

## Wonder Doctor Chapter 1821

“Come on, let’s go out and have a look!”

Lin Ran said as he saw this and got up, although he didn’t know why the other party was getting ready, at least the people were still arriving quickly.

“Good!”

Seeing this, Xue Dongyang immediately led Lin Ran as well as Xu Gu towards the door.

After opening the door, he saw a group of people standing respectfully at the door.

The leader was Li Jiang or someone else!

“Are you little friend Lin Ran?”

Li Jiang looked at Lin Ran and asked, his attitude very respectful!

“It’s me!”

Lin Ran nodded his head and didn’t say anything, while his eyes glanced at Li Jiang’s body!

At this moment, a strong wind was blowing around them and the rain was pouring down, but as all of them were cultivators, the rain could not fall on them at all.

Li Jiang looked quite normal, nothing peculiar, if anything, there was a hint of brightness between the old man’s eyebrows!

But that was understandable, after all, to be the head of the Luo Ran branch, if he didn’t have a hint of brightness, I’m afraid he wouldn’t have achieved what he has today!

This Li Jiang’s strength was probably only at the Realm of Enlightenment! His aura felt even weaker than Li Ba’s!

The people who came with him were all basically at the Enlightenment Realm!

I guess the strongest people guarding the Luo Ran merchant house hadn’t come along!

Li Jiang shot a glance at Lin Ran and then smiled.

“Little friend Lin Ran I’m sure you already know the reason why I’ve come to find you, so please follow me!”

“Mm!”

Lin Ran nodded at his words without saying much, since he had decided to meet Luo Qiqi, there was nothing to hesitate about!

Immediately, he bid farewell to Xue Dongyang and Xu Gu, and then Lin Ran left with Li Jiang and the others under Xu Gu’s fond gaze.

Xu Gu was really reluctant to let Lin Ran go, after all, this guy would probably affect his future for the rest of his life!

“Xu Gu, what do you say?”

After seeing Lin Ran leave, Xue Dongyang looked at Xu Gu.

Xu Gu was stunned at his words and said awkwardly.

“That Xue Clan Master, why don’t I wait for two days? I have a great relationship with little friend Lin Ran, he might even come back to pick me up!”

“Really? Then you can just wait!”

Xue Dongyang didn’t bother to pay attention to him, his family was really not afraid of him staying for a few more days, moreover, Lin Ran didn’t say whether he would come back or not, if he really drove Xu Gu away, he was afraid that it would also make Lin Ran’s heart harbour ill feelings towards him!

Lin Ran was unaware of the two of them because he was following Li Jiang on his way to the Luo Ran Trading Firm!

The sky was darker than ever, and the wind and rain were pouring down, making Lin Ran’s heart a little uneasy.

Li Jiang was walking in the lead and did not talk much to Lin Ran, seemingly just wanting to get him to East Flag City as soon as possible!

Lin Ran sighed helplessly at the sight of this and didn’t think much of it, but only raised his guard a little, fearing that things might change!

“Boss! Do you feel strange!”

Suddenly Li Ba’s voice came over.

“What’s strange?”

Lin Ran smiled and asked, he always had a vague feeling in his heart that something was going to happen, but he just couldn’t get a clue!

“Boss, you haven’t been in the Immortal Realm for long probably don’t appreciate it! In the Immortal World strength is the most powerful force!”

“But now this Li Jiang’s actions are making me feel that something is not right!”

Li Ba said.

“What’s wrong?”

Lin Ran asked busily.

“Think about it! Before, this Li Jiang said he wanted to prepare and didn’t come back with Xue Dongyang’s men!”

“I thought this guy wanted to send you straight to East Flag City after meeting you! But now this route is clearly going to Xue City’s Luo Ran Merchant Firm!”

Li Ba said.

“If this guy was still going to go to the Luo Ran Merchant’s House to get ready after he received you, then why did he have to prepare before!”

“Besides, who is that Luo Qiqi, that is the boss behind the Luo Ran Merchant Firm, she is a thunderbolt within the Luo Ran Merchant Firm!”

“The order to find you was scared by her, then these people will definitely not dare to waste time and will choose to send to East Flag City the first time they see you!”

“But now this Li Jiang’s actions are making me feel as if something is being hidden from you!”

Lin Ran frowned slightly at his words and couldn’t help but look up at Li Jiang, then said softly.

“Could it be that we’re thinking too much, perhaps it’s because it’s raining heavily, so he wants to prepare a bit more?”

“Impossible!”

Li Ba smiled but shook his head and said.

“Rain has no effect on cultivators at all, that’s no reason for him to delay!”

“And this person’s attitude towards you is somewhat perverse!”

Lin Ran seemed to have thought of something at his words.

Li Ba’s meaning was clear, Lin Ran was the person that Luo Yi had named, and who was Luo Yi that was an existence that stood at the top of the pyramid in the entire Immortal Emperor Domain!

Hearing that he knew Roy, even Xu Gu wanted to flatter him, not to mention Li Jiang!

This guy’s normal reaction would have been to flatter himself immensely in order to get a few good words from him in front of Luo Yi.

But now it was the opposite, Li Jiang hadn’t said a word to him at all, so this was obviously a bit of an anomaly!

“Boss! There is something I must remind you, although the Luo Ran Merchant Firm is owned by Qiqi, but this Luo Ran Merchant Firm is too big after all! There may be people who are hiding something! You have to be careful!”

Li Ba finally warned.

Lin Ran nodded at his words, and then said.

“You have a point, so! You go first! Go to this Luo Ran Merchant’s branch to scout out the situation! ”

Lin Ran said.

“How can I go there?”

Li Ba was stunned at his words, at this moment all around were Li Jiang’s men, although not as strong as Li Ba, there were quite a few of them, it wasn’t really easy for Li Ba to leave unnoticed!

“Don’t worry! I have my own way!”

Lin Ran said softly, while still following Li Jiang and the others without moving a muscle.

Thunder and lightning flashed around them, and the wind was howling!

Suddenly, just as the lightning flashed once again to illuminate the entire road, Lin then suddenly had a flash of lightning on his back and disappeared as quickly as he could!

At this moment, the lightning flashed around, the rain was pouring down, and the whole street was cold and clear without a single person!

It was as if the world had come to an end!

Lin Ran, on the other hand, was still following behind Li Jiang, walking with his usual expression.

“Rumble!”

A moment later there was suddenly another flash of lightning, followed by another white light behind Lin Ran, which instantly faded away with the lightning!

“Boss there’s a problem! There’s an ambush inside Luo Ran’s merchant house!”

Li Ba’s voice instantly rang out.

“The other side has spotted me, run!”

Before Lin Ran could reply, Li Baba’s voice rang out again.

Lin Ran’s face instantly changed at his words, because at this moment, he already felt that there was a powerful aura that was rapidly rushing towards him.

“Go!”

The moment Lin Ran dared not slow down and turned around, the black divine wings behind his body were already unfurled.

The next moment, his entire body suddenly shot up directly into the sky and rushed out towards the outside of Xue City.

At this moment, he was already a short distance away from the Xue Mansion, if he ran all the way towards the Xue Mansion, he would probably be blocked in the Xue Mansion, and then it would be very difficult to leave Xue City!

And even if he escaped to the Xue Mansion now, it was not likely that Xue Dongyang would be able to protect him, as the incoming aura was no weaker than Xue Dongyang’s!

On balance, Lin Ran decided to leave Xue City now.

Wonder Doctor Chapter 1822

“Stop him!”

As soon as there was a movement on Lin Ran’s side, an explosive shout came from behind him.

The voice wasn't Li Jiang's, it was clearly the voice of the sneak attacker who had spotted Li Ba coming after him earlier.

The other party was powerful, his aura alone felt like he was not inferior to Xue Dongyang, or at least a strong person of the Hundred Thousand Eight Hundred Realm.

With such a powerful existence, there was no way Lin Ran would be able to resist at all, even with the Mine Transformation out, Lin Ran's strength would only be comparable to the early stage of the Realm of Enlightenment at best.

In front of such a powerful person, not running was simply waiting to die.

However, the opponent's speed was much faster than Lin Ran's, and even though he had used his divine wings, he was still quickly caught up by the opponent!

"What about the boss!"

Li Ba was also anxious at this moment, originally thinking that he would have no problem protecting Lin Ran with his half-step Extreme Dao Realm strength.

But who knew that the people he had encountered along the way were stronger than one another.

Now he had even directly encountered a hundred thousand eight hundred thousand realm powerhouse, which made Li Bajie speechless.

"Cut the crap, let's run first!"

Lin Ran gritted his teeth and raised the speed of his divine wings to the extreme, but at this moment he had only dashed straight out a distance of a hundred or ten metres, and there was still quite a distance to go before he could leave Xue City.

"Boss or I'll go and hold him back! Although this guy is a hundred thousand and eight thousand realms, it will take some time to kill me!"

Li Ba suddenly said.

"Bullshit!"

Lin Ran refused without even thinking about it.

"If you die, then I won't live either!"

Lin Ran said and stopped ignoring Li Ba, because at that moment, that strong man behind him had already chased after him.

Li Jiang and the others behind him were obviously weaker and not as fast as this old man, and at that moment, the mysterious old man had already rushed to a place that was only ten metres or so away from Lin Ran at the front of the pack!

Seeing that the situation was not good, Lin Ran immediately said in an angry voice.

"What on earth do you mean senior! You are going against the wishes of Roy of the Luo Ran Merchant Firm too!"

Lin Ran was actually speechless in his heart, it was clearly Roy who wanted to find him, and he was not allowed to think straight and was ready to go see Roy.

But who knew that before he could meet Roy, he was being set up by this Xue City's Luo Ran Trading Firm!

"Humph! So what if Luo Yi means it, she is no longer in East Flag City! As long as I have captured you, do you think the Luo Ran Merchant Firm will still not pay a big price to ransom you?"

The old man smiled and said in a cold voice.

"Seniors! Are you still short of money?"

He didn't believe that this old man was still short of money, and at his level of strength, it was almost like drinking cold water to get money!

To offend the Luo Ran Trading Firm for the sake of money was obviously not a wise move!

"Humph! You're quite clever, I'm indeed not doing this for money, as for what! You'll find out later!"

As the old man said this, he had already closed the distance between him and Lin Ran, and without saying a word, he raised his hand and slapped Lin Ran straight in the face.

Lin Ran was puzzled and was thinking, "Could this old man be a killer sent by the Mai family? But when did the Mai family and the Luo Ran Trading Firm get together?"

Could it be that this old man's identity was actually something else?

As Lin Ran was thinking in his mind, a strong wind swept over behind him.

Vaguely, Lin Ran saw that a huge palm had appeared behind him at some point.

The palm was pitch black, with black mist and light on it.

"Not good!"

Lin Ran only took one look at it and his heart sank, the opponent's palm was too powerful, he couldn't carry it no matter what!

If he was really hit, I'm afraid that Lin Ran would be directly ruined, and as for his life, it would be entirely up to the heavens!

"Boss!"

Li Ba also sensed the danger of the situation, and couldn't help but ask nervously.

If Lin Ran really faced danger later, he naturally wouldn't stand idly by, even if the other party was really strong.

"Don't worry!"

Lin Ran said through clenched teeth with a frown.

"Kid! You've got some backbone, I'd like to see how long you can hold out!"

The mysterious old man followed behind, his face blandly saying.

Li Jiang, who was further back, saw this and was busy shouting.

“Master Fang hurry up and capture him!”

However, this mysterious Master Fang didn’t pay any attention to Li Jiang when he heard that.

Li Jiang’s mind was clear to him, although this guy was one of his own men, he was after all the one who had been turned over and was himself in charge of the Xue Cheng branch of the Luo Ran Merchant Company.

If Lin Ran escaped except by accident, then his good days would be over!

But Master Fang had absolute confidence in his own strength, and as long as Xue Dongyang didn’t make a move, there was really no one who could stop him!

Even if Xue Dongyang had sensed this and rushed over, he would have already caught Lin Ran by then!

It was too late, but the huge palm shadow had already reached behind Lin Ran in almost an instant.

Even though Lin Ran still had his divine wings, his speed had been completely suppressed by the other party!

“Boss!”

Li Ba saw that it was already imminent and was about to come out, but he was stopped by Lin Ran!

“Don’t be in a hurry!”

Lin Ran said, while his mind instantly moved and an arc of lightning appeared on his arm out of thin air.

“Go!”

Lin Ran shouted, following which he saw the lightning arc on his arm flicker, and the next moment his entire body actually disappeared straight into place!

“Hm? Vanish into the void?”

Seeing this scene, that Master Fang couldn’t help but frown slightly, followed by an instant squeeze of his palm, only to hear a “bang” explosion, and instantly the palm directly exploded away.

“This kid really has a lot of tricks up his sleeve! No wonder he was able to kill Eighty-Five Seven!”

Master Fang muttered to himself as he sped up and chased after him.

When Lin Ran’s body reappeared, he was already covered in blood, although the triangular electric snake had just carried him into the void to escape!

However, the power of Grandmaster Fang’s self-explosion was so extraordinary that he was seriously injured by the explosion of his palm into the void!

Lin Ran did not care to check his injuries at this moment, and with the help of his divine wings and the triangular electric snake, he continued to rush towards the outside of Xue City.

But he could also feel that behind him, that Master Fang was coming fast, and the distance wasn't being pulled down at all!

"Hurry up and go!"

Lin Ran hurriedly urged, and the triangular electric snake dared not slow down as its lightning arcs continued to flicker, carrying Lin Ran through the void!

Finally, Lin Ran rushed out of Xue City's range.

However, just when he thought he could successfully escape, a large group of figures suddenly appeared ahead of him.

These figures rushed towards him one by one, and without saying a word, they directly took action!

"Mai Yang?"

When he saw the leader of the crowd, Lin Ran's heart immediately went cold!

"Boss! There's a formation around it, but it's not strong!"

Li Ba's voice also rang out at this moment.

Lin Ran instantly understood when he heard this, this Mai Yang must have set up a formation outside here to wait for him in fear of him leaving Xue City!

But he shouldn't have bumped into him at this time, he had enemies in front of him and pursuers behind him, Lin Ran was cornered this time!

Wonder Doctor Chapter 1823

"Boss! What now!"

Li Baba was also in a hurry when he saw this.

"Brother!"

This time, even Xiao Jiu couldn't help but be anxious.

The people that Mai Yang had brought in front didn't look strong, but there were many of them, and there was a large group of experts in the back!

Not to mention Li Jiang, just that one person named Master Fang could easily crush Lin Ran!

"Don't be in a hurry! There must be a way out!"

Lin Ran said busily, while turning his head to look behind him, which was still in darkness.

But that Master Fang's aura was already getting closer and closer!

"It's a blessing, not a curse! It's a curse that can't be avoided, let's take one step and see what happens!"

Lin Ran's eyes fiercely chilled as he turned around, not bothering about Master Fang behind him, and rushed towards Mai Yang and the others with a single arrow step.

At the same time, outside of Lin Ran's body, a thunder arc flashed out and filled his entire body!

"Mine Transformation!"

Lin Ran let out a fierce roar, and immediately his entire speed spiralled up a few points, and even the aura around him became a few points stronger!

"A secret technique?"

Mai Yang and the others who were rushing from afar could not help but feel a pang when they saw this.

However, at this moment, Lin Ran had already killed them and raised his hand, directly blasting out towards the crowd.

"Give me flying!"

Lin Ran roared, and in an instant the wind of his fist blasted out directly, sweeping towards Mai Yang and the others with a terrifying might.

He couldn't defeat Grandmaster Fang, but Mai Yang and the others were no match for him!

Lin Ran's fist blasted out, and instantly these people all hurriedly defended themselves.

But at this moment, Lin Ran would not be polite with them, seeing this, he flipped the Frost Condensation Sword in his hand and took it out, followed by a pick that instantly sent all these people flying into mid-air!

"Fortunes and misfortunes go hand in hand, whether it's a desperate situation or a desperate life, I'd like to see!"

Lin Ran said, already rushing past these people, followed by a powerful aura fluctuation that instantly erupted from the Frost Condensation Sword in his hand.

Following this, Lin Ran let out a roar, and instantly the body of the Condensed Frost Sword slapped directly towards these people.

"No no!"

"No!"

The crowd turned pale with fear at the sight of this!

However, Lin Ran had no intention of stopping.

The next moment, a series of "bang, bang, bang, bang" sounds were heard.

In the darkness, with heavy rain falling around them, Mai Yang and the others disappeared almost instantly, all heading backwards into the darkness.

"Go!"

After doing all this, Lin Ran did not stop to dash towards the distance, while a sword slashed out instantly landing on the formation ahead only.

“Bang!”

The formation was already very ordinary, so Lin Ran’s sword fell and shattered it almost instantly!

And at that moment, a cacophony of noise came from behind him as well.

One could only hear Grandmaster Fang shouting from there.

“What a man! Get the hell out of my way!”

Followed by Mai Yang’s angry and terrified voice!

“You fucking ..... Ah senior! Misunderstanding misunderstanding! I’m a member of the Mai family, my father is the Mai family head!”

“Seniors don’t do it!”

“Get lost!”

Hearing the chaos in the back, Lin Ran immediately rushed in towards the deep forest in front of him without stopping, and soon distanced himself from the back.

However, not long after entering the deep forest, Lin Ran immediately felt a sharp pain in his back.

He hurriedly found a hidden tree to hide behind, and upon checking, he realised that several of his ribs had been broken in his back!

There were even faint bones showing.

“Damn it!”

Lin Ran couldn’t help but suck in a cold breath as he leaned against the tree at this moment.

The situation was so critical that he didn’t even care about his injuries and didn’t feel much pain.

But now that he had really escaped, he realized after relaxing that he was actually hurt so badly!

“Boss! You can’t run far with your injuries, and that Master Fang is very fast and strong! Sooner or later he’ll catch you if you keep going like this!”

Li Ba said busily.

Lin Ran nodded at his words, the situation in front of him was also very clear to him.

He had managed to escape earlier solely by virtue of this breath, but now that this breath had dissipated and his body was so badly injured, it was almost impossible to escape under the strength of that Master Fang’s hundred thousand eight hundred thousand realms!

Lin Ran considered this for just a moment before a bold thought emerged in his mind.

“The most dangerous place is the safest, it seems I still have to go back to Xue City!”

“Boss!”

Li Ba smiled and suddenly became even more worried.

“Boss if you go back to Xue City, won’t you be a turtle in a jar!”

“Blah blah blah! Boss I said it wrong, you’re not a turtle!”

Li Ba was busy changing his mouth.

“Alright, what time is it!”

Lin Ran said helplessly.

But at that moment, there was already a sound of breaking air from the back.

Lin Ran saw this and waved his hand to start a formation to isolate his aura.

But it was too late. The powerful Master Fang had already locked onto Lin Ran’s position, and although his breath was cut off at this moment, Lin Ran would be detected by him as soon as he left the formation.

“Boss you’re right! You must go back to Xue City, Xue Dongyang is after all a relative of the Eastern Chess King, and you saved his daughter, he will want to protect you!”

Li Ba saw this and was busy saying.

“Maybe, it’s just that we’ve reached this juncture how can we go back to Xue City!”

Lin Ran sighed helplessly, it wasn’t that he didn’t have a solution in mind, it was just that this solution would put Li Ba in a dangerous situation and he didn’t want to talk about it!

“Boss! Don’t feel sorry for me at this point in time! I’ve been with you for so many years in my hometown! I still don’t know what you’re thinking!”

Lin Ran didn’t want to say anything, but Li Ba had already made his attitude clear!

“Boss! It’s already this time so don’t delay, if that Master Fang comes over later, neither of us will be able to escape!”

Li Ba urged.

Lin Ran saw this and nodded his head with a grit of his teeth.

“I’ll wait for you at Xue’s house, make sure you rendezvous with me!”

“Don’t worry boss!”

Li Ba said as he had already run out from within the magic weapon, while changing clothes with Lin Ran!

There was his blood on top of Lin Ran’s clothes and his scent was very strong!

“Take it with you!”

Lin Ran waved his hand and gave the triangular electric snake to Li Ba!

Li Ba wasn’t polite and took it straight away, he knew very well that if he wanted to escape in front of this Master Fang, he couldn’t do it without this triangular electric snake just by himself!

“Boss! I’ll go first then! You’ll seize the moment yourself later!”

Li Ba finally said, then seeing Lin Ran nod, he immediately turned around without any more nonsense and instantly rushed out of the isolation formation!

“Weng!”

As soon as he left the formation, in an instant, Li Baba’s body flashed with electricity, following which he disappeared from the spot.

“Hm? Trying to run!”

Seeing this, Grandmaster Fang took an arrow step towards Li Baba and chased after him.

At this moment, in his senses, it was Lin Ran’s aura that was emanating from Li Baba’s body.

Lin Ran was hiding within the isolation formation and did not act immediately. He waited for three or four minutes before he heard Li Jiang’s voice from outside and then he put his heart down.

Only after Li Jiang and the others had faded away did Lin Ran leave the isolation formation in a flash, and then he took advantage of the darkness to make his way back towards Xue Cheng!

Wonder Doctor Chapter 1824

By now it was gradually becoming less dark, the formation had been broken by Lin Ran after all, so the sky was returning to normal throughout Xue City.

Lin Ran did not dare to be slow, so he took advantage of the fact that the sky had not yet turned completely light and immediately felt his way into Xue City.

It seemed that Mai Yang and the others were in shock, and Lin Ran did not see them all the way back to Xue City!

At that moment, there was still no one on the streets of Xue City, so Lin Ran took the opportunity to run wildly and finally bumped into Xue Dongyang when he was about to reach the Xue Mansion.

“You, little friend Lin Ran?”

Seeing Lin Ran’s condition Xue Dongyang couldn’t help but blush.

“The situation is dangerous, let’s go back first!”

Lin Ran said, Xue Dongyang also knew that this was not the place to talk, and immediately led Lin Ran quickly back into the Xue Mansion.

When they arrived at the Xue Mansion, Lin Ran quickly went over what had happened and finally asked.

“Master of the Xue Family, is there anyone else in this Xue City who has the same strength as you?”

Xue Dongyang shook his head at his words and said.

“There is only one Mai family head who is of the same strength as me, but that person I know is definitely not an old man, and that whatever Master Fang you are talking about, I have never heard of him at all!”

Lin Ran could not help but frown slightly at his words, and then whirled.

“Master Xue this is not the time to discuss this, I still have a friend who is being chased by them at the moment, please also ....”

Lin Ran hadn't finished his sentence before Xue Dongyang interrupted him with a wave of his hand!

“Don't worry, I, Xue Dongyang, am a man who knows how to repay his kindness, just rest here at ease, I will personally lead someone to find it! I will definitely bring your friend back!”

Xue Dongyang assured to.

Lin Ran couldn't help but bow his hand respectfully at Xue Dongyang's words, and he was relieved that the latter was like this.

He didn't think that he had made a mistake in helping his daughter, but he needed him to return the favour so soon!

Xue Dongyang left soon afterwards, while Xu Gu rushed over on hearing the news.

It was just that Lin Ran was quite badly injured, and after a few words with him, he left to rest and heal his wounds!

The afternoon passed quickly and the dark clouds that hung outside Xue City finally lifted!

In the evening, Xue Dongyang finally came back from outside, and Li Ba also followed him not long after his return.

The reason why they came back together was to cover their ears, otherwise if Xue Dongyang had brought Li Ba back openly and honestly, it would have been a waste of time!

After an afternoon's rest, Lin Ran's injuries had finally stabilised, plus he was a doctor himself and knew his own injuries well, so there was no major damage.

But what he was most worried about now was who the person who had attacked him was!

In addition, he was puzzled as to why the Luo Ran Trading Company in Xue City had conspired with the so-called Master Fang to harm him.

In the evening, Lin Ran took Li Ba to see Xue Dongyang, the two of them were safe for the time being, but there were still some things he had to talk to Xue Dongyang about.

In the room, in front of the tea table, the three of them looked at each other and Xue Dongyang opened his mouth first!

“Little friend Lin Ran, I wonder what your future plans are?”

He didn't know what to do now, it was all up to Lin Ran to decide!

Lin Ran pondered for a moment, and then asked.

“Master Xue, I wonder how far away East Flag City is from here? Also when are the major sects within East Flag City recruiting new students every year?”

Xue Dongyang and Li Ba were both stunned at their words, especially Xue Dongyang who was busy asking at his words.

“What? Is little friend Lin Ran planning to join a sect within the Eastern Flag City?”

Lin Ran nodded at his words and said.

“Actually, initially I was planning to go straight to East Flag City, but it was only in the middle that a change occurred, which brought me to Xue City!”

“But it’s also fortunate that I came to Xue City, which allowed me to learn that there were also traitors within the Luo Ran Merchant Guild!”

Lin Ran reassured himself.

Originally, he thought that the Luo Ran Merchant Firm was bound to be free of such things, but after this real experience he realised that people’s hearts were not ancient, and the bigger the business, there was no guarantee that there wouldn’t be people below him who would have crooked intentions!

“Little friend Lin Ran doesn’t need to be too angry, no one wants to run into this matter, but if little friend Lin Ran is willing to go directly to East Flag City to see the East Chess King, I think he will naturally be able to meet Miss Luo Yi!”

Xue Dongyang spoke up and reminded.

There were traitors in this Xue City’s Luo Ran Merchant Firm, but the East Chess King was certainly not.

Lin Ran smiled but shook his head and then said.

“No need for that! I still don’t know why Master Fang, who struck this time, is targeting me, and even if I go to the East Chess King at this time, there’s no guarantee that something will change on the way!”

“And up, the most important thing for me now is to first worship the sect and at the same time investigate this mysterious Grandmaster Fang clearly!”

Lin Ran said.

Seeing that Lin Ran was so insistent, Xue Dongyang did not persuade more and said.

“Since young friend has already decided, then I naturally have no problem with it, the enrollment meeting for the individual great sects in East Flag City will be held in half a year!”

“I have three places in Xue City, of which my daughter Xiao Xue occupies one, while the other two require a grand competition within the city, and only the top two winners of the grand competition will get these two places!”

Xue Dongyang said.

“Places?”

Lin Ran smiled and wondered, could it be that the major sects that entered East Flag City still needed these quotas?

Xue Dongyang saw this and explained.

“It’s like this, the major powers in East Flag City also conduct their own recruitment, but because of my relationship with the East Chess King, we were purposely given two places in Xue City!”

“But anyone who gets a Dao quota in our Xue City can pick their own clan in East Flag City, but if they enter they are directly core disciples!”

“Whereas if they go to the selection of the major powers on their own, chances are that they will initially only be peripheral disciples!”

Lin Ran smiled thoughtfully, not realising that Xue Cheng actually had such privileges.

Which meant that as long as one found a way to get a spot in Xue City, by then, the major powers within East Flag City would be completely selected on their own!

“Little friend Lin Ran, if you don’t mind staying in my Xue City during this time, I guarantee that no one will come back to disturb you!”

Xue Dongyang said.

Lin Ran nodded at his words and said.

“Then I’ll bother the Xue Clan Master!”

“What kind of words are these little friend Lin Ran, before you did this and that to save my daughter, how could I forget my debt of gratitude!”

Xue Dongyang said, and then reminded.

“Right, little friend Lin Ran, since you don’t want to see Miss Luo for the time being, I still have to remind you that it’s best not to reveal your identity!”

“The other party has strong people from the Hundred Thousand and Eighty Thousand Realm, this Xue City is not too far from East Flag City, whether you are in Xue City or will come to East Flag City, I am afraid that you will be re-targeted by these people!”

“I understand!”

Lin Ran nodded at his words and whirled around.

“I’ve thought about this too, although the Luo Ran Merchant Firm is powerful, there are probably not a few people like Li Jiang among them who secretly harbour evil intentions, so I’m going to change my name!”

Lin Ran said.

“That’s good!”

Xue Dongyang nodded at his words and said.

Wonder Doctor Chapter 1825

Lin Ran and Xue Dongyang talked a lot that night, and the more they talked, the more they got to know each other, until finally Xue Dongyang almost gave his daughter Xu to Lin Ran, and only then did they leave.

It took some time for Lin Ran to recover from his injuries, so he stayed with the Xue family.

He was happiest at the Xue family's home. This guy would come to Lin Ran for a chat when he had nothing else to do, and when he was bored, he would go out for a walk.

Lin Ran didn't care about this, he just wanted to get well and prepare for the competition for the Xue City quota in half a year's time.

As Lin Ran stayed at the Xue family home, the outside world calmed down.

Mai Yang also did not move, seemingly thinking that Lin Ran had left and continued to live the life of a young master throughout the day.

It was just that Xue Xue never showed up again, which made his mind wonder.

On the other hand, Li Jiang had also returned to the Luo Ran Trading Firm and was still managing it as usual like nobody's business!

However, those who were close to him had already noticed that this guy had recently started to collect money like crazy, as if he was afraid that he would lose his position one day!

"Weng!"

Suddenly, a spatial fluctuation appeared, followed by the mysterious old man, Grandmaster Fang, who appeared in Li Jiang's room!

"Master Fang!"

Seeing this, Li Jiang was busy standing up respectfully.

"Hmm! How's it going lately? Any news of that kid?"

Grandmaster Fang said with a cold face.

Li Jiang smiled and shook his head busily, then said.

"But I've sent people around to poke around, this kid is like he's evaporated!"

"Right, Master Fang, what do you think about this!"

Li Jiang asked busily.

In fact, he was also puzzled in his heart, that day when they were chasing Lin Ran, the latter's speed was clearly not fast, plus he had received a serious injury, so it was reasonably impossible for him to escape!

But then,? No matter how hard they chased him, they couldn't catch up with him!

Later, when Xue Dongyang arrived, Master Fang had no choice but to leave in order not to reveal his identity!

After that, they had no more news of Lin Ran, and they didn't even know where he was today!

After this incident, Master Fang also stopped looking for Lin Ran, which made Fang Lijiang feel very bad.

In order to deal with Lin Ran, he had already exposed his position. If Lin Ran really met Roy in the future, or if he just spread the news to Roy's ears, he was afraid that he would not be able to keep his current position!

That's why he's been enriching himself like crazy lately!

"That kid is bound to still be within Xue City!"

Master Fang said.

"How can you tell?"

Li Jiang asked in disbelief, that day Lin Ran had clearly left Xue City, how could he be coming back!

Any normal person would understand this, if he returned to Xue City, he would be a real turtle in a jar!

Master Fang gave him a look, and then said.

"The nearest Xue City is Dongqi City, the route that kid took to escape that day was not Dongqi City at all? The direction!"

"And apart from East Flag City, Xue City is surrounded by deep mountains, there's no way we didn't catch up after that long!"

"This kid is so cunning, as I see it, after he left Xue City that day, we were afraid that we had lost him!"

"I'm afraid the person who lured us later was someone else!"

"Someone else?"

Li Jiang was stunned at his words, but then he seemed to have figured something out!

"No wonder we couldn't catch up with him at that time, it turns out that someone else had already changed!"

"Then Master, could it be that someone from the Xue family is secretly helping him? If that's the case then wouldn't my identity be ..... too?"

Li Jiang was worried and said.

"Don't worry! The Xue family is the Xue family, and the relationship with the Luo Ran Merchant Firm is not as close as you think!"

Master Fang said blandly.

He wasn't worried about this issue at all, Roy had already left East Flag City, there was no telling how long it would take to report Li Jiang's problem up!

And in the end, a person of Li Jiang's status was simply not worth mentioning to Roy, even if the latter knew about it, he wouldn't bother and would send someone else to deal with it!

And this position of Li Jiang is even more dispensable to him, Master Fang, it is simply irrelevant!

.....

The time passed day by day, and after Lin Ran had been recuperating in the Xue family for a month, the injuries on his body had finally disappeared completely!

And during this time, Li Ba had benefited a lot!

The Xue family originally cultivated the Fire Inferno Path, and Li Bajie also cultivated the Fire Inferno Path, and under Xue Dongyang's guidance Li Bajie's strength had improved significantly.

He was already halfway to the Extreme Dao realm, and with Xue Dongyang's help over the past month, he had vaguely shown signs of breaking through.

But the higher he went, the more difficult it was to break through, and Li Ba knew this very well, so he was in no hurry.

After all, there were still five months to go before the clan election in East Flag City!

"Why are you free to come to me today?"

Lin Ran put away the Frost Condensation Sword in his hand and wiped the sweat from his forehead as he came and sat down next to Li Ba!

Ever since his injuries had almost healed, Lin Ran had been practicing his sword every morning.

Nowadays, he had already made no progress in the Dao of the Sword, and the basic stances of the Dao of the Sword had already been practised to the extreme.

Later on, he was enlightened on the cliffs of Baki Mountain, which allowed him to refine his basic sword stances a lot more.

Practice makes perfect, skill makes flower!

As long as he kept practising his sword, he would surely reap the rewards!

But if he wanted to improve, he would have to wait for the clan election in five months' time!

Lin Ran had already thought that it would be best for him to join a sword cultivation clan, as this would also benefit him the most!

After all, the Dao of Divine Lightning required too much lightning and was all about fate, while the Dao of the Sword depended entirely on one's enlightenment and the clan's heritage!

"Boss! It was Xue Dongyang who asked me to come and find you! He heard that you've almost recovered from your injuries, so he asked me to come and find you saying that he had something he wanted to show you!"

Li Ba smiled and said.

"Something? What kind of thing?"

Lin Ran smiled and said in surprise.

"I don't know, but he said that you should like it when you see it!"

Li Bajie laughed.

Lin Ran couldn't help but shake his head at his words and said.

"We are already among people with the help of others, so it's better not to give them any trouble!"

"Boss what are you talking about, you saved his daughter's life, you can afford to have him give you something!"

Li Ba said.

Lin Ran smiled but patted him and said.

"Treating the sick and saving others is the doctor's duty, although nowadays it is in the immortal world, but a healer's benevolence is not something to say to anyone, it is something to remember by heart!"

"This is something I see on ....."

Before Lin Ran could finish his words, a voice was already coming from the side, while Xue Dongyang also appeared at the side.

"Little friend Lin Ran, you're being insensitive, to be honest! In fact, this thing of mine is of no use to me at all, it's just a collector's item! But it might be of great use to you!"

"Ao? I wonder what it is?"

Lin Ran smiled and said curiously.

Xue Dongyang smiled mysteriously and then said.

"It's a sword tablet!"

Wonder Doctor Chapter 1826

"A sword tablet?"

Hearing Xue Dongyang's words, Lin Ran couldn't help but be stunned.

"That's right it's a sword tablet, and it has a great deal of history! Little friend, why don't you come with me to take a look first, and then I will explain later!"

Xue Dongyang laughed and said.

Lin Ran saw this and was busy nodding, his sword dao could not be refined any further, so if this sword tablet was really very precious, it might be able to help him continue to improve.

Although the Dao of the Sword Dao could not be improved, the time when he was enlightened on the cliffs of the Eight Qi Mountains had made Lin Ran understand a truth.

Although the Dao of the Sword could not be improved, there was no end to the sword moves and their use, and these other improvements could be seen as laying the foundation for the future Dao of the Sword, so Lin Ran naturally did not want to miss out!

Li Ba was also curious, so he followed the two of them!

The place where the Sword Tablet was located was in one of the Xue Family's attics, and this attic was the Xue Family's Hidden Scripture Pavilion!

The fact that Xue Dongyang was willing to bring Lin Ran and the two of them to this place already showed that he really did not treat Lin Ran as an outsider.

Otherwise, how could anyone bring a family's core place like the family's scripture collection?

The Xue family's scripture collection pavilion was built in a very peculiar way, it covered a very large area, and only after Lin Ran and the others entered it did they realise that the middle of the pavilion was actually empty!

It was like a huge cylinder standing on the ground, and above the middle of the pavilion, it actually led directly to the top, forming a separate space.

When he arrived at the separate space in the scripture collection pavilion, Lin Ran saw that there were many flowers and plants growing on the ground, just like a back garden!

And at this moment, deep within these flowers and plants, there was actually a gazebo built, and a tall stone tablet could be seen within the period of the gazebo being very large.

"Could this be it?"

Lin Ran looked dumbfounded, this entire space was so carefully arranged, obviously to hold the things within that gazebo!

If his guess was correct, what was inside that gazebo must be the so-called sword tablet!

"That's right, what's inside is the Sword Tablet!"

Xue Dongyang laughed as he led the two of them towards the pavilion.

As he walked, Xue Dongyang explained with a smile!

"Little friend Lin Ran, you may not know that there is a sect within this East Flag City, called the Sword Immortal Sect!"

"This clan is extremely good at sword cultivation and has a long history of talented people, and the most important thing in this Sword Immortal Clan is this sword tablet!"

"Sword Immortal Sect? The Sword Tablet?"

Lin Ran was stunned to hear this, this Sword Immortal Sect seemed extraordinary, just daring to use the word Sword Immortal to start a sect already showed its profound heritage!

"That's right, this sword tablet is a copy of the Sword Immortal Sect's sword tablet! It was given to me by the Eastern Chess King back then!"

Xue Dongyang laughed.

At this moment, the three of them had already arrived within the pavilion, and Lin Ran immediately saw that a huge stone tablet was standing in the middle of the pavilion.

The stone tablet only had sword marks crisscrossing it, compared to intertwined but not cluttered, and on the very top of this sword tablet were four big words carved in dragon flight.

“Three Characters Sword Tablet!”

“Three character sword tablet? What does this mean?”

Lin Ran looked puzzled.

Xue Dongyang at the side, however, stroked his beard and said.

“This three-character sword tablet is a very famous sword tablet, and it is said that the three words of truth on this three-character sword tablet only have completely expounded the entire path of the sword dao!”

“As long as one follows these three words of truth, a sword practitioner’s training in the sword dao will not take a wrong turn!”

“It’s just a pity that the sword dao is a great path after all, even though the path has been laid out, very few people can actually reach the end!”

Xue Dongyang lamented.

Lin Ran nodded at his words, although he still didn’t know what the three words on the sword tablet were, he did understand this truth!

Imagine a cultivation world that was so big, with so many great seniors, but why were there only a few truly strong people?

If the former greats share their insights and so on, and show the latter the way, won’t that speed up the latter’s growth?

Not really! Cultivation is like a race, some people cannot see clearly the road ahead and will inevitably take a wrong turn!

And some people have a path in front of them, but so what? You have to walk the road yourself. All others can do is to help you show the way and how to walk it. When you reach the end, it’s all up to you!

“Little friend, do go up and take a look!”

Xue Dongyang pointed to a futon in front of the sword tablet and said.

Lin Ran didn’t hesitate, so he sat down on it and felt the dandelion move.

The futon carried Lin Ran around the sword tablet and spun around.

Only then did Lin Ran realise that as the doughnut rotated, the contents of the sword tablet gradually became clearer.

It turned out that the whole tablet was divided into three parts, and above each part was a word carved in a dragon's flight.

They were "Attack, Defence and Formation!"

"Attack, Defence and Formation! It is the so-called Three True Words!"

Xue Dongyang explained at the side.

"This three-character sword tablet was left behind by the founding ancestor of the Sword Immortal Sect, Senior Sword Immortal, who left behind twenty-seven sword strokes on it! At that time, it was called the Twenty-Seven Character Sword Tablet!"

"But later on, as talents emerged from the Sword Immortal Sect, extremely talented disciples would appear almost every hundred years, and these disciples would carefully study the Sword Tablet before leaving the Sword Immortal Sect!"

"And these people were so talented that they gradually refined the 27-word Sword Tablet! They became the eighteen-word Sword Tablet, the nine-word Sword Tablet and even the final six-word Sword Tablet!"

"And just a few hundred years ago, another stunning disciple emerged from the Sword Immortal Sect, who completely streamlined the six-word Sword Tablet into a three-word Sword Tablet!"

"And this three-character sword tablet has continued to this day, and in the sword cultivation world it is even called the core of the entire sword dao by the great powers!"

"As long as one can comprehend the three words of this three-character sword tablet and practice it thoroughly, that covers the entire sword dao!"

"Once you enter the Dao and practice it in the future, the entire Sword Dao will naturally be greatly complete!"

"For this reason, even many powerful sword cultivators have travelled thousands of miles to this Sword Immortal Gate to enlighten the Sword Tablet!"

Xue Dongyang introduced a lot in one breath, and listening to Lin Ran and Li Ba, they couldn't help but be staggered.

One had to know that this was only a royal city in the Immortal Emperor Domain, and there were actually such powerful sects hidden here.

Wouldn't the sects in Immortal Emperor City be incredibly powerful?

Xue Dongyang seemed to have seen Lin Ran's thoughts and laughed.

"Little friend Lin Ran you don't know, in fact, in the Immortal Emperor Domain, whether it's the Immortal Emperor City or the four king cities, the clans are all the same in terms of their strength!"

"The strengths and weaknesses are just the different birth sources of these sects, and the identity and background of the cultivators in Immortal Emperor City are all generally stronger, so that leads to the fact that there are more sect masters in Immortal Emperor City!"

“But if you really only look at the clans, the clans that are suitable for cultivation are not necessarily the ones that are stronger in Immortal Emperor City, putting aside other external factors and simply looking at talent!”

“The ability of the sects in Immortal Emperor City to cultivate disciples isn’t necessarily much better than the other four king cities!”

“Why else would the Sword Immortal senior back then have set up the Sword Immortal Sect in this Eastern Flag City! Instead of Immortal Emperor City!”

Lin Ran couldn’t help but nod as he listened, feeling that what Xue Dongyang said was also reasonable.

Wonder Doctor Chapter 1827

This truth is actually very much on trial with Lin Ran himself.

He came from a village and was still a very poor sort, but when he got to university? Not throwing is the academic bully?

Could the teachers’ conditions in the village still be better than those in the city?

Obviously not, but Lin Ran still became a school bully, and that’s the truth!

It had been shown time and time again that the difference between everyone was not because of the clan, but all in themselves!

Lin Ran tapped the ground and stopped at once, the origin of this three-character sword tablet was clear to him, but how much of a boost could this sword tablet give him!

That depended on how much he could enlighten himself!

Lin Ran looked at the word “Attack” in front of him and his heart trembled, he hadn’t even looked at the sword mark above him yet, he was just staring at the word “Attack”.

But the overwhelming sword intent was already making his heart tremble!

The sword technique on this stone tablet was incredibly powerful! Although it was only a sword move left behind, and it was still a copy, the power of this sword move was already quite sublime!

“Hm?”

Suddenly, Lin Ran saw that in the corner of one side of this attacking tablet face, there was actually a small character carved into it.

This small character was very inconspicuous, but Lin Ran still recognised it.

The word was none other than “Su!”

“This?”

Lin Ran pointed at this character and looked at Xue Dongyang, who smiled at this and explained.

“This character Su is the disciple who completely simplified this Sword Tablet into a three-character Sword Tablet a few hundred years ago!”

“Speaking of which, it’s really amazing that that disciple is actually a female disciple! It’s known as Fairy Su!”

“What? Immortal Su?”

Hearing this name, both Lin Ran and Li Ba couldn’t help but be stunned.

This name was not something Lin Ran would forget, as Li Ba had told himself before, Su Rou was the one who had changed her name to Immortal Su!

“Could this really be Su Rou’s simplified sword tablet?”

Lin Ran looked at that Su character and was shocked in his heart!

Although he had known a long time ago that Su Rou was a heaven-destined person with unlimited achievements in the future, he couldn’t help but feel very emotional in his heart when he really saw what Su Rou had left behind at this moment.

Now Lin Ran could only follow in the footsteps of these people and appreciate the legends and traces they had left behind in these thousand years!

“What? You guys know this Fairy Su?”

Seeing that Lin Ran and Li Ba’s attitude was clearly off, Xue Dongyang couldn’t help but ask.

At first, when Lin Ran took out the token and said that Qin Han would definitely help save his daughter when he saw it, this matter made Xue Dongyang very surprised.

After all, to come up with something that would make Qin Han go out of his way when he saw it, it was no longer a matter of recognition, but most likely there was a story!

At this moment, hearing the reaction of Su Xianzi Li Ba and Lin Ran was again so great, which could not help but make Xue Dongyang’s heart lift up.

It was hard to believe that these two people in front of him even knew Fairy Su? Then their identities would really be worth deliberating.

Not only did they know Qin Han, they actually knew Fairy Su as well, which made Xue Dongyang feel as if he had seen a treasure.

Which of Qin Han and Immortal Su was not a powerful existence with a reputation to uphold, if Lin Ran really knew both of them, then his identity and background would have to make even the Eastern Chess King smile when he met them!

“I don’t really know them, I just have some connections!”

Lin Ran said with a smile.

Xue Dongyang saw that Lin Ran didn’t want to say much, so he didn’t ask any more questions.

“By the way!”

Suddenly Lin Ran opened his mouth and asked.

“How much do you know about this Fairy Su? Also what about this Sword Immortal Sect?”

“I don’t know much to!”

Xue Dongyang said.

“This Immortal Su was said to have angered the Immortal Emperor and was arrested!”

“Later on, because of this incident, the Sword Immortal Sect also gradually declined, if it wasn’t for this sword tablet which was very attractive to sword cultivators, I’m afraid that after so many years the Sword Immortal Sect would have fallen into ruin!”

“Ao?”

Lin Ran couldn’t help but frown slightly at his words, but he was soon relieved.

For Su Rou to be able to streamline this six-character stone tablet to a three-character stone tablet, he must have been a proud disciple of this Sword Immortal Sect!

Later on, because he had offended the Immortal Emperor, he was now imprisoned in an unknown place!

It was understandable that the Sword Immortal Sect had not been exterminated, but had simply fallen into decline!

“Thank you for your kindness, Master Xue, this Sword Tablet is indeed useful to me, I can only harass you!”

Lin Ran said with an arch of his hand, knowing Su Rou and this Sword Immortal Sect’s relationship, Lin Ran couldn’t help but be a little more curious about this Sword Immortal Sect and was ready to study this three character sword tablet!

Seeing this, Xue Dongyang waved his hand and laughed.

“This sword tablet is just a copy, no one in my Xue family is a sword practitioner either, so little friend Lin Ran can come and look at it whenever you need to, no need to be polite!”

With that, Xue Dongyang and Li Ba quickly left, leaving Lin Ran alone here to comprehend the three-character sword tablet!

Time passed day by day, and in the blink of an eye, Lin Ran had already spent five days in front of this three-character sword tablet!

During these five days, he had carefully observed all the sword marks on the stele.

Sure enough, he found that the sword strokes on this three-character sword tablet had been completely grouped into three categories by Su Rou.

They corresponded to attack, defence and finally, formation!

On the attack side, the sword moves on it were either fierce, severe or feminine, but every sword move was inseparable from the word attack!

The same was true for the defence side. There were quite a lot of sword moves on the defence side, but there were far fewer on the formation side!

Lin Ran found that this so-called formation side was actually just some sword formation sword moves, and this kind of sword formation was considered some kind of an anomaly in the sword dao.

It was not as good at attacking and defending as simply attacking and killing, but it had its own unique subtleties.

Lin Ran kept using the sword moves on the Sword Tablet only to perfect his basic sword moves.

He soon discovered the loopholes in his basic sword moves, which surprised him greatly.

With the sword dao unable to improve, being able to continue playing with any sword moves this was undoubtedly very pleasing to him!

“The sword monument is just a sharpening stone, there are still five months to go before the examination, but it gives me the opportunity to sharpen!”

“Waiting for the future if I can enter the Immortal Sword Sect to cultivate, then the speed of my sword dao progress will definitely skyrocket exponentially!”

Lin Ran thought to himself.

He was accumulating now, accumulating in the basic sword stance realm, and when he entered the Immortal Sword Sect or another sword sect, that would be the time when he would be able to build up his strength.

Time just passed by day by day.

When the time reached the second month, it was on top of a mountain far outside Immortal Emperor City.

It was snow-covered all year round, and everywhere was snow-white and cold!

At the entrance to a cave at the top of the mountain, two figures stood side by side, one of them was none other than the Eastern Chess King!

The one next to him was dressed in white with a white veil, standing there as if he was as cold as frost!

“You should go back. When she comes out, I will arrange for someone to send her back to East Flag City!”

The woman in white next to her suddenly spoke up, her voice was so cold that it did not carry the slightest bit of temperature.

“Then I’ll be grateful to Miss Qin Han, just that you really won’t follow me to East Flag City?”

The East Chess King looked at Qin Han and asked, he dared to stay when Xue Xue found the latter, the latter was very excited saying that she would go to East Flag City with him.

But now it was .....

## Wonder Doctor Chapter 1828

“No!”

Qin Han opened his mouth and said.

“I still have things to take care of, I’ll see you if I have the fate to do so, when I’m done with this side of things I will definitely make a trip to East Flag City myself!”

“Then I won’t bother you any more!”

The East Chess King saw this and said no more, and with an arch of his hand he left the top of this mountain!

.....

The time passed day by day, and in the blink of an eye five months passed quietly.

After five months of infiltration, almost everyone in the entire Eastern Flag Domain now knew that Lin Ran was the person that the Luo Ran Merchant Firm was looking for!

Only that there was no news that anyone had found this person called Lin Ran.

After five months since the initial dust-up, the craze to find Lin Ran had begun to fade away!

Especially in the two places, East Flag City and Xue City, the eyes of many cultivators had long since been diverted away.

Not because of anything else, but because it was time for the major clan forces in East Flag City to enroll again!

Compared to Xue City, the enrollment of the major powers in East Flag City? It’s even earlier!

This was because many cultivators did not have any guarantee that they would be able to enter the core disciple circle of these major sects.

So many people actually started out by going for the outer disciple quota.

Xue City, on the other hand, was relatively more intense in terms of the fight for places, and those who came to participate were basically disciples of clans with powerful backgrounds!

They had absolute confidence in their own strength and didn’t care to compete with others, so they chose to come to Xue City and grab the only two places available!

And because of the large number of participants and their strength, the two spots selected by Xue City every year are basically the ones that all the major powers are competing for!

The selection process for the spots in Xue City was about to begin.

At this moment, in the Luo Ran merchant house in Xue City, Grandmaster Fang and Li Jiang were frowning and wondering what they were talking about!

“Master Fang, what do you think of this selection?”

Li Jiang asked with a frown.

“What do you think, it’s not the time to make a move with so many people, the most important thing is to find that kid!”

Master Fang said in a cold voice.

“But it’s been almost half a year and that kid hasn’t shown his face! Could he have already left Xue Cheng!”

Li Jiang asked with some worry.

As long as he didn’t catch Lin Ran, he couldn’t sleep or eat.

After all, there was no telling when the Luo Ran Merchant Firm might send someone to clean him up, and by then he would really be completely finished!

“Don’t worry, that kid is definitely in Xue City! And I’m sure he’ll definitely show up once this quota selection begins!”

Grandmaster Fang said, while a hint of ice coldness flashed in his eyes as he said in a cold voice.

“As long as he dares to come out, I guarantee that this time he will have no return!”

“In that case that would be great!”

Seeing Grandmaster Fang speak with such confidence, Li Jiang couldn’t help but sigh with relief.

While the two of them were discussing, at this moment, within the Xue Mansion, Lin Ran finally opened his eyes!

He sat cross-legged in front of the sword tablet, and the moment his eyes opened, there was actually a faint sword aura pulsating.

“Arise!”

Suddenly, Lin Ran stood up, and with a shake of his sword in his hand, the Frost Condensation Sword flipped out and instantly stabbed towards the front.

This stab was surrounded by a lot of sword mists, making it a little hard to tell the difference between reality and reality.

“Whoosh!”

Lin Ran slashed his Frost Condensing Sword in his hand towards a weed in front of him.

The sword aura pulsated and in an instant the sword had reached the weed, then there was only a “weng” tremor and in an instant the sword came to a steady halt.

However, the sword did stop, but the weed did not react at all.

It seemed that Lin Ran’s sword had actually hit the ground!

“Good!”

Lin Ran had a smile on his face and put away his Frost Condensation Sword with his backhand while shouting twice.

This scene made people look surprised, but soon a strange scene occurred!

Only to see another weed next to the weed is suddenly broken open, instantly cut through a puddle of green debris fell to the ground!

“My sword move is false and real, with defense in the attack and sword formation in the defense!”

“It’s only a preliminary fusion, but it’s already taking some shape!”

Lin Ran was excited in his heart.

These five full months of cultivation had made him gain a deeper and deeper understanding of this sword tablet!

The only thing he lacked was a good sword technique, a sword technique that suited him!

As long as he could obtain a sword technique that suited him, his achievements in the sword dao would definitely rise!

“It’s just a pity!”

Suddenly, Lin Ran looked at the sword tablet and there was a hint of disappointment in his eyes!

“After all, it was only a copy of the sword tablet, it still lacked some of its charm, if I could see a real sword tablet in the future, perhaps it would be something else!”

Lin Ran smiled as he looked at the sword tablet.

Unconsciously, he found that he seemed to have a strong interest in this Sword Tablet of the Sword Immortal Sect, and he couldn’t help but want to go and see the real Sword Tablet with his own eyes.

A few moments later, Lin Ran left the Hidden Scripture Pavilion, only as soon as he stepped out, he felt the fluctuation of an aura!

That aura was very familiar, except that it was fluctuating very violently at the moment, as if something big was about to happen!

“Little friend Lin Ran!”

Lin Ran was thinking, when suddenly Xue Dongyang’s voice came over from the side.

“Clan Master Xue! I wonder if this is?”

Lin Ran asked in surprise.

Xue Dongyang smiled at his words and said.

“It’s Li Ba, he’s making a breakthrough!”

“A breakthrough?”

Lin Ran was stunned at his words and couldn’t help but feel happy and a little envious at the same time.

Li Ba was now at the half-step Extreme Dao realm, once he broke through he would be a real Extreme Dao realm powerhouse!

Once he breaks through, he will be a real Extreme Daoist!

Above the Extreme Dao Realm is the Hundred Thousand and Eighty Thousand Realms!

Looking at his current self, he was actually still at the Heavenly Mansion Realm, which made Lin Ran extremely speechless.

The gap between the two was getting bigger and bigger, which made Lin Ran desperately want to join a sect and improve his strength!

As long as he did not achieve enlightenment, he would never be able to return to the enlightenment realm!

In his current situation, if he wanted to break through, he could only choose from the Dao of Sword and the Dao of Lightning.

The Dao of Thunder and Lightning was all about the word fate, so the only direction Lin Ran could improve in as soon as possible was the Dao of Sword!

“Little friend Lin Ran let’s go and have a look, there are two other things I want to tell you!”

Xue Dongyang said with a smile.

“What is it?”

Lin Ran asked with a smile, while following Xue Dongyang and heading towards the place where Li Ba was in seclusion.

“The first thing is naturally that the enrollment of the major powers in East Flag City has already started, and tomorrow our Xue City will also start the selection process! You’ll have to get ready!”

“So soon! I know!”

Lin Ran nodded at his words, it didn’t feel like he had been enlightened before the Sword Monument for very long, but he didn’t think that the scramble for places in Xue City had actually started already!

“What about the other piece?”

Lin Ran asked with a smile.

“The other piece!”

Xue Dongyang was very happy at his words, his face had an unconcealed joy as he said.

“The other thing is that thanks to little friend Lin Ran, my daughter has returned and is now in East Flag City! Her illness has been completely cured!”

“Really? Then congratulations!”

Lin Ran smiled at his words.

Xue Dongyang, however, waved his hand and said.

“This is all thanks to little friend Lin Ran! That’s right! Little Xue brought back a message saying that Qin Han had asked her to convey to you that she would come to you personally later! It’s just that right now she has things that she has to get busy with!”

Wonder Doctor Chapter 1829

“Hm!”

Lin Ran nodded at his words, and his heart couldn’t help but feel a little lost.

But he also knew that since Qin Bing had said that, then he thought that there was really something very important!

Moreover, he was vaguely worried that half a year ago, Luo Yi had found out that she had sent someone to look for her, but she herself had returned to Immortal Emperor City in a hurry!

Now Qin Bing also clearly knew about him, but she also had something to do and couldn’t come!

He was vaguely worried about the comfort of the two women!

“I don’t know what they’re really up to! I hope it’s alright!”

Lin Ran said to himself in his heart.

He was too weak now, and the gap between him and Li Ba was too great, let alone helping Qin Bing and the girls, so long as he didn’t drag them down!

As he was thinking, Li Ba’s aura suddenly rose up in front of him, followed by a cheerful laugh!

“Haha! Boss, I’ve finally broken through to the Extreme Dao Realm! Finally, I’ve broken through!”

As the voice fell, Li Baba had rushed out from the room, his face full of excitement!

“Congratulations!”

Lin Ran said with a smile.

Whether it was from brotherly love or his current situation, Li Ba’s breakthrough to the Dao Extreme Dao Realm was a good thing for him as well.

“Boss, I heard you guys talking about the selection just now, how come the fight for the spots is about to start?”

Li Baba asked busily in his excitement.

Lin Ran nodded at his words before saying.

“It’s tomorrow!”

“So boss, have you thought of a name yet?”

Li Bajie asked.

Before, Lin Ran had said that he was going to change his name, mainly to hide his identity, after all, who knew if that mysterious Master Fang was still staring at him in Xue City!

Also the Luo Ran merchant firm was too powerful, there was no guarantee that there would be others like him who would have other ideas about him!

The reward offered by Roy was generous, but if anyone could capture Lin Ran, the benefits he could claim would be many times more generous than the reward!

This was something Lin Ran knew only too well!

“The name was already thought of, so let’s go and find out the flow of tomorrow’s competition!”

Lin Ran laughed, he hadn’t left the Xue Clan for half a year, he was really suffocating, and after tonight he would be on his way to compete for that last spot!

The three of them found a courtyard and settled down, drinking wine while Xue Dongyang talked about tomorrow’s selection.

The Xue family was the one who hosted the selection, and Xue Dongyang was the one who set the rules and all the other conditions!

The rules and all the other conditions were specified by Xue Dongyang!

With Xue Dongyang’s explanation, Lin Ran gradually understood the rules of this year’s selection!

It turned out that every year, the Xue City selection would attract a lot of practitioners, and in order to select the top two as soon as possible, the selection test would be very simple and brutal!

The core of the test is the strength and brains of each practitioner, anything else is just a waste of time!

“There are three levels in this competition! And the first level is very simple, that is the Heavenly Ranking!”

Said Xue Dongyang, and began to introduce it.

The so-called Heavenly Ranking has to be mentioned, the Heavenly Ranking Stone!

Every year, this Heavenly Ranking Stone was the most important item for countless people who came to Xue City to participate in the selection process.

The reason is that the names of all the participants will eventually appear on this Heavenly Ranking Stone, and the two people who eventually win will definitely be the top two on this Heavenly Ranking Stone!

As long as they are qualified, they will eventually enter the clan of East Flag City as they wish, and will be regarded as opening the path to heaven, and their future achievements will be unlimited!

So this ranking stone became the Heavenly Ranking Stone, and the ranking of the many cultivators also became the Heavenly Ranking!

“Holy shit this is the Heavenly Ranking Stone! It’s too big!”

“Yes! I had only heard that the Heavenly Ranking Stone was huge, but seeing it today has really refreshed my understanding!”

“The Heavenly Ranking Stone is the Heavenly Ranking Stone, it’s really bold!”

In the middle of Xue City, a huge stone was erected in the middle of a huge square.

The stone was blood red in colour, just like a chicken blood stone, yet it was so big that it stood like a small mountain!

An ordinary person standing at the foot of the stone could not see where the top of the stone was, and only a practitioner could see where the top was!

Of course, at the lowest end of the stone, you can’t see it at all until after the competition starts, and clouds will appear to obscure it!

Because the top spot will be used to hide the names of the top two!

Of course, it will not remain hidden until after the third race has started, but until the end of the race! The final list will be announced!

“This Heavenly Ranking Stone is really ambitious!”

Lin Ran was standing under the Heavenly Ranking Stone at this moment, and his eyes couldn’t help but be filled with shock!

Yesterday, when he heard Xue Dongyang say it, he didn’t feel anything, but today, after seeing it with his own eyes, it was truly majestic!

“Boss! Look at that monolith!”

Li Ba, who was next to him, suddenly pointed at the monument and said.

Lin Ran looked up at the monument and was stunned to see that there were names written all over the stone!

Lin Ran found that these names were still rising, and as soon as they rose, new names would appear below them!

Obviously these were the names of the people who had come for the selection!

Lin Ran couldn’t help but look up, only to see that the name in first place was no other than Mai Yang’s!

“This guy, being the host, is really nonchalant!”

Lin Ran couldn’t help but laugh, while looking at the second place, it was surprisingly in four words, named Bu Er Swordsman!

“Bu Er Swordsman, that’s quite an interesting name!”

Lin Ran said to himself.

On the side, Li Ba smiled at his words.

“Boss, that’s not interesting, look down, there’s actually another person’s name is “1”!”

“What “1”?”

Lin Ran smiled and couldn’t help but look, and indeed he found that not far from the Buji swordsman, there was actually a person whose name was just a symbol “1”.

“Hey hey no!”

Li Baba said as soon as the words left his mouth, and pointed further down the list!

“Boss, look, that man’s name is something like Gou Mao!”

“Gou mou? Isn’t that normal?”

Lin Ran wondered, there was nothing abnormal about that name!

“Gou Mou, boss! Isn’t that just a dog’s leg!”

Li Ba laughed.

Lin Ran was stunned at his words and only then did he realize that it did look a bit like a dog’s leg!

“Alright stop it, there are only the last ten minutes left to register, I have to leave too!”

Lin Ran laughed helplessly.

“By the way boss, what name did you change!”

Li Baba asked busily when he saw this.

“You’ll find out later!”

Lin Ran didn’t say much, and immediately took a step forward and raised his hand and pressed on the stone tablet only!

Immediately, a force invaded it, and two words appeared among the countless rising names,

“Deceased!”

“Boss!”

Seeing these two words, Li Ba was stunned, and then his face was filled with emotion!

“These two words are really apt, they’re really old friends!”

“Alright let’s go, later on this first level will start!”

Lin Ran smiled and walked towards the side to rest.

The first level of the Heavenly Ranking was for each person to input a stream of true qi onto the Heavenly Ranking Stone to determine the top 100 according to their strength.

Only the top 100 will be able to enter the second level! Therefore, this level will eliminate 9 out of 10 people!

## Wonder Doctor Chapter 1830

The rest area was just a short distance away, and not far from this Heavenly Ranking Stone.

However, just as the two of them arrived at the rest area, suddenly there was a commotion in the distance.

From a great distance Lin Ran could hear Mai Yang's voice!

"Kid! You really dare to come to Xue Cheng, believe it or not, I'll make you come back without a return!"

Lin Ran and Li Ba were both stunned at his words and couldn't help but look towards the distance, followed by the sight of Mai Yang's figure and the large group of men beside him!

"Boss!"

Seeing Mai Yang, Li Bajie couldn't help but frown slightly and busily spoke, as if he was afraid that the former knew himself and Lin Ran!

Lin Ran, however, waved his hand and pressed on Li Baba, saying.

"Don't be nervous, I've collected my breath, he won't find out!"

Only then did Li Baba nodded at his words.

Li Ba had never exposed himself in front of Mai Yang, even Master Fang and the others only knew Lin Ran's aura at first, but not Li Ba's at all!

So as long as the two were on guard against that Master Fang, there would be almost no one in this Xue City to recognise them!

The two men looked in the direction of Mai Yang and soon saw a youth with a hat and a bland face!

Although the sword was wrapped, Lin Ran could feel the harsh sword intent from the exposed hilt!

Clearly this guy was very good with a sword!

"That kid looks pretty cool!"

Li Ba said as he watched, the swordsman with the long sword on his back did look a bit cool!

"Doesn't that guy look similar to one of the names on the Heavenly Ranking Stone to you?"

Lin Ran, however, frowned and said.

"You mean the one in second place, the Fuyu Swordsman?"

Li Ba sniffed, indeed this person's image was very similar to that Bu Er Swordsman.

Seemingly to confirm the two men's suspicions, no sooner had the words left their mouths than Mai Yang's voice came from ahead.

"Laozi is talking to you again! Can't understand human language? You're a mute swordsman, I think!"

That Bu Er Swordsman heard this but his face remained bland, seemingly not even defending Mai Yang in his eyes, and said blandly.

“If you want to fight, then fight, otherwise don’t bark at that dog!”

Lin Ran could not help but have a little more admiration in his eyes at his words, this Bu Er Swordsman was so crisp and clear, he didn’t even want to say more nonsense!

Mai Yang was instantly enraged at his words and pointed at the other party.

“You really fucking think that I don’t dare to kill you don’t you! This is Mai ..... Xue City!”

“Laozi’s turf! Believe it or not, I’ll get you killed and no one will care!”

Mai Yang shouted.

However, Bu Er Swordsman was smiling blandly and said.

“Then you’re still talking nonsense, why don’t you do it!”

“Seeking death!”

Seeing his opponent ignoring him so much, Mai Yang was instantly enraged, yet just as his palm was raised, he was instantly stopped by a somewhat hunchbacked youth on the side!

“Brother Mai, you mustn’t do anything, or you’ll fall into the path of this kid!”

“Why?”

Mai Yang asked in a cold voice, very upset in his heart!

“Brother Mai, have you forgotten? This Xue family has rules, if you do it privately on the selection day you will be directly disqualified from competing for a spot!”

The hunchbacked youth was busy saying.

Mai Yang couldn’t help but frown slightly at his words and coldly snorted.

“Humph! It’s the Xue family again, how many more years can his Xue family be arrogant in Mai City! Sooner or later, it will have to be replaced by our Selling Family!”

As he spoke, Mai Yang unconsciously referred to Xue Cheng as Mai Cheng, and deep down he had actually taken Xue Cheng as their Mai family!

“Count your brat lucky, you better not be eliminated in the first round, or else that would be too much of a beauty!”

Mai Yang sneered and whirled around before leading the men back to their positions!

Lin Ran and Li Ba saw this and couldn’t help but shake their heads, Li Ba said.

“This kid Mai Yang is so unbeatable, if it wasn’t for the fact that his family is in Xue Cheng I’d have to give him a good beating!”

“Don’t worry, someone will clean him up sooner or later!”

Lin Ran laughed and patted Li Ba without saying more!

Ten minutes passed quickly, and as an old voice rang out, the crowd's eyes couldn't help but look over.

"Gentlemen! The registration time has ended, the first level of the selection will then officially begin!"

Said the old man's voice once again, without any delay, saying.

"In accordance with the order of the previous registration, ten people at a time will directly begin the breakthrough of the Heaven Ascension Ranking!"

"Whoosh whoosh whoosh!"

As soon as the old man's voice fell, there were instantly a full ten figures in the crowd rushing out to seek.

Amongst them were Mai Yang and the hunched youth, as well as the Buji Swordsman!

Lin Ran and Li Ba watched quietly, Lin Ran's registration was rather backward, so I was afraid that he would have to wait for a while before it was his turn!

But at this point, Lin Ran was really curious to see both Mai Yang and the Imperious Swordsman going up at the same time!

A group of ten people soon arrived at the Heavenly Ranking Stone, and it seemed that Mai Yang and the Imperious Swordsman had discussed the matter, but neither of them had made a move!

Instead, it was the other eight men who simultaneously slapped their palms on the Heavenly Ranking Stone!

As they slapped their palms down, everyone instantly saw clearly that their names were rising rapidly on the Heavenly Ranking Stone, quickly taking up the top eight spots!

It wasn't that they were the strongest eight, but that the others hadn't played yet, and the final ranking would have to wait until all of them had played before they could be completely ranked!

"Hey hey! Boss, look! The one in first place is actually which Gou Mou!"

Li Ba laughed as if he had discovered a new continent.

Lin Ran looked up and saw that the one in first place was really the one called Gou Mou!

Turning his head towards the Heavenly Ranking Stone, Lin Ran immediately noticed that the hunchbacked youth standing next to Mai Yang was full of smugness!

"Could this guy be Gou Mou? That's too fitting, Mai Yang's doggy!"

Lin Ran couldn't help but laugh.

And as he was speaking, Mai Yang and Bu Er Swordsman suddenly struck out at the same time, only to hear "Bang Bang"

The next moment, their names shot up from the ninth and tenth places towards the top of the list!

Mai Yang and Bu Er Swordsman had been first and second when they signed up, and after the slap, they had actually moved back up to the top two!

And the order hadn't even changed, it was still Mai Yang first and Bu Er Jian Ke second!

Seeing this result, Lin Ran couldn't help but frown slightly as he said softly.

"That Mai Yang doesn't seem to be useless, but just in terms of the strength of his true qi, he is even stronger than that Bu Er Swordsman!"

Li Ba smiled at his words but laughed.

"What's the use of having strong true qi, not throwing it in front of your boss is that you can't even go one round!"

That day when Lin Ran was being chased by Grandmaster Fang, but a single punch lifted the rest of Mai Yang Pole's men backwards, this strength already didn't know how much stronger than Mai Yang!

"It can't be helped, the most important thing about this first level of the Ascension Ranking is that it starts to test the strength of the cultivator!"

"But the first hundred people who are almost capable can still get in, if they can't even get into the first hundred, then there's really no need for the later competitions!"

Lin Ran said.

And at this moment, in front of the Heavenly Ranking Stone, Mai Yang was glancing at Bu Er Swordsman with a smug look on his face and sneered!

"You're no better than that! Rubbish! You better not let me run into you when we get to the second level later, or you won't be able to walk out of Xue City alive today!"
