

Wonder Doctor Chapter 1851

“What do you say!”

Leng Qiu seemed intent on clearing the room and turned his head to look at “1” on the side.

Or sniffed for a moment, and then laughed!

“You’re no match for me!”

Leng Qiu’s brow furrowed slightly at her words, and her heart couldn’t help but be abrupt.

Indeed, her own heart was a little ticked off, this person’s strength was unpredictable to be honest she didn’t have a few certainties in her own heart!

But if we don’t clear out one person,? But if we don’t clear out one person, this qualification selection will never end!

Thinking of this, Leng Qiu spoke up!

“You do it or I do it!”

“It’s better if I do it! You can’t kill him!”

This time, “1” said with great frankness.

Although Leng Qiu hated Lin Ran, she did not have the strength to kill him!

And since “1”’s aim was to kill Lin Ran, he naturally wouldn’t let Leng Qiu blow him away!

So instead of wasting time here, he might as well just take action himself!

“You better not interfere, or I don’t mind killing you along with me!”

“1” said Leng Qiu blandly as he turned his head to look at him!

Leng Qiu frowned slightly at his words and said!

“Then you can try! It’s not yet known who will die!”

“Haha!”

“1” laughed at his words, and without answering turned to Lin Ran!

“Kid, I know you have a lot of doubts in your mind, but you don’t need to know either, because dead people don’t need to know anything!”

“1” said blandly.

Lin Ran’s face sank at his words and said!

“Just now Leng Qiu’s words are for you, it’s not certain who will die!”

“Good! Good! In that case, then I’ll be polite!”

“1” laughed, and with a swirl of his palm instantly four beads actually shot out directly, and the next moment a large formation had appeared out of thin air, enveloping Lin Ran and himself!

“Eh?”

Outside of the needle spell, Leng Qiu suddenly realised that she couldn’t even see the two of them at all, she couldn’t even sense the message!

What surprised her the most was that she had never seen this great formation before her!

She knew that Leng Qiu was from an extraordinary family, and her vision was very high.

But at this moment, there was a formation in front of her that even she had never seen before, which did not take her by surprise.

At the same time, she was also a bit more wary of the mysterious “1”!

Leng Qiu did not know what this formation was, but Lin Ran, who was inside the formation, had already recognized it!

This formation was none other than the Earth Extinction Formation that he had encountered half a year ago when he was assassinated when he left Baki City!

“You’re from the Death Sect!”

Lin Ran lifted his head to look at the figure not far away with a cold gaze!

“You’re very clever! I just cast out the formation and you understand!”

“1” Looking at Lin Ran, his voice was bland and he didn’t even deny it!

“No wonder! No wonder I think I’ve seen your eyes somewhere, what exactly is your relationship with that Death Gate codename 8-5-7!”

Lin Ran asked in a cold voice.

He actually had a guess in his mind, but he still asked it!

“There’s no need to guess, I’m also from the Death Sect, and I’ve appeared here to come and take your life!”

The other party said in a cold voice!

“As for Eight-Five-Seven, that’s the brother who joined the Deadly Clan with me! My code name is none other than Eight-Five-One!”

“Eight-Five-One?”

Lin Ran’s brow furrowed at his words!

Finally! He finally knew who this guy really was, and why he kept targeting himself again!

“If I’m right, that Master Fang! Should be one of your people too!”

Lin Ran suddenly asked.

He had seen Grandmaster Fang when he attended the first selection earlier, and the latter had obviously recognised himself!

But he didn't make a move, although Xue Dongyang and the others were present, if the other party had made a direct sneak attack, I'm afraid that he would have been killed before Xue Dongyang could react!

But Master Fang still hadn't done anything, and now there was a man from the Death Gate, so Lin Ran had to link the two together!

Eight Five One frowned slightly at his words and said in a cold voice!

"You have too many questions!"

"Hehe, it seems that I guessed right!"

Lin Ran smiled at his words but laughed blandly, the reaction to Eight-Five-One's words was clearly that he had guessed correctly.

But when he thought that Grandmaster Fang actually had a relationship with the Death Gate, Lin Ran couldn't help but feel a chill in his heart!

One must know that Grandmaster Fang and Li Jiang of the Luo Ran Trading Firm also had a shallow relationship, and it looked as if that Li Jiang was following Grandmaster Fang's orders!

"Could it be that the strength of this Death Gate has infiltrated the Luo Ran Trading Firm?"

Just thinking about this Lin Ran couldn't help but feel shivers, if that was the case then Luo Qiqi's situation would be very dangerous too!

But when he thought of his current strength, Lin Ran couldn't help but sigh, even if he knew, so what, he was afraid that his strength wouldn't be able to help at all!

"Have you finished asking all the questions you need to ask? Then prepare for your journey!"

Eight Five One's voice suddenly rang out, instantly pulling Lin Ran's thoughts back!

Following this, Lin Ran saw that with a fierce wave of his palm, a huge formation flag instantly appeared directly in his hand!

The formation banner only had a blood-red flag hanging from it, and the pole actually seemed to be made of bones, and it was ghastly white! The overall look was very ominous.

"Sacrificial Soul Sail!"

Eight Five One roared, and immediately heard a loud bang, and the next moment the so-called soul sail in his hand was directly stuck in the ground.

The next moment, the so-called Soul Sail in his hand was thrust into the ground. The palm of Yagyuchi's hand instantly crossed the bone flag pole of the Soul Sail, and blood flew directly onto the blood-red flag!

The next moment the blood fell, the Soul Sail reacted, and the entire flag pole was windless, "brushing"!

Lin Ran watched this vigilantly and soon discovered that as the flag continued to shake, wisps of black mist were seeping out of it!

The black fog appeared so quickly that a large swathe of it gushed out in almost the blink of an eye!

Then, before Lin Ran could react, a miserable scream was suddenly heard from within the entire formation!

The sound was like the roar of a person on his deathbed.

Almost at the same time, Lin Ran saw it! Dozens of spirits tumbled and twisted out of the black mist! They looked just like unjust ghosts!

“A soul sacrifice sail! You’re really sacrificing unjust spirits!”

Lin Ran’s face instantly turned cold as he watched.

If there were so many unjust spirits in the Soul Sacrifice Sail, then how many people did this 8-5-1 kill to make it!

Thinking of this Lin Ran couldn’t help but be enraged, this 8-5-1’s methods were simply two extremes from his!

Lin Ran Fengcheng was a healer of the world! But this 8-5-1’s methods were killing! Sacrificing souls!

Lin Ran finally understood how he and his ancestors could save the people of the world from the dawn of time!

There were too many people who were being persecuted by evil people like the Eight-Five-One, and having the art of healing wasn’t just for him to heal, it was for him to save people!

“Bastard! I will kill you today!”

Lin Ran’s eyes were glowing red and he was obviously completely furious!

Wonder Doctor Chapter 1852

“Kill me? Just you?”

The eight-fifth glance was filled with disdain, and with a wave of his palm, countless evil spirits instantly pounced towards Lin Ran!

Lin Ran’s teeth bared when he saw this, so he sat down on the ground with his knees crossed, followed by his hands joined together and his divine sense exploded out in an instant!

Lin Ran’s divine sense was much stronger than his own strength.

His strength was only at the peak of the Heavenly Mansion realm, but his divine sense was at the peak of the Dao of Enlightenment realm!

The blockage of the Medical Dao Seed only affected his strength, but not his divine sense!

His divine sense instantly diffused out, and Lin Ran struck those evil spirits with a ray of lightning!

The ghosts that were struck by the thunderbolt technique cried out and retreated towards the back, while the weaker ones were even shattered into pieces!

These ghosts were unable to leave the Soul Sacrifice Sail for too long because they had been sacrificed by it.

But under Lin Ran's thunderbolt technique, a large number of them died, which was actually a relief for them!

Lightning is the strongest and most virile thing in the world, and even the legendary Peach Wood Sword is made of lightning wood, which is enough to show how virile lightning is!

With Lin Ran's divine sense, he could deal with these evil spirits at this moment!

"Eh?"

Seeing this scene, the distant Eight-Five-One couldn't help but frown slightly, this Soul Sacrificial Sail was a vicious magic weapon that he had sacrificed at great cost!

But he didn't expect to suffer some losses on this hairy boy today!

"Humph! A little Heavenly Mansion realm and you're still making a fool of me!"

With a cold look in his eyes, the Eight-Five One waved his palm and instantly slapped Lin Ran with a palm wind!

Lin Ran was busy dealing with those unjust spirits, when he saw this palm strike, he couldn't help but have a chill in his eyes.

In an instant, his divine sense swept over in all directions with him as the centre.

"Rumble!"

The beast thunder instantly filled out forcing back all those unjust spirits around him!

At the same time, Lin Ran's palm slammed the ground and he rose up into the air, following his palm towards the banging fist wind of the 8th Five!

"Bang!"

In the next moment, Lin Ran's palm wind directly met Yagyuichi's palm wind.

The two forces instantly collided, and Lin Ran took several steps backwards!

On the other hand, 8-5-1's palm wind also dissipated in an instant!

"Hm?"

Seeing this result, Yagyuichi couldn't help but frown slightly, this wasn't the result he wanted to see!

On the contrary, a smile appeared at the corner of Lin Ran's eyes!

"That's true!"

Lin Ran looked at Eight-Five-One and smiled!

“Eight-Five-Seven’s strength is at the Extreme Dao Realm! You yourself should be at the Extreme Dao Realm as well! It’s just a pity that in this landscape scroll, your strength is only at the Heavenly Mansion realm!”

“So what if it’s the Heavenly Mansion realm! Some people’s strength can’t be suppressed by realms!”

Eight-Five-One said with an icy expression on his face.

Lin Ran, however, said with a snort!

“Is that so? Then let me see your true strength!”

This qualification selection was originally only for those at the Heavenly Mansion realm, and Eight-Five-One was a member of the Death Sect, and had joined the Death Sect in the same batch as Eight-Five-Seven! Naturally, his strength was also at the Extreme Dao Realm!

It was a pity that within this landscape scroll, his strength was suppressed to the Heavenly Mansion realm, if he was still at the Extreme Dao realm then there was no way Lin Ran would have been able to take that slap!

“You seek death! Then I’ll make you whole!”

With an icy cold face, the next moment the palm of his hand made a violent move, followed by the flag sail of the Soul Sacrifice Sail shaking violently.

At the same time, a huge black shadow rushed out from inside!

The black shadow was so huge that it instantly took up a small part of the formation’s area as soon as it came out, and it was impossible to see clearly what it was as the black gas filled the surroundings!

“Ghost Blade! Go and kill him!”

Suddenly, 8-5-1’s voice came from ahead.

Following this, Lin Ran saw that the black mist was actually slowly compressing, while a figure gradually revealed itself.

It was a slim young man, wrapped in a black aura that made it impossible to see his clothes clearly, and there shouldn’t be any clothes on his implementation either!

Coming out from within the Soul Sacrifice Sail, it was obvious that this youth was also an evil spirit, except that this youth’s figure was so staid that it looked just like a real person!

If it wasn’t for the strong aura of resentment emanating from his entire body, Lin Ran would have thought that this fellow was a living human being!

“Leave it to me, master!”

That Ghost Blade’s voice was extremely hoarse, and as he spoke, he lunged straight towards Lin Ran!

One of his hands slowly poked out of the black mist, and Lin Ran immediately saw that a huge long blade had been pulled out of the black mist!

The long blade was also covered in black mist, and it looked like it was condensed out of resentment, and its resentment was so powerful that it was extraordinary!

Seeing this scene, Lin Ran couldn't help but frown slightly, and immediately mobilized all the beast thunder in his body, facing such an evil thing, he feared that only the beast thunder could suppress it!

"Give me death!"

As soon as he said that, the Ghost Blade had almost reached Lin Ran the moment he drew his long black blade.

And then without saying a word, he raised his hand and slashed straight at Lin Ran!

"Get the hell out of here!"

Lin Ran roared, his entire body instantly filled with lightning, and he blasted straight towards the Ghost Blade!

"Bang Bang Bang!"

The two collided, and instantly Lin Ran's beast thunder was split apart by the Ghost Blade, but the beast thunder was still suppressing the evil Qi after all!

The Ghost Blade's power was quickly suppressed, and the whole man hurriedly retreated back!

But this slash of his also showed Lin Ran how terrifying his opponent was.

If he hadn't had the beast thunder, he would have been the victim of his sword!

If this girl was here, with the Heavenly Lightning in her body, she would have been able to suppress this ghostly blade and not dare to use the Soul Sacrifice Sail.

But one could only think about it, after all, that was someone else's Heavenly Lightning, not his!

"Ai!"

Thinking of this, Lin Ran also sighed helplessly, shaking such useless thoughts out of his head!

And just as he was thinking about it, the Ghost Blade in front of him was already making a comeback, even this time directly sucking all the other unjust spirits around it into its own black mist!

Lin Ran could clearly see that after absorbing the other iniquitous souls, the black fog dagger in the Ghost Blade's hand had clearly skyrocketed by a large margin, and even its breath had skyrocketed by a large margin!

"The strongest strike?"

Lin Ran frowned slightly as he watched, not daring to be the slightest bit lax as he immediately mobilized all of the True Qi within his body, along with all of the Beast Thunder as well!

In the next moment, the true qi carrying the Beast Thunder directly formed a pillar of light and blasted directly towards the Ghost Blade in front of him!

"Die!"

At this moment, the Ghost Sword was also incomparably furious, having devoured other iniquitous souls seemed to have made him extremely confident in his own strength!

With a swipe of the black fog blade in his hand, he slashed straight towards Lin Ran!

“Rumble!”

The two collided, and instantly a terrifying energy swept straight out in all directions!

Lin Ran even saw that the black fog around him was instantly dispersed, revealing a thin layer of the formation, while outside the formation layer Leng Qiu was staring nervously in his direction at that moment!

She couldn't seem to see what was going on inside, and was just staring intently without moving.

Wonder Doctor Chapter 1853

The white pillar of lightning instantly collided with the Ghost Sword's black mist blade.

The next moment, a loud “rumbling” sound rang out from within the entire formation.

Lin Ran saw that his pillar of light instantly collided with the Ghost Blade, but this guy didn't really fly backwards, instead, he kept shattering his pillar of light, and for a while the two were at a standstill!

“This guy is almost becoming a spirit!”

Seeing this scene before him, Lin Ran couldn't help but feel a sudden surge in his heart.

There was no doubting the strength of this Ghost Blade, to be able to fight Lin Ran like this with the body of an unjust soul was really something!

He had to know that Lin Ran's attack had Beast Lightning attached to it, which was a type of lightning that was very restraining to iniquitous spirits, and this was evident from the moment Lin Ran swept through the many iniquitous spirits!

But this Ghost Blade was able to fight Lin Ran to such an extent with his ghostly body, which was enough to show how extraordinary he was!

“An unjust soul is only an unjust soul after all, no matter how strong it is, it's still an unjust soul, today I'll cross you!”

Lin Ran coldly snorted, his eyes instantly freezing cold as he raised his hand and waved, the already violent pillar of light swelled again and directly engulfed the Ghost Blade!

At this point, the Ghost Blade was completely invisible, and Lin Ran could only tell by the explosive sound coming from in front of him that this guy hadn't been blown to pieces!

But in front of Lin Ran's powerful attack, the Ghost Blade was unable to advance even a bit, and only kept splitting the power of the pillar of light apart.

Neither one could do anything to the other for a while!

“This kid really has two brilliance!”

From afar, the Eight-Five-One quietly watched the scene before him, and his face could not help but gradually freeze cold!

Although he was careful about his own strength, one thing Lin Ran had said earlier wasn't false!

That was that within this Landscape Scroll, he was only at the Heavenly Mansion Realm thing, even if he had reached the Extreme Dao Realm outside, but in this Landscape Scroll and Lin Ran's strength were actually not much different!

Leng Qiu was strong enough, right, and he was just a little stronger than Leng Qiu, but in the end, he was only at the Heavenly Mansion realm.

If Lin Ran's strength was on the same level as Mai Yang's, he might not have been able to withstand the attack of the Ghost Blade!

But obviously, Lin Ran's strength was much stronger than theirs, even weaker than Leng Qiu's!

It was just that Lin Ran had been unobtrusive before, so no one even knew how strong he really was!

"Bang bang bang!"

The clash in front of him continued, but Lin Ran clearly felt that the Ghost Blade's attacks were no longer as fierce as before!

With the constant consumption of the pillar of light, the Ghostblade's power was gradually weakening, and with the restraint of the Beast Thunder on him, it was only a matter of time before he fell!

The Ghost Blade's attack was all about dominance, if he couldn't break through Lin Ran's defences to kill him in the first place!

This was clear not only to Lin Ran, but also to 851!

"As expected of a kid who could kill Eight-Five-Seven, it seems that I still underestimated your strength!"

Eight-Five-One's voice was bland, the icy coldness in his eyes gradually becoming thicker, clearly he had run out of patience and was ready to move in for the kill!

Even the Ghost Sword couldn't help Lin Ran, so he would have to rely on his own!

The first thing that happened was a loud "bang" in front of him, followed by a sinking heart.

It was obvious that his limit had been reached and it was impossible for him to resist the power of the light pillar!

The Ghost Blade flew backwards, and a harsh scream rang out instantly, followed by Lin Ran seeing countless black mists rushing out from the Ghost Blade!

The black mist flew in all directions, and each strand of it contained a spirit of injustice!

The ghost blade was actually blasted directly by Lin Ran's pillar of light, spitting out all the injustice souls it had swallowed before.

Seeing this scene Lin Ran couldn't help but sigh in relief, even the injustice souls had been spat out, then this ghost blade could be said to be completely defeated.

"What other tricks do you have, just come out!"

Lin Ran raised his head to look at the distant Eight Five One, his eyes sharpened!

Eight Five One did not answer with a tight frown, his eyes staring coldly at Lin Ran for a long time before he suddenly spoke.

"You really deserve to be the one to kill Eight-Five-Seven, but do you really think that I can't help you in this landscape scroll?"

With that, Eight Five One waved his palm, and instantly the distant Soul Sacrifice Sail actually flew directly towards him right in the middle of what he said!

At the same time, the countless unjust souls around him began to cry out in ghostly tones!

"Even if my strength is suppressed to the Heavenly Mansion realm, but to kill you! It's not a difficult task for me at all!"

"My interest in you is also gone, so prepare to die next!"

As soon as the words fell, in an instant, Eight Five One actually directly thrust the Soul Sacrificial Sail in his hand into the back only on.

In an instant, the flag of the Soul Sacrificial Sail bristled without wind!

At the same time, countless ghosts and spirits in the surroundings, mixed with black air, all surged towards 8-5-1!

The figure of 851 was instantly swallowed up by the mad rush of black gas and disappeared into the black mist!

But Lin Ran's gaze didn't even turn as he stared dead ahead, he could feel that 8-5-1 hadn't moved, he was right where he was, only obscured by the black fog around him!

"Rumble!"

Sure enough, as the black fog continued to converge towards 8-5-1, a crackling sound soon came through.

Followed by a black shadow appearing in the black mist, he was stocky and imposing!

But what shocked Lin Ran was that the black shadow within this black mist was still growing!

In just a blink of an eye, it was almost as tall as the formation, standing in front of Lin Ran as if it were a huge mountain.

The black fog around him also began to thin out as the black shadow continued to grow.

In less than a minute's time, the black fog around him had completely dissipated!

What appeared in front of Lin Ran instead was a huge figure with a hideous and distorted face that didn't look like a human being at all!

Instead, it looked like a monster, but Lin Ran clearly felt the aura of 851 from the other side!

"Relying on devouring unjust souls to ever strengthen your own evil arts, it seems that your Death Sect really has no bottom line whatsoever!"

Lin Ran's fists unconsciously clenched, his eyes filled with killing intent!

At first, it was fine for the Ghost Blade to devour those unjust souls, after all, this guy was also an unjust soul!

But now the other injustice scriptures, including the Ghost Blade, had actually been swallowed by this Eight-Five-One, which made Lin Ran very unrecognisable.

To kill so many people, to claim their souls and refine them into unjust souls, just to enhance one's own strength, this was no longer an evil art, it was simply a heartless practice!

"Bottom line? The bottom line for me is to kill all those who disobey!"

Eight Five One's voice boomed, his hoarse voice dripping with killing intent.

He took a step out instantly the entire ground trembled, and the aura that permeated his entire body caused Lin Ran to feel a slight palpitation in his heart!

Lin Ran was busy looking up and around, and found that the landscape scroll seemed to be trembling vaguely, but there was never any suppression appearing against this 8-5-1!

Obviously this fellow's strength was still at the Heavenly Mansion realm at this time, and hadn't touched the bottom line of the Landscape Scroll!

But the strength of this fellow had completely surpassed Lin Ran's knowledge of the Heavenly Mansion realm, in other words, this 851's strength had probably reached the limit of the Talent realm!

If he was even a little stronger, he would probably surpass the Heavenly Mansion Realm and cause the Landscape Scroll to recoil!

Wonder Doctor Chapter 1854

"Boy! You can go to hell!"

At this moment, the Eight-Five-One's entire body's aura was monstrous, and his voice boomed out as he raised his hand and slapped down directly towards where Lin Ran was!

Seeing this, Lin Ran did not dare to be reckless and dodged with a dodge.

But just as he dodged, the place where he was standing was instantly split open, and a huge palm print instantly appeared on the ground, showing the general power!

Lin Ran was standing in the distance at this moment, looking at the cracked ground behind him, his entire body couldn't help but gag!

“This is really powerful, no wonder he couldn’t break the Golden Bell Grand Formation with his own strength!”

Lin Ran couldn’t help but say to himself.

With the facts in front of him, he couldn’t admit it even if he didn’t want to, this 851 was indeed stronger than him, even if he was suppressed at the Heavenly Mansion realm, his strength was still stronger than his own!

Not to mention the fact that at this moment, he had devoured countless unjust and severe spirits such as Ghost Blade!

With his strength reaching such a level that was almost the limit of the Heavenly Mansion realm, even Lin Ran’s heart couldn’t help but start to worry!

“Kid! Suffer death!”

The eighty-five slaps fell short, then lifted a foot and stomped straight down on Lin Ran!

Lin Ran didn’t dare slow down and hurriedly dodged, but the space within the formation was very limited, and this Eight-Five-One was indeed too big at the moment!

Lin Ran hadn’t gotten very far before he was knocked to the ground by his foot, and then a huge black shadow came crashing down on him!

Only when he looked at Lin Ran did he realise that the huge black shadow was actually a foot, and that 8-5-1 seemed to be preparing to stomp himself to death!

“Bastard!”

Lin Ran couldn’t help but curse in anger, if he was killed by his opponent’s foot, it would be too wrong, and the way he died was too unpleasant to think about!

Lin Ran turned around on the ground and prepared to dodge!

However, just as he rolled out from underneath the shadow of the huge foot, a black light stabbed down directly above him!

Luckily, Lin Ran was quick enough to see the situation and rolled back under the shadow of his feet, thus narrowly avoiding the black light!

But even though he had dodged the light, the huge foot was already less than five metres away from him!

Seeing that it was no longer possible to dodge the palm, Lin Ran gritted his teeth and his full aura exploded, raising his palm and instantly slapping it towards the palm of 851!

“Bang Bang!”

Two muffled sounds came out, followed by Lin Ran feeling a sudden surge of pressure on both arms, but to his relief, as his palms strained, the huge foot shadow finally came to a halt!

However, as Lin Ran struggled to support himself, a crackling sound erupted between the two, and gradually Lin Ran felt that he could not support himself any longer!

The pressure from 851 was like a huge mountain that was weighing him down, even though he had mobilised his true qi to the limit!

But he knew clearly that he could not support himself for long, because the true qi in his body was no match for his opponent!

Even his own invincible Beast Thunder was almost negligible in its suppression of the 8-5-1 in front of him!

This made Lin Ran's heart extremely desperate!

"Kid, you're crazy! He has swallowed countless unjust souls, your Beast Thunder can't deal with him at all!"

Just as Lin Ran was feeling a little desperate in his heart, suddenly Lei's voice actually pierced through!

"His strength has clearly been suppressed to the Heavenly Mansion realm, so why is he still so strong!"

Lin Ran asked as he struggled to hold on!

"Nonsense!"

Lei said, quite speechlessly!

"Strength suppression is only suppressing his true qi, it's not like it will suppress the evil spirits, if his strength hadn't been suppressed to the Heavenly Mansion realm, this kick would have finished you off already!"

"Then what should I do!"

Lin Ran couldn't help but ask, at this point he was truly out of options!

Lei smiled and was silent for a moment, then said!

"It's not like there's no way out, as long as you can get the Heavenly Lightning, with the suppression of the Heavenly Lightning on the Injustice Liege, you'll be able to break his technique of devouring the Injustice Liege!"

"When that time comes, the iniquitous spirit will recoil, he will definitely be seriously injured, and then it will be your time to strike back!"

"Heavenly thunder? Where am I going to find Heavenly Lightning!"

Lin Ran was speechless, this guy's words were just like not saying anything!

"Are you kid stupid, isn't there a ready-made one outside the needle technique!"

Lei said breathlessly.

Lin Ran was stunned at his words, and busily turned his head to look outside the formation, and instantly saw Leng Qiu staring grimly at the formation, not moving a muscle!

“She?”

Lin Ran instantly woke up, yes! Leng Qiu had the Heavenly Lightning inside her!

But this ninny was willing to lend it to him?

“What are you hesitating for? Even God can’t save you if you don’t!”

Seeing that Lin Ran was still hesitating, Lei immediately scolded him!

“Let’s do it!”

Lin Ran gritted his teeth and at that moment, his whole body lashed out, directly lifting the huge foot shadow upwards a few points, followed by a donkey’s roll and rolled out from underneath it!

As soon as he left the range of his paws, he felt a strong wind gusting above his head, so he dared not delay and dodged the incoming black light with a side-step, then rushed towards Leng Qiu’s direction!

“You want to get out? You want to die!”

Seeing this, the Eight-Five-Year-One came straight at Lin Ran with a palm strike!

Lin Ran, however, continued to charge in the direction of Leng Qiu regardless!

The formation was not very large, so Lin Ran had reached the edge of the formation in a few steps!

Behind him, the wind of 8-5-1’s palm was already coming!

In the nick of time, Lin Ran turned sideways and narrowly dodged the wind!

The next moment, there was a loud bang, and the wind of 851’s palm hit the formation instantly!

The entire formation instantly shook, and the next moment, a crunching sound was heard as the entire formation was actually shattered by his palm!

“Huh?”

Seeing this scene, Eight Five One couldn’t help but frown slightly, but at this moment, it was useless to say anything, because the formation had completely collapsed!

“Good opportunity!”

Seeing this, Lin Ran was busy rolling up from the ground and rushing out towards the exit of the formation, not having the slightest time to care about his injuries!

Although he had just dodged the palm wind, the explosion from the palm wind landing on the formation had blasted him solidly.

The moment he broke out of the formation, he saw that Leng Qiu was backing up quickly, obviously alert to the situation inside the formation!

Lin Ran didn’t have time to think about it, and immediately rushed towards Leng Qiu, shouting at the same time!

“Leng Qiu, help me, I need the Heavenly Thunder!”

“Huh?”

Leng Qiu was stunned at the words, followed by her pretty face instantly turning red again.

“Get lost! Stinking rascal!”

“I really need the Heavenly Thunder!”

Lin Ran said speechlessly, while he had already felt a strong wind coming from behind him, apparently it was Eight-Five-One that had followed him out!

“Listen to my explanation, that guy is from the Death Sect, you don’t come from an extraordinary background you wouldn’t have never heard of the Death Sect!”

Lin Ran shouted, he wasn’t sure if he could get Leng Qiu to take out the Heavenly Thunder for no reason, so he simply told him the true identity of 8-5-1!

This trick really seems to have worked, Leng Qiu heard the words frowned slightly busy turning her head to look at the back of the eight five one, the more she looked at her frown closer and closer!

The more she looked at him, the closer her frown became! The eight five one saw the suit and knew the situation was not good, so without further ado, two black lights shot out straight at Lin Ran and the two of them.

This time it was even Leng Qiu who wanted to kill them with one hand, to get rid of this scourge for himself!

Wonder Doctor Chapter 1855

“Hmm?”

Leng Qiu had originally been a little hesitant, after all, she couldn’t conclude whether or not it was true based on Lin Ran’s side of the story alone!

But at this moment, seeing that huge ghostly shadow actually strike out at herself as well, her heart instantly went cold!

“Give me a go!”

Leng Qiu waved her palm, and instantly a huge heavenly thunder filled out and headed straight for the Eight-Five-One!

“Holy shit!”

Lin Ran was in the middle of the two at this moment, and seeing this, he hurriedly sidestepped and dodged.

“Rumble!”

The heavenly thunder almost missed Lin Ran’s shoulder and rushed past, instantly striking the Eight-Five-One behind him!

Lin Ran was busy turning his head to look, only to see that the Heavenly Lightning had unevenly struck Eight-Five-One's chest.

Although this Heavenly Lightning was a weakened Heavenly Lightning, it was still a Heavenly Lightning by nature, and was far more suppressive than his own Beast Lightning on Eight-Five-One!

But Leng Qiu's control of Heavenly Lightning was not enough after all, and she was able to possess this Heavenly Lightning itself only with the help of the elders of the clan!

Although the suppression of 8-5-1 was sufficient, it only caused 8-5-1 to retreat a few steps, but no other injuries were caused at all!

"Roll!"

Eight-Five-One roared in anger, and his fist blasted directly on top of the Heavenly Thunder.

In an instant, the Heavenly Thunder was directly blasted to smithereens, and even Leng Qiu in the distance sputtered out a mouthful of blood as his body instantly fell back a dozen metres!

"What the hell is this guy!"

Leng Qiu asked angrily as she managed to stabilise herself, covering her chest!

That blow just now had injured her along with it, and although it wasn't very serious, it had made her see clearly the gap between herself and her opponent!

She was desperate to know the truth!

"Didn't I tell you, this guy is from the Death Sect, he's devoured countless grievances, if you don't lend me the Heavenly Thunder, we'll both be doomed!"

Lin Ran urged.

"What's it to do with me! It's you he wants to kill!"

Leng Qiu retorted, she really didn't want to lend her Heavenly Lightning, let alone the fact that her own Heavenly Lightning was so precious before she got it!

She didn't want to experience that palpitating feeling when Lin Ran twitched his Heavenly Lightning before!

She was really afraid that if she had to experience that palpitating feeling twice, she wouldn't be able to stop herself from having a heart attack!

"What time is it that you're still hesitating!"

Seeing that Leng Qiu was silent, Lin Ran couldn't help but urge!

"You!"

Leng Qiu was instantly blocked into silence, but Eight Five One wasn't giving them much time!

While Leng Qiu was torn, Eight-Five-One had already rushed to the two of them and raised his hand and swept straight across!

This guy was so huge that he didn't need any weapon at all, and the destruction he caused with a raised hand was enormous!

"Quickly dodge!"

Lin Ran shouted as he saw this, while hastily dodging towards the side himself, yet this time, although he had dodged the attack of the Eight-Five-One!

However, the latter's breath exploded instantly, directly sending Lin Ran flying backwards, while a mouthful of fresh blood spurted out.

Leng Qiu was farther away and was in a better position, but she was also in a very bad way!

"Missy, what are you hesitating for, he won't let you go, he won't stop until both of us are killed if his identity is exposed!"

Lin Ran shouted busily as he endured the sharp pain in his chest!

"But!"

Leng Qiu still had some hesitation, yet before she could finish her sentence, that Eight-Five-One actually blasted towards her with a single punch!

Even if this guy wanted to kill himself, there was no need to leave Lin Ran alone and strike at himself first!

After all, Lin Ran was the closest to him!

"Are you stupid!"

Seeing that Leng Qiu was frozen in place, Lin Ran rushed straight over, and the moment the wind from Eighty-Five's fist hit Leng Qiu, he directly wrapped his arms around him!

The two of them narrowly avoided the punch, but 8-5-1 wasn't stupid either, the wind of the punch exploded instantly, sending Lin Ran and Leng Qiu flying backwards!

Lin Ran blocked Leng Qiu with his back, and instantly a mouthful of blood spurted out again, and the two of them rolled in a ball for more than ten metres before stopping!

"Are you alright?"

Leng Qiu was terrified, her hands were covered in Lin Ran's blood!

"Quickly lend me the Heavenly Thunder, if you keep dragging it out, it'll be over!"

Lin Ran was busy urging, his situation was already very bad at this point, if this nee-san continued to stall, by then, even if he lent himself the Heavenly Thunder, he wouldn't have the strength to use it!

"I!"

Leng Qiu still had some hesitation.

Lin Ran couldn't help but show a hint of despair at this!

"I say, Eldest Miss, what time is it! What the hell are you hesitating for, I don't want it! Isn't the Heavenly Lightning Thunder Seed still in your possession!"

Lin Ran said speechlessly!

"Alright, just lend it to you!"

Leng Qiu was also anxious and glared at Lin Ran, then with a wave of her palm, the Heavenly Thunder arc came out!

"Don't resist!"

Lin Ran saw this and didn't bother with nonsense, instantly mobilizing the Thunderfall Technique to directly wrap Leng Qiu's thunder arc towards the outside and pull it!

"Weng!"

Leng Qiu instantly felt her heart beating faster, and her pretty face couldn't help but blush as she looked at Lin Ran!

But she gritted her teeth and didn't say a word, only staring at Lin Ran with a deadly gaze, as if she wanted to skin him and pull his tendons out!

"Bastard you remember, if you dare to negate me, I'll kill you!"

Suddenly, for no apparent reason, Leng Qiu came out with these words, and after she finished speaking, even she herself froze, she was busy covering her mouth with a face of shame and anger!

"Ah? What did you say?"

Lin Ran was at a loss, he hadn't heard what Leng Qiu was saying when the enemy was at hand!

"What are you talking about? Hurry up and kill him!"

Leng Qiu urged in a red voice!

Lin Ran thought that Leng Qiu was injured, but her face was red because her Qi and blood were in disorder.

This is the time to violently cut the connection between the Heavenly Thunder and Leng Qiu, towards the rear of the eight five one blasted over!

As soon as the connection between the Heavenly Thunder and Leng Qiu was severed, the latter instantly felt an empty nagging feeling in her heart, a sense of indescribable loss!

She looked at Lin Ran, only to see that Lin Ran was manipulating the Heavenly Lightning towards 8-5-1!

"How can this guy use Heavenly Lightning so exquisitely, he's even better than me! Doesn't he only have beast thunder?"

Leng Qiu looked puzzled, but she couldn't even think about it at this critical moment!

In the blink of an eye the Heavenly Lightning had blasted at the Eight-Five-One, and Lin Ran's possession of the Thunderfall Technique had almost brought the power of the Heavenly Lightning to its fullest!

Without wasting a single strand, every single one of the thunderbolts struck 8-5-1!

At first, this fellow was able to resist with his great strength, but soon this fellow's entire body began to tremble.

Countless black qi began to gush out from his body, more and more quickly!

At a certain moment, there was a loud "Bang!" At a certain moment, there was a loud bang, and the countless black qi seemed to explode. It all gushed out from 8-5-1's body in a single stream.

"Good opportunity!"

Lin Ran was overjoyed at this and manipulated the roiling Heavenly Thunder to envelop all of the countless black Qi.

In an instant, screams of misery were heard, causing Leng Qiu's heart to tremble as he took two steps back!

"Bang bang bang!"

Finally, countless unjust spirits and evil spirits began to be unable to resist the suppression of the heavenly thunder to explode themselves one after another, and even the eighty-five-one among them were blasted all over with blood and flesh and were badly injured!

Wonder Doctor Chapter 1856

"Die, you bastard!"

With a roar, his entire body was filled with black light, as if a wave was sweeping out in all directions.

"Bang!"

In an instant, the entire landscape scroll fell silent, only a terrifying force swept out in all directions with One Eighty-Five One at its centre!

Lin Ran and Leng Qiu were lifted off the ground almost instantly, and the energy directly flattened the weeds wherever it passed!

The entire landscape scroll fell into silence for a long time, without any sound.

When Lin Ran and Leng Qiu stood up with their heavily injured bodies, they realised that not far from there, Yagyuichi was also standing there, only that he was in a very similar situation to Lin Ran.

He looked extremely miserable, with his black robe torn and tattered, even revealing white bones in some places!

He stood in the same place panting heavily, apparently just getting over it, that beam of heavenly lightning from Leng Qiu was so powerful that it caused him no less serious damage than the two of them were in this situation!

"What now?"

Leng Qiu's body couldn't stop trembling as she held Lin Ran's shoulders, the injuries she had sustained were not light either!

"What can we do? We've fought to this point, we can't stop! Let's just kill him!"

Lin Ran said, while already taking out his Frost Condensation Sword with his backhand!

"Good!"

Leng Qiu saw this and didn't say anything, raising her hand and instantly the heavenly thunder flashed, the two of them didn't hesitate in the slightest and blasted straight towards the eight five one in front of them!

"Seeking death!"

Eight Five One's gaze burned as he watched the two of them move, obviously enraged as well, only to see him violently raise his hands, followed by two surging black Qi instantly filling out, sweeping directly towards Lin Ran and the two of them!

"Die!"

Lin Ran's eyes filled with blood, and with a roar of rage, his longsword immediately cut out in his hand, and several sword rays headed straight for 851!

Leng Qiu did the same, as she flung her palm, and a thunderbolt as thick as her arm instantly struck straight ahead!

The two sides' attacks collided almost instantly, and the terrifying energy clash instantly swept both sides backwards.

Lin Ran and Leng Qiu almost fainted, they had already been badly injured before, and they were only holding on by their breath at this moment, so they didn't faint!

The two of them helped each other to stand up, and when they looked ahead, they saw that the eighty-five men were standing motionless, as if they had become stone statues!

If it wasn't for the blood still pouring out of his wounds, they would have thought that what they were standing in front of was a statue!

"Ka ka ka!"

Suddenly, a crisp sound came out, followed by Lin Ran and the two of them seeing that 8-5-1 had actually gone straight down towards the back!

"Bang!"

With a heavy thud on the ground, the Eight-Five-One completely lost his life!

However, just when Lin Ran thought that everything was going to be over, suddenly a black light flew out from the body of Yagyuichi and was about to fly out towards the top of the landscape scroll!

"Not good, that's his soul!"

Leng Qiu exclaimed, but at this moment, Lin Ran had already made his move!

He had seen a lot of things like people dying and wanting their souls to escape, from the moment 8-5-1 fell his divine sense had already covered the surroundings, waiting for his soul to appear!

“Give me extermination!”

As Lin Ran’s voice rang out, a surging wave of divine sense swept out in an instant, sweeping directly towards the black mass of soul light from all directions.

Leng Qiu only saw a ripple appear in the sky, and then it swept towards the black mass of light, and the next moment the black mass of light instantly exploded with a bang, and was directly obliterated into pieces!

“It’s over?”

Leng Qiu breathed a long sigh of relief and sat down on his butt, just like a deflated ball!

But just when Lin Ran thought that it was over, suddenly, within the black mass of light that was obliterated, another even smaller black stream of light rushed out.

And this black light was so fast that it had already rushed out several dozen meters the moment Lin Ran noticed it!

“Hey he’s not dead!”

Cold Qi shouted as he saw this.

However, Lin Ran shook his head and said.

“It’s useless, that thing’s divine sense can’t even detect it, it’s not a living thing!”

“Not a living thing? Then what is it?”

Leng Qiu asked busily.

Lin Ran smiled and thought for a moment, then said!

“That thing should be for transmitting messages!”

“You can be sure?”

Leng Qiu was sceptical.

Seeing this, Lin Ran didn’t hide and explained.

“I once encountered an ambush by one of his companions before coming to Xue City again, and I could never figure out why someone was after me when I arrived later!”

“Now that I think about it, it should be because I was too careless at the time and ignored this thing, which is why I let the other party pass on the news!”

The person Lin Ran was referring to who was chasing him was naturally that Master Fang.

In retrospect, Lin Ran found that everything seemed to make sense, according to his speculation this Grandmaster Fang must also be a member of the Death Gate!

It was the black stream of light that had passed out the message before the death of 857, and that was why he had been assassinated by Li Jiang, who was obviously one of Grandmaster Fang's men!

Master Fang saw that he had no chance in the Xue family, so he simply sent Eighty-Five One to blend in with the selection, which led to the current scene!

And if you think about it this way, it seems that everything is connected and the truth is clear!

"I didn't expect you to have gone through so much along the way!"

Leng Qiu said with some real envy in her eyes.

As a member of a large family, she naturally had someone to protect her during her visit to Xue City, so she naturally hadn't experienced this kind of experience before!

"All right, thanks a lot this time! Now there are only two of us left, so I guess the qualification selection will soon be over!"

Lin Ran breathed a long sigh of relief, the result was finally good, at least she had gotten a spot!

"Right!"

Leng Qiu smiled as if she remembered something, and busily waved her hand to bring over the jade talisman scattered in the distance, and then threw it to Lin Ran!

"What does this mean?"

Lin Ran didn't understand, at this moment, he and Leng Qiu were the only two people left in the entire Shan Shui space, even if he didn't have a single jade talisman, he could still qualify!

"You can take it, otherwise it would be so unattractive if the two of us had too much difference between our jade talismans after we got out!"

Leng Qiu laughed, only the smile was really a bit hard, as if she had never laughed like this before!

"What's this?"

Lin Ran took the jade talisman and felt a little amused, this ninny was actually caring about her face!

"You're not allowed to think too much, I just think that you've given a lot to kill that guy too, you shouldn't The credit is all mine alone!"

Leng Qiu was busy saying, only this pretty face is more and more red a few points!

"Really?"

Lin Ran smiled and could not help but feel amused, this niece's attitude at this time was like being a thief, her pretty face flushed with an indescribable charm!

And most importantly, at this moment, Leng Qiu and the previous kind of arrogance is simply like two people, the gap is really a bit big!

Wonder Doctor Chapter 1857

“Rumble!”

As the two of them were talking, a ripple suddenly appeared in the mid-air within this landscape space.

This ripple quickly enlarged and followed to form a vortex, which was obviously supposed to be the exit!

“It’s finally over!”

Lin Ran couldn’t help but take a long breath as he looked at the vortex, although he had only been in this landscape space for a day, it had been a truly wonderful experience!

“Let’s go!”

Lin Ran greeted and prepared to leave.

Next to him, Leng Qiu suddenly spoke.

“Wait a moment!”

“Hm?”

Lin Ran felt curious at his words and looked at Leng Qiu wondering what she wanted!

Leng Qiu looked at Lin Ran and nudged her mouth for a moment before asking!

“Do you really want the divine lightning?”

Lin Ran was stunned at his words and then nodded, but in his heart he was a little surprised, why was this ninny asking herself this question? Could it be that she was still prepared to give herself her divine lightning?

As the thought was going through his mind, Leng Qiu spoke up!

“This is for you!”

With that, Leng Qiu actually took out a jade ring and handed it to Lin Ran!

“What’s this?”

Lin Ran looked a bit puzzled, this ring was clearly a lady’s ring, what did it mean to give himself a ring like this?

“Kid, you don’t even know this, it’s a token of love!”

Suddenly Lei’s voice rang out in Lin Ran’s mind!

“I pooh!”

Lin Ran didn’t have the good grace to say back, but this heart was also a little hairy.

He looked at Leng Qiu, only to see the latter’s head lowered and her pretty face slightly red at this moment, as if she really meant to give a token of affection!

“That, girl! This ring of yours still wouldn’t really be?”

Lin Ran asked tentatively.

Leng Qiu smiled but her pretty face turned even redder as she jerked her head up and said!

“There’s a map within this thing, and it contains a kind of record of where this kind of heavenly lightning of mine is located, so if you’re interested you can go and find out!”

After saying that, Leng Qiu’s pretty face had turned red to the base of her neck, and immediately turned around and ran towards the vortex!

“This

Lin Ran looked helpless, although Leng Qiu didn’t say outright that this was a token of love, but the map within this thing was obviously very precious!

Otherwise, Leng Qiu wouldn’t have carried it with her, but at this time it was actually

“My God, this Neezi should not return really to me

Lin Ran felt a little chill down his backbone, is there still less women around him? Uh although it’s true that none of them are around now!

But he really doesn’t want to provoke others, especially since this Leng Qiu is still from the immortal world, if he leaves in the future, he can’t bring her home as well!

“Forget it, I’ll be going to East Flag City soon anyway, maybe we won’t see each other then!”

Lin Ran consoled himself, if he was on Earth he wouldn’t want this from her!

However, he was now in the Immortal World, and he had been qualified for the selection of this Xue City.

It was only a matter of time before he entered the East Flag City Sect and broke through to the Heavenly Mansion realm, and having a map that recorded the Heavenly Thunder was a great opportunity for him!

Thinking of this, Lin Ran had the cheek to accept it!

“Hey! What are you still standing around for, let’s go!”

Suddenly Leng Qiu’s voice came from in front of him, Lin Ran was busy looking up, only to find that this ninny had actually reached the exit.

Moreover, the rippling vortex had clearly started to gradually become smaller, apparently this exit was about to close!

“Here it comes!”

Lin Ran was busy greeting, and immediately ran towards the front!

.....

A moment later, outside the landscape scroll, when Lin Ran and Leng Qiu reappeared, loud applause erupted from above the entire square!

Lin Ran and Leng Qiu swept their eyes over the people present and found that at this time most of those left behind were some of the residents of Xue City and there were already very few cultivators!

And now and then these people's eyes would even look at the Heavenly Ranking Stone next to them!

Lin Ran was curious and looked over, and when he did, he found that he was the one who was in first place on the Heavenly Ranking Stone!

The word "old man" was directly in first place, while Leng Qiu's name was in second place!

"You?"

Lin Ran felt incredulous and was busy turning his head to look at Leng Qiu.

Leng Qiu spat out her tongue without saying anything, clearly having acquiesced!

"Don't you really fall for me!"

Lin Ran screamed in his heart.

Previously, in the Shan Shui space, he didn't have as many jade talismans as Leng Qiu's at all, although he had later killed the Eight-Five-One and he had obtained his opponent's jade talismans!

But Leng Qiu's would not be much less than his own, the difference should be in the region of a dozen or so!

But the difference between the jade talismans on the Heavenly Ranking Stone at this moment was over a hundred!

Obviously this girl had secretly given Lin Ran some more jade talismans when she finally gave them to him!

"Don't you guys all like to be first! I'm qualified anyway, so I'll give it to you!"

Leng Qiu laughed!

Lin Ran's heart trembled as he heard this, he had seen this girl's competitive personality before!

But at this moment, she would actually take the initiative to give up the first place, this was too big a change!

"Kid, don't try to be nice when you've got the advantage, that Leng Qiu obviously has her eye on you!"

"So what? Thinking about becoming a son-in-law? I'm afraid the family behind this Leng Qiu is somewhat powerful, so it's not bad to be a son-in-law!"

Lei laughed and teased!

Lin Ran gave him a blank look and said!

"Don't talk nonsense, I'm not going to get a date when I come to the Immortal World!"

Ray snorted at his words!

“And! Who would believe you when you say you’re not here to get laid?”

“It’s up to you to believe it or not, I just need the Heavenly Thunder in that ring!”

Lin Ran said helplessly!

“O! You want to take something and not admit it! You don’t want to be responsible after playing with it? What a scum!”

Ray said disdainfully!

“Holy shit! You know all about scum!”

Lin Ran was speechless, this guy was really just a caretaker of the Thunder Dao Pearl? To think that he even knew the words of Earth!

“What? Is it strange? I’ve had a nice chat with Little Nine these past two days!”

Lei laughed!

Lin Ran smiled and said with his head full of black lines, and stopped answering!

Then Li Ba came running over, and after understanding Lin Ran realised that all those cultivators who had participated in the selection before had already left!

Even Mai Yang and Bu Er Swordsman had quickly left.

They had all left directly for East Flag City to prepare for the selection of the East Flag City Sect!

Lin Ran nodded at his words, he had heard Xue Dongyang talk about this matter before.

Many people who couldn’t get the qualification in Xue City would go back to East Flag City to continue taking the test, but they wouldn’t let go of any opportunity to join the clan of the East Flag City forces.

Xue City was just one of the ways!

Just like a violent storm, the Xue City selection came quickly and ended quickly too!

After the selection was over, Leng Qiu left, and Lin Ran originally thought that this was the end of his relationship with her, after all, the probability of meeting each other in such a large immortal world was not too high!

And even if they all went to East Flag City, there were many powers in East Flag City, so the headquarters would be so lucky to have them all go to one clan!

But who knew that not long after Leng Qiu left, a message suddenly arrived.

“Tell my deceased friend for me that I am waiting for him in East Flag City!”

Wonder Doctor Chapter 1858

“Boss, you’ve attended a qualification selection and flirted with another girl!”

Li Ba then also heard about Lin Ran and Leng Qiu and couldn't help but laugh.

"Don't be ridiculous, it's not true!"

Lin Ran said with an old embarrassed face!

"Boss, I still don't know you, people have hinted so obviously, and you still say no?"

Li Ba laughed, clearly not believing Lin Ran's words!

"Hey! Believe it or not, it's up to you!"

Lin Ran didn't bother to explain, this kind of thing was really indefinable.

Seeing this, Li Baba said nothing more and changed the subject.

"Right boss, Xue Dongyang said he would come to look for you tonight!"

"Looking for me?"

Lin Ran frowned slightly at his words, then nodded, he had already guessed what Xue Dongyang had come to find him for.

"Boss, what about that Xu Gu?"

Li Ba was also clear in his mind, but right now this Xu Gu was a bit troublesome.

"Don't worry about him, although this person is uneducated he is not too bad-hearted, I will discuss his problem with the Xue family head when the time comes!"

Lin Ran said.

Seeing this, Li Ba did not say anything more.

On the night of the qualification selection, Xue Dongyang found Lin Ran.

They all sat down in one of the Xue Family's pavilions, and Xue Dongyang even discreetly set up a formation around them before they chatted!

"Little friend Lin Ran, first of all, congratulations on your qualification, you can choose from all the major powers within this East Flag City!"

Xue Dongyang laughed as he took out a booklet and placed it on the table!

"It's just a fluke, I wonder if this is the Xue Clan Master?"

Lin Ran asked curiously, he noticed that the booklet Xue Dongyang took out wasn't thick, it seemed to be some kind of information!

"This is exactly the information on the distribution of forces within East Flag City, you have already obtained the qualification, the next thing you must do is to travel to East Flag City to join a sect, these information might be of use to you!"

Xue Dongyang laughed, Lin Ran could not help but feel relieved at his words.

He had gone out of his way to expose his identity to Xue Xue to find Qin Bing, and now that Xue Dongyang had treated him so well, it really made him feel very emotional in his heart.

As the saying goes, good deeds have good rewards, and for Xue Dongyang to think so much of himself really made Lin Ran feel that he had not saved the wrong person.

“But little friend, now is not the time to look at it, we must discuss when to leave as a matter of urgency!”

Xue Dongyang’s face suddenly turned a few shades more serious.

“What? Something’s up?”

Lin Ran could not help but frown slightly at his words, looking at Xue Dongyang’s meaning, it seemed that the journey to East Flag City was not a safe one either!

“Today at the selection site, you should have seen that Master Fang too!”

Xue Dongyang said.

Lin Ran nodded at his words, and Xue Dongyang then continued.

“That’s right, this guy dared to blatantly go to the selection site, obviously for you, I’m afraid he’ll still strike on our way to East Flag City with his thieving heart!”

Lin Ran smiled thoughtfully, there was indeed a possibility of that!

That Master Fang had obviously torn his face off to deal with himself, especially since he had killed another one of his men this time, the old man was probably in a rage right now!

He might set up an ambush on the way to East Flag City.

“The selection for East Flag City is one day away tomorrow, which means we will arrive at East Flag City in the morning at the latest, and then participate in the selection of the clan!”

Xue Dongyang said.

“From now until the morning after tomorrow, we actually have a very short time period, which is why I came to find little friend to discuss when we are going to move!”

Lin Ran nodded at his words, then said after a moment of contemplation.

“It’s a blessing but not a curse, it’s a curse that can’t be avoided, instead of being cautious we should just set off in a straightforward manner!”

“Will that be too flashy?”

Xue Dongyang asked, if he followed Lin Ran’s approach, it would be tantamount to directly exposing his itinerary to the other side directly!

“It’s only by being false that we can keep the enemy from seeing through!”

Lin Ran, however, laughed.

“What do you mean?”

Xue Dongyang instantly felt that he had caught something when he heard this, and was busy looking at Lin Ran.

Lin Ran, however, wore a bland smile and then told his plan once more!

.....

It was late at night, Lin Ran and Li Ba and the others had already gone back to rest, but within the Xue family a group of people dressed in armour were busy and feverish, they were preparing for tomorrow's departure!

Before leaving, Lin Ran and Xue Dongyang mentioned the matter of Xu Gu.

Although Xue Dongyang did not have any good feelings towards this Xu Gu, the latter did cure his own daughter at the very beginning, though? Plus this time Lin Ran had completely solved his daughter's matter, so at that moment, he didn't think too much of himself!

But as Lin Ran was about to leave for East Flag City, Xue Dongyang naturally would not let Xu Gu stay in the Xue family alone.

In the end, Xue Dongyang agreed to find a small alchemist power for Xu Gu, so that he could be settled!

Lin Ran was satisfied with this result, he and Xu Gu were just casual acquaintances, so it was good to help as much as he could.

The next morning, the Xue family's residence was packed with people, and as far as the eye could see, all of them were elite soldiers of the Xue family, all of them with solemn expressions and ready to go.

“Little friend Lin Ran, please!”

A few moments later, Lin Ran and Xu Gu walked out of the residence, and Xue Dongyang even invited them personally!

Lin Ran didn't say a word and went straight onto the back of the Earth Demon Beast that he had prepared beforehand.

At this moment, the people around them could not help but look at this scene with great envy in their eyes, and the object of their envy was naturally Lin Ran.

This time, he had won the qualification for Xue City, and even Xue Dongyang, the head of the Xue family, was so polite. Moreover, he could join a big power after he arrived at East Flag City, so his future success could be said to be bright.

In the midst of the envy of the crowd, Lin Ran and the others had already gotten onto the back of the Earth Demon Beast, and then amidst a clamour, the Earth Demon Beast directly shot up into the sky and soon left Xue City.

As the crowd left, the hustle and bustle around them soon faded away, while at this moment, not far from the Xue Mansion, there was a restaurant.

Two figures were sitting at a table, and it was Li Jiang and Grandmaster Fang.

“Master Fang, they people have left, shall we not follow them?”

Li Jiang looked at the sky, his heart was very worried, when Lin Ran arrived at East Flag City, once he contacted the Luo Ran Merchant Firm in East Chessing, then he was afraid that all the things he had done before would be exposed!

Master Fang smiled but was so unnerved and said blandly.

“What’s the point of following up? That boy Lin Ran isn’t even on the Earth Demon Beast!”

“Huh? Not on the Earth Demon Beast? But I saw it with my own eyes”

Li Jiang was busy saying, he had just watched Lin Ran get on the Earth Demon Beast with his own eyes!

“Humph! He can only fool fools like you, he’s still a bit young to fool old me!”

Grandmaster Fang said disdainfully, and immediately put the teacup in his hand on the table, before fiercely getting up and saying.

“Let’s go! That kid is coming out!”

“Huh?”

Li Jiang smiled in confusion and was busy looking towards the entrance of the Xue family, where at this moment was Lin Ran’s figure, only a pair of people in armored attire were packing up their things.

“Isn’t this the Xue family’s caravan, Master Fang you mean that kid is mixed in with the caravan?”

Li Jiang asked as he looked at Grandmaster Fang in disbelief.

Master Fang however did not say anything, only with a cold smile in the corner of his eyes.

Wonder Doctor Chapter 1859

Ten minutes later, a group of Xue Family generals galloped past on a magical beast similar to a lion outside Xue City!

As a merchant group of the Xue Family, it was already very impressive to have this kind of magical beast to take their place.

Most of the other caravans were still travelling on foot.

A young man in the caravan, wearing armour, also mingled among them, none other than Lin Ran.

“Boss, I still don’t think it’s safe for you to do this, if that Master Fang really knows your whereabouts, we won’t be able to carry it at all without Xue Dongyang around!”

Li Ba said as he hid inside the spatial scroll.

Lin Ran smiled but said helplessly.

“It can’t be helped, if my guess is right, Master Fang will definitely make a move on the way to East Flag City this time!”

“For him to strike despite knowing that Xue Dongyang is bound to travel with us can only mean that he’s very well prepared!

“If we don’t seek another way to break the situation, we will only be in an even more dangerous situation when the time comes!”

“But!”

Li Ba was about to say something else, but Lin Ran interrupted him and said.

“It’s useless to say more now, let’s hurry up and make our way!”

“Alright!”

Li Ba heard this and had to say no more.

The group of people rode the magical beasts at a very fast speed, and in a few moments they were already far away from Xue City.

And only a few moments after the group left, several figures within Xue City followed them, and they were even faster, all of them sitting on the backs of the Earth Demon Beasts and rushing towards the direction Lin Ran and the others had left.

Xue City was not far from East Flag City, but it was not close either.

According to Lin Ran’s previous estimation, it would take them a morning to reach East Flag City.

On the other hand, the Earth Demon Beast that Xue Dongyang and the others were travelling on would only take two hours at most.

However, Lin Ran could not be sure in his heart whether that Master Fang had the means to track himself or not, so the caravan and his party were all in full speed at first, without the slightest delay.

And at this time, on the back of the Earth Demon Beast at the rear, Li Jiang was still a little worried in his heart and was busy asking.

“Master Fang, when are we going to make our move?”

“What’s the hurry!”

Grandmaster Fang glared at him, before saying.

“We’ve only just left Xue City, there are so many people, let’s go further and make our move when we’re farther away from Xue City!”

“Yes!”

Li Jiang nodded at his words.

In the blink of an eye, Lin Ran and the others had already travelled for three hours, and were halfway to Dongqi City.

“My lord, it’s not good!”

Suddenly a voice came from behind them, while a Xue family general busily approached Lin Ran and said.

“My lord, traces of Earth Demon Beasts have been spotted at the rear, the enemy is afraid that they are following us!”

Lin Ran heard this and was busy turning his head to look, and indeed he found a huge black shadow in the rear rapidly approaching towards them.

“Looks like my guess was right!”

Lin Ran said to himself, while a cold smile was on the corner of his mouth.

“Pass on the order to set up the formation!”

“Yes!”

The general sniffed and busily turned his head and shouted at the others.

“Everyone, set up the formation!”

“Yes!”

The crowd chanted in unison and followed, actually stopping in place together, before each person flipped out a jade talisman in their palms and crushed it instantly!

“Bang Bang Bang!”

A series of jade talismans exploded, and at the same time countless white lights rushed up towards the sky!

“Master, it’s not good, that kid has found us!”

Li Jiang said as he saw this.

“Humph! He’s the only one! Everyone don’t resist!”

Master Fang snorted coldly at this, followed by a wave of his palm instantly actually collected all the people on the back of the Earth Demon Beast, even that Earth Demon Beast was then collected by him too!

“Let’s go!”

After collecting the people, Grandmaster Fang did not hesitate in the slightest, his body turned into a stream of light and rushed towards the formation ahead!

He was a genuine Hundred Thousand Eight Hundred Realm powerhouse, how fast was he.

Although Lin Ran and the others had already set up the formation at the first opportunity, he still rushed in before the formation was fully closed!

“My lord, he’s coming in!”

A general in armour next to him busily said.

Lin Ran smiled but nodded in good haste while saying.

“Inform down, everyone hide and stall for time!”

“Yes!”

The general was busy going down to pass on the order, while Lin Ran looked at the formation that had completely gathered above the sky, a cold smile appearing at the corner of his mouth.

The formation closed in, and instantly a layer of white mist filled the entire large formation.

This white fog was so dense that it was like a layer of water mist, converging within the formation to block everyone’s sight.

“Hm?”

As soon as he entered the formation, Grandmaster Fang was enveloped by the fog around him and could not help but frown slightly.

He found that the white fog around him actually blocked out even his divine sense!

With a wave of his hand, Grandmaster Fang moved all of them out, while warning!

“Be careful, this formation has a strange fog that can cut off divine sense detection!”

“Master, I know this formation!”

Suddenly Li Jiang, who was on the side, spoke up, he worked at Luo Ran Merchant after all, so he had seen a lot of strange and exotic treasures, and he had really seen this formation once.

“What kind of formation is this?”

Master Put asked busily.

“This is the Heavenly Remnant Formation!”

Li Jiang said busily.

“There are two types of Heaven’s Remnant Formation, the first is the Heaven’s Remnant Formation that is not controlled by anyone, this kind of Heaven’s Remnant Formation is of average power, although it can also isolate the probing of people within the formation, but it is not difficult to break!

“The second type is the man-manipulated Heaven’s Remnant Formation, which uses each person’s divine sense as the foundation and true qi as an aid, and is extremely good at trapping the enemy!”

“These fogs we are seeing now are actually a fusion of the divine sense and true qi of the person manipulating the formation, this kind of thing is extremely difficult to deal with!”

“Then what’s the way to break the formation?”

Master Fang asked again.

“We can only use force to break the spell! Keep consuming this white mist, and when they can’t carry it anymore this formation will naturally break!”

Li Jiang said.

Grandmaster Fang nodded at his words, and then smiled.

“Lin Ran, this is your solution? I thought it was so brilliant, but it’s nothing more than that!”

Grandmaster Fang’s voice rang out loudly, resonating throughout the entire grand formation space.

Lin Ran also heard it very clearly, but did not speak.

“Humph! I’ll see how long you can pretend! All of you, give me your full strength!”

Grandmaster Fang coldly snorted, and immediately the first one towards the front was a slap out.

With a hundred thousand eight hundred realms in his hand, it was enough to crush the crowd present, and even Lin Ran and Li Ba were not his opponents.

With this slap, he instantly and directly obliterated a large area of white fog into pieces, and Lin Ran at the same time saw several generals hiding in the distant white fog instantly and directly spurted out a mouthful of blood because they were too weak.

At this moment, all of them were sustaining this, Master Fang’s palm had inflicted too much trauma on them!

“My lord!”

Immediately, there were guards running over next to them, each with anxiety and worry in their eyes.

Lin Ran frowned and spoke.

“Whoever can’t carry it will simply exit and leave!”

“My lord, we are not

The guards sniffed and busily said, only before they could finish their words, they were interrupted by Lin Ran going.

“I know, but you are the Xue family and have nothing to do with this in itself, there is no need to throw your lives away here!”

“But!”

The guard still wanted to say something else, but Lin Ran looked directly at him and said icily.

“This is an order, those who are weak exit the formation to meet them outside!”

“Yes!”

Seeing Lin Ran’s insistence, the guard didn’t say anything more and immediately turned around and went to make arrangements.

Wonder Doctor Chapter 1860

As the general left, one after another, four or five people left the formation.

And as they left, the white mist within the entire formation clearly became a little thinner.

Lin Ran stopped talking at that moment and waved his hand for Li Ba to come out from within the spatial scroll, while saying.

“You take the top for a while!”

“Good!”

Li Ba didn't say anything, and immediately waved his hand to take over the formation.

Lin Ran, on the other hand, took out a jade talisman with his backhand at this time, and immediately crushed it to go.

“All we can do now is wait!”

Lin Ran said to himself in his heart, naturally he wouldn't really be stupid enough to rely on a formation to save his life, and this was only part of his plan, the real means to decide his life or death was actually still on Xue Dongyang.

“Bang Bang Bang!”

The jade talisman in Lin Ran's hand had just been crushed when a series of explosions came from ahead, while Master Fang's voice also came through.

“Humph! I'd like to see how many more of you can resist!”

Lin Ran frowned slightly at his words, as two more people had just exited the formation as well after the series of explosions.

Because he had no idea whether Master Fang had any way to track himself or not before, the strength of these generals he had brought with him was not high in the first place.

At this moment, under the frenzied attack of Master Fang and the others, gradually more people could not carry the burden anymore.

“Boss this is not the way to go, that old bastard will sooner or later consume all the fog within the formation!”

Although he had already broken through to the Extreme Dao Realm, there was still a gap between him and the Hundred Thousand and Eighty Thousand Realm, so it was fine to resist for a short time, but even he would be a bit overwhelmed after a long time!

“Hold on!”

Lin Ran said.

At the same time, his gaze looked ahead and said in a cold voice.

“Master Fang, you think you can kill me just because you broke this formation? Don't you even think about it, I dare to invite you here, don't I have a way to deal with it?”

Lin Ran said in a cold voice, unable to help but use this delaying tactic at this point.

However, Grandmaster Fang was simply unmoved, continuing to attack the mist while saying in a cold voice.

“Humph, you’re still a bit young to play psychological warfare with old me, you think that if you blend into this Xue family merchant caravan old me won’t be able to spot you?”

“I’m not afraid to tell you, when you killed Eight-Five-One yesterday, his aura had already attached itself to you, even if you turned into dust I would know where you were!”

Lin Ran frowned slightly at his words, and his heart couldn’t help but rejoice.

Luckily, he had kept an eye out, otherwise if he had really set out with Xue Dongyang, he would have been afraid that he would not even have a back way out by then!

This Master Fang still dared to strike despite the fact that Xue Dongyang would most likely be with him it was evident that he had thought of all possibilities a long time ago.

“Believe it or not, it’s up to you!”

Lin Ran smiled blandly at his words.

“Anyway, you’ve already entered my great formation, so you won’t be able to leave today!”

After saying this, Lin Ran stopped paying attention to Grandmaster Fang and just gazed blandly at the fog ahead.

During the conversation, Grandmaster Fang did not relax his attack on the fog, and after a few tosses and turns, the fog within the entire formation was already pitifully low.

The only three people left within the entire grand formation were Lin Ran, Li Ba and a general leader who were struggling to hold on.

“Humph! Shatter it all for me!”

Grandmaster Fang snorted coldly as his entire body’s aura skyrocketed, while his divine sense also directly diffused out, directly forcing its way through the surrounding white fog and instantly enveloping the entire formation!

“Shatter!”

With a roar from him, instantly all the white fog within the formation shattered into ashes.

And the three of Lin Ran’s figures were instantly exposed.

“Get out!”

Lin Ran hastily greeted, while picking up the injured general leader on the side and turning around to run.

Li Ba followed behind and the three of them instantly exited the formation, leaving Master Fang and the others inside the formation instead.

“Humph! The white mist is all gone, a mere empty shell formation, you think you can trap me?”

Master Fang snorted coldly and immediately slapped his palm on the formation barrier.

With a bang, the entire formation shattered and Master Fang and the others rushed out in an instant!

At this point, Grandmaster Fang was not in a hurry, and he looked at Lin Ran and the others not far away with a smile in his eyes.

“Kid, you’re running! Why aren’t you running?”

The faces of all the people were very ugly, only Li Bajie looked at Lin Ran anxiously, as if he was expecting something.

Lin Ran smiled blandly at his words and said.

“Run? Why should I run,? The next ones to run are afraid of you guys!”

“Hm?”

Master Fang frowned slightly at his words, but at this moment there was nothing around at all, running? Why should he run?

“If you’re still scaring me at this point, then you can go to hell!”

Master Fang said and rushed towards Lin Ran with an arrow step.

However, Lin Ran was standing still and laughed aloud.

“If I say you run, you must run! Inviting you into a jar and you still think you’re here to invite you to tea!”

“Come out, Master Xue!”

Lin Ran said aloud.

At the same time as his words rang out, a rippling vortex actually appeared out of thin air next to him, followed by two figures actually walking out of the vortex one after the other.

The one in the lead was someone Lin Ran did not recognise, but the one following him was none other than Xue Dongyang!

“King Dongqi?”

Upon seeing the two, Grandmaster Fang’s face instantly changed, and he was busy stopping his form and turning around to run.

“Run!”

Grandmaster Fang greeted, yet the leader who had just stepped out of the vortex was already moving.

With a wave of his palm, a huge chessboard shadow instantly enveloped Master Fang.

This person was none other than the absolute king of East Flag City, the East Chess King.

Lin Ran had let Xue Dongyang go first before, just in case Grandmaster Fang could track himself down and send him off to get help!

The Deadly Sect had been surrounded by Immortal Emperors back in the day, and he expected that as soon as the East Chess King knew about the Deadly Sect, he would definitely make a move.

Now it seemed that he had bet on the right thing!

“If you’re here, why bother leaving!”

The East Chess King’s voice was bland, but his words were filled with an irrefutable determination, as if no one could escape from his hands as long as he opened his mouth.

And indeed, he did have the strength to do so.

“Go! Quickly!”

Master Fang was completely anxious, even if he was facing Xue Dongyang, he would not be afraid, but the one who appeared in front of him at this moment was one of the four kings of the Immortal Emperor Domain, the Eastern Chess King!

He was truly afraid.

“Grandmaster can’t, that chess board is too fast!”

Li Jiang said, pointing overhead, only to see that at this moment a huge chessboard had slapped down out of thin air above the crowd’s heads, with tremendous power.

“Bastard!”

Master Fang’s eyes chilled at this and he sternly scolded.

“Don’t even resist!”

With that he waved his hand and took everyone back into space, but Li Jiang was the only one he didn’t put away!

“Master there’s still me!”

Seeing this, Li Jiang was busy speaking and shouting.

However, when he saw the look in Master Fang’s eyes, his heart instantly went cold.

“What use is there in keeping you!”

With an awe-inspiring look in his eyes, Grandmaster Fang raised his hand and slapped Li Jiang on the back, and the latter was instantly slapped straight into the sky towards the chessboard.

“Bang!”

Suddenly, before Li Jiang could even utter a single word, he actually exploded into pieces instantly, the power generated by the self-destruction actually slowed down the speed of the chessboard’s descent for a bit.

“Humph! You wait for me!”

Grandmaster Fang turned his head and glanced at Lin Ran, then he raised his hand and crushed a jade talisman, and his entire person instantly disappeared from the spot.
