

Chapter 1721: Success

Despite her anger, she still followed behind Shen Fanxing.

If anything happened to her, she would be the one to bear the responsibility.

Upstairs, Qiao Biluo followed Mu Wanwan into the room.

“Madam, are you really going to the palace with Princess Fanxing? This is the first time you’ve met her. Moreover, we haven’t confirmed if she’s really the princess. What if she suddenly does something to you halfway? You’re still pregnant... Even if you don’t think for yourself, you have to think about the child in your stomach...”

Mu Wanwan’s face was filled with impatience as she said, “I’ve naturally considered more than you. What’s important is that you stay away from me now.”

Qiao Biluo shook her head and sighed helplessly. “Since you’ve thought it through, I can’t say anything. After all, you’re the master. It’s useless no matter what I say.”

Mu Wanwan ignored her and threw her shawl on the bed. She opened the wardrobe and found a loose down jacket, intending to put it on herself.

Qiao Biluo hurriedly went up to help her. She took the down jacket and walked behind her, carefully helping Mu Wanwan put it on.

Although Mu Wanwan hated her, she didn’t mind wearing a shirt. She put on the shirt with a cold face and lowered her head to pull the chain.

Qiao Biluo stood behind her and tidied her clothes before retreating to the side.

“Madam, do you need to prepare anything else? I’ll take care of it.”

Mu Wanwan paused and looked around the room with a melancholic expression.

He really couldn’t bear to part with her here.

After living here for so long, it was filled with the memories of her life with William.

Now that she had suddenly decided to leave, she didn’t know what to bring.

“You don’t have to bring anything.”

In the end, she decided that she might not stay in the palace forever. If Ava pressed her, she would have to come back.

In any case, she hoped that she could continue living here with William.

However, reality didn’t allow it.

Shen Fanxing was right. Staying here might not be safer than staying by the queen’s side.

With that, she turned and walked out. Qiao Biluo hurriedly followed.

When she opened the door, she saw Shen Fanxing leaning against the door with her arms crossed.

She hadn't taken off her down jacket and the scarf around her neck was tied tightly. Just like when she came, she was ready to leave.

Mu Wanwan paused and said, "Let's go."

Shen Fanxing straightened her body and Qiao Biluo suddenly walked out from behind.

"I'll arrange a car now."

With that, she hurried downstairs without waiting for Shen Fanxing and Mu Wanwan's response.

Looking at Qiao Biluo's back view, Shen Fanxing's eyes darkened.

Mu Wanwan could tell from her expression and asked,

"What's wrong?"

Shen Fanxing retracted her gaze and passed the item to her.

"Put it on."

Mu Wanwan looked at the mask in her hand in confusion. She took it and asked, "Why..."

"It's best if you don't speak now."

Mu Wanwan subconsciously shut her mouth, her words stuck in her throat.

Although she didn't know why, she was obviously frightened by Shen Fanxing's aura.

Shen Fanxing put on another mask and glanced at Mu Wanwan calmly. She stuffed her hands into the pockets of her down jacket and hid half of her face in her scarf before walking downstairs.

Mu Wanwan looked at Tang Jian in confusion. Tang Jian said calmly, "In short, she won't harm you. If there's any problem, let's talk about it in the car."

Mu Wanwan nodded and followed Tang Jian downstairs in confusion.

Qiao Biluo was already waiting at the entrance. When she saw Shen Fanxing and Mu Wanwan, she frowned.

But a moment later, she hid her smile.

Seeing that Shen Fanxing was about to get into the car, she hurried to open the door.

"Princess Fanxing, don't you have two baskets of fruits in your car? It's more or less inconvenient. This car is the best car in the manor. It was specially prepared by Mr. William for Madam's trip. Why don't you take this car? It's spacious and comfortable. Madam's body is noble, so you can come as you please."

If one didn't take this car, how stupid would they be?

Shen Fanxing turned to look at Tang Jian.

Tang Jian walked to the car door and bent to look inside.

She stood up and glanced at Shen Fanxing.

Shen Fanxing turned to look at Mu Wanwan and asked, "Why aren't you wearing a scarf? You're pregnant now. What if you catch a cold?"

Mu Wanwan glanced at the car and thought that she still had to remove her scarf when she got into the car. The car was right in front of her...

Seeing her reaction, Shen Fanxing pursed her lips and said coldly to Qiao Biluo, "Go upstairs and get Madam a scarf."

Qiao Biluo's expression darkened. They were about to get into the car, so why were they still being pretentious?

"You didn't hear it?"

Shen Fanxing asked coldly, her aura cold. Qiao Biluo felt repulsed, but her body moved first.

She was frightened by Shen Fanxing.

Seeing her rush into the house, Shen Fanxing turned to Mu Wanwan and pointed at her car.

"Get in."

Mu Wanwan had no idea what Shen Fanxing was up to, but Tang Jian pulled her and forced her into Shen Fanxing's car.

Then, Shen Fanxing looked at the other servants who were sending them off and said coldly,

"Tell that Madam Qiao Biluo that we've already left in the car she arranged. If we're wrong..."

She paused and her voice darkened. "I hold grudges."

She didn't say anything else. Judging from the servants' expressions, they obviously wouldn't have the guts to offend Shen Fanxing.

When Qiao Biluo came down with the scarf, the two cars had already driven out of the manor.

She frowned and turned to ask the servant beside her.

"Have they left?"

"Let's go."

"Which car did you take?"

"... The car you arranged."

Qiao Biluo's face brightened.

Glancing at the scarf in her hand, she snorted coldly and walked into the living room with disdain.

The servants looked at each other and silently walked in.

Not long after, Ye Jingyun received a message—[The plan is completed.]

The corners of Ye Jingyun's lips curled up. She deleted the message and turned to give Bailey a reassuring and smug look.

Bailey smiled back.

There was going to be a good show.

The murder of the royal family's children was enough to destroy Shen Fanxing's reputation...

Chapter 1721: Success

Not long after, Ye Jingyun received a message—[The plan is completed.]

The corners of Ye Jingyun’s lips curled up. She deleted the message and turned to give Bailey a reassuring and smug look.

Bailey smiled back.

There was going to be a good show.

The murder of the royal family’s children was enough to destroy Shen Fanxing’s reputation...

Chapter 1723: What’s Wrong?

One was deliberately chasing after her.

One was deliberately waiting for someone.

When Ye Jingyun saw their car, she heaved a sigh of relief.

At this moment, she was still a distance away from her ideal prosperous district.

“Is the car in front Fanxing’s car?”

Ye Jingyun turned her body and asked.

Queen Yulia looked ahead anxiously. “Really? Is there a problem?”

Ye Jingyun smiled and said, “There shouldn’t be any problems. She looks normal.”

Bailey chimed in, “Grandma, congratulations again. The royal family finally has a successor. I didn’t expect to have a younger brother after growing up.”

Initially, she didn’t know if it was a boy or a girl, but from the start, Queen Yulia had already assumed that the child in Mu Wanwan’s stomach was a boy.

However, she was prepared to be a girl.

She was equally happy.

She wasn’t so easily overwhelmed by excitement.

In the end, Bailey’s words made Queen Yulia inexplicably happy.

If William could have a son, he would have both children.

Seeing that the Queen's expression was getting better, Ye Jingyun and Bailey were secretly happy.

However, the silent Ji Fengmian looked at the car in front of him and said softly,

"I'm curious why you're so sure that the car ahead is Fanxing and the rest."

Ye Jingyun and Bailey were stunned.

Queen Yulia also looked at Ji Fengmian.

Ji Fengmian smiled sarcastically. "I don't remember Fanxing's car being a high-end car. Did you remember wrongly?"

Ye Jingyun and Bailey panicked instantly.

They had been too smug and had inadvertently made the preconceived plans.

Because they knew that Shen Fanxing and the rest had gotten into the car arranged by Qiao Biluo, they were confident in front of Ji Fengmian and the Queen.

Bailey glanced at Queen Yulia's face through the rearview mirror and saw that her face had darkened.

She felt even more nervous.

She wondered what her grandmother was thinking.

But she couldn't give a reasonable explanation.

If they knew the cars in the manor, it meant that they had been paying attention to the movements.

Mu Wanwan was three months pregnant and they had kept it a secret until now. What would the Queen think of them?

Qiao Biluo didn't mention this problem at the manor.

Now, they were at a loss.

Just as they were racking their brains for a perfect excuse, the car in front suddenly sped up.

By the time they reacted, they were almost out of sight.

In this situation...

Ye Jingyun couldn't be bothered to give the Queen an explanation. She hurriedly said,

"What happened to the car in front? Why did it suddenly drive so fast?"

An imperceptible glint flashed across Bailey's eyes. She pushed the panic in her heart aside and said,

"Did something happen?"

Queen Yulia said in a low voice, "What can happen if you sit in the car?!"

Bailey clenched her fists and placed them on her knees. Her tone was anxious and aggrieved.

“Grandma, I’m also worried about Aunt Mu. After all, she’s pregnant and her body is delicate. She was driving well just now, but she suddenly sped up. Moreover, this is the city. Do you think it’s normal for them to speed up?”

Queen Yulia’s expression darkened.

“Hurry up and see what’s going on.”

It didn’t sound right for Fanxing to be in the car.

Now that they had suddenly accelerated in the city, something might have happened.

Not only was she worried about Mu Wanwan, but Fanxing was also there.

They were the most important people to her.

If something really happened, the first possibility he could think of was the child...

She turned to look at Ji Fengmian worriedly.

She sat expressionlessly on the seat beside him, without any signs of nervousness or worry.

It was unknown if she really didn’t think that Fanxing was the one who had gotten into trouble, or if she didn’t care about Mu Wanwan and the child.

Perhaps Queen Yulia’s gaze was too direct, Ji Fengmian turned his head. His gaze was faint for a moment before he smiled at her disapprovingly.

“Don’t worry too much. Sister-in-law is with Fanxing. How could anything happen to her?”

Ye Jingyun said,

“Don’t be so sure. How are you going to explain what happened?”

Ji Fengmian pursed his lips and supported his temples with his elbows on the edge of the car window. He was terrifyingly cold and calm.

“Let’s wait until we catch up with them. Saying anything now is a waste of time.”

The driver kept accelerating while the car in front kept accelerating.

The closer they got to the city center, the more abrupt the car became.

They kept overtaking and taking risks. Many cars that were driving normally were affected by Shen Fanxing’s car and lost their rhythm. The traffic was disrupted and Ye Jingyun’s car was affected.

Even though they were in the city center, they couldn’t catch up to Shen Fanxing. They clasped their hands tightly and placed them on their knees.

She kept staring ahead with an anxious expression.

“It must have happened. Otherwise, why do they look so anxious?”

Bailey also clenched her fists tightly, her expression anxious.

Queen Yulia's face darkened.

However, they eventually caught up to Shen Fanxing's car.

Due to the chaos caused by their improper driving, they were stopped by the law enforcers.

When they caught up, the driver was discussing something anxiously with the law enforcement officers.

There were already many people and cars around.

Ye Jingyun and the others got out of the car one after another.

Bailey held Queen Yulia's arm and walked forward.

Ji Fengmian couldn't move his legs freely. The driver arranged for him to sit in a wheelchair and pushed her forward.

The appearance of Queen Yulia and the others shocked the onlookers.

Who in the entire country wouldn't know her?

Everyone took a few steps back respectfully to make way for Queen Yulia.

At the same time, she bowed to Queen Yulia excitedly.

Queen Yulia nodded at them and staggered to the front.

His calm voice carried an authority that made people submit to him.

"What happened?"

Chapter 1724: The Plan Has Not Changed

The law enforcement officers hurried forward to bow to Queen Yulia.

"Queen, what are you..."

Queen Yulia raised her hand to block his next question. "Please tell me what's going on."

The law enforcement officer turned to look at the driver.

The moment the driver saw Queen Yulia, he was stunned. Then, his expression changed.

The law enforcement officer explained,

"This driver doesn't regulate driving. The traffic order has become chaotic. We are pursuing his responsibility and education according to the law."

Queen Yulia looked straight at the driver.

The driver stepped forward and explained,

"Your Majesty, Princess Fanxing and Lady Mu are in the car."

There was a gasp of surprise.

They weren't sure about Madam Mu, but they were very familiar with Princess Fanxing recently.

She had something to do with Princess Ava and the removal of the title of Princess. At Miss Burgundy's birthday party, she had caused the sisters to suffer a huge setback.

Coupled with the rumors about her, they were curious about Princess Fanxing's true colors.

"I know." Queen Yulia was a little anxious. "I've been following you. Why did you suddenly speed up and drive so inappropriately on the city road?"

The driver's heart trembled. He hesitated for two seconds before saying, "It's Madam Mu... She suddenly feels unwell. After all, she's pregnant and she's the wife of William Hall. I have to send her to the hospital as soon as possible!"

The moment the driver said that, everyone knew that the so-called Madam Mu was the Queen's nephew and the true love of William Palace.

Now, she was pregnant...

For a moment, Ye Jingyun felt a sense of sympathy and schadenfreude. All eyes were on her.

She gritted her teeth and glared at the driver.

By exposing this matter, it was obvious that she wanted everyone to acknowledge Mu Wanwan!

She was even pregnant.

As the princess of Country Y, not only would she be cheated on by her husband, but she would also be forced to accept them.

In front of the Queen, she was indeed accepting Mu Wanwan and even that child.

But in reality, how could she allow someone to ride on her head and behave atrociously?

But now, she could only accept everything.

The plan had to be carried out.

She had no intention of hiding these things, but it was a fact that she felt disgusted to be exposed under such circumstances.

She loosened her teeth and said to the queen, "Mother, Sister's health is a big deal. It's understandable for the driver to do this. What about now? What happened to her?"

The driver gulped and said, "This... Madam Mu said that her stomach isn't feeling well..."

Queen Yulia's expression changed drastically. "What?!"

Ye Jingyun's face darkened. "We just came from the manor. She was fine before we left! What happened?!"

The driver shuddered and panicked. "I don't know what happened either. Madam Mu suddenly shouted..."

“It’s best if nothing happens to her. Otherwise, I’ll pursue this matter!”

Ye Jingyun said angrily as she walked to the car beside her. Without hesitation, she reached out and opened the door.

“Sister, where are you feeling unwell...”

Queen Yulia also looked into the car.

Before Ye Jingyun could finish her sentence, she was stunned by the empty car in front of her.

No one...

Ji Fengmian sneered from behind. “Madam Ye’s behavior is really strange. Just now, she insisted that she was sitting in this car. There’s no evidence and she still believes it. What about now? Where are they?”

Ye Jingyun looked at the empty car and her face turned pale.

What... was going on?

Qiao Biluo had told her that everything was going according to plan.

Why did such an accident happen now?

She stood up slowly and looked at Ji Fengmian.

She had no idea what role Ji Fengmian played in her plan.

She looked uneasy and conflicted.

At this moment, the door of the car parked in front opened. Shen Fanxing, who was wearing a down jacket and a scarf around her neck, stood out slowly.

His indifferent gaze swept across everyone before landing on Ye Jingyun. A cold smile appeared on his face.

“When we left the manor back then, the temporary butler, Madam Qiao Biluo, did use all sorts of reasons to persuade us to get into that car. However, I think our own car is more reliable and safe. Anyway... I don’t dare to take anyone else’s car anymore.”

As she spoke, she glanced at Ye Jingyun and Bailey sarcastically.

Queen Yulia’s expression changed again as she pulled her arm out of Bailey’s grasp.

Before Bailey could react, she had already reached Shen Fanxing.

Compared to her faltering steps just now, these two steps were extremely steady. Even her expression was no longer overly worried and anxious.

She looked at Shen Fanxing and said softly,

“Fanxing, what happened to Mu Wanwan? Is she in danger?”

Shen Fanxing reached out to hold Queen Yulia’s hand silently.

At this moment, a painful scream came from the car behind.

Queen Yulia's eyes trembled slightly as Bailey hurried over.

"What's wrong?"

Shen Fanxing looked at her coldly and said, "Instead of asking useless questions, why don't you stop pestering me and let me send her to the hospital?"

Shen Fanxing's cold gaze made Bailey feel guilty.

Mu Wanwan continued to wail in the car, "My stomach... My stomach hurts!"

This heartbreaking voice made Ye Jingyun's eyes flash with satisfaction.

No matter what!

Mu Wanwan would definitely not be able to keep her child this time!

Shen Fanxing, who was with her, would definitely be implicated today.

Although there was some confusion in the process, the outcome was still within the plan.

Mu Wanwan's voice made Shen Fanxing's face darken. "Grandma, we can't delay any longer. We have to send her to the hospital. Otherwise..."

"Sister Fanxing, Aunt Mu was fine before she went out. Why did she suddenly become like this? Although I don't want to be so suspicious, shouldn't you give us an explanation for what happened not long after she got together with you?"

Bailey interrupted Shen Fanxing abruptly.

Shen Fanxing smiled and looked at her coldly.

"What do you mean?"

Chapter 1725: The Doctor Happened to Be Here

"What do you mean?"

Her eyes were locked on Bailey. "What explanation do you want me to give you?"

"I don't know. I need to give you an explanation."

Bailey pursed her lips. "I've already made myself clear. Why are you still pretending?"

Shen Fanxing sneered and said, "What do you mean by acting dumb? I just don't know what I've done wrong in your eyes. Why do you have to demand an explanation from me now? Since you want it, you have to tell me what I've done wrong so that I can explain it to you. Isn't that right?"

Bailey clenched her fists tightly as she stared at Shen Fanxing, wishing she could tear her apart.

She was so smart that she was almost smart. Who would believe that she didn't know what she meant?

She just wanted to hear some words coming out of her mouth.

If it was in the past, she would naturally not say it.

But now, this arrangement was undoubtedly the last chance to get rid of this b*tch. If she gave up now, she had no idea when the next time would be.

“Auntie Mu got into trouble because she was with you. Shouldn’t you give me an explanation? I only asked you to pick the fruits today and inform my father to return to the palace. Why did you have to bring Auntie Mu back? If she was still in the manor, this wouldn’t have happened...”

“What kind of thing happened?”

Shen Fanxing interrupted her and Bailey choked.

“A pregnant woman has a stomachache. Unless something happens to the child, what else is there?”

Everyone nodded and looked at Shen Fanxing.

Shen Fanxing’s face darkened with obvious mockery.

“You’re really smart. If a pregnant woman has a stomachache, it must be because the child has an accident.”

“Yes, her stomach is indeed not feeling well now, but the key now is to send her to the hospital. You’re here looking worried and anxious, but you insist on asking me for an explanation. What’s the difference?”

Why? There are so many people here. Do you want to slap me to death? Must you bite the child to death?

Do you want to kill me so badly? Are you unwilling to be stripped of your title as a princess, or do you feel that you can use this opportunity to kick me out of the royal family? I’m notorious, my reputation is ruined, and my true nature is exposed. Grandma is utterly disappointed in me. That’s why she can tell that you two are the ones worthy of her love?”

Since this was their intention, she naturally had to say it.

Otherwise, the onlookers would really be led by the nose by her.

Bailey didn’t expect Shen Fanxing to be so straightforward. The stares of the people around her made her feel extremely embarrassed.

She wanted to continue with this matter, but Shen Fanxing’s straightforward words made her feel even more ashamed.

Shen Fanxing spoke frankly, but every word was her ultimate goal.

It was as if she had been stripped naked and was being mocked by the crowd.

Even if her final goal was achieved, she would not have a good impression of them.

She realized that she had been forced into a corner by Shen Fanxing.

Now, she could only go all out to achieve her goal.

“Don’t slander me! I’m just stating facts! Why do you have to seize the opportunity to slander me? If you really have a clear conscience, I just need an explanation from you...”

“Based on the facts, we have to send Madam Mu to the hospital first. We can explain, but only in the hospital and not now! The child in her stomach is still fine, but you’re still pestering me. Miss Bei Lei, what are you trying to do? If anything happens to Madam Mu because of the delay in her treatment, who will bear the consequences?”

Bailey’s face darkened.

Just as she was about to say something, the surrounding onlookers chimed in.

“That’s right. She has already said a few times that the most important thing now is to send the pregnant woman to the hospital. As for what happened, it won’t be too late to pursue the matter after confirming that the pregnant woman is safe and sound, right?”

“That’s right. Why do you have to harp on this matter at a time like this? Isn’t human life more important?”

“I’ve always felt that Princess Bailey has always been sensible. Why does it seem like she doesn’t match her impression of her recently?”

“I think this matter might really have nothing to do with Princess Fanxing. After all, she has repeatedly suggested sending pregnant women to the hospital!”

The onlookers naturally knew best.

No matter how many underhanded tricks there were, human lives were more important.

It was too much for Bailey to cling onto Shen Fanxing.

Moreover, they had heard Shen Fanxing’s words.

Subconsciously, everyone felt that Bailey would do anything to kick Shen Fanxing away.

Embarrassed, Bailey had no reason to delay Shen Fanxing anymore.

If she left from here, the success rate of the plan would be too low.

She turned to look at Ye Jingyun with an obscure expression.

Ye Jingyun frowned and looked down at her watch with a sinister expression.

At this moment, there was a commotion in the crowd.

Everyone looked over and saw a tall middle-aged mixed-blood man.

She had already heard the discussion and knew that it was Shen Fanxing’s group. There was even a pregnant woman in the car.

Pregnant woman...

Who else could it be other than Wanwan?

When Ye Jingyun saw him, her eyes flickered and she hurried towards him.

“William, why are you...”

The man didn't even look at her. Mu Wanwan's moans could be heard outside the car. He walked towards the car behind Shen Fanxing.

But Shen Fanxing stopped her.

“You won't be able to even if you go now. The moment you open the car door, a gust of cold wind will blow. Don't let her catch a cold at this time.”

William's dark blue eyes were filled with bloodlust, as though he could rape Shen Fanxing on the spot.

However, there was no change in Shen Fanxing's expression.

“William, you'd better calm down.”

Queen Yulia's warning sounded from the side.

William didn't even flinch.

At this moment, another person ran over from the crowd.

When Ye Jingyun saw this person, her tense expression finally relaxed.

“Queen, Princess Ava... is it really you?!”

It was a middle-aged man. Judging from his appearance and language, he was from China.

Before Queen Yulia could react, Ye Jingyun immediately went forward and grabbed the person's wrist. She said anxiously,

“Doctor Wang, a pregnant woman in the car suddenly had a stomachache. Hurry and take a look. Is she in danger?”

When Queen Yulia saw the doctor, her face was full of eagerness.

Doctor Wang nodded repeatedly. “Okay, okay, I'll go now.”

Chapter 1726: Found the Reason

Doctor Wang nodded repeatedly. “Okay, okay, I'll go now.”

Shen Fanxing stopped Doctor Wang silently.

His cold gaze was like an arrow, shrewd and sharp.

Ye Jingyun stepped forward and said, “Fanxing, this is Doctor Wang. He's an expert in both Chinese and Western medicine. Let him see if Sister Wanwan is in danger or if there are any measures to relieve her pain before she's sent to the hospital... This is a matter of life and death. Even if you have any opinions about us, can you put it aside first?”

Shen Fanxing glanced at her and fell silent for two seconds. Just when everyone thought that she wouldn't compromise, she turned to make way for Doctor Wang.

Ye Jingyun's face lit up as she pushed Doctor Wang to the car.

Beside her, Queen Yulia had already grabbed William's wrist.

Apart from being worried about Mu Wanwan, there was no expression on Queen Yulia's face.

Bailey took two steps forward, her gaze lingering on Shen Fanxing.

Confusion made her frown deeply.

She had clearly refused to let anyone open the car just now, but she agreed so readily now...

Could it really be because the other party was a doctor?

Although this reason was reasonable, she still felt that something was amiss.

The doctor opened the car door and saw Mu Wanwan leaning against the seat. Her beautiful features were scrunched up in pain and her face was pale. Her forehead and nose were covered in sweat.

"It hurts... My stomach hurts... Child... Save my child..."

She groaned in pain. When she saw the car door open, she grabbed Doctor Wang without a care.

Tang Jian gripped Mu Wanwan's shoulders tightly and comforted her.

"It's okay, it's okay. The doctor is here..."

Bei Lei and Ye Jingyun turned to look at Mu Wanwan, who was lying in the car with a pained expression. Their eyes were filled with mockery and mockery.

Save her child?

How was that possible?

Which normal woman could accept the fact that her husband had a child with another woman?

Moreover, it might be a son.

Let his presence threaten her and her daughters' position?

This was absolutely impossible.

"It hurts... It hurts... Doctor, save my child..."

Mu Wanwan's miserable voice sounded and the veins on William's forehead popped.

The tight muscles on his arms almost burst his cuffs.

However, Queen Yulia was still holding his hand tightly. Feeling the tense muscles in her palm, she was especially surprised.

For a moment, she thought that she had been wrong to deny that the two of them were together.

The guilt on her face made her look even worse.

“William, calm down. If Wanwan can survive this, I won’t stop you from now on, including anything else! I believe Wanwan will be fine...”

Her promise made Ye Jingyun grit her teeth.

However, Bei Lei stepped forward and said softly, “Grandma, Father, don’t worry. Aunt Mu will definitely be fine.”

Queen Yulia looked at her calmly and nodded.

Shen Fanxing pursed her lips and walked to Queen Yulia’s side. Her gaze swept across her and William.

“Miss Bailey is right. Madam Mu will be fine.”

William’s dark gaze pierced her face, but she remained as indifferent as an emotionless stone.

The onlookers outside did not disperse. Instead, more and more people gathered.

However, the scene was unusually quiet.

Everyone’s gazes were fixed on the car carrying Mu Wanwan. Hearing her painful voice coming from inside, their hearts couldn’t help but sweat.

However, the entire process took less than two minutes.

Everyone watched his actions curiously, not understanding what he meant.

Queen Yulia and William went up and asked hurriedly, “What’s wrong? How is she?”

The doctor instructed with an ugly expression, “Madam Mu, this is a sign of miscarriage!”

Everyone sucked in a breath.

“Impossible!” snapped William suddenly.

“I only left for three hours. She was fine when she was at home. It’s impossible for such a thing to happen...”

At this moment, Bailey’s gaze landed on Shen Fanxing. “Shen Fanxing! Can you give me an explanation now? Why did such a thing happen to a pregnant woman when she was with you?”

Shen Fanxing remained calm and composed. “I don’t know why she suddenly became like this. Is this acceptable? Besides, I have no feud with her. In other words, she’s my aunt and her child has to call me aunt. Why would she harm her and her child?”

“Because this child has hindered your ambitions!” Bailey snapped.

Shen Fanxing looked at her silently with a sinister expression.

Her silence made Bailey seize the opportunity to continue.

“Because of the battle for the throne, everyone knows that Grandma is about to abdicate. Now that you’ve just returned, you’re the most likely to inherit the throne. But now that the Ji family has a

successor, which is the child in Aunt Mu's stomach, are you worried that his existence will affect your hereditary throne?!"

The more she spoke, the angrier she became. Her high-pitched and excited voice almost reached everyone's ears.

Everyone's gaze landed on Shen Fanxing and they started to point fingers at her.

Shen Fanxing sneered and said, "Why didn't you know that I have designs on the throne? Miss Bailey, you're dreaming."

"Of course you won't admit it, but how can you explain that something happened to someone who was with you? Who would believe you if you said that you didn't do anything?"

Bailey was determined to bite Shen Fanxing to death.

Shen Fanxing placed her hands in her pockets and sneered at her. "Do you think I'm that stupid? If I really wanted to harm her, would something have happened when she was with me? Would I have created an opportunity for the two of you to bite me to death? Would you be that stupid?"

Bailey's eyes narrowed and she didn't say anything.

Ye Jingyun, who was standing behind Shen Fanxing, suddenly said,

"Fanxing, what's that smell on you?"

Shen Fanxing sneered in her heart before turning to look at her.

"What will I smell like?"

She pretended to sniff and said calmly, "If it's not my scent, then it's the scent of the car. What's there to be surprised about?"

Ye Jingyun glanced at Doctor Wang, who hurried over and sniffed Shen Fanxing. His expression changed drastically.

"Your Majesty, we've found the reason for Madam Mu's miscarriage!"

Chapter 1727: Determined

"Your Majesty, we've found the reason for Madam Mu's miscarriage!"

Queen Yulia frowned. "What happened?"

The doctor said, "It's Princess Fanxing... She smells like an ordinary car, but there's a strong musk mixed in..."

"Anise?!"

Ye Jingyun raised her voice and successfully attracted everyone's attention.

"Isn't fennel an abortion medicine?! This is a taboo for pregnant women!"

The onlookers from Country Y were shocked as they stared at Shen Fanxing.

Bailey paused before saying angrily to Shen Fanxing,

“You actually want to harm the child in Aunt Mu’s stomach? You’re simply vicious. That’s your uncle’s child. You... you’re really crazy. In order to obtain the throne, you actually did such a shameless thing!”

At this moment, Ye Jingyun came up to her and said, “Fanxing, you’ve gone overboard this time! That’s a descendant of the royal family. Do you know the consequences of harming a descendant of the royal family?”

Shen Fanxing’s expression remained unchanged as she sneered at her. “Then tell me, what are the consequences of harming the royal family’s children?”

Ye Jingyun smiled smugly and said loudly,

“The royal family is the supreme existence in the entire country. Only with the existence of the royal family will they be able to live in peace and become a harbor that they can always rely on. In short, without the royal family, there will be no Country Y. The people in the royal family are naturally the most important. You plotting to harm the future leader of the royal family is no different from harming the country. This is not a simple matter. If it’s true, it’s a capital crime!”

Shen Fanxing sneered and nodded. “Oh... death penalty.”

Bailey was angered by her nonchalant attitude and said angrily, “Yes, it’s a capital crime! There are so many people watching. You don’t have the chance to avoid responsibility. Otherwise, how will our royal family explain to these people? Shen Fanxing, don’t think that you’re fearless just because you’re Grandma’s biological granddaughter. That depends on the situation...”

Shen Fanxing waited for her to finish before looking at her for a long time.

“Are you done?”

Bailey choked and frowned at her expression.

Now that things had developed to this stage, her unhurried and unhurried manner made her feel even more uneasy.

She didn’t know why Shen Fanxing was still so nonchalant.

Before she could speak, Shen Fanxing continued, “Looks like you’re done.”

As she spoke, she turned her head and asked Ye Jingyun, “Do you have anything else to say?”

Ye Jingyun frowned but didn’t say anything.

Shen Fanxing smiled and turned around to face the crowd. She asked,

“Did you understand what the mother and daughter said?”

Her posture was calm and her tone was calm, but the aura she exuded made everyone submit to her.

Everyone nodded in unison at her question.

Shen Fanxing turned around again, her gaze shifting from Ye Jingyun to Bailey.

“What right do you have to say that I smell like musk?”

Bei Lei hurriedly said, “Doctor Wang has already smelled it just now. If it’s not the scent of musk, why didn’t he say anything else but musk?”

Shen Fanxing sneered and looked at Doctor Wang. “Doctor Wang, how many years have you been working? You must have stayed in Country Y for a long time. It’s indeed admirable that you’re so proficient in Chinese medicine. But I’m sure that I don’t have any musk. Why are you slandering me?”

Doctor Wang didn’t expect Shen Fanxing to suddenly target her. His eyes darted around uneasily.

“Chinese... Medicine is my profession. There are still many things worth researching. I’m not proficient in it, but I dare to boast that I’m proficient in it. Although it’s mixed with other scents, it’s still easy to distinguish them. No matter what you say, you... you do smell like musk. Otherwise, Princess Ava wouldn’t have noticed the smell just now.”

Shen Fanxing smirked coldly and said, “I think that as an internationally recognized champion, I should be quite sensitive to scents. However, I can’t smell any obvious musk on me.”

Doctor Wang glanced at Ye Jingyun from the corner of his eye. Ye Jingyun gave him a look. He quickly retracted his gaze and blinked to hide the emotions in his eyes.

“Perhaps it’s because the combination of various smells has disrupted your sense of smell. However, the scent of musk will dissipate over time. If there isn’t a large dose and it hasn’t been used for a long time, it’s impossible for Madam Mu to be so serious...”

Shen Fanxing raised an eyebrow and asked, “So... what are you trying to say?”

Sweat broke out on Doctor Wang’s forehead. After all, if he had to search Princess Fanxing’s body in front of so many people, he would be courting death...

Ye Jingyun gritted her teeth and glared at the incompetent man. She went forward helplessly and said,

“Of course a search will prove my innocence.”

Shen Fanxing shook her head and smiled. “I don’t agree.”

Bailey asked, “Why not? Are you really afraid of finding the musk on you?”

Shen Fanxing looked at her coldly and said, “You sound like you’re sure that I have that on me...”

“In that case, why don’t you dare to get someone to check your body?”

Bei Lei’s expression was extremely ugly, as if she was dominated by anger. It was as if she cared about the child in Mu Wanwan’s stomach.

She hated Shen Fanxing to the core.

“I’m the princess of Country Y, and I agreed to a body search in public. Where did I put the royal family’s face? If I say I don’t have it, then I don’t have it. If you believe that I really have that thing on me and you’re sure that you can find it, then I... can agree to it... Do you dare to say that?”

Bailey didn’t hesitate. “Of course I dare! The musk is on you!”

Shen Fanxing nodded slowly and looked at Queen Yulia, whose face had darkened. With a faint smile, she raised her hand to her collar and grabbed the zipper. Before she could pull it down, Queen Yulia let go of William's hand.

She walked towards Shen Fanxing slowly.

Bei Lei and Ye Jingyun were already extremely nervous. Shen Fanxing was just one step away from disappearing from their lives.

Chapter 1728: Why?

Bei Lei and Ye Jingyun were already extremely nervous. Shen Fanxing was just one step away from disappearing from their lives.

At the same time, she saw Queen Yulia walking over. Bailey hurried over.

"Grandma..."

"Slap!"

A crisp sound echoed in the quiet venue.

Bailey's voice stopped abruptly, and everyone was shocked for a long time.

They were shocked and puzzled when they saw Bailey sitting on the ground.

This...

What was going on?

Seeing this, Shen Fanxing gave a cold smile before putting her hands back into her pockets.

He looked down at Bailey sarcastically.

Bailey covered her cheek instinctively, equally shocked.

Ye Jingyun was the first to react. She hurried forward and said, "Mother, are you mistaken? What did Bailey do wrong? Aren't you being too biased? The one who did something wrong today is that woman called Shen Fanxing, not Bei..."

Queen Yulia's face was pale and her lips were trembling. It was obvious that she was extremely angry. She slowly raised her arm and pointed at Ye Jingyun, her fingertips trembling.

"You... you..."

She was so angry that she couldn't say a word. In the end, she raised her palm and slapped Ye Jingyun heavily.

Ye Jingyun was caught off guard and staggered two steps back. Her body was pressed against something and she was about to stabilize herself when she was tripped by the force behind her.

She looked up in a panic and saw Ji Fengmian's faint smile.

It was full of cold sarcasm.

“Ye Jingyun, you deserve it. You should really understand the meaning of this sentence.”

Bailey struggled to her feet and covered her face, her eyes filled with grievance and anger.

“Grandma! What did I do wrong?! She was the one who wanted to harm the royal family’s descendant and my brother...”

Ye Jingyun ignored Ji Fengmian’s mockery and stood up. “Mother...”

Queen Yulia’s face was still pale from anger and her body was trembling. “Tell me, why are you so sure that Fanxing has a musk on her? From the beginning to the end, you’ve been leading the matter to her! Ava!”

She suddenly roared angrily, “Your every move today is too obvious! How long do you want to fool me? I’ve treated you with all my heart all these years. Are you worthy of your conscience?!”

Ye Jingyun and Bailey were stunned by Queen Yulia’s roar.

Bailey reached out to grab Queen Yulia’s arm. “Grandma, why did you say that? What did we do wrong...”

“Don’t come near me!”

Bei Lei said sadly, “Grandma... why don’t you believe us? Doctor Wang said clearly that Shen Fanxing has a musk on her... She’s coveting the throne...”

Queen Yulia swayed and her vision blurred.

“You said that Fanxing has a musk on her?”

Bailey nodded. “Yes, it’s true... I’m very sure that as long as I search her, I’ll definitely prove that I’m right...”

“Shut up!”

Queen Yulia slapped Bailey again.

“Mother!”

Ye Jingyun went forward and pulled Bailey to her side.

Queen Yulia’s chest heaved violently. She looked at the mother and daughter opposite her and closed her eyes.

“Fanxing would never hide something like musk on her. I trust her!”

Ye Jingyun and Bailey were exasperated. “Why? If she doesn’t have it on her, how should Sister Wanwan explain it?!”

“Why?”

Queen Yulia slowly opened her eyes and looked at the mother and daughter with a pained expression.

“Mother, trust us. As long as we search her this time, she will definitely...”

Ye Jingyun was still persisting when Queen Yulia gave a cold laugh.

“There’s no need to search, she didn’t! As a pregnant woman, how could she have such a thing on her?”

The anxiety and hatred on Ye Jingyun’s face froze instantly.

Her body swayed as if she had been struck by lightning.

“What... what did you say?”

“I’m pregnant.” Shen Fanxing interrupted Queen Yulia and sneered at them. “It’s been more than three months. Because I know my limits and feel that I have too many enemies, I haven’t made this matter public. So... unfortunately, your plan today has failed completely.”

Bailey looked at Shen Fanxing’s stomach in shock.

Thinking about it, ever since she returned, her style of dressing had changed drastically. From her slim figure at the start, she was now loose and bloated. Bo Jinchuan had even taken good care of her...

No wonder...

No wonder she was so fearless just now...

Her eyes suddenly froze.

No... no...

“Impossible...”

Ye Jingyun shook her head and denied Shen Fanxing’s words.

Qiao Biluo had clearly told her that everything was going according to plan.

Nothing would go wrong.

Why didn’t she have that thing on her?

Bailey naturally thought the same.

Either Shen Fanxing was lying.

Either their original plan had been seen through by Shen Fanxing...

But how did she guess her plan?

“Are you wondering why I don’t have that musk on me?”

Shen Fanxing smiled at them and said calmly,

“I did have these things on me at the beginning.”

Everyone who had yet to recover from their shock was curious again.

“Not only me, but even Madam Mu has it. Even the car that Madam Qiao Biluo insisted on arranging for us has it.”

As she spoke, she pointed at her nose and said, "Have you forgotten that I'm an incense maker who's extremely sensitive to smells, or are you looking down on my profession? How can I not notice these when a few scents are mixed together?"

At this moment, Tang Jian opened the car door and walked out. She presented a sealed bag to everyone.

"This is what we found from our Madam and Madam Mu's clothes. It's the Musk Pill that you mentioned. We've already discovered it from the start and stopped the damage in time. We've already found and sealed them."

Everyone covered their mouths in shock and curiosity as they stared at the item in Tang Jian's hand.

"It does exist, but the smell on my body has long dissipated. It's impossible for there to be any strong smell. So, Doctor Wang, why were you so sure that I had musk on me just now?"

Doctor Wang's legs went weak and he collapsed to the ground.

Ye Jingyun and Bailey couldn't hide their panic.

At this moment, a long whistle sounded from outside the crowd.

Everyone made way for a low-profile and expensive black car.

The moment the car stopped, the door opened and Bo Jinchuan's tall figure appeared.

Immediately after, Yu Song got out of the car and walked to the other side. He pulled out a person from the car.

Hao Ran was the disheveled Qiao Biluo.

Chapter 1729: Bite to Death

The moment Ye Jingyun and Bailey saw Qiao Biluo, the blood drained from their faces.

Her lips were pursed tightly and she looked flustered.

They didn't even dare to raise their heads, afraid that their uneasy eyes would reveal too much in front of everyone.

Yu Song walked to them and glanced at Shen Fanxing before nodding respectfully.

In the next second, her face darkened and she threw Qiao Biluo to the ground.

Qiao Biluo pounced on Ye Jingyun and Bailey.

The two of them naturally retreated a few steps as if Qiao Biluo was the plague.

How pathetic was Qiao Biluo now?

Her clothes were tattered and her hair was disheveled. There were even bloodstains on her body. Her face was unevenly bruised and there were dried blood stains on the corners of her lips. If Shen Fanxing hadn't seen her earlier, she wouldn't have recognized the disheveled woman in front of her as Qiao Biluo.

Not long ago, she was still scheming against them. In less than two hours, she had become like this.

Things were indeed unpredictable.

She looked up at Yu Song and teased him, "Yu Song, although you're old, you're still a woman. Be careful that you won't find a wife in the future."

Yu Song choked. He didn't expect his wife to still be in the mood to joke with him.

And...

Something was wrong with his wife today!

Why did she suddenly think of joking with him?

Tang Jian's lips twitched.

This woman was really hopeless.

Even in this situation, she could not forget her cold joke. It was really...

He couldn't complain!

What a strange woman!

Yu Song smiled awkwardly and glanced at Qiao Biluo. "I didn't do anything to her..."

Shen Fanxing raised an eyebrow and asked, "You didn't do much? Given her current state, if you really want to hit her, won't she be crippled?"

Yu Song hurriedly shook his head. "There might be a misunderstanding. I... didn't hit her."

Shen Fanxing frowned and fell silent for two seconds. Suddenly, she turned to look at Ye Jingyun and her daughter. Seeing how they were avoiding her, her lips curled into a cold smile.

She looked down at Qiao Biluo and said calmly,

"That's strange. When I left the manor two hours ago, Madam Qiao Biluo was still fine. Why did she suddenly become like this?"

"Logically speaking, there should be a reward for completing the mission perfectly..."

Tears streamed down Qiao Biluo's face as she scratched the ground. She looked up at Ye Jingyun and Bei Lei.

"It's Ava and Bailey!"

She pointed at Ye Jingyun and Bei Lei with one hand, crying and trembling with anger.

"It's always been them! It was their arrangement for Uncle Song's family to have an accident. Only when Uncle Song leaves can I replace Uncle Song in the manor. That way, I can complete their plan for them."

"They were the ones who gave me the musk. They asked me to put those things on Princess Fanxing and Lady Mu. They even arranged for the car to have a scent similar to the mixed scent in an attempt to cover up the smell of the musk. This was all their blessing.

Because they didn't allow Mr. William to successfully have a child with another woman, they were even more worried that the existence of Princess Fanxing would affect their status in the royal family. They were even worried that they would snatch the throne away. Therefore, they wanted to take this opportunity to kill two birds with one stone. Not only could they kill Madam Mu's child, but they could also pin the crime on Princess Fanxing!"

"They were the ones who arranged for me to do this. They were afraid that I wouldn't be able to do the details well and even told me everything. But I clearly did as they instructed, but they... They never thought of letting me live!"

"Not long after Princess Fanxing and Lady Mu left and found out that the plan was going as planned, they arranged for a group of assassins to barge into the manor and take me away. They wanted to silence me... What vicious hearts. I'm loyal to them, but they want to silence me and destroy the evidence..."

Qiao Biluo's heart-wrenching accusation shocked Ye Jingyun and Ava. Their mouths opened and closed, and they trembled uncontrollably.

Everyone looked at her in shock.

It was unbelievable.

"From the start, the mother and daughter didn't care about the danger of the pregnant woman and refused to let go of Princess Fanxing. So they're trying to frame her!"

"So they really want Madam Mu's child and want to frame someone else? Oh my god, this is too shocking. Why would they do such a crazy thing?"

"So this is the truth! Back then, she refused to let go and insisted on an explanation. That face is really disgusting."

"I've really broadened my horizons today... Not only does an adopted daughter not know how to be grateful, but she also wants to harm the children of the royal family. She even wants to covet the throne. She's simply shameless."

Everyone's shocked and disdainful accusations threw Ye Jingyun and Bailey's minds into chaos.

She could only deny it with a pale face.

"No... we didn't..."

"We didn't, we really didn't... Grandma, don't listen to this crazy woman. She must be colluding with someone to frame us. How could we do such a thing? All these years, you know us the best, right? You must not believe what she said, right?"

Queen Yulia looked at her with dark eyes. Upon hearing her words, she suddenly snorted coldly.

"Yes, after being together for so many years, I understand you the most! Back then, your mother dared to lie to me at a young age. She took advantage of my longing for my daughter to gain my sympathy and love and successfully entered the royal family to replace the princess! If the truth hadn't been revealed

not long ago, I wouldn't have believed that she knew how to use people's feelings to achieve her goal at such a young age.

All these years, she had always been by my side and received privileges and protection from me! It was precisely because I knew your mother that I knew how greedy she was for wealth, power, and status.

What role did you, who had always been with your mother, play in this?

You and your daughter have caused me so much trouble. Now that everything is in front of me, how stupid do you think I am? I still can't see through your tricks and I even have to believe you?"

Bailey's face was pale. She bit her lips and shook her head repeatedly. Her tone was nervous and afraid.

"It's not like that, Grandma. We're really innocent..."

Chapter 1730: Enraged

"It's not like that, Grandma. We're really innocent..."

"Alright, I'll give you a chance to explain! Why don't you explain why you and your daughter were so sure that Fanxing had the pill?"

Bailey's face stiffened. "I was just guessing..."

Queen Yulia closed her eyes and took a deep breath, cutting her off.

"Shut up. Don't use such a reason to brush me off again."

"Grandma..."

Queen Yulia's eyes suddenly opened, and they shone with anger.

"Even if you can convince me repeatedly, how can you convince them?!"

She pointed at the crowd and shouted angrily, causing all the denial to be stuck in her throat.

She turned her head in a daze and countless gazes gathered on her. Every gaze was filled with shock and disdain. There was even disgust that could not be expressed with words.

Her heart, which had always been nervous and eager to smooth over this matter, suddenly hit rock bottom.

For a moment, her heart seemed to have died.

In reality, she was already dead.

She had reached a dead end. There was no way out, nor could she retreat.

Her grip on Queen Yulia's arm tightened uncontrollably, and her mouth was filled with the taste of blood.

She wanted to deny that this matter had nothing to do with her, but when she saw Queen Yulia's expression, she opened her mouth but no sound came out.

William's initial shock and heartache turned into calmness and indifference, which pierced Bailey's heart deeply.

All these years, she had always hoped that her father would take another look at her. She also had an indescribable hope for this father who had betrayed her mother.

But now, she knew that it was impossible.

Ye Jingyun's state of mind was no different from Bei Lei's.

At this moment, there was no regret in their hearts.

They had never expected Shen Fanxing to be pregnant.

Back then, they had made countless preparations for this plan. Even when they chose to use the musk to frame Shen Fanxing, she was the one who chose to find a solution domestically.

She knew that Shen Fanxing was a perfumer, but she didn't know that she was so sensitive to smells.

She even deliberately used the fragrance to confuse her, but she still saw through her...

She didn't expect Qiao Biluo to be saved halfway and even bit her to death.

She was the one who had planned this scheme today. Her goal was to kick Ji Fengmian and Shen Fanxing, the annoying mother and daughter, out of the royal family. They would be despised by everyone and have no place in this world.

But now... why did it become them?

Why did things turn out like this?

Ji Fengmian...

She suddenly remembered that something was wrong when she saw her today.

She turned her head abruptly to look at Ji Fengmian, only to see his cold face.

Her heart sank.

However, Ji Fengmian spoke extremely slowly.

"The royal family is the supreme existence in the entire country. Only with the existence of the royal family will they be able to live in peace and become a harbor that they can always rely on. In short, without the royal family, there will be no Country Y. The people in the royal family are naturally the most important. You plotting to harm the future leader of the royal family is no different from harming the country. This is not a simple matter. If it's true, it's a capital crime!"

Her voice was calm, but the expression on Ye Jingyun's face was extremely pale.

This was what she had said in a hurry to convict Shen Fanxing.

If she remembered correctly, Ji Fengmian had said everything.

'Yes.'

Everyone was familiar with this sentence. This was what Ye Jingyun had said just now. Now, Ji Fengmian had returned it to her.

She was emphasizing that harming the children of the royal family was a capital offense.

Ye Jingyun quickly shook her head and pounced on Queen Yulia, begging,

“Mother, I didn’t... I really didn’t... How could I harm Sister Wanwan... I won’t. I have no reason to harm her...”

Queen Yulia remained silent.

After being caught red-handed, how could her simple words turn the situation around?

Yulia’s silence told her that there was no room for her to deny or resist.

“Mother, you have to believe me. I really didn’t...”

Her words were obviously too pale to have any effect.

“Princess Ava, you deserve it. If the Queen really believes you, won’t she treat us as fools?”

“Yes, it’s obvious. You’re just lying to yourself.”

“Think about your words and actions with your daughter just now. I used to have a good impression of the two of you, but now it seems like it’s a waste of feelings. I might as well feed her to the dogs!”

“She’s your biological daughter and granddaughter after all. As an adopted daughter, not only can’t you tolerate them, you even want to ruthlessly kill them and even have designs on the throne. While you’re thinking about this, have you really not taken a good look at yourselves? You don’t have the noble blood of the royal family flowing in your veins, but you’re enjoying the life of a royal princess. You should be grateful to the queen, her daughter, and her granddaughter. In the end, you repaid kindness with ingratitude. This is unacceptable.”

“There are really all kinds of strange people in this world. They can even do such a vicious and shameless thing!”

Everyone’s words made Ye Jingyun realize that she was really done for this time.

Queen Yulia took a step back and her slight action snapped Ye Jingyun back to her senses. She gripped the queen’s clothes tightly again.

“Mother, Mother! No matter what, I admit that I have selfish motives, but this doesn’t prove that I did everything.”

No matter what... no matter what! Can you forgive me this once, just this once? Mother, I beg you, on account of our sincere service and filial piety over the years...”

Bailey seized the opportunity to beg Queen Yulia, “Grandma, this is a private matter of the royal family. There are many things that have yet to be clarified. Can we talk about this when we return to the palace?”

Shen Fanxing sneered and said, "Why? Now you know that you have to return to the palace to discuss this matter? Since you know that it's a private matter in the palace, whose doing is it?"

Shen Fanxing's eyes were cold as she pressed on.

"If you're not thinking clearly, that's good. I'll remind you."
