

# Chapter 1753 - 1754 of A Dish Best Served Cold Novel

## Chapter 1753

Facing Mark's words, Qianchi lowered his head quietly.

She didn't know what to say or what words to use to express her state of mind at the moment.

An obscure and insignificant person, one day suddenly stood on the top of power and held endless wealth. That kind of strong contrast is a weather-beaten old man, I am afraid that it is difficult to maintain calmness, let alone this weak woman in her early twenties?

The life experience of the first half of her life made Qian Chijing feel too unconfident about herself.

Coupled with the weakness of the character and the inner fear, she did not dare to accept Mark's gift.

However, Mark smiled and comforted.

"Be confident, why bother to underestimate yourself?" "No one is born to be a strong person. They will go through a process."

"I can do it, and I believe you can do it."

"Relax, before you grow up, I will let people assist you."

Mark stood with his hands behind, and said in a deep voice.

Then, he looked at Iwai Zen who was embarrassed and said coldly: "Before I take your life, I will give you the task of assisting her."

"Can you do it?" Mark said coldly. , Quietly sounded.

Facing Mark's order, Iwai Zen naturally did not dare to disobey.

He was a guilt body, if he angered Mark again, he was afraid that his life would really be lost today.

“Dragon Lord, rest assured, I Iwai Zen must do my best to assist Miss Qianchi Jing and take charge of the overall situation.”

“If there are two hearts, the heaven will die!” Iwai Zen respectfully replied.

Mark nodded: “Yeah.”

However, at this moment, Miyamoto’s intermediary, who had been horrified, suddenly ran forward, bowed to Mark, and respectfully said: “My Miyamoto The intermediary is also willing to hand over the position of the Patriarch of the Miyamoto family to Qianchi Shizuo.”

“From now on, the Miyamoto family and Mr. Yui will follow!” What?

“Grandpa, are you confused?” “What nonsense are you talking about?” “As for Qian Chi Jing’s virtue, how can she be the head of the Miyamoto family?” Mark hasn’t spoken yet, Qian Chi Yan. But he can’t sit still.

Envy rose in his heart, and said to Miyamoto’s agent.

, For a long time, among the two sisters, Qian Chi Yan has always been the most loved one.

On important occasions, Grandpa asked her to accompany him, but Qianchi Jing was not allowed to follow.

Even when she went to university, the family paid only to send her to study abroad, while leaving Qianchi Jing to stay in a normal school in Japan.

Qianchijing has always been the one that is often overlooked in the family.

It can be said that since childhood, Qian Chiyan has enjoyed a better treatment than his sister, and has also received more attention and glory.

But now, her sister, who was once looked down upon by her, has transformed into a supreme power.

Even his grandfather had to give her the position of Patriarch, standing in a position that made her look up.

How can Qianchi Yanzhi’s mind be balanced?

Immediately red eyes, protested at Miyamoto Intermediary.

“You idiot!” “Shut up to me?” “When is the time, why are you jealous of your sister?” “You want to kill me, kill the Miyamoto family~” At that time, Miyamoto was almost mad. , Slapped Qian Chi Yan directly on the ground with a slap, nosebleed all over his face.

From Mark's words and deeds just now, a fool could see that the relationship between Mark and Qian Chijing was absolutely extraordinary.

Even, most likely, his granddaughter is Mark's woman.

## Chapter 1754

Otherwise, how could Mark hand over the Sanhe Consortium to Qianchijing so easily.

In the eyes of everyone, what Mark did was to push his own woman out and act as his agent, on behalf of Mark, in charge of the Sanhe Consortium!

If so, Mark will undoubtedly have a stronger control over the Sanhe Consortium.

Therefore, after seeing the close relationship between Qianchijing and Mark, Miyamoto's intermediary acted like a man who fell into the water and grabbed the last straw.

He knows very well that whether he can survive today is the key to his granddaughter.

Therefore, Miyamoto's intermediary made a decisive decision and handed over the position of Miyamoto's Patriarch to show Mark's loyalty, and at the same time, it was regarded as an atonement for Mark's previous offense.

Anyway, Qianchi Jing is considered a half of their Miyamoto family, not an outsider, if she can fly high, his Miyamoto family can naturally borrow the light.

But what Miyamoto's intermediary didn't expect was that Qian Chi Yan, an idiot, was jealous at this time, and offended Qian Chi Jing with his words.

Doesn't she know that the life and death of their Miyamoto family are all attributable to Qianchi Jingyi?

Intermediary Miyamoto now only hopes that Mark can see Qian Chijing's face and spare them his life.

For this little thought of Miyamoto's intermediary, Mark was naturally insightful.

He looked down at the old man kneeling down at his feet and sneered.

"Do you really think that by showing good to me in this way, you can save you from death?" "You are all over half a hundred years old. Unexpectedly, you are so innocent?" Mark shook his head and smiled, speaking sharply. With a deep chill.

After hearing these words, Miyamoto was almost frightened.

My heart is cold.

Mark meant that he didn't plan to let him go.

"Don't, I really know that I was wrong~" "It's because we don't know Taishan and offended you."

"Please, Mr. Jinger, for the sake of Jing'er, please spare me this time."

"I promise. In the future, my Miyamoto family will respect Mr. Shouzun as a father and respect Mr. as a god!" "From now on, you will be the king of my Miyamoto family, and Jinger will be the queen of the Miyamoto family."

"Just ask Mr., Forgive us not to die~" Intermediary Miyamoto knelt and begged.

With that tragic look, where is the majesty that the head of the half-household should have?

Now he can't take care of any face.

Besides, even the president of the Sanhe Consortium knelt down to beg Mark for mercy, and he was crying and begging for mercy by a vice president, and there was nothing shameful.

"Quiet, I beg you, please say something nice to Grandpa~" "Before, Grandpa didn't pay enough attention to you, I admit it."

"It's all because Grandpa was blind, blinded by your sister, and misunderstood."

"Grandpa knew it was wrong. I will make up for it a hundred times in the future."

"Just begging for this time, you save grandpa~" Seeing that Mark's request was unsuccessful, the intermediary Miyamoto climbed to Qianchijing's direction, and apologized to his granddaughter. .

He couldn't help talking with his nose and tears.

The tears of the old made people feel heartbroken.

In the end, Qianchi Jing's begging eyes still looked at Mark.

"Sir, can...can't, bypass Grandpa this time?" Qianchijing's voice was very small, obviously with a little guilty conscience.

She knew that she was actually not qualified to intercede to Mark.

Mark did not owe her anything, on the contrary she owed Mark too much.

But after all, it was his grandfather, Qian Chi Jing, who was always pure and kind, how could he really ignore him?
