

## Chapter 181

Close to her lips, a lingering, they want to pry open her closed lips.

Touch the hot and humid feeling, let Joe reaction over, in the heart more angry, don't want to, a slap waved in the past.

"Pa" in the quiet car sounded, two people were stunned.

Four eyes opposite, two people's eyes meet in the air, each other do not admit defeat.

"You woman!" Li Feng gnawed his teeth in the north, and his chest heaved violently.

If he wants to date Suman, does he care how she feels?

Is he so untrustworthy?

In the end, love him is not deep enough, so there is no sense of trust, will be unbridled to quarrel with him!

"Is your brain a device? You just don't believe me?"

"....." Wenjo pursed her lips.

Can she believe him? Suman is so beautiful, the national goddess in men's mind, but what about her? She's nothing.

Why does she like him?

Love can make people sweet, but it also makes people worry about gain and loss.

Li Feng sighed at her calmness.

Isn't she always like that? What are you doing with her today?

There was no possibility between them, but his wishful thinking left her by his side.

He sighed silently in his heart, reached out and touched her head, and gently explained, "OK! I'm not here to date her, I'm here to pick you up!"

She didn't say she heard her voice on the phone, otherwise she would ask why she called Suman.

She doesn't seem to know anything about Suman. He doesn't want to make trouble.

If she knew that he had a fiancée, she might do something.

Will you leave him?

Thinking of this, Li Fengbei felt tight and grasped the steering wheel subconsciously.

Looking at a woman's grievance and drooping head, one place in her heart suddenly feels soft, just like the sour water.

Thinking of what grandma said on the phone just now, his deep eyes narrowed slightly and flashed a ray of luster, he suddenly said: "go change your clothes first, I'll take you to the old house."

"Old house?" Wenqiao was stunned for a moment, then his eyes were as big as two brass bells, and he screamed in disbelief, "I'm not going! Open the door quickly, I'll get out of the car!"

Did you see your parents so soon? She was totally unprepared!

"Go! Today is Grandma's birthday, just now she heard your voice, want to see you

Winjo wanted to die. She didn't know he was on the line just now.

Li Fengbei grabbed her hand, looked into her eyes seriously, and said: "grandma is very easy to get along with. As long as she is the person I like, she will like it."

In fact, when he said this, he had no confidence in himself.

Maybe grandma would accept it, but she

However, even if grandma does not agree, he has some ways to get her to agree.

However, winjo was so flustered, "I'm not going! Really not

That day in the hospital, the old lady saw her quarreling with Xu Tianyu. She had no face to see the old lady again.

"Wenjo!" Her refusal made Li Feng's eyes sink. "Are you worried about meeting Xu Tianyu and thinking about him?"

"No It's not..." Inexplicable some guilty, said very no confidence.

Of course, that's one of the reasons she's worried.

Li Fengbei's heart suddenly fell down, and a trace of coldness slipped through his heart. He sneered: "you are not fit to lie, Wenqiao. You know me. Don't challenge my patience!"

There was a pang in wenjo's heart.

Yes, she couldn't understand his nature any more. She would like him. Even she thought it was incredible. She once doubted whether she had a tendency to be abused.

I thought that what he would change for himself was that he was amorous.

Her hand clung to the door and whispered, "I'm going to pick up Chenchen. Please open the door."

Li Fengbei would rather see her make trouble than see her calm.

He didn't want to quarrel with her. They got together after a long time. It's no use forcing her on this matter, so he compromised and said, "go back first! I'll call you when I get back! Good boy

Wenqiao face slightly red, did not expect that he would compromise to himself, quietly should say: "well."

"Go

“Well.”

Wenqiao went to push the car door, and was stopped by Li Fengbei again, “is that it?”

The tone was full of discontent.

“Ah?” Wen Qiao Leng for a moment, in his eyes, a smile, leaned over his body, quickly in his cheek kiss, such as dragonfly water.

This kiss, of course, he was dissatisfied, reached for her, as if aware of his intention, as soon as Wenqiao dodged out of the car, standing outside the car looking at a disappointed man giggle. “Little fool!” Li Fengbei also laughed.

He was really possessed by her. He was so angry that he could give up his arms and surrender with a little kiss from her.

Is that a reconciliation?

Wen Qiao covered his mouth with a smile. The two people who were still fighting just now were reconciled as before, and the sweetness remained the same.

Li Fengbei didn't leave immediately. Instead, he sat in the driver's seat and looked at the woman standing outside the window. As soon as he wanted to say something, Wenqiao's mobile phone rang.

It was the teacher from the school who called and said that Chenchen had been picked up.

Wenqiao once told her that if she didn't go to pick up the child herself, whoever went to pick up Chenchen would have to call her and say something.

Wenqiao was so worried that he asked, “teacher, did his grandmother pick him up?”

No, she didn't ask her mother to pick up Chenchen today.

“No...” The teacher's words flashed, “yes Old lady Li picked it up

“Old lady Li!” Wen Qiao can't believe ground call a way, lift Mou to see toward Li Feng North, in the eyes penetrate to inquire.

“Li Fengbei, your grandmother took Chenchen away. Did you let her take her away?” Wenqiao asked angrily.

“Not me!” Li Fengbei's pretty brow was twisted. It was a big deal.

Suddenly, I remembered one thing that my grandmother had told him before. She said that she had met a little boy who looked very much like him when he was a child in the kindergarten. Could it be that

“Wait...”

He quickly dialed the old lady's phone and asked, “grandma, did you take a little boy home in kindergarten?”

“Yes! How do you know?” The old lady was very surprised and didn't intend to hide it. She was still happy between the words.

Li Fengbei had no choice but to pinch his eyebrows, "Grandma! If you take the child home so rashly, the child's family will be worried."

"Fengbei, do you know the boy? Where is the boy's family? Do you know who the baby's mother is? I just wanted to ask the child, but the child didn't say a word, and I couldn't contact his family!" It's quite a grievance.

"Grandma..." Li Feng's head is more painful.

Looking rather happy, the old lady interrupted, "my good grandson, come back quickly. You must meet the little boy."

"Good! That's it Li Fengbei hung up directly.

## **Chapter 182**

At the other end of the phone, Mrs. Li listened to the blind voice on the phone and nodded discontentedly. She hasn't finished what she said!

But the thought that she might have a great grandson turned her wrinkled face into a chrysanthemum, even Li Fengbei's impoliteness could be ignored.

Li Fengbei looked at Wen Qiao, his eyes full of shame, "grandma is more playful, but her heart is not bad. If you don't want to go to the old house, I will take Chenchen home intact!"

Wenqiao's heart is unprecedentedly flustered, a kind of bad premonition around the heart.

She does not want Chenchen to have too much contact with the Li family. Unexpectedly, she is found by the Li family.

She took a taxi and sat in again. "I'll go to the old house with you!"

Sitting in the co pilot's seat, her fingers were tightly mixed together, her eyes were red, and she was about to cry anxiously.

At this point, how could she let Chenchen stay alone in Li's old house?

It can be seen that the old lady of the Li family is a person who doesn't play cards according to common sense. If she wants to take Chenchen to identify DNA, what should she do?

No! She would never allow such a thing to happen!

Before she can marry Li Fengbei, she can't let the Li family know the existence of Chenchen. They will take Chenchen away.

Li Fengbei took her hand. Her hand was trembling slightly. Her heart was tight and she looked at her anxiously.

"What's the matter with you, Joe? If it's because of Chenchen, don't worry. Grandma likes children best. She won't do anything about Chenchen!"

Smell speech, Wen Qiao suddenly exploded, shake off his hand, roar: "of course you will say so! You know what? You don't know anything"

A sour nose, red eyes, before tears fall down, she turned to look out of the window.

How could he know her anxiety?

Chenchen is her heart. She has been relying on Chenchen all these years. If Chenchen is robbed by them, what else can she have?

"....." Li Fengbei looked at the palm of his hand, frowned deeper, and asked in a deep voice, "Qiao Qiao, are you hiding something from me?"

In this case, it is true that Granny did something wrong, but Wenqiao's reaction was so strange that he couldn't understand what she was afraid of?

Winjo's dark pupils shrank, his fingers holding the seat belt clenched, and quickly denied, "no!"

Her answer was too urgent, but it had a kind of flavor.

"....." Li Fengbei pursed his lips. His deep eyes flashed a deep loss. After a pause, he said, "let's go! I can assure you that nothing will happen in the morning"

Wenqiao bit his lip and lowered his head. His black hair covered up the emotion in his eyes.

He would have doubted her agitation.

Wenqiao sniffed, forced down the panic in his heart, and said softly: "Li Fengbei, I'm sorry! Just now I was so excited just now."

"Joe..." Her appearance inexplicably distressed him, he sighed, stubbornly grasped her hand, gently kiss on the back of the hand, affectionately said: "I will protect you, no matter what happens! So don't be afraid!"

His Obsidian eyes were shining like stars in the sky. With firmness, they somehow calmed the confusion in Wenqiao's heart.

With a smile on her face, she nodded, "well."

Maybe she was too pessimistic and thought too complicated.

If she had more confidence in Li Fengbei and was willing to believe him, she could tell him about Chenchen and An'an and tell him that they were their common children.

But she knew nothing about the truth five years ago, and she couldn't take the risk.

She said silently in her heart, Li Fengbei, please forgive my selfishness.

When the time is right, she will tell him this fact, but definitely not now.

An hour later, the car stopped at the gate of the old house.

The golden gate of the old house slowly opened, and a row of uniformed security personnel with sunglasses bowed to them, doing the pictures that can only be seen on TV.

“Welcome home, young master!”

Wincho was startled by the sudden sound, and his fingers clung to the seat belt.

There is a gap between Li Fengbei’s family and hers. They are not from the same world at all.

In the face of such a scene, Li Feng did not change color in the north, and his face was expressionless. He had been used to such a life, but she was on pins and needles.

The car went in and stopped at the door.

There are some accidents. Li’s old house is not a glittering modern villa, but a leisurely pastoral style. It has an architectural style similar to that of ancient times, but it is exquisite everywhere. Even a small corner is carved with perfect patterns.

The old lady likes a comfortable life. All kinds of valuable trees and flowers are planted in front of her door. The vines full of flowers wrapped around the wooden pergola to climb up, and the blue slate loomed under the green turf.

Wenqiao followed Li Fengbei through a winding corridor and came to the main room.

However, the room has a unique flavor. It is decorated magnificently. It is inlaid on the wall cupboard and decorated with all kinds of precious antiques, blue and white porcelain and all kinds of jade.

All kinds of ancient calligraphy and paintings are hung on the walls, all of which are the authentic works of ancient celebrities.

The maid took out a pair of slippers and knelt down in front of Li Feng to change his shoes.

The maid changed Li Fengbei’s shoes and Wenqiao’s.

“Thank you. I’ll do it myself!” Wenqiao stopped in a hurry and bent down to change his slippers.

Li Fengbei frowned and held her, “this is her job.”

Wenqiao didn’t answer and quietly changed his shoes. His mood was complicated.

Although it’s a maid’s job, it’s not her servant. She has no right to instruct her, and the maid has her own dignity.

What kind of work did she not do when she was abroad with Chenchen?

She didn’t dare to spend only 50000 yuan. She worked as the lowest level employee. One day, she fell ill in the morning. In order to get money quickly, she also worked as a servant of rich people

Winjo wanted to be so involved that when people looked at her, she still hung her head and didn’t respond.

Seeing that she was suddenly depressed, Li Fengbei thought that she was not used to being watched. He clenched her hand and whispered in his ear, “don’t be nervous, just follow me!”

Wenqiao put away his emotion, looked up, and was startled.

People all over the room were staring at her as if she were some kind of monster.

Can it be a monster? Goblins are also a kind of monsters.

They had never seen Li Fengbei so close to any woman. It was even more incredible that he held hands with her.

Wen Qiao thought about this situation on his way here. He thought he had made enough psychological preparation, but he was still stage fright in the face of this big family. He quietly hid behind Li Fengbei.

### **Chapter 183**

On the second floor of the old house, in Mrs. Li's room.

Mrs. Li looked at Chen Chen and an an, who were sitting together playing with toys. She laughed so much that the wrinkles on her face came out. Her expression was very similar to the big gray wolf who abducted the little white rabbit.

ANN is as like as two peas, but Su man is a bit like that. But it is not so similar. But this little boy looks exactly like Li Feng when he was little.

It's incredible!

She didn't believe that there would be two people in the world who were so similar though they were not related by blood!

The more I look at it, the more I like it.

If this child is Li Fengbei's son, it's the best birthday present from heaven!

She asked sister Hua, the housekeeper of the old house, to bring cake and candy. Sister Hua kindly said, "young master, eat sugar!"

Young master?

Chenchen stopped the toy car in his hand, looked at the housekeeper's mother-in-law suspiciously, and corrected: "mother-in-law, don't call me young master, just call me Wen Qichen."

What a smart kid.

Sister Hua grew up watching Li Fengbei. By the time she was 30 years old, she didn't have a regular woman around her, and she had only an an.

It's not that they prefer boys over girls, but that such a big family business of the Li family always needs a boy to inherit.

Now, suddenly, such a big son appears. Oh, no, it's possible. Maybe I have such a big son. I'm really happy for him.

"Chenchen, what do you want to eat? Tell your mother-in-law and granny. She will buy it for you."

Chenchen looked at the colorful candy, sucked the saliva that slipped to the corner of his mouth, shook his head, and said politely, "I don't eat it. Thank you, grandma, thank you, grandma!"

Old lady Li was surprised. She clearly saw that he wanted to eat. Didn't the child like these things?

"Why not? This is specially prepared for you by grandma Tai!"

Ann has put down the toys, chubby hands holding candy to the small mouth, stuffed all over the mouth, vaguely said: "yes! Brother Chenchen, why don't you eat it?"

Chenchen said, "Mommy said, you can't eat what others give you."

Be alert!

Mrs. Li nodded with satisfaction, "son, we are not others. I'm Ann's grandmother. You also call me grandma. You have a good relationship with Ann. We won't hurt you! Don't worry about it

Chen Chen shakes his head, his clear eyes are full of firmness, "Granny, it's not entirely because of this. Mommy said, "other people's things are not floating in the water, so we can't take them casually!"

The old lady was amused by him, looked at him kindly and praised, "what a good boy! Tutoring is also good. Can you tell Grandma what kind of person your mommy is?"

Chenchen didn't even think about it. She blurted out with pride: "my mommy is a beautiful person, kind-hearted and the best mother in the world!"

"Good tutor!" Old lady Li couldn't help praising again.

If a child is well-educated, that's what parents teach. His mother must be well-educated.

Suddenly, Chenchen went to the other end of the cabinet, looked at a small plane on the cabinet, and said enviously, "this plane is a simulation model made according to the Boeing 707. It's very good. There's nothing wrong with it."

Smell speech, Li old lady and flower elder sister look at each other at the same time, the surprise in the eye can't stop.

Mrs. Li was surprised and said, "Chenchen, this plane was made by my grandson, that is, An'an's father, when he was six years old. If you like it, grandma will give it to you!"

Li Fengbei was a genius when he was a child, especially in heavy equipment and weapons. He never forgot to look at them. He could see the drawings at a glance.

is as like as two peas. I didn't expect that Chen Chen was so young that he had the same interest and talent as Xiao Li when he was little.

She was more sure that Chenchen was her great grandson.

After all, she said in her heart, even if Chenchen was not Li Fengbei's son, she also recognized this great grandson.

At this moment, the servant came to report, "old lady, the second master has come to celebrate your birthday."

"I see. Let him in."

The smile on Mrs. Li's face disappeared. The son always caused her some troubles and made her life difficult.

"Chen Chen, an an, you play by yourself. Tell sister Hua what you want!"

"Thank you, grandma!"

An'an leads Chenchen out of the door and meets Li Mingbo at the door.

Li Mingbo was shocked. Looking at Chenchen's back, he narrowed his eyes dangerously.

The little boy's eyebrows and eyes look like Li Fengbei, isn't it

Under the stairs, Chenchen looked at the room full of antiques. He thought it was very interesting. He had a good time. He forgot to leave and go home to find Mommy.

"Who is this boy? How beautiful! It's like Li Fengbei!" "Well, isn't it Li Fengbei's illegitimate son outside?"

Next to him, looking at the strange little boy who suddenly appeared in the old house, someone gathered together and whispered timidly.

Chen Chen's hand was stiff.

Ann took Chenchen's hand and asked, "what's the matter?"

Chenchen shakes off Ann's hand and pulls her face down. "Don't follow me. I want to be quiet for a while!"

Chenchen found a corner of the sofa and sat down, looking out of the window of the scene.

An'an wrongly toots a small mouth and looks at him not far or near.

She didn't do anything just now? Why is brother Chenchen angry again? What a moody person!

Before long, Wen Qiao and Li Feng pushed the door open.

As early as they entered the courtyard, before they entered the door, Chenchen saw the figure of Wenqiao.

He jumped out of the sofa and ran to the door. "Mommy! Here you are at last! Are you here to take me home?"

Chenchen took Wenqiao's hand, raised her little head, and looked at her expectantly.

"Mommy, I don't want to go with that Granny. She wants me to go with her and stay behind me. I'm afraid it's not good for you if she follows me home, so I'll..."

Speaking of the end, Chenchen confessed his mistake and dropped his head.

Mommy said, don't go home with strangers.

However, mummy seems to be hiding from someone. He is afraid to call someone home, so he has to follow Mrs. Li to come here. Moreover, Ann says that person is her grandmother and a good person!

He thought that his grandmother took him home because he had a good time with Ann.

But he just heard from those people that he looked like Li bastard. When he was a child, he also said that he might be Li bastard's son.

He was afraid, afraid that he would never see Mommy again.

Wenqiao looked up and down at his son and saw that he was OK. He was relieved.

She squatted down and hugged him tightly, a moment later afraid, "they didn't do anything to you, did they?"

Such as drawing blood or taking his hair.

## **Chapter 184**

Chen Chen shook his head, "no!"

Instead of doing anything to him, he was treated well.

JOJO breathed a sigh of relief. "It's OK. Mommy's here to pick you up!"

She looked at Li Fengbei, "Li Fengbei, I..."

She wants to say that Chenchen looks a little scared. She wants to leave with him first. Today is the old lady's birthday. She is in a hurry. She didn't even have time to prepare a birthday present. It's really impolite.

Li Fengbei held her hand, as if to see through her thoughts, "don't go! Now that you're here, at least say hello to grandma before you leave. "

"But I didn't prepare a gift for grandma, and it's her birthday today. I'm so rude!"

Just now I was too worried about what they would do to Chenchen. I didn't want to wait for a moment. My brain was blank and I came here in a hurry.

Li Fengbei looked around in his eyes and didn't see his grandmother. She should be upstairs.

"Follow me!" Ignoring wenjo's words, he said overbearing, "grandma doesn't need your gift!"

"....." She knew that the Li family didn't lack anything, but it was a matter of her mind.

She insisted on holding Chenchen's hand and looked at lifengbei prayingly.

She's really not ready to meet his parents. She's so nervous and her heart beats fast.

Ann is wearing a princess skirt and a crystal crown, which looks like a glutinous rice ball.

As early as Li Fengbei came into the house, she ran to his arms. At this time, she hung Li Fengbei's neck in one hand and asked softly, "aunt Wenqiao, are you going to take brother Chenchen? He's having a good time here? "

She didn't understand. Just now, she took all her precious toys to Chenchen's brother. Isn't Chenchen's brother very happy? And she saw him smile? How can it not be fun?

Chenchen was very fond of grandma Tai and her mother-in-law. He was very happy when he heard that he might be Li Fengbei's son.

He finally has a father, no longer a wild child, the most important thing is that we will not point out to Mommy.

However, an old aunt said that she didn't want mummy when he came home. They also said that Uncle Li was engaged and had a fiancée.

If he was Uncle Li's son, wouldn't he want more stepmothers?

What will Mommy do then?

Such a thought, the joy in the heart all turned to be lost, with to Li Feng North also complained.

"Well, I'm not happy here!" Chenchen retorts, holding Wenqiao's hand and looking unhappy, "Mommy, let's go back!"

Wenjo is in a dilemma.

this child has the final say, what is going on will be unhappy, but this is not her final say.

She looked at Li Fengbei prayingly, but her opponent frowned. Her face was cold and unhappy. Her eyes seemed to say, you dare to go and have a try.

Wenqiao had no choice but to know that he couldn't get away with it, so he had to comfort him: "Chenchen, you play here for a while, I'll go to say hello to the old lady, and we'll go home!"

At this time, an old man in dark red and gilt edged Tang suit, with silver hair, was walking down the stairs with the help of a man.

This man is no other than Xu Tianyu.

In the old lady's heart, Xu Tianyu is the most filial child.

When the old lady saw Li Fengbei, she immediately said with a smile, "Fengbei, you've come back. Just now sister Hua told me that you've brought a girl back. Who are you?"

Today, she got not only a great grandson, but also a granddaughter-in-law. She hasn't been so happy for a long time.

A big living person is ignored by Shengsheng. How many people does she have!

Wenqiao stood aside, awkwardly tugging at the corners of his mouth, and said, "Hello, grandma!"

Old lady Li seemed to find Wenqiao at this time. Her wrinkled eyes twinkled with shrewd light. "Good boy, let Grandma have a good look!"

Just now, she heard on the phone that the girl dared to scold Li Fengbei, the "cold faced king of hell". The so-called "one thing comes down one thing". The girl was sent by heaven to subdue her lawless grandson.

However, the more she looked at it, the more familiar she felt. She asked suspiciously, "have we met somewhere? Why do I look so familiar?"

Wen Qiao raised his heart, especially behind the old lady. Xu Tianyu's sharp eyes fell on her for a moment.

Li Feng took a step to the north, protecting Wenqiao behind him without any trace. "Grandma, you must remember wrong. She came home for the first time."

He's not a liar. It's his first time at home.

In other things, he is a man who says "yes" and "no" and others dare not say "no".

But this man is his grandmother, and his grandmother is his closest person. Similarly, he doesn't want to make Wenqiao aggrieved or upset.

He did not forget to give Xu Tianyu a warning look, indicating that he had better not talk. Xu Tianyu covered up the haze in his eyes, with a warm smile on his face, and said softly, "grandma, I think this young lady looks familiar to me, too!"

"Oh? Is it? That must have been seen somewhere before!" The smile on old lady Li's face stagnated for a moment, and then she began to smile again.

Just now, she thought it was the girl who was chatting with Xu Tianyu in the hospital. When she heard Xu Tianyu say so, she was relieved.

As long as it's not that girl!

Where did she go just now? Feng beimingming told her that the girl had been dealt with by him. How could she be involved with him!

With the strength of the Li family, they don't need any famous women to get married, but it's the most taboo and intolerable thing for her brother to like the same woman.

"What's your name, child?"

"My name is winjo, warm winjo, Little Joe's Joe." The palm of Wenqiao's hand was tightly clenched, and his heart was restless.

Li Fengbei took her hand, gave her strength and courage, jokingly said: "grandma, are you going to let us stand here to talk?"

"Look at me, I'm so confused. Little Joe, go in and sit down!"

Everyone sat around the huge marble square table. Wenqiao sat beside Li Fengbei. Unfortunately, Xu Tianyu sat opposite her, and his eyes looked at her as if there were no one else.

Winjo bowed his head and did not dare to look up.

At this time, a voice of yin and Yang suddenly sounded, joking: "Yo, Fengbei, this child, who has a girlfriend, is also hiding, worried about being seen, such a baby?"

Mrs. Li and Mr. Li have been loving each other all their lives and have given birth to three children.

Li mingjue is the eldest son, Li Mingbo is the youngest son, and Li Yufei is the youngest daughter.

It's Li Yufei, Xu Tianyu's mother. After she divorced Xu Tianyu's father, she took Xu Tianyu back to Li's home.

Li Yufei grew up cute from a young age and was held in the palm of his hands by his parents and brothers. Some of them were spoiled.

In this family, relying on the love of the old lady, unscrupulous, in addition to the old lady, do not pay attention to anyone.

Li Fengbei's deep eyes sank, her thin and sexy lips slightly hooked, "of course, her own women should love her."

"Hum!" Li Yufei closed the door and hummed coldly in his heart.

What are you proud of?

How many times better is his Tianyu's girlfriend than this Wenqiao?

## **Chapter 185**

Li Yufei carefully searches for the memory in her mind. She can't remember which family Wenqiao is.

But the woman Li Fengbei likes must be a woman with a prominent family background, at least in her opinion, better than Suman's family background.

Full of smiles, she asked, "Miss Wen, which group chairman is your father? Why haven't I seen you before?"

Li Yufei doesn't have a proper job. She goes to all kinds of upper class parties every day. There are no celebrities in B city she doesn't know.

Wenqiao blushed and whispered, "my father is not a board chairman."

"In which government department is that?" Li Yufei asked with an indomitable heart.

"No..." Wenqiao was even more embarrassed. As soon as he wanted to answer, Li Fengbei's cold voice suddenly rang out in his ear, "it doesn't matter who her father is. I'm her best backer."

Wenqiao fingers tightly together, she quietly looked up to Li Fengbei, his resolute face in the sun, added a bit of warmth.

Her appearance is a disgrace to him.

Li Fengbei's warm big palm came over and put it close to her ear. Her voice was very light, but she was always overbearing: "don't listen to what other people say! All you need to know is that you have me. Nothing else matters

"Well." Wenqiao's heart is like being hammered by something, strands of sweet entangled in my heart.

In this strange place, her heart, was injected with a warm.

Li Yufei chokes, but he hears the key. It turns out that Wenqiao is not miss Qianjin, but a little-known Cinderella.

All of a sudden, complacent, corner brow with Schadenfreude, look at the eyes of Wenqiao with undisguised dislike.

Look, the woman Li Fengbei is looking for is not as good as the woman her son is looking for.

Then Li Yufei finds out that Xiang Mengwei, her favorite daughter-in-law, did not come on such an important occasion today. She is immediately dissatisfied.

“Tianyu, why didn’t Mengwei come today? Didn’t I tell you to invite her? She is too ignorant to come to such an important occasion!”

She turned her head and looked at Xu Tianyu. She found that her son’s eyes were staring at the opposite side. She didn’t respond to what she said. She didn’t know whether he had heard it or not.

“What are you looking at?” She followed his line of sight to see past, draw the eyebrow of delicate eyebrow line to wring together mercilessly.

“What’s so good about this fox spirit, son? Did you hear what mom said?”

Xu Tianyu calmly looked back at Li Yufei and said, “mother, my son has grown up and knows what he is doing. Don’t worry. As for This winjo...”

Son words have words, Li Yufei a burst of tension, “this fox spirit how?”

“She’s not a fox, she’s a good woman!” After that, Xu Tianyu’s eyes fell on the woman again, with a warm smile on her handsome face.

Looking at her sitting straight, looking at her face embarrassed, looking at her Eyes full of unwilling and obsessed.

Why? What she liked was him. Li Fengbei took her away by force!

In his heart, ten Xiang Mengwei are not equal to one Wenqiao.

Li Yufei looked at her son’s infatuated eyes and said: “son, don’t tell me that you also like this woman? Do you know her?”

Xu Tianyu said with a smile: “what’s the matter! How dare I like my cousin’s woman?”

Li Yufei was relieved and said, “son, don’t be confused. You should be clear about your situation in the Li family. Only when you become stronger and find a woman who can help you can you stay in the Li family for a long time!”

“Mother, son understand!”

“Just understand. I’ll tell you, you can’t take a fancy to those foxes outside. Li Fengbei has willful capital. You don’t have it!”

This woman has peach blossom and fox spirit on her face. She is definitely not the right person for her wife.

For Li Yufei's naked eyes, Wenqiao chooses to ignore it. She is more concerned about the old lady.

Seeing that Mrs. Li didn't do anything to Chenchen, Wenqiao put her heart down for the time being and prayed in her heart that Mrs. Li should not be impulsive.

However, what you worry about comes with what you worry about.

Seeing Chenchen closely following Wenqiao, Mrs. Li asked in surprise, "Xiao Qiao, are you Chenchen's mother?"

Wenqiao's eyelids leaped, bit his lip and replied, "yes, I'm giving you trouble."

"No trouble, no trouble!" Old lady Li's fingers were shaking.

Yes, Chenchen must be the child of Fengbei.

"Sister Hua!" She grabbed the housekeeper's hand beside her excitedly, and the joy in her eyes was self-evident.

Sister Hua accepted her instructions, nodded her head and quietly left the room.

Wenqiao took this scene in her eyes. Others didn't see anything, but she had a secret in her heart. Naturally, she saw the interaction between grandma and housekeeper in her eyes. What did she want to do? Led by the old lady, Li Mingbo, Li Yufei, Xu Tianyu and Li Jingyuan, Li Mingbo's son, sit in turn, while Li Fengbei and Wen Qiao sit on the right side of old lady Li.

The woman Li Fengbei took home for the first time will inevitably become the object of ridicule.

While Li Fengbei sat there, his back against the leather chair, his face calm, always protecting Wenqiao's posture, and he was not moved by what others said.

Gradually, everyone was not amused, but just sighed in his heart. Li Fengbei, the devil of the world, thought that no woman could get into his eyes. In the end, he was accepted by this woman who didn't know where to come from.

Two servants came over, stood beside Wenqiao and lifengbei, bowed and bowed, and said respectfully, "young master, Miss Wen, let's feed young lady and young master Chenchen."

"No..." Wenjo refused without thinking.

She doesn't allow Chenchen to leave under her eyes, even for a second, and Chenchen is already five years old and will eat by herself.

Before the words were finished, a smile broke out across the table. "Miss Wen, don't be nervous. They have been trained professionally. They can take good care of the two babies."

Wenjo looked at the speaker with a flash of surprise in his eyes.

The facial features are deep and delicate. A pair of Danfeng eyes are particularly eye-catching. The tail of the eyes is slightly upturned, resulting in a natural flattery. There is a woman's flattery in the appearance, but there is a man's heroism in the facial features.

Can't use words to describe or define, he is beautiful or handsome in the end, in a word, the men of the Li family are not ugly.

Li Fengbei's eyes sank, and he expressed strong dissatisfaction with Wen Qiao's staring at other men in a daze.

Under the table, his hand slapped on winjo's thigh and pinched on the soft meat.

## Chapter 186

Wenqiao eat pain, but dare not attack, round eyes staring, warning to look at Li Feng North.

This is the old house. There are so many people here. Don't mess around.

Li Feng, the old God of the north, sat as if nothing had happened.

Wen Qiao took a deep breath and knew that he couldn't attack at this time, so he had to let him go and settle accounts with him when he got home.

After Li Jingyuan said so, she is not good to say anything more, just a heart, very uneasy.

After a meal, Wenqiao was eating delicious food. The happiest thing was old lady Li. She wiped her mouth and said with a smile, "I'm finished. Take your time."

"Yes, grandma."

Old lady Li went upstairs. Sister Hua had been waiting upstairs for a long time. With a hair in her hand, she spread it out like a treasure. "Old lady, I've got it."

"Good! Well done! You should contact the hospital as soon as possible and handle this matter in person!"

"Yes, make sure you do it safely." The next second, sister Hua hesitated again, "but..."

"But what?"

"Young master there..." Flower elder sister some worry, "we secretly do this matter, if the eldest young master knew, can angry?"

Speaking of this, Mrs. Li was angry and pouted, "I didn't blame him. He was very kind. Instead, she was angry with me!"

Flower elder sister doubts, "this words how say?"

"You think, Chenchen is five years old today, and Xiao Qiao and Feng Bei are in love now. What does that mean? Maybe that boy knew Chenchen was his son and would not tell us."

Flower elder sister nodded, a pair of suddenly bright appearance, "have this possibility! But why did the young master keep it from us? Some people in the board of directors have been talking about the fact that the eldest young master has no successor. It would be much easier for him to claim the younger master Chenchen back home."

With such an analysis, the old lady had no idea. She simply didn't want to understand what she didn't understand. She waved her hand and said, "go and help me call this smelly boy up. I'd like to ask, what does he mean?"

"Well, I'm going."

Sister Hua took Li Fengbei to the second floor and left.

Li Feng opened the door to the north and saw the old lady sitting on the chair with a serious face. She said helplessly, "grandma, where can I make you angry?"

He went around behind the old lady and held her shoulder.

The old lady took him by the hand and threw it away, "don't play with me! I ask you, what's the matter between Chenchen and winjo? "

"Oh, that's the question." Li Fengbei restrained his smiling face and said seriously, "I like that woman. It's hard to catch her. Don't scare her away."

The old lady gouged out Li Fengbei angrily, "it's really promising! Doesn't it mean that all the women around you can go around the equator? Why is this winjo so hard to follow? "

"Well, it's just stupid. I'm an excellent man. If I don't take the initiative to post it, I have to make every effort to pursue it."

When the old lady saw her grandson, she said that she was serious, not joking with herself. Her face was serious, and she asked, "now? Does she like you now? "

"Of course! Don't you believe in the charm of your grandson?" Li Fengbei blinked, looked proud, and pinched her back again.

"Poof." The old lady was amused. She held Li Fengbei's hand on her shoulder and stopped him. "You have a rest. There are so many things in the company and you are so busy. Take a rest."

She patted the back of Li Fengbei's hand and said with emotion: "my grandson is so rich, she is not easily moved, which shows that she is not a woman who worships money. If she really likes you, I don't object to you, but you have to explain to Suman. "

Speaking of this, the old lady shook her head helplessly.

It's not that she supports her children and grandchildren to do such immoral things.

She has seen the way Li Fengbei and Su man get along with each other with her own eyes. She has no affection or fun at all. What's the meaning of such two people's life?

Since it's doomed to be a tragedy, it's good for each other to stop early.

"I know."

"Just know! I don't want to be wordy any more. I call you here mainly to ask you something!" The old lady's words changed.

"Grandma, just ask."

“That little boy is wenjo’s son for you?” The interrogative sentence is affirmative.

Li Feng North meal, eyes flashed a touch of desolation, “is not.”

“No?” The old lady straightened up and said, “when are you going to keep this old woman from me? I think he looks as like as two peas when you were little. ”

When I think of something, I’m even more delighted. “Even my hobbies are the same, and I’m as smart as you. I’m a genius!”

Li Fengbei frowned. He just felt that Chenchen was a little like himself when he was a child. As for how much he was, he didn’t think about it. “Maybe handsome people are similar?” In his mind, Li Fengbei suddenly thought of what Wen Qiao said.

It’s not that he didn’t doubt Chenchen’s identity. He can be sure that Chenchen is not his son. He thought it might be someone else in the Li family, such as Li Jingyuan

But Li Jingyuan doesn’t look like him at all.

In other words, he doesn’t look much like the rest of the Li family.

I look at myself, not to mention when I was a child. I certainly don’t have a deep memory, but as an elder, it’s different. The younger generation’s appearance when I was a child is firmly remembered in my mind.

The old lady immediately pulled her deaf face and said, “no way! I don’t believe there will be such a thing in this world. Two completely unrelated people will be so similar! ”

Seeing the old lady’s angry face, Li Feng said with a smile, “grandma, what are you doing in such a hurry? I will still have a son. Moreover, I have taken Chenchen as my own son. Even if I have a son in the future, I will treat him the same as other sons. ”

The old lady saw that her grandson was so stubborn that she couldn’t make any sense. She immediately hated the iron and said, “I don’t know why you think Chenchen must not be your son, but I will stick to my idea. Don’t stop me from doing anything I want to do.”

Li Fengbei said with a bitter smile, “grandma, I know very well about my affairs. Your grandson tasted the taste of a woman five years ago. He gave birth to an an an that time. Where can he give birth to a son?”

The old lady snorted coldly, “are you so sure you haven’t slept with another woman? Drunk or... ”

“Grandma Li Fengbei interrupted helplessly: “well, let’s stop arguing about this problem. Tell me, what do you want to do?”

The old lady said coldly, “hum, you are confused. I can’t be confused with you! I’ll let sister Hua take your hair and Chenchen’s hair for identification. I’ll let you know first. Then, you don’t have any opinions! “

## **Chapter 187**

The old lady felt like a mirror. Her sixth sense told her that she must be right this time.

Seeing that the old lady was so firm, Li Feng let her go. Seeing the result of the appraisal, she should give up.

At this moment, Li Fengbei still firmly believes that Chenchen will not be his own son.

Wenqiao was still downstairs. Thinking of her uneasiness tonight, she didn't want to make her wait. She didn't want to stay long, so she got up and said goodbye.

Looking at her grandson's eagerness, Mrs. Li was filled with emotion. Suddenly, she thought of a rather critical problem and hesitated: "Fengbei You said Chenchen wasn't your child, so would you mind if Little Joe had a child with another man?"

Grandson's possessiveness, as a grandmother, is the most clear. When she was in kindergarten, she could not bear to touch her favorite toy, not to mention her favorite woman?

Li Fengbei choked, and his face looked like he had eaten a fly. He said, "grandma, you really don't know which pot to open, which pot to put a knife on your grandson's heart!"

Which does not care, at the beginning of the care, and even thought to give up.

"Ah Old lady Li sighed.

A man who has never had a heart or feelings suddenly moves his heart and feelings. He doesn't know whether it's a good thing or a bad thing.

In a word, this time, Sun Tzu is here for real. He's going to be planted in the hands of Wenqiao.

The old lady is a grandmother. She doesn't mind stabbing her grandson in the heart. "What about Chenchen's father?"

"The grass is a few feet high." That's what Chenchen told him.

I don't know how, when I say this, my heart is blocked, and I want to vomit blood.

He didn't investigate the matter. First, Wenqiao had a great reaction to it. At the beginning, he cheated him that Chenchen had picked it up. Second, he didn't want to turn over the old story again, which made her unhappy and himself unhappy.

Now that he has accepted her, he tries to accept her past. As long as she is devoted to herself in the future, he can still spoil her.

"Dead?" Old lady Li was worried and nodded. Then she joked: "you look very worried. Can there be a monster eating her in the old house?"

A pair of invisible appearance, waved, "go, go."

Li Fengbei said with a smile, "grandma, if you like Chenchen, I'll bring him to see you next time."

"OK, I remember what I said. I must always bring my two children home to play."

After old lady Li's advice, Li Fengbei can't wait to go downstairs.

Only in a short period of ten minutes, he was a little absent-minded. Only when she was under his own eyes could he really feel at ease.

Thinking of the old lady's joke, he shook his head and laughed. What grandma said was right. I don't know when he has become so concerned about her!

She is like a raindrop, quietly flowing into his heart, rooted and sprouted. When he looked back, she had been deeply engraved in his heart.

Even, he didn't understand why he treated her differently?

Is it because she's beautiful? Yes, it's beautiful, but it's much more beautiful than her.

Is it because she's gentle? It's like a little wild cat, waving its paws at him. It's not gentle.

Only know that he is happy to see her, even if she let himself angry, also reluctant to leave her side, as long as you can see her, you feel very satisfied.

This is probably love!

And love, is a kind of fate, fate is like how you want to escape can not escape!

At this time, Li Fengbei didn't think that Wenqiao was his destiny. He only knew that he wanted this woman for no reason. He just wanted her.

As soon as he got to the top of the stairs, he heard a scream, and his heart tightened.

Winjo?

Five minutes ago, after Li Fengbei was called upstairs by sister Hua, Wen Qiao took Chenchen and An'an and sat in the corner of a sofa to minimize his sense of existence.

She is not used to being watched like a zoo animal.

Just then, with a bang, the door was pushed open, and Suman's angry face appeared in front of the crowd.

Several security guards followed her, anxiously blocking, "Miss Suman, you can't go in!"

"Get out of here!" Security on the identity of Suman in the end some fear, also dare not make excessive initiative, Suman easily walked to the crowd.

Li Yufei stood on one side, gloating in her beautiful eyes, and asked: "Miss Suman, are you here to celebrate the old lady's birthday? It's a pity that Fengbei took other women home! Oh, he is. Are you still his real fiancée? I don't think much of you!"

When she said that, Suman lost face and became more angry.

The inspection's eyes settled on Wenqiao's face, which looked like a sharp knife, straight at her, hoping to cramp her. When Wenqiao heard Li Yufei say that Suman is Li Fengbei's real fiancée, it was like a thunder in her heart, and her brain was blank.

A sentence plays repeatedly in his mind. Suman is Li Fengbei's fiancée. He has a fiancée

Suman's face, painted with exquisite make-up, was ferocious and twisted. He pointed at Wenqiao and insulted angrily: "Wenqiao, you bitch! Feng Bei is my fiance. I've tolerated it again and again, but you don't want to be so shameful!"

"I I..." Wenjo let go of the child in her arms and stood up.

The hand placed on the side of the body, tightly clenched, biting the lip, the blood color on the lip is all gone, pale to transparent, the whole person is tottering.

She wanted to explain that she didn't know Li Fengbei was her fiance. She wanted to say But it's no use saying anything. She really has something to do with a married man

She didn't expect that Suman was Li Fengbei's fiancée. He was engaged and she was kept in the dark "Pa", caught off guard, Wenqiao was slapped by Suman.

This slap used the full strength, the face soon became red and swollen, showing five red finger prints.

"Mommy, are you ok?" Chenchen stares and reacts from shock.

Pedaling his short legs and waving his fist, he pounced on Suman and wanted to fight with Suman, "you bad woman, I dare to beat my mommy, I fight with you!"

"Chenchen, don't..." Wenjo cried out anxiously, but he was still a little late.

Suman reached out and pushed Chenchen away. "Little bastard, get out of my way! You are as cheap as your mother! The man who has the ability to rob me has no ability to admit it?"

## **Chapter 188**

At ordinary times, she can still calmly pretend to be a lady, leaving a good impression on the Li family.

But today, in the studio, Li Fengbei helps Wenqiao, which makes her feel stimulated. In addition, when she comes to the old house, she finds that Li Fengbei has really brought Wenqiao home, and let the security personnel stop her and forbid her to come in.

She quarreled with the security guard at the door, attracted Li Yufei, was able to enter.

It made her explode.

Chenchen is only so big after all. He was overthrown on the ground by Suman all of a sudden. His butt hurt so much that he showed his teeth.

He looked up at Suman, his little fist in his hand, his little face flushed and he cried angrily, "I don't want you to say that about my mommy. My mommy is not what you said!"

"Morning Wenqiao, with a broken heart, ran to pick Chenchen up and examined anxiously, "Chenchen, is there anything wrong? Did you fall down?"

"I'm fine." Chenchen's little hand gently stroked the tears on Wenqiao's face, lowered his eyelashes, and said painfully: "Mommy, do you feel pain? I give you Huhu, Huhu, it won't hurt!"

Every time he was hurt in the morning, Wenqiao would give him a whoosh, saying that whoosh would not hurt.

At that time, Chenchen would say that winjo was too naive. He was already a big child.

But now that Wenqiao was injured, he didn't know what else he could do except to shout for her?

Wenqiao's heart was pounded heavily by something, and her whole body trembled with pain. Her tears were like broken beads. She hugged Chenchen tightly, "I'm sorry..."

I'm sorry, because she's such a mother, she's hurting him.

If she knew that Li Fengbei had a fiancée, she would not agree to associate with him

Regret intertwined in the heart, like vines tightly around the heart, forcing her out of breath.

Her mouth opened and closed, and she could not hear the sound of pointing around. She just wanted to leave here quickly. No, she would rather she had never been here or knew that man.

She was shameless to think that Li Fengbei was her boyfriend in front of Suman.

She is so shameless! No shame!

"Morning, Mommy, get you out of here!" She wiped the tears on her face, but the more they flowed, the more they could not stop.

Chenchen kept wiping Wenqiao's tears and said anxiously, "Mommy, don't cry! You and me, let's go home! Let's go home!"

"Good! Go home Winjo didn't want his son to worry. He put a smile on his face, even though it was worse than crying.

She led Chenchen one by one to pass in front of the public, who despised the eyes of the trial, so that her every step has become extremely difficult, like barefoot on thorns.

Li Yufei is laughing, red lips one by one, "Feng Bei this child is really not sensible, any woman to take home, this is good, make this out of the bad things, however, this clearly know that others have a fiancée also come home, too shameless."

Xu Tianyu stood beside Li Yufei. His face was calm, but his fingers in the pockets of his suit pants were tightly clasped.

His heart is shaking, her tears like a knife cut his heart, let him want to run forward, hold her tightly in his arms, whisper comfort.

But he held back.

Only in this way Only after experiencing such humiliation and pain can she have a long memory and clearly understand that Li Fengbei is not her lover.

Ann stood aside, her big round eyes looking at Suman's angry look, her small body trembling, so that she did not dare to make a sound, nor dare to go to Wenqiao and Chenchen's side, although she wanted to do so in her heart.

Feeling someone coming down the stairs, Ann looked up to the stairway. When she saw Li Fengbei, she ran to him and said, "Daddy, you're here at last. Mommy is so terrible! She's going to hit aunt winjo

"Ann, don't be afraid. Sorry, daddy is late." Li Fengbei squats down and holds An'an up.

Anxious eyes, the first time to look at the crowd, to find Wenqiao figure.

Ann held Li Fengbei's neck tightly and cried like a kitten, "Daddy, go and see Aunt Wenqiao. She looks very bad..."

"Ann, don't cry. Where's aunt Wenqiao?"

Li Feng North to find a circle, just at the door of the location to find Wenqiao led Chenchen left back, eyes a Lin, holding an an to catch up, but Suman pulled the arm.

"Fengbei, no going!"

Li Fengbei was forced to stop and turned his head to look forward to Su man. His face became cold and he almost bit his teeth and asked, "what did you do to Wen Qiao just now?"

Smell speech, Su man mouth a shrivel, hide a face to cry, "Feng North, how can you so interrogate me?"? You really make me sad. I'm your fiancée, your future wife. You brought other women to the house with you. Where do you want my face to go?"Suman!" Li Fengbei suddenly called, lowered his voice and threatened, "you know what's going on between us, so don't do too much. I don't mind making you look worse! I'll settle with you when I get wenjo back! "

With that, regardless of everyone's different eyes, he put An'an in the servant's hand, threw away Wenqiao's hand and chased him out.

Suman looked down at the arm, crying behind him and yelled: "Li Fengbei, do you have to do this to me?"

Seeing that she was still entangled, Li Feng wanted to give her some face and solve some things in private, but she dared to hurt Wenqiao with it, which made him unbearable.

He stopped and turned again.

That pair of beautiful eyes blooming blue light, empty, like no focus, no temperature, inexplicably reminds people of the two eyes of the beast.

"Suman, I've found the woman I want to protect. Our engagement five years ago was a deal. Now I declare our deal void," he said

They made it clear that no matter who found true love, the deal would be void.

Five years ago, he had to choose to marry Suman in order to be the president of Lishi group.

At that time, Suman was just a little illegitimate daughter of the Su family. In order to earn a place in Su Yuantu's heart and make her life easier in the Su family, it was the best choice to choose to get engaged with him.

In the name of Li family's future grandmother, no one dares to belittle her.

In fact, Su Yuantu didn't even look at her before. When she learned that she would marry Li Fengbei, she immediately changed her attitude towards her.

But Suman wanted more than that. She had made up her mind at the beginning!

There are no women around him. They say that he is not a normal man. She thinks that as long as there are no women around him, he will fall in love with her sooner or later.

But for five years, their distance has not changed at all. He is indifferent to her as always. Only when he is with An'an can he have a little good face.

But now, he told her that he had found the person he wanted to guard his life!

What about her? What should she do?

How can this be!

It's all because of winjo. If only she didn't show up!

The last clause of the contract is that if they don't find their true love after five years, they will get married for the sake of safety.

This is just the fifth year!

Her dream will come true soon It's all because of winjo! If not for her, that would be great!

## **Chapter 189**

When Li Fengbei chased out, there was no Wen Qiao outside the door.

"Wenjo!" He cried anxiously and strode towards the door.

"Young master." The security personnel standing at the door came to ask for instructions.

"Where is the woman I brought back? She's holding a child..." Today is Grandma's birthday, so the staff are a little noisy.

Wenqiao was the woman that the young master took home. Naturally, the security personnel should pay attention to it and respectfully replied, "they just went down the mountain along the road at the gate!"

Just feel in front of a flash, the bodyguard's words have not finished, Li Feng North black figure has run out towards the road at the door.

It's the first time that they've been in the Li family for such a long time.

In the past, Li Fengbei was cold or cold, without the temperature and emotion of a normal person. Now it looks like a normal person.

The bodyguard saw this and drove over, "young master, please get on the bus!"

Li Fengbei stopped, opened the car door and sat up! Catch up

It's a long way to go down the mountain. Wenqiao is walking with her children. It shouldn't be far.

I thought I would catch up with her soon, but all the way down, where are they?

Li Fengbei bit his teeth, and his face became more and more black. In the end, it was as black as the bottom of a pot, and he almost roared: "where are people?"

The bodyguards shivered and wanted to be invisible.

But they still wanted to talk. They said that winjo walked along this road, "I We don't know! "

"Good, good!" Li Fengbei said angrily, "go back and get the punishment yourself!"

Such a small thing can't be done well. It seems that it's time for him to change a group of bodyguards. It's all rubbish.

"Yes..." The bodyguards bowed their heads and did not dare to say no at all.

Li Fengbei closed his eyes and rubbed his eyebrows wearily. He forced himself to calm down and said in a cold voice: "get out of the car!"

"....." The bodyguards looked at each other.

Young master, what do you mean, let them get off on the way?

"Get out of the car! Do you want me to say it a third time? " Li Feng North suddenly opened his eyes, sharp line of sight toward the people swept one by one.

"Yes, young master." The bodyguard was stunned and didn't dare to stay any longer. He climbed into the car.

It's very terrible for the young master to start a fire.

After driving the bodyguard out of the car, Li Fengbei sat in the cab and started the car to drive directly towards the city.

She must be very angry and even hate him now that such a thing happened. He must explain it to her clearly.

It was a beautiful and happy day. I didn't expect that Suman would come, and I said that to winjo, even insulted her.

Suman! Good!

Originally, for Ann's sake, he felt that he owed this woman more or less, and even thought that one day he would make it up to her.

But now, they don't owe anything. As for ANN, she wants to see Ann later, ha ha

At this time, although Li Fengbei was worried about Wenqiao in his heart, he didn't mess up his sense of propriety.

He firmly believed that it was just a misunderstanding, and as long as the misunderstanding was solved, they would be able to make up.

The two-hour journey was driven by him in an hour.

When he got to the downstairs of the apartment, he took a taxi to open the door of the car. He couldn't even take out the key of the car, so he couldn't wait to run upstairs.

"Wenjo, open the door!"

As soon as she left the gate just now, she disappeared. She must have been taken back to the city by a free ride. However, his guess failed this time. Wenqiao didn't come back at all. No matter how he knocked on the door, there was no reply.

And at this time, Wenqiao, holding Chenchen sitting on the bus, eyes dry and red, eyes empty looking out of the window.

In Li's old house, she heard an an's voice.

She knew that Li Fengbei was going down the stairs, and that he would definitely come out, so she took Chenchen along the downhill road and hid in a path in the bamboo forest.

She's in a mess and doesn't know how to face him!

Of course, what makes her more confused is Ann's sentence, "mom wants to beat aunt Wenqiao!"

How could Suman be Ann's mother? What's going on?

Ann is clearly her daughter. Why does Ann call Mama Suman?

Li Fengbei, such a shrewd person, can make a mistake about the child's biological mother?

No, no, no! There is also a possibility that Li Fengbei, for the sake of An'an's growth, lets Suman pretend to be An'an's mother?

The more I think about it, the more confused I am. I can't understand a clue clearly. There is a blank in my brain.

Chenchen holds her mother's hand, just quietly looking at her, leaving her quiet, acting as a obedient baby.

When Wenqiao rushed home with Chenchen, it was already the beginning of the lights. The lights were bright and people were shouting in the community. Wenqiao listened to these familiar voices, which seemed to be alive. When she led Chenchen out of the elevator, she saw the man standing in front of her house at a glance, and suddenly stepped.

Li Fengbei! Why is he here?

Wenqiao was stunned. Before the elevator closed, he flashed and led Chenchen back into the elevator.

No matter what the purpose of Li Fengbei's coming to her, or whether she wanted to explain, she didn't want to see him or listen to his so-called explanation.

She is very angry now.

She doesn't want to quarrel with him, what she wants is not quarrel, but he completely disappears from her life.

After she found out about Ann, she would never have any contact with this man again.

Chenchen thought about it and looked up at Wenqiao suspiciously. "Mommy, why don't we go home?"

Wen Qiao sighed, "Mommy will take you to the hotel tonight and come back tomorrow morning!"

"....." Chenchen bit his lip. He saw Li Fengbei just now.

I know that mommy doesn't want to see him now, and even doesn't want to hear Li Fengbei's name now, so he doesn't mention it wisely.

Li Fengbei felt the elevator behind him ring for a while. Suddenly, he turned his head to the door of the elevator and saw a figure flash into the elevator.

He frowned, deep eyes flashed a loss.

I thought it was winjo coming back

He has been waiting here for two hours, but she hasn't come back. Where is she?

Li Fengbei does not give up to pick up the mobile phone, dials Wenqiao's phone number again, but no one answers.

She didn't answer his phone on purpose, even now she didn't return home!

Just when Li Fengbei was in despair, his mobile phone rang and his eyes lit up. He quickly connected, "did you find her?"

Beiqin's voice faltered on the phone, which made him say, "still Not yet... "

For a woman who ran away with her children, thousands of people searched all over the city for them in one night, but they didn't see them. It would make people doubt the ability of his first special help.

But The vast sea of people, really want to find a person, which is so easy?

Li Feng North cold face, to the phone said: "find! Keep looking! "

## **Chapter 190**

Hung up the phone, Li Fengbei sat decadent at the door.

If it wasn't for winjo, who made her angry today, he would have kicked the door in front of him.

Thinking that he could no longer make him angry, Shengsheng held back.

This woman is to make him angry. If she doesn't answer the phone, she can't find him.

For the first time in his thirty years of life, he realized the feeling of despair. He could do nothing but wait.

He couldn't figure out where a woman could go with a child? Is it safe?

As time goes by, night passes, light comes, and a new day comes.

Wenqiao took Chenchen to stay in a remote hotel next to the community for one night. They didn't change their clothes. They returned home early in the morning.

I thought Li Fengbei had left, but as soon as the elevator door opened, she saw the man.

In his suit and shoes, his shirt was in disorder, his tie fell loose on his neck, and the blue beard on his chin came out, adding a bit of decadent sexuality to his handsome face.

This time, it was impossible for her to escape. At the moment when the elevator door opened, Li Fengbei turned and looked over.

Their eyes were opposite, and the air seemed to be frozen.

Li Fengbei's eyes were full of blood, so he stared at her, even couldn't see his happiness and anger. He looked very quiet and asked her, "where were you last night?"

Only he knew how angry he was and how much effort he had made to resist being angry with her?

This woman, she did not think, a woman with a child hanging out at night, will there be any danger?

Wen Qiao didn't expect that Li Fengbei could ask her where she had gone in such a natural tone.

What does it have to do with him where he took it?

The mood in Wenqiao's heart gradually calmed down after a sleepless night last night.

She wanted to understand that this was her home. Why did she dare not go back to her home in order to avoid him?

She took Chenchen's hand and went directly to lifengbei.

Li Fengbei's heart suddenly jumped. Seeing that she didn't run away again, she didn't look angry. She was very happy.

"Joe..."

Wenjo passed him, ignored him, walked directly in front of him, took out the key, opened the door, went in, and turned to close the door.

Li Fengbei's eyes flashed with a hint of consternation, and then he reacted. He stretched out his hand to support the door and roared: "Wenqiao!"

Wenqiao was stunned and pressed hard on the door, but her strength was not Li Fengbei's opponent at all.

Li Fengbei opened the door easily, grabbed Wenqiao's wrist and said eagerly, "Qiao Qiao, listen to me. Last night's event was not what you imagined!"

Not to mention last night is good, a mention last night, Wenqiao not easy to calm down mood again set off waves.

When the nose is sour, the eyes turn red.

She shook off his hand, raised her head, and asked in a choking voice: "Li Fengbei, how can you tell me about last night? Now that you have a fiancée, why do you want to provoke me?"

Li Fengbei, do you know how painful my heart is?

How determined I was to take this step, I didn't expect to be cheated by you.

Looking at Wen Qiaohong's eyes, with a look of disappointment, Li Fengbei's heart began to ache.

No! He didn't know that there would be such a day! If he had known

No! He thought that she should know about his engagement to Suman. After all, they have never hidden this relationship from the outside world.

He is used to everything under his control, he said that the sky is round is round, he said that the sky is flat is flat.

He thought he could handle it, but wenjo was the only accident in his life.

"Joe, I didn't provoke you, I just want you to stay with me!" Li Fengbei said painfully.

Is he still treating her like a fool?

Wen Qiao was very angry, but he laughed, "Li Fengbei, do you think you are RMB and everyone loves you?"

Li Fengbei blinked. He was still aggrieved. "Someone said that I am RMB, ATM..."

"....." Wen Qiao clenched his teeth and called heavily: "Li Fengbei, can you order your face?"

"Joe..."

"Don't call me that! I feel sick when you call my name!" Wenqiao roared angrily,

at this time, she was just like an angry bird. She couldn't hear anything Li Fengbei said.

No matter who is "junior", they will be angry and angry.

Even though in the shopping mall how well-equipped, strategizing for many years, at this time Li Fengbei felt powerless.

This woman, can't fight, can't scold, can't reason? That's even more unrealistic. "ok ! Wenjo, I know I'm wrong. I didn't tell you about my engagement to Suman, but it's not what you think..."

Before Li Fengbei had finished speaking, Wen Qiao covered his ears painfully, "I won't listen! I don't want to listen! I won't believe anything you say!"

Believe men, sows will be up the tree, she used to feel exaggerated, did not expect that this is true.

Li Fengbei held Wenqiao's arm tightly, his deep eyes sank, and assured: "I have already got rid of the engagement relationship with Suman, you believe me, I only have you! Really, it's just you

Wenqiao was stunned and didn't struggle any more.

Li Fengbei was very happy and said, "Qiao Qiao, you believe me. I'm not angry anymore..."

Before he finished speaking, his face was missed.

"Pa", Li Feng Bei Ning white face emerged five finger prints.

Wenqiao trembled with anger and looked at him incredulously. "Where do you put me when you do that?"

Why?

If she really robbed Li Fengbei, she really should answer Suman's words, she is a bitch who robbed other people's men!

Li Feng North such a fiancée is still outside to provoke the right and wrong man, she Wen Qiao not rare!

What she wants is wholeheartedly affection, like Li Fengbei, who treats women as playthings, dotes on them as kittens when she wants them, and kicks them away when she doesn't want them. She is not rare!

In my mind, I suddenly remember that time I went shopping with Suman. Suman talked about her fiancée, and she looked happy.

Heart, with the pain up.

She took a deep breath and said, "Li Fengbei, go! Don't come here again, there is nothing to say between us!"

As for Ann

I'm sorry, she doesn't have the ability to ask ANN to come back, and she doesn't dare to say anything. If she does, she will lose even Chenchen.

"Wenjo! Why don't you believe me? What do you want me to do to forgive me?"
