whetted Lin Kai’s appetite.

It is said that to keep a man’s heart, you must first keep his stomach. Tang Huimin cooked this dinner with her own hands here, and I am afraid it will be something Lin Kai will never forget.

After dinner, Tang Huimin sent Lin Kai to watch TV in the living room, while she carried the dishes into the kitchen.

After Tang Huimin cleaned up the dishes, she came into the living room and said to Lin Kai, “The night view of this city is nice, do you want to go out for a stroll together?”

“Sure.” Lin Kai readily responded.

He had just arrived in Rio and was not at all familiar with the environment here, so having Tang Huimin to accompany him on his shopping trip was certainly a very nice thing to do.

“Wait for me then, I’ll go and change my clothes!” Tang Huimin returned to her bedroom and came out wearing a red dress, making her figure look even more attractive.

Lin Kai exclaimed, “You’re so pretty!”

“Are you?” Tang Huimin swirled around in front of Lin Kai and threw a wink at him.

Seeing such a delicate body, Lin Kai had a blood-spurting feeling and immediately stood up from the sofa and hugged her plump body from behind.

“Mmmm ……” Tang Huimin leaned softly against Lin Kai’s body, letting him do whatever he wanted, when she suddenly came to her senses and hurriedly pushed him away, saying, “No!”

“Alright, I’ll do as you say tonight!” Lin Kai knew that Tang Huimin was physically inconvenienced, so he no longer forced himself, and resentfully followed her out of the room.

Rio is one of the largest metropolises in the world, the heart of the Umno country, an international-level economic, financial, transportation, arts and media centre, and is even considered to be a representative of urban civilisation.

Rio’s nightlife is rich with over 20,000 restaurants, a number of bars and clubs, opera houses and concert halls, Broadway theatres and dance companies, sports games and rock star shows.

Times Square is the richest and most lively place for nightlife.

When Vivian Tang and Lin Kai arrived together in a taxi at Times Square, the place was already crowded with neon lights flashing, music playing and a sea of fun everywhere.

In this strange place, there was no fear of being seen by acquaintances and there were no other worries about each other.

Tang Huimin then took Lin Kai’s arm and the two of them wandered through the unfamiliar crowd like a couple in love, browsing countless shops.

Lin Kai walked into a jewellery shop.

Before leaving the country, Lin Kai had bought a villa in Yanjing City’s Mei Lu Villa to give to her, so Tang Huimin was not worried about him not having money to buy jewellery, and went in with him.

In the dazzling diamonds, jewellery, Lin Kai bought a named “Star of the Sea” sapphire necklace presented to Tang Huimin, personally give her to wear to the neck.

The necklace was worth a lot of money and Tang Huimin was very touched by it.

These yellow-haired, blue-eyed foreigners all seemed very open, and men and women, whether they knew each other or not, liked to sit together and talk, drink, and look for excitement and so on.

Sitting down at a seat, Lin Kai asked the waiter for a bottle of whisky, hooked up with some drinks and then lifted his glass and clinked it.

Tang Huimin took a sip and asked slyly, "Kai, after we save Song Linna in Rio and return home together, will you be nice to me?"

"Of course," Lin Kai said cheerfully as he drained his glass in one gulp, "You're the closest person in the world to me, if I don't treat you well, who will?"

"Alas," said Tang Huimin with a sigh, "Xiao Kai, it is rare that you have such sincerity. I thought I would never find happiness again after my husband was killed in the line of duty. Tonight, let's drink happily and not return until we are drunk!"

Tang Huimin was a bit emotional, a bit moved, and her eyes began to moisten.

"Look at you, as if this time is our eternal goodbye," Lin Kai held her hand and said, "Aren't we together now?"

The two of them chatted as they drank.

A singer stood on stage with a guitar in his hand accompanied by rock music, and people twisted and turned together to the beat of the music, and the atmosphere came alive at once.

Lin Kai and Tang Huimin seemed to forget all their unhappiness and danced wildly along with the crowd.

Time passed quickly and before they knew it, it was midnight.

Lin Kai felt a little drunk.

As he had just come out of the military sanatorium, he had not yet fully recovered, so Tang Huimin urged him to go home early, so he followed her out of the bar.

Outside, the lights were bright.

A cool breeze blew in and Lin Kai couldn't help but shiver, his mind was much clearer and as he raised his eyes to look around, a déjà vu figure appeared in front of him.

A woman, a beautiful woman.

"Ah, how is it her?" As soon as he saw this woman, Lin Kai looked like he had bumped into a ghost in the middle of the night, and his open mouth could no longer be closed.

The Policewoman Chapter 173

The woman had just stepped out of the bar when two tall foreigners stood to her left and right, chattering something to her as if they wanted to take her to a room.

"I don't know you guys, go away!" Liu Tongshu tried to get away from the man, her English was awkwardly spoken but she was still able to make the two men understand.

The men and women walking past them in each other's arms seemed to be oblivious to the fact that no one even bothered with such nonsense, and Liu Tong Shu showed a helpless look.

"Yah, isn't this Liu Tong Shu?" Lin Kai was stunned in his heart and couldn't help but exclaim, "Isn't she dead? How could she appear here? Am I mistaken?"

When he remembered that Liu Tongshu had stolen the laser film from the office building of the Mingyuan Group of Companies, he conspired with the security chief Liu Hao to kidnap Song Linna and take her to the villa she had privately purchased after the incident was exposed.

When Lin Kai led his team to rescue Song Linna, he couldn't believe his eyes when Liu Tongshu died in Song Mingyuan's arms after taking poison to kill himself.

"You guys knew each other?" Tang Huimin asked in amazement.

"Yes," Lin Kai explained, "She is Song Lina's stepmother, the laser piece we retrieved from Liberty Island was stolen from the Mingyuan Group of Companies by her, why did she come here?"

"What do you want to do?" Tang Huimin had heard Lin Kai talk about the origins of that laser piece, and heartily had nothing good to say about this woman Liu Tongshu.

"I want to save her from these two men first, and then, ask her about the situation."

"Okay, you be careful." Tang Huimin said with a nod.

Lin Kai walked forward, took Liu Tongshu's hand in his and said in a not so fluent English, "Honey, you are here, I was looking around for you!"

When Liu Tongshu first saw Lin Kai, she didn't think much of it, thinking that she had met her saviour and had a feeling of relief.

"Ah," when she remembered Lin Kai, her face changed abruptly and she exclaimed, "Lin Lin Kai, how how is it you you what are you doing here"

Lin Kai smiled and said, "I am here to find you ah, come back with me!"

"No, I can't go back with you!" Remembering what once happened in Yanjing City, Liu Tongshu shook her head forcefully and while struggling in Lin Kai's hand, she said to the two foreigners who were still standing in front of her, looking a bit embarrassed, "I don't know this man, I am willing to go with you!"

Lin Kai was confused by this unexpected demeanor of Liu Tong Shu, and then opened his mouth wide and opened his eyes round.

.....

Liu Tongshu had committed suicide by taking poison after her failed attempt to kidnap Song Lina last time, but due to her good health, she survived before Song Mingyuan sent her to the funeral parlour and prepared her for cremation.

So, she secretly escaped from the funeral parlour.

The staff of the funeral parlour were afraid that things would get too big for them to deliver to the top, so they secretly found a nameless corpse to take her place and hastily cremated her.

She knew that her identity had been exposed and her operation had failed, so she would no longer be of use to the Black Dragon Gang.

After this disaster, Liu Tong Shu escaped from death but lost all her kung fu and was basically a wreck. Fortunately, she had once received a considerable amount of money from Song Mingyuan, so she fled to the Japanese country and settled in Rio under the identity of Li Na.

Liu Tongshu thought that as Rio was a cosmopolitan city with a dense population of people from all over the world and she was using the identity of Li Na, no one would find her.

She rented a place in Rio to live first, and then went to look for a job.

Her English is good and there is no language barrier when communicating with foreigners, so she should have no problem finding a job in this part of the world.

After living here for a while, she felt lonely and isolated in a place she didn't know well.

This evening, she came to the bar alone for a drink and to her surprise, she met two blonde foreigners who thought she was a call girl and asked to take her to a room.

To get away from these two guys, she left the bar and went to another place to spend her time.

However, the two foreigners were very persistent and had to take her away. While Liu Tongshu was arguing with them, she was seen by Lin Kai.

As the saying goes, it took a lot of effort to find them!

Liu Tongshu was a little surprised to see Lin Kai, when he met his old friend in another country.

On the one hand, she used a fake ID card and was afraid of being found out and sent back to China by the police, on the other hand, she never wanted to go back to China to live in fear.

So, she gave the two foreigners an exchange in English saying that she did not know Lin Kai.

After understanding the conversation between Liu Tongshu and the foreigners, Tang Huimin jokingly asked, "Liu Tongshu told the foreigners that she didn't know you, so you're putting your hot face on a cold ass."

"Is that so?"

Lin Kai dropped his gaze to Liu Tongshu.

The two foreigners were overjoyed to see that Liu Tongshu had actually agreed to go with them in order to get rid of a yellow-skinned man like Lin Kai, who was a size smaller than them.

"Roll, go away!" One of the foreigners snarled up at Lin Kai.

"If you don't want to be spoiled by these two foreigners, be honest with me!" Lin Kai whispered to Liu Tongshu, pushed her behind himself, pointed his finger at the two foreigners standing in front of him and yelled, "What did you say, I didn't understand you, speak in Chinese!"

These two foreigners did not understand Chinese, so naturally they did not understand what Lin Kai meant.

Seeing them looking at Lin Kai blankly, Tang Huimin translated over in English, “what you said, i didn’t uand, with ese speech!”

“she is the woma her go! (she is our woman, let her go)” said one of the foreigners with a sneer.

Lin Kai gave him a contemptuous look and replied in English, “go along with you? that will see you have that ability?”

When the two foreigners saw that a man from China like Lin Kai was humiliating them on their own soil, they charged at him aggressively.

Instead of avoiding the two foreigners’ joint attack, Lin Kai let go of Liu Tongshu’s hand and met them like a fierce tiger descending from a mountain.

The other one was caught by his wrist and twisted so hard that his wrist was dislocated, and then a knee was placed on the small of his back.

The man howled and fell to the ground.

The two tall foreigners went down in one round and, as they lay on the ground unable to get up, both displayed a look of excruciating pain.

The onlookers originally wanted to see how the two guys were going to teach Lin Kai, the arrogant Chinese man, a lesson, but when they saw Lin Kai’s bizarre skills, they all drew in a cold breath

Among the crowd, someone picked up a mobile phone to call the police.

Tang Hui Min was the first to react and walked briskly to Lin Kai, saying, “Someone has called the police, the police will be here soon, let’s go!”

The Policewoman Chapter 174

Lin Kai also did not want to get himself into trouble, so he said to Liu Tongshu, who was standing behind him in a daze, “If you don’t want the police to catch you and deport you back to your country, come with us!”

Liu Tongshu nodded.

Together the three ran to the roadside, hailed a taxi and quickly fled from Times Square.

As soon as the taxi left, several police cars drove over and a group of policemen jumped out of the car and carried the two foreigners to the hospital for treatment.

Liu Tongshu thought that she would never see Lin Kai, and the people around him, again in her life.

Today, Liu Tong Shu was a little surprised and a little timid to see Lin Kai suddenly appearing in front of her, even in a foreign country.

Tang Huimin sat in the passenger seat of the taxi, while Lin Kai tugged Liu Tongshu’s hand and sat in the back seat.

Under Tang's guidance, the taxi driver soon drove to the entrance of the block where she lived, and Tang paid for the ride as indicated on the meter.

On the way, Liu Tongshu thought of several ways to escape, but was still controlled by a martial arts expert like Lin Kai and was never able to get out.

After getting out of the car, Liu Tongshu looked around in horror and asked in amazement.

"Where are you taking me to?"

"You'll know when you get there," added Lin Kai, grabbing Liu Tongshu's hand, "if you're not afraid of being caught by the police in Rio and deported back to your country"

Since Liu Tongshu came here under the alias of Li Na, if the police found out, it would be dealt with in the way of smuggling, her heart was weak and she became honest all of a sudden.

After entering the neighbourhood, Tang Huimin led them into her rental house.

Liu Tongshu was finally relieved to see that there was no one else here, let alone the police.

After settling Liu Tongshu down on the sofa in the living room, Lin Kai asked bluntly, "Tell me, how did you come to the Japanese country?"

Liu Tongshu truthfully recounted her experience of coming back from the dead and escaping from the country of China.

.....

After listening to Liu Tongshu's account, Lin Kai felt deep sympathy for her and asked.

"So where do you live now?"

"I rented a room in Rio, I went to a bar tonight to apply for a job, I didn't expect to meet two foreigners, if it wasn't for you, I don't know what would have happened!"

"Oh, so it's like that," Lin Kai made a look of understanding and said, "It seems that I was wrong to blame you, you can stay here tonight, it's safe here, those foreigners won't come to trouble you."

As he didn't know Liu Tongshu's situation, Lin Kai didn't want to tell her about their visit to Rio this time to rescue Song Linna, so he passed a wink towards Tang Huimin who was standing at the side.

Tang Huimin said with understanding, "Just now, Lin Kai injured those two foreigners in front of the Times Square bar in order to save you, which caused a lot of police, the police are probably searching for us all over the city, so you should stay here with me until tomorrow"

"Then okay!" Liu Tongshu is now a bird of prey, feeling that Tang Huimin's words make sense, and can only nod helplessly and stay here for the time being.

Thinking that while they were asleep, she would find a way to escape from here.

Tang Huimin sniffed at Liu Tongshu's body and said, "It looks like you were scared and sweaty tonight, go and take a shower first!"

“Okay!”

Liu Tongshu let out a sigh of relief and walked into the bedroom with Tang Huimin as if relieved.

After showering separately, everyone sat in the living room and chatted for a while before starting to sleep, with the two women each taking a room and Lin Kai only being able to sleep on the sofa.

.....

The night was quiet.

The watery moonlight shone through the curtains and entered the house.

Lin Kai is lying on the sofa in the living room of Tang Huimin’s house, inside the two bedrooms are sleeping Tang Huimin and Liu Tong Shu, two fragrant women, no matter how can not sleep.

Lin Kai had planned to make out with Tang Huimin tonight, but he didn’t expect to meet Liu Tongshu in front of the bar, so it was inconvenient to bring her home.

Liu Tongshu is a really good looking woman, with a charming and delicate physique. If a man is tempted by her, he will inevitably be unable to resist this temptation.

This woman is ungenerous and dishonest, and if something happens with her, I would be sorry to my future father-in-law, Song Mingyuan, and his sidekick, Tang Huimin and Song Lina, as well as Jiang Mei from the Song family compound (if Jiang Mei is also considered to be Lin Kai’s woman) in any case.

As he was ruminating, the door to Tang Huimin’s bedroom there opened.

“Xiao Kai, you haven’t gone to bed yet?” Tang Huimin came and sat down on the sofa where Lin Kai was lying.

Lin Kai replied, “There are two big beauties in the house, how can I sleep?”

“I’m not out to keep you company.” Tang Huimin plopped her head into Lin Kai’s arms.

“Are you not sure about me?” Lin Kai joked.

“Of course I’m uneasy about you,” Tang Huimin punched Lin Kai’s chest a few times with her pink fist and pouted, “Who doesn’t know that you’re a big bad egg.”

“Yeah, I’m only a big bad egg in front of you.” Lin Kai’s mouth became slippery as if he had butter on it.

“In fact, I just don’t feel comfortable with you as a big bad guy, that’s why I took the initiative to plead with Director Xiao to come to Rio to cooperate with you to save Song Linna” Tang Hui Min said, with tears in the corners of her eyes.

Suddenly, the light came on.

The two of them were startled and sat up from the sofa at once, and suddenly saw Liu Tongshu standing at the door of her bedroom.

Liu Tongshu saw Lin Kai and Tang Huimin sitting on the sofa and asked, in mock surprise

“Yo, you all haven’t slept yet?”

“If you’re not asleep, how can we be?” Tang Huimin said in a bad mood.

“I’m sorry, did I give you guys any trouble?” Liu Tongshu acted as if nothing had happened and said calmly, “I’m leaving first thing tomorrow morning.”

That night, everyone was at peace with each other.

The next day, Tang Huimin woke up early in the morning and made a hearty breakfast in the kitchen.

After Liu Tongshu got up and freshened up, the three of them sat around the dining table.

“Lin Kai, you’re not familiar with Rio, I’ll go and ask for information for you, will you stay at home?” Tang Huimin said as she ate.

Lin Kai explained, “Of course I want to stay home, but I can’t be bothered, can I?”

Tang Huimin said sorrowfully, “But you can’t just wander around like a headless fly.”

“Then well,” Lin Kai dropped his gaze from Tang Huimin’s face and moved to Liu Tongshu who was eating her breakfast with her head down, “Liu Tongshu, when I’m done with things, do you want to go back to China with me or are you going to continue to stay here?”

“I don’t want to go back,” Liu Tongshu said with a red face, “I don’t want to go back to China and live in fear ”

“Don’t worry, I will solve your matter when I return to China, absolutely no one will hunt you down.” Lin Kai said with relief.

“But” Liu Tongshu turned red.

Lin Kai persuaded, “Don’t you but, I understand your mind, what will you survive on if you stay here?”

“I think there should be no problem finding a job here.” Liu Tongshu said stubbornly.

The Policewoman Chapter 175

After breakfast, Tang Huimin told Lin Kai to wait for news at home.

Before she left, she took a key out of her handbag and said to Lin Kai, “Xiao Kai, this is the key to the house, after you and Ms Liu finish eating, if you want to go out, you can go for a walk around the neighbourhood, when you go out, don’t forget the door number of the place.”

“Don’t worry, we can’t lose it, you get busy.” Lin Kai said with a sneer on his face.

After settling them down, Tang Huimin excused herself and went out.

Liu Tongshu and Lin Kai sat on the sofa in the living room, and because Liu Tongshu had been Song Linna’s stepmother, it seemed a little awkward for them to be alone together.

Liu Tongshu hesitated for a moment and asked, “Mr. Lin, do you look down on a woman like me?”

“No,” Lin Kai said sincerely, “If you want to stay here, I won’t stop you, I hope you can start afresh and find a job that suits you

“Thank you.” Liu Tongshu seemed a little touched as she grabbed Lin Kai’s hand and said, “Can I be your friend in the future, like Song Linna?”

The mention of Song Lina sent a shock through Lin Kai’s heart, and at the same time he remembered the purpose of his trip.

A hot current quickly spread throughout his body, looking at the first-class beauty in front of him, Lin Kai felt a little panicked and said in a nagging voice.

“You are not the same as Song Lina

“We are all women, what’s different?” Liu Tongshu pouted and took the initiative to lean her body over.

“Hey, what are you doing?” Lin Kai instinctively moved his position to keep a distance from her, tried to stabilize himself and said, “It’s not good for you to you like this, is it?”

“Mr. Lin, I know you’re lonely now, let me keep you company!” Liu Tongshu said in a whisper.

At the same time, she opened her arms and wrapped them around his neck, plopped her full body onto Lin Kai’s back, and brought her cherry mouth to his ear, pouring hot air into her ear.

“No..... we can’t do that, absolutely not,” Lin Kai remembered that she had once betrayed her husband Song Mingyuan and stolen the laser film, then he slowed down, pushed her away and immediately stood up from the sofa and said, “Liu Tongshu, please behave yourself!”

There was no shortage of women around Lin Kai, and even if he was starving, he would not have anything to do with such a woman who sold her master for glory, because he knew that once he got stuck to such a woman it became very dangerous.

“Yo, Mr. Lin, just don’t pretend, last night, I saw what happened between you and Tang Huimin on the sofa, did I ruin your good deed,” Liu Tongshu was now broken and didn’t care about anything, saying boldly, “Do you want me to compensate you

With that, she stood up and pressed up to Lin Kai.

Lin Kai once again pushed her away and pointed at her and said fiercely, “Liu Tongshu, if you keep doing that, I will really be unkind to you, and when the time comes, don’t say I didn’t warn you

Liu Tongshu grunted and turned around, twisting and turning towards the bedroom door, her thin dress wrapped tightly around her shapely, delicate body.

To be honest, this was a very voluptuous and extremely beautiful woman, extremely seductive to men.

If she wasn’t Song Linna’s stepmother and he knew about her past, Lin Kai wouldn’t have been able to have a fling with her for a while, but now, he couldn’t, couldn’t have anything to do with such a woman.

After Liu Tongshu walked into the bedroom and closed the door, Lin Kai sat down on the sofa again, lit a cigarette and smoked it, but in his mind he was thinking about how to deal with this woman.

Just after two puffs, the bedroom door opened once again.

Liu Tongshu pretended as if nothing had happened, came to Lin Kai and said, "Mr. Lin, I want to go back to my residence to get something, can you accompany me over there?"

"Sure, I'll accompany you there now!" Lin Kai nodded, stood up from the sofa and left Tang Huimin's residence along with Liu Tongshu.

Walking out of the district, he took a taxi at the entrance of the district.

Under Liu Tongshu's guidance, the car arrived on a busy street.

After Liu Tongshu volunteered to pay the fare, they got off together.

The place where they got off happened to be a pedestrian street, the whole long street was full of people selling clothes, shoes and toys, with a few cold drink and food shops occasionally dotted in the middle.

The people were all foreigners, blonde and blue-eyed, and countless young men and women came out of one shop and into another, arm in arm, dressed in fashion.

Liu Tongshu stopped in front of a small noodle shop and said, "I wasn't full just now, I still want to eat something!"

"Then let's go and have something to eat before we take you home!" Lin Kai hesitated for a moment and followed her into the noodle restaurant.

There were many people dining in the restaurant.

They found an empty table and sat down when an obese middle-aged foreigner approached them.

Lin Kai looked around the noodle shop and asked, "Do you want a big bowl or a small bowl?"

Liu Tongshu replied, "I'll have a small bowl."

"Boss, two portions of beef ramen." Lin Kai felt that the noodle shop tasted good and shouted, "One large and one small bowl, with more beef and less noodles."

"What did you say?" said the boss with a bewildered look on his face.

Only then did Lin Kai remember that he was in a foreign country, so he looked at Liu Tongshu.

Liu Tongshu said in fluent English, "boss, two copies of mutton noodles, a large, a bowl of beef more, put some "

"The boss smiled at the two of them and left.

It seemed that Liu Tongshu's foreign language skills were good, so she should not have any problem in finding a career and surviving in the Japanese country.

This was not Lin Kai's concern. If it wasn't for the fact that she was once Song Linna's father's woman, Lin Kai would not have bothered with her affairs.

Lin Kai and Liu Tongshu were genuine foreigners here, plus, since Liu Tongshu was prettier, their presence in this environment was bound to attract attention.

Lin Kai scanned the surroundings, saw the covetous eyes of some men and said with a smile.

“Liu Tongshu, those foreigners are all looking at you.”

“Just look, it’s not like you can lose a piece of meat.” Liu Tongshu also noticed those men staring at her breasts, and laughed delicately, “It’s a pity that some people still don’t appreciate it when they are trying to show it to some people.”

“Your words remind me of how horrible a woman can be when she is ruthless, huh?” Lin Kai said without emotion.

Lin Kai really couldn’t believe that a woman like Liu Tongshu, who had a dignified appearance and elegant temperament, could be ruthless enough to betray her husband.

“What do you mean by that?” Realising that Lin Kai was insinuating about her, Liu Tongshu pouted and asked, “Do you think I’m a bad woman?”

“If you think it’s bad, it’s bad, if you don’t think it’s bad, it’s not bad, it’s a matter of mentality.” Lin Kai likewise answered her with what Liu Tongshu said.

The Policewoman Chapter 176

This statement made Liu Tongshu feel ashamed.

The boss quickly brought two large and small bowls of beef noodles, and as they had explained beforehand, they put in less noodles and more beef.

Liu Tongshu used a fork to put the beef from her bowl into Lin Kai’s bowl.

“Why don’t you eat meat?” Lin Kai asked with a smile.

Liu Tongshu smiled flirtatiously and said, “I’m trying to get you to eat more meat to nourish your body, right?”

“You’re afraid you’ll gain weight, right?” Lin Kai joked.

“Yes!” Liu Tongshu said unabashedly.

“Well then, I’ll do it for you, so I’ll be polite.” Lin Kai nodded his head and ate without ceremony.

The people around him rolled their eyes when they saw how ungentlemanly a yellow man like him was.

Lin Kai pretended not to see anything as he continued to devour his food.

Liu Tongshu didn’t care about the looks around him, he picked up a steel fork and picked up a noodle and brought it to his mouth, chewing it slowly.

Swish!

Suddenly, Lin Kai felt the sound of a sharp blade piercing the air from behind him, and as the crisis approached, he quickly rose and dodged, lifting his foot and kicking out behind him.

At the same time, Lin Kai threw the steel fork in his hand, and it stabbed at the man who had lunged at him from the front like an arrow.

Clatter!

The man behind him was kicked in the lower part of his body by Lin Kai and his body flew backwards, landing heavily on a dining table, which was unable to cope with the pressure and made a violent noise.

The fork flew out and stuck sharply into the man's eye.

Ah!

The man let out a scream and covered the fork and his eye with his hand, blood dripping from his fingers in a horrible and bloody way.

The diners in the shop were stunned at first, but when they understood, they all ran out of the room screaming in terror, tables and stools were overturned, dishes and steaming noodles splattered all over the floor.

A clamour!

Crowds poured out of the tuck shop.

The screams and footsteps stunned the pedestrians passing outside the shop, some fleeing with the tide of people, others standing still to see what was going on; these people had no idea what was happening inside and looked a little dismayed.

Lin Kai looked around warily and realised that the only people who had come to attack them at the tuck shop were the two fallen guys, both of whom were black.

Immediately, Lin Kai realised that they had been sent by Robert.

Without much thought, Lin Kai grabbed the steel fork in Liu Tongshu's hand and said in a low voice.

"Someone is after us, run!"

"Ah"

Liu Tongshu was stunned by what was happening in front of her, her brain hadn't reacted yet, a scream came out of her mouth and she became six-faced.

"Give me your hand." Lin Kai grabbed Liu Tongshu's hand and dragged her with him, running out of the tuck shop with the crowd and towards the street.

In a crowded place, they had someone else's body as cover, and it was hard for the killers to find their target, and they could dodge the bullets for the time being.

After leaving Tang Hui Min's house, Lin Kai felt someone following behind him, but those people had good tracking skills and never found the target.

Lin Kai had promised Liu Tongshu to dine in the noodle shop in order to see what was going on outside, but to his surprise, the two niggers chose to strike inside the noodle shop.

They did not succeed because Lin Kai was prepared and took the lead in knocking them down with a thunderbolt. I guess these two guys were too gullible and underestimated Lin Kai's strength.

Lin Kai took Liu Tongshu's hand and weaved through these bull-tall Western crowds, keeping a close eye on the developments around him.

He could not guarantee that there were only two black men coming on the mission, and these crowds were interspersed with blonde, blue-eyed white men. If they fired black shots at the two men, would they not be unjustly killed?

Suddenly, Lin Kai's eyes fell on a short man in a trench coat and a duck-top hat, a white man who was looking at them with thieving eyes.

"There's someone back there, get in front of me." As he spoke, he pulled Liu Tongshu in front of him.

Liu Tongshu was originally a martial arts practitioner, but since she had lost all her martial arts skills after taking poison and committing suicide herself, she was in danger and was unable to do anything about it, so her body was a little stiff, so she clung to Lin Kai's hand.

After the man noticed their movements, he knew he had been exposed and pulled out a pistol from the pocket of his trench coat and shot at him.

As soon as Lin Kai pushed Liu Tongshu to the ground, he dodged and threw out the steel fork in his hand.

Bang!

A bullet shot out.

It hit a tall man beside them in the thigh, and the blond man let out a scream and fell to the ground.

The killer raised his gun again and shot at Lin Kai.

Swish!

A merciless bullet whistled towards Lin Kai's chest.

Just when the bullet was only 1mm away from Lin Kai's chest, Lin Kai leaned backwards and made an unrecoverable figure.

Brush!

There was a crunching sound and the bullet passed by like it was grazing his chest.

At the same time, the steel fork that Lin Kai threw out in his hand had already flown in front of the man's eyes and instinctively turned his face to the side, but he was still half a beat too slow and the fork stuck in his face.

"Ah!"

The killer cried out and fell to the ground with a loud "poof".

The screams of the two men caused another wave of screams from the people around them, and the crowd burst into a frenzy, running desperately forward.

“There must still be killers buried in the crowd, what now?” Lin Kai knew that they could not run around with the crowd like headless flies and become their live targets, but not being at all familiar with the streets here, he asked anxiously, “Does anyone know where you live?”

“After I escaped to Rio, I rarely went out, so no one should know.” Liu Tongshu replied in a panic.

“Then let’s continue on, and after we cross the pedestrian street, take a taxi to your house.” Lin Kai glanced towards the crowd and said, “These people are following us from Tang Huimin’s place, it’s no longer safe there, so we can only go to your house.”

“Good.”

Liu Tongshu led the way with a resolute face, trying hard to make her pace steadier and her expression more natural.

Bang!

Suddenly, another shot rang out.

A young gaijin running next to them instantly fell to the ground.

“Ah

Liu Tongshu shrieked.

Lin Kai picked up Liu Tongshu as soon as he could and turned around to run.

“Mr. Lin, what’s going on?” Liu Tongshu was anxiously walking forward when she was picked up by Lin Kai all of a sudden and suddenly turned around again, feeling a little puzzled.

“Don’t move and shut up!” Lin Kai said in a commanding tone.

Liu Tongshu frowned and no longer dared to make a sound, his body held tightly by Lin Kai.

He knew that there was a gunman in front of him.

But the crowd was scurrying left and right, and with Lin Kai holding Liu Tongshu, he had no idea where his opponent was actually hiding, and had no other choice but to head in the opposite direction of where the gunman was.

A young man with blond hair and blue eyes was caught in the crowd. Lin Kai saw his right hand hidden in his trench coat and intuited that he had a gun in his hand, so he kept his eyes fixed on him.

The foreigner saw that Lin Kai had spotted him and went straight through them with the crowd.

“Could it be him?” Lin Kai jerked around just in time to see the guy standing behind himself with a stony face as he raised his gun and fired at Lin Kai.

“It’s him? It’s really a Japanese national!” Lin Kai froze for a moment, then grinned.

The Policewoman Chapter 177

“This Chinese guy is so funny, he’s dead on his feet and he’s still laughing?” The gunman shrugged his shoulders and looked at Lin Kai with a puzzled expression.

While he was dazed, Lin Kai raised one hand.

Swish!

The short knife in his hand flew out extremely fast, directly towards the gunman’s face.

Bang!

A gunshot rang out, and the gunman also knocked the trigger.

Lin Kai hugged Liu Tongshu and fell to the ground obediently, dodging the speeding bullets, while the short knife, as if it had eyes, plunged directly into the gunman’s brow.

“Ah

With a miserable scream, the gunman instinctively covered his eyes with his hands.

Lin Kai no longer hesitated, pulled Liu Tongshu up from the ground, took her hand, pushed through the commotion, and ran straight towards the street.

A taxi sped by.

Lin Kai waved at an approaching taxi, which pulled up beside them with a sharp brake.

They quickly got into the taxi.

Lin Kai took a long breath when he saw that no one was behind them.

“We’re out of danger for now, let’s go to your place now!” Lin Kai smiled at Liu Tongshu who was sitting beside him.

Liu Tongshu nodded and, after telling the driver in fluent English about the streets near her residence, added

“sir, you please drive a bit faster!”

The taxi driver was a warm-hearted person, and seeing Liu Tongshu’s panicked look, he sensed that something must have happened to them.

As soon as he heard that he was told to drive faster, he started the car and drove away from the incident at speed.

Within a short while, the taxi arrived at its destination.

Liu Tongshu paid to get out of the car and led Lin Kai into a residential area, past the community road, to the door of a lift apartment building and took the lift up to the tenth floor.

Liu Tongshu used the key to open the door of the 1001 room and welcomed Lin Kai into the living room.

It was a one-room house, and the room was fairly clean and tidy.

“You live here all by yourself?” Lin Kai asked in surprise.

“Yes, what’s wrong?” Liu Tongshu said frankly, “I think the environment here is better, it’s safe and won’t be disturbed.”

The main reason why Liu Tongshu chose this place was because she was afraid that people would find her.

“Mr. Lin, what are you thinking about? Sit down quickly?” Liu Tongshu saw Lin Kai standing in the living room and froze, pointing to a pasty bench sofa and said.

After the thrilling scene outside just now, Liu Tongshu seemed to have known Lin Kai for years, and they were friends who had shared life and death and had been through thick and thin.

After taking a seat, Liu Tongshu picked up a cup on the coffee table and brewed a cup of coffee for Lin Kai.

“That gang must have come for me, it was so close just now, thanks to you being by my side and protecting me, otherwise, I would have been killed by that gang.” Liu Tongshu sat down on her butt next to Lin Kai and asked with a palpitating heart, “How did that gang find us, do you think?”

Lin Kai’s mind tried to recall the scene last night when he and Tang Huimin met Liu Tongshu being pestered by two foreigners in front of the bar, rescued her and took her to her brother-in-law’s house.

“Could it be that the two foreigners pestering Liu Tongshu were also Robert’s men? These people have been following me?” Lin Kai connected the two and suddenly stood up from the sofa and shouted, “No good, Tang Huimin is in danger!”

“What’s wrong?” Liu Tongshu was taken aback by Lin Kai’s action.

“Last night, we might have been stalked, my sister-in-law is not safe now, I have to contact her quickly.” Saying that, Lin Kai took out his mobile phone and hurriedly dialed Tang Huimin’s number.

.....

After coming out of her home, Tang Huimin stopped a taxi on the street, got in and explained that she had arrived at her destination, and the driver started the car.

However, the taxi had not been travelling for five minutes when two vans suddenly overtook it quickly.

One of them, after overtaking, slowed down again and blocked the taxi she was riding in dead, while the other, from the side, kept leaning towards the direction of the taxi, directly pinning it to the side of the road.

“How do you guys drive? Will!” Before the taxi driver could finish his words, seven or eight people came down from the two vans that had stopped and surrounded the taxi.

Seeing their fierce and fierce appearance, they were definitely not good comers, and the driver saw that the situation was not right and immediately shut up.

“Miss, please come with us!” A black man opened the door and said in fluent Chinese, “I am Obama, our boss would like to invite you and Mr. Lin Kai to join us as guests.”

The door of the van was open, and one could faintly see that there was someone else inside, and that there were open swords.

“You’re Obama?” Tang Hui Min looked at the hippo-looking black man and said with a sneer, “If you’re Obama, I’m still Mrs. Sachs.”

“Miss, I’m too busy to joke with you,” Obama said impatiently, “Your friend wants to see you, come with us!”

“My friend?” Tang Hui Min raised her eyebrows and asked, “What kind of friend wants to see me? Why should I trust you?”

“Cut the crap and come with us,” a burly man standing next to Obama said loudly, “Get out of the car, or we’ll be rude to you!”

Before Tang Hui Min could say anything, she was dragged out of the taxi by a burly man and a wet towel with a quick-acting ecstasy was gagged over her mouth.

Tang Huimin’s eyes widened and she struggled a few times before falling limply into the arms of the strong man, who carried her into the van and then the two vans swaggered away.

On this road to the countryside, which is lined with cameras that monitor traffic, the fact that these men did not wear masks but abducted her openly suggests that they were very well placed.

Afraid to invite trouble for himself, the taxi driver dared not call the police and quickly drove away from the scene.

The van that kidnapped Tang Huimin soon drove out of the city and stopped at a villa on the outskirts.

At this point, Tang Huimin had not yet awakened.

Two burly men then carried her out of the van and took her to a room where she was lowered onto a bench sofa.

There was a man sitting in the room.

This man was Tang Hui Min’s old acquaintance, Scarface.

Pointing to Tang Hui Min, who was lying on the sofa, Obama asked in less than fluent Chinese, “Is this the woman you are looking for?”

“Yes,” Scarface nodded to Obama and said to Tang Huimin, “This is the woman who faked a marriage with Mr. Smith on Liberty Island and stole that laser piece. Mr. Robert asked me to assassinate her in the Chinese country, but she has repeatedly escaped, and to my surprise, it has come to my door. ”

“Haha, that’s just great, when she wakes up, we’ll take her to see Mr. Robert!” Obama laughed out loud and said with an excited look on his face, “I think Mr. Robert will be very happy when he sees this woman

The Policewoman Chapter 178

In a luxurious room in a villa, a man and a woman are sitting face to face at a square table with a Chinese chess set on it.

The two are in the middle of a battle on the chessboard when suddenly, the woman's head shot is fired and the man loses his move, leaving the "general" with no way to escape and dying –

The game is lost!

"The man clapped his hands together and said, "Miss Selina, I didn't expect you to be so good looking, but you have a personality and you're so good at chess."

Song Linna pouted and said, "Mr. Robert, you didn't kidnap me all the way out here to play chess with me, did you?"

"Of course not," Robert shook his head and said with a smile on his face, "I have long heard that the daughter of Song Mingyuan, the chairman of the Mingyuan Group of Companies, is as beautiful as a fairy and has exceptional talent. woman."

"Do you think I will be your woman?" Song Lina said in a cold voice.

"You won't now, maybe later," Robert shrugged and said, "There is a proverb in your Chinese country that a melon twisted by force is not sweet, the reason I didn't rape you and treated you with courtesy and as a VIP is mainly because I want you to genuinely like me"

"Do you think that Lin Kai is really that gullible that he would come here to save me?" Song Lina asked with an expressionless face.

"Of course, to tell you the truth, he has come by plane, and even though he came under an alias and makeup, he was still recognized by us, it's just a pity that the stupid pigs I sent to pick him up didn't bring him here and he got away," Robert said regretfully, "but he'll be here later"

Before he could finish his sentence, a young blond male knocked on the door and attached himself to Robert's ear and muttered in a whisper.

"Boss, big deal, a few of the brothers you sent out have missed!"

"What do you mean?"

"The brothers you sent out have missed!" The young man repeated.

"A bunch of stupid pigs, they couldn't handle a Chinese man." Robert cursed and tipped the chess pieces on the table onto the floor.

Clatter!

A crisp sound rang out and the flags scattered all over the floor.

Seeing Robert's furious look, Song Lina asked with a sneer on her face, "Mr. Robert, did something happen? Did you not invite Mr. Lin here?"

"Yes," Robert nodded at her and said apologetically, "I'm sorry to disappoint you, the guys I dispatched missed and didn't bring your friend here!"

This time, Robert had sent that Japanese national who was a top ranked assassin in the world, they were a joint operation under Robert's unified command this time, which was quite a huge formation.

It seemed that he had put down his blood money with the aim of killing Lin Kai.

Unexpectedly, Lin Kai actually managed to get out safely.

"It seems that the incomparable Mr. Robert's ability is still limited," said Song Lina sneeringly, "To be escaped from under your noses by someone who is not at all familiar with the environment in your own territory, one must say that it is a sadness... .."

Robert sneered, "Miss Songlina, don't worry, I am in charge of my territory, even if the Monkey King has 72 transformations, he can't escape me."

.....

How can you get a tiger's son without entering a tiger's den.

The reason why she was so "meekly" captured by Obama's group was to infiltrate Robert's lair, and to join forces with Lin Kai to rescue Song Linna.

Before she left, she gave Lin Kai a special tracking device, that is, whenever one of them was in danger, he could press a button to know the exact location of the other.

Obama really thought she was a soft touch and didn't believe she was the "Mrs. Smith" who had the skills to assassinate Liberty Island's owner Smith.

.....

When she woke up, she found herself tied to a bed in a room.

A man was sitting on the edge of the bed, staring straight at her.

"Huh? How is it you?" Seeing that what appeared in front of her was Scarface's ugly face, Tang Huimin struggled a few times and shrieked in loud and sharp alarm.

"Tang Huimin, my good student, take it easy," Scarface said with a leathery smile, "I didn't expect us to meet here, did I?"

"What do you want?" Tang Hui Min asked as she struggled to sit up and leaned over the bed.

Scarface smiled wickedly, "Of course I want to do what a man should do ah." With that, he reached out to undo Tang Huimin's clothes.

"You don't do anything, " Tang Huimin deliberately put on a panicked look.

"It's fine if you don't want to do that with me, but you have to promise me one thing." Scarface then stopped moving and said loudly.

"What is it?" Tang Hui Min asked alertly.

"You call Lin Kai to come over right now, I want to talk to him." Scarface said brazenly.

Tang Huimin had just woken up and had not yet figured out the situation here. If she risked asking Lin Kai to come over, she would inevitably fall into their trap and fall into the hands of these thugs, so she flatly refused, saying.

“I pooh, you dream on!”

At this very moment, a pleasant ringing sound came from her mobile phone.

Scarface fished Tang Huimin’s phone out of his handbag, glanced at Tang Huimin tied to the bed, unhurriedly pressed the answer button and asked.

“Are you looking for Vivian Tang?”

“Who are you?” Lin Kai’s eager voice came over the phone.

Scarface instantly heard Lin Kai’s voice and said with a grin, “It doesn’t matter who I am, the key is that Tang Huimin is now in our hands, do you want to hear her voice?”

Saying that, Scarface put the phone to Tang Huimin’s ear.

“Xiao Kai, don’t mind me, the person you just spoke to was Scarface, and together with a group of local hooligans they kidnapped me,” Tang Huimin said loudly and deliberately, “You must not fall into their trap ”

Scarface brought the phone over and said triumphantly, “Lin Kai, if you want to save your sister-in-law, listen to us obediently and don’t play any tricks, otherwise, we’ll be unkind to her”

“What do you want?” Lin Kai didn’t expect Scarface to use Tang Huimin as bait, trying to lure him in.

“Kill her of course, yo, haha” Scarface said with a wicked smile.

“Scarface, you son of a bitch,” Lin Kai cursed after hearing Scarface’s voice, “Come at me if you’re capable, why do you have to do it to a woman?”

Scarface said viciously, “This woman has repeatedly opposed us, we’ve wanted to cut her into pieces for a long time, if you have the guts, come and save her?”

“You? Who are you guys?” Lin Kai asked deliberately.

“Mr. Robert and his brothers, of course?” Scarface said smugly, “I forgot to tell you, your lovely Miss Song Linna is having a fling with Mr. Robert, haha”

The Policewoman Chapter 179

Lin Kai asked loudly, “Tell me, where are you?”

“You think I’m so stupid as to tell you this place?” Scarface said, “If you have the guts, go to the bronze statue of Liberty and someone will bring you here.”

“Alright then, I’ll go there right away!” Lin Kai said briskly.

If Lin Kai called the police, these guys would definitely tear up the ticket, and the only way to save Tang Huimin’s life was to go there single-handedly.

“Lin Kai, leave me alone, don’t come over!” Tang Huimin said, and when Scarface wasn’t looking, she pressed the tracker button that she had sewn into her clothes.

On this tracker on Lin Kai’s body, it immediately showed the location of where they were.

Just as he was about to speak, the other party had already hung up the phone.

After putting down the phone, Liu Tongshu looked at Lin Kai with a stunned expression and asked, “Did something happen?”

“Tang Huimin has been kidnapped!” Lin Kai answered truthfully.

“Then what do you think I should do?” Liu Tongshu felt a little scared as she remembered the incident where she and Lin Kai were in danger on the street.

“They probably don’t know where you live yet, or else you would be dead right now,” Lin Kai said after thinking about it, “I can only ensure your safety after I save Tang Huimin from them first and take care of Scarface and the others.”

“Then what do you think I should do?” Liu Tongshu was clueless.

“It’s safest for you to stay at home now.” Lin Kai admonished, “After I leave, lock the door of your room behind you, and don’t open the door for anyone who calls!”

“Okay, I’ll listen to you, I’ll stay at home,” Liu Tongshu reminded Lin Kai, “These guys are ruthless, you have to be safe.”

“You also know that it’s dangerous outside, there are killers after us everywhere, you’d better stay honestly at home, don’t go anywhere!”

Lin Kai was now so intent on saving Tang Huimin that he was in no mood to try to figure out Liu Tongshu’s mind, and with a word of advice to Liu Tongshu, he left her rented house.

He knew that there was a tiger on the mountain, but he was willing to walk towards it.

This is Lin Kai’s unconquerable character and his virtue of being a hero and sacrificing himself to save others. Of course, Lin Kai is not a good person and is a master who does not do business at a loss.

After leaving Liu Tongshu’s rented house, Lin Kai stopped a taxi on the street and took it to the Bronze Statue of Liberty in Rio City.

This was an important tourist attraction in the Japanese country, and there were more tourists coming and going.

The reason why Scarface asked him to go there was that, on the one hand, the place was easier to find, and on the other hand, if Lin Kai were to call the police and they were in danger, they could use the crowded place to create confusion and escape.

However, as soon as the taxi started, Lin Kai noticed that a van was following behind him.

“Could it be that Liu Tongshu’s place has been stalked? No good, Liu Tong Shu is in danger!” Lin Kai’s heart tightened and he immediately asked the driver to pull over to the side of the road.

Just as he was about to get out of the car, Lin Kai saw a head sticking out of the van and gestured a safety gesture towards Lin Kai with his hand, followed by a knowing smile.

“What are they doing here?” Through the van’s glass window, he could still see a few men in black sitting inside, and Lin Kai muttered straight in his heart, “Could they have been secretly protecting me all along?”

Thinking of this, Lin Kai stopped worrying about Liu Tongshu’s safety for the time being, and also gained some confidence in rescuing Tang Huimin, so he asked the driver to restart the car and continue driving towards the Bronze Statue of Liberty.

“Sir, are you a Chinese or a Japanese?” The taxi driver, an obese man, asked in an authentic Japanese colloquial language.

“I am a Chinese national!” Lin Kai replied in fluent English.

“Sir, this is your first time in Rio, right?” The driver immediately asked in a not-so-fluent Chinese; this guy knew Chinese, and it seemed that the language of this great nation of China was already on par with international standards.

“Yes.” Lin Kai nodded his head.

“Welcome to the beautiful city of Rio, it’s a civilised city and a free country, I hope you have a good time.” The driver’s enthusiasm was evident.

“Thanks!”

As he was on a mission, he didn’t have the heart to make small talk with the driver.

When the driver saw that Lin Kai was not interested in talking, he stopped squealing, and concentrated on driving along the busy street, and in no time, he drove him to the Bronze Statue of Liberty.

Lin Kai paid for the ride and got out according to the amount shown on the meter.

Looking around, he saw the van that had followed him parked not far from him, so he pretended as if nothing had happened and stood looking through the crowd.

Suddenly, several blond men closed in on Lin Kai and surrounded him.

Obama walked up to Lin Kai, made a gentlemanly face and said in a broken Chinese language.

“Mr. Lin, we meet again.”

“Yes.” Lin Kai nodded and said, “I didn’t expect that, but it’s really a bad match.”

“Yes, yes,” Obama nodded his head repeatedly and said, “Our boss wants to see you.”

“Sure, where is he?” Lin Kai eyed his surroundings warily, afraid they might make a move on him here.

“Don’t worry, sir, we’ll get you there safely.” Obama said with a smile.

“Alright then, I’ll go with you guys!” Lin Kai said indifferently, since they were so sincere in their invitation, he would not be polite.

Several people froze when they heard Lin Kai's words, these people originally thought that coming to invite Lin Kai would be a difficult thing to do.

Because, on the plane to the Japanese country, Obama had learned his skills, got off the plane and escaped under the noses of several of them, knowing that he was a difficult opponent and that they had to be careful with him, but they did not expect him to be so cooperative.

They invited Lin Kai in beside a van parked to the side.

"Sir, please get in!" Obama made a gesture of invitation to Lin Kai.

Lin Kai glanced in the direction of the van parked a short distance away and followed them into the vehicle without hesitation.

Closing the door, the driver quickly started the car and left.

These men had secretly investigated that Lin Kai had not been in contact with the outside world at all during his two days in Rio and could not have had any helpers, so they did not notice the van that was following closely behind them.

Lin Kai looked around the van and saw that in addition to the driver, there were six tall men surrounding him in the middle row of seats.

Looking at their fierce and fierce appearance, as well as their occasional flashes of teasing and vicious eyes, one could tell at a glance that they were not good people.

Just now, Lin Kai and Liu Tongshu had encountered the gunmen chasing them on the street, but fortunately he was quick enough to subdue them and get rid of the gang.

These men had knives and guns in their hands, but Lin Kai, who was sitting in the middle of them, did not look the least bit worried and had a calm look on his face.

He looked relaxed and even had a faint smile on his face. Moreover, Lin Kai opened the car window as if no one was watching, looking very relaxed.

The people next to him were, in Lin Kai's eyes, at best just a few hooligans on the streets of Rio, and posed no threat to him at all.

After driving for a few blocks, Lin Kai looked a little impatient and asked in fluent English, "Gentlemen, how much longer do we have to get there?"

The Policewoman Chapter 180

Lin Kai didn't give these people a second thought, the reason he tied up his hands was to free Tang Huimin from their grasp as soon as possible.

He knew that it would be easy to capture the thief first, and once he subdued their hateful Scarface, it would become easy to clean up this gang again.

"Sir, take it easy for now, we'll be there soon!" The Obama who invited Lin Kai to the car replied.

But in his heart, he thought, "This guy is really strange today, he has a way in heaven, but there is no way to go underground, so it is good, early death and early life!"

"Hum, I see how you die later?" Obama thought to himself, a sneer on his face.

The few burly men next to him kept watching Lin Kai with a pair of sharp eyes, and since Lin Kai didn't resist, they were too embarrassed to make a move.

Otherwise, it would be too ungentlemanly for them to bully the young with the many.

Half an hour later, the car drove out of the city and slowly drove into a villa on the outskirts.

The villa was like an emperor's palace, gilded and lush, surrounded by heavy guards, so heavily guarded and solid that even a bird could hardly fly out of it.

It would be very difficult to escape from here if one was caught inside. What's more, Lin Kai had come to rescue Tang Huimin and was suspected of not measuring himself and throwing himself into the net?

After getting out of the van, Lin Kai was invited into a room in the villa by Obama and the others.

The room was very spacious, with many sandbags and training equipment hanging in one corner, presumably used for boxing training.

Pop, pop, pop!

A hot, extremely sexy woman with a group of people greeted them with applause.

"Mr. Lin, we meet again, I've heard for a long time that you are superb in martial arts and daring, that day, when we met at the airport, you really lived up to your name, you actually escaped under our noses, but today, I wonder how you are going to take this beautiful lady out of here?" Maria pointed at Tang Hui Min, who was escorted to her by two bodyguards, and said with a smile in fluent Chinese.

Tang Huimin shook her head desperately.

Her hands were bound with ropes and a piece of tape was over her mouth, so she could not speak at all, but from her eyes, she could see that she was incredibly concerned and worried about Lin Kai.

Lin Kai sneered and said, "Don't you guys just want to find me? Taking a woman as a hostage to trick me over, what kind of skill is that?"

"We didn't want to do that either, but we have seen Mr. Lin's skills and, having already injured several of our men, it really gave us a headache, and this was the only way we could invite you here." Maria did not seem to be angry and said, "The reason we invited you here is, on the one hand, we want to spar with you, on the other hand, you are a very dangerous person and do not want you to continue to cause trouble for our friends and want to keep you here forever"

"That depends on whether you have the ability to do so," Lin Kai scanned from the crowd standing behind him, suddenly saw an ugly face and said loudly, "Get out, don't hide behind other people's asses like a turtle."

Scarface stepped out of the crowd and stood in front of Maria, smiling and saying.

“Mr. Lin, weren’t you very tractable in China, I didn’t expect that you would have a day too, huh? I’d like to see, in a moment, how you’ll die?”

“Bastard!” Lin Kai was furious, pointing at Scarface’s nose and cursing loudly, “You got a group of hooligans to treat a woman like this, are you still a fucking man?”

Scarface said shamelessly, “It doesn’t matter if I’m a man or not, the point is that you’re about to die, I advise you to save your breath, haha

“Is that so?” Lin Kai sneered, “Even if I’m going to die, I’m going to find you to cushion my back!”

In a flash of lightning, Lin Kai scurried to Maria with an arrow step, fiercely stretched out his big hand and stuck it around her neck, his two fingers snapping in fiercely.

Before Maria could react, she was grabbed by Lin Kai’s neck, and her eyes suddenly opened wide, her tongue spat out, and her breathing became rapid.

Grasping Maria’s neck, Lin Kai coldly scolded the gang standing behind him, “Release my sister-in-law or I’ll strangle her to death!”

“Stop,” Scarface saw that Lin Kai was not playing by the rules, he first froze and then said, “Mr. Lin, let’s talk, let’s discuss things, don’t hurt Miss Maria

Seeing this, everyone in the room all gathered towards Lin Kai, surrounding him in the centre.

“No problem, I accept your proposal,” Lin Kai’s hand that was stuck around Maria’s neck relaxed slightly, allowing her to take a breather, then slapped her mouth gently with his hand and said, “Beauty, quickly let them release my sister-in-law first so that we can leave safely, or else I’ll strangle you to death! ”

Maria’s face turned a little white, coughed a few times and finally got her breath back, looked at Scarface with a pleading gaze and said in an exasperated voice.

“Let her go and let them go!”

“Yeah,” Scarface nodded and waved his hand at the gang behind him.

Obama, who was standing beside Scarface, warned, “Instructor, you can’t untie her!”

“It’s all right,” Scarface said, shaking his head in disbelief, “I’d like to see how they get out of here today?”

Having said that, he once again gestured to his companions to untie them.

The two men quickly untied Tang Huimin and pulled off the piece of tape from her mouth.

As they had ambush fighters and snipers outside, even if Lin Kai and Tang Huimin left this room, it would be difficult to get out of this villa area.

After breaking free from her restraints, Tang Huimin took a deep breath and rushed towards Lin Kai with big steps, slapping Maria across the face and cursing in a stern voice.

“You stinking woman, how dare you treat me like this!”

Several five-finger marks then appeared on Maria's face and swelled up a large chunk, she then covered her face with her hands and questioned Tang Hui Min loudly, saying.

"You how do you hit people?"

"It's you that I hit!" Tang Huimin shouted and chided.

Lin Kai visually estimated that there were more than ten people in this room, and even if he and Tang Huimin joined forces, it would still take some effort to finish them off.

Today, Song Lina was still in Robert's hands, her life and death still unknown, and this place was not at all the location shown on his own tracker when Tang Huimin was kidnapped by them.

"Auntie, cut the crap with her, let's go!" Lin Kai saw that the gang might attack at any moment and the situation was not in their favour, so he warned Tang Huimin and said to Scarface, "Tell your men to make a way and let us go, otherwise, I'll strangle her to death."

Scarface waved his hand at his men and the crowd automatically parted, Lin Kai snapped Scarface's neck and went to the door of the room, Scarface followed out with a large group of men.

The door to the room opened and the scene in the courtyard dam left everyone stunned
