

## Wonder Doctor Chapter 1831

“Just you? Your old man came to say that to me!”

The Buji Swordsman said indifferently, and then turned around and changed back to his position, seemingly not even bothered about this hand-to-hand fight he had just had with Mai Yang.

Lin Ran and Li Ba were watching from the side, and as soon as Bu Er Swordsman left, that rickety youth laughed and patted Mai Yang’s ass.

Something about Brother Mai being mighty, Brother Mai being overbearing and all that!

“Boss! What do you think of this Ascension List?”

Li Ba glanced at the two blandly, then asked Lin Ran.

“Which aspect are you referring to?”

Lin Ran asked rhetorically, the Ascension Ranking covered so many things, how would he know what Li Baba was talking about!

“It’s this first level of ranking, I always feel that that Bu Er Swordsman can’t be any worse than Mai Yang! Otherwise, he wouldn’t dare to shout at him like that!”

Li Ba said.

Lin Ran nodded at his words and said.

“This first level of the Ascension Ranking can actually only reflect each person’s strength in a very general way, but if they really fight, that fighting power can’t be completely proportional to their strength!”

“This Mai Sunshine is indeed suppressing Bu Er Swordsman head to head in terms of strength, but if the two really fought, I’m afraid Bu Er Swordsman would have a better chance of winning!”

“Hmm!”

Li Ba nodded at his words, in fact he thought the same thing in his heart!

“Alright, just wait and see, I guarantee that among the participants this time, there won’t be fewer people who are stronger than Mai Yang!”

Lin Ran laughed.

Li Ba nodded at his words and said no more.

At this time, as Mai Yang and Gou Mou left the Heavenly Ranking Stone, a second wave of people rushed up and began to test their strength!

There were quite a few cultivators coming to Xue City to take part in the selection process, but there were ten at a time and they were all doing it at the same time, so the pace wasn’t too slow!

After only half an hour, the order of the names on the Ascension List had changed dramatically!

Lin Ran almost watched as the names of Mai Yang and Bu Er Swordsman were gradually dropped from first and second place.

And by the time the test was halfway through, the two men's names were already in eighth and ninth place!

And the first seven people in front of them Lin Ran actually didn't know any of them!

"Boss!"

This was Xue Cheng's own boss being squeezed into eighth place, which really made his face as a subordinate shine!

And his ranking had already dropped out of the top 50!

But he didn't care at all, as if Mai Yang's ranking was more important than his own!

"It can't be helped! All these people are coming for the Xue Cheng spot, I knew this would happen! As long as they don't iterate out of the top ten!"

Mai Yang reassured himself, which seemed very composed!

However, the heavens seemed to be playing a joke on him.

As soon as his words fell, a stream of light instantly overtook his name and directly topped the rankings!

"Hm?"

Mai Yang watched with a slight frown, his fists unconsciously clenching!

And Lin Ran at the side also looked at the same time at a figure in front of the Heavenly Ranking Stone, only to see that the one who had reached the top was actually a woman!

The woman was wearing a lavender robe, looking extraordinary, and her appearance was actually very beautiful as she turned around.

At this moment, her whole body was permeated with a noble aura, and at a glance, she was not from an ordinary family.

"Leng Qiu?"

Seeing this person's name at the top, Lin Ran couldn't help but make a secret note that at this time, the first level of the test was already more than halfway through, and most of the people with strength had already been revealed.

And being able to reach the top at this point was enough to show that this person's strength was extraordinary!

"Boss be worried, you definitely won't fall out of the top ten!"

At the side, Gou Mou was busy speaking to comfort him.

Leng Qiu's sudden rise to the top had directly pushed Mai Yang down to ninth place, and Bu Er Jian Ke had even dropped to tenth place!

If another person overtook Mai Yang, he would become the tenth, and by then he would only be one place short of falling out of the top ten!

“Hmph!”

Mai Yang coldly snorted, not saying anything! But in his heart, he was vaguely uneasy!

The test continued, but there were fewer and fewer dark horses, and Mai Yang’s name remained steady at ninth place!

However, the heavens seemed destined to deny Mai Yang a place in the top ten this time!

Just as the test was drawing to a close, another stream of light suddenly shot up into the sky and overtook Leng Qiu to regain the first place!

“What?”

Seeing this scene, not only Mai Yang but also the others around him could not help but feel a tightening in their hearts.

This first level of examination was about to end, how come there was still someone who hadn’t shown their strength!

The crowd looked towards the Heavenly Ranking, and when they did, they were all stunned, even Lin Ran and Li Ba were frozen!

They saw that the person occupying the first place was none other than a name Lin Ran and Li Ba had seen on the Ascension List before, and that person’s name was “1”.

“Boss, this person is really deep!”

Li Ba said from the side!

“Yes! I don’t know what this person’s origins are!”

Looking at the “1” dressed in black robes under the Heavenly Ranking Stone, Lin Ran was also a little more curious!

This “1” was obviously not the other party’s real name, it seemed that the other party did not want to reveal himself, but at the same time, he was too lazy to name himself, so he simply used this “1” as a code name!

I just don’t know why he did it, it was a bit too flashy to be honest!

And with “1” on top, Leng Qiu instantly dropped to second place, and from afar Leng Qiu watched with a slight frown, and couldn’t help but pout as if she was very dissatisfied!

At this time, Mai Yang, who was at the side, was so nervous that her palms were clenched and her hands were full of cold sweat! He was obviously very worried about his ranking!

He was in tenth place, and if only one person overtook him, then he would be completely out of the top ten!

Although the selection was for the top 100 to pass, but at his own doorstep, he actually didn't even make it into the top 10, this would not help but make him very embarrassed!

"Boss, don't worry, this test is down to the last group of people, absolutely no one will be able to squeeze you out!"

Gou Xie said at the side.

But Mai Yang didn't say a word, obviously his whole body was in a state of tension!

Seeing this, Gou Mou didn't dare to say anything more. He could only calculate in his mind what to do!

Soon, the old man's voice rang out again!

"The last group of people in the first level of the test will come on!"

As the old man's voice fell, Lin Ran also stood up from his position.

"Go for it boss!"

Li Ba made a cheering gesture at Lin Ran, who smiled and whirled towards the Heavenly Ranking Stone!

Lin Ran was dressed very puffily and wore a black cloth on his head to cover his cheeks, all so no one could see his appearance.

And at this point many people had actually started to celebrate in advance, because after all, there was only the last group left, and in the people's perception the probability of a dark horse appearing in the last group was very low!

Lin Ran naturally didn't care about what these people were thinking! He walked straight towards the Heavenly Ranking Stone!

However, just as he reached the Heavenly Ranking Stone, he suddenly felt two gazes fall on him.

These two gazes were staring deadly at him, as if they were staring at prey, and he turned his head towards the gazes!

At first glance the face behind the black cloth tightened!

Only to see that in the crowd, an old man and a middle-aged man were staring at him with deadly eyes.

And who else could these two be if not Li Jiang and Master Fang!

Wonder Doctor Chapter 1832

Li Ba also noticed that something was wrong with Lin Ran and was busy following his gaze, and promptly saw Master Fang and Li Jiang as well!

The moment he saw these two, Li Ba's body tensed up, as if he was afraid that these two would suddenly find out.

However, Li Jiang and Grandmaster Fang were standing still with no intention of making a move, only gazing burningly at Lin Ran in front of them.

“Kid! You’re the only one left for the quick test!”

Suddenly, an old man’s voice pulled Lin Ran’s attention back!

Lin Ran couldn’t help but sigh in relief when he heard the old man’s voice, only then did he remember that he was in Xue City and was currently taking the qualification test!

The entire Xue family was here again, so he thought that Master Fang and Li Jiang wouldn’t dare to do anything.

With his heart hanging in the air, Lin Ran finally looked at Grandmaster Fang and Li Jiang indifferently, and then turned to look at the Heavenly Ranking Stone!

Li Ba also reacted at this point and couldn’t help but sigh in relief.

Luckily! Fortunately, they had a great relationship with Xue Dongyang, otherwise if the two didn’t know anyone, they would have been in trouble today!

Lin Ran turned his head to glance at the Heavenly Ranking Stone and found that there was no major change in the ranking order of this Heavenly Ranking Stone!

The strength of the people in his last group wasn’t even that great!

“It’s my turn!”

Lin Ran let out a long breath of relief, ? followed by a palm drop on top of the Heavenly Ranking Stone in front of him!

A surge of true qi was instantly poured directly into it!

In an instant, the people around saw that the last name on the Heavenly Ranking Stone directly turned into a stream of light and shot up towards the top.

And the speed at which this name rose was really unusual, very fast!

“This isn’t another dark horse, is it?”

“Yes know it, but looking at the speed rushing into the top 100 should be a problem!”

“Then the one in the first hundred is out of luck!”

“There’s nothing we can do about it, they’re so strong they can only count themselves unlucky!”

The surrounding people were talking, and at this moment, Mai Yang’s fists were clenched, and his gaze was fixed on the name that was rising rapidly!

“Boss!”

Gou Mou, who was at the side, could not help but see the situation, but also tightly squeeze a sweat!

He saw that the name was rising rapidly, and in the blink of an eye it had already entered the top 100, and the speed had only weakened a little, still rising towards the top!

Top ninety, eighty, seventy!

In the blink of an eye that name had stormed into the top fifty, which caused nervous sweat to appear on both Gou Mou and Mai Yang's faces!

"Who the hell is this their deceased friend!"

Gou Mou's gaze was fixed on that name, and there was an icy chill in his eyes, as if that deceased person had killed his own father!

"Thirty, twenty, nineteen ....."

Suddenly a series of voices actually recalled around, the crowd actually started shouting as the name deceased kept rising.

Fifteen, fourteen, thirteen, twelve, eleven .....

Finally, when the name of the deceased reached the eleventh position, that is, taking the place of the Buji swordsman.

Gou Ruo could not hold back any longer, his eyes snapped cold and an aura fluctuation surged towards Lin Ran.

In an instant a voice rang out in Lin Ran's ears.

"It's almost time for your friend to have some sense! It won't do you any good to rush upwards! Anyway, you've already entered the top 100, so call it quits!"

Hearing this sudden voice, Lin Ran couldn't help but be stunned, and his name instantly stopped, stopping at number eleven!

Only his palm still hadn't left the Heavenly Ranking Stone, while his breath pervaded he soon discovered that the person who had sent him the voice was no other than Mai Yang's henchman, Gou Mou!

"What? Are you afraid that I'll squeeze your young master down?"

Lin Ran felt amused as he transmitted his voice and asked back.

And at this moment the crowd around them all cheered one by one, obviously thinking that the test was over!

But soon someone noticed that something was wrong, because at that moment the old man's voice didn't ring out, as if he was waiting for something!

"Why isn't it over yet?"

"That's right!"

"No you guys look at that kid, he hasn't taken his palm off the Heavenly Ranking Stone yet!"

"Right! What's he doing!"

"I don't know!"

The surrounding crowd looked baffled, wondering what the hell Lin Ran was doing!

But if Lin Ran didn't take his palm off the Heavenly Ranking Stone, that meant that the examination wasn't over yet, and each and every one of these people was puzzled.

When Gou Mou saw that Lin Ran still didn't let go, he couldn't help but snort coldly!

"Kid, those who know how to be wise are wise, don't give your face away, our family's young master is not someone who can be messed with!"

"As long as you are sensible and even help our family young master get this spot, when the time comes, our family young master will also help you enter the clan within East Flag City as an outer disciple!"

"If you don't know how to retreat and offend our young master, then don't blame me for being unkind to you!"

"In this Xue City, there really aren't many people who can protect you!"

Gou Ruo's threatening words were very heavy.

However, Lin Ran smiled noncommittally at his words!

"You're really doing your best for your young master! Your name is Gou Mou, isn't it? You're really a good dog's leg!"

"Do you want to die?"

Gou Mou's voice was a few shades colder at his words.

"I don't want to!"

Lin Ran said with a smile.

A trace of disdain flashed in Gou Mou's eyes as he smiled and said coldly!

"If you don't want to, then do as I say? Do as I say!"

"I don't want to die, but why do I have to do what you say? You want a top ten spot? Let your young master do it himself!"

Lin Ran laughed as he whirled his palm up from the Heavenly Ranking Stone.

When Gou Mou saw this, he was instantly delighted but then his face changed.

He saw that as Lin Ran's palm left the Heavenly Ranking Stone, the name of the deceased on the Stone rose another place, directly to tenth place!

And Mai Yang's name was instantly squeezed down to eleventh place! To the second level of leaving the top ten!

"Bastard!"

Mai Yang saw this scene and was so angry that he slammed his fist on the ground.

He had just seen the name Deceased stop and thought that he was already stable, but who knew that the result would be like this!

“Boss! That kid doesn’t know how to behave!”

Gou Mou looked at Mai Yang and said in a cold voice!

Mai Yang’s eyes could not help but narrow slightly at his words as he looked in the direction where Lin Ran was and said in a cold voice!

“Since he doesn’t know how to behave, let’s kill him when we have the chance!”

“Boss, don’t worry!”

Gou Mou nodded, the murderous intent in his eyes not being concealed in the slightest!

Lin Ran didn’t bother to pay any more attention to Gou Mou and Mai Yang, but walked straight towards his position amidst the murderous gazes of the two.

On the way, he looked at the place where Master Fang and Li Jiang had been before, and realised that these two people had actually left at some point!

“Boss! The two of them are gone!”

As soon as Lin Ran returned to his position, Li Ba came over and said.

“Hmm!”

Lin Ran nodded his head to show that he knew!

“Boss, what should we do? Should we tell Xue Dongyang!”

Li Ba asked busily, judging from what had happened earlier, that Master Fang and Li Jiang had obviously recognised Lin Ran too!

“No need for now, there are many people here and many experts from the Xue family, I’m sure he wouldn’t dare to do anything!”

Lin Ran said.

Only then did Li Ba nod at his words.

And just as the two were talking, the voice of the old man in front of them finally rang out.

“The first level of examination is over, the first one hundred people will draw lots before the mountain! Everyone else is directly eliminated!”

Wonder Doctor Chapter 1833

“Oy! What bad luck!”

“It’s useless to talk more if your strength is not good! Let’s go straight to East Flag City, we can still make it in time for the sect’s examination!”

“Yes! If we can’t get a place in Xue City, it’s not too bad to go to East Flag City to mingle as an outer disciple!”

“Right, right! Go!”

Chattering was heard all around, and those who didn't make it into the top 100 directly chose to give up and head straight for East Flag City!

More people chose to stay behind, they were in no hurry to see how the Xue City selection would turn out first!

After all, after the selection in Xue City, there were still three days left for the sect selection in East Flag City, so there was enough time to get from here to East Flag City for the rest of the selection!

Lin Ran and a group of the top one hundred people had already arrived in front of the Heavenly Ranking Stone by now, a full one hundred people standing in front of the Heavenly Ranking Stone, it looked very imposing!

The old man swept his gaze across these people, and then said aloud.

"Now for the second level of assessment! The hundred of you will be randomly assigned to compete in pairs, with the winner advancing and the loser eliminated, and only fifty people will be selected in the end!"

"Without further ado now begins!"

The old man's words fell and immediately several streams of light shone down from the Heavenly Ranking Stone.

Ten fell each time, ten representing a different colour, and ten people were directly selected, exactly five groups!

Lin Ran looked at the ten rays of light that appeared for the first time, and two of them had actually directly selected the fourth and fifth ranked people among the top ten!

The rest of them were all in the front and back, which made Lin Ran's heart flutter.

"It seems that this distribution is completely random, there is no ranking order at all!"

Lin Ran said to himself in his heart.

Under normal circumstances, the selection of some large sects in order to ensure that the strongest disciples were left behind! They wouldn't arrange for the top few to compete against each other!

But in this Xue City's selection, no matter how many places you came in, your opponents would always be random! This means that even if you come first, your opponent may still come second!

And once you fail, you will be eliminated, even if you come second!

And at this point Lin Ran finally understood what Xue Dongyang meant when he said that the selection rules were simple and brutal!

There was only a winner and a loser in this Xue Family's examination, there was never a third one, and even if you failed you wouldn't get a place even if you came second!

"Weng!"

Lin Ran was thinking in his mind when suddenly a light had fallen and enveloped him.

At the same time, another light fell and enveloped another person as well.

Lin Ran was busy turning his head to look, he knew that person was probably his opponent!

However, when he saw where that light was, he couldn't help but be stunned, because that was really where Mai Yang Gou Mou and the others were!

"Boss me!"

Next to Mai Yang and Gou Mou, a young man with long hair was looking at the two with a shocked face and panic in his eyes!

"What the fuck is your expression, Old Bastard!"

When Gou Mou saw the long-haired youth's reaction, he became furious and raised his hand and slapped him!

"Remember that later, just waste him for me! If you dare to disrespect our Brother Mai, don't be polite to him understand!"

Gou Mou said angrily.

However the long-haired youth was full of worry and said!

"Brother Dog, you ..... You're kidding, I'm ranked in the nineties and he's in the top ten! I ..... How can I be him .....

"Bullshit! Shut the hell up!"

Gou Mou sniffed and was instantly upset, as his own man this kid actually went straight to his knees before he even fought, this made him very upset!

"Forget it!"

Suddenly Mai Yang next to him was the one who spoke up.

"That kid can enter the top ten, his strength is naturally extraordinary, Old Eight's strength and his fight may not have much chance of winning!"

"Brother Mai is still wise, Brother Mai then I'll do this!"

The long-haired youth asked, he really didn't want to fight Lin Ran, he was afraid of being beaten up by the latter!

"Don't worry, I naturally have a way to make you clean him up!"

Mai Yang, however, smiled blandly, followed by flipping his hand and taking out a bottle and throwing it to the long-haired youth, before saying.

"Old Eight, remember! This medicine only has a ten-minute effect, no matter how strong that kid is, he's still at the Heavenly Mansion realm, he's definitely no match for you in ten minutes after taking it! Waste him for me!"

Mai Yang looked at the long-haired youth and said in a cold voice.

The long-haired youth nodded heavily at his words, and then said.

“Don’t worry Brother Mai, I’ll definitely get him straight to death!”

Having gotten what Mai Yang gave him, the long-haired youth obviously came to his feet, and his entire speech hardened a few notches!

“Alright, go and get ready, don’t let me down later!”

Mai Yang patted the youth’s shoulder, followed by a light that also fell on him.

The distribution was soon over! The order of exchanges also started in the order of the light’s selection afterwards!

Each P5 competition was held at the same time and needed to be held ten times in total.

Lin Ran was considered to be in the front and was allocated to the second group. He didn’t know any of the ten people in front of him, so he didn’t pay much attention to them.

The strength of these two people was really extraordinary, and to be able to shoot in this position, their strength alone was much stronger than Mai Yang.

However, it was not difficult for Lin Ran to find out that these two people seemed to be a bit inferior, whether it was in terms of weapons or kung fu texts, they were no match for Mai Yang!

If Mai Yang were to fight the two of them, I’m afraid it would be hard to say whether they would win or lose!

Although Mai Yang’s true qi was not as strong as the two of them, Mai Yang was still the stronger fighter!

Lin Ran closed his eyes and soon the curtain came down on the first five matches, Lin Ran looked up and found that the two men ranked fourth and fifth, the latter had actually won!

The two men’s strengths wanted to be different, and at this point they stopped with blood almost all over their bodies, obviously they had fought very fiercely before!

“The second match of the five teams begins!”

The old man’s voice had already sounded as he was thinking in his mind, and Lin Ran saw this and stopped talking, jumping to the far side of the ring with one long leap!

At the same time, on the other side of the ring, a figure jumped up from the direction of Mai Yang and the others, if it wasn’t the long-haired youth!

Lin Ran could not help but reveal a bashful smile when he saw the other party, while the long-haired youth coldly snorted with icy disdain in his eyes.

“Kid, dare not give face to our Brother Mai, I hope you don’t die too miserably later!”

“Hm!”

Lin Ran nodded in response at his words, not saying any more nonsense!

When the long-haired young man, Old Eight, saw that Lin Ran actually didn't take his words seriously at all, he snorted coldly.

"Just get complacent for now, and watch how I'll get you killed later!"

"Begin!"

Just as the voice of the long-haired young man, Old Eight, fell, the sound of the old man's voice starting the competition came from afar.

"Suffer death!"

Old Eight's eyes chilled as he heard this, following which he rushed towards Lin Ran with an arrow step, while his palm flipped over and instantly a dagger came straight for Lin Ran's chest!

Lin Ran's face was indifferent as he dodged his opponent's blow with a side-step, followed by a backhanded kick to the opponent's buttocks.

The long-haired young man fell to the ground in a doggy pile of shit, as messy as it could be!

Wonder Doctor Chapter 1834

"What are you doing, Buster?"

"You want to die, don't you? Get up!"

"Useless thing!"

Seeing this scene on the stage, at once Gou Mou and Mai Yang were both so angry that their faces turned green.

Although Lin Ran was strong enough, this kid couldn't just be beaten up by the other side as soon as he got on the stage, could he?

"Bastard!"

Long-haired young man old eight lying on the ground heard his boss's voice, also can't help but feel his face hot, when you grit your teeth directly in the mouth of something instantly to bite!

"Weng!"

As soon as the thing in his mouth broke open, an instant stream of heat gushed into Old Hachi's body!

The next moment that long-haired young man Old Eight's entire eyes instantly changed, his eyes even turned directly from black to blood red, and his two eyes were as if they were extremely bloodshot.

"Hm?"

Seeing the long-haired young man Old Eight get up from the ground, Lin Ran couldn't help but frown slightly, at this moment he also saw the latter's blood-red eyes!

"Give me death!"

The long-haired youth let out a fierce roar, and immediately lunged towards Lin Ran again with an arrow step, and this time his speed had clearly increased several times!

Lin Ran was only distracted for a moment before his opponent's dagger was already in front of him.

Seeing this, Lin Ran didn't dare to slow down and raised his hand and struck the opponent's wrist with a hand slash!

However, to his surprise, his palm struck his opponent's wrist as if it were steel and iron, causing him to withdraw his palm immediately!

"This guy's body!"

Lin Ran instantly noticed the difference, and at the same time, Gou Mou's smug voice came to his ears!

"Old Eight is like that, tear him up for me!"

Lin Ran turned his head to look, only to see Gou Mou looking at him with a disdainful smile on his face.

And next to him, Mai Yang was even making a neck-wiping motion at himself, provocative!

"It's them!"

Lin Ran had probably guessed something in his mind, when this long-haired youth first fought with himself, he was clearly of very average strength!

Otherwise, he wouldn't have been directly beaten by himself, but now his strength had surged, and even his body was as hard as iron, if it wasn't for Mai Yang's help I'm afraid he wouldn't have turned out like this!

"Interesting!"

Lin Ran smiled blandly at this, following which he directly dodged the long-haired youth's lunge with a dodge.

"Hmph! Give me death over here!"

The long-haired youth's eyes chilled at this and he followed with another dagger lunge towards Lin Ran!

Lin Ran's eyes chilled at this, and with a flip of his palm, he directly took out his dagger and broke the tip, following which he charged towards the long-haired youth with an arrow step.

"Clang clang gear!"

Several metallic clashes erupted from the instant collision between the two, followed by a dodge in which Lin Ran once again closed the distance between him and his opponent!

Lin Ran clearly felt that his opponent's body strength was very high, and that he did not have the slightest advantage in terms of strength!

But he was relieved that this guy had suddenly become so strong and fast, although he didn't know how.

It was as if his strength and speed had been forcibly increased, but his agility was far worse!

“Hm?”

The long-haired youth was just about to kill towards Lin Ran again when he suddenly felt a coldness on his wrist, followed by a bloodstain emerging.

“Injured?”

Mai Yang and Gou Mou on the stage were stunned at the sight of this, just now the two of them had fought in a flash of lightning, but they hadn't thought that the kid had actually injured Old Eight directly!

“What do you think, boss?”

Gou Mou asked Mai Yang, but Mai Yang snorted coldly and said.

“It's still early, this medicine will last at least ten minutes, if Lao Ba can't beat him within ten minutes, then we'll have to find a chance to wait for me to do it myself!”

Gou Mou didn't answer when he heard that, and turned his head to look at Lin Ran and Old Eight on the stage, a hint of worry in his eyes.

“How dare you hurt me, give me death!”

Being injured by Lin Ran on his wrist, this caused the long-haired youth to become even more furious, and he came straight at Lin Ran with an arrow step.

However, Lin Ran directly put away his dagger, with a bashful smile on his face, and dodged it with a side-step straight away.

“Hm?”

The long-haired youth could not help but frown slightly at this, and then lunged at Lin Ran again.

But Lin Ran was like a mud loach, constantly dodging back and forth above the ring, not even engaging the long-haired youth!

“Miss! Why isn't he fighting!”

Far below, a female companion next to Leng Qiu asked.

Leng Qiu smiled blandly at his words and said!

“That kid is seeing the other's tactics, there's no need to fight!”

“There's no need to fight?”

The female companion sniffed in confusion.

“That long-haired youth has obviously taken something that can boost his strength, this kind of thing is not a secret method is extremely burdensome to the body, it won't last long at all, as long as it drags on that kid will win!”

Leng Qiu blandly said, while turning her head to look at the figure in black robes to one side.

She wasn't interested in Lin Ran, it was the black robed figure that really made her look like an enemy.

“Who the hell is this person, he can actually overpower me!”

Leng Qiu said to herself, the black robed man was no other than “1” who had squeezed her from first to second place.

.....

“Bastard is all you can do is hide? Soft-ass!”

Above the ring, the long-haired youth was extremely angry when he saw that Lin Ran would only dodge all the time.

For speed alone now he was no worse than Lin Ran, but his agility was lacking and you simply couldn't touch Lin Ran!

“What else? Why should I fight you?”

Lin Ran dodged his opponent's strike with a side-step, while laughing blandly.

“You! Piece of shit! You can't win unless you fight me!”

The long-haired youth said angrily.

Lin Ran smiled at his words, however.

“Is that so? It's been five minutes since you started your outburst, right, how much longer can your medicine last? If it were me, I would think about what happens when the medicine wears off, not whether you can beat me now!”

“What do you mean!”

The long-haired young man, Old Eight, frowned slightly as he listened, not understanding what Lin Ran was talking about!

“What do you mean? Just take a look at yourself and you'll see clearly! Taking something that forcibly boosts your strength and even going so far as to burn your own origin, you're really brave enough to go out of your way!”

“How much benefit did Mai Yang give you? Did you promise to help you with your retirement?”

Lin Ran asked with a smile as he looked at the long-haired youth.

“You!”

The long-haired youth, however, heard his heart tremble, although he wasn't very strong, but this burning of the origin he knew!

“What are you talking about, how can this be burning the origin for me!”

The long-haired youth retorted, he really did not believe that the medicine Mai Yang had given him would be burning the origin.

A cultivator's origin was like an oasis of life, who would be willing to burn their origin until it was a matter of life and death, once it was burned then their future cultivation path would basically be completely ruined!

"Believe it or not, that's your business!"

Lin Ran smiled lightly before saying.

"You're really heartbreakingly stupid, but this Mai Yang is indeed something else, he's so ruthless to his own men! Hey pity, one is ruthless enough and one is stupid enough, deserves it!"

Wonder Doctor Chapter 1835

"You ..... You bullshit!"

The long-haired youth sniffed and charged towards Lin Ran again with an arrow step, obviously unwilling to believe Lin Ran's words.

Lin Ran saw this and dodged it with a side step while saying.

"It's up to you whether you believe it or not, you still have three minutes!"

"You!"

The long-haired youth was instantly anxious at his words and was busy turning his head to look at Mai Yang on the stage!

"What are you doing, Old Eight!"

Seeing this, Gou Mou was busy chiding.

That Old Eight, however, had an anxious face and said.

"Brother Dog, is what he said true, the medicine Brother Mai gave me is burning the origin!"

"Bullshit! Don't you know what kind of person Brother Mai is, would he harm you?"

Gou Mou chided!

"I don't believe you, I want to hear it from Brother Mai!"

Lao Ba said as he looked to Mai Yang.

Mai Yang frowned slightly and after a moment said.

"That's right! What I gave you to eat is the stuff that burns the origin!"

"What!"

Hearing these words, Gou Molt's face at the side all changed, he didn't expect that what Lin Ran said was actually true!

"Brother Mai you!"

Gou Mou looked at Mai Yang with disbelief in his eyes.

However, Mai Yang smiled blandly and said.

“Old Eight! You should know your talent very well, you will definitely not achieve much in the future, as long as you kill him now! I can let you become the Iron Rider of our Mai family!”

“Isn’t a lifetime of glory and wealth more comfortable than going to cultivate all the way to live one day at a time?”

“Me!”

Old Eight froze at his words.

“Figure out how you’re going to do it! You still have two minutes, whether you want to betray Laozi or become my Mai family’s Iron Rider Guard, you think about it yourself!”

Mai Yang said indifferently, and whirled around without saying more!

Lin Ran couldn’t help but frown slightly at his words, although this Mai Yang was ruthless enough, his skill in playing tricks was really not weak at all.

In just a few words, he had convinced the somewhat shaken Old Eight again.

Mai Yang was right, there were so many practitioners in the Immortal World, but only a few of them could really make it to the end.

For Old Eight, it would be better to be an Iron Rider Guard in the Mai family than to fight for a path that was almost fruitless!

“You die first!”

Having understood this, Old Eight did not hesitate to lunge towards Lin Ran.

Lin Ran saw this and shook his head helplessly, followed by a dodge to directly dodge.

As the saying goes, it is hard to persuade a ghost who wants to die with good words, so he had said what he needed to say, so naturally he did not bother to speak.

And for the next two portions, it was completely Lin Ran teasing this Old Eight, Lin Ran didn’t even engage him, living to drag out the time of his medicine effect.

“Ai!”

Mai Yang on the stage sighed helplessly when he saw this result, having given Old Eight a pill but still not being able to get rid of that kid, this made him feel very stifled in his heart!

“Boss, we’ll find a way to deal with him when we get to the third level!”

Gou Mou said.

Mai Yang nodded at his words, but a trace of worry flashed in his eyes, his enemies were not only Lin Ran, but also that Fuyi Swordsman!

If the two of them joined forces at the third level, then the situation would be very bad for him!

“Bang!”

Mai Yang was thinking on his side, while at that moment there was a muffled sound above the ring, and the long-haired young man, Old Eight, who had lost the effects of his medicine, was instantly kicked out of the ring by Lin Ran.

“The match is over!”

Soon after, the voice of the old man came from the side, and as his voice fell, all five of Lin Ran’s group’s foot-duels came to a close.

“Boss! Bull!”

As soon as Lin Ran came down, Li Ba ran over with a smile and said.

“It’s alright!”

Lin Ran smiled and then asked.

“Who’s all down there for the battle?”

“It’s all there!”

Li Ba sniffed and pointed to the side, and Lin Ran saw that there were ten people standing to one side at the moment, and among those ten people were actually the two people ranked first and second on the Ascension Ranking, “1” and that Leng Qiu!

“They’re both going to fight, this is going to be interesting!”

Lin Ran said to himself, curious in his heart.

That Leng Qiu had charged straight to first place and had an extraordinary aura that made Lin Ran look up to him.

After all, there were still fifty people left at the end of the second level, but the top two were about to be decided at the third level, which meant that the final level would be even more fiercely contested!

But anyone who might become his opponent, Lin Ran would pay attention to!

As for the “1”, Lin Ran was purely curious about the identity of this person, who was also very strong, at least superficially stronger than Leng Qiu, but he had used his code name as his name!

Lin Ran didn’t know what his purpose was, but if it was simply that he didn’t want people to know his name while competing for a place, then so be it!

But if there was another purpose, then Lin Ran had to be careful.

As he thought, a new round of competition had already begun in the ring in front of him.

Both Leng Qiu and the mysterious man with the code name “1” had already faced their respective opponents.

Lin Ran found that the people he was following were quite lucky that they hadn’t run into each other.

Whether it was the Fuyi Swordsman, Leng Qiu or Mai Yang and “1”, none of them had run into each other.

It just depended on the strength of each of them as to who would make it to the next match!

“Bang Bang!”

Lin Ran was thinking in his mind when suddenly two muffled thuds came directly in front of him, followed by two figures flying backwards directly out of the ring and hitting the ground heavily!

Lin Ran looked around and realised that the two people who had fallen were the ones who had competed in the ring!

But how long had it been? It hadn’t even been half a minute since the match had started! Two people in the ring had ended their battles!

“Boss! These two people are both incredibly strong!”

Li Ba’s voice came from beside him, and Lin Ran nodded at his words and said.

“This Leng Qiu’s strength is really surprising, but that “1”’s strength is even more worrying!”

That’s right, it was these two people in the ring that ended the fight in just under a minute, they seemed to be in a deliberate and secret rivalry, both of them directly knocked their opponents out with a single move, ending the fight!

And judging from the sound of the two men falling to the ground and the condition of their injuries, that “1” seemed to be more aggressive and aggressive in his approach!

And that Leng Qiu’s attacks were of a very domineering kind, the two were taking a completely different route!

“What the hell are these two people!”

Lin Ran mulled this over in his mind, while eating when Leng Qiu and “1” had already gotten out of the ring separately.

Lin Ran saw that Leng Qiu was saying something to “1” next to him, and it seemed to be “I won’t let one person beat me twice!”

Seeing this slur, Lin Ran couldn’t help but think of the ranking on the previous Heavenly Ranking.

“Is this Leng Qiu still angry at being squeezed into second place?”

Lin Ran guessed, while looking at Leng Qiu’s gaze changed by a few points, if his guess was true, then this woman was too serious, even caring so much about the ranking!

As she was thinking, the “1” trend in the distance suddenly turned her head to look at Lin Ran.

Lin Ran felt a gaze coming and immediately looked over, instantly meeting the other party’s eyes hidden in black robes.

The other party's gaze was extremely cold, and for a moment it even felt familiar to Lin Ran, but he couldn't remember exactly where he had seen it before!

Wonder Doctor Chapter 1836

The black shadow man "1" met Lin Ran's gaze for a moment, then turned away without any reaction in the meantime, except for that look that really surprised Lin Ran.

"Where the hell have I seen that look before?"

Lin Ran said to himself, but he could not remember where he had seen it before!

The match in the ring continued, and Mai Yang's lapdog Gou Mou had successfully defeated his opponent!

Together with Mai Yang who also managed to advance later on, as well as the Fuyi Swordsman and so on, eventually when the second match was all over.

All the people Lin Ran was concerned about had successfully advanced to the third round, while on Mai Yang's side, apart from him and Gou Mou, there were two people who had made it to the third round!

At this point in the tournament, everyone was nervous because the last 50 people left were the ones who would eventually take part in the final battle!

As for who would take the only two spots, it would depend on who could show off their skills in this final round!

"Alright, let's move on to the third level!"

As the old man's voice rang out once more, all eyes were immediately refocused on the front of the Heavenly Ranking Stone!

Lin Ran saw that the old man was standing in front of the Heavenly Ranking Stone at this moment, but he was holding a scroll in his hand.

Although the scroll hadn't been opened yet, the aura emanating from it made him feel a burst of ancient vicissitudes, so it was obviously not a mundane object either!

"Go!"

The old man suddenly waved his palm, and in an instant the scroll in his hand was flung out directly towards the side, while the scroll quickly chopped open, and finally it was laid flat in front of the crowd.

The scroll was about ten metres long, and after it was unfolded, the contents of the scroll appeared in front of the crowd.

The scroll was engraved with a lot of pictures of landscapes, and it was clearly a scroll of landscapes.

"A landscape scroll! My goodness this is a landscape scroll!"

"Isn't it, I didn't expect that the Xue family would actually bring out all the landscape scrolls this time!"

"What an enviable sight!"

Upon seeing this scroll, a commotion immediately rang out around the area.

Lin Ran frowned slightly as he looked at it, this landscape scroll seemed to be an ancient object with a very ancient and vicissitudes aura!

And at this moment the reactions of the people around were telling of its extraordinary nature, except that he had never heard of this landscape scroll even after being in the Xue family for so long!

“Boss, I’ve previously heard Xue Dongyang talk about this Landscape Scroll, it’s a very important magic weapon of the Xue Family!”

Li Ba’s voice suddenly sounded out from the side.

“O?”

Lin Ran couldn’t help but take a few moments of interest at his words.

Seeing this, Li Baba was busy saying.

“It is said that within this landscape scroll is a small world of its own, once you are trapped within it, unless you are strong enough to directly break this landscape scroll, there is absolutely no way to get out!”

“I heard Xue Dongyang say that apart from his own strength, he has several important magic artifacts other than this landscape scroll!”

“And this landscape actually wouldn’t be taken out under normal circumstances!”

Speaking of this, Li Ba turned his head and looked around and said.

“This time, the Xue family brought out the landscape scroll, one of which is for qualification selection purposes, and this other fear is to deter certain people!”

Lin Ran nodded at his words.

It was true that Xue City was now in a state of darkness, on the surface there was the Mai family, a powerful enemy, and secretly there was the mysterious Master Fang who didn’t know what he was planning!

Compared to the prosperity of Dongqi City, Xue City is not much less complicated!

Because Xue Dongyang’s strength could not be compared to that of the East Flag King, the hidden agendas of some people within this Xue City would gradually be exposed.

“I just don’t know how this third level will actually go!”

Lin Ran said to himself in his heart, Xue Dongyang had revealed to him about the tournament before, but only the first two levels were mentioned, and nothing was said about the third level!

It wasn’t that Xue Dongyang was stingy, but a competition is a competition if he told Lin Ran everything, it wouldn’t be fair to the others!

“You all must know what this landscape scroll is, so I won’t say any more about it then, old man!”

The old man's voice rang out again, and immediately, he saw his palm pointing followed by the landscape paintings on the scroll only as if they were alive, and one by one, they actually stood up.

Then a three-dimensional shadow was formed in front of the landscape scroll.

"It's really a miraculous work of art!"

Seeing this scene, Lin Ran couldn't help but feel astonished in his heart, as this scene in front of him reminded him of his hometown.

Although his hometown and the Immortal World were two completely different ecosystems compared to each other.

However, there were many similarities between the two in certain directions, for example, the shadow of the landscape scroll in front of him, if it was placed on Earth it would be a high-tech drop shadow!

But in the Immortal World, it was the ghostly work of a cultivator.

As Lin Ran was thinking in his mind, the old man was already speaking again.

"The first fifty people will need to enter this scroll, one place each, and a certain number of jade talismans will be randomly placed in each area within the scroll!"

"And all you have to do is to get as many jade talismans as possible, and the top two people with the highest number of jade talismans will be the winners of this qualification selection!"

With a wave of the old man's palm, fifty red jade talismans appeared in front of him.

"If you feel that you have enough jade talismans or that your life is in danger, you can crush them and come out!"

"Otherwise, don't blame others for your life or death!"

Hearing the old man's words, the crowd couldn't help but look pale, there was no limit to life and death within the scroll!

Wouldn't that mean that once they entered the scroll, people with grudges would immediately face each other!

And most importantly, the number of jade talismans was random, which meant that some people would have fewer talismans where they were, while others would have more!

So the stronger ones would be the ones to grab the weaker ones!

With this kind of rule, it would undoubtedly speed up the scramble for the crowd and the race into the city a lot faster!

"This rule is really powerful, boss you have to be careful when you go in later!"

Li Ba warned from the side.

Lin Ran nodded at his words and then said.

“Don’t worry, each life and death within this scroll space will be in their own way, and I’m afraid that it will be quite intense, but likewise some of the weaker ones are afraid that they will also come out soon!”

Indeed, there is no shortage of weaker people among the top fifty, so those who will end up staying are feared to be well prepared for the snatch!

But in the end, it’s still a bit too early to say who will get the top two!

“Alright, everything that needs to be said has been said, let’s enter now!”

The old man swept his gaze over the crowd and said aloud.

And just as his words fell, a dozen figures instantly rushed towards him.

These people quickly arrived in front of him, waved their hands and took the red jade talisman, and immediately went straight for the landscape scroll!

Seeing this, Lin Ran also stopped delaying and got up and similarly rushed towards the old man.

In a flash, almost everyone went straight for the old man, and the red jade talismans in front of him were dwindling fast!

In just a few minutes’ time, all fifty red jade talismans had disappeared!

Wonder Doctor Chapter 1837

Fifty figures had rushed into the landscape scrolls one after another.

And the old man’s gaze fell back on the Heavenly Ascension List only!

“Yun Qi!”

The old man suddenly shouted.

Following this, the crowd around saw that black clouds had risen out of thin air in broad daylight, instantly enveloping the top of the Heavenly Ascension List.

Li Ba tried to look, but he found that the top of the Heavenly Ranking Stone had been shrouded.

Everyone could only see the list after the fiftieth place, while the top fifty were no longer visible at all!

“This is wonderful, the Heavenly Ranking Stone ranking can’t be seen, and neither can it be seen within the Landscape Scroll, so who exactly gets the spot will just all have to be able to wait for the results to come out!”

Li Ba said to himself.

At this moment, the other people around them were also worried.

After all, the last level was so opaque, it was possible that when it was finally over, there would be less than 50 people coming out!

Life and death would be determined by fate, and it was feared that many people would end up dying tragically in it!

At this moment, everyone around was waiting patiently, as the rules of this third level would soon be out, so no one was leaving!

At this time, on the first floor of a restaurant near the Heavenly Ranking Stone, Li Jiang and Grandmaster Fang were sitting at a tea table, drinking a cup of wine very comfortably!

“Master Fang, don’t we need to keep an eye on that kid? In case he gets away!”

Li Jiang suddenly asked, still a bit uneasy in his heart!

Master Fang smiled blandly at his words,? At the same time, he waved his hand and said.

“No need! Someone will naturally go and clean him up!”

“O? Have you already made the arrangements, Master?”

Li Jiang asked busily at his words.

“Mm!”

Grandmaster Fang nodded at his words, with a bland smile in his eyes, as if he was extremely confident in the people he had arranged!

“That’s good then!”

Li Jiang was busy nodding and said, the worry in his eyes was only slightly eased.

.....

But at this time, within the landscape scrolls, Lin Ran had just appeared and found himself actually standing in a valley.

The place where he was was flanked by hills, and he was right in the middle of two hills.

What made him speechless was that there was not even a single tree on these two hills, they were all weeds!

The terrain was so flat that there was no place to hide!

“The jade talisman will be spilled in one minute and the competition will begin! You only have one day, once the day is up the two of you with the most jade talismans will win!”

The old man’s voice suddenly rang out.

Lin Ran frowned slightly at his words, if this was the case he was afraid that someone would hide the jade talisman after getting it!

So to be on the safe side, I’m afraid that the competition will become even more intense!

As he was thinking, several streams of light suddenly appeared in the sky, and these streams of light came down from the sky towards the hill where Lin Ran was, not too fast!

Lin Ran saw this and didn't say anything, so he leapt into the air and grabbed these jade talismans!

Lin Ran took a glance at the valley he was in plus the two hills, and the number of jade talismans that had landed was only about a hundred and ten.

If the number of jade talismans landed randomly, the number of jade talismans in each person's place would probably fluctuate around that number!

That meant that for fifty people, all the jade talismans would add up to around five thousand!

While thinking in his mind, Lin Ran had already recovered a dozen jade talismans and put them into his arms.

Just as he was about to get the other jade talismans, he suddenly looked up and saw.

A huge curtain of light had appeared in the sky!

One after another, many names appeared on this curtain of light, including his own!

And after these names a series of numbers soon appeared, and after Lin Ran's name deceased, the number displayed was exactly thirteen!

"These are numbers we can see!"

Lin Ran's heart was shocked, and he instantly felt the jade talisman in his arms burn a little!

The numbers were displayed in real time, which meant that within this landscape scroll, they could all clearly see who actually had the most jade talismans in their hands!

Thinking about this, Lin Ran couldn't help but feel a lot of pressure! At that moment, without further ado, he quickly took all the jade talismans around him into his arms!

"One hundred and ten!"

After the last jade talisman was taken into his arms, Lin Ran saw that the number after his name deceased had become one hundred and one!

There wasn't much difference in strength between everyone who could enter this Landscape Scroll, so Lin Ran took a rough glance!

He found that the first place winner was Mai Yang and the second place winner was Gou Mou!

"These two guys are really lucky!"

Lin Ran said to himself, the numbers at this point were obviously randomly swiped, and the two of them, one a hundred and a half and one a hundred and three, had taken the top two spots!

"It's this Leng Qiu who's a bit unlucky!"

Lin Ran saw that it was that Leng Qiu who was in last place, with only sixty jade talismans!

After roughly glancing at these jade talismans, Lin Ran was then ready to leave the place, having gotten his own jade talisman, the next thing everyone had to do was to snatch up others'!

With this in mind, Lin Ran suddenly looked up and noticed that the numbers in front of everyone's names had all gone up one place.

Leng Qiu had even moved from 50th place to first place, and the number behind her name had changed to 180!

And the original fiftieth place had now turned grey, with the name of someone he didn't even know!

The number behind this person's name had cleared to zero, while his name had also turned grey!

"Tianshan has used the teleportation talisman and has been eliminated! There are currently forty-nine people left!"

Suddenly the old man's voice rang out throughout the space.

And that Heavenly Mountain was, in fact, the one who was ranked fiftieth and whose name had turned grey!

"It's really intense, this has only just begun and Leng Qiu has actually struck!"

Lin Ran thought in his mind, while already rushing up the hill.

But just as he was about to take a look at the situation ahead, suddenly a figure was appearing not far from him, staring right at him!

"The Fuyutsuki Swordsman?"

Seeing the person who appeared, Lin Ran couldn't help but frown slightly, the person who appeared in front of him was none other than the Fuji Swordsman!

"Older brother!"

When the Bu Er Swordsman saw Lin Ran, he actually opened his mouth and shouted instead of making a move!

"Something wrong?"

Lin Ran asked as he looked at the other party.

"How about cooperation?"

Bu Er Swordsman said directly.

"Cooperation?"

Lin Ran couldn't help but be stunned at his words, he had expected this guy to strike straight away, but he hadn't expected him to cooperate with himself!

"That's right! That's right! If we don't cooperate on this third level, none of us will be able to win!"

Buji Swordsman said.

"What do you mean?"

Lin Ran asked, frowning at his words.

What do you mean we can't even win without cooperation?

"You'll see for yourself!"

Without saying much, Bu Er Swordsman pointed directly at the information on the list above his head!

Lin Ran frowned slightly and turned his head to look, and with this look he couldn't help but be stunned!

Only to see that the list that had changed just a moment ago had actually changed again at this moment.

The first time, Tianshan's name had simply turned grey, meaning that he had already left the place!

But this time, the number of jade talismans behind the names of seven or eight people had turned to zero, but their names had not turned grey, so they had obviously not left the landscape scroll space!

The two people named "Xiao Wolf and Xiao Bei had already reached the top two, and the number of jade talismans behind their names had reached over 500!"

Wonder Doctor Chapter 1838

"What's going on here?"

Lin Ran asked as he looked towards the Bujinkan Swordsman.

The situation had changed so quickly, it had only been two minutes since he had entered the landscape space, but the situation had already changed so much that Lin Ran was a little puzzled.

"You don't know?"

The Buji Swordsman looked at Lin Ran with a slight frown.

"Know what?"

Lin Ran asked rhetorically.

Seeing that Lin Ran really didn't know, the Bhutan Swordsman immediately said.

"That was when they were outside, that Xiao Wolf and Xiao Bei made an alliance!"

"An alliance? What alliance?"

Lin Ran was stunned to hear this, he really didn't know when this Xiao Wolf and Xiao Bei had made an alliance out of it!

"It's normal for you not to know, because this alliance they only invited people outside of the top ten ranked in the Heavenly Rankings!"

Bu Er Swordsman said.

"I was ranked twelfth, so I also received an invitation!"

Said Bu Er Swordsman and told the story!

It turned out that Xiao Wolf and Xiao Bei were right after Bu Er Swordsman, and they used the crowd to send invitations to all of the top fifty winners excluding the top ten during the second level of the competition!

The approximate content was that everyone would form an alliance after entering the third level!

“According to what they meant, the top ten people on the Ascension Ranking are all very strong, so if they fight individually they will definitely not be able to win the final two spots!”

“So they formed an alliance, excluding that person who was eliminated by Leng Qiu, they still have a full thirty-nine people!”

“As long as they join forces, the final spots will inevitably be filtered out from these thirty-nine of them!”

Lin Ran smiled as he suddenly understood.

The number of jade talismans each person had obtained fluctuated around a hundred!

In other words, there were only five thousand jade talismans in the entire Shan Shui space, and they had hogged a full four thousand at once, so there was no way the remaining ten people would win anyway!

Even if there weren't 39 of them, there would still be a lot of them, so they could take at least one spot!

Or even two if they were lucky!

“Now you understand! If we don't cooperate, the final winner won't be us at all!”

The Buji Swordsman looked at Lin Ran and said.

Lin Ran, however, asked rhetorically with a slight frown.

“Why do you want me to cooperate? Shouldn't it be a better option for you to join them?”

“I don't care! And joining them doesn't necessarily mean that the final spot will be mine!”

The Bujinkan Swordsman said.

Lin Ran nodded at his words, such alliances were all temporary, meant only to digest the spots internally!

But in the end it was still an unknown who would have the quota!

“How is the cooperation going to work?”

Lin Ran asked after a moment's contemplation.

“It's simple, purge them and then each according to their abilities!”

Bu Er Jian Ke said.

Lin Ran smiled and thought about it then said.

“That's fine, but can you guarantee that Leng Qiu and the others won't make a move on us?”

There were ten people in the top ten, so who could guarantee that when they went to target that Xiao Wolf and Xiao Bei, the others wouldn't make a move against them?

"This you can rest assured, this matter cannot be concealed, with the change of information from above, they can all see the end of the problem, this Xiao Wolf and Xiao Bei are somewhat anxious, soon the top ten will form a counter attack, purge them out first!"

Lin Ran looked up at his words, and indeed he found that the list above had changed again at this time, and the number of people with Jade Talismans cleared had now reached a dozen.

The number of Jade Talismans possessed by Xiao Wolf and Xiao Bei had even reached a terrifyingly high number of close to a thousand!

While the number of others such as Leng Qiu was unchanged!

Seeing this, Lin Ran had understood the Bu Er Swordsman's meaning and nodded his head, saying.

"That's fine, but this Mountain and Water Space is so big, how are we going to get to them?"

This Shan Shui space Lin Ran didn't know much about, so even if he cooperated in trying to find that Xiao Bei and Xiao Wolf I'm afraid it wouldn't be an easy task!

Bu Er Swordsman smiled but frowned slightly as he looked at Lin Ran and said.

"Brother deceased, do you really not know or are you playing with me? The situation within this Mountain and Water Space can be understood immediately if one radiates their divine sense out! You're saying that to me?"

Lin Ran saw this and frowned as he busily emitted his divine sense out, following which he realised that the entire area within this Shan Shui space was actually not very large!

Furthermore, he clearly sensed the auras of many people, all scouting each other's locations!

In such a small space and with divine sense probing, there was no one who could hide his or her form at all!

Seeing this situation, Lin Ran instead thought of Xiao Bei and Xiao Wolf and laughed.

"If that's the case, then it's not too early for them to make their move! After all, if they drag it out, they'll be broken one by one, so it's better to join forces right from the start and still last longer!"

"Let's go!"

The Fuyi Swordsman did not answer Lin Ran's words and said indifferently, then turned around and led the way.

Seeing this, Lin Ran said no more, and immediately followed him!

The two kept a relatively safe distance from each other, after all, they hadn't made a vow with the Heavenly Dao Stone, so they had to be wary of putting up a pair!

And as the two hurried towards the front, the ranking information above their heads was changing rapidly!

Originally there were a dozen people who had cleared the jade talisman, but by now it had broken through twenty and was still increasing!

Lin Ran's divine sense probed out and clearly found that Leng Qiu and the others' divine sense was also moving rapidly, and in the same direction as they were!

Apparently these people had also discovered the problem and were all heading in the direction of Xiao Wolf and Xiao Bei.

"What will we say if we bump into Mai Yang later?"

Lin Ran suddenly asked.

Bu Er Swordsman smiled and looked at Lin Ran with a slight frown.

"I don't think you and he are in the same gang!"

Lin Ran shook his head, he knew clearly in his heart that the reason why this Bu Er Swordsman had approached him was on the one hand because the two of them were in close proximity!

And on the other hand, I'm afraid that it was because when Mai Yang had arranged for Old Eight to deal with himself earlier, he had seen this scene too!

So in accordance with the principle that an enemy's enemy is a friend, that's why he had approached himself!

"That's fine! Although Mai Yang is domineering but he's not stupid, he can distinguish between priorities!"

Bu Er Swordsman said.

Lin Ran smiled and nodded not to say more.

The fact that the crowd was all moving in the direction of Xiao Bei Xiao Wolf at this moment already said a lot.

If Mai Yang struck out at them at this time regardless of the severity, he would definitely be attacked by the crowd!

The two were already quite close to the direction of Xiao Bei and Xiao Wolf as they spoke!

At the same time, Lin Ran also noticed that the speed at which the ranking information changed above his head had gradually stopped.

And the number of people cleared by the jade talisman finally stopped at thirty-five! In other words, there were at least four people who had not joined Xiao Bei and Xiao Wolf's alliance!

Even if the 35 people were divided into two, two of them would still have nearly 2,000 jade talismans to themselves!

Such a large number of jade talismans were already destined to be firmly in their hands!

"Here we are!"

Half an hour after the two of them had rushed on, the Buji Swordsman ahead of them finally stopped while his voice came back.

Wonder Doctor Chapter 1839

Lin Ran quickly stepped forward and found that a hill had appeared in front of the two of them, and a large number of people were gathering on the hill!

There must have been at least 30 to 40 of them!

At the same time, Lin Ran also noticed a few figures at the foot of the hill on the other side of the hill, and they were the rest of the top ten!

Lin Ran had carefully counted that the top ten people from the first competition had been assigned to the fourth and fifth people, and the seventh and eighth people respectively, in the second competition!

So among the people who entered the third level, there were actually only eight people in the top ten!

Minus himself, Leng Qiu and the number one codename "1", there were about five people left!

Lin Ran found that there were four people next to him, which meant that there was another person in the top ten who had gone somewhere!

"Up there!"

Lin Ran followed his gaze and found that the remaining person in the top ten was actually on the hill!

"It looks like one of them has already been convinced!"

Lin Ran said indifferently.

They all knew very well in their hearts that this Xiao Bei and Xiao Wolf were able to form such a large alliance, and they were afraid that their means were not limited to this!

That person who was ranked in the top ten standing with them was afraid that he had already become one of them!

But what surprised Lin Ran was that the top ten ranked person's jade talisman had not been handed in! I wonder why that was!

While we were talking, three more figures arrived, and it was Leng Qiu, who had come alone, as well as Mai Yang and Gou Mou!

At this point, the only person who hadn't come was the one with the code name "1"!

"Yoo-hoo, it's really lively! What's up? Are you going to play by yourself without us?"

Mai Yang just glanced at Lin Ran and Bu Er Swordsman indifferently, and then looked up at the crowd on the hill and sneered.

Lin Ran secretly nodded his head when he saw this, "Sure enough, the Two Swordsmen were right, this boy Mai Yang knew the big picture!"

And just as his words fell, a chiding voice rang out from the top of the hill!

“Raise the formation!”

“Rumble!”

As his words fell, an aura surged above the hill, and instantly everyone saw a brass-coloured golden bell appear above the hill.

The golden bell was so large that it directly enveloped half of the entire hill.

And almost all the people on top of the hill were also enveloped in it, except for two or three people who were left outside!

“What I said before still stands, you can think about it yourselves!”

Another voice rang out from above the hill, obviously speaking to the two or three people outside the great formation who were listening!

Lin Ran and Bu Er Swordsman just looked at the situation in front of them indifferently, neither of them having any intention of making a move, while Leng Qiu at the side was already a little impatient.

This ninny was arrogant and oozed an air of nobility, and seemed to want to prove herself in this selection as soon as possible, so she didn't want to drag it out!

She turned to look at Lin Ran and saw that they had no intention of making a move, so she simply snorted coldly and then rushed towards the hill above her with an arrow step.

Lin Ran couldn't help but frown at this, indeed this girl's character was just as he had guessed!

But this person's strength is very strong, so he has the capital to be so impatient!

The two swordsmen, Lin Ran and Mai Yang, did not move. The first thing you need to do is to look at Leng Qiu, who is alone, and rush up the Shang Qiu.

The three people beyond the golden bell halfway up the hill could not help but frown at the situation, and then they actually rushed towards Leng Qiu at the same time.

When Lin Ran saw this, he immediately guessed that these three people were afraid that they had not joined Xiao Bei and Xiao Wolf's camp, and that the three had formed an alliance against Leng Qiu at this moment!

However, to no one's surprise, Leng Qiu was exceptionally confident and actually charged towards these three people at the same time all by himself.

“Bang!”

An explosive sound rang out instantly, followed by the crowd seeing a thunderbolt in Leng Qiu's hand, the thunderbolt was as thick as a thunder sword and blasted directly towards the three people in front of him.

The three were startled and tried to dodge but it was too late. The speed of the thunder was so fast that the three were sent flying backwards almost instantly.

“I admit defeat!”

One of them, seemingly seriously injured, shouted, crushing his red jade talisman at the same time!

An instant red light enveloped him and directly transported him out, followed by dozens of jade talismans surfacing!

“Want to die?”

The other two people still wanted to grab these jade talismans, however they were directly repulsed by a cold cry from Leng Qiu!

The two of them looked at each other and turned around and ran in the direction of the golden bell.

At the same time, they ran and shouted at the same time!

“We’re in! We are willing to take out the jade talisman!”

“Yes!”

A voice rang out from within the golden bell, followed by a vortex appearing above it, and the two ran in instantly!

“Humph! A bunch of rabble!”

Leng Qiu saw this and coldly snorted, immediately the thunder in his hand struck directly towards the golden bell in front of him!

“Rumble!”

Almost as soon as Leng Qiu’s thunder struck, a layer of light emerged from the golden bell in front of him!

The light instantly collided with the thunder and became shaky, but in the end, it still resisted.

Seeing this, Leng Qiu could not help but frown, followed by several more thunderbolts, but she was unable to break the layer of light, apparently she herself wanted to break the golden bell formation of Xiao Bei and Xiao Wolf, but she had more than enough strength!

“You guys still don’t make a move?”

Leng Qiu turned her head and looked coldly at Lin Ran and the others and scolded!

“Where can that be! I’m just letting Leng Beauty test the waters first!”

Mai Yang was the first to speak, and as he did so, he gave a wink to Gou Mou, who was next to him, and the two of them immediately rushed up the hill, one after the other!

“We’ll go too!”

Followed by the other four next to him, they also rushed up!

Lin Ran and Bu Er Swordsman looked at each other and immediately nodded their heads and followed suit!

Now that things had come to a head, everyone could only unite to break this Golden Bell Formation first.

The only thing that puzzled Lin Ran was that the number one ranked codename "1" had never appeared, and he only had a hundred or so jade talismans, so he didn't know what he was doing at the moment!

The crowd arrived at the halfway point of the hill, and by now, apart from the code name "1", all the others had gathered here!

"Let's go!"

Leng Qiu was too lazy to talk, and shouted as soon as she saw the crowd arrive.

Lin Ran smiled and gave her one more look, the kind of thunder this ninja had used earlier had surprised him, that kind of thunder he couldn't tell any grade at all!

"How about being able to tell?"

Lin Ran asked busily in his mind, he had just taken the opportunity to send a message to Lei while he was on the hill.

Ever since Lin Ran had inherited the Thunder Dao Pearl, Lei could communicate with him directly.

Moreover, he could mobilise a portion of the space within the Thunder Dao Pearl, he just wasn't strong enough, and when he was stronger in the future he would be able to use all of the space within the Thunder Dao Pearl!

"What's so difficult about it, that thunder is a heavenly thunder! It's not very powerful, it's the weakest type of heavenly thunder!"

Lei said indifferently.

Lin Ran smiled but his heart was shocked and he asked.

"Didn't you say that it was impossible for the strength of the Heavenly Mansion realm to devour Heavenly Thunder?"

Wonder Doctor Chapter 1840

"Yeah! I told you!"

Ray sniffed blandly.

"Then she!"

Lin Ran was speechless when he saw how blandly this guy actually replied.

It was clear that the Heavenly Mansion realm couldn't devour Heavenly Lightning, but how did that Leng Qiu manage to do that!

At the same time as his heart was puzzled, at this time Leng Qiu had already struck, Lin Ran saw this and also had to follow and slash out a sword, while asking Lei!

The thunder is a bland smile,? said.

“What’s so strange about that! This Heavenly Thunder of hers is even weaker than the Heavenly Thunder itself, so it’s obvious that someone helped her settle it inside her body!”

“Settled in her body!”

Lin Ran was puzzled at his words.

Lei, however, said disdainfully.

“Alright would I lie to you? This tactic won’t do you any good! It’s just being able to use the heavenly thunder in advance, if you look at the entire cultivation path, no one who truly knows how to cultivate would play like this!”

“Why?”

Lin Ran smiled and wondered.

Lei, however, said with a snort.

“It’s simple, this kind of lightning that is forcibly stuffed in is no match for one like you that devours it on its own!”

“If you don’t believe me later, find a chance to use the Lightning Subjugation Technique, and I guarantee that you’ll be able to yank all the divine lightning out of her body!”

“Huh?”

Lin Ran was shocked at his words, but his heart was a little more balanced!

If that was the case then he could still accept it, otherwise if people were able to devour Heavenly Lightning at the Heavenly Mansion Realm while he could only devour Beast Lightning, that would be too much of a blow to him!

While communicating with Lei, at this time, Lin Ran Leng Qiu and the others’ attacks had all landed on the golden bell.

However, the golden bell was exceptionally strong, and even after all of Lin Ran and the others’ attacks fell on it, only a layer of light outside the golden bell was shaken away.

However, the golden bell itself was still very strong!

“Haha! You want to fight against so many of us with these tactics? Don’t dream in vain!”

An arrogant voice came from within the golden bell, and without having to distinguish Lin Ran knew that it must be one of Xiao Wolf and Xiao Bei!

“Humph! A bunch of rabble-rousers, do you really think you’re invincible?”

Leng Qiu said in a cold voice, and then the thunder in his hand instantly struck down again, only this time the thunder was clearly more violent!

When Lin Ran and the others saw this, they all stopped hiding their clumsiness and used their strongest strikes.

If they couldn't break the golden bell, after a day, they would have nothing to do with the selection process!

As the saying goes, if they can't break the golden bell at the beginning, they won't be able to do so again. If they can't break the golden bell at the beginning, then it will be even harder to break it later on!

"I advise you to give up, there are only fifty of you here, now there are only forty-eight left, I have more than thirty of you here, how can you play with us!"

Another voice came from within the golden bell.

Leng Qiu heard it but his face was cold and cold as he said!

"Humph! A bunch of shrunken heads, even if you get the quota, so what, you'll still be a bunch of trash in the future!"

"That's none of your business! It's just that the quota is ours anyway!"

The man within the golden bell said with disdain, not at all angered by Leng Qiu's words!

"You!"

Leng Qiu was so angry that his face turned blue, but at this moment, it was also true that they couldn't break through the golden bell at all!

"I say! Don't you really think that everyone else is stupid?"

Suddenly Mai Yang, who was standing at the side, but opened his mouth and laughed.

"Listen carefully to the people inside the Golden Bell, use your own brains, what benefits can you get from helping these two brothers so much?"

"The qualifications obviously won't be able to give you guys, they are two brothers, do you still think they will give you guys the quota?"

Hearing Mai Yang's words, Leng Qiu and the others couldn't help but be stunned, this was a reasonable statement.

Lin Ran couldn't help but be impressed with this guy, he was really an arrogant and domineering master, he was really much more skilled than others in this game of sowing dissension!

Mai Yang was full of smugness and continued with a smile.

"If you are thinking of the benefits Xiao Bei and his two brothers have promised you, I, Mai Yang, can give you double!"

"But if it's for those two places, you people won't think twice about it, and the smart ones won't stand with him!"

"Or you'll be cannon fodder for their two brothers!"

"Do you think you can provoke ours by saying that?"

As soon as Mai Yang's words fell, Xiao Wolf's voice rang out within the golden bell.

After these few words Lin Ran could already tell that the one with a hoarse voice was Xiao Wolf, while the one with a sharp voice was Xiao Bei!

“To tell you the truth, even for this alliance of ours, who the final spot is given to, that’s all based on merit!”

“And for those who can come here, everyone isn’t stupid! We unite to have a chance!”

“If we don’t unite then there’s no chance at all, so your sowing discord is useless to us at all!”

“You!”

Mai Yang was infuriated by what he heard.

Indeed, these few words from Xiao Wolf were also very pertinent, they knew that their strength was not a match for these people from Leng Qiu.

If they didn’t cooperate, they would inevitably be attacked from all sides when the time came, so even though they wouldn’t necessarily get two qualifications after cooperating!

But if they didn’t fit in, then they would really get nothing!

“Cut the crap! Since it doesn’t make sense then let’s just do it!”

Leng Qiu said angrily, she was really angry, she had already delayed for almost two hours since she entered this landscape scroll!

If they delayed any longer, their chances would only get smaller and smaller!

As soon as the words left her mouth, Leng Qiu stopped talking and took out a fiery red sword with a flip of her palm!

The longsword emitted a cold aura throughout its body, and just holding it out gave a great oppression to the people around.

Even Lin Ran’s brow furrowed slightly when he looked at it!

He hadn’t felt very oppressed by the magic weapon before, but after Leng Qiu took out the fiery red longsword this time, he felt what it meant to be oppressed!

The oppression was like a strength oppression, once the other party’s red longsword came out, Lin Ran could clearly feel that the Frost Condensation Sword in his hand was not at all at his level!

“I didn’t think there was a difference between an immortal weapon and a divine weapon before, it seems that I was still too short-sighted!”

Lin Ran said to himself.

The Pillow Book was an immortal weapon, while Qing Zi was a divine weapon, and in the past, this side of the book always said that Qing Zi was of a higher origin than himself!

At that time, Lin Ran hadn't felt anything, but now he finally understood that not only was there strength, but there was actually a distinction between strength and weakness when it came to magic weapons as well!

"Open up for me!"

Lin Ran was thinking in his mind, while Leng Qiu in front of him had already slashed out with his sword.

As the red longsword struck out, there was even a wisp of lightning faintly on its sword aura, which looked extraordinary!

"Let's strike together!"

I don't know who shouted next to me, but Lin Ran and the others followed suit.

In an instant, several attacks of varying colours all smashed towards the golden bell.

"Bang!"

A loud sound instantly rang out, and everyone was shocked to see that the golden bell had actually been smashed and cracked open.

However, the mouth quickly closed up again.

But with this blow the crowd had already seen hope, and immediately one's fighting spirit was rekindled.
