

Wonder Doctor Chapter 1841

“Hmph! What bullshit defense is nothing more than that!”

Leng Qiu at this moment is even more fighting spirit, raised his hand followed by another sword directly towards the golden bell!

At this moment, inside the golden bell, two young men were standing side by side, one of them was carrying a long sword, the other was holding a disc, and it was none other than Xiao Wolf and Xiao Bei!

“Second brother! What now?”

Xiao Wolf turned his head love to Xiao Bei and asked!

“Three thousand, you go!”

Xiao Bei didn't talk nonsense and turned his head to look at a youth on one side.

This youth named Three Thousand was no other than the one who was ranked in the top ten of the Ascension Ranking, and he was also the one who was convinced by Xiao Bei to join their alliance!

“I'll go?”

Three Thousand sniffed and turned his head to look at the two of them with a slight frown at Xiao Bei and said.

“The controller of this formation is you, Xiao Bei, you're asking me to go? I can have and use!”

Just kidding, at this moment, their Golden Bell Formation was obviously somewhat unable to resist that Leng Qiu, if he went himself in case the formation was broken, then the other party would be the first to clean him up!

He wasn't stupid! He hadn't even gotten the jade talisman yet, and he was being used as a gun which made him a bit reluctant!

“You're the only one here who can stop her!”

Xiao Bei said, while taking out a red talisman and saying.

“I can give you my own teleportation token, I can't get out without it, so you can rest assured now!”

Xiao Bei said!

Xiao Wolf at the side saw this and said with a slight frown.

“Three thousand brother, the situation at the moment you are ruthlessly clear, if our Golden Bell Grand Formation is broken, when the time comes because you joined, they will not let you go!”

“So how big a spot do you want? You'll just have to contribute!”

San Qian didn't say anything, just glanced at the two suspiciously, and after a moment finally nodded!

He took Xiao Bei's teleportation talisman himself, then there was absolutely no place for him to run, as long as he was careful, he thought it shouldn't be a big problem!

Three Thousand turned around and rushed towards the inner part of the Golden Bell Formation.

Sure enough, as Three Thousand joined the formation, Xiao Bei directly arranged for him to be at the front of the line.

It had to be said that the strength of those who could enter the top ten in the ranking was really something, after three thousand joined the formation.

The golden bell really stabilised once again.

Lin Ran, Leng Qiu and the others outside could not break the formation, despite their fierce bombardment!

Gradually, Leng Qiu also stopped her hand, and Lin Ran and the others also stopped their hands when they saw this.

She was the strongest here, so if she couldn't break the formation, the others wouldn't stand a chance!

"This is going to be difficult!"

Lin Ran was calculating in his mind, he knew very well that if he used his full strength, together with Leng Qiu, he would definitely be able to break through the formation!

However, the character he had developed since childhood made Lin Ran not want to reveal his full strength easily.

He knew very well that once his full strength was exposed, it would be very difficult to grab the spot!

Moreover, he didn't even know if Leng Qiu had exercised his full strength or not by now!

Not to mention the fact that there was still a "1" who hadn't made a single move or even shown his face!

The crowd's thoughts were similar to Lin Ran's, especially Leng Qiu's. Lin Ran knew very well.

This woman seemed to have a very aggressive personality, but to have this kind of strength, she was not a person without a brain!

This person's hidden tactics were not less than her own, I'm afraid.

As the crowd was thinking in their minds, suddenly Leng Qiu in front of them was suddenly turning around and shouting down the hill!

"You're still not making a move?"

Lin Ran was stunned at his words and looked over as well, and was suddenly stunned to see a figure standing there underneath the hill.

He was covered in black robes, who else could it be if not "1"!

"You are useless!"

"1" swept his cold gaze across the crowd, and then with an arrow step, he rushed straight over.

He was extremely fast, and almost in the blink of an eye, he had already rushed past Lin Ran and the others, and was heading straight for the golden bell.

Lin Ran's brow furrowed slightly as he watched, and he turned his head to look.

Only to see that the next moment the man's arm beneath his sleeve robe instantly poked out and with a terrifying black aura instantly slapped on the golden bell only!

"Weng!"

As if it had suffered a heavy blow, the golden bell instantly erupted with a buzzing sound!

A crack instantly spread out from his palm like a spider's web.

The speed of the spread was so fast that in the blink of an eye, the entire golden bell was already filled with cracks!

At this moment, within the golden bell, Qian Qian's eyes were bloodshot as he looked at his arm, one of his arms had become completely dried up, as if someone had sucked all the blood out of it!

His other hand trembled as he tried to take out the jade amulet in his arms and leave!

But before his palm touched his chest, he heard an instant "bang!" His whole body exploded instantly!

Not even a single bit of flesh or blood was left behind, and he was instantly turned into a bloody mist!

"Three thousand dead! Three Thousand is dead!"

The surrounding people were completely dumbfounded at the sight of this scene, and they all ran for their lives towards the place where Xiao Bei and the two of them were!

Outside, the golden bell was crumbling fast, the golden bell formation had been shattered by the number one ranked "1" in one blow!

"This guy's strength is too strong!"

Lin Ran exclaimed in his heart, even Leng Qiu's strength was so strong that he had only broken a hole in the Golden Bell!

But this mysterious "1" had directly destroyed the golden bell with a slap.

"This person's strength is really powerful, this is a real expert, no wonder he was ranked first!"

Lin Ran thought to himself.

Meanwhile within the Golden Bell Formation that was about to collapse, Xiao Bei's face was grim and he was busy shouting!

"Everyone return to their positions, I can still gather this formation together!"

At this moment, the hearts of the people were in turmoil, hearing his words were undoubtedly a bit hesitant, obviously not quite convinced!

Xiao Bei saw the situation and did not bother to say more, a flip of the palm of his hand instantly disc across the wrist an essence of blood spilled out, directly into the front of this Fan inside!

“Weng!”

The next moment, a golden bell formation really appeared in front of everyone’s eyes!

When they saw the formation, those who were in a panic breathed a sigh of relief.

And then one by one, they went towards their positions again!

Even Xiao Wolf couldn’t help but give a thumbs up to Xiao Bei!

Xiao Bei, however, lowered his voice and said busily!

“Hurry up and go! This big formation can’t stop that guy at all, if we don’t leave we’ll be finished!”

“Huh?”

Xiao Wolf could not help but be stunned at his words, seeing that his brother was not joking, he immediately gritted his teeth and retreated into the darkness towards the back!

Xiao Bei didn’t turn around until his brother had gone into the darkness, then he also rushed into the darkness behind him with a violent turn!

At the same time, he slashed his palm on the disc in his arms, and immediately the disc lit up with a light!

These lights quickly rose up from the disc and rushed towards the golden bell above.

When Xiao Bei saw this golden light, he couldn’t help but speed up his feet a few notches and caught up with Xiao Wolf ahead of him, and busily shouted!

“Big brother, run, this Golden Bell Formation is about to explode!”

Wonder Doctor Chapter 1842

“This guy is too strong too!”

“Who says it’s not!”

“I’m afraid this strength could sweep all of us away!”

Halfway up the hill, the crowd looked at the “1” in front of them and couldn’t help but suck in a cold breath.

Even Leng Qiu couldn’t help but frown at the other party.

Although she had broken through the Golden Bell Formation before, she was definitely not as dashing as this person.

And most importantly, when she had done so, Lin Ran and the others had also done so together with her, but this time the other party had done so alone.

So in comparison the height could be immediately discerned!

“Hey hey! Look guys, Golden Bell has appeared again!”

Just as the crowd was thinking in their minds, a shout of alarm suddenly came from ahead.

The crowd was busy looking at it, and they found that the golden bell that had originally disappeared had actually reappeared!

“Humph!”

“1” saw this and coldly snorted, and immediately raised his hand and slashed straight up again!

Seeing this, Leng Qiu immediately shouted.

“Everyone strike together!”

The crowd was stunned at the words, but then they understood, this mysterious number one ranked existence, they were fully capable of breaking the other party’s golden bell open!

But if they didn’t do it, if they were to participate in the robbery after the Golden Bell Formation was broken, it would be somewhat unjustified!

If we all do it together, it can be seen as a joint effort, and when we talk about the distribution of the jade talisman, it will be easier to talk about it!

For cultivators, there are times when they don’t need a strong reason, just a small excuse to get involved!

If they don’t do it, then they will really be a master of nothing!

All of them took action, and all kinds of colourful attacks were smashed directly towards the Golden Bell Formation in front of them!

Within the Golden Bell Formation, the faces of all of them were cold, obviously prepared!

But their hearts were also in a state of shock, after 3,000 people were killed by the other side’s slap, the core of their formation was actually missing a person!

No one dared to stand at the core for fear of being slapped to death by the other side!

When they saw that the other side had all attacked, the crowd was very unsure of themselves.

Some of them couldn’t help but look at Xiao Bei and Xiao Wolf at the back, wanting to see if they had the strength to resist this blow!

However, when they turned their heads, they were all confused, there was no sign of Xiao Bei and Xiao Wolf behind them!

“Where are Xiao Bei and Xiao Wolf?”

“Yes! Where are they?”

Finally, someone started to get suspicious.

The crowd turned their heads to look, and instantly everyone was confused.

After a moment of calm, they all came to their senses, and someone shouted, “Those two bastards must have run away!”

“Bastards!”

“Sons of bitches!”

At that moment, they didn’t have the heart to stay here, without Xiao Bei to control the Golden Bell Formation, it had no defence capability at all!

And the most important thing was that these two people had all their jade talismans!

“These two bastards!”

“Find them quickly!”

The crowd shouted.

However, while the inside of the formation was in chaos, the attack from outside the formation did not pause in the slightest, and in an instant it landed directly on the Golden Bell Grand Formation only!

“Bang!”

With a loud bang, the Golden Bell Formation was blown to pieces!

But the moment the Golden Bell Formation broke down, there was no surprise on anyone’s face, instead there was all shock.

“Holy shit! Quickly hide!”

“Get down!”

I don’t know who shouted out in the chaos, but all of them fell to the ground at once!

Even Lin Ran was no exception as he followed suit and fell to the ground.

There were already fewer of them outside, and everyone was fast enough that almost all of them were already on the ground in the blink of an eye.

But inside the formation, there were more than thirty people, and it had already become a mess.

At this moment, some people had already gotten down, but some were still looking for Xiao Bei and Xiao Wolf, so the scene couldn’t be more chaotic!

“Weng!”

Suddenly, everyone felt a buzzing sound in their ears, and the next moment there was extreme silence in their ears!

But everyone knew that this silence was only temporary, the silence before the storm.

Sure enough, the silence didn’t last for two seconds before a “bang” sounded in the sky, and a golden light instantly swept over in all directions with the Golden Bell Formation at its centre.

Lin Ran hurriedly mobilised his entire body's true qi to block his back, allowing the golden light to sweep past, not daring to make the slightest move!

By now he had understood it all.

The so-called Golden Bell Formation's defence was only one aspect, but the most terrifying thing about it was not the defence, but the self-destruction of the formation after it was activated!

At that moment after their attack had broken open the Golden Bell Formation, everyone had felt a palpating aura, which had led to the subsequent action of everyone choosing to lie on the ground.

The moment that Golden Bell Grand Formation was broken through the defences, it had actually activated the self-destruction of the Grand Formation, an outcome that no one had expected!

"Rumble!"

The explosions around him continued, and Lin Ran could still hear some miserable screams from time to time as he lay on the ground, which made him sigh helplessly in his heart!

"This Xiao Bei Xiao Wolf is really ruthless, I'm afraid that there won't be less people being victimised by them this time!"

After all, Lin Ran came from a doctor's background, and believed in always being kind to people in the world of medicine, before human lives everything else was negotiable!

In the immortal world, human life was as cheap as grass, and no one would sympathise with you if you were not strong! No one would even look at you!

So the helplessness in Lin Ran's heart was short-lived, and he was gradually changing in the immortal world. He had no chance of saving these people, so he simply learned to let them go.

When Lin Ran got up from the ground again, the whole hill had become a mess!

The top of the hill had been directly shifted to flatten out, many people fell to the ground wailing, and some even more had simply died out!

Lin Ran was busy looking up, and with this glance he couldn't help but feel his heart had already cooled halfway down.

The ranking information in the sky had gone completely haywire!

At first, there was only one grey name, and that was the person Leng Qiu had eliminated!

But now there was a large grey area on top, and a large black area at the same time!

The grey ones were naturally the ones who had left, but the black ones represented something that Lin Ran didn't have to think about, they represented death!

After a general glance, Lin Ran found that the number of deaths caused by the explosion of the Golden Bell Formation was eleven!

Together with the 3,000 people who had been killed by the mysterious "1", there had already been 12 deaths in this scramble for qualifications!

Seeing this scene before him, Lin Ran couldn't help but clench his fists, he had already forced himself to look down on the fact that human lives in the Immortal World were as cheap as grass, but when this scene actually appeared before his eyes, the anger in his heart still couldn't be suppressed!

Ruthless!

He really could not think of any words to describe Xiao Bei and Xiao Wolf, but only this ruthlessness could express his anger!

Wonder Doctor Chapter 1843

The whole hill fell into silence, with only those who were injured constantly moaning in pain!

And by this point Leng Qiu and the others had all seen that Xiao Bei and Xiao Wolf were not here at all, and had obviously run away ahead of time!

"Boss! What now?"

On the side, Gou Mou was busy asking Mai Yang.

Mai Yang sniffed and pondered for a moment, saying.

"Don't rush yet, that Leng Qiu will definitely look for those two, we'll just follow later!"

Gou Mou nodded at his words.

Sure enough, Leng Qiu had no sympathy for these injured people, she seemed to be used to it long ago!

She came to the group of injured people and asked in a cold voice.

"Where are Xiao Bei and Xiao Wolf?"

"Ran Ran away!"

"Those two bastards ran away!"

Two of them spoke up, their eyes filled with anger!

"Go and kill them! Kill them! We don't want the jade talisman!"

Another extremely angry man next to him shouted.

As soon as he opened his mouth, some people all shouted.

"Right! We don't want the jade talisman, go and kill them both!"

"Kill them!"

Seeing this, Leng Qiu frowned slightly, and immediately did not bother with these people, his divine sense radiated out and soon seemed to lock on to the location of the two men, turning around and rushing towards the side.

"Go!"

Seeing this, Mai Yang immediately greeted and rushed over.

But then he seemed to think of something and turned his head and whispered a few words to Gou Mou, who actually did not follow him!

When Lin Ran saw this, he also spread his divine sense and found that Xiao Bei and Xiao Wolf were fleeing in a direction far away from the group.

Just as he was about to follow them, he suddenly felt someone staring at him, and he turned his head to see that it was the mysterious “1” who was staring at him.

“What’s he looking at me for?”

Lin Ran couldn’t help but feel a sudden jolt in his heart, but then the mysterious “1” turned around and chased after him in the opposite direction of Leng Qiu!

But the glance he gave himself before he left left Lin Ran’s heart a little puzzled, wondering what this guy’s intentions were!

This guy had stared at himself outside before, and that look made Lin Ran feel very familiar, and now he looked at himself again, wondering what the deeper meaning was!

He didn’t have time to think about where he had seen him before, but the situation was complicated.

The mysterious “1” soon disappeared over the hill, Lin Ran was in no hurry, he looked at the other four people on the side.

These four men were all in the top ten, but it seemed that one of them had been injured in the chaos just now.

Lin Ran saw that the injured one seemed to be quite badly injured and quickly took out a red jade talisman and left, while also giving his own to the other three!

After these three sent their companions away, they didn’t stop to chase after them together in the direction of Leng Qiu!

On the hill, those who were injured were also gradually leaving, they were not lightly injured and there was no point in staying here at this point!

As for those who had already died, Lin Ran also found that their bodies would soon leave the area, I think it was arranged by the Xue family, although people were dead but if there were friends and relatives outside, they could still collect a corpse!

As the crowd left, the originally lively hill gradually began to become quiet.

Lin Ran looked up and found that there were only thirteen or fourteen people left on the ranking information list above him!

The other people’s names had either turned grey or black by now, all of them clearly having no chance of continuing to snatch qualifications!

“Ai!”

Lin Ran sighed and stopped thinking about it, feeling that it was almost time to go after Leng Qiu and the others!

However, just as he was about to move, suddenly a figure was directly in front of him!

Lin Ran couldn't help but frown at this, the person in front of him was none other than Mai Yang's henchman, Gou Mao!

"Something wrong?"

Lin Ran looked at Gou Mou and asked with a frown.

Gou Mou had a cold smile on his face as he smashed a white stick in his hand and laughed!

"It's up to you to say something is wrong, and it's up to you to say nothing is wrong!"

With a bang, Gou Mou smashed the white stick in his hand onto the ground and looked at Lin Ran as he said indifferently.

"I'm too lazy to talk nonsense to you, to tell you the truth! Our boss has said that you! can't go over and snatch the jade talisman!"

"So, I'll give you two ways, firstly either hand over the jade talisman and go out obediently, and you'll be fine!"

"Secondly, I'll beat you so much that you'll hand over the Jade Talisman and then I'll blow you out! But as for what kind of beating, that I can't guarantee!"

"I'll give you a minute to think before you answer me!"

Gou Mou had a disdainful look on his face, clearly not putting Lin Ran in his eyes.

Lin Ran couldn't help but feel amused at this and said!

"You're very confident!"

"Nonsense! You think I'm a wimp like Old Eight!"

Gou Mou said disdainfully.

"In that case, then you'd better do it, I don't want to waste time with you either!"

Lin Ran said indifferently.

"Yoo-hoo! You're still quite wild, do you really think you're invincible just because you've won against Old Eight? To tell you the truth, Old Eight is just like an ant in my eyes!"

Gou Mou said disdainfully.

"If you keep talking nonsense, then I'll leave!"

Lin Ran said impatiently.

Gou Molt could not help but sink his face at his words and said in a cold voice.

“Don’t eat your wine! Since that’s the case then I won’t be polite!”

As the words fell, Gou Mou instantly launched his entire body straight at Lin Yet!

The white rod in his hand instantly cut through a strong wind and came straight at Lin Ran.

Seeing this, Lin Ran frowned slightly, and with a flip of his palm, he took out his Frost Condensing Sword and slashed directly at Gou Mou!

“Clang, clang, clang!”

The two of them instantly clashed, the sound of the clash was a clanging sound!

Gou Mou did not gain the slightest advantage in the few rounds he exchanged, instead, his mouth was numbed by Lin Ran’s Frost Condensation Sword, and he pulled away immediately!

On the other hand, Lin Ran noticed that there was a lot of white powder on his Frost Condensation Sword!

He lifted his hand and squeezed a bit of it, and then he froze!

The white powder was actually ashes!

He turned his head to look at the white stick in Gou Mou’s hand, and then looked at the white powder stained on his Frost Condensing Sword, and he froze in his tracks!

“This magic weapon of yours! It’s really the bones of a dog’s leg!”

Lin Ran asked.

Gou Molt scowled angrily at his words!

“Cut the fucking crap where you are, old man this is the leg bone of a golden hair bark! Don’t know anything about it!”

“A golden bark? Isn’t that still a dog!”

Lin Ran said speechlessly.

“After all that, you’re really as human as your name suggests, your name is Gou Mou and the magic weapon you use is a dog’s leg bone! Tsk! I’m really convinced to be a human being like you!”

“What a good dog for Mai Yang!”

“You’re fucking looking for death!”

Gou Mou was furious when he heard that, his whole body exploded and he grabbed the golden hair barking leg bone in his hand and smashed it towards Lin Ran.

Lin Ran shook his head helplessly as he saw this, and then he also directly exploded with his Frost Condensation Sword in his hand, instantly cutting out several sword maces and heading straight for Gou Mou!

Gou Mou couldn't help but coldly snort, picking up the golden hairy barking leg bone and heading straight for Lin Ran's sword maneuvers.

Wonder Doctor Chapter 1844

"Bang Bang Bang!"

The golden hair bark instantly collided with the sword mane, erupting into a metallic clash!

Only this time, the sound seemed extremely dull, completely different from the crunching sound at the beginning!

This wasn't surprising, after all, this time Lin Ran's attack was a sword mane, not the Frost Condensation Sword itself!

The sword maneuver was much more powerful than the Frost Condensation Sword, and it almost knocked Gou Mou back several steps with one blow!

Gou Mou easily stood still and rubbed his wrist, which was already a little sore, and looked at Lin Ran with shock in his eyes.

"You How can you be so strong!"

"I've always been strong!"

Lin Ran laughed indifferently, he really didn't know how this Gou Mou could recognize as weak!

At the very beginning his own ranking at the first level was on top of Mai Yang only, and his apparent strength was already stronger than the latter!

And this guy was just one of Mai Yang's lapdogs, but he had actually stayed behind to stop himself.

"Impossible! Scaring old me, who do you think you are!"

Gou Mou said in a cold voice, while spitting out a mouthful of spit seemingly to embolden himself!

"If it were the Fuyi Swordsman, I really wouldn't dare to mess with him,? But you, a kid who came out of nowhere, you're too young to play rough with me! You're still a bit too young!"

Gou Mou said in a cold voice, while raising his palm, and instantly the white golden-furred barking bone slashed directly towards his palm!

Lin Ran saw that the golden bark bone brushed his palm, and instantly a gaping hole opened up on Gou Mou's palm, and blood instantly stained the golden bark bone!

And the originally white Golden Hair Bark bone turned blood red almost instantly straight away!

"Eh? What kind of tactic is this?"

Lin Ran watched with interest, as he clearly felt an aura emerge from that Golden Hair Bark's bones as they turned red!

And that aura carried the aura of the Flood, it seemed to be of great importance!

“Kid! You’re called the deceased, aren’t you! Today I’ll make you a bone man in a thousand years! You’ll be a mess of bones!”

Gou Ruo said angrily, and then with a wave of his palm, he pointed the blood-red golden hair barking bone towards Lin Ran.

It was only at this point that Lin Ran understood where this guy got his confidence from, he was compelled by his own name!

The name Lin Ran used for the qualification selection this time was The Old Man!

No one knew him at all, so it was only natural that Gou Mou didn’t think highly of himself!

But if Lin Ran used his own name, the focus of the selection would have been on him!

Leaving aside the mysterious Master Fang who was hiding in the shadows, the mere fact that the Luo Ran merchant firm was looking for him would be enough to shake many people to their core!

The red light in front of him was already pouncing on him!

However, Lin Ran couldn’t help but frown at the red light, as he realised that it posed no threat to him at all!

With a gentle turn, Lin Ran instantly dodged the red light and flashed to the side!

Faced with this situation, Gou Mou was surprisingly not angry, but instead laughed out loud!

“Haha! Why are you nervous? Don’t be nervous, this is just a game with you, the main event is next!”

As his voice fell, Lin Ran really saw the red light coming towards him dissipate instantly.

At that moment, a blood-red beast appeared next to Gou Mou.

The beast was covered in blood-red hair and was two to three metres tall, its muscles were so strong that Lin Ran would have thought that it was a living magical beast standing in front of him if it wasn’t for the shadow of the body.

“This Golden Bark bone is the vertebrae of a Golden Bark. I found an alchemist to refine all of the Golden Bark’s blood and meridians into it! That’s how we got this bone!”

“With just a drop of blood, I can summon the Golden Hair Bark, and fight me? How are you qualified to fight me?”

“Haha!”

Gou Mou roared to the heavens, his face filled with a smug smile.

Lin Ran looked on but shook his head helplessly and said.

“I really don’t know what you’re so proud of, making this so-called golden-haired barking soul, and you think you can beat me?”

“Hm?”

Gou Mou's face sank at his words and he said in a cold voice.

"Kid who doesn't know how to behave, still pretending with me at this point? Then I'll show you the power of my Golden Hair Bark!"

Gou Mou said and actually blew his whistle, and instantly the Golden Hair Bark next to him pounced directly towards Lin Ran.

The Golden Hair Pixie was huge, and its speed was not slow either, almost in the blink of an eye it was already in front of Lin Ran.

Lin Ran could already smell a strong smell of blood from some distance away, obviously this Golden Hair Bark was a bloodthirsty being in the past!

The Golden Hair Bark jumped straight at Lin Ran, his two huge front paws were already in front of Lin Ran, and immediately opened his bloody mouth and bit towards Lin Ran's head.

If this bite hit Lin Ran, he would be seriously injured even if he didn't die!

The key was that Lin Ran was actually standing still at that moment, not even moving.

Gou Mou laughed at this scene.

"Kid, aren't you a great bully? Why are you scared silly? Haha it's too late to beg for mercy now!"

"Beg for mercy? Why would I ask for forgiveness?"

Lin Ran laughed indifferently at his words, and then he slowly raised his palm and poked it towards the Golden Hair Bark's head!

"Hmph! Seek death!"

Gou Mou snorted coldly when he saw this.

However, the next moment, the image that appeared made him freeze!

Only to see that the originally raging golden-haired bark froze in place after Lin Ran's palm poked out!

Then slowly, his two front hooves actually bent and knelt down, as if he was submitting!

"How can this be!"

Gou Mou saw this and was immediately confused, this golden hair bark was summoned by him, but how could it actually

"Why is it impossible, I can still get it to deal with you, can you believe it?"

Lin Ran looked at Gou Mou and laughed indifferently, then before Gou Mou could say anything, he instantly pointed a distant finger, and at once the golden-haired bark actually turned around and pounced towards Gou Mou.

The speed was even faster than before!

"You, you!"

Gou Mou was taken aback and turned around to run, but he was no match for the Golden Hair Bark, who caught up with him in two or three arrow steps!

The latter pounced on him and pinned Gou Mou to the ground, his bloody mouth with a strong smell of blood scared Gou Mou's whole body!

"You I am your master!"

Gou Mou was busy saying, only to be followed by Lin Ran's voice coming from the side.

"It doesn't understand, if you don't want to die then behave yourself and hand over the jade talisman, I think you know better than me how strong this Golden Hair Bark is!"

"You!"

Gou Mou's face turned green when he heard that, but if he didn't do as he was told, then he was afraid that his life would be

After all, he himself knew best how strong this Golden Hair Bark was.

"This time, you've really lifted a stone and smashed your own feet! It's self-inflicted!"

Gou Mou's heart was very resigned to say.

Wonder Doctor Chapter 1845

"Kid I'm Brother Mai"

Gou Mou opened his mouth undyingly to threaten, however before the words were finished, Lin Ran next to him spoke up.

"Bite him to death!"

"Roar!"

The golden-haired bark heard this and immediately opened its bloody mouth towards Gou Mou's head!

Seeing this, Gou Mou was completely cowed and spoke up.

"No, no, no! I'll give it to you!"

Then he took out his jade talisman and handed it all over to Lin Ran, he was really scared, the Golden Hair Bark's huge bloody mouth was less than half a meter in front of his head!

If he really bit down, his head would be split up in an instant!

Lin Ran took the jade talisman and then nodded in satisfaction, before saying.

"Alright, you can go out now!"

"You!"

Gou Molt instantly turned blue with anger at his words and said angrily.

"Kid you don't go too far, everything leave a line to meet later, Laozi's jade talisman"

“I told you to go out did not understand? Do you want me to let it send you out?”

Lin Ran pointed to the golden hair barking at the side!

“Don’t! Don’t!”

Gou Mou was completely scared silly, sniffing at his words he was busy saying, followed by flipping his hand and taking out the red jade talisman!

He was very reluctant and squeezed the red jade talisman and said.

“Kid, me and Brother Mak

“That’s a lot of nonsense!”

Gou Mou didn’t finish his sentence, he was directly interrupted by Lin Ran going, at the same time only to see Lin Ran’s eyes fiercely cold, following which the jade talisman in Gou Mou’s hand actually directly exploded itself.

“You!”

The next moment, before he could utter a single word, his entire body was directly wrapped in red light and disappeared in place.

Along with his blood-red golden hair bark, it also disappeared!

“How stupid!”

Lin Ran shook his head helplessly and laughed at the situation.

Summoning the Golden Hair Bark’s soul in front of him was no different from seeking death, knowing that Lin Ran now possessed the Secret Art of Lightning!

This kind of secret technique that strikes directly at the soul can be devastating to this kind of golden-haired barking soul!

He had just revealed a little of the power of the Lightning Stunning Secret Technique, and this golden-haired bark had instantly succumbed.

Lin Ran gathered his gaze and looked up, finding that the number of jade talismans behind his name had become over two hundred.

“The jade talismans on this kid are not bad!”

Lin Ran laughed, this Gou Ruo seemed to be Mai Yang’s lapdog, but he didn’t think that the number of jade talismans on his body was quite impressive!

Putting away the jade talisman, Lin Ran was ready to hurry up and chase after him, he had been dawdling here for half a day.

He didn’t know what the situation ahead was!

But then he froze, because he believed that apart from his own list, several other people’s list had also changed!

“What’s going on?”

Lin Ran exclaimed in shock as he realised that the number one ranking had actually changed to Leng Qiu.

The second place winner was none other than that “1”, and the number of jade talismans on both of them was already approaching two thousand.

This meant that the jade talismans of Xiao Bei and Xiao Wolf had already been obtained by the two of them!

As he thought of this, Lin Ran hurriedly looked at Xiao Bei and Xiao Wolf, and he found that the jade talismans after these two people’s names had all been cleared to zero!

At the same time, what surprised Lin Ran even more was that the names of Xiao Bei and Xiao Wolf had actually turned one into grey and one into black!

“Xiao Wolf is dead? Is Xiao Bei running away?”

Lin Ran couldn’t help but be shocked in his heart as he looked at the two men’s names, and at the same time, he had already vaguely thought of something!

Although this person Leng Qiu was also very strong, she wasn’t someone who would kill innocent people indiscriminately, at the very beginning she had robbed a person of their jade talisman without killing them!

So the person who killed Xiao Wolf was probably the “1”, who was also very powerful and arrogant.

As Lin Ran was thinking in his mind, there was a sudden sound of two breaking winds in front of him, pulling Lin Ran’s eyes from the sky.

He was busy turning his head to look before he realised that it was actually Bu Er Swordsman and Mai Yang charging ahead at the same time.

The two of them were keeping a relatively safe distance, as if they had agreed at the same time that neither would make a move against the other!

Both of them soon saw Lin Ran as well, and Bu Er Swordsman was busy shouting!

“Run, deceased brother! That “1” has already started clearing people out! He killed one of the other three people who were in the top ten just now, and the other two have already escaped!”

Lin Ran frowned at his words and looked up to see that there were only a few of them left on the ranking!

After the explosion of the golden bell, there were originally four people in the ranking together, and the explosion of the golden bell injured one, but there were still three of them!

But at this moment, these three were already one dead and two injured!

“What are you still doing frozen in place, deceased brother!”

Seeing Lin Ran frozen in place, Bu Er Swordsman was busy speaking.

Lin Ran shook his head at his words and said.

“Run? This is a landscape scroll where are you going to run? And there are only two people in the final quota, running is better than just going out!”

Bu Er Swordsman and Mai Yang were both stunned at his words, and immediately stopped as well.

The two of them looked at each other and seemed to have just realized that those two seemed to have been scared silly before!

Indeed here was the Landscape Scroll, how could you choose to run and still compete for the qualification, unless you already had a certain amount of jade talismans in your hands!

But now the situation is, the jade talisman in the hands of others, you want to fight for the quota then you can only fight with others, run? Then it would be better to leave to the real thing!

Both Bu Er Jian Ke and Mai Yang fell silent and stood aside without speaking!

While they were talking, two more figures rushed over in the distance, and who else could they be but Leng Qiu and “1”!

The two of them did not fight either, and it seemed that the crowd had kept calm at this point.

The two men quickly landed on one side, followed by the crowd’s eyes sizing each other up, obviously not knowing what the other meant!

Seeing that neither Leng Qiu nor “1” spoke up, and that Bu Er Jian Ke and Mai Yang had no intention of speaking up either, Lin Ran could only open his mouth and ask.

“What do you all mean by this? This qualification selection doesn’t seem to be over yet!”

“Kid, are you fucking blind!”

Next to him, Mai Yang laughed at his words!

“There are only a few of us left in the whole landscape scroll now, and the jade talisman is in the hands of the two others at most!”

“What? You’re quite confident in yourself! Still planning to go to someone else’s hands to snatch it?”

Lin Ran frowned slightly at his words and looked at Mai Yang as he asked rhetorically.

“That’s my business, instead, why are you staying here since you already know you’re hopeless? Not following your lapdogs and getting out?”

“You!”

Mai Yang smiled and then remembered that he hadn’t even seen Gou Mou after he came back!

“It’s you?”

Mai Yang looked at Lin Ran and his eyes instantly turned a few degrees colder!

“All right!”

Suddenly, Leng Qiu beside her spoke up and chided, interrupting Mai Yang's words!

She looked at "1" who had been silent on the side and spoke!

"There are only five of us left now, and the jade talisman is in both of our hands, so you guys don't need to waste time with nonsense!"

"Either leave directly, or I will beat you all to leave!"

Wonder Doctor Chapter 1846

"You!"

Mai Yang was furious at his words, but what could he say when his strength was not as strong as others, he said at once!

"Fine, I'll just go! But before I leave I have to clean up this kid, you guys can't interfere! I'll leave as soon as I've cleaned him up!"

Mai Yang pointed at Lin Ran and said!

"That's fine!"

Leng Qiu nodded at his words, obviously having no problem with Mai Yang's words!

It had only been half a day since the crowd had entered this landscape space, there was still a lot of time left, so there was no rush for this moment!

However, the other person on her side of the table disagreed, only to hear "1" suddenly speak up.

"I can take out all my jade talismans, but you have to do one thing!"

"Hmm?"

The crowd couldn't help but be stunned when they heard him say this, taking out all their jade talismans would be almost like giving up their places!

And his request was just for the crowd to help him do one thing, which seemed to come with a purpose!

Both Mai Yang and Bu Er Swordsman had a gleam in their eyes when they heard that, they were obviously somewhat moved!

Whether it was Leng Qiu, or this "1" for them to face alone, they obviously had no chance of winning, if they could help the latter accomplish that so-called thing, then they would have a chance of getting the jade talisman and thus gaining the spot directly!

"What do you mean?"

Leng Qiu sniffed and looked at the "1" next to her, she wasn't interested in the latter's jade talisman, she herself already possessed a similar jade talisman, right now she just wanted to hurry up and end the battle.

She only wanted to finish the battle as soon as she sent Lin Ran out, and then the selection would be over!

But “1” was clearly not prepared to let the selection end now!

“It’s none of your business, so you’d better stay out of it, or I’ll send you out myself!”

“1” turned his head to look at Leng Qiu, his voice bland with a hint of unquestionable!

“Are you threatening me?”

Leng Qiu smiled and frowned slightly, she had always held a grudge against this “1” for surpassing herself in the ranking, at this moment, seeing the other party threatening her couldn’t help but also toughen up!

“You can interpret it that way, but I advise you to keep your wits about you, you’re no match for me!”

“1” said very disdainfully, while his eyes had a few more sharpness in them!

This made Leng Qiu’s heart sink as she watched, and for a moment she hesitated a little.

It was clearly a foregone conclusion that she would get the spot!

Now it was just a matter of time!

But if she really fought with this “1”, there might be other changes when the time came, which she did not want to see!

Seeing that Leng Qiu didn’t say anything, “1” turned his head to Mai Yang and Bu Er Swordsman, and then said!

“As long as you guys can help me kill him! My spot is yours!”

Suddenly, “1” actually pointed at Lin Ran!

Both the Fuyi Swordsman and Mai Yang were stunned at his words, and at the same time, they also looked at Lin Ran, with a hint of doubt in their eyes, wondering how Lin Ran had offended this “1”.

When Lin Ran heard this, he couldn’t help but look at “1” with a cold look in his eyes and said in a cold voice.

“Where have we met before?”

“That’s not important! You’ll know when you’re dead!”

“1” said the voice indifferently, and then he turned to Mai Yang and the untouchable swordsman.

“I only give you an hour, if you can’t kill him! Then I will kill you all myself!”

“And if you can kill him, I will give you all my jade talismans, then it’s up to you to grab the qualifications!”

After saying that, “1” said no more and stood quietly by the side without saying a word!

Lin Ran’s brow furrowed a little tighter as he turned his head to look at the Fuyi Swordsman!

It was inevitable that Mai Yang would deal with himself, and the one he couldn’t decide on now was this Bu Er Swordsman!

After all, the two of them had been in a cooperative relationship before, but now they were afraid that this cooperative relationship would come to an end, and in front of the qualifications the cooperative relationship really looked a bit inadequate!

“Fuyi Swordsman, I never thought that I would ever work with you again in my life! But think about it, if you’re going to make a move too, then we’ll work well together then, when we kill this kid! How about we go our separate ways on the other spot then?”

Mai Yang suddenly looked at Bu Er Swordsman and said!

Bu Er Swordsman didn’t say anything when he heard that, he just looked at Mai Yang with a bland gaze, obviously he hadn’t made up his mind yet!

“1” Seeing this, he could not help but frown slightly, and suddenly looked at Leng Qiu who was at the side and said.

“You can go and try too, as long as you can kill him! I can also give you my jade talisman!”

Leng Qiu smiled and gave “1” an icy glance and said indifferently.

“I’m not interested in killing anyone! But if they can’t kill this man within half an hour, I’ll personally take action to kick them all out! You want to play, I don’t want to waste time here!”

“Haha!”

“1” smiled instead of answering and laughed out, obviously not caring at all about Leng Qiu’s words!

And while the two were talking on their side, finally Bu Er Swordsman seemed to have made a decision, he looked towards Lin Ran with determination in his eyes and said.

“My late brother, I’m sorry! Although we worked together first, but this qualification is very important to me!”

“If you want to fight, just fight... what’s the point!”

Mai Yang on the side said disdainfully at this.

The Fuyi Swordsman glared at him and then looked at Lin Ran!

Lin Ran, however, never said a word, just quietly watched the two without saying a word!

“My late brother, I’m sorry!”

The Fuyi Swordsman seemed to have made up his mind, and with an arch of his hand, the long sword behind him was instantly pulled out directly behind him, and he charged towards Lin Ran first!

“Bastard! You’re fucking playing dirty!”

Seeing this, Mai Yang instantly became anxious, he was also afraid that the Fuyi Swordsman would directly kill Lin Ran, in which case he would have nothing to do with him then!

With a wave of his palm, in an instant, Mai Yang also lunged towards Lin Ran.

Lin Ran watched quietly as the two frowned, but didn’t say a word!

He didn't expect the situation to turn into one against two in a matter of seconds, and he was still surrounded by the "1", the big promoter behind the scene, who was watching over him!

Although the Fuyi Swordsman seemed to have some strength, Lin Ran had absolute confidence in himself.

What he was most worried about now was not these two people, but the "1" who was standing on the sidelines driving all this.

This person had been quiet before, but now that he was left with only the five of us, he had created such a place, so he didn't know what his purpose was!

And Lin Ran had a feeling that he had seen this man's eyes somewhere before, but he just couldn't remember exactly where he had seen him before!

The two of them had obviously made up their minds, and both of them had already made their killing moves.

Lin Ran's eyes were cold as he saw this, so he lifted his hand and flipped out his Frost Sword to meet them.

But Lin Ran's stance was clearly defensive, obviously not wanting to fight them hard!

This was a decision Lin Ran had made after much deliberation!

The current situation was very unfavourable to him, even if he had defeated Mai Yang and the Fuyi Swordsman by thunderous means!

Then he would definitely have to face that "1" next.

And since Leng Qiu obviously didn't deal with the latter, rather than exposing his strength by going out on his own now, he might as well stall for time and see if these two would fight first!

If they fought, there was still a chance that Lin Ran would be able to turn the tables on them!

Wonder Doctor Chapter 1847

Lin Ran seemed to be motionless, but he had actually analysed the situation very thoroughly, this was due to his experience along the way!

It might seem like he had just arrived in the Immortal Realm, but he had experienced a lot back home, and although his strength was somewhat padded after arriving in the Immortal Realm, his experience was his invisible treasure!

"Clang gear!"

A metallic clash erupted instantly as the three of them exchanged blows.

Lin Ran defended with all his might, the Frost Condensation Sword in his hand constantly blocking the two men's attacks, and for a while, neither the Fuyi Swordsman nor Mai Yang was able to break through his defences at all!

He knew that although Lin Ran's degree in the sword dao was not that impressive, his defensive sword moves were not something they could break through against two people who were also at the Heavenly Mansion realm!

Previously, when Lin Ran faced Prime, he was still able to go two rounds with his defensive sword stance, and then he even used his defensive sword stance to break through the third level of the Thunder Dao Pearl.

With such strength alone, there were few opponents at his level who could break through his sword defences!

"Bang!"

After another clash, both Mai Yang and the Fuyi Swordsman couldn't help but pull away from each other, both of them gazing warily at Lin Ran with an indescribable feeling in their hearts!

Mai Yang in particular, his face had gradually turned icy cold from his initial complacency!

"It's come to this, and you still don't go all out?"

Mai Yang glared at the Buji Swordsman beside him and said in a cold voice.

"How do you know I didn't fight with all my might, you were the one who paddled the whole time not knowing what to do!"

Bu Er Swordsman retorted.

However, in their own minds, they knew that neither of them had held back, but in front of Lin Ran's defensive sword moves, they were unable to take the latter at all!

"Humph! You don't stand a chance of getting the jade talisman even if you drag on!"

Mai Yang snorted coldly and immediately charged towards Lin Ran, this time his entire body's aura soared and his strength was at its peak!

Obviously, he did not want to drag on.

"Humph!"

Seeing this, the Fuyi Swordsman snorted coldly and followed suit, lunging towards Lin Ran with a shake of his longsword in his hand, a wisp of green sword aura heading straight for Lin Ran.

Both of them did not hold back, but their attacks did not look the least bit threatening in Lin Ran's eyes!

"Go!"

Lin Ran shouted softly and immediately slashed out a sword mane with the Frost Condensation Sword in his hand.

The sword mane flew out and changed rapidly, then it actually formed a huge sword net, directly enveloping Mai Yang and the Fuyi Swordsman.

The two men's attacks were also stopped almost instantly!

“What are you up to!”

Mai Yang was furious at the sight of this!

“If you’re letting go, we really won’t stand a chance!”

“Stop it!”

Buji Swordsman said angrily.

“You’re fucking stupid, it’s not even a matter of letting the water out, it’s that the opponent is too strong for you to see! Idiot!”

“You!”

Mai Yang was furious!

On the other side, Leng Qiu and “1” could not help but frown slightly when they saw this scene.

The two of them were far more powerful than Mai Yang and Bu Er Swordsman, and the two of them could already see it completely at this point.

Lin Ran’s strength was simply not something Mai Yang and Bu Er Swordsman could contend with!

The two of them were unable to break through their mere defence, so if they were to strike! Then they would still have to be defeated in an instant!

“It seems that the two fighters you found are not strong enough! They can’t even break his defence!”

Leng Qiu suddenly looked at the “1” next to him and said with a cold laugh.

Who knew that “1” would not deny it, but instead nodded his head and said.

“Yes, I didn’t expect these two people to be so weak!”

“Hmph! I don’t have time to play with you here, since you won’t make a move, I’ll make a move!”

Leng Qiu said in a cold voice, and with an arrow step he charged directly towards the direction where Lin Ran’s three were!

“1” stood in place without saying anything, just looking at the scene with an icy cold gaze, no one knew what he was thinking!

And in front of them, Mai Yang and Bu Er Swordsman, who had already broken through Lin Ran’s huge net of sword manners at this time, saw Leng Qiu rushing towards them, and were instantly busy pulling back for fear of involving themselves!

“Deceased, right? I’ll send you out myself!”

Leng Qiu shouted, while his body had already rushed in front of Lin Ran, and with a wave of his palm a thunderbolt instantly went straight for Lin Ran!

Lin Ran couldn't help but frown at the sight of this, that Leng Qiu was using Heavenly Lightning, although it was a weakened Heavenly Lightning, Heavenly Lightning was Heavenly Lightning far more powerful than the Beast Lightning inside him.

Lin Ran was standing in place, looking at the heavenly thunder coming straight at him, and the beast thunder in his body couldn't help but tremble!

This was a class suppression he couldn't help, at the beginning when Leng Qiu was dealing with that Golden Bell Formation, the beast thunder in his body was vaguely trembling.

But at that time, after all, Leng Qiu's target wasn't himself, so he didn't feel it that much, but at this moment, when Leng Qiu really struck out at himself, Lin Ran only then experienced how terrifying the rank suppression of lightning was!

Although this suppression didn't have any substantial effect, but the beast thunder in his own body had gone weak directly before he even entered the battle, this was real!

"Bang!"

Lin Ran violently raised his foot and kicked the ground, his entire body suddenly shook, which suppressed the trembling Beast Thunder within his body and calmed it down from a new level.

At the same time, he fiercely pulled out a distance of tens of metres with a side stance, dodging this chop from Leng Qiu!

At this moment, Lin Ran and Leng Qiu were fighting, while Mai Yang and Bu Er Swordsman, who were nearby, were also wary of each other!

The two men's gazes even collided from time to time, with the intention of exchanging blows!

The situation became even more complicated as "1" stood by and never made a move, seemingly waiting for an opportunity to do so!

And Leng Qiu was so eager to end the selection that he was personally prepared to send Lin Ran out!

Everyone had their own agenda and thoughts, which led to everyone needing to guess each other's intentions!

Especially Lin Ran, Mai Yang, and the Fuyi Swordsman, after all, at this point the three of them were still unattached to the final qualification, and if they were to fight back in this vulnerable situation, then they would have to take advantage of the situation at hand!

Lin Ran and Leng Qiu were fighting together, but at this point it was Mai Yang and Bu Er Jian Ke who were in a somewhat awkward situation!

Both of them knew very well in their hearts that once Leng Qiu had really sent Lin Ran out of this landscape scroll, then two scenarios would probably occur then!

The first, "1" would make a strong move and send Leng Qiu out because Leng Qiu had not killed Lin Ran, or he would simply intercept and kill Lin Ran halfway.

In this case, Lin Ran would be eliminated no matter what, just the difference between dying here and leaving here!

And “1” had said before that he would take out his jade talisman as long as Lin Ran died, so when the time came this person would obviously abstain from the competition and the target would not be this qualification, it would obviously be Lin Ran!

And when “1” has achieved his goal, he will definitely leave the place, and the only one who can influence who gets the last place is Leng Qiu!

Rather than discussing this with Leng Qiu when the time comes, they might as well eliminate each other first, so that even if Leng Qiu didn't give the jade talisman to one of them, there would only be two left, and even if they didn't have the jade talisman in their hands, they would still be qualified!

Mai Yang was the first to understand this, and immediately his eyes were cold as he sneaked towards the Buji swordsman!

Wonder Doctor Chapter 1848

“Bastard!”

Seeing Mai Yang actually sneak attacking him, Buji Swordsman was instantly enraged, and with a shake of his long sword in his hand he instantly killed towards him!

The two of them instantly became entangled with each other.

The situation in the field also exploded as the two of them went to war!

At this point the only five people left, except for “1”, had all struck!

Lin Ran naturally had no time to worry about the two of them at this point, and the fact that the two of them were fighting made Lin Ran feel a lot more at ease!

At least Lin Ran could concentrate on Leng Qiu's attack, instead of worrying about these two people's sneak attack!

“Why don't you get out!”

When Leng Qiu saw that her attack had been dodged by Lin Ran, she chided coldly!

Things had come to the current situation and she was too lazy to be making a move, it would naturally be best if she could scare Lin Ran straight back and leave the place!

However, she was still destined to underestimate Lin Ran, how could Lin Ran leave so easily!

“If you want to make a move, make a move, you're not that intimidating to make me leave!”

Lin Ran looked at this Leng Qiu and said blandly!

“You're really confident, since that's the case then I'll just have to send you out!”

Leng Qiu's eyes were cold as he swirled his palm up again, and instantly a lightning bolt as thick as his arm had already surfaced.

Lin Ran couldn't help but frown slightly at the sight and opened his mouth to scold!

"Stop it!"

"What? Figured it out? Ready to go out on your own?"

Leng Qiu suddenly laughed at this!

Lin Ran, however, shook his head helplessly and said.

"It's fine to fight, don't play with lightning with me!"

He really didn't want to clash this lightning with Leng Qiu, his own beast thunder was in a suppressed state itself!

And most importantly, he had the lightning subjugation technique, seeing Leng Qiu this heavenly thunder could not help but want to make a move to subdue it!

But he couldn't devour this Heavenly Thunder himself, and although he was itching to do so, he knew that he couldn't get it at all!

And if Leng Qiu kept using the Heavenly Thunder, Lin Ran would be very uncomfortable, the beastly lightning in his body would be suppressed all the time, which made him feel very unhappy!

It was just that Lin Ran didn't want to fight Leng Qiu against the thunder arc, but the latter would have to agree to it!

"Don't want to play with thunder? Then I'll just have to play with you!"

Leng Qiu sneered, and immediately the Heavenly Thunder in his hand struck straight down towards Lin Ran!

"Bastard!"

Lin Ran was enraged at the sight of this, and with an arrow step, he blasted out with his fist, while the beast thunder in his body was directly mobilised and attached to the sound of the fist wind!

As soon as Leng Qiu's Heavenly Thunder came out, the Beast Thunder in Lin Ran's body would tremble from time to time, which made him feel very uncomfortable!

And Leng Qiu still had a preference to use the Heavenly Thunder, which made Lin Ran a little annoyed as well.

It wasn't that he was afraid of this Heavenly Thunder from Leng Qiu, but he really didn't like this feeling of being suppressed by this!

"Hm?"

Leng Qiu also saw the beast thunder pulsating above Lin Ran's fist wind at this time, and couldn't help but be stunned.

But then she laughed!

“Beast thunder? Far from it, you’ve also cultivated the thunder and lightning path, it’s just a pity! This beast thunder of yours is simply not enough in front of my Heavenly Thunder!”

As Leng Qiu said that, the Heavenly Lightning in his hand was already striking down straight at Lin Ran!

Lin Ran didn’t even dodge, he just straightened his fist towards Leng Qiu’s Heavenly Thunder and met it!

“Rumble!”

The two collided instantly, and the next moment Lin Ran’s entire body flew out, while the sleeve robe on his arm also instantly exploded!

But similarly, Leng Qiu’s heavenly thunder was also blown apart by him!

Although the Heavenly Lightning was strong, it was after all weakened, and Lin Ran’s strength wasn’t weak either, so with the increase of the beastly lightning it was no surprise that it was shattered with one punch!

“Eh?”

She knew very well how powerful her own Heavenly Lightning was, but she had never thought that Lin Ran would be able to shatter it with a single punch!

The main thing was that Lin Ran had never revealed his strength from the beginning, so people, including Leng Qiu, only thought that he was of average strength.

But at this moment, when she really saw Lin Ran blast her own Heavenly Thunder to pieces with one punch, she realised that Lin Ran’s strength was probably not much weaker than hers!

“Interesting! I didn’t expect it to be a fellow who hid himself so deeply!”

With a cold snort, Leng Qiu followed up by probing her hands, and in an instant, two Heavenly Thunderbolts swept straight towards Lin Ran!

The two heavenly thunderbolts wrapped around Lin Ran like two arms, one on the left and one on the right!

Seeing this, Lin Ran didn’t dare to be slow, and immediately took out his Frost Condensation Sword and slashed at it with several sword rays!

However, to his surprise, the two Heavenly Thunderbolts dodged away under Leng Qiu’s control, and at the same time, they were already in front of Lin Ran!

“Weng!”

Suddenly, the two heavenly thunderbolts erupted with a terrifying wave of aura, and instantly Lin Ran felt the beast thunder within him tremble again!

“How does it taste? This is the suppression of Heavenly Thunder! Your Beast Thunder has no room to fight back in front of my Heavenly Thunder!”

Leng Qiu laughed at this!

Lin Ran's face was cold as he looked at her, this woman had really made him a little angry!

To fight, but to actually take the opportunity to mock herself, and to do so with the suppression of Heavenly Thunder!

"What do you have to be so bold about! You're only a good student because you have Heavenly Lightning! You're not worthy of me! You're not qualified!"

Lin Ran's eyes snapped cold as he said that, and in an instant, the Condensing Frost Sword slashed out directly towards Leng Qiu's Heavenly Thunder!

At the same time, two very subtle rays of light attached themselves to the Frost Condensation Sword, which was clearly the Thunderfall Technique!

Lei had once told Lin Ran that only the Thunderfall Technique could be used by people from the Thunder Venerable Pavilion, so he had to be careful to cover it up when he used it!

If he came across someone from the Death Sect, he would definitely be able to recognise them at a glance, and that would definitely lead to a lot of trouble!

Therefore, Lin Ran did not want to use the Thunderfall Technique against his enemy, but this Leng Qiu was too domineering and unreasonable, and he had already said not to play with lightning in front of him.

But this ninny just wouldn't listen, so Lin Ran could only give her a taste of what it was like to have a heartbeat!

The sword blade struck out, and the next moment the lightning descending technique attached to the sword only blasted directly on top of that heavenly thunder!

In an instant, Lin Ran felt as if he had caught those two heavenly thunderbolts, and could easily rip them back if he wanted to!

Leng Qiu's entire body was frozen at this moment, the Heavenly Thunder had been sent into her at great cost by her clan's predecessors!

She had already had a tacit understanding with this thunderbolt, but when it was suddenly pulled by something, she panicked!

It felt as if someone could easily take away her Heavenly Lightning!

Especially when Lin Ran tugged at the Heavenly Thunder, her heart would involuntarily tremble along with it, and her heart would beat faster.

The feeling was so wonderful that it actually caused Leng Qiu's pretty face to quickly turn red!

Seeing that the deterrent had been achieved, Lin Ran immediately turned his sword and instantly severed the two heavenly thunderbolts, steering them towards one side and following them, they directly exploded into pieces, while speaking!

"I'm warning you one last time, don't play with thunder in front of me! Or else I'll pull out your Heavenly Thunder completely!"

“You!”

Leng Qiu’s pretty face flushed red, and for a moment she actually felt as if this youth in front of her was pressing down on her like a huge mountain!

Wonder Doctor Chapter 1849

“This feeling!”

Leng Qiu felt as if her heart was racing at this moment, and this feeling was something she had never experienced since she was a child!

“What kind of thanks is this? The feeling of a heartbeat?”

Leng Qiu muttered to herself in her heart, while her pretty face couldn’t help but turn even redder!

“Blah blah blah! No way,? How could I possibly have my heart set on this bastard!”

Leng Qiu was busy shaking off this thought that made her ashamed.

She had never felt this way about anyone since she was a child, not even her big brother Leng Han who she had always chased after, had ever made her feel this way!

“No way! I will never have feelings for this guy!”

Leng Qiu forcibly suppressed that stirring in her heart!

But the more she suppressed it, the more clear and obvious the stirring became, as if the sand in her hand simply couldn’t be stopped from bubbling out!

And in her heart, Leng Qiu knew very well that that feeling was the feeling of a heartbeat, and that it was the feeling of falling in love at first sight!

Lin Ran’s tugging of her Heavenly Lightning was just a trigger, the Heavenly Lightning had tugged at her heart and made her feel heartfelt!

But at this moment, Lin Ran had long since stopped tugging at her Heavenly Thunder, but instead of dissipating, this heart-touching feeling was becoming stronger and stronger, and this was her own problem!

“No man of my generation has been a match for me since I was a child! Is it because of this?”

Leng Qiu’s heart was very mixed up at this moment, that heart-stirring feeling she couldn’t suppress.

But she had never had a heartbeat before either, so she didn’t know what this was so about her, but one thing was clear to her!

She was afraid that the reason she was feeling this way now was because Lin Ran had broken her Heavenly Thunder earlier!

It was just that once she had come across someone who could defeat her head on, that feeling was like a wild horse that was out of control coming across a hunter who could actually tame her!

“Impossible! How could I possibly lose to such an unnamed brat!”

Leng Qiu suddenly muttered to herself, while her entire body's breath shook directly throwing away all these messy thoughts in her mind!

"Get out!"

Leng Qiu's face turned red, she didn't want to face Lin Ran, so she waved her palm and a long sword appeared, rushing towards Lin Ran!

Lin Ran was relieved when he saw this, it was good that he wasn't playing with lightning anymore! Lin Ran was not afraid to compete in swordplay either!

"Out!"

Lin Ran chanted, and immediately the Frost Condensation Sword came out of his hand and stabbed directly at Leng Qiu!

He was not weak in swordplay either, but he just didn't have a powerful sword move to display his swordplay at a higher level!

But Lin Ran had a solid foundation in swordplay, so even in the face of Leng Qiu's profound swordplay at this moment, he wasn't too flustered!

"Bang Bang!"

In mid-air, Leng Qiu's hand held a long sword and instantly clashed with the Condensing Frost Sword!

The two had very different styles of swordsmanship, Leng Qiu's swordsmanship was subtle and flowing between attack and defence, and the swordsmanship he practiced was extraordinary!

On the contrary, Lin Ran's swordplay was pure and simple, always with the same two strokes in attack and defence!

But these two strokes allowed Lin Ran and Leng Qiu to fight back and forth, and this was the result of cultivating the basic sword strokes with great skill!

Every move of Lin Ran's sword was like his own arm, nothing fancy, just simple and effective!

"Why is this kid's swordplay so bizarre!"

Leng Qiu was furious when he saw that he couldn't break through this broken sword!

Her own sword technique was the clan's clan sword technique, and even though she wasn't at a high level of cultivation, she was actually unable to charge through it for a while in the face of such a rudimentary sword technique from Lin Ran, which made her somewhat doubt her own strength!

"Get the hell out of my way!"

Leng Qiu was a little annoyed as her entire body's aura soared instantly countless sword mists swept directly towards her in all directions.

"Hm?"

Lin Ran saw that this ninny had actually gone a little crazy, and instantly, with a flick of his finger the Condensing Frost Sword directly disappeared in place.

“Humph!”

When Leng Qiu saw this, she coldly snorted and instantly killed Lin Ran with a flash of her body, no longer bothering about the vanishing Frost Sword!

Lin Ran frowned slightly at this, but he stood still, his eyes fiercely chilled, only to hear a “scuffle” sound, and the next moment the Frost Condensation Sword appeared out of thin air behind Leng Qiu’s back, heading straight for her back!

“Humph!”

Seeing this, Leng Qiu didn’t even rush, coldly snorting as she didn’t lose any of her speed and didn’t care about the Frost Condensation Sword behind her!

She was so fast that she had reached Lin Ran in the blink of an eye, but even if she was fast, she couldn’t be as fast as the Frost Condensation Sword!

Just as the sword in her hand was about to land on Lin Ran, the Frost Condensation Sword had already reached behind her.

But she was only a couple of metres away from Lin Ran, so if she turned around to block the Frostbite Sword at that moment, she would inevitably expose her back to Lin Ran!

But she couldn’t really ignore the broken sword behind her.

In the nick of time, she saw Leng Qiu’s whole body tremble, followed by an arc of lightning that shot out from behind her and instantly struck the Frostbite Sword!

“Weng!”

The Condensed Frost Sword instantly flew backwards, and Lin Ran also felt a tremor of the beast thunder within his body, and immediately became furious.

“Still playing thunder with me!”

Lin Ran was furious and raised his hand to slap Leng Qiu on the wrist, at this moment her attention had just moved back from behind her and before she could react, Lin Ran’s palm had already slapped on it!

“You!”

Leng Qiu cried out in shock, followed by her palm and her body directly turning a hundred and eighty degrees, directly facing Lin Ran with her back!

This scene made Leng Qiu’s heart greatly alarmed, the two of them exchanged blows leaving their backs to each other that would undoubtedly be fatal to her!

At this moment, Lin Ran was also very angry and raised his hand to slap Leng Qiu’s back!

When Leng Qiu felt the strong wind behind her, her whole heart chilled and her body quickly dashed upwards to avoid Lin Ran’s palm!

However, Lin Ran was so fast that his palm landed on Leng Qiu's body just half a metre after his body had risen!

The sound of this crisp slap was so ear-splitting that even Mai Yang and Bu Er Swordsman were drawn to look over!

However, when they saw the scene in front of them, the two urbanites were both dumbfounded!

They only saw that at this moment, Leng Qiu was positioned a full head taller than Lin Ran, with her back facing him.

And Lin Ran's palm was slapped on her, only the position was unbiased, it was actually directly on Leng Qiu's plump buttocks!

"I I didn't mean to do that!"

Lin Ran's face instantly changed and he said!

However, it was too late to say anything at this point, as she heard Leng Qiu scream "Ah", and then turned around and kicked Lin Ran in the chest, while cursing angrily!

"You old rascal! I'll kill you!"

Then Leng Qiu came straight at Lin Ran with her sword.

Lin Ran was already kicked backwards, so when he saw this, he dared not slow down and lifted his hand to lock Leng Qiu's wrist, which Leng Qiu could not break free from.

The two of them twisted and hugged each other, and rolled out several metres on the ground before they stopped!

But by now, Leng Qiu's face had already turned red to the base of her neck, as they rolled so far away from each other, their bodies bumping into each other from time to time, which really made her extremely humiliated!

"Bastard! Rascal! Let go of me!"

Leng Qiu said angrily, at the same time busy breaking away from Lin Ran and rushing out a long way, feeling safer from the distance before she turned her head and looked at Lin Ran with a red face.

Wonder Doctor Chapter 1850

Lin Ran was busy getting up from the ground, embarrassed!

"That That, I really didn't mean to do that!"

"You shut up!"

As soon as Lin Ran's words fell, Leng's angry voice came over.

If gazes could kill, I'm afraid that at this moment, this guy would have already been killed by Leng Qiu by a thousand cuts!

"I really didn't mean to do that!"

Lin Ran said awkwardly, he was also speechless, who knew that Nee-san would actually run up at the last minute, even if she had run down or to the front it wouldn't have been such a result!

"You still say that!"

Leng Qiu's pretty face turned even redder, she could hardly wait to find a crack in the ground!

"Ahem! Excuse me, are you still fighting?"

Mai Yang's voice suddenly came from the side, and he was very speechless.

He was hoping that Leng Qiu would eliminate Lin Ran, but who knew that these two would start flirting in the middle of the fight.

However, instead of a reply from Leng Qiu, what Mai Yang waited for was a furious roar of shame and anger!

"What's it to you!"

"I"

Mai Yang was speechless, how could he make it seem as if he had ruined someone's good deed!

In his heart, he was thinking of what to do, but suddenly Leng Qiu was turning his head to look at the two of them, Mai Yang and Bu Er Swordsman, and said in a cold voice!

"Forget about the scene just now, if you dare to go out and talk nonsense, I will cut off your tongues right now!"

"You! Are you being reasonable, it's not like we're the ones who have to watch it!"

Mai Yang was indignant, he was still the youngest son of the Mai family in Xue City, even if you were powerful enough to threaten him, it wouldn't do!

"Reasoning? Are you sure you want to reason with me?"

Leng Qiu said and raised his arm, at once a ray of lightning filled out with a terrifying aura!

"Hey! What do you want, don't you want to deal with that kid? What are you looking for me for!"

Mai Yang said busily, while taking two steps back, as if he was afraid that this ninja would suddenly strike!

"You two get out of here now!"

Leng Qiu looked at Mai Yang and the two of them and said in a cold voice!

"Girl, you're going a bit too far, it's not like we molested you! Why should you get angry at us!"

Bu Er Swordsman frowned slightly at his words, obviously he didn't want to go out, once he went out then he would lose the two qualifications of this Xue Cheng!

"Excessive? Don't go out is it, then don't blame me for being ungracious!"

Leng Qiu said with a cold look in his eyes, and the thunder in his hand instantly struck towards Lin Ran!

Lin Ran next to him looked speechless, it was true that they said not to mess with women, the fearfulness of a crazy woman was immeasurable, not to mention the fact that this woman in front of him was a cultivator and her strength was not weak!

“Humph!”

Seeing that Leng Qiu said she would do it, Bu Er Swordsman also came to fire, and Mai Yang was not even close, the two of them almost simultaneously shot out their hands towards Tian Lei and blocked it!

The two of them asked themselves if they felt weaker than Lin Ran, so when they saw that Lin Ran was able to deal with Leng Qiu before, they couldn't help but feel confident too!

However, reality dealt the two a heavy blow.

The moment the two of them collided with Leng Qiu's Heavenly Thunder, they heard two explosive sounds, “Bang Bang”.

The two men flew backwards like kites with broken strings!

Neither of them was a practitioner of lightning, so it was normal for them to fly backwards in the face of Leng Qiu's overwhelming thunderbolt!

One must know that even if Lin Ran had cultivated Beast Thunder, he would have been suppressed in front of this heavenly thunder, if he hadn't inherited the Thunder Dao Pearl! Armed with a secret technique like the Lightning Subjugation Technique, there was no way he would have been able to block this heavenly thunder from Leng Qiu!

“Out or out!”

Leng Qiu asked as he blew the two backwards with a single move, his gaze cold as he looked at them.

Thinking about how she had just been taken advantage of by that guy Lin Ran, she was ashamed!

But if she wanted to seek revenge on Lin Ran, then she had to get these two out first, otherwise if she was seen taking advantage of them later, then she would really have to be ashamed of herself!

“Blah blah blah! I can't possibly beat him! And he mustn't try to take advantage of me!”

Leng Qiu was busy muttering to herself in her mind, unconsciously expecting that she couldn't beat Lin Ran!

It felt as if she'd managed to meet someone who could overpower her and was somewhat reluctant to win against them!

“Girl, what exactly do you want?”

Seeing that Leng Qiu was actually standing still and not making a move, as if she was thinking about something, Bu Er Swordsman couldn't help but ask with a frown!

“Hm?”

Leng Qiu was instantly interrupted in his thoughts by the other party and turned his head to look at Bu Er Swordsman as well as Mai Yang next to him!

“I don’t want to be repeating myself, get out immediately! Or I’ll kill you all!”

“You! I’m the young grandson of the Mai family, how dare you touch me!”

Mai Yang smiled and immediately quit, why should he let himself out?

“It’s obvious that that kid touched your ass, you’re mad at me, you really think that I’m just a pinch on you! If you try to touch me, I’ll make sure you don’t leave Xue Cheng today!”

Mai Yang also got angry and his voice became very angry!

However, his speechless words were completely enraging Leng Qiu.

“You seek death!”

Leng Qiu’s face instantly changed, followed by an arrow step to rush out and lunged straight at Mai Yang!

“You!”

Seeing that Leng Qiu actually dared to make a move on himself, Mai Yang instantly wilted in fear! As he frantically retreated, he shouted!

“I’m the young grandson of the Mai family, you can’t kill me!”

“Don’t you dare

Finally, before he could finish his two sentences, a cold mane had instantly crossed in front of Mai Yang’s neck, although it hadn’t touched him yet, the sharp chill was already causing Mai Yang’s whole body to tremble!

“I’ll give you three seconds to think about it, if you don’t go out, then prepare to die! Don’t scare me with the Mai family, do you believe I can make your Mai family completely disappear from Xue City?”

Leng Qiu looked at Mai Yang and said in an icy voice.

Mai Yang couldn’t help but gulp as he listened, he knew that this Leng Qiu in front of him was not joking.

Although the Mai family was strong, there were too many family powers in East Flag City that were stronger than the Mai family, and this Leng Qiu in front of him was afraid that there was such a power behind him!

“I’ll go! I’ll go!”

Finally, Mai Yang conceded, and busily flipped out a red jade talisman, following which he didn’t dare to hesitate for a moment and crushed it!

“What about you?”

Only after Mai Yang disappeared in the same place did Leng Qiu turn his head to look at the Bu Er Swordsman at the side!

Bu Er Swordsman frowned slightly and bit his lips to say something, but in the end, he didn’t say it!

He turned his head to look at Lin Ran and arched his hand!

“My late brother, I admire you!”

After saying that, he no longer stopped and directly flipped out the red jade talisman and crushed it at once!

The two men left one after the other, Lin Ran could see that he was completely forced out by this Leng Qiu!

The three of them were the only ones left in the landscape scroll, and Lin Ran was vaguely worried about his exit!

He had molested Leng Qiu by mistake, and that “1” seemed to want to kill himself too.

Without realising it, he realised that there were only three people left here, but he had offended two of them, and one of them wanted to kill him!

The most crucial thing was that both of them were not bad, so he might be able to tangle with them in a one-on-one situation, but in a one-on-two situation.

But if it was one against two, I’m afraid I wouldn’t have any chance of winning against these two!
