

Chapter 1797 - 1798 of A Dish Best Served Cold Novel

Chapter 1797

“Quick!” “Let’s go ahead, all the martial arts experts in Kyoto City will follow me to the top of Mount Fuji seven days later, kneel down to the moon and read the gods!” The words of excitement and respect echoed everywhere.

Similar scenes appeared everywhere in Japan.

The warriors everywhere trembled and excited.

Some people even drove to Dongjing that night, booked a hotel, and guarded the foot of Mount Fuji in advance.

Moreover, not only Japan, but also a warrior forum on the Internet, there are related posts.

“Breaking news, the first day of May, the Japanese gods and gods read, after a thousand years, rebirth from the fire!” Once this post appeared, it was like a nuclear explosion, and the whole martial arts world was boiling.

“What?” “Moonreading God?” “Could it be the guardian goddess of Japanese myths and legends, Moon God?” “God!” “How strong is that?” “Perhaps martial arts, has entered the realm of gods? “The realm of God?” “What is the realm of God?” “Could it be that there is still a realm above the titled master?” On the martial arts forum, netizens from all walks of life have undoubtedly exploded and rushed to talk about Japan. Guoyue reads things about the gods.

Among them, there are even more people who speak surprisingly, saying the existence of “the realm of God”.

“Martial arts practice, from the beginning, to the innate, to the state of ecstasy and transformation, to the state of establishing a school and becoming a master.”

“These realms are known to all martial artists of my generation.”

“All the time, everyone thought. , The top of martial arts, is the titled master.”

“But, above the title, is there really no stronger realm?” “Of course not!” “There was a record in ancient books.”

“The land of the east, there is The rainbow emerges like a dragon.”

“Step into the sky, stand in the sky, fly into the sky and escape the sea, transcending into the sacred.”

“It is the realm of gods!” “This is the earliest record of the realm of gods in ancient martial arts books.”

I thought that in this life I could only see it in the books.”

“Now I didn’t expect that there really is a realm of gods, appearing?” ...

In the forum, all kinds of posts have sprung up like bamboo shoots after a rain.

Without exception, they are all discussions about the Japanese God Moon Reading.

It is estimated that Haruhi Yingyue never expected that she, who was once so small and so insignificant, would one day cause an uproar in the entire world.

Vietnam, the Temple of Martial Arts.

In the main hall, the God of War, the God of Sword, and the King of Fighters were all present.

However, compared with before, there was one more person in the hall at this time, and that was the Vast Sky Grandmaster, Tang Hao who had been practicing in retreat before!

Compared with the Juggernaut and others, Tang Hao is unshaven, with messy hair and unshaven beard, and his whole person is slightly sloppy.

However, anyone who knew Tang Hao would never underestimate him because of his appearance.

On the contrary, the more such a person who looks downright, the more terrifying.

Yes, Tang Hao’s strength is among the six pillar nations, even if it is not the first two, it is also the first three.

In terms of strength, the Juggernaut and the King of Fighters are both below.

Among the four people present, Ye Qingtian was able to stabilize him.

“I really didn’t expect that the Moon Reading Heavenly God would be alive?” “You said, his strength is really not in the realm of God?” In the hall, the Sword Master’s low voice echoed, and his anger was slightly suppressed.

Japan and Vietnam are neighboring countries.

Nowadays, among neighboring countries, if there are strong gods, the balance of martial arts in the region will undoubtedly be broken.

This will inevitably threaten the leadership of Vietnam Budo in East Asia.

Chapter 1798

Therefore, after learning that the Sun, Moon and Reading Gods were about to reappear in the world, the Sword Saint and others were naturally very solemn.

However, God of War shook his head.

“In today’s world, the recognized strongest person is only the number one in the sky list, and is also the realm of the titled master.”

“As for the realm of gods, whether manpower can reach it is still in theoretical verification.”

“It is also an ancient book. There are only a few records in it.”

“It can be seen that the divine realm is so elusive.”

“Therefore, I think that the possibility of reaching the divine realm by reading the gods of the sun and moon is extremely low.”

Ye Qingtian secretly guessed, He said in a deep voice.

Hearing this, Juggernaut and others were relieved.

“That’s good!” “Otherwise, if Japan is really strong in the gods, our martial arts in Vietnam will be seriously threatened.”

This is a matter of national security and cannot tolerate the juggernaut and others not being serious. treat.

You know, how powerful is the power of God?

Going to the sky, this is afraid that it is infinitely close to the existence of the fairy.

In other words, the existence of a strong man in the gods is equivalent to a nuclear weapon in the secular world.

So far, only nuclear weapons can deal with nuclear weapons.

In other words, if the strong moon readers really reach the realm of the gods, the total of their six pillar kingdoms would be difficult to match.

Unless there is also a strong god from Vietnam to contend with, otherwise, the safety of Vietnam’s martial arts will always be threatened.

This is naturally unacceptable for the Vietnamese martial arts leaders like the sword sage.

But fortunately, Ye Qingtian’s words made their panicked hearts quiet for a moment.

“Since it’s not a god, even if they do fart!” “Juggernaut, don’t stop me.”

“My son was abolished in Japan, I must rush to Japan, let them give an explanation!” The king of fighters brows flushed, Suddenly he clenched his palm.

In the majestic words, there is full of majestic anger.

They had already seen Mo Wuya’s injury.

Broken arms and limbs!

The opponent's fierce attack is simply outrageous.

The King of Fighters is a son like Mo Wuya. He has never been willing to beat him once.

But now, his most dear son was beaten into a dead dog.

The king of fighters, who has always protected his calves, could not bear it.

If it weren't for the Juggernaut and others had been stopping, it is estimated that by this time, the King of Fighters had already reached Japan.

"Gucheng, don't be impulsive, stay calm and restless!" "Everything is still unclear."

"Whether Wu Ya was injured by the Japanese martial arts is still unclear."

"Before the investigation is clear, don't be impulsive. "Good."

"Don't worry, as long as we find out that Wuya was injured by the Japanese martial arts, when that time, we will all go to Japan and seek justice for Wuya. "Our prince of Vietnamese martial arts, how can we allow others to insult?" The Juggernaut is worthy of being the master of the Martial God Temple, with an old mind and a thorough consideration.

In just a few words, not only comforted Mo Gucheng, but also moved the King of Fighters.

"Okay!" "Juggernaut, I'll listen to you."

"But, say yes, once it is found to be related to Japan, I will definitely go to Japan and ask for justice. No one can stop me."

The deep voice echoed in the hall for a long time.

Afterwards, the Martial God Temple sent an eyeliner to Japan and began investigating Mo Wuya's affairs.

Of course, by the way, I also inquire about the moon reading god.
