

## Chapter 1791: Come Here

At some point, Little Moon had run to the bed. While they were talking, he took aim at the black bag and bit it.

The two of them were attracted by its actions and looked at it.

“Moon, don’t bite it...”

These were all Li Mo’s things. If they broke, he would go out in the middle of the night to buy another set for her...

She couldn’t take it anymore.

She reached out to take it, but Little Moon stuck his butt out and fought with Xu Qingzhi.

Without any warning, Xu Qingzhi tore the thin bag into two.

The things inside scattered all over the bed.

Xu Qingzhi paused and hurriedly reached out to pack up the items. However, before her hand could touch them, it stopped in mid-air.

Looking at the pile of things, her face suddenly turned red.

...

She curled her fingers and found herself in a dilemma.

She didn’t know whether to take it or not.

No wonder the cashier said that.

So that was the reason.

A familiar aura suddenly pressed down on her. Her heart skipped a beat and she saw a long arm sweep past her.

Looking over, she realized that the well-defined hand had already picked up one of the boxes.

After that, his aura faded and he stood up. After looking at the box for a few seconds, his expression changed.

Xu Qingzhi’s face flushed red. Now that there were only the two of them, her heart almost jumped out of her chest when she saw this unbearable sight.

But the situation couldn’t be calmed down easily.

When Li Mo realized what these things were, he subconsciously looked at Xu Qingzhi.

Her face was flushed and her eyes flickered. She turned her head to the side, revealing an ear and neck that were dyed red.

Li Mo’s gaze trailed down her slender and fair neck. Her exquisite collarbones were exceptionally obvious because of her movement.

Perhaps because Li Mo's gaze was too unconcealed, Xu Qingzhi's heart raced. Her eyes darted around before she suddenly stood up and picked up the bag beside her.

"I'll go downstairs to put these things away."

As she spoke, she lowered her head and walked past Li Mo. A faint fragrance swept past him and his eyes narrowed slightly, allowing her to escape in panic.

He was the only one left in the room. He turned to look at the bed and his lips twitched.

Back then, he had taken almost everything on the shelf. There were several brands and even different design categories. He had taken two boxes of everything. Now, there were at least a dozen boxes.

The supermarket cashier's words sounded again.

She had just gotten pregnant, so she had to control herself.

Frowning, he took a bag that had just been emptied and put away the things on the bed.

Then, she bent down and sat on the bed. She took out her phone and fiddled with it for a while.

Two minutes later, he threw his phone on the bed and stood up silently to go to the bathroom.

Xu Qingzhi had just bought a glass of water, bowls, and slippers downstairs. She heated a glass of milk and sat at the dining table, not daring to go upstairs.

She didn't know how to face Limo.

Why would he take so many of those?

What... was he doing with those things?

She didn't dare to think about it. She held the glass and took a sip of warm milk.

Blinking, she stroked her burning cheeks with the back of her hand.

Finally, she picked up the cup again and finished the milk. She reached out to fan herself.

So hot...

She dawdled for more than twenty minutes before she composed herself and went upstairs.

She hesitantly opened the door and walked in to find that there was no one inside. The things scattered on the bed had also been tidied up. When she listened to the bathroom again, there seemed to be no sound.

She heaved a sigh of relief. Fortunately... otherwise, she wouldn't know how awkward it would be.

However, she still felt a little disappointed.

Guessing that he might have gone to the room next door to rest, she sighed softly and walked to the bed. She took off her clothes and changed into her nightgown. Then, she lifted the blanket and lay down.

She checked the time on her phone. It was almost eleven o'clock.

She had planned to sleep at nine.

She wondered if she had gotten used to Little Moon sleeping beside her after spending two days with him. She looked to the side, but there was no sign of him. She reached into her cup and searched for a while, but there was nothing.

Did the little guy fall in love with Limo and sleep with him?

But did Limo want it?

Forget it, it had a kennel too.

Not long after Xu Qingzhi laid down, she heard the sound of the doorknob turning.

She shuddered and the little bit of pajamas that she had painstakingly put on disappeared in fear.

However, when she thought of the two people in the room, she tightened her grip on the blanket and closed her eyes to pretend to be asleep.

Li Mo changed into his pajamas and walked in. He saw that Xu Qingzhi was already lying on the bed. Her body was tilted slightly and she was facing the window. The blanket was pulled up to her chin.

He walked to the other side of the bed and stood there for a few seconds before bending down to lift the blanket and lying down naturally.

Xu Qingzhi's eyes trembled slightly, and her eyelashes trembled uncontrollably. Her heart pounded wildly.

It was too comical for her to pretend to be asleep.

She gritted her teeth and buried her head deeper into the blanket.

"Do you want to suffocate yourself?"

Li Mo's low voice suddenly sounded. Xu Qingzhi paused and pretended to be asleep.

She opened her eyes slowly and saw Limo's face.

Her pupils constricted from the strong impact. She pursed her lips and moved away from Limo.

"You..." she began awkwardly, "why aren't you next door..."

Li Mo frowned. "How many times do I have to say it? This is my room too!"

Xu Qingzhi nodded. "I know, but... are you sure you want to sleep here?"

Li Mo's voice was deep and cold. "This is my bed too."

Xu Qingzhi paused. Sleeping on the same bed as Limo was really the second time in her life.

Even though they were legally married.

It could also be said that the legal couple had never lived a life that a legal couple should have.

The only time they slept under the same roof was when they slept in separate rooms.

She wasn't used to it. In fact, she was more nervous and uneasy.

She was used to living alone and had never gotten married. To her, it was just a change of residence.

Now that Li Mo had suddenly barged into her life, she was caught off guard and completely disrupted her rhythm.

She hesitated for a long time before sitting up slowly.

"Then I..."

"Xu Qingzhi, I don't want to argue with you now, but if you don't behave yourself, you can sleep in the courtyard."

"..." How was she restless?

"Lie down," the man said again.

Xu Qingzhi took a deep breath and comforted herself that she had to recognize herself. She was now Limo's wife. It was only right and proper for her to sleep on the same bed as him.

In the end, she lay down. However, the first thing she did was to find the remote control and turn off the lights in the room.

The room darkened and there was only a dim night light beside her.

That was the night light she had prepared to prevent herself from accidentally hitting the bathroom in the middle of the night.

Without the bright lights, she felt much better in the dark.

There was no sound for a long time. Just as Xu Qingzhi was about to calm down, Li Mo's low and hoarse voice sounded again.

"Move over here."

Xu Qingzhi was shocked and didn't move.

"If you move any further, you'll roll to the ground."

"... Can... can you not speak so suddenly in the future..."

As Xu Qingzhi spoke, she reached out to touch the side of the bed. Indeed, she almost fell to the ground. If she fell asleep at night and didn't know, she would turn over and there would be no doubt...

She had some lingering fears. After weighing the pros and cons, she moved to the middle of the bed.

Li Mo only snorted at her "suggestion". "Haven't you always been bold? Now, I can scare you just by breathing?"

Xu Qingzhi pulled the blanket tightly and said, "I'm not used to it..."

Li Mo was speechless.

Li Mo didn't say anything else. Xu Qingzhi took a deep breath and shrank into the blanket. Under the light of the night lamp, she could vaguely see Li Mo's handsome face in the darkness.

She had always been a superficial beauty. If not for Limo's face, she wouldn't have noticed him back then.

That was to be expected.

When she opened a door and stepped in, her second foot would naturally follow suit. Then, she would walk further and further into the "deep alley".

Sometimes, feelings were really emotional.

Once she reached a certain level, she would lose control and not follow reason.

If someone asked, what was the most willful thing in the world?

She thought that it must be something like feelings.

The dim light reflected on his well-defined face. In the past few years, he had walked out of school and taken over the huge Li Corporation. His years of experience had made him more stable and cold.

If only she had withdrawn herself earlier.

However, there were some things that she couldn't get and she had to covet. As time passed, it became an obsession.

Her lips twitched slightly. She had never dared to imagine that one day, she would really look at this face from such a close distance.

She adjusted her head to a more comfortable position and stared at Li Mo's face. In the end, her eyelids fluttered and she gradually fell asleep.

After a long while, when he sensed that the breathing beside him had stabilized, the man slowly opened his eyes. His dark eyes were hidden in the darkness, but his gaze landed on the face of the woman who was already sound asleep.

This face... was really a disaster.

She was so annoying even when she was asleep.

Raising his hand, he gently brushed the hair away from her nose.

She was a young lady who had been nurtured since she was young. Even her sleeping posture seemed to have been specially trained.

His fingers accidentally brushed against the tip of her nose. She wrinkled her nose and shook her head slightly. Her body moved a few inches towards him.

Her unique fragrance was even clearer now.

His mind wavered slightly as he looked at the body that was almost buried in his arms. It was... a pity.

—

In the morning, Xu Qingzhi was woken up by an alarm.

Usually, she wouldn't force herself to wake up too early, but today, she had to wake up early to go to the hospital for a prenatal checkup.

Frowning from the noise, she closed her eyes and fumbled for her phone. However, her hand felt warmth.

Something was swaying in front of her, and even her head seemed to be moving.

Xu Qingzhi opened her eyes abruptly and saw Li Mo's frowning face.

She gasped and before she could react, Li Mo opened his eyes.

"..."

She was resting her head on his arm, her entire body in his embrace. More importantly, her hand...

His fingers curled unconsciously. Sensing something, he lowered his gaze to look at her.

After pausing for two seconds, he reached out to lift the blanket...

Xu Qingzhi didn't even have time to retract her hand.

At this moment, she felt even more ashamed.

It was normal if she didn't sleep well at night and fell asleep in his arms.

But, her hand... How did she manage to reach into his pajamas and touch his chest?

Li Mo stared at her for a long time before looking up at him.

"Xu Qingzhi."

His voice was still hoarse from waking up.

"Huh?"

"You're taking liberties with me so early in the morning?"

Xu Qingzhi blushed and quickly pulled her hand out of his pajamas.

"I just woke up too. This was definitely done unconsciously after I fell asleep last night. How could I... be a hooligan..."

Li Mo snorted and said, "The things you do unconsciously at night are really different. You can even dig your hands into other people's clothes."

Xu Qingzhi's lips twitched. "Unconscious means unconscious. Anyway, I can't do anything about it..."

Li Mo stared at her.

She stared back at him.

She had a clear conscience.

After a long while, Li Mo's eyes shifted to their positions.

Xu Qingzhi was still lying on Limo's arm.

If others were to see the two of them now, they would definitely be convinced that they were a loving couple.

Xu Qingzhi also realized the situation and an unnatural look flashed across her eyes.

The alarm on her phone rang for the second time. She took the opportunity to sit up and find her phone. She turned off the ringtone and got out of bed.

With her back facing Li Mo, she tidied her clothes, looking embarrassed.

What exactly happened last night?

She had always been well-behaved when she slept.

Why did she end up like that with Limo the next day?

Could it be that she had really missed him for too long, so she sleepwalked and groped him at night?

Her lips twitched. If that was the case, Xu Qingzhi, you're really hopeless.

Closing her eyes, she rubbed her stomach out of habit and went to the washroom.

When she came out again, Li Mo was no longer there.

She was in a hurry, so she didn't think much of it. She hurriedly tidied up the bed, dressed up, and went downstairs. She added dog food and water to Little Moon before rushing out with her keys.

Limo's car was parked at the entrance.

Chapter 1792: Pregnancy Examination

Limo's car was parked at the entrance.

Her footsteps slowed and she stopped in her tracks.

She tightened her grip on the car keys.

She really didn't dare to have any expectations.

Otherwise, she would always be the one who became a joke.

Seeing that she didn't move for a long time, Li Mo rolled down the window and looked at her coldly.

"What are you waiting for? Get in the car."

Xu Qingzhi's eyes flashed. Before she could react, she had already walked towards the car.

"You... Why..."

Li Mo held the steering wheel with one hand and rested his arm on the edge of the window. He turned his head to look at her.

...

He stared at her with his dark eyes and frowned slightly. "Stop wasting time."

He spat out a word of impatience, but the next second, he had already opened the door. He got out of the car and walked to Xu Qingzhi. He reached out to grab her arm and walked around to the passenger seat. He opened the door and stuffed her in.

Xu Qingzhi tried her best to cooperate, afraid that she would accidentally bump her stomach.

But in the end, he didn't.

Li Mo's actions were not gentle, but he could always avoid any possibility of danger.

The car was still warm and Limo closed the door for her.

She turned back to the driver's seat.

Xu Qingzhi reached out to remove the scarf around her neck, her movements gentle.

Even now, her heart was in a mess.

'I'm not sure.'

Suddenly, Li Mo bent over.

A familiar strong aura pressed down on her and she instantly held her breath. She leaned back and watched in surprise as he approached.

He washed up quickly. The scent on his body carried the scent of freshly washed up products. Coupled with the scent of the cold air on his body, it made her mind even more confused.

However, Li Mo only reached out and pulled the seatbelt beside her. He circled to the other side of her body and locked her up.

Then, he raised his hand and adjusted the seatbelt, avoiding her slightly protruding stomach.

This unnecessary action made Xu Qingzhi's heart feel like it was filled with hot sugar water. There was also an unknown mix of excitement and happiness.

He cared.

He cared about the baby in her stomach.

He was actually so meticulous that he was worried that the seatbelt would strangle her stomach...

She had no idea how Limo felt about this child.

Back then, he did want her to abort him. He hated it so much...

But today, he seemed to be different...

She bit her lips lightly and looked at him. She had no idea what he was thinking.

Actually, even Limo himself didn't know what he was thinking.

Except...

He was more than willing, he thought.

Why think so much?

After adjusting her seatbelt, he glanced at the woman. "You're so slow-witted. Don't you have the cheek to care about your employees?"

Xu Qingzhi pursed her lips. This man was really touching.

"I'm not like that in the company."

Li Mo didn't say anything. He stared at her for a few seconds before straightening up. He buckled his seatbelt and started the car.

Xu Qing knew. "I'm going for a prenatal checkup today!"

Li Mo's face was cold. "Okay, I'll bring you to work."

Xu Qingzhi's mouth fell open in surprise. "Limo... today is my prenatal checkup."

The car started slowly. "I think you're fine."

"You... stop the car!"

Xu Qingzhi was furious. She was almost scared to death yesterday!

Director Tang made it sound so serious that the physical examination was brought forward to today, but he actually said that he was fine...

But how could Limo listen to her? He sped up silently.

However, when Xu Qingzhi realized that the car wasn't heading towards her company or the Li Corporation, her expression changed slightly.

When the car finally stopped at the hospital, her expression...

It seemed even uglier than before.

She unbuckled her seatbelt. While she was wrapping her scarf, Li Mo had already gotten out of the car and opened the door for her.

She got out of the car with a cold face and looked up at Li Mo's perfect and handsome face.

Li Mo closed the car door and looked down at the woman who only reached his chin. She was glaring at him unhappily.

Her lips twitched, but she still asked, "What are you looking at?"

Xu Qingzhi took a deep breath and suddenly stomped on his foot.

Caught off guard, Li Mo frowned and bent down slightly. He took two steps back and stomped his feet to ease the pain before looking at the woman.

He realized that Xu Qingzhi was glaring at him angrily.

He paused. She was... angry.

Looking down at the shiny leather shoes on her feet, he pursed his lips and said, "Crazy woman."

"You deserve it!"

Xu Qingzhi said angrily before walking past him.

She had been angry for nothing.

In the end, Li Mo followed behind her.

Sensing his presence, Xu Qingzhi's lips twitched.

Her suspicions had been confirmed since the moment she left the house.

Although the method was a little harsh.

The hospital had always been the most crowded place.

Especially during the morning rush hour.

There were patients' family members, doctors, and nurses.

The luxury car that Li Mo drove naturally attracted a portion of people. Moreover, Li Mo had outstanding looks and a noble aura. He was basically a well-known figure in Rong City. Hence, when he alighted from the car, everyone's gaze landed on him.

Xu Qingzhi's sudden kick made the surrounding people laugh.

Everyone saw how hard Xu Qingzhi had stepped on Li Mo. But how much strength could a pregnant woman use?

It was rare to see the couple together. Xu Qingzhi looked like she was venting her anger, but she was actually flirting.

"Didn't they say that Mr. Li and Madam don't have a good relationship? Why doesn't it look like it?"

"How much can outsiders know about their private matters?"

"Who can only look at the surface of a wealthy family? What you see is sometimes just what you see."

Xu Qingzhi found Director Tang's office again.

Tang Fan was leaning against the chair, looking tired.

She stood up and yawned. Her gaze lingered on Li Mo for a while before she suddenly laughed.

"Why are you following me so closely today? Are you afraid that someone will be your cheapskate father?"

Li Mo's face darkened.

Xu Qingzhi was afraid that he would lose control and beat Director Tang up. She hurried forward and asked, "Director Tang, can I do a checkup now?"

Tang Fan sighed and stood up from her chair. She buttoned her white coat.

"Of course, let's go."

Xu Qingzhi paused and looked at him in surprise.

"Today, you..."

Tang Fan raised an eyebrow. "Is there a problem?"

Xu Qingzhi shook her head and followed behind him.

Li Mo frowned and strode after Xu Qingzhi.

Two nurses were already waiting outside Tang Fan's office. They were surprised to see Director Tang coming out personally.

"Director Tang."

"Director Tang."

"Miss Xu..."

After greeting them, she saw a third person following behind her.

They were slightly stunned and wanted to greet him, but because of the gloomy expression on the man's face, they didn't dare to speak.

Li Mo pulled Xu Qingzhi into his embrace. "What do you mean? He has always been the one to check your pregnancy?"

Xu Qingzhi was baffled. "Director Tang has always been in charge of me."

Li Mo's features... seemed to be covered with a thick layer of frost.

Tang Fan took two steps forward and placed her hands in the pockets of her white coat. She looked calmly at the man opposite her who was in an extremely bad mood.

"Mrs Li, let's go quickly. I have an appointment later," he said at the right time. It was obvious that Li Mo's expression had worsened.

"I'm sorry." Xu Qingzhi apologized hurriedly. She pushed Li Mo away and walked towards Tang Fan.

The nurses standing at the side looked at each other and smiled before following Xu Qingzhi.

Li Mo knew very well that this was a hospital. One could not distinguish a doctor by gender.

However, at the thought of Xu Qingzhi lying naked in front of Tang Fan...

The fire rose to the top of his head, wanting to tear his skull apart.

No way.

She couldn't even think about it.

"Xu Qingzhi."

Following her again, Limo called out to her.

Xu Qingzhi looked at him in confusion. Was there something wrong with this man today?

"What's wrong?"

Li Mo glanced coldly at Tang Fan and said, "I don't think the medical standards here are good. I'll bring you to another hospital for a checkup."

Xu Qingzhi frowned and said, "I've always been doing physical examinations here. I don't think there's anything wrong. If you have anything else, you can go ahead."

Tang Fan smiled to herself and suddenly said, "Let's do a urine test first."

Xu Qingzhi nodded and took the plastic cup from the nurse before walking towards the washroom.

Li Mo was speechless.

Tang Fan looked at him with a faint smile.

Their eyes met and sparks flew.

Not long after, Xu Qingzhi came out of the washroom and handed the items to the nurse.

"Thank you."

A nurse left and the few of them walked forward. The remaining nurse couldn't help but remind Li Mo.

"Mr Li, you can actually accompany Madam the entire time."

Xu Qingzhi looked up at him, her eyes filled with emotions.

Li Mo pursed his lips and took a few steps forward.

Although he didn't say anything, his actions proved everything.

Xu Qingzhi's heart skipped a beat and the nurse beside her smiled at her.

Of course, Li Mo had to follow. If this pervert dared to take another look at Xu Qingzhi, he would definitely not let him off.

However, when she reached the examination room, Tang Fan suddenly stopped and looked back at Limo.

Her expression was regretful. "What a pity. I still have to do ward rounds and can't accompany Mrs Li for her prenatal checkup. Little Qian will send the results to my office later."

The nurse quickly smiled and said, "Yes, Director Tang."

Then, Tang Fan turned around and smiled at Xu Qing. "Next time, I'll accompany you for your prenatal checkup."

No matter how stupid Xu Qingzhi was, she should have realized that Director Tang had done it on purpose.

Tang Fan was the director of the gynecology department. He wouldn't personally attend a prenatal checkup.

She could see the schedule for the third physical examination clearly. It was just some basic examinations.

There was no need for him to appear personally.

He was a young man after all. Although doctors didn't care about gender, the pregnant woman's family still minded.

Moreover, he didn't like to be involved in such matters.

His words seemed to be directed at Li Mo.

Tang Fan's first sentence sounded like a human, but the second sentence hit the nail on the head.

Next time?

Ha.

Tang Fan gave a provocative smile before turning to leave.

Li Mo narrowed his eyes.

Damn pervert.

In the end, Li Mo followed Xu Qingzhi into an independent examination room.

The moment they entered, Xu Qingzhi started to undress.

Li Mo frowned. He knew that this would happen!

Only her tight-fitting clothes and slender figure were left. Only her stomach was protruding. It was white and bulging, and the light shone on it.

After taking off her clothes, she stood in the corner while the nurse recorded the data.

"It's 1.5 kilograms more than last month."

Xu Qingzhi asked, "Is it okay?"

The nurse smiled and shook her head. "It's alright, but at your stage, you usually weigh about two kilograms. You weigh two kilograms and your growth is a little slow. Mrs Li, you have to eat well."

Xu Qingzhi frowned slightly. "I eat a lot sometimes..."

"Sometimes, you can't. You have to eat evenly. Don't starve yourself. It's not good for your health and the baby..."

Xu Qingzhi nodded, her expression dark.

“But don’t worry, just be careful in the future. Your body is light, so it’s not surprising that you can’t grow that much.”

After that, the nurse took her abdominal circumference and blood pressure before lying down on the bed.

Li Mo walked in and realized that it was an ultrasound room.

There was a slightly older doctor sitting inside. When he saw them, he smiled at them.

Li Mo’s brows furrowed.

That pervert was lying to him?

The doctor in charge of the ultrasound lowered his head and smiled as he applied the chelation agent on Xu Qingzhi’s stomach.

“Did you come with your husband this time?”

Xu Qingzhi blushed and nodded lightly.

The doctor smiled and looked up at Li Mo.

“This is your first time here, so it should be your first time seeing your baby, right? Take a good look later. What does your son look like? You will definitely think that life is the biggest and most unbelievable miracle.”

Li Mo pursed his lips and shifted his gaze to the device in front of him.

“Come closer,” the doctor greeted him with a smile.

He obeyed and walked forward to stand beside Xu Qingzhi.

She placed the hood on Xu Qingzhi’s stomach.

The image on the device shook a few times. It was only when the doctor found a spot that he could see the image clearly.

It was obvious that she was a baby. Her legs were curled up and she was hugging her arms with one hand while the other was pressed against her ear. Her features were blocked.

The scene shook again. One could see the little guy’s tiny penis...

Chapter 1793: Untitled

The scene shook again. It was obvious that the little guy...

Li Mo pursed his lips. It was indeed a man!

The nurse at the side smiled and said, “Has the baby’s posture changed? Last time, he was still hugging his head with both hands... This time, his actions are really not small. He might be a lively baby in the future...”

Xu Qingzhi turned her head to look at the screen as well. A trace of affection and gentleness that she didn't notice surfaced on her face.

The ultrasound doctor's smile was always gentle and kind. "She's full of energy, but she's also mischievous. If she was smarter, you would have had a headache when you were young."

Xu Qingzhi seemed to have thought of something and the smile on her face widened. "Smart children will only think of making us happy. They won't cause trouble..."

Because he was smart, he definitely knew his limits.

The doctor smiled faintly. "You're right."

Li Mo's gaze landed on Xu Qingzhi's smiling face, and an inexplicable emotion swelled in his heart.

At this moment, the doctor seemed to have turned on something and a series of knocking sounds could be heard clearly.

...

"Listen to this little guy's heartbeat. It's really strong."

As she spoke, she looked at Li Mo and realized that there was a hint of curiosity and surprise on his handsome face.

His dark eyes stared at the mirror image. His expression should be something that rarely appeared on his face.

Xu Qingzhi had heard this voice before. It belonged to her and Fanxing...

This symbolized life.

Her child was obediently in her stomach.

The doctor changed his position and took a closer look. Then, he retracted his head and took out a tissue to wipe it.

Xu Qingzhi slowly got up from the bed. With only her undergarments, she didn't have the mood to care about Limo.

Instead, she took the tissue from the nurse and wiped the mixture on her stomach.

"Doctor, there shouldn't be any problems with the baby, right?"

"Huh?" The doctor put the probe away and pressed the button to print the ultrasound. He turned to look at her in confusion.

"The fetal position is normal, and the child is developing normally. It's just a little small. You haven't grown enough weight this month, right?"

Xu Qingzhi nodded lightly. "Almost."

"Go back and eat more."

“... Okay.”

Xu Qingzhi heaved a sigh of relief. However, she was still worried about the final prenatal checkup report.

Turning around to get dressed, Li Mo followed her out, his expression unreadable.

Xu Qingzhi got dressed, but he didn't say a word.

“... What's wrong?”

Why did he suddenly become a different person after doing a color ultrasound with her?

Li Mo glanced at her and said slowly, “You're indeed a son.”

Xu Qingzhi said, “I've already found out.”

Li Mo put his hands in his pockets and stared at Xu Qingzhi for a long time before saying, “I think a daughter is better.”

Xu Qingzhi's heart sank. He didn't like her son?

“... Why not?”

Li Mo frowned and looked displeased. “She's a little ugly.”

Xu Qingzhi's jaw dropped in shock!

Did she dislike her son because he was ugly?

“Pfft...”

At this moment, the nurse who had just come out heard what Li Mo said and couldn't help but laugh.

It was said that Mr Li had always been cold and heartless. He didn't smile and his methods were famous for being ruthless and unreasonable.

How could she be so funny now?

He was probably the first person she had seen who said that her son was ugly.

Xu Qingzhi was speechless for a long time. She didn't find Li Mo's words funny. There was only one thought in her mind, and that was that Limo found her son ugly and didn't like him.

Seeing that the pregnant woman was in a bad mood, the nurse walked out with a printed ultrasound.

“Mrs Li, Mr Li is praising you for your beauty!”

Xu Qingzhi looked at her.

“Daughters usually look like their mothers. Mr. Li thinks that I'm beautiful, so of course he's referring to you, right, Mr. Li?”

Xu Qingzhi looked up at Li Mo with a hint of hope.

Was Li Mo indirectly praising her beauty?

The nurse's words actually made sense.

Sensing Xu Qingzhi's gaze, Li Mo's thin lips moved and an unnatural look flashed across his deep eyes.

"What are you looking at? Can't your daughter be like me? Can't she be beautiful like me?"

Xu Qingzhi blinked. Seeing his embarrassment, she couldn't help but smile.

"But usually, sons are like their father, and it's very likely that they're carved from the same mold. I also think the baby is like you..."

Li Mo frowned and looked at her coldly. He took the ultrasound from the nurse's phone and looked at it again. Then, with a look of disdain, he placed the ultrasound beside his ear.

"Open your eyes and take a good look. Am I that ugly?"

On the left and right, Li Mo's ultrasound was compared to his.

Xu Qingzhi's eyes widened as she looked at Li Mo's face and the photos. Suddenly, she couldn't help but laugh.

The nurse beside her was also laughing uncontrollably.

This was the first time she had seen someone comparing a four-month-old baby with her own face.

It was too fun.

Li Mo seemed to realize how childish his actions were. His face darkened and he threw the ultrasound scan to Xu Qingzhi before walking out of the examination room.

Xu Qingzhi caught it and read it carefully.

The little fellow was on top and his limbs could be seen clearly. His arms were covering his face, so only half of his face could be seen. His facial features seemed to be clearer than last month. Looking at the closed eyes on half of his face, he could tell that his eyes were not small.

However, she really felt that be it the shape of his face or his facial features, Limo's shadow was everywhere.

She had to look like Limo. That way, even in the future...

She could also watch her son's face.

She really didn't want to face this outcome.

Sighing softly, she walked out with the ultrasound.

In the director's office, Tang Fan was reporting the situation to Shen Fanxing.

He typed on WeChat.

[Limo came to the prenatal checkup with your friend today.]

[I'm jealous.]

Of course, Shen Fanxing was still sleeping soundly in her husband's arms.

Knowing that there was no response, she placed her phone aside after typing.

"Yes, she's really not a good doctor."

After reflecting on himself, he slumped back in his chair and stared at the ceiling. He stared at the white wall.

"How boring..."

The Obstetrics and Gynecology Department was simply a department with a wasted life.

Medical equipment and medical knowledge were common nowadays. This was either a prenatal checkup or childbirth. He had encountered all kinds of situations, even though doctors could not be as sloppy as him.

However...

He deserved to be so bored because of his superb medical skills.

She sighed for the umpteenth time. Holding the fountain pen on the table, she clicked on it in boredom.

It was because she was bored that she agreed to help Shen Fanxing take care of her best friend.

Indeed, teasing Limo was more interesting than usual.

At the thought of the awkward expression on the man's face, Tang Fan couldn't help but sneer.

This man was really f\*cking amazing.

There was a knock on the office door. A nurse walked in and handed him the prenatal report.

Xu Qingzhi and Li Mo entered from behind.

Tang Fan looked at the report for a long time before sitting up straight.

Xu Qingzhi was looking at him nervously.

"There's no big problem. My weight is rising slowly..."

Xu Qingzhi heaved a sigh of relief. "Is there anything I need to pay attention to this month?"

"Emotions are naturally the first priority. You have to be happy and not let your negative emotions affect the child. The child's personality and health will be decided by you at this moment... Also, you can exercise appropriately..."

Xu Qingzhi blinked and stared at Tang Fan expectantly.

At a time like this, he naturally hoped that the professional doctor would give him more instructions.

However, Li Mo frowned and looked at him coldly. He was indeed a pervert.

What did she mean by asking a pregnant woman to exercise?

Sensing Li Mo's piercing gaze, Tang Fan laughed maniacally in his heart.

This weirdo was his biggest joke.

"For example? What sports are they suitable for?"

Xu Qingzhi asked as she looked at Tang Fan eagerly.

"Avoid gravity exercise, take a walk, or practice yoga and swim. Anything is fine as long as you exercise appropriately."

Li Mo blinked and pursed his lips even more tightly.

Xu Qingzhi nodded thoughtfully. It seemed like she had to put this on the agenda.

—

Tang Fan gave the ultrasound to Xu Qingzhi. On the way home, Xu Qingzhi sat in the passenger seat and stared at the small shadow on the screen.

Li Mo looked at her through the rearview mirror a few times, his eyes never leaving her.

Li Mo's phone kept ringing. Xu Qingzhi could occasionally hear him saying things like "we'll talk later" and "we'll discuss it at the company".

When the car was about to reach the supermarket, Xu Qingzhi suddenly said,

"Wait, I have to go to the supermarket."

Li Mo didn't say anything but turned the car into the supermarket parking lot.

Xu Qingzhi unbuckled her seatbelt and looked at Li Mo. "I'm going to the supermarket to buy some groceries. If you have something on at the company, you can leave first. I can go home myself."

Li Mo's eyebrows twitched. This woman was quite capable of burning the bridge after crossing it!

"I haven't eaten this morning!"

Xu Qingzhi looked at him in surprise. "Your company must be very busy, right?"

"Your company is idle every day?"

Xu Qingzhi almost rolled her eyes at him before she got out of the car.

The two of them went straight to the vegetable section. Xu Qingzhi bought a lot of seafood, meat, and vegetables.

After paying, Limo asked, "You bought so much. How many days is this? You need to eat more, but fresh food is the best."

Xu Qingzhi pursed her lips and said, "I plan to invite Chu Yi to dinner tonight."

Li Mo froze and his face darkened.

“Invite him to our house?”

Xu Qingzhi nodded and said, “Why don’t we go to his house? Anyway... it’s only a few steps away.”

Li Mo frowned and lowered his head to look at her coldly. “What do you mean by just a few steps?”

“He lives in the villa next to ours.”

Li Mo’s face tensed up.

“Xu Qingzhi, why are you keeping your rumored partner by your side? What are you thinking?”

“You also said that it’s just a scandal. There’s nothing between us...”

Li Mo said, “You know that there’s a scandal between the two of you, but you still arranged for him to be next door. Do you think that the scandal between the two of you isn’t explosive enough?”

Xu Qingzhi closed her eyes and said, “There’s really nothing between us.”

“...”

“Are you going back now?” Xu Qingzhi asked.

Limo looked at her deeply for a few seconds before pressing the button. The car rang twice.

“Aren’t you going to come back and let me suffer?”

Xu Qingzhi’s lips moved as she reached out to tuck her hair behind her ear.

When she turned to open the car door, she said softly,

“Then I’ll go back and make breakfast for you.”

Li Mo paused. She had already gotten into the car, but her low and gentle voice seemed to still be lingering in the air.

All of a sudden, her attitude changed inexplicably.

She must have felt guilty.

Hmph.

When the two of them reached home, Xu Qingzhi started to get busy. Li Mo stood in the dining room and watched her. His busyness made him a little unhappy.

He walked up to stand behind her and reached for her.

Xu Qingzhi turned around and her heart skipped a beat when she saw Li Mo.

“What’s wrong?”

Li Mo said, “Why don’t you hire servants? Let the servants do these things...”

Xu Qingzhi pursed her lips and said, “I’m very free alone. Time flies when I’m busy...”

Li Mo’s thin lips moved, but he didn’t say anything.

“Go out first. I’ll call you when I’m done.”

As Xu Qingzhi spoke, she raised her hand to brush Li Mo’s hand. Their skin touched, but Li Mo didn’t let go of her.

He stared at her for a long time, until her face turned red and her heart raced. Then, he suddenly let go of her and turned his body slightly.

“Hurry up then. I’m hungry.”

“Okay.”

He turned his head and stared at Xu Qingzhi for a few seconds before walking out of the kitchen.

Xu Qingzhi busied herself in the kitchen for more than half an hour before setting the dishes on the dining table. Only then did she go to look for Limo.

Little Moon was having fun in the living room. When he saw Xu Qingzhi, he ran over and circled her. In the end, he bit her slippers and pulled her with all his might.

“Moon, what’s wrong?”

“Wuwuwu...”

Little Moon refused to budge.

Xu Qingzhi had no choice but to follow it to the sofa in the living room.

Only then did Moon let go of her and bit onto a large bag on the sofa.

Xu Qingzhi was puzzled. She didn’t remember seeing anything here.

She bent down slightly to open the bag and realized that it was filled with practical items.

There were toiletries, a bathrobe, slippers...

They were all male.

It was obvious that this was not what she had prepared.

After staring at those things for a few seconds, she suddenly laughed softly.

Therefore, he had clearly prepared what he needed last night. Why did he ask her to buy it for him?

What was he thinking?

Why did he have to torture her so late at night?

Chapter 1794: Untitled

She reached out to stroke Xiao Yue’s head. “Little guy, are you trying to express something?”

Little Moon snorted and bit into the bag again.

“I don’t know why he did that either.”

Xu Qingzhi couldn't understand, but she guessed that he probably didn't have a good excuse last night. He was already angry with her. It didn't seem like his style to let the matter rest.

This reason was more or less the man's personality, and it was also a reason that she could accept.

Awkward.

She smiled and went upstairs.

He wasn't in the bedroom, nor was he in the next room.

She went to the study and found him there.

...

After knocking on the door, Li Mo looked up from his computer screen.

Xu Qingzhi grabbed the door frame and smiled. "It's time for breakfast."

Li Mo stood up and walked to her side. Looking at her smiling face, he frowned slightly and asked, "What are you laughing at?"

Xu Qingzhi shook her head. "Nothing."

"Why are you laughing like that? Are you crazy?"

The smile in Xu Qingzhi's eyes deepened. "Are you sure you want me to say it?"

Li Mo frowned. "Speak!"

"Moon pulled me to the sofa just now and saw a bag..."

Li Mo's expression changed.

She turned around and walked out. "... And then?"

Xu Qingzhi followed him, wanting to see his expression. "Then, I realized that there were new toiletries inside. Did you prepare them?"

"Did I?... Probably, I forgot!"

"How could I forget?!" Xu Qingzhi said from behind. "You're so smart, how could you forget? You were already prepared, yet you made me go to the supermarket in the middle of the night..."

Xu Qingzhi complained that he was torturing her!

Before she could finish speaking, Li Mo suddenly turned around and stared at her with a dark gaze.

"You threw all my things away. Shouldn't you be the one to prepare them again? In the end, I'm already being magnanimous by not holding it against you for using my towel for the dog!"

"It's fine as long as you have something useful. Why do you want me to buy it for you? Use the ones you've prepared first. When you're done, I'll make up for it for you, alright? Leave yours... What if it expires?"

Li Mo glared at her fiercely. "... I'm willing!"

Xu Qingzhi looked up at his speechless and stubborn expression and couldn't help but laugh softly.

"Childish..."

Li Mo frowned. "Who are you calling childish?"

Xu Qingzhi leaned against the wall and smiled brightly. "No, I didn't say that. It's me... I'm talking about myself!"

Seeing her openly mocking him, Li Mo's face darkened!

She approached her slowly and poked Xu Qingzhi's stomach.

"Think about whose child this is?"

Xu Qingzhi paused, surprised by Li Mo's actions.

Then, she laughed again. "What kind of logic is that?"

Seeing the smile on her face, Li Mo rubbed his palm on her face.

With that, she retracted her hand from his face. When Xu Qingzhi came back to her senses, Li Mo had already left.

Recalling his words carefully, she burst out laughing again.

There was a faint blush on her face.

Xu Qingzhi covered her mouth and smiled as she followed behind him.

Downstairs, Li Mo saw that the little golden retriever was still fighting with the bag on the sofa. His face turned cold and he strode forward to blast the dog to the side.

He couldn't do anything right.

Was she going against him?

"Howl..."

The little blonde howled twice and jumped and barked at Li Mo. Li Mo turned around and walked into the dining room.

Breakfast was served on the table.

Porridge, side dishes, buns, sandwiches, and pasta...

Li Mo was speechless.

Seeing Xu Qingzhi enter, he frowned and asked, "Is this breakfast or lunch?"

Xu Qingzhi sat down and said, "Breakfast. Aren't you hungry? Eat more."

Li Mo: Do you think this is feeding pigs?

No matter how hungry he was, could he eat so much?

Xu Qingzhi scooped a bowl of porridge for him.

“You did all this yourself?”

Xu Qingzhi took a bite of a bun and nodded.

“I made the buns two days ago because I had nothing to do. I made the porridge yesterday afternoon and the noodles and eggs in the pressure cooker at night. I just made the sandwiches.”

Li Mo frowned. “The day before yesterday?”

“Don’t worry, I’ve kept them in the fridge... I just need to warm them up in the morning. They won’t break.”

Li Mo didn’t look too good. He sat down and took a bite of the bun.

There didn’t seem to be any other scent.

“Don’t leave the food you eat for too long.”

Xu Qingzhi’s chewing slowed down. “It’s fine.”

Li Mo said nothing and took a sip of the porridge.

There were at least three types of mixed grain rice, but they tasted sweet and soft.

It tasted much better than the usual porridge.

Looking up at Xu Qingzhi, Limo asked calmly, “When did you learn to do this?”

In the past, everyone knew that she was a rich young lady who had never done any chores. She was arrogant and she would never have the chance to do such things.

There was even a special cooking class in school. Every time she came out of class, she looked worse than when she had to run 20 rounds.

Now, she could make steamed buns, porridge, and even breakfast on the table...

Xu Qingzhi pursed her lips and took a sip of the porridge. “I used to enroll in a cooking class. When I was free, I fumbled around at home...”

In fact, she only signed up for the cooking class when she decided to marry Limo.

She planned to learn as much as she could.

After all... she was thinking of a normal family back then. She prepared dinner and waited for Limo to come home to eat.

She had to learn and liked to do so.

When she went to study, she probably put in more effort than when she took the college entrance examination back then. She only hoped that she wouldn’t disappoint Limo and even receive his praise.

In the end, she didn't expect that Limo had given her too much time. It wasn't until today that he gave her time to perform.

It was not easy for her to achieve what she had today.

After all, her original intention of learning cooking had long changed. She wanted to fill her stomach.

Now that he suddenly asked, she didn't seem too sad.

It was always good to have a skill.

For example, cooking could not only fill one's stomach but also kill time.

Li Mo frowned but didn't say anything.

He had a strange feeling in his heart that he couldn't describe.

He could vaguely guess what was going on. The things that were pent up in his heart seemed to be guilt or something else. They were mixed together and blocked there.

Li Mo was silent. Xu Qingzhi smiled faintly and was about to bite the bun when the bun in her hand was suddenly snatched away.

"Sigh..."

Xu Qingzhi looked up at Li Mo.

Li Mo took the bun that she had just taken a bite of and bit into it.

Xu Qingzhi looked at him in a daze. "You... I bit you before..."

Li Mo looked up at her. "Did you eat shit?"

Xu Qing's heart skipped a beat at his words.

This boring man...

What a waste of time dating in university!

At the thought of this, her heart turned cold.

Perhaps... he treated Mo Xiaona and her completely differently.

Xu Qingzhi pursed her lips and deliberately suppressed Mo Xiaona.

There was no need for her to force others between them when they were alone.

"Don't you think my saliva is on the bun?"

Li Mo paused and looked at Xu Qingzhi.

His eyes darkened.

Xu Qingzhi blushed and asked, "Aren't you a clean freak?"

She had not forgotten how cold he was when she was in school. He looked like a plague to everyone.

It was difficult to even get close to him, let alone let him eat something.

From the looks of it, he would rather starve to death than eat anything.

But now...

Xu Qingzhi pursed her lips. Suddenly... she had no idea what he was thinking.

Li Mo frowned and pinched the bun in his hand.

His gaze was fixed on Xu Qingzhi and his voice was low.

“There are some, but it mainly depends on how delicious the buns are... The texture is better than... saliva.”

Li Mo’s words were unclear, but she didn’t delve into the deeper meaning behind them. Instead, she stared at him with sparkling eyes and smiled.

“So you’re praising my steamed buns?”

Li Mo raised an eyebrow and looked down at the bun in his hand. He took another bite and said nothing.

Xu Qingzhi was so happy that she wanted to hear Li Mo’s affirmation. She couldn’t help but grab his wrist and shake it.

“Am I right? Did you mean that just now? Were you praising my buns?”

Feeling helpless, Li Mo said, “Delicious!”

The smile on Xu Qingzhi’s face widened. “I think I did well too!”

Li Mo snorted lightly and glanced at the fair and soft hand on her wrist.

“... Selling melons.”

Xu Qingzhi retracted her hand smugly and reached for the plate of buns.

“You said it’s delicious too. It can totally withstand the test, okay?”

As she spoke, she picked up the bun again. However, someone patted the back of her hand.

She shuddered and frowned at him.

Her red lips twitched as she covered the back of her hand, her tone aggrieved.

“What?”

“Save it for me. You’re not allowed to eat anymore.”

Xu Qingzhi’s eyes flashed and she took an egg.

“Alright, since you like it so much, I’ll give it to you.”

There were two buns on the plate, but they were all eaten by Limo.

Xu Qingzhi had an egg, a sandwich, and a bowl of porridge. She looked at the spaghetti beside her with a conflicted expression.

She couldn't stomach it anymore.

But her weight had not been up to standard recently...

Li Mo put down his chopsticks. Seeing her uncomfortable expression, he said calmly,

"If you eat so much, will your stomach sag and hurt the child?"

Xu Qingzhi's expression changed and she put down her chopsticks.

Li Mo pursed his lips. Stupid pregnant Xu Qingzhi.

After breakfast, Xu Qingzhi cleaned the table and didn't come out of the kitchen.

Limo entered the kitchen to take a look. That slender figure was busy with something in front of the sink.

"What are you doing?"

His deep voice suddenly sounded in her ears. Xu Qingzhi turned her head abruptly and her face collided with Li Mo's.

Bang! The sound was especially clear in the kitchen.

"Mmm..."

Xu Qingzhi rubbed her forehead. "Why did you suddenly stand behind me?!"

Li Mo frowned. He touched the bridge of his nose with one hand and supported himself with the other hand on the edge of the sink. His hunched body seemed to be in pain.

This position was perfect. He wrapped Xu Qingzhi in his arms.

Seeing that Li Mo seemed to be in pain, Xu Qingzhi turned around from his embrace and reached out to hold Li Mo's hand that was covering his nose. She looked up and asked worriedly,

"Are... are you okay? Let me see... if you have a nosebleed..."

Li Mo paused and covered his nose even more tightly.

A nosebleed?

Displaying such an embarrassing side in front of this woman?

How was that possible?

However, when he looked up at her worried face, his dark eyes narrowed slightly. His gaze landed on Xu Qingzhi's face, observing every inch of her expression.

Xu Qingzhi continued to tug at his wrist.

After a long while, Li Mo suddenly loosened his grip.

Xu Qingzhi held his face and looked up and down. She even placed her hand on his high nose bridge and rubbed it.

After confirming that she was fine, Xu Qingzhi heaved a sigh of relief.

“Thank goodness I’m fine...”

Li Mo pressed his body down even more, his tall figure unexpectedly approaching Xu Qingzhi.

His aura was so close that Xu Qingzhi paused and looked at the handsome face approaching her. She couldn’t help but feel nervous.

“What... what’s wrong? Are you feeling unwell?”

Her unique scent seemed to be emitted from her body, mixed with the faint fragrance of her usual toiletries.

It made one’s heart flutter.

“You haven’t answered my question. What are you doing?”

His voice was low and hoarse.

When she saw it just now, she already had an answer.

But he still asked.

Xu Qingzhi blinked lightly and placed her hand on the counter. She leaned back, but her slightly protruding stomach was pressed against Li Mo’s lower body.

Her face turned red immediately. “I’ll prepare the more time-consuming dishes tonight...”

He knew it.

“For the international Best Actor next door?”

Xu Qingzhi nodded lightly. “He’s my money tree. I have to serve him well...”

Li Mo’s face darkened.

Xu Qingzhi was also stunned because a hand had suddenly grabbed her waist.

Li Mo leaned closer to her again. “Xu Qingzhi.”

Xu Qingzhi held her breath and looked at him nervously.

“How...”

“I’m very angry now, so... say it again. Who do you want to serve?”

Xu Qingzhi gulped. What she had just said was, “Chu... Yi... Mmm...”

Chapter 1795: Just You Wait

Xu Qingzhi gulped. What she had just said was, “Chu... Yi... Mmm...”

Before she could finish her sentence, her lips stung.

After an instant, only shock remained.

Her eyes widened and she froze on the spot. She looked at the handsome face that she had missed for years.

Her dazed eyes suddenly trembled and her grip on the kitchen counter tightened before relaxing.

In the end, she slowly lowered her body and gently pinched the corner of his shirt.

She raised her head and endured the sudden kiss quietly.

She didn't dare to move. In fact, she was already panicking.

If possible, she really wanted to respond to the man without any scruples.

However, she was afraid that her response would suddenly arouse the man's disgust or wake him up from his dream. Then, he would say that this was a misunderstanding. What should she do?

...

She had coveted this man for too long.

In the past, she had spent countless nights thinking about how to completely end her obsession with Limo.

She had also thought countless times that one day, she would press this heart-wrenching man on the bed and strip him naked. After that, it would be considered a feast for her.

However, the next day, she could put on her pants and dress like countless scumbags. She could turn her back on them and leave freely.

To put it nicely, he had loved and received her before.

However, she had no idea what it felt like at the anniversary celebration.

Even after obtaining it, she still felt indignant.

That was how humans were. There were times when they were not satisfied. They became greedier and greedier...

Looking at the stiff figure of the woman in his arms, Li Mo's eyebrows twitched and his hand tightened around her waist.

Xu Qingzhi was a little out of breath. She had been holding her breath the entire time.

Such a faint voice made the atmosphere even more enchanting.

Li Mo's breathing deepened.

Xu Qingzhi was pressed down by his strength.

The situation went out of control. With just a kiss, the fire in their bodies was ignited.

Knowing that Li Mo's body was close to her stomach, Xu Qingzhi snapped back to reality and turned her head to the side to avoid him.

Li Mo's lips slid across her lips and cheeks, but he missed.

Xu Qingzhi had already placed her hand on his chest and pushed him away.

Her cheeks were flushed red.

Li Mo's warm breath was right beside her ear.

She lowered her head slightly. "Don't..."

She grabbed Li Mo's shirt tightly, feeling nervous and shy.

"You... touched me..."

After saying that, Xu Qingzhi lowered her head even more.

Li Mo's expression changed slightly. He knew clearly what position they were in. As for what had touched her, no one knew better than him.

Her expression turned ugly.

How could she be in a good mood after being interrupted and exposed by this woman?

However, the way she lowered her head shyly, especially when he saw her crimson ears, neutralized his emotions.

The arrogant and condescending Xu Qingzhi actually had such a moment.

Looking at the exquisite ear in front of him, he suddenly opened his mouth and bit it again.

Xu Qingzhi's tensed body trembled and she shrank her neck slightly as she looked up at him.

Her face was red and she looked surprised and shy.

"You..."

Li Mo straightened up slightly and snorted. His dark eyes stared intently at her face.

"Cooking for another man in front of your husband, acting first and reporting later... This is your punishment..."

Xu Qingzhi asked, "Didn't you... insist on asking me again?"

Li Mo narrowed his eyes. "You can change your answer."

Xu Qingzhi was speechless. How could that be?

She had told him once at the entrance of the supermarket, and he had answered her again.

He clearly knew, but he still wanted to ask her again...

There was only one answer, and how would she answer?

“So you’d better remember this in the future. Otherwise, the punishment will be more than that.”

Li Mo’s voice was a little stiff. After saying that, he stood up and let go of her.

‘Yes.’

He did know.

When she said that he was preparing dinner, he knew.

But he still needed a reason to “punish” her.

Hence, the name Chu Yi was a good reason.

As long as she said it, he would have a good reason to teach her a lesson.

All he wanted was to lure her into saying it.

Indeed, this woman did not disappoint him.

Her lips curled up imperceptibly.

He had succeeded.

Having achieved his goal, he was naturally in a good mood.

“Are you still doing it?”

His sudden question put Xu Qingzhi in a dilemma.

She looked at him hesitantly. “I’ve already informed him. It’s not good to suddenly stand him up. He’s really my money tree...”

Li Mo raised an eyebrow. “So?”

Xu Qingzhi bit her lips and said, “...Yes.”

“Hmph.” Li Mo snorted lightly with a strange smile on his face. “Just you wait.”

Xu Qingzhi was stunned and looked at him in confusion. What... did he mean?

After saying that, he pinched Xu Qingzhi’s waist before retracting his hand and walking out.

Xu Qingzhi blinked and started to feel uneasy.

But on second thought, what punishment could he give her if he asked her to wait?

After that, she didn’t think too much about it.

Did he think she was someone to be trifled with?

Punish him just like that?

She was pregnant now.

Xu Qingzhi raised an eyebrow and continued working.

Serving Chu Yi was equivalent to earning money for her son.

She busied herself in the kitchen for about half an hour before walking out.

After giving Little Moon some dog food and water, she pulled out the bag in front of the sofa. After taking a quick look, she smiled and placed everything in the locker.

She would use it in the future.

In the blink of an eye, she scanned the room.

There weren't many things that belonged to Limo, but she felt that they were everywhere.

There were his shoes on the shoe rack, his jacket on the sofa, and his cup on the coffee table. Just these small changes made the entire house feel different.

It was probably because there were traces of his life in this house.

That was why she felt that the house was no longer empty.

Taking a deep breath, she leaned back on the sofa with a faint smile on her face.

Although she didn't know why he suddenly chose to come home, she didn't want to think too much about it.

Because once she had a reason, she couldn't accept it easily.

She picked up her phone and opened her email to check the company's emails. Due to the fact that she was pregnant, the company had a meeting with the vice president to discuss some documents that she didn't need to check. If there were huge differences, they would pass her.

Therefore, there were not many documents in her email.

She used social media to explain to the vice president.

After she was done, she went online to search for related companies like yoga and swimming.

Because the baby's safety was very important, she had to be cautious.

After understanding for a long time, she decided to go and take a look.

When Limo came down, he saw her holding her phone on the sofa with a serious expression.

Frowning slightly, Little Moon, who was playing with his slippers, barked at him. Xu Qingzhi looked up and was surprised to see Li Mo standing not far away. "You didn't go to the company?"

Li Mo didn't answer her question. "I'm hungry."

Xu Qingzhi looked down at her phone and realized that it was almost midnight. She quickly put down her phone and stood up.

"Wait a moment, I'll cook."

Li Mo pursed his lips and didn't say anything. Little Moon followed Xu Qingzhi to the kitchen. When Li Mo saw her phone on the coffee table, his eyes narrowed and he walked over.

It was obviously immoral to peek at someone else's phone.

Li Mo despised such a person and didn't want to do it, but he was still curious.

He looked in the direction of the kitchen behind him, then turned his head and narrowed his eyes at the phone screen.

The screen was still lit and there was indeed content on it, but she couldn't see it clearly.

He couldn't help but bend down a little more. He quickly scanned the content on his phone before standing up. He turned his head to look at the kitchen. Seeing that Xu Qingzhi hadn't come out, he pursed his lips, touched his nose, and bent down to sit on the sofa.

She saw it clearly. She was looking for a swimming pool.

It was already half an hour later.

"Limo, come and eat!"

She shouted in the dining room and Little Moon followed suit.

Li Mo stood up and walked over.

There were three simple dishes and a soup on the table. They looked very good.

She couldn't help but glance at Xu Qingzhi before sitting down.

Breakfast and lunch were for the two of them to eat alone. Although she was at home today, she felt that time had passed very quickly.

Xu Qingzhi heaved a sigh of relief when she saw that Li Mo had no reaction after taking his first bite. She smiled and picked up the bowl to eat.

After dinner, Xu Qingzhi saw that Limo still had no intention of leaving and asked, "Aren't you going to the office today?"

"It's my day off!"

"Oh."

Xu Qingzhi responded and didn't say anything else. She picked up her phone and continued to ask questions.

Li Mo stood rooted to the ground. He was in a bad mood after being neglected.

"Xu Qingzhi."

"Yes?"

"Aren't you going to exercise after dinner?"

"..."

"Not digesting is not good for the child."

Xu Qingzhi continued to look at him. "I'll go out for a walk later..."

Li Mo pursed his lips. "... For the sake of my son's health, I plan to follow the doctor's instructions and supervise you as a qualified pregnant woman..."

Xu Qingzhi frowned and said, "So..."

What was this man trying to say?

"Didn't the doctor ask you to swim? Go and change your clothes. I'll bring you there."

Xu Qingzhi opened her mouth in shock.

She had indeed been too surprised today.

Most importantly, Limo was acting abnormally today.

She had never thought that she would need his company.

"What are you looking at? Not going?"

Xu Qingzhi blinked and stood up with her phone.

"Go!"

As she spoke, she glanced at Li Mo and went upstairs happily.

That innocent look of hers made her look innocent.

Xu Qingzhi got dressed. Limo was already waiting for her in the car.

The car was still filled with warm air.

—

Li Mo must have found the best swimming pool in Rong City.

It was fully equipped and the coach was professional. The environment was obvious.

Along the way, she only cared about her happiness. When she reached the swimming pool, she suddenly thought of something and reached out to grab the hem of his shirt.

"Limo..."

Li Mo stood still and turned to look at her. "What's wrong?"

Xu Qingzhi looked a little vexed. "I... forgot to bring my swimsuit."

Li Mo sized her up and sneered. "Do you think you can fit in your old swimsuit?"

Xu Qingzhi looked at her stomach and blushed.

Indeed, he couldn't...

Seeing the look on her face, Li Mo grabbed her hand and walked in.

Although his tall figure was wrapped in a jacket, in a swimming pool, the women who came and went would always want to see him in a swimsuit.

As for the woman beside him who had her head lowered and looked a little pregnant, no one cared.

Xu Qingzhi was pulled along by Li Mo. When she entered, she realized that the swimming pool was actually a mall.

Cold drinks, swimsuits, and even other swimming props, including children's water toys, were everywhere.

The temperature inside was indeed incomparable to the temperature outside. Some men and women were even walking around in swimming trunks and swimsuits.

Xu Qingzhi had self-proclaimed to be someone who had seen all sorts of situations. However, when she saw this scene, she couldn't help but blush. One of her hands was held by Li Mo while the other was placed on her eyes. She didn't want to look at the men who were only wearing swimming trunks.

She tried her best to shift her gaze to the woman, only to realize that the surrounding women did not bother to hide their gazes on Limo. Their blatant seduction and flirtatious glances made her face turn cold instantly.

However, Li Mo's expression did not change. He continued to pull her to a swimsuit store and said coldly, "Pregnant swimsuit."

The shop assistant was also wearing a swimsuit with a thin layer of gauze. She walked in a faintly discernible style.

When she saw Li Mo, her eyes lit up and she flipped her hair. In an instant, the fragrance of her hair assaulted her senses.

Li Mo frowned and Xu Qingzhi covered her nose uncomfortably.

Unaware, the shop assistant glanced at Xu Qingzhi and smiled. "Madam, do you know how to swim?"

Xu Qingzhi shook her head. "No."

She and Fanxing didn't know how to swim. If she did, she wouldn't have stood on the boat and cried when Fanxing fell into the water.

"Then you should choose a set from here. With less fabric, you will feel less mentally burdened."

Xu Qingzhi looked over and her lips twitched.

It was indeed a swimsuit...

She couldn't be sexier in a bikini.

But on second thought, women's swimsuits should be like this.

If it was in the past, she would naturally want to wear this. But now, she was pregnant...

"My figure..."

“It’s all the more important to wear these when you’re pregnant. Compared to the gentle water, I don’t think the baby will like those extra fabrics, right? Moreover, being pregnant is something to be proud of. What’s there to hide? Therefore, you’ll look the most sexy no matter what you wear. Don’t you think so, Master?”

Chapter 1796: Good taste

“It’s all the more important to wear these when you’re pregnant. Compared to the gentle water, I don’t think the baby will like those extra fabrics, right? Moreover, being pregnant is something to be proud of. What’s there to hide? Therefore, you’ll look the most sexy no matter what you wear. Don’t you think so, Master?”

At the end of the day, she really couldn’t seduce someone’s husband in front of her wife. She could just test him. The main thing was to earn money.

Most importantly, this man didn’t look good!

Li Mo glanced at the bikinis in front of him and then at Xu Qingzhi. Without saying a word, he reached out and picked a black lace bikini and threw it to her.

“I’ll wear it.”

Xu Qingzhi hurriedly caught it. When she saw the clothes in her hand, her face flushed red.

The shop assistant raised an eyebrow and smiled ambiguously.

“Black lace? Sir, you’re really...”

Li Mo’s cold gaze landed on her. She paused and her tone changed.

“You have good taste! Black is very eye-catching! Sir, you can wear black too. It’s conservative and there won’t be any mistakes! Madam, do you know what Sir’s size is... With my years of sales experience, I think this Size is very suitable. It’s alright, it’s definitely not small. The loose version is elastic.”

...

Xu Qingzhi took a look at the men’s swimming trunks that the shop assistant had given her. She wished she could find a hole to hide in.

She really loved her job. Her sales ability was absolute.

Li Mo didn’t say anything. He pulled the blushing Xu Qingzhi and turned to leave.

“Wait, I haven’t paid...” Xu Qingzhi stopped. The shop assistant had already raised her phone and flashed her a QR code.

Xu Qingzhi twisted her body to take a look. The amount had already been set and she chose to pay.

Sighing at the salesperson’s ability and reflexes, she allowed Li Mo to pull her along.

The shop assistant pursed her lips and muttered under her breath, “He’s quite handsome, but he’s so reserved.”

Xu Qingzhi was pulled by Li Mo all the way to the changing room. "Go in and change. I'll wait for you outside."

Xu Qingzhi hesitated for a moment before passing him the swimming trunks that belonged to Li Mo.

Then, she pointed at the swimming trunks and opened her mouth. In the end, she didn't say anything and turned to enter the changing room.

Li Mo looked at the swimming trunks in his hand and pursed his lips.

When Xu Qingzhi came out of the changing room with a towel draped over her, Limo wasn't waiting for her.

She frowned and thought that he had left first, so she followed the others to the pool.

There was no gender in the pool. When Xu Qingzhi walked in, there were many people inside. Some of them were probably couples playing in the water, looking very happy.

It was Xu Qingzhi's first time here and she didn't know how to swim. Seeing that everyone had entered the pool, she stood rooted to the ground, not knowing what to do.

A unique tree would be too eye-catching.

The men in the pool couldn't help but look at her. She had a towel covering her stomach and her hair was tied into a bun. Under the towel, her long and slender legs were dazzling. Her face was beautiful and there were already people who were tempted.

When the coach, who had been standing on the shore, saw Xu Qingzhi, he walked over enthusiastically.

He was only wearing a pair of boxer shorts and his upper body was bare, revealing his muscles.

"Beauty, are you alone?"

Xu Qingzhi's eyes inevitably lingered on him.

She couldn't close her eyes.

However, she had to admit that swimming was really good for fitness.

This coach's abs and chest were indeed good enough...

She nodded, then shook her head. She still liked Limo's face!

The coach smiled. "Do you need any help?"

Xu Qingzhi looked into the pool, but there was no sign of Limo.

"I'm looking for someone..."

At this moment, other men had already swum over and were looking up at her.

"Beauty, your companion will come sooner or later. Why don't you come down first and play while you wait..."

Xu Qingzhi shook her head and took a few steps back with a cold expression. "I don't know how to swim."

"It's okay, we can teach you..."

The coach also smiled and said, "I'm the swimming coach here, I can teach you first..."

"Xu Qingzhi!"

Before the coach could finish his sentence, a low and cold voice sounded behind him.

Xu Qingzhi turned around and saw Limo striding towards her in a white bathrobe.

She heaved a sigh of relief. "Where did you go? I didn't see you at the door of the changing room..."

Li Mo pulled her behind him and narrowed his eyes at the coach and the people who had just spoken to Xu Qingzhi.

"What do you want?"

The few of them quickly swam away to avoid trouble.

The coach waved his hand and said, "I just want to help her because she's alone. I don't mean anything else."

Li Mo's gaze swept past him briefly before he turned to look at the woman coldly.

"Are you alright?"

Xu Qingzhi shook her head and her expression relaxed. "I'm fine."

Li Mo watched as she gripped the towel tightly. Her shoulders were hunched and her collarbones were pressed together. He had no idea what she was trying to do!

The towel barely covered her thighs. Thinking of the men who had ill intentions towards her, her face darkened.

"Who asked you to run around!"

He couldn't help but get angry and went to make some arrangements. The next thing he knew, she was gone. After waiting in the female changing room for a long time, he finally asked the woman who came out and found out that she wasn't inside.

When had he ever begged others?

She couldn't flare up even when those women were sizing her up!

It was all because of this disobedient woman!

Xu Qingzhi frowned and said, "You weren't at the door when I came out!"

She was angry. Her exquisite brows were furrowed and her eyes were filled with accusation!

This man's attitude was never good. Was this her fault?

Li Mo took a deep breath and looked at her feet. He shouted angrily, "Go in!"

Xu Qingzhi pursed her lips and refused to listen to him.

Limo was furious. "Can't you see that your feet are wet? Aren't you afraid of falling?"

Xu Qingzhi's eyes seemed to have been stung by something. She trembled and looked down at the pool. There was a lot of water.

She had heard of many people slipping by the pool, but she didn't know much about it. Naturally, she couldn't think of what to notice.

With Li Mo's reminder, she hurriedly strode in.

Knowing that Li Mo had considered it carefully and was fuming with anger, she couldn't help but look at him timidly.

"... Is that enough?"

That low and soft voice and fawning manner... was simply like a steaming white bun!

Who would have thought that this arrogant and arrogant woman would have such a side?

Li Mo didn't know whether to be angry or happy. He went forward and grabbed her before walking out.

Xu Qingzhi followed closely behind, clutching the towel tightly. "Are we not going to swim anymore?"

She actually wanted to see Limo's figure openly.

It would be a pity to miss this opportunity.

Li Mo didn't say anything. Xu Qingzhi continued to argue, "Since you're already here, it's a pity to go back like this..."

"..."

"Look, we've already bought swimsuits. Are we really going back?"

Li Mo suddenly stopped and turned to look at her. His gaze slid from her face to her shoulders and her fair legs under the towel.

Caught off guard, Xu Qingzhi gripped the towel tightly and took a few steps back.

"What are you looking at?"

Her tone was deliberately tough, and her legs were tightly pressed together.

Li Mo narrowed his eyes. His expression did not improve as he pulled her into the elevator.

He pressed the number on the top floor.

Xu Qingzhi blinked and asked, "We're not leaving?"

Li Mo pursed his lips. He really didn't want to talk to this woman.

He was so angry!

Not only did she rush to the pool alone and flirt with so many men, she even dared to oppose him.

The more she thought about it, the angrier she became. Through the elevator, she saw Xu Qingzhi standing at the back, her head lowered as she fiddled with the towel on her body.

She didn't feel anything when he ignored her just now or when he was angry alone, let alone when she gave him an attitude.

Did this heartless woman not know how to judge people?

Taking a deep breath, Limo suddenly turned to look at her.

Xu Qingzhi was shocked. "What?"

Damn that woman.

She really didn't know anything.

Li Mo gritted his teeth. "Who asked you to run around!"

This anger was unbearable for him.

Xu Qingzhi's face fell.

Was this man done?

"I'm not running around. Isn't it natural for me to come to the swimming pool? Besides, who asked you not to keep your promise and wait at the door?"

Li Mo's face was tense and his mood was especially bad.

Xu Qingzhi naturally knew that. She reached out and patted his shoulder. "Don't be angry. It's not a big deal. I'm in the wrong, okay? You don't have to be so unforgiving. Anyway, it's all in the past. Don't let your anger affect your health! You're in the prime of your life. It's not good for your health to have such a bad temper at such a young age. You can't tell now. Be careful of the aftereffects in the future..."

Li Mo's face tightened. He grabbed the woman's hand on his shoulder and pressed it against the wall behind her.

His body suddenly approached her and pressed against her bulging stomach.

His breath was close and filled with anger. Xu Qingzhi held her breath.

She looked up at him with widened eyes. "Why... did you suddenly..."

"Suddenly what?! You're the one who's blind!"

As he spoke, he pulled the towel off her body!

"Ah!"

She exclaimed and hurriedly placed her hand in front of her.

“You... What are you doing? This is an elevator. In public... Ah...”

Before she could finish, she called out again.

She felt a sharp pain on her collarbone.

That was a real bite, and it hurt so much that her scalp turned numb.

“It hurts so much!”

Xu Qingzhi reached out to push him away angrily, but after he bit her, he grabbed her mouth and bit her again.

She didn’t have a chance to vent her anger. She opened her mouth and bit him.

It was pure revenge.

The stinging pain on his lips made Li Mo’s eyebrows twitch. His long arm wrapped around Xu Qingzhi’s waist and pulled her into his embrace.

The two of them bit each other and refused to give in. It was as if they had to fight to win.

It was unknown who had taken the first step and barged into each other’s territory, focusing on their tongues.

After a while, the atmosphere changed.

However, this “battle” didn’t last long. The elevator quickly reached the top floor and the door opened slowly.

Xu Qingzhi was a little confused. When she heard his voice, she pushed him away and looked up at the elevator door.

She heaved a sigh of relief when she realized that no one was around.

She looked up at the man standing in front of her and her face turned red. Her mouth had turned red after the “intense war”.

Li Mo wasn’t any better. His heartless mouth had also been ravaged by Xu Qingzhi and his skin seemed to have been torn.

It was expected.

She had finally discovered Limo’s bad habit today.

So be it!

Weirdo!

Looking at her bikini, she no longer felt embarrassed.

They had fooled around before!

What was there to be reserved about?

It would be too pretentious if she came again.

She didn't pick up the towel and pushed Limo out of the lift.

Li Mo licked the spot where Xu Qingzhi had bitten him and frowned. How heartless was this woman? Her tongue was still numb.

But that "war" just now...

It was a pity.

Pursing his lips, he bent down to pick up the towel. Just as he was about to throw it at Xu Qingzhi, he saw the woman in a black lace swimsuit from behind.

Other than the fact that she was pregnant, her figure was still good.

Her back was so exquisite that it was deliberately carved to seduce people every day.

She kept the towel silently. It wasn't cold here anyway.

Xu Qingzhi had no idea that the man she had missed for so many years had taken advantage of her openly after fooling around.

Less than a minute later, Xu Qingzhi stopped and covered her mouth in surprise.

The blue glass window surrounded the huge pool, giving off the illusion that the water was about to rush down.

However, it was visually impactful.

It was indeed a high-end place. Even she had the feeling of a grand entrance.

She turned her head and saw Li Mo walking up from behind. She pointed at the pool and said, "There's no one here!"

Li Mo snorted coldly.

Nonsense.

What had he just gone to arrange?

Did she think that he had chosen a bikini for her to show others at the mixed pool?

Idiot woman Xu Qingzhi.

Xu Qingzhi walked over. There was a round of anti-slip pads around the pool. She smiled and carefully sat by the pool with her stomach in her hands. She placed her feet in the pool.

The water in the pool was still warm.

She raised an eyebrow and swayed happily.

"Get up."

Chapter 1797: Limo, Calm Down

“Get up.”

Li Mo’s emotionless voice sounded behind her.

Xu Qingzhi turned to look at him and pursed her lips silently.

Li Mo frowned. Ignorant woman.

She took off her bathrobe and jumped into the pool in front of Xu Qingzhi.

Xu Qingzhi was splashed with water and she reached out to touch her face. Just as she was about to criticize him, she saw Li Mo walking over half-naked and grabbing her ankle.

Afraid that he would pull her into the water, she placed her hand behind her and stepped on his shoulder, pushing him hard.

“Don’t mess around! I don’t know how to swim!”

Li Mo turned to look at the foot on his shoulder and said in a low voice, “Xu Qingzhi, you dare to step on me?”

“Don’t pull me. I... I’m pregnant now!”

...

Li Mo glared at her. This woman was completely relying on her pregnancy to do whatever she wanted!

However, he allowed her to continue kicking his shoulder. He looked at the other foot in his hand and massaged her ankle.

The strength was moderate and comfortable.

Xu Qingzhi blinked and looked at him in confusion. When he grabbed her leg and started to spin, she suddenly reacted.

She had to warm up before swimming.

Otherwise, it would be easy to get cramps. It was also to avoid damage in all aspects.

She had never swam before and was a layman. But now, she knew how to swim.

But Limo, he...

She could actually do these things?

Xu Qingzhi was touched.

She knew that she had good taste in men.

How could a man like him not tempt women with his meticulousness?

Coupled with his handsome face and figure, he was born to seduce women!

If he didn’t, it would be a waste of his 100% hardware.

“Ah!”

Staring at Li Mo in a daze, Li Mo accidentally nudged her toes and a tendon on her calf was pulled. She screamed in pain.

Li Mo glanced at her. “Are you a woman? You’re so stiff and you still want to swim?”

As she spoke, she exerted more force.

“Ahhh, Limo, it hurts...”

“Bear with it,” Li Mo said coldly, but he loosened his grip. Xu Qingzhi cried out twice, and after that, she no longer felt the pain. Instead, her body felt much more relaxed.

When Li Mo pursed his lips and removed her other foot from his shoulder, Xu Qingzhi’s toes moved slightly and her knuckles slid across his skin. Since the two of them were already used to touching each other, she didn’t feel anything.

Li Mo didn’t seem to mind and continued to massage her ankle. He pinched the tendons on her leg and finally pulled.

“It hurts...”

Xu Qingzhi retracted her feet and called out softly.

Limo paused and looked up at her, only to realize that she was biting her lips, as if he had bullied her.

“... Endure it.”

He threw her an old saying and continued what he was doing.

Xu Qingzhi looked at him quietly. She would never forget this scene even when she was old.

Biting her lip, she shifted her body forward.

“Alright. Come down.”

Li Mo let go of her and looked up at her.

Xu Qingzhi placed her hand on the edge of the pool and her eyes flickered. She slid into the pool tentatively, feeling a little timid.

Frowning, Li Mo wrapped his long arm around her waist and carried her into the water.

Xu Qingzhi didn’t know how to swim, so she hugged Limo’s neck tightly and refused to let go.

Both of them were in swimsuits now, so the physical contact could be imagined.

Xu Qingzhi could feel the strength in Li Mo’s chest, and naturally, Li Mo could feel it too.

After putting Xu Qingzhi into the water, her hands were still wrapped tightly around Limo’s neck.

“Don’t let go of me... I’m scared!”

Xu Qingzhi warned him as her feet splashed in the water and hooked onto Li Mo’s leg.

She lay on his body like an octopus.

A myriad of emotions flashed across Li Mo's face as he held her waist tightly.

"Are you still learning?"

Xu Qingzhi looked up from his embrace, revealing her exquisite features. Li Mo narrowed his eyes.

"So are you going to be my coach today?"

Li Mo frowned and looked at her. "You can find someone else."

Xu Qingzhi subconsciously tightened her grip on him.

She could tell that Li Mo wanted to teach her personally.

With him, why should she find someone else?

Moreover, she was really tempted now.

Li Mo had truly touched her today.

"I don't want anyone else but you!"

Li Mo's body stiffened slightly.

The woman's words and the body hanging on him made it impossible for him to calm down.

"What did you say?"

Xu Qingzhi pursed her lips. "Limo..."

"What?"

Xu Qingzhi raised her head and stared at Li Mo's face for a long time. Suddenly, she tightened her grip on his neck and pressed his head down.

She was caught off guard.

The warm touch pressed against his brain.

Li Mo's narrowed eyes widened as he stared intently at the bold woman in his arms.

Xu Qingzhi wasn't bold.

She despised herself for being such a coward.

Was she being bold now?

How long had she coveted this man?

Not a day, not two days, not a month, not a year. It had been nearly eight years since she met him. What kind of a long and difficult time was this?

He had no idea how much he pained her.

Seeing that she couldn't get him, she had to watch him go out with other women and torture her heart bit by bit. It was really cowardly of her not to take the initiative to touch this man.

There was probably no woman more useless than her in this world.

Xu Qingzhi's skills were terrible.

However, she refused to give up and stubbornly barged into Limo's territory.

Li Mo allowed her to "invade" him unscrupulously. In fact, his back was slightly arched. It was obvious that he was cooperating.

His indifference made Xu Qingzhi feel a little disappointed.

Releasing her hand, her soft and cold fingers caressed his shoulder.

It stopped at her heart.

That soft touch made Li Mo's body tighten.

He grabbed Xu Qingzhi's hand and asked, "Do you know what you're doing?"

Xu Qingzhi panted lightly, her face flushed red.

"Who asked you to seduce me all day... You asked for it!"

After seducing her for so many years, she should have done him long ago.

Li Mo couldn't help but tighten his grip on her. "When did I seduce you?"

"Every moment."

Xu Qingzhi refused to let him off. She placed her hand on his shoulder and kissed him as she spoke.

Although Li Mo dodged, Xu Qingzhi could always kiss him easily.

"Xu Qingzhi, are you being a hooligan?"

"...Yes, you seduced me on purpose. If I don't act like a hooligan, I'll be letting you down..."

If she didn't do anything, she would be letting herself down.

Li Mo was amused by her words.

Was this woman still a woman?

He had done it openly and openly.

"How did I seduce you? If you tell me, I'll change..."

Xu Qingzhi shook her head and said, "I can't change it unless you... change your face..."

Hearing this, Li Mo frowned and distanced himself from her.

"You mean you only like my face?"

Xu Qingzhi nodded without thinking. "Yes, yes, Limo... you're so handsome..."

The corners of Li Mo's lips twitched. He didn't know if he should be angry or happy.

What was the difference between her tone and the gangster's words?

Calling her a hooligan made her more and more excited.

Xu Qingzhi didn't give up and continued touching him. She didn't stop talking and tried her best to take advantage of him.

On the other hand, Li Mo was the kind of person who would only give her a kiss occasionally.

"Alright, are you still learning?"

Xu Qingzhi hugged him tightly and said, "Let me kiss you for a while more..."

Li Mo was speechless.

This damn woman was really energetic!

The woman leaned forward, nibbling on her chin and meowing at him.

Bold, passionate and entangled.

Unable to dodge, he suddenly hugged her tightly and grabbed her leg.

He took a few steps to the side and placed her on the stairs of the sewer. With his hand on her side, he turned the tables on her.

Compared to Xu Qingzhi's drizzle, Limo's kiss was like the wind and rain.

At first, Xu Qingzhi could barely keep up with the pace, unwilling to be outdone by Li Mo.

In the end, she became a little afraid and found it difficult to breathe. It was only when Li Mo changed his position and direction that she gasped and pushed him away.

How could Limo let go of her so easily?

Just as she was about to pounce on him again, Xu Qingzhi hurriedly waved her hand.

"No, no, no... Limo, that's enough. I've kissed you enough. That's all for today..."

Li Mo's face darkened!

What did he mean by that?

This damn woman, she even kissed him when he asked her to stop!

Now that she had seduced him, she had kissed him enough?

She had the final say in everything. Did she treat him as a decoration?

Stop just like that?

Was this something a woman should say to a man?

“Xu Qingzhi, it’s not up to you to decide now!”

As he spoke, he grabbed Xu Qingzhi’s leg.

“Limo, Limo, Limo...”

Xu Qingzhi looked at the anger in Qing Limo’s eyes and felt even more afraid.

If she wasn’t careful, she might really misfire.

“Limo, calm down... I was wrong, I was wrong, alright?”

“It’s too late!”

Li Mo growled coldly. Because she was pregnant, he didn’t forcefully pull her over. Instead, he climbed a few more steps and leaned towards her.

“No, no, Limo, you... calm down. I was wrong, I was really wrong. Look... I’m pregnant now...”

“The doctor said that we can exercise in moderation!”

Xu Qingzhi was speechless. Did you misunderstand the meaning of the word “exercise”?

“No, no, no, you’re mistaken... Besides, this... This is outside... This is a public place. We can’t mess around...”

“It’s booked!”

“But there must be surveillance cameras!”

This was a business venue and there was an unavoidable danger. No matter how big the swimming pool was, there had to be surveillance cameras!

Li Mo paused and looked at the corner of the ceiling. As expected,

Xu Qingzhi heaved a sigh of relief and lowered her head to tidy up her clothes. Unexpectedly, she realized that there was a red mark on her chest.

She paused and looked up again. She realized that along the way, there were... traces.

At the thought that it was Li Limo’s doing, her face turned even redder.

She tidied her clothes and looked up again, only to realize that Li Mo’s eyes were dark. He was like a dormant tiger and leopard, staring at her fiercely, as if he would suddenly rush over the next second.

Xu Qingzhi’s heart skipped a beat.

What perfect timing? That wasn’t it at all.

She didn’t have the face to be impudent in public!

The person was right in front of her. The long-cherished wish of many years was right in front of her. But... the address was wrong. She was pregnant now.

She was about to have a bite, but she could only watch helplessly.

She was also frustrated!

She hurriedly covered her chest and gulped as she looked at Li Mo.

“Don’t do anything rash... You...”

She couldn’t help but look in the direction of Li Mo’s swimming trunks...

Her face flushed red as she forced herself to turn her head away. She bit her lips and said softly,

“Hurry up and calm it down...”

Li Mo’s face darkened again!

Her ears turned red as she let go of her feet and drowned in the pool.

“Xu Qingzhi, I won’t let you off!”

After saying that, Xu Qingzhi heard the sound of water. She looked up and saw that Li Mo had already swum away.

He swam five or six rounds in the pool before reaching her.

“Are you going to learn it or not?”

Seeing that he had calmed down, Xu Qingzhi nodded and went into the water carefully.

Li Mosen pulled her with both hands and his gaze swept across her body again and again.

“Lift your legs.”

Xu Qingzhi lifted one leg and tried to lift the other. She failed and looked at him awkwardly.

“I... don’t dare...”

Li Mo said, “Idiot.”

Chapter 1798: Unforgettable

“You don’t understand theory before practice!” Xu Qingzhi retorted stubbornly.

Li Mo frowned. “What did you say?”

“You have to hold on to me tightly!”

Was he a coward for nothing?

After experiencing so much, going head-on against Li Mo...

She was a pregnant woman now. How could she be compared to a strong man like Limo?

In the end, the two of them were the ones who suffered.

No one could have their way.

“Sigh...”

Xu Qingzhi couldn't help but feel melancholic.

...

"Why are you sighing? Hurry up and raise your legs!"

Xu Qingzhi glanced at him and asked, "Are you sure I'll be fine?"

"If you continue to dawdle, find someone else to teach you!"

"Hey, hey, stop fooling around. You have to give me time to take it slow!"

Even if she couldn't eat it, she could still watch it up close. From time to time, she could take advantage of it.

If he were to find someone else, there would be no fun at all.

In the face of beauty, she had to be timid.

Seeing her determined expression, Limo pursed his lips.

This female hooligan.

The two of them struggled for a while before learning obediently for more than an hour. Considering that Xu Qingzhi was pregnant, Li Mo didn't want her to stay in the water for too long, so he forcefully pulled her out.

Xu Qingzhi had just felt something when Li Mo carried her out of the pool.

"What's wrong?"

"I'm not studying anymore. Let's go home!"

"Why? I just felt something!"

Li Mo lowered his gaze and glanced at her. "Because you're too stupid. My patience today has been exhausted by you."

Xu Qingzhi was speechless. You have so little patience!

He placed Xu Qingzhi on a chair and took out a new bathrobe to wrap her up.

From beginning to end, not even an eye was left.

She struggled a few times and barely managed to catch her breath. Just as she exhaled, she was lifted up again.

She subconsciously wanted to go to Lou Limo's neck, but the bathrobe was wrapped too tightly around her and she couldn't take it out.

In a moment of desperation, she grabbed Li Mo's body with both hands. She wanted to grab something, but she failed. She even heard Li Mo gasp.

She immediately spread her fingers and looked at the obvious scratches on the skin in front of her. Xu Qingzhi pouted and quickly reached out to stroke it gently. "Sorry, I didn't do it on purpose... Huhuhu..."

As she spoke, she caressed the scratches and exhaled.

This series of actions made Li Mo's scalp tingle.

"Stop touching me!"

His low growl frightened Xu Qingzhi so much that she quickly removed her hand.

Sensing that Li Mo's breathing was heavy and he seemed to be really angry, she secretly shrank back and retracted her hands before nestling in his embrace silently.

"Where are you taking me?"

Li Mo didn't say anything and continued walking.

Xu Qingzhi blinked and couldn't help but ask, "Actually, you don't have to carry me. I can walk by myself..."

Li Mo pursed his lips and his body froze imperceptibly.

"My arm is cramping and I need to lift weights to exercise."

He was crazy!

Xu Qingzhi stared unblinkingly at Li Mo's body through the gap in the towel.

Her skin was healthy and her muscles were well-defined. Her exquisite muscles followed her movements.

She pursed her lips. How tempting.

She was really drunk on the night of the anniversary celebration.

Perhaps she had thought of something, Xu Qingzhi's face flushed red.

Li Mo had no idea that the woman in his arms was already looking at him. In less than two minutes, he bent down and placed her down.

Pulling off her bathrobe, Xu Qingzhi realized that this was... the bathroom.

Xu Qingzhi looked up at Li Mo, who was looking down at her with a faint smile.

"Take it off."

Xu Qingzhi pursed her lips and smiled at him before turning to leave!

Absolutely not!

She was fearless in the pool just now because she was in a public place and she was pregnant. The main reason was that she had acted impulsively and did something that she had not dared to do for seven to eight years. Now that she had calmed down, she wanted to take a shower with him!

Ha!

She wasn't that thick-skinned!

She was such a reserved woman. Even if she was really interested in men, she couldn't be so shameless!

Her face, neck and ears were all red.

However, Limo didn't give her the chance to leave.

"Why are you running? Take a shower."

Xu Qingzhi struggled and refused to look at his face. "There's equipment in the changing room!"

"It's convenient here."

"... I... my clothes aren't here."

Li Mo inched closer to her and said in a low voice, "Wear a towel and go down later."

Xu Qingzhi blinked her eyes.

Ten thousand alpacas ran across his heart.

Don't get so close, don't sound so seductive!

Who could withstand this!

"You can shower here. I... I can go next door..."

"No, what if I fall?"

F\*ck... F\*ck...

The elegant and reserved young lady, Xu Qingzhi, uttered two words in her heart.

Limo was too abnormal today!

Knowing that she couldn't resist him, he must be trying his best to seduce her!

Swallowing hard, she said with difficulty, "Li... Limo, don't mess around anymore..."

After a few seconds of silence, a low chuckle sounded from above.

Xu Qingzhi nodded lightly, her expression conflicted.

"It's not like you don't know that you're handsome. You've really exceeded expectations today. You experienced it at the pool just now. I can't be sure."

His warm and strong long arm suddenly rested on her waist. He pressed his fingers together and pinched her lightly.

Xu Qingzhi's eyelids twitched and she looked up at him.

Li Mo raised an eyebrow and nodded.

"

Li Mo frowned slightly and pondered for a few seconds.

Xu Qingzhi stared at him for a long time before she turned her head and cursed silently.

“If I had known, I would have found an opportunity back then.”

She muttered to herself in frustration and regret.

“What are you mumbling about?” Limo grabbed her waist and lowered his head to ask her.

Her muttering was like a mosquito, and no one could hear what she was thinking.

Xu Qingzhi pursed her lips and said, “It’s fine... I’ll keep this one for now. Wait for me to unload it!”

She said angrily and patted Limo’s shoulder.

Then, she pushed him away forcefully.

“You can shower first. I won’t disturb you.”

Li Mo didn’t know whether to laugh or cry at her words.

How dare she say that?

Did she see herself as a woman?

He didn’t stop her. Instead, he allowed her to pick up her bathrobe and leave.

He crossed his arms and said calmly, “You won’t have the chance next time.”

Xu Qingzhi froze. “What do you mean?”

“If you don’t do something to me today, I won’t allow you to do anything to me next time!”

Xu Qingzhi gritted her teeth!

Damn it!

This cunning man!

Who was the one who couldn’t help but pounce on her?

And now... he wanted her to ravage him!

Shameless!

Li Mo was very happy to see Xu Qingzhi’s expression and felt even more smug.

She had provoked him in the pool. He had to settle scores with her.

The woman in front of him had a complicated expression on her face. She seemed to be gritting her teeth and about to pounce on him, as bold as she was in the pool.

In the end, Xu Qingzhi gritted her teeth and her tense shoulders slumped.

“Let’s talk about it next time. Anyway, I can’t do anything now. If you’re unwilling... there’s nothing I can do!”

With that, she opened the door and walked out.

'What do you mean, no choice?'

At that time, only she would want to do him even if he was unwilling!

Li Mo's lips twitched!

She didn't expect Xu Qingzhi to do that.

He was powerless!

Damn it!

She had tried to seduce him shamelessly just now!

Seeing that he really had no chance today, Li Mo narrowed his eyes and turned on the shower.

Xu Qingzhi, just you wait!

Xu Qingzhi took a quick shower in the bathroom next door.

She locked the door tightly, afraid that Li Mo would suddenly open it and barge in.

In reality, the door didn't open. When she came out after washing her hair, Li Mo was already dressed and waiting for her outside.

He looked a hundred times better in a simple sweater than others.

Xu Qingzhi sighed inwardly and tightened her bathrobe before turning her head away.

She was really hopeless. She was easily charmed by him.

"Alright, let's go."

Seeing that he didn't look too good, Xu Qingzhi brushed past him.

But Li Mo reached out and pulled her back.

"What?" Xu Qingzhi looked at him in confusion.

Li Mo reached out and stroked her hair. "Are you planning to go out like this?"

Xu Qingzhi was touched by his thoughtfulness.

"If you're sick, my son will suffer. He's ugly to begin with. If I don't treat him better, he'll be pitiful..."

Xu Qingzhi was speechless. Did this man know that she had a bad impression of him?

Two-thirds of the emotions of the day disappeared because of his words.

What was left was definitely caused by her lingering obsession with him!

After Li Mo pulled her to the sink, he pulled out a chair and pressed her down. He took out a hairdryer and turned it on at the highest speed before blowing on her face.

Xu Qingzhi couldn't open her eyes and even breathing was difficult.

"Limo... you're trying to blow me to death!"

Li Mo snorted coldly and placed the hairdryer on her head.

"Sorry, it's my first time drying someone's hair. I made a mistake..."

This technical mistake...

This made Xu Qingzhi feel inexplicably happy.

Most importantly, it was his first time...

Seriously...

Any matter would make her happy for half a day. What should she do?

His fingers were running through her hair, even though the wind was still strong...

—

After returning home, Xu Qingzhi changed her clothes and went straight to the kitchen.

Limo changed his clothes and went downstairs. When he saw Xu Qingzhi busy in the kitchen, his face darkened.

Little Moon, on the other hand, surrounded her feet happily. He stuck out his tongue and bounced happily. He was indeed a stupid dog.

Ever since she got into the car, she had been looking at her phone. She had looked at it five times and urged him three times.

He knew very well that she was in such a hurry because she had to go home to prepare dinner for other men.

He had only experienced her cooking twice. The dinner tonight was especially sumptuous.

Narrowing his eyes, he stepped into the kitchen.

"Woof woof woof!"

The blondie barked at him with hostility. Xu Qingzhi turned her head when she heard it. Her hands didn't stop moving. She only took a quick glance at Limo before turning back to get busy.

"Why did you come in?"

Li Mo held his breath. "... It's getting late. Let me help you."

Xu Qingzhi suddenly stopped what she was doing and looked at him suspiciously. "Really?"

Li Mo frowned.

"No... do you know how to cook? Are you here to help me?"

Li Mo's face darkened. "I'm just worried that you'll tire my son! Besides, do you think I'm such a childish person?"

Xu Qingzhi raised an eyebrow and her lips twitched.

Wasn't it?

"What do you mean by that?!"

"I've never seen you cook before..."

Li Mo picked up the shovel and snorted. "There are many things you haven't seen before! Why are you cooking?"

Xu Qingzhi glanced at him and shook the vegetables in her hand before moving over to push him aside.

"You'd better go out. You're not even wearing an apron and the smell is so strong. It doesn't suit you... Just wait!"

Li Mo frowned. This damn woman was determined to cook for Chu Yi!

He didn't say anything, but he didn't go out either. Instead, he paced around the kitchen.

Xu Qingzhi glanced at him and asked, "Aren't you going out?"

Li Mo lowered his head to look at the dishes Xu Qingzhi had prepared. "Why do you care?"

Xu Qingzhi pursed her lips and turned to pour oil.

She had just finished cooking when Li Mo disappeared from the kitchen.

When she carried the dishes out, she realized that he was sitting at the dining table with his hands in his pockets and legs crossed.

Xu Qingzhi gave him another strange look.

Was this man out of his mind today?

After placing the dishes on the table, she went straight to the living room.

Not long after, Li Mo heard Xu Qingzhi say, "Chu Yi, hurry over! Alright, of course I made it myself. Don't worry, I'll definitely make it unforgettable!"

Li Mo furrowed his brows and snorted. He silently took out a jar from his pocket...

Did she think it was that easy to eat his food?

If that damn woman wanted to show off her culinary skills in front of others, she would give him an unforgettable experience!

Chapter 1799: Eat More If It's Delicious

If that damn woman wanted to show off her culinary skills in front of others, she would give him an unforgettable experience!

Xu Qingzhi glanced at him in confusion before entering the kitchen with a puzzled expression.

During this period, Xu Qingzhi would bring out a dish every time she finished cooking. Limo would occasionally enter the kitchen to help her.

He looked like a good citizen.

Helpful, kind and upright.

But when this description was used on Li Mo...

The sun had risen from the west!

Had Limo really been possessed by something unclean today?

Xu Qingzhi shook her head. She had no idea what was wrong with Li Mo. She lifted the lid of the pot and stirred it before closing it again. Then, she looked at the huge chives beside her.

In winter, there should be such hot dishes!

...

—

Chu Yi was already dressed neatly. He was sitting on the sofa in the living room, watching the television that had been muted. He was on the phone.

“Xu Qingzhi invited me to her house for dinner tonight. I have to ask, how’s her cooking?”

Shen Fanxing was eating a fruit platter when she heard Chu Yi. She paused.

“Qingzhi cooked personally?”

“Yes, she told me not to worry and promised to make it unforgettable. I’m afraid she’ll poison me!”

Shen Fanxing blinked and said, “I’ve never seen how good her cooking is, but I’ve seen her in the kitchen a few times. I didn’t pay much attention to her. The cooking classes in school...”

After a pause, she picked up an apple and popped it into her mouth. Her expression was a little strange and she almost blew up the classroom. She had to thank her on behalf of the entire class.

As for whether the food could be eaten or not... It was her ability to cook all kinds of dishes.

“What’s wrong with cooking?!”

Chu Yi’s gloomy voice sounded. Shen Fanxing swallowed the apple in her mouth and coughed lightly.

“Not bad. Think about how picky she is as a rich young lady. How can she be wrong when she says it’s delicious? As for what you said about poisoning you, it’s purely a joke...”

“Miss Shen! Why do I feel like you’re lying?”

Shen Fanxing frowned awkwardly and said, “There must be something wrong with your ears. Qingzhi is pregnant now, so she has to eat her own food. There’s no need for her to risk herself and her child to poison you...”

Chu Yi was silent for a moment before saying, "That makes sense!"

After pondering for a few seconds, he picked up the box on the coffee table and stood up.

"Alright, I'll go and support her today! I'm hanging up. I'm going out now."

"Hey, wait a minute!"

Shen Fanxing called out through the phone. Chu Yi raised an eyebrow and asked, "What's wrong?"

"Then... when you go, see if Limo is home. Try to be more attentive to Qingzhi..."

Chu Yi sneered in disdain and opened the door. "Do you know my current net worth? You want me to deliberately flirt with Xu Qingzhi and earn popularity for the media?"

"This is a win-win situation. Anyway, it's not real. Isn't it good to create a wave of publicity and attention?"

"Do I care about those?"

Shen Fanxing pouted and said, "It's even easier if you don't want it! Hey, help me. You have to make Limo feel threatened..."

Chu Yi walked around the wall with one hand in his pocket. Upon hearing Shen Fanxing's words, he fell silent for a few seconds before laughing.

"My lady, have you arranged for many men in Rong City?"

Shen Fanxing took a bite of a banana and looked up to see a tall figure walking down the stairs. She coughed lightly.

"What are you talking about? Qingzhi is so good. There are many people who admire her. Do you still need me to arrange for them? You're so handsome and outstanding. It's enough as long as you're alone. If you go on stage, I believe Limo will definitely feel a sense of danger. Remember to perform well. I'll hang up first."

Without giving Chu Yi a chance to speak, she hung up.

"Why are you here instead of staying in the study room obediently?"

The man's tall figure followed his deep voice and pressed his warm forehead against hers. His long arms wrapped around her waist and pulled her into his embrace.

Shen Fanxing hurriedly showed him the plate on her lap. "I'm eating fruits..."

Bo Jinchuan glanced at her before sitting on the sofa. He supported her waist and carried her onto his lap.

Shen Fanxing shielded the fruits on her plate and looked down at him.

"Who were you talking about just now?"

Shen Fanxing was speechless.

“Yes?”

Bo Jinchuan pressed on as he picked up a banana and brought it to Shen Fanxing’s lips.

Shen Fanxing opened her mouth and stammered, “It’s Chu Yi. He’s in Rong City now. I asked him to... seduce Qingzhi...”

Swallowing the banana, Shen Fanxing grinned at Bo Jinchuan. Her teeth were dazzling.

Bo Jinchuan pondered for half a second before his lips curled into a smile.

“Aren’t you afraid that it will happen?”

Shen Fanxing was taken aback. “What?”

“What if Chu Yi really has feelings for Xu Qingzhi?”

Shen Fanxing’s expression wavered and she hurriedly waved her hand. “Impossible...”

Bo Jinchuan smiled and said, “Why not? Didn’t you say that Xu Qingzhi is good? Isn’t she worth liking?”

Shen Fanxing’s face darkened.

Of course, Qingzhi was outstanding and deserved to be liked by others. But if Chu Yi really fell in love with her, he would definitely be hurt...

However, in the next second, Shen Fanxing shook her head firmly and said, “That’s impossible. Chu Yi won’t fall for Qingzhi. He knows that Qingzhi likes Limo!”

Bo Jinchuan brought the apple to her lips and smiled faintly. “Nothing is certain.”

Shen Fanxing lost her appetite for fruit.

Bo Jinchuan placed the apple in his mouth and held her head before kissing her.

It was his fault for reminding her.

Shen Fanxing pressed against his shoulder to reject him.

“Don’t...”

“Oh my god...”

Bo Jinchuan kissed her domineeringly and Lou Ruoyi’s voice sounded. Shen Fanxing blushed and pushed him away forcefully.

The more she was afraid of something, the more it would happen.

Bo Jinchuan looked up the stairs unhappily. Lou Ruoyi was standing at the top of the stairs, covering her face. She looked like she couldn’t leave.

“Be careful too. Can’t you have some morals in public?”

“...”

“...”

—

Chu Yi hung up and rang Xu Qingzhi's doorbell.

For some reason, her heart ached for Limo.

He definitely didn't know what kind of witch Xu Qingzhi's good friend was.

It was pitiful to mess with him behind his back,

Xu Qingzhi heard the doorbell and came out of the kitchen. Li Mo had answered the door before her.

Worried, she followed him out. When he opened the door, Chu Yi walked in.

The two of them faced each other and their gazes collided.

Chu Yi was a little surprised. “Oh, you're actually at home. I thought it would be just me and Xiao Qingzhi for dinner tonight...”

He naturally had to complete his mission well!

Xu Qingzhi almost gave Chu Yi two kicks. Why was he suddenly crazy?

What Xiao Qingzhi!

Li Mo's expressionless face darkened instantly. He narrowed his eyes and shot countless arrows at Chu Yi before forcing a smile.

“Welcome.”

Chu Yi raised an eyebrow and glanced at Limo in confusion.

Was this vinegar jar crazy today?

How could she greet him with a smile?

She looked suspiciously at Xu Qingzhi.

Xu Qingzhi felt uncomfortable and glared at him.

What a troublemaker.

However, Chu Yi ignored him and handed the item to Li Mo.

“This is a gift. It's not out of respect.”

Li Mo took it with disdain. “Thank you.”

Chu Yi smiled and handed another exquisite box to Xu Qingzhi. “This is for you. I felt that it suits you at first glance.”

Xu Qingzhi took it curiously and opened it without hiding anything. She realized that there was a diamond necklace inside.

The design was simple. The diamond pendant was designed with dripping amber. The exquisite and shiny diamond swayed gently inside.

Xu Qingzhi gaped in surprise. "Isn't this... too expensive?"

Chu Yi stared at her and said with a faint smile, "There's no need to care about our relationship."

Xu Qingzhi pursed her lips, not knowing what to say.

Chu Yi's gaze was inexplicably passionate today.

Her scalp went numb.

Was he crazy?!

On the other hand, Chu Yi could clearly feel the air pressure around him dropping. It was as though the air was being drained.

However, the clearer this feeling was, the more interesting he found it.

This feeling was completely above him completing the mission!

Rather than deliberately flirting with Xu Qingzhi, why not change the target to Li Mo?

It was much more fun to tease him.

"Come in. How cold is the door?"

Li Mo said coldly and went forward to hug Xu Qingzhi's waist, pulling her into his embrace.

It was a direct and domineering declaration of sovereignty.

Xu Qingzhi's lips twitched and the smile on her face stiffened.

Chu Yi walked in and the door closed automatically.

Xu Qingzhi struggled a few times in Li Mo's arms. "There are still dishes on the stove in the kitchen. I'll go and settle them. You guys cook for a while."

Chu Yi smiled and said, "You've worked hard."

After Xu Qingzhi left, only Li Mo and Chu Yi were left in the living room.

The two of them looked at each other with fake smiles.

Li Mo said, "Dinner is about to start. I don't think there's a need to invite you to sit, right?"

Chu Yi shrugged and said, "It doesn't matter. I'll go to the kitchen to see how Qingzhi is doing. I'm sorry that she's so busy because of me."

Li Mo gritted his teeth and said, "It's alright. You naturally have to be more sincere when dealing with guests. Don't go to the kitchen. After all, you're a guest. It's unreasonable to ask a guest to help in the kitchen when you're treating a guest. A guest should wait to eat! Feel free to sit. I'll go to the kitchen to see if my wife is ready."

There were five “guests” in one sentence. One “wife” spoke with perfect articulation and gritted her teeth!

The strange thing was that there was nothing wrong with his tone and the faint smile on his face.

Chu Yi raised an eyebrow and stared at Li Mo. His gaze was fiery.

It was obvious that she had been provoked by Li Mo’s words.

Li Mo was a little smug, but he was even more furious.

He was agitated. Wasn’t that proof that he cared?

The thought of Chu Yi really coveting Xu Qingzhi made his heart burn with anger.

Where did this damn woman get so many bad admirers?

Li Mo turned around, and the smile on his face instantly darkened.

She walked into the dining room and pulled out the chair under the dining table. She took out all the bottles and cans and poured them in front of Chu Yi to vent her anger.

The sounds coming from the kitchen proved that Xu Qingzhi was still busy. She only felt better after he used his chopsticks to stir the vegetables.

She put down her chopsticks and entered the kitchen.

“Why are you here again? Where’s Chu Yi?”

Li Mo glared at her. “The house is only so big. How can he get lost?!”

The corners of Xu Qingzhi’s mouth twitched. Li Mo’s vicious tongue was really not up to standard.

The sound of the golden fur howling came from the living room. Li Mo frowned and walked out of the kitchen. In the living room, he saw the puppy jumping around Chu Yi. From the looks of it, it seemed to like Chu Yi.

He frowned deeply.

This traitor!

“Come and eat!”

Xu Qingzhi’s voice sounded from the dining room. Li Mo retracted his gaze and a smile appeared on his cold face.

“It seems like Moon likes you a lot.”

“Moon? So the little guy’s name is Moon. His name is not bad.”

“Alright, stop chatting. Come and eat. The food is getting cold!”

...

After the three of them sat down, the expression on Li Mo’s face improved.

“Qingzhi’s culinary skills are not bad. I’ve only eaten it a few times. You’re in luck today.” Limo said calmly.

Chu Yi raised an eyebrow. “You’ve been married for almost three months, right? Why haven’t you eaten it a few times?”

Xu Qingzhi’s face stiffened and she didn’t reply.

Li Mo’s expression turned cold.

“Hurry up and eat. It’ll get cold soon,” said Xu Qingzhi.

She picked up a mouthful of food and placed it on her plate.

Chu Yi glanced at Li Mo and picked up his chopsticks. “Alright, I’ll try your cooking that you’re confident in. Let’s see how good it is.”

Xu Qingzhi smiled and said, “I’ve said it before. I’ll definitely make it unforgettable for you.”

Li Mo said, “This is a rare opportunity. You have to eat more.”

Chu Yi raised an eyebrow and put a mouthful of vegetables into his mouth.

In an instant, he froze on the spot, and the expression on his face froze.

Xu Qingzhi looked at him hopefully. “How is it?”

That face... If he didn’t praise her, he would blame himself.

Her eyes shifted to Li Mo’s face. Seeing the gloating look on his face, she instantly understood something.

This damn man was actually doing such a childish thing.

Not getting a response, Xu Qingzhi looked a little disappointed. “Isn’t it delicious?”

Seeing her disappointed and sad expression, Chu Yi slowly swallowed the food.

“... Delicious. I’m a little surprised that your culinary skills are so good.”

Hearing this, a smile appeared on Xu Qingzhi’s face.

“Then eat more!”

Chu Yi’s eyelids twitched. “I will.”

She glanced at Li Mo and saw him picking up a mouthful of food smugly.

“Yes, your culinary skills are really getting better.”

As she spoke, she gave Xu Qingzhi a bite. Xu Qingzhi ate it and smiled even more happily.

“Yes, very successful!”

Chu Yi rolled his eyes!

Damn it!

This shameless and childish man!

How dare he use such shameless and childish methods!

Chapter 1800: Plot

The food just now was so salty!

She calmly took a sip of water and picked up another dish.

Li Mo noticed his actions and snorted coldly in his heart.

Chu Yi placed the vegetables into his mouth again and his face scrunched up.

Damn it, it was too sour!

He had just killed the salt seller. This time, he had killed the vinegar seller!

She looked up at Li Mo, who was calmly eating his food. He nodded from time to time, indicating that it tasted good.

She gritted her teeth and went to eat something else...

Sweet, spicy, choking, numbing, and even mixed...

Did that d\*mn man bring all the seasonings in the kitchen?

...

Chu Yi drank water the entire time. In the end, he was so angry that he almost flipped the table.

Limo, this man was so petty and annoying.

She clearly cared, but she played such a dirty trick!

Xu Qingzhi got up and scooped a bowl of soup for everyone.

Seeing that both of them had taken a sip, Chu Yi took a tentative sip.

She finally felt normal.

Due to the strange taste of the dishes, the bowl of rice in front of Chu Yi decreased very quickly.

As the host, Xu Qingzhi was naturally very happy. This was a recognition of her culinary skills. She stood up silently, scooped another bowl of rice, and placed it in front of Chu Yi.

“Eat more.”

Chu Yi was speechless. Was the couple plotting against him?

Li Mo’s smile was especially annoying.

Chu Yi narrowed his eyes and pointed his chopsticks at the plate of spicy chicken in front of Xu Qingzhi.

“I want to try that. Little Qingzhi, let’s switch.”

“Oh, okay!”

This was hospitality!

Xu Qingzhi didn’t hesitate and picked up the plate to exchange with Chu Yi.

Li Mo’s face had long turned red.

She glanced coldly at Chu Yi, who was sitting opposite her. Seeing that they had successfully changed the plates, Xu Qingzhi wanted to pick them up to eat. However, Li Mo suddenly grabbed her chopsticks.

Xu Qingzhi was puzzled. “What’s wrong?”

Li Mo picked up the cup in front of him and exchanged it with her.

“Eat this!”

Xu Qingzhi turned to look at him in confusion. “This boiled meat is a little spicy. You can’t eat it...”

Chu Yi laughed. “Why? Can’t you eat spicy food?”

Li Mo’s face darkened. “It’s just not often.”

As she spoke, she took a bite of the meat.

At that moment, his slender eyebrows moved imperceptibly.

What did he put in there?

Not only was it spicy, but it was also salty...

Chu Yi took in Li Mo’s expression and sneered.

Serves him right!

To think that he had sympathized with this jealous woman at the door.

What a waste of his feelings.

Xu Qingzhi sat at the side and looked at Li Mo’s subtle expression. She couldn’t help but break out in cold sweat.

“Limo, don’t eat it if you don’t like it...”

Li Mo swallowed the piece of meat in his mouth and ate a mouthful of rice calmly.

“It tastes pretty good.”

Xu Qingzhi was still a little worried. She poured him a glass of water and placed it beside him.

Chu Yi raised an eyebrow. Seeing the worried look on Xu Qingzhi’s face, he reached out and picked up another plate of food. “Qingzhi, exchange this for me.”

“... Oh.”

Xu Qingzhi wanted to exchange plates with him again, but Limo took the plate from Chu Yi and placed another plate in front of her.

Xu Qingzhi was speechless.

With a faint smile on his face, Chu Yi placed the plate in Xu Qingzhi's hand in front of him.

"And this..."

Chu Yi, two, and three of them seemed to want to swap with Xu Qingzhi, but they were all stopped by Li Mo.

His face turned darker and darker.

In the end, Chu Yi looked at the new dishes in front of him and said with a smile, "It seems like we've been sitting in the wrong seats from the start. If I had known that you liked my dishes so much, I would have sat with Qingzhi back then."

Beads of sweat formed on Li Mo's forehead. After hearing Chu Yi's words, he almost couldn't help but poke the chopsticks into Chu Yi's mouth.

How annoying!

Xu Qingzhi could tell that there was something fishy between the two men. She raised her hand to pick up the food in front of Limo.

Just as a piece of boiled meat was scooped up, it was knocked down by Li Mo with his chopsticks.

Xu Qingzhi looked up at him, but Li Mo frowned and said, "You're not allowed to eat... I haven't had enough."

Xu Qingzhi said helplessly, "If you like it, I can make it for you next time!"

Li Mo picked up Xu Qingzhi's chopsticks with his own and placed them back on the table. His expression was indifferent as he said, "I like to eat what I have now."

Xu Qingzhi was helpless. She really didn't understand what this man was thinking.

With the guests around, she didn't insist on eating this dish.

After the meal, Xu Qingzhi chatted with Chu Yi about the product launch, hoping that Li Mo would attend personally. However, Li Mo didn't say a word.

That was Xu Qingzhi's field of work. Every word she said had its own flexibility. It was the attitude and wisdom of a company leader.

He didn't know what Xu Qingzhi was like at work.

With just a few words, he seemed to have a new understanding of her.

She was the leader of a company and had her own way of leading.

And it was completely feasible.

Even though the two of them didn't talk much about work, he couldn't blend in with them during that period of time.

Unhappy, she could only silently eat the dishes in front of her with a dark expression.

Even after dinner, Limo didn't say much. Xu Qingzhi didn't expect Limo to help her entertain Chu Yi, so she didn't clear the table and followed him to the living room.

Chu Yi had eaten his fill. Most importantly, he had successfully teased Li Mo. He was in a good mood and wanted to go back and have a good sleep. This day was simply perfect.

Hence, he didn't stay for long. After sitting for a while, he left.

Xu Qingzhi sent Chu Yi out and closed the door. Li Mo was still sitting on the sofa.

She pursed her lips and walked over.

Although the process was not satisfactory, she was still grateful to him for accompanying her and greeting Chu Yi.

"Thank you for entertaining the guests with me tonight..."

Li Mo sat on one side of the sofa and rested his hand on the armrest. He lowered his head and swiped his phone as he replied calmly, "Yes."

His coldness made Xu Qingzhi fall silent for a moment. "If you really want to cook tonight, I'll cook for you tomorrow."

Li Mo hummed again.

His indifference made Xu Qingzhi feel a little awkward. After some thought, she turned around and walked towards the dining room.

However, before she could take two steps, she suddenly stopped.

Turning back to look at Li Mo, he was still sitting in the same position, not moving at all.

Recalling the last response he gave her, although it was only one word, there seemed to be something wrong with his aura.

As she blinked, she had already strode towards him anxiously.

She placed her hand on his shoulder and shook it gently. "Limo, are you alright..."

Li Mo snorted lightly and slowly raised his head. "Do you want to die..."

Xu Qingzhi ignored Li Mo's attitude and sharp tongue. However, when she saw his pale face covered in sweat, she was shocked.

She hurriedly held her stomach and bent down. Because it was inconvenient for her body, she placed her knees on the ground and cupped Li Mo's face anxiously.

"You... What's wrong? Where are you feeling unwell? Huh?"

Her tone was anxious and flustered. Li Mo lowered his eyes to look at her, his brows furrowed tightly. Other than a hint of pain, his dark eyes were filled with loneliness.

“Say something. Where do you feel uncomfortable?”

Xu Qingzhi was really at a loss. She had no experience in such unexpected situations.

If it was anything else, it would be fine. But it was Li Mo now. Limo looked like he was in great pain and she could see it.

The pain and anxiety in his heart might not be any better than Li Mo’s.

Seeing this, Li Mo didn’t want to see her even more anxious. After a long while, he said, “Stomach...”

Xu Qingzhi paused for half a second as she recalled how he had stubbornly insisted on stopping her at dinner.

She was instantly anxious and angry. Seeing his discomfort, her eyes reddened.

“You obviously can’t eat spicy food, so why did you eat those dishes? I’ve already made you your favorite dishes...”

As she spoke, her voice sounded choked. In Xu Qingzhi’s eyes, Li Mo was like a porcelain doll that would shatter with a touch. She didn’t dare to use too much force.

His eyes wavered for a long time before he stood up and tugged at Limo.

“Get up quickly and go to the hospital!”

Li Mo’s body felt heavy. Xu Qingzhi spent a lot of effort but she couldn’t move him.

Seeing that she was about to cry, Limo stood up and held her hand.

“I’m fine, calm down...”

Xu Qingzhi looked up from his embrace, her eyes brimming with tears.

“Limo, nothing will happen to you...”

He was shocked by the anxiety on her face, the tears in her eyes, and her choked voice...

These things were too superficial and couldn’t be hidden.

He tightened his grip on her wrist and endured the discomfort in his stomach. “Are you that worried about me?” he whispered.

Xu Qingzhi bit her lips and said, “Let’s go to the hospital.”

Li Mo didn’t move at all and continued to hold her hand tightly.

“Xu Qingzhi, you haven’t answered my question.”

Xu Qingzhi looked at him with reddened eyes and bit her lips for a long time before saying, “Yes, I’m worried about you. I don’t want you to feel so uncomfortable, okay?”

Li Mo stared at her intently. "Why?"

Xu Qingzhi gritted her teeth. How stupid was he to make her say things so bluntly?

From the beginning to the end, she had never concealed her feelings. Could he really not tell?

"Because you're my son's father! Is that enough?"

Li Mo frowned slightly. It didn't make him very happy.

"What else?"

Xu Qingzhi paused, feeling a little angry. "Are you going to the hospital or not? If not, I'm going upstairs to sleep!"

Li Mo continued to stare at her stubbornly, waiting for her answer.

Xu Qingzhi gritted her teeth and let go of him. She turned around and walked upstairs!

"It's good that he's dead. I can marry someone else with your son!"

Li Mo almost fainted from Xu Qingzhi's words. He took a deep breath and pulled Xu Qingzhi's wrist back.

"What did you just say?!"

"I said you're dead..."

"Xu Qingzhi, if you dare to say that again, I'll tear you apart!"

Xu Qingzhi was speechless.

Who asked her to say that just now?

She glared at him angrily. "Are you going to the hospital or not?"

Li Mo was speechless.

Xu Qingzhi struggled again in anger, but Li Mo suddenly bent down to cover his stomach.

"My stomach hurts!"

Xu Qingzhi hurried forward to hug him. "Alright, stop fooling around. Hurry up and follow me to the hospital!"

This time, Li Mo wasn't too forceful. While he was putting on his clothes and shoes at the door, he looked at Xu Qing with an uncomfortable expression.

"Tell me the other reasons when you get to the hospital, do you hear me?"

Xu Qingzhi pursed her lips and helped him put on his jacket.

She was about to lose her life, so why was she still thinking about the reason?

She couldn't differentiate the severity of her persistence.

"Did you hear that?!"

“Yes, yes!”

Picking up the key, Xu Qingzhi replied helplessly.

Finally, she wrapped his hand around her shoulder and planned to help him into the car.

In the end, Li Mo slid his arm around her waist.

Rather than saying that she was supporting him, it was more accurate to say that he was carrying her into the car.

At least he got into the car obediently.

Xu Qingzhi wasn't in the mood to argue with him.

It wasn't a lie that Li Mo's stomach was upset. He didn't say anything along the way. He leaned against the passenger seat and placed his hand on his stomach. His face was pale and sweat had gathered on his face.

As Xu Qingzhi drove, she occasionally turned her head to look at him. She looked at the road condition and raised her hand to wipe the sweat off his face.

Limo closed his eyes. Every time Xu Qingzhi wiped his sweat, his heart would tighten.

Even with his eyes closed, he could feel the darkness outside the car window. Xu Qingzhi's anxious and teary face kept repeating in his mind.

He had always been managing his body, so other than the occasional cold, he didn't have any major health problems.

A few years ago, when she had a bad stomach, she had been avoiding certain things. It had been a long time since she had such a serious relapse.

However, it seemed like it wasn't just in recent years. He had probably never...

She had never experienced someone caring so much about him when he was sick.

When Xu Qingzhi reached out to wipe his sweat again, Limo suddenly held her hand. He leaned towards her and placed her hand on his chest.

Xu Qingzhi's heart skipped a beat and she curled her fingers. “Limo, I'm driving.”

Li Mo didn't move. Since the hospital was right in front of them, Xu Qingzhi didn't say anything. She slowed down the car and gradually stopped at the hospital.

Xu Qingzhi had already contacted the hospital on the way. When they arrived, there were already medical staff waiting at the entrance.

In the end, Li Mo was pushed into the examination room. The diagnosis was out very quickly.

Acute gastritis.

Li Zuoshuo taught us what it means to suffer the consequences of one's own sins and not have the intention to harm others.
