

Catch Me If You Love Me Chapter 181

The more Zoey Gu listened, the tighter her brows tightened, and she subconsciously probed to find out.

A tall figure directly blocked her sight.

An enlarged handsome face of Logan Fu leaned in silently.

“Little Zoey, don’t miss me too much! Maybe we will meet soon.”

The night is getting deeper and deeper.

The car quickly stopped at Guiyuan.

Zoey Gu got off the car with her luggage, paid the money, took a deep breath, and walked slowly towards the garden.

As she was near, she seemed to be able to outline in her mind, Liam Lu was suddenly surprised to see her.

Is it shock, or more surprises?

just...

Passing by the guard room, and walking all the way towards the hall, Zoey Gu clearly felt the strange look of others when they looked at her.

Those eyes are either like seeing a ghost, full of inquiry, mockery, or even... sympathy?

Zoey Gu frowned, feeling an indescribable slight in her heart.

As soon as she stepped on the steps of the living room, she heard the child’s very happy laughter.

It’s Alina Yin.

In my impression, since she and Liam Lu had accidents one after another, the child seemed to have not been so happy for a long time.

Thinking about it, Zoey Gu couldn’t help speeding up her pace.

As soon as she entered the living room, she ran into the babysitter who had been taking care of Alina Yin.

Seeing Zoey Gu, the babysitter’s face suddenly changed and she froze in place.

“Miss Gu, you, are you back?”

That expression is like a big enemy.

Zoey Gu frowned and asked softly.

“Will I be back? Where are Liam Lu and Alina Yin?”

When the voice fell, a soft female voice came out from the kitchen.

“Sister Lin, who is here?”

Zoey Gu was startled, and subconsciously looked up to follow the reputation.

I saw a slender figure, holding a tray in one hand and Alina Yin in the other, slowly walking out of the kitchen.

The woman is dressed in a white dress, long black and supple hair, melon-seeded face, distant eyebrows, delicate makeup, and a proper beauty.

Zoey Gu was startled suddenly.

“you are?”

The other party didn't seem to be surprised by her appearance, lifted her lips and laughed softly.

“Is it Miss Gu? Liam has been looking for you recently. It's great that you can come back!”

As Du Lanfu said, she calmly looked at Zoey Gu.

Su Yan, but bright and beautiful.

She is thin, but has a unique temperament from nature. It seems that as long as you stand in the crowd, you will always be the first to be found.

Finally, she turned to look at Alina Yin beside her, and shook her hand gently.

“Baby, your Aunt Gu is back?”

Hearing this, Zoey's heart sank suddenly.

Liam.

Baby.

Such an intimate name, and another house suit, obviously lives here.

Who is she?

During her absence, what happened to her that she didn't know?

In an instant, Zoey Gu's face turned pale, and his mind was in confusion.

The opposite Alina Yin suddenly let go of Du Lanfu's hand, rushed into Zoey Gu's arms like a gust of wind, and opened her hands to embrace her leg.

"Aunt Gu, it's great for you to come back!"

Zoey Gu stared at that little face blankly, and wanted to hug her like a reflex.

Alina Yin suddenly let go of her, raised her finger to Du Lanfu, and introduced to her with excitement.

"Aunt Gu, let me tell you. This is my mother, Alina Yin's biological mother!"

Zoey Gu's outstretched hand trembled fiercely, and the blood on his face was instantly lost.

"what did you say?"

"Alina Yin's... biological mother?"
