

Chapter 1711: Don't Accuse Me

"It's hard for us to explain about this if you do that!" Jiang Yao said.

"Then don't explain." Who could guess who the most powerful party in that situation was?

Lu Xingzhi did not care about that. He reached out and pulled his wife into his arms. He covered her with the quilt and then pressed his chin against her head. He hugged her tightly in his arms so that she would not struggle.

Since the person in his arms was still kicking and punching him, Lu Xingzhi said, "If you move, I'll kiss you! You'll have to bear the consequences!"

'You little brat, I don't believe I can't control you!'

When the person in his arms had indeed quietened down, Lu Xingzhi snorted in his heart. He lowered his eyes and saw that Jiang Yao was still glaring at him. He thought for a few seconds and decided to lower his head to kiss her.

"Hmm..." Jiang Yao's heart skipped a beat. They had agreed that they would not kiss if she did not move. Why did that guy go back on his words?

Jiang Yao was worried that a certain someone would not be able to control himself. She raised her leg and kicked the person on top of her, sending him flying to the side. Only then did she stand up with a snort and clap her hands. "Are you awake? Do you want me to give you two more kicks?"

Jiang Yao did not hold back when she kicked him, and her kick caught Lu Xingzhi off guard.

He maintained his posture as he lay on the side, gasping for breath. His gaze swept across the young woman, who had a smug look on her face. Suddenly, he let out a low laugh and said, "I was just trying to scare you. Look at your guts."

It would be a lie to believe him. If she had not kicked him to the side, who knew what he would do to her?

Jiang Yao took a step toward him and pushed him. "Get up quickly, don't play dead!"

"You kicked me! I might have internal injuries." Lu Xingzhi was still lying on the ground. "A kiss will heal me."

Jiang Yao laughed out of anger. What a b*stard!

"What a heartless woman, the most vicious woman. The old people did not lie to me." Lu Xingzhi turned around and faced the ceiling. "You can still smile after crippling your husband. Do you still have your conscience?"

As he spoke, a certain someone's hand was restless and wanted to touch Jiang Yao's chest.

Unsurprisingly, with a slap, a certain someone's hand also retreated.

Lu Xingzhi sat up abruptly and pulled the young woman toward him. He kissed her on the lips in a very childish manner. "It's still me."

"Lu Xingzhi!" Jiang Yao grabbed the pillow and threw it at him. She lowered her voice and roared, "There are so many people outside! Will you die if you don't think about that?"

Lu Xingzhi chuckled and grabbed the thing that was covering his face. He looked at it and saw that it was just clothes that she had folded into a square shape. Then, he snorted and threw the thing back to Jiang Yao.

"Sooner or later, you will torture me death!" He gritted his teeth and protested. There was actually a hint of grievance in his voice when one listened carefully.

"Don't accuse me." Jiang Yao placed the pillow that she had folded back into place and quickly tidied up the clothes on her body. If there were lights there, he would probably be able to see the marks on her body.

What a wolf!

After tidying up, Jiang Yao lay on the bed and wrapped herself tightly in a thin blanket.

Then, Lu Xingzhi said, "When I sent you home, did you light a fire in me? Did you forget how many times you did that? That fire can never be extinguished."

Chapter 1712: To Hell With Him

"Something is always happening at home." Jiang Yao touched the tip of her nose.

"I'm in the army. Did you call me?" Lu Xingzhi asked. His tone was raised, and the meaning of the threat was evident.

Jiang Yao pulled the quilt up a little, even covering her nose as she blinked at Lu Xingzhi.

The moment Lu Xingzhi met her eyes, the fire in his lower abdomen burned even more fiercely. He was so angry that he walked forward and picked her up. Then, he turned her body in a different direction, making her lie on her stomach instead of on her back so he could not see her eyes.

"If you don't say anything, does that mean you haven't forgotten?" Lu Xingzhi mentioned that the last time she dared to flirt with him on the phone, it was as if he had swallowed her.

Jiang Yao was lying on her stomach and feeling uncomfortable. She twisted her body to turn around. Lu Xingzhi looked at her and raised his hand to pat her butt. "Lie down properly! Use your eyes to seduce me again. If I stop, then I'll take your surname!"

After he finished patting her, he seemed to feel that he could not feel anything through the blanket, so he simply removed it from her body and patted her butt again. After patting her, he pinched her butt, still not satisfied.

"I can't breathe while lying down. I'm pressing against your chest," Jiang Yao's muffled voice came from below him. "Why don't I close my eyes and not look at you? Or else, you'll be unhappy again if I continue to press against you."

Lu Xingzhi thought about it for a few seconds and then turned her around again. When Jiang Yao giggled at him, he raised his hand and covered her eyes with his palm.

"Vixen!"

Lu Xingzhi cursed in a low voice while gnashing his teeth. Then, he simply pulled the blanket and covered Jiang Yao entirely.

That was great. He could not see her anymore.

Jiang Yao looked at the darkness with a dumbfounded expression. Lu Xingzhi was really ruthless!

Was he trying to suffocate her because he was not satisfied with his desires?

She wanted to blow on the blanket on her face. Then, she pushed it away. She glared at Lu Xingzhi fiercely. "Why aren't you going out? How will you explain it to your soldiers if they see you in my tent for such a long time?"

"The tent will be warm for the night, but I will not go to bed early." Lu Xingzhi said so that she could understand what he meant.

'To hell with him!' Jiang Yao thought.

"Jiang Yao, I'm warning you one more time. If you don't want me to touch you, then stop seducing me! Close your eyes! Go to sleep immediately!" Lu Xingzhi scolded her. He gave her an imposing order, but when he realized her anger, he could not bear to cover her with the blanket again.

Jiang Yao turned around. Who the hell seduced him?

Was it her fault that he was always aroused?

She would not take the blame for that!

Lu Xingzhi stood up and went to the corner of the tent to calm himself. Anyway, that was not the first time he had suffered that kind of torture during that period. He was almost used to being seduced by her.

Whether it was to flirt or not, that was what she loved to do to him.

When Lu Xingzhi calmed down, Jiang Yao had already fallen asleep. While he was suffering, she had been sleeping soundly.

Lu Xingzhi did not know whether to laugh or cry. He lifted the blanket and lay down beside her.. He reached out and pulled her body over, letting her lean against his chest and continue sleeping.

Chapter 1713: Xiao Gao's Dilemma

Jiang Yao had always been slender, but she looked even thinner and weaker in that uniform. When Lu Xingzhi hugged her, he thought it was a good thing that she was attending the university in the city. He could take care of her daily meals.

Even though he could kiss her, he felt devastated that he could not devour her that night. However, he would stay like that forever if it meant he could hug her.

The night breeze blew through the gaps in the tent. It was a cool breeze. However, it did not bother the two people in the tent.

The two of them absorbed each other's warmth. It was a warm night for them.

However, Xiao Gao could not sit still outside the tent.

He was so anxious!

Why was his colonel not out yet?

He had been in there for a long time. Why was he not out yet?

Xiao Gao paced back and forth outside the tent anxiously, but he did not dare to go into the tent.

He thought his colonel might have been trying to trick the doctor into revealing some information.

He tried to tell himself that his colonel was working in the tent. His colonel was an upright man.

Xiao Gai calmed when he pondered that. However, it was of no use. Not long after that, he heard a faint noise from the tent that did not sound quite right.

The tent did not have proper insulation. Xiao Gao was only standing a few steps away from the tent, so he could hear a woman moaning inside the tent. It sounded quite painful.

Xiao Gao's heart skipped a beat. He thought to himself, "That is not good. Is the Colonel going to torture someone? 'If he can't coerce her, does he have to do it?"

Xiao Gao was so anxious that he wanted to rush into the tent, but then he sat back down. He thought, 'We can't ruin the Colonel's plan. The Colonel knows what he's doing. He definitely won't hurt the lady.'

Xiao Gao comforted himself with that thought, and then he sat at the entrance and fell asleep with that thought in mind.

Lu Xingzhi woke up at dawn the next day. His chest was filled with a sweet feeling as he looked at Jiang Yao, who was still sleeping soundly in his arms.

He moved her gently to the side, got up, and put his clothes on. Then, he bent down and gently kissed her face. He kissed her until her eyelashes trembled and showed signs of waking up. Then, he quickly let go of her.

That was the time when most would still be in a deep sleep. Jiang Yao, whose lips were numb and painful from being kissed, dreamt that her lips were bitten like a chicken drumstick. She raised her hand and was about to hit Moe, but Moe must have realized her intentions. He let go of her and then ran away.

Jiang Yao smacked her lips and fell asleep again without the annoying Moe.

Lu Xingzhi did not know that she thought he was Moe. After he let go of her, he looked at Jiang Yao's slightly red and swollen lips and smiled softly. Then, he left the tent in satisfaction.

However, Lu Xingzhi did not expect to see Xiao Gao sleeping soundly at the door when he walked out of the tent.

"Get up."

Lu Xingzhi walked over and kicked the rock under Xiao Gao's butt. Xiao Gao fell to the ground with a thud. Only then did he wake up in a daze.

When Xiao Gao opened his eyes, he saw his colonel's dark expression. He immediately stood up in attention. "Colonel!"

"Why were you squatting here last night?" Lu Xingzhi asked.

Chapter 1714: Didn't Expect You To Be That Kind Of Person

"Me? Am I squatting?" Xiao Gao looked around in confusion. After a few seconds, he scratched his head and slowly recovered his senses. "Colonel! It's already dawn. Why did you only come out now?"

Xiao Gao scratched his head. "Colonel, even if you were to interrogate the captives, you should not have stayed inside until dawn!"

"I'm going to interrogate the captives." Lu Xingzhi threw Xiao Gao a look as if to ask if he were stupid.

That was just a drill. Furthermore, all the captives were doctors. Would he interrogate a prisoner treated as a burden and sacrificed by Shao Fucheng?

Would he interrogate a female captive?

Did Xiao Gao lose his senses? He even told the Colonel that he would not be intimate with the young woman the previous night. Then, he asked if the Colonel would interrogate the captives. If he had some sense, he would not have asked such questions.

"If you didn't interrogate her, Colonel, why didn't you leave the tent for the whole night?" Xiao Gao could not help but use a questioning tone.

"What else can I do in my own tent at night besides sleep?" Lu Xingzhi put his hands in his pockets. He looked evil. He looked like a hooligan when he stood there.

"But the girl is already in there! It was you who let her sleep in there!" Xiao Gao pointed in the direction of the tent and said anxiously, "You are bullying her!"

"I did let her sleep in my tent, but the tent is still mine. Why can't I sleep there?" Lu Xingzhi had never realized that Xiao Gao was so silly and funny at the same time.

"Colonel! I didn't expect you to be that kind of person! You must understand what I meant!" Xiao Gao's eyes were red with anxiety. "Did you do anything to the girl last night?"

“Did you not crouch at the entrance and guard it? Don’t you know what I did or did not do?” Lu Xingzhi asked.

Xiao Gao did not know whether Lu Xingzhi did or did not do anything that he should not have done. However, when the Colonel did not take the matter seriously, Xiao Gao was so angry that he stomped his feet and turned around to leave. He looked furious.

Jiang Yao was in the tent, taking in the conversation outside. After Xiao Gao left, she got up from the bed, put on her clothes, and walked out of the tent.

“Lu Xingzhi, what’s wrong with you?” Jiang Yao walked out and kicked his calf angrily. “Why did you say such misleading words to your men?”

Last night, she knew she could not chase him away, and she really wanted to sleep by his side, so she did not get him to leave.

However, at that time, she was completely focused on Lu Xingzhi, so she did not know that there was such an innocent and righteous little soldier guarding outside the tent.

“It’s quite fun, isn’t it?” Lu Xingzhi shrugged nonchalantly. Then, he looked at her beautiful lips, and his eyes darkened. He raised his hand to touch her bright red lips, then moved it to the top of her head and patted it. “I’m leaving today. I’ll probably come back at night. You’re not allowed to go anywhere during the day!”

“Where can the captives go?” Jiang Yao rolled her eyes at Lu Xingzhi. Then, she walked around him, thinking that she had to find an opportunity to steal her tag back from him.

Lu Xingzhi pretended not to notice the hint of slyness in her eyes and said, “Stay away from Liu Chao and the others.”

After that, he looked at the watch on his wrist and pushed her back into the tent. “The woods are very cold in the morning. It’s still early. Go back and sleep for a few more hours.. I’m going to get to work.”

Chapter 1715: The Kind Young Woman

After that, he lowered his head and kissed her on the lips. At that moment, he did not put any strength into it. He lightly pecked her on the lips and left.

It was indeed a little cold outside the tent. Previously, Jiang Yao had been with Jing Mengjie and the others at the Red Team’s command center until the sun came out and warmed them.

After Lu Xingzhi left, she went back to sleep. She had slept like a log the previous night, and in the morning, she woke up when she heard him talking to the soldier outside. She was still very sleepy.

At 10:00 a.m, Jiang Yao finally woke up. At that time, the Blue Team’s command center was not as crowded as when she arrived the previous night—there were only less than half of the people she saw.

“Miss Jiang, how did you sleep last night?” Liu Chao asked when he saw Jiang Yao. There was a hint of probing in his question.

A few meters away, Xiao Gao quickly moved closer when he heard Liu Chao's question. He wanted to hear the female doctor's answer.

"I slept well." Jiang Yao nodded and rubbed her face.

Liu Chao's gaze moved from Jiang Yao's eyes. His gaze swept past her lips without stopping, and then he asked, "Last night, the Blue Team's leader left the tent for you. We're so envious. You came to the Blue Team alone and could sleep in a tent. It's even better than being in the Red Team. Yesterday, many of the Blue Team's female soldiers said they had never seen their leader so protective of a woman. They said that their leader treated us quite well. Oh, right, their leader gave up his tent for you. Where did he sleep then?"

Jiang Yao was not stupid. How could she not understand the meaning in Liu Chao's words?

Therefore, she shook her head. "I don't know. I didn't pay attention. I went to sleep when I returned to the tent yesterday. I guess he slept in his men's tent."

Then, she waved her hand and hit Liu Chao. She needed a shower.

Xiao Gao watched as the female doctor walked toward the stream and felt a wave of guilt in his heart. He had not expected she would be so nice. Their colonel had bullied her yesterday, and she had kept it a secret. She did not tell anyone about it.

Xiao Gao sighed. How could their colonel bear to bully such a kind-hearted young woman?

Jiang Yao did not know what Xiao Gao was thinking. She went to the stream to wash up.

There were many streams and springs in the mountain. Both teams' command centers were set up near water sources.

However, the stream near the Blue Team's command center was much wider than the Red Team's. There was even a deep pool in front of the stream, so the soldiers could swim and bathe there.

Jiang Yao decided to get Lu Xingzhi to stand guard while she bathed.

She had not washed her hair or bathed in a long time since they arrived at the mountain. For someone obsessed with cleanliness, she felt really uncomfortable.

There was no place for her to bathe at the Red Team's command center. Since she had the chance to do that in the pool near the Blue Team's command center, she decided to take the opportunity to do it.

"Miss Jiang."

As Jiang Yao wondered when Lu Xingzhi would return that night, someone called out to her from behind.

Jiang Yao turned around and realized it was another captive from the Red Team. It was not Liu Chao but another soldier.

Jiang Yao did not know his name, but since he took the initiative to greet her, she responded with a smile.

Chapter 1716: It's Nothing

“Miss Jiang, I saw the leader of the Blue Team enter the tent last night.” The soldier crouched beside Jiang Yao with a worried expression on his face. “Did anything happen last night? I asked Liu Chao to ask you, but you did not tell the truth. I was a little worried, so I thought I’d come over and ask you personally. ”

That soldier’s worry was not fake at all. Jiang Yao was a beautiful and innocent young woman. She had good grades and a bright future. When she joined the army and became a doctor for the Red Team, she was the most cooperative one. She was also obedient and did not give them any trouble.

Everyone liked her the most.

Everyone saw how the Blue Team leader had personally captured Jiang Yao, but they were not surprised. No one would have had the chance to sacrifice themselves if Colonel Lu had been after them.

It was not an accident that the soldier had found out that Colonel Lu had entered Miss Jiang’s tent. He went to the Blue Team with a purpose. He was there to inquire about the situation with the Blue Team. So, he had to keep an eye on Colonel Lu.

When the soldier saw Colonel Lu enter that tent, he thought the man was there to get some information from Miss Jiang. Perhaps the colonel thought it would be easier to get information from Miss Jiang since she was a woman, and that was why he went to her tent.

However, when Colonel Lu did not leave the tent, the soldier thought that something had gone wrong.

The soldier from the Red Team was even more worried when he saw Colonel Lu leave the tent refreshed in the morning.

He thought that Colonel Lu had taken advantage of the girl.

Even though they knew that Colonel Lu was not a scumbag, they did not know what to think about him alone with the young woman for the whole night.

Jiang Yao thought that someone had caught them red-handed. She just knew that they should not have been so lustful the previous night. She should have kicked the man out of the tent!

How would she explain it to everyone else?

“Miss Jiang, no matter what happens, you can trust me. Tell me what happened.” The soldier was extremely anxious because of her silence.

“It’s nothing.” Jiang Yao looked at the soldier suspiciously. She put on a blank expression and asked, “What could have happened? You’re asking me what Colonel Lu did in my tent yesterday. What else could he have done? He threatened and enticed me. He asked me what Colonel Shao was doing. However, he couldn’t make a move on me. I don’t know anything. Then, he stared at me for the entire night to exhaust my endurance. However, he lost.”

Jiang Yao smiled very proudly and said, “There aren’t many who can compete with doctors in terms of endurance. Doctors have the best endurance. Otherwise, how can they withstand surgery for more than ten hours sometimes? Do you know that doctors have another ability? We can fall asleep whether we’re standing or sitting!”

That soldier was dumbfounded. Just like that, Jiang Yao had diverted his attention. When he heard Jiang Yao say that, he was pleasantly surprised. “So amazing! Isn’t that the same as soldiers? Sometimes, when we’re tired from training or too tired from missions, we can still fall asleep standing up too..”

Chapter 1717: Chased By Him

“It’s hard for doctors to save lives and help the injured, but it’s even harder for soldiers to protect our country. In the past, I always thought that it was not easy to be a doctor, but later, I found out that it was even harder for soldiers like you.” Jiang Yao raised her hand and patted the soldier’s shoulder to show her respect for him. “We can live and work in peace because of soldiers like you. Thank you for your hard work.”

Then, she dried her hands and said, “I’m done. I’ll go eat something.”

Jiang Yao looked at the soldier, who seemed moved by her words, and turned around to return to the command center. She laughed discreetly. Most of the young soldiers in the army were young and innocent. Just a few words from her, and she had already managed to trick them.

She could try to trick them as much as she could. Anyway, she must not let Lu Xingzhi enter her tent at night!

She would not do it even if she had to die!

That soldier only realized that Jiang Yao had distracted him with another topic after she had left. He recalled her words and tone of voice. He deduced that nothing had happened the previous night.

She did not seem forced at all, nor did she have to force a smile. There was no sadness in her eyes either. She had behaved the same way, always gentle.

Therefore, the soldier left in a lighter mood. He was no longer as worried as he had been when he returned to the command center. He was even more relieved when he saw Jiang Yao chatting with the other female soldiers from the Blue Team.

He had known that there were no immoral soldiers in the army—not even a person like Hades Lu would do something like that. It was impossible.

Jiang Yao was chatting with the female soldiers from the Blue Team when she spotted the soldier. She waved at him and waited for him to leave before she continued to chat with the other female soldiers.

Those female soldiers were talking about Lu Xingzhi. She had heard them mention his name, so she went to ask them about it.

However, the topic of their conversation scared her.

“You must not have heard about this, but Colonel Lu had chased after all the women in our regiment,” the female soldier spoke arrogantly. It was as if she was proud of that.

Jiang Yao was astounded. “Women? Chased by him?”

He had chased after so many women? Did he also accept them into the special forces?

Had he been a womanizer before they met? Had he planned to find a wife in the army, so he chased after the female soldiers whenever he saw them? Did he give up when they rejected him, and then he met her by accident?

It did not sound like something he would do.

Everyone who knew Lu Xingzhi would say that he was an emotionally stunted person before he met her. How could such a person be a philanderer?

“Miss Jiang, don’t listen to what they’re saying.”

The soldier from the Red Team stood beside Jiang Yao and said, “Everyone in the army knows about that. Colonel Lu had single-handedly eliminated all the female soldiers in the selection process for the special forces. It was a huge mountain, and none of the men went after those female soldiers. So, Colonel Lu went looking for them to eliminate them. The Chief was so angry that he almost became sick..”

Chapter 1718: Death By Talking

“How do you know so much?” one of the female soldiers retorted.

Jiang Yao glanced at the soldier and held her forehead. She felt even more stifled when the female soldiers cheered.

“I do know about that!” the other captive soldier replied arrogantly. He was gloating because he knew about the truth, so he did not see Jiang Yao’s darkened expression.

Then, he finally turned around and saw Jiang Yao blinking at him. He thought she did not understand it, so he said, “I heard that someone offended Colonel Lu back then. That was why he had to eliminate that person.”

“How do you know?” The female soldier placed her hands on her waist and glared at that talkative person. Just as she was about to retort, her expression suddenly froze. She narrowed her eyes as she stared at the other soldier.

Jiang Yao shook her head helplessly. She had tried her best.

“Hey! He’s not the Red Team’s doctor! He’s a fake! He’s a soldier. Their doctors must be up to something!” The female soldier shouted, “Everyone! Listen up! This so-called doctor from the Red Party is a fake! Be on your guard! Don’t let them ambush us!”

Jiang Yao looked at the soldier; she was dumbfounded. She could only raise her hand, pat the soldier’s shoulder, and say, “A spy dies because he talks too much. I’m sorry for your loss.”

The soldier looked like he wanted to cry. He could not control his lips and had said things that he should not have said. He finally understood why Miss Jiang did not say anything to him. She had even winked at him. It looked like she had wanted to remind him. He thought that she did not understand, so he had explained it to her again.

Things would have been fine if he had kept his mouth shut. The female soldier would not have reacted to his words. Why did he have to talk so much that the other party had realized his identity?

“Miss Jiang, you should have covered my mouth just now and not allowed me to speak.” The young soldier looked sorrowful. “When we go back, Colonel Shao will definitely kill me.”

“They would have realized it sooner had I done that.” Jiang Yao laughed. It was not because she did not like the soldier, but it was really rare for a spy to get exposed that way.

“Don’t be too sad.” Jiang Yao comforted him.

The young soldier looked at Miss Jiang. Just when he thought that Miss Jiang would have some kind words to comfort him with, he heard her laugh. Then, she said, “Take this as a lesson. Next time, you’ll be sure to be careful with your words and actions. Don’t talk too much. Just think of it as gaining experience.”

Then, Jiang Yao continued to ask, “What exactly is the matter that you mentioned just now?”

“I won’t tell you!” The soldier snorted and turned to leave. It looked like he had a temper, after all.

In an instant, everyone on the Blue Team had heard about the fake doctor, including those in the command center.

The soldier’s fellow team member dragged him to a corner and gave him a good beating. Liu Chao stood at the side and wondered if he should separate the two.

Some soldiers from the Blue Team also joined in the fun. Xiao Gao stood at the side. He was laughing so hard that his eyes formed a line.. He said, “If I had such a stupid comrade, I would also beat him to death.”

Chapter 1719: Come With Me

After that, Xiao Gao saw Liu Chao turn around to look at him, so he looked straight back and said, “You’re most likely a fake too! What about that Miss Jiang? Is she real or fake? ”

“The woman is definitely real,” the female soldier said from the side. “Up until now, only our special forces have female soldiers in the entire military base in Province A. The rest are all civilians or from cultural groups.”

Jiang Yao thought Lu Xingzhi might not return that night after he received the news. He might go and look for the Red Team’s doctor. However, he and a group of soldiers arrived just as the others were eating.

Jiang Yao sat in the crowd. She noticed that Lu Xingzhi and the rest of the soldiers were dressed the same. He was at the back of the group, and she could see the bulges in his pockets.

“Rest for one night. We’ll act according to the plan tomorrow!” Xingzhi turned around and spoke to his men. Then, he swept his gaze across the crowd in front of him. His gaze fell on Jiang Yao, who was sitting in the middle of the group. His gaze softened when he saw her. He walked toward her.

“Come with me.” Lu Xingzhi felt his heart ache when he saw the dried rations in Jiang Yao’s hands. He was afraid that the food there would cause her some discomfort.

“Miss Jiang, Colonel Lu is calling for you.” The beaten-up soldier nudged Jiang Yao and said, “He knows that I’m fake. He will ask you about something else. You can’t say a single word.”

“I don’t know anything about Colonel Shao’s arrangements anyway.” Jiang Yao took the bottle in her hand. She wondered if Lu Xingzhi would wait for her if she did not go over there. There was nothing she could do. She had no choice but to compromise and carry the bottle. She stood up and walked toward Lu Xingzhi.

Lu Xingzhi held Jiang Yao’s hand as they walked in the opposite direction along the stream. They walked for about a hundred meters before stopping. He took Jiang Yao’s kettle, opened it, and gulped it down without saying anything.

“Don’t you have a water bottle?” Jiang Yao reached out to check the water bottle on Lu Xingzhi’s back and shook it. She knew that the place where he stayed in the mountains that afternoon had no water. He must have been thirsty in such hot weather.

Jiang Yao wiped his sweat with her sleeve. When she did that, Lu Xingzhi stopped. His eyes fell on her face.

A few seconds later, he put the bottle down and leaned forward as if to make it easier for her to wipe. He tightened the bottle’s lid. After she was done, he carried her bottle.

In the next second, he lowered his head and kissed her lips.

He had been thinking about her while working in the mountains that day.

If he did not have something important to do that day, he would have returned to the command post earlier to look at her.

Lu Xingzhi’s kiss came too suddenly, and Jiang Yao was shocked. His kiss carried the sweetness and coolness of the mountain spring in the bottle, which Jiang Yao had just filled before her meal.. It was still cold.

Chapter 1720: Take It And Eat It

He surprised Jiang Yao, who instantly lowered his shoulder to stop him.

What a joke! The Blue Team’s command center was only 100 meters away. Who knew when the Blue Team would show up? They would not be able to explain themselves if anyone saw that!

Lu Xingzhi seemed unconcerned with Jiang Yao’s punch. In any event, he hugged her hard and kissed her to soothe his day-long need for her.

He licked her lips and let go of her once he had kissed her sufficiently. He took her small hand, which she had been pounding on him for a long time, and murmured quietly, “If you hit me again, I will break it!”

Jiang Yao panted heavily and gazed about with skewed eyes. She was so enraged that she locked her gaze on Lu Xingzhi. “I am going to beat you to death!”

“Do you believe you can break me?” Lu Xingzhi scoffed mockingly. “You didn’t even break when you were aroused. What can you do to me with your meager strength? I am just saying you are going to squish the food I brought you.”

Lu Xingzhi reached inside his left pocket and opened it. He took two peaches the size of a child’s fist from his pocket.

Then he pulled out a yellow pear about the size of a peach.

Those two items appeared in Lu Xingzhi’s hand almost instantly. It was almost like magic.

“Take it and eat it.”

Lu Xingzhi stuffed the two peaches and a pear into Jiang Yao’s hand. “You constantly eat like us. Can you take it?”

“Where did you get these?”

Jiang Yao had been eating dry food and drinking water daily since arriving at the mountain. She was sick of it.

She was a sensitive person. Mrs. Lu prepared good food for her in various ways at home, and she ate quite well at school. Lu Xingzhi strived to get better food for her as he hoped she would eat more.

She had no choice but to suffer while she was on the mountain. She had, after all, left her sensitive disposition to her family. She had to be sensible once she left home.

She was not like Jing Mengjie and Li Hong, who would complain for hours about the food they ate. She did dislike the dry rations. As a result, she had been fasting for a few days to cope with her stomach.

So, when Jiang Yao saw the fruits, she was ecstatic.

“Where do you think?”

Lu Xingzhi extended his hand and tapped Jiang Yao on the nose. “Why do you talk so much when there is food?”

He walked her to the side of the stream after kissing her. He told Jiang Yao to wash the peaches and pears by the stream as he lowered his head to fill his and Jiang Yao’s water bottles.

After washing them, Jiang Yao tasted the peaches. She squinted her eyes because they were sour. “They are extremely sour,” she said.

Lu Xingzhi noticed Jiang Yao’s expression for the first time. She was so grumpy that her entire face wrinkled like an old granny. Her eyes were nearly closed.

“Give me a taste,” Lu Xingzhi said.

Jiang Yao gave him the peach, but Lu Xingzhi moved in and kissed her on the lips. She felt his tongue delve into her lips before she could react. He caught the tip of her tongue for a few seconds before wrapping the peach pieces that she had barely chewed into his own mouth with the tip of his tongue..
