

# Chapter 1741 - 1742 of A Dish Best Served Cold Novel

## Chapter 1741 Of course not enough!

In front of the manor, Miyamoto's intermediary and others bowed their heads, begging Mark for forgiveness.

However, facing their begging for mercy, Mark gave a chuckle.

"If it was from the beginning, you had such an attitude."

"How did things develop to the point where they are now?" Mark's mouth was filled with a smile, and the faint words seemed to be a little joke.

"Yes, yes."

"What the sir said."

"I was confused for a while and offended the sir."

"These are my Miyamoto family's own faults."

Miyamoto's intermediary nodded repeatedly and calmly comforted Mark.

Even when talking to Mark, Intermediary Miyamoto's whole body was shaking.

This boy is just a killer.

Miyamoto's intermediary was really worried, and Mark killed himself again when he said nothing.

At the same time, he was naturally full of regret.

If he had known that Mark was so powerful, he would never send Nakamura and others to siege him.

For a long time, their Miyamoto family dominates Dongkyo, backed by the Sanhe Consortium, a century-old family, with their Miyamoto family's power, even if the entire Japanese country can wrestle with them, it is absolutely no more than two palms.

Therefore, they are also used to being arrogant and domineering.

After provoking them, naturally the first thought was to think of revenge.

But who would have thought that this time he actually kicked the iron plate.

Not to mention the facelessness, it caused their Miyamoto family to suffer heavy losses.

Xushan was dead, and most of the dozens of snipers they had worked so hard to cultivate were also damaged.

Ten years of trees, a hundred years of trees.

If you don't have money, you can make more money, but if you don't have people, it's difficult to cultivate.

"Sir, I have already handed that wicked son to you."

"Your grievances with our Miyamoto family will end here."

"I hope that in the future, we will not be in the water of the river, and we will not come together again!" Intermediary Miyamoto said in a deep voice, wishing to put an end to today's affairs.

However, Mark shook his head and smiled as he listened.

"End here?" "Do you think it's possible?" Mark chuckled lightly.

Everyone present was taken aback.

Miyamoto's old face sank instantly.

"Sir, don't deceive people too much."

"My Miyamoto family has bowed their heads and apologized, and my son Miyamoto Minami has already handed it over."

"What do you want?" In the tone of Miyamoto's intermediary, angrily lingered.

"I'm deceiving too much?" Mark retorted, "I just want to ask you, if the person who loses today is me, would you deal with me like this?" "Will you forgive me because I bow my head and apologize?" "This..."

Intermediary Miyamoto was stunned.

Mark is right. If Mark loses today, Miyamoto's agency will certainly not spare him.

Even, he would let Mark's family come to the funeral!

Mercy does not control soldiers, righteousness does not control wealth.

The Miyamoto family was able to have the status it is today in Japan, and it was by no means a kindness to sit on it.

For each family in the six consortiums, which hand is not covered with the blood of the enemy?

The weak eat the strong, the fittest survive.

This world is so cruel!

What's more, the intermediary Miyamoto was going to kill him before.

If it weren't for Mark's monstrous means, he would be a dead body now.

So, how could Mark forgive them lightly because of the Miyamoto family's apology?

"But...but, I...I already handed over my son."

"Could it be that this is not enough?" "Of course not enough!" As soon as Miyamoto's words fell, Mark's anger became tight. Then it sounded, "It was you who ordered me to kill, so you are the one who died!"

"Miyamoto's intermediary was stunned. Mark was right. If Mark loses today, Miyamoto's intermediary will certainly not spare him. Even he will let Mark's family come to the funeral! , Righteousness is not in control of wealth. The Miyamoto family is able to have the status it is today in Japan, and it is definitely not based on some kindness to sit on it. In each of the six consortiums, which hand is not stained with the blood of the enemy The weak eat, the fittest survive. This world is so cruel! What's more, the intermediary Miyamoto was going to kill him before. If it weren't for Mark's monstrous means, he is now a dead body. So, what about Mark Maybe because the Miyamoto family apologized and gave them lightly? "But...but, I...I already handed over my son.

"Isn't that enough?"

"Of course not enough!"

"As soon as the words of Miyamoto's intermediary fell, Mark's anger sounded immediately, "It is you who ordered me to kill, so you are the one who died!"

## Chapter 1742 the last reliance

what?

Everyone was surprised when they heard this.

Intermediary Miyamoto was even more terrified.

They thought that the young man in front of him would take into account the power of the Miyamoto family in Japan, and he would accept it as soon as he saw it.

However, they never thought that Mark could be so domineering.

Threatening to let Miyamoto intermediary pay for his life!

“You...you want to kill me?” “You...

You are so bold.

“Do you know what you are talking about?”

“I’m the Miyamoto intermediary, but the vice chairman of the Sanhe Foundation Managers’ Association.”

“You kill me, that is to despise the triad consortium.”

“The triad consortium has dozens of families and controls half of the Japanese power.

“I promise, if you kill me, you will incur frantic revenge from the triad consortium.”

“You alone, can you contend with my Miyamoto family, can you also contend with half of Japan’s nearly a hundred influences?”

“When the time comes, the world will be so big, I’m afraid there will be no place for you!”

“Miyamoto’s intermediary paled, and kept warning to Mark. The Sanhe Consortium’s managerial association is noble and inviolable. At the time, the Sanhe Consortium reached an agreement that all members of the managerial association would be humiliated and the whole would help. So, , Today, if Mark really killed Miyamoto’s intermediary, he would definitely be retaliated against by the triad consortium. “Yes.

“Sir, don’t be impulsive.”

“Since Chairman Miyamoto has apologized for this matter today, you can accept it when you see it.”

“Otherwise, if you really provoke the triad consortium, then you will face the joint revenge of dozens of forces.”

“In this world, there should be no one who has the ability to compete with thousands of people, right?

The rest of the people also persuaded Mark one after another. It was Liang Palace Yingyue who also said. “Master, I think I will spare him.”

“After all, the Miyamoto family is backed by the Sanhe Consortium, and now bowing their heads to apologize in public, they are already very sincere.

“No need, I’ll kill them all.”

“Otherwise, the future situation of the master will be really dangerous.”

“Haruhi Yingyue was born in Japan since he was a child, and naturally has an understanding of the energy of the six major consortia. The energy of these monopoly consortia covers all walks of life in Japan. Even if they want, some can mobilize the army. Even the triad consortium. His overall strength is the weakest among the six consortiums. But if the big families are united, they are not personally able to contend. “Why, even you think I would be afraid of this triad consortium?”

“Listening to everyone’s advice, Mark shook his head and smiled. The words were full of arrogance and contempt. “No matter how powerful they are, can they pass the Chu Family?”

“

“No matter how strong the power is, can I still be stronger than the titled master?” “I didn’t even look at the world’s largest wealthy, so why fear this small triad consortium?” “Today, don’t say he is a vice president. Now, the global president of the Sanhe Consortium is here, and I can’t stop it!” Mark smiled proudly.

The sound of the whole thing resounded like thunder, and Liang Gong Yingyue only felt that Mark’s ears were all in her ears.

However, when Mark refused to listen to dissuasion and was about to kill Miyamoto’s intermediary angrily, a majestic shout came from behind him.

“Even me?” “Don’t pay attention to the Chu family?” “Your Excellency is really a big tone!” “You don’t really think that if you step on the Miyamoto family, you can not be afraid of me. Isn’t it a consortium? Don’t be afraid of the world’s people, right?”
