

Wonder Doctor Chapter 1862

The time at the East Flag King's residence finally passed, and the following morning Lin Ran left the East Chess King's residence early with Xue Dongyang.

Because he had to go and settle Xu Gu, the East Chess King took Xu Gu and left first after telling Lin Ran the location.

Lin Ran had to take Li Ba and the two of them to the place of the tournament.

As it was his first time in East Flag City, on the way Lin Ran was very curious about the appearance of this royal city.

Xiao Jiu had even run out early with Li in her arms, and her interest in such a large city was much higher than Lin Ran's.

On the way, she and Li had eaten so many snacks that they couldn't even stuff their little stomachs anymore before following Lin Ran towards the competition venue.

When he saw Li this time, Lin Ran obviously noticed that this girl had changed a lot.

After swallowing the inner lining of a golden python and then the inner lining of a nine-winged bat dragon, its fur was already white with a dark golden colour.

It looks cute with a hint of coldness and arrogance, but this guy has always eaten and slept and eaten.

At this moment, afraid of being in Xiao Jiu's arms, it was really just like a stuffed toy, and it didn't know how many beautiful women's eyes it attracted along the way.

"The boss is just ahead!"

Suddenly, Li Ba, who was on the side, pointed ahead and said.

Lin Ran looked up and saw that a high platform had appeared in front of him.

On top of the high platform were four separate flags with the names of the major sects on them, and the Sword Immortal Sect and the Dan Pavilion were also listed.

"Let's go!"

Lin Ran smiled indifferently, and with a swirl of greetings, he walked towards the front.

There were quite a few people gathered around the high platform at this time, as the selection of the major powers in East Flag City had already ended today, and at this time, so many people here were actually waiting for the two Xue City qualification winners to appear.

After all, no one actually knew which sect these two would choose, but to get the two spots from Xue City was obviously not an ordinary strength, so which sect these two would join was what many people were thinking of knowing.

"Great! Awesome!"

"Yes, and the person is so pretty, it would be great if they could escape home to be their wives!"

“Just you? Don’t take a piss and look in the mirror, she’s a match for you too!”

“Yes! Hey, it’s me who’s overthinking!”

Lin Ran had just squeezed into the crowd with Xiao Jiu and Li and Li Ba, when a burst of cheers and applause came from the front, along with the chatter of a few spectators.

Lin Ran listened curiously and couldn’t help but look towards the front.

He saw that there were only four tables on the high platform in front of him, standing in the four directions of the southeast and northwest, which were obviously placed by the four clans.

And at this moment a silhouette was standing in front of one of the tables with the words of the Royal Thunder Sect hanging on it, with a smile on her face.

“Why is it her?”

When he saw that clinging figure, Lin Ran couldn’t help but be stunned, the clinging figure standing on top of the high platform at this moment was no other than Leng Qiu.

“Boss, it seems that this nympho has joined the Royal Thunder Sect, fortunately you didn’t choose the Royal Thunder Sect, otherwise you would really have to raise your head and see her!”

Li Ba laughed at the side, he knew a bit about Lin Ran and Leng Qiu’s affairs.

“Alright, let’s wait for now, we’ll go up after they’ve gone!”

Lin Ran said helplessly, if he went up at this moment he was afraid that he would be pestered by this Leng Qiu again, so he was ready to hide in the crowd first and wait and see.

However, he didn’t know if the heavens were deliberately playing with him, or if he was really that unlucky.

Lin Ran dared to get ready to dive into the crowd, when suddenly a cry of surprise came from the crowd.

“Ya, what a cute magical beast! It’s a rabbit, right!”

“What rabbit, it’s a puppy!”

“No, you’ve seen a dog with horns on its head! In my opinion this is an ornamental magical beast!”

“Whatever it is, it’s really cute!”

Lin Ran turned his head to look, only to find that at some point Xiao Jiu had actually been surrounded by the crowd with Li in his arms.

And at this moment, each of these people were looking at Li in Xiao Jiu’s arms with tender eyes, obviously none of them had ever seen such a cute magical beast before.

“It’s called Li, it’s my friend!”

Xiao Jiu said.

“Li Li? That’s a pretty name!”

“Yes! Can I be silent?”

The crowd was so embarrassed by your words that Lin Ran was busy stepping forward.

“It’s too dirty and has parasites, better not to touch it! ”

At the same time, he was busy winking at Xiao Jiu, telling her to hurry up and put away the glass and leave.

Xiao Jiu looked at Lin Ran in confusion and doubt, and before she could make a move, a white palm suddenly fell on Lin Ran’s shoulder, while a silver bell-like voice came through.

“Deceased, are you running away?”

“Er

Lin Ran turned his head awkwardly and found that at this moment, Leng Qiu was standing behind him, his face full of displeasure.

“No No, my sister is hungry, I’ll take her to get something to eat!”

Lin Ran said awkwardly.

“Sister?”

Leng Qiu frowned slightly at his words and looked towards Xiao Jiu, but when she saw Li in Xiao Jiu’s arms.

Instantly, her eyes went straight.

“What a cute magical beast, give me a hug okay!”

“No good!”

Xiao Jiu looked at Leng Qiu warily and was busy tightening Li into her arms.

“Don’t be afraid little sister, I’m your brother’s friend, the one who can be sister-in-law in the future!”

Leng Qiu laughed.

Lin Ran smiled but instantly exploded, busy stopping Leng Qiu and said.

“Hey! What are you talking nonsense, I have nothing with you!”

“How nothing, a few days ago you even touched in the Shanshuiju volume.”

Leng Qiu said and her pretty face turned red.

“That wasn’t you

Lin Ran just wanted to explain, but suddenly a voice was coming from afar.

“Leng Qiu, what’s going on?”

Lin Ran sniffed and was busy looking, and found that the person who spoke was a young man, about the same age as himself, his face was grave, and he seemed to be very nervous about Leng Qiu.

“Brother is fine, this is my friend!”

Leng Qiu said busily.

Lin Ran was stunned at the words “Brother?” That youth was actually Leng Qiu’s brother.

“Let’s go, I’ll take you to meet my brother, Leng Han!”

Leng Qiu said and before Lin Ran could react, she already took his hand and walked towards the high platform.

This action instantly petrified the people around.

Some of the men in particular, seeing that Leng Qiu had actually taken Lin Ran’s hand, were so hateful that they could not wait to go up and beat Lin Ran to death.

Lin Ran was embarrassed and wanted to break free, but he heard Leng Qiu whisper.

“If you dare to resist, I’ll tell my brother that you molested me and that I’m already your man!”

“Hey! Is it appropriate to play like that? I’m not just borrowing your Heavenly Thunder for a while, why do I have to be responsible for it?”

Lin Ran was speechless, how could he borrow a Heavenly Thunder and still lend a block of marriage!

“You’ll know later, come with me to see my brother first!”

Leng Qiu laughed, and didn’t explain.

And at this moment, Lin Ran had already been dragged by her onto the high platform.

As soon as he got onto the high platform, Lin Ran immediately felt many unkind gazes being cast around him, and one of them was particularly intense.

Lin Ran looked and found that it was actually projected from a slim-looking youth behind the Tian Kui Gate.

“Could it be that this fellow also likes Leng Qiu?”

Lin Ran was thinking in his mind when, sure enough, the youth had already spoken.

“Let go of your hand!”

Leng Qiu was stunned at the words and turned her head to look at the youth, saying in a cold voice.

“What does the white drain have to do with you!”

With that said Leng Qiu actually took Lin Ran’s arm directly, and this scene made Bai Qiu instantly furious as he watched.

He rushed over with an arrow step, and with a wave of his palm a metal glove actually emerged directly, and a sharp metal steel claw came straight at Lin Ran’s chest.

Wonder Doctor Chapter 1863

“What do you want, White Drain!”

Leng Qiu was instantly furious at the sight of this, while Lin Ran on the side had a bland look on his face, quietly looking at that White Drain, his body already tensed up and ready to strike at any moment.

“Unbridled!”

Suddenly, a rebuke came from afar, followed by a flash of a black shadow, and in an instant, a “bang” was heard, and Bai Qiu’s entire body fell backwards.

At the same time, Lin Ran saw that Leng Han, who was in the distance, had already rushed to the front of the two of them and was looking at Bai Qiu with a cold face.

“Brother Leng, what do you mean by that!”

Bai Qu saw that it was Leng Han and couldn’t help but look ugly, but he didn’t dare to make a move.

“Nothing means anything!”

Leng Han glared at Bai Qu, his voice was bland.

“Big brother Leng, do you still not know my heart for Leng Qiu? Although our Bai family is not as good as your Leng family in this East Flag City, that is still considered a family match!”

“Look at this kid, he’s just a country bumpkin, he didn’t even know where he came from, how can he deserve to be with Leng Qiu?”

Bai Qiu said nonchalantly, his words expressing his disdain for Lin Ran in a sarcastic manner.

“What’s it to do with you, who I am with is my business, so don’t you meddle in it!”

Leng Qiu scolded.

Leng Han, who was on the side, sniffed coldly.

“Come on, can’t a girl be a little more reserved!”

“Me!”

Leng Qiu pouted at her words and didn’t say anything.

Lin Ran could tell that this Leng Qiu seemed to listen to his brother very well, and this brother and sister thought that they had a good relationship.

“Big brother Leng, I”

Bai Qiu still wanted to say something else, but Leng Han interrupted him and said.

“Alright, my sister is right, who she is with that is her freedom, no one can force her, not even me!”

Said Bai Qiu turned his head and looked at Lin Ran, there was a complicated in his eyes that he couldn’t say what he felt.

“Go back, today is the last day of the selection, there is still one person with a place left who hasn’t come, let others see you Tian Kui Sect hitting out at others because of a woman, what a shame!”

Leng Han chided, and was about to turn around and leave.

Seeing this, Leng Qiu didn’t dare to say more, afraid that if she told the news that Lin Ran was the last qualifier, that Bai Qu would be unforgiving.

However, while she didn’t want to say anything, someone else did, and before the trio could leave, a voice followed from afar.

“How can you say this? Leng Han feelings you still do not know ah!”

The crowd looked at the words and found that the person who spoke was also a young man, who looked handsome in a silver robe.

“He’s Mai Shen, Mai Yang’s cousin!”

Leng Qiu saw the visitor and was busy whispering in Lin Ran’s ear.

“Mai Shen?”

Lin Ran frowned slightly at his words, followed by the sight of the Mai Yang kid actually following behind Mai Shen.

Seeing this scene, Lin Ran couldn’t help but feel a thud in his heart, knowing that he was afraid that this would not end well today.

“Mai Shen, what are you saying that I don’t know?”

Leng Han turned his head to look at Mai Shen, his voice bland.

“That’s right, what’s the matter!”

Bai Qiu on the side also echoed, he always felt that this Mai Shen suddenly appeared, afraid that the matter would be related to Lin Ran.

When the time came, if he could find a chance to clean up this kid, it would be better to show Leng Qiu how unbearable the man she had taken a fancy to was.

As the crowd was thinking in their minds, Mai Shen also spoke up.

“Naturally it’s about the selection quota, you guys still don’t know? This kid standing in front of you, the other spot in Xue Cheng is his!”

Said Mai Shen as he looked towards Lin Ran and laughed.

“A deceased person, right, am I wrong?”

“That’s right!”

Lin Ran didn’t deny it either and looked at Mai Shen and said in a cold voice.

“How do you know that?”

Seeing this, Leng Han frowned slightly and looked at Mai Shen and questioned.

On the other hand, Bai Qiu at the side was already rubbing his fists together, obviously ready to clean up Lin Ran.

“It’s simple, because my cousin is from Xue Cheng!”

Mai Shen didn’t bother to say more and pointed to Mai Yang behind him and said blandly.

“That’s right, I’m from Xue Cheng! And I also know something that none of you know!”

Mai Yang looked towards the crowd and smiled blandly.

Lin Ran and Leng Qiu heard this but their faces instantly changed, especially the latter’s, killing intent instantly filled out.

“Mai Yang if you dare to say one more word, I will definitely kill you today!”

“You!”

Leng Qiu’s words that suddenly came out really scared Mai Yang.

What’s more, Leng Han’s face at the side also turned cold, this was the first time he had seen his sister so angry.

“What’s going on?”

Leng Han chided coldly, his whole body’s aura having exploded out.

Lin Ran discovered that this Leng Han was actually a strong person of the Third Dao Realm,? The aura was so oppressive that no one present could fight against it!

Mai Yang saw this and was busy swallowing and didn’t dare to say more, however, Bai Qu on the side was undeterred and opened his mouth to question.

“Speak up! Is that kid bullying Leng Qiu!”

“What do you care about you!”

Leng Qiu looked at Bai Qiu and said angrily.

“Why is it none of my business? If this kid bullied you, I’ll kill him!”

Bai Qu said angrily.

Mai Shen saw this and smiled, saying.

“Just say it, cousin, are you afraid that others won’t dare to say anything even if you dare to do it?”

“Yes!”

Seeing that his cousin was backing himself up, Mai Yang didn’t care about anything else at that moment and said with a smile.

“It’s not a big deal, it’s just that Miss Leng Qiu was molested by that deceased person!”

“You’re looking for death!”

Leng Qiu’s face turned red when she heard this, and lightning had already surfaced in her hands, and without saying a word, she struck towards Mai Yang.

“Leng Qiu can’t!”

When Leng Han saw this, he was just about to stop him, but Lin Ran blocked him with one hand and said icily.

“What can’t you do, dare to say that you are still afraid that others can’t retaliate?”

“You!”

Leng Han didn’t expect Lin Ran to suddenly stop himself, but his words were heard in Leng Han’s heart and he was somewhat impressed with him.

At this moment, he was obviously not afraid to stop himself, and this kind of person would be at ease with his sister following him.

I just don’t know how strong this kid is yet!

As Leng Han was thinking in his mind, Leng Qiu’s thunderbolt had already struck towards Mai Yang.

Mai Yang was not strong enough, so he sat down on his butt in fear, and was scared to death.

“Cousin, save me! Quickly save me!”

“Don’t worry!”

Mai Shen said indifferently, then with a wave of his palm an aura filled out, actually dispelling Leng Qiu’s heavenly lightning in an instant!

Lin Ran frowned slightly when he saw this, he noticed that this Mai Shen looked like he was on cloud nine, but his strength was actually at the middle stage of the Daoist Enlightenment Realm.

This strength was indeed capable of suppressing Leng Qiu’s Heavenly Lightning.

“Bastard!”

When Leng Qiu saw this, he was about to strike out on his own, but he was stopped by Leng Han on the side, and this time Lin Ran was not in the way.

Leng Qiu’s strength was obviously not a match for Mai Shen, so if she was allowed to strike, she would not be able to escape good consequences.

“Big brother why are you stopping me!”

Leng Qiu was extremely angry.

Leng Han smiled but said blandly.

“I don’t care what exactly happened, but since someone has already said it, and you are obviously interested in this deceased person!”

“Then as a big brother, I can’t just ignore it!”

Said Leng Han as he gazed past Mai Shen and Mai Yang and said in a cold voice.

“To not give face to our Leng family in front of so many people is to not give face to me Leng Han!”

“But I’m a man of clear grudges and grievances! Since my sister has her eyes on a deceased person, I won’t force my way out!”

Said Leng Han as he looked towards Lin Ran and said indifferently.

“If you are a man, set this matter right today, if you can’t, get as far away from me as you can, I, as a brother, will personally take action! And you don’t deserve my sister!”

Wonder Doctor Chapter 1864

“Brother!”

Leng Qiu saw this and was busy saying.

“It’s all a misunderstanding, I don’t blame the deceased, the situation was too confusing, I was careless

“That’s enough, you’re a girl! Some things can’t be solved by you stepping up!”

Leng Han spoke up and chided.

Leng Qiu sniffed and pursed her lips not to say more.

In her heart, she knew very well that as a member of the Leng family, what they needed some times was not to set things right, but to save face!

If the man that she, Leng Qiu, had her eye on, couldn’t even settle the slightest problem, then he wouldn’t deserve to be associated with their Leng family!

Mai Yang said in public that her sister had been molested by a deceased man, and this matter had already touched Leng Han’s bottom line.

But Leng Han was smart enough not to take action directly, instead, he threw the problem to Lin Ran, this way, one could see Lin Ran’s strength, and two could also see this kid’s heart.

If this kid can handle it, then the name of this kid is extraordinary qualifications can be pulled in!

After all, at this time, they were all facing people in the middle stage of the Enlightenment Realm like Mai Shen Bai Qu, while Lin Ran was only in the Heavenly Mansion Realm.

But if he couldn’t set things right, then he, Leng Han, would personally take action to defend his sister’s reputation, and as for Lin Ran, he obviously wouldn’t have a chance to get close to Leng Qiu in the future!

For Leng Han’s meaning, where Lin Ran’s heart was not clear, he looked at Leng Han and said indifferently.

“This matter started because of me, so I am naturally duty-bound to shut certain people up to defend Leng Qiu’s reputation!”

“But regarding the matter between me and your sister, that is likewise a misunderstanding!”

After saying that, Lin Ran turned his side and walked towards Mai Yang.

“You What do you want?”

Seeing Lin Ran walking towards him, Mai Yang was so scared that he hid behind Mai Shen.

When Mai Shen saw this, he also couldn’t help but look gloomy, except that he didn’t want to be the bird in the head, even though Lin Ran was ostensibly at the Heavenly Mansion realm.

He might have obtained a place in Xue City, and this strength was not something that could be measured by the Heavenly Mansion Realm.

As the saying went, a gun beats a bird, if he was the first to fight Lin Ran and lost then, it would really be a disgrace to his family.

“Brother Bai Qu, don’t you want to know what to send what, then I’ll tell you!”

Mai Shen suddenly looked up to the side and said aloud to Bai Qu.

“This kid called Deceased, touched Leng Qiu’s ass! Is this something you can still tolerate?”

“Seeking death!”

Lin Ran was also enraged at the sight of this, saying this in front of so many people, clearly not prepared to give Leng Qiu a step down.

However, just as Lin Ran was gearing up to waste Mai Shen, a roar of anger came from behind him.

“What? Laozi their getting you killed!”

White Drain instantly became furious and lunged towards Lin Ran with an arrow step.

A cold smile appeared on the corner of Mai Shen’s mouth at this, obviously his aim had been achieved!

Just as Bai Qiu was charging at Lin Ran, Leng Han in the distance was completely unable to suppress his inner rage.

He rushed directly in front of Mai Shen with an arrow step and raised his hand in a slap.

“What are you doing, Leng Han!”

Mai Shen was startled at the sight, but the difference between his strength and Leng Han’s was too great.

As soon as the words left his mouth, Leng Han had already slapped him on the chest, instantly sending him flying backwards.

The table in the Dan Pavilion behind him shattered instantly.

“Leng Han, you!”

Mai Shen said angrily, just as he was about to get up from the ground, he heard a sword chant, and the next moment a sharp sword tip was already aimed at Mai Shen's neck, scaring him so much that he couldn't help but gag and didn't dare to make the slightest move.

"I don't care what kind of grudge you have with that deceased person, if you dare to talk about my sister again, I guarantee that you won't return to the Dan Pavilion alive today! If you don't believe me, you can try!"

"You!"

Mai Shen was so angry that his face turned blue, but he didn't dare to make a move.

Leng Han was strong enough on his own, and the Leng Family was a major power in this East Flag City, so no one could really shake them apart from the East Chess King.

You know, the Leng Family and the Royal Thunder Clan had a very good relationship, and dealing with them would be equivalent to dealing with a large family and a clan.

This was something that anyone who wasn't a fool wouldn't mess with the Leng Family's people.

"Remember my words!"

Leng Han gave Mai Shen an icy glare before turning around and returning to his sister.

At this moment, however, Lin Ran and Bai Qu were already fighting together.

He saw that Bai Qu had disappeared and was replaced by an incomparably black puppet.

The puppet's body was made of black iron and was so hard that Lin Ran's Frost Sword had failed to break through his defences several times!

"I'll kill you today!"

Bai Qiu roared in anger as he hid within the puppet.

The black iron golem was also unfazed, and the two steel swords in his hands were specifically designed to slash at Lin Ran's vital points.

"Brother! You have to help him! That White Drain is at the Realm of Enlightenment, his puppet can even fight against the peak of the Realm of Enlightenment!"

Leng Qiu was very worried, and was busy pulling Leng Han.

However, Leng Han had no intention of doing anything, and his voice was cold.

"This is still what he deserves, molesting you if you didn't like him, I would have killed him long ago!"

"Brother! What are you talking about, I've said that it wasn't his fault, it was my own carelessness!"

"That's enough!"

Before Leng Qiu could finish a sentence, Leng Han stopped her, while saying.

“Even if I really don’t blame him, but at this point this matter has already come out, he must be allowed to set things right himself, otherwise I won’t let him stay in East Flag City!”

“You!”

Leng Han couldn’t help but feel worried in his heart at his words, with their Leng Family’s power, they did have the qualifications to say this.

Thinking about this, Leng Qiu couldn’t help but worry about Lin Ran, fearing that something might happen to him.

And at this moment, the crowd around them could not help but start cheering.

Although it was the first time they had seen Lin Ran, they knew that black puppet of Bai Qu very well.

That puppet was Bai Qu’s most powerful puppet, having once even fought a man at the peak of the Enlightenment realm to a scoreless draw.

One had to know that although both Bai Qu and Mai Shen were only at the middle stage of the Dao-enlightenment realm, there was a huge gap between them and Leng Han’s Three Dao realm.

But why they were lifelong, was because Mai Shen and Bai Qu were from the Dan Pavilion and the Tian Kui Sect respectively!

The people of the Dan Pavilion were inherently weak, and they relied more on pills to pull in followers!

As for the Heavenly Kui Sect, it was even more straightforward, as their combat power was not based on the surface, but on their puppets.

This White Drain’s puppet was extremely powerful, as could be seen from the fact that Lin Ran couldn’t break through the other side’s defences at all.

At this point, more and more people gathered around, and the crowd cheered as they watched the fight on the ring only.

For a while, no one cared about why the fight was going on, instead they were fascinated by the fight itself.

Especially when they saw that Lin Ran could only dodge and could not break the puppet’s defence at all, not a single one of them was sweating in their hearts.

“Ai! This kid is also unlucky enough, how did he anger the White Drain!”

“Isn’t it! But isn’t today the day of the test for those who got the quota? Could it be that that kid is the one who has the qualification?”

“It’s true when you say that, but isn’t this Heavenly Kui Sect going too far, actually letting Bai Qu test that kid, isn’t that bullying?”

Wonder Doctor Chapter 1865

The chatter of the crowd soon reached Lin Ran’s ears.

He didn't care, because he had allowed Leng Qiu to be insulted in public this time, and his heart was very angry.

He didn't mean anything to Leng Qiu, but because he had allowed a girl to become a bargaining chip against him, this was something he couldn't stand.

"Kid! Is this all the strength you have? With that kind of strength, even if you came to our Tian Kui Sect old me wouldn't bother to take you!"

White Qu said disdainfully as he hid within the puppet.

And a look of disappointment gradually appeared on the face of Leng Han at the side.

From the beginning until now, Lin Ran had actually only struck twice, the rest of the time he was actually dodging.

It simply looked as pitiable as it could be!

"With that kind of strength, how did you come to look at him!"

Leng Han glared at Leng Qiu.

And at this moment, Leng Qiu could kind of see that she all but ignored Dao.

"That's my business, and I'm convinced he'll win, just watch if you don't believe me!"

"You!"

This time on the contrary, Leng Han was blocked speechless.

He didn't bother to say more, there were times when he could let his sister run amok, but there were times when he wouldn't.

On matters concerning his sister's happiness in life, it was obvious that he would not compromise.

If Lin Ran really kept on being such a loser, he would definitely not sit idly by and would thunderously strike to set the matter right!

"Bang bang bang!"

On the battlefield, the black iron puppets chased Lin Ran everywhere, and the crowd watching from the stage couldn't help but shake their heads.

However, Lin Ran didn't care about these people's attitudes, at this moment, he was concentrating on observing the black iron puppet of the white drain.

Speaking of puppets, Lin Ran had owned one before, that was Yu Chang!

He had also seen the Empty Daoist, and his chances were definitely much higher than this White Drain.

It was just that at this moment, when he was really up against this kind of puppet, he still needed time to get used to it!

But Lin Ran had too much experience, especially in combat.

After just a few minutes, he had already discovered the weakness of this black iron puppet!

“Hard as iron? I don’t think so!”

Lin Ran said to himself, and with an arrow step, he actually turned around and charged towards the Black Iron Golem!

“Hmm? That kid’s going to make a move!”

Leng Han was shocked at the sight.

The crowd underneath the stage were all in high spirits, obviously seeing how the kid was going to fight back!

“You don’t know what you’re doing!”

Seeing this, Bai Qu let out a cold cry and controlled the puppet to slash towards Lin Ran.

However, Lin Ran did not dodge and raised his hand to block the sword, but the puppet was so strong that it staggered Lin Ran almost instantly.

However, Lin Ran was no slouch either. He used the moment when the puppet’s strength weakened to take an arrow step and dashed directly to the side of the puppet.

With everyone watching, he raised his hand and stabbed the puppet directly under the armpit from the bottom up!

“Eh?”

Bai Qiu’s face changed at the sight of this.

However, the puppet was already bulky and heavy, and his puppet skills were not very advanced, so he could not operate it freely.

In the blink of an eye, Lin Ran’s Frost Condensation Sword had already pierced into the puppet’s armpit.

The next moment, the puppet’s entire arm was actually thrown out, actually broken.

“This!”

Seeing this scene, the surrounding crowd was shocked, and even Leng Han froze.

How could they not have expected that Lin Ran had actually ruined one of the arms of this black puppet of Bai Qu’s with the strength of the Heavenly Mansion realm!

“Bastard! You’re fucking looking for death!”

Defeated, Bai Qu was instantly enraged, and he mobilised his power to the limit as he controlled the puppet and charged straight at Lin Ran.

However, Lin Ran smiled indifferently and flipped his hand to put away his Frost Condensation Sword.

This scene caused the surrounding crowd to look puzzled.

How could this guy have put away his sword at this moment, could he be preparing to fight this puppet?

Just as the crowd was speculating, Lin Ran actually lunged towards the puppet with an arrow step.

The next moment, as the crowd watched, Lin Ran increased his speed to the extreme and ran around the puppet as if he was a ghost.

At first, the crowd could still see Lin Ran's figure, but soon their vision could no longer keep up with his speed.

The only thing left in the entire ring was the black iron puppet frozen in place and Lin Ran, who could only be seen as a vague shadow.

"Bastard!"

White Drain hid within the puppet, turtling the puppet directly into defence.

Lin Ran was so fast that he couldn't find where his opponent was.

The only way to deal with Lin Ran's attack was to defend!

However, a clear "click" sound soon reached his ears, as well as the ears of the people present.

They all heard the "click" sound clearly.

But no one knew what was going on.

When Leng Han saw it, he also frowned slightly, but he seemed to have vaguely guessed what was going on.

Suddenly, at a certain moment, Lin Ran's body actually stopped, and he stood in front of the puppet with a bland expression, not even taking a breath.

"Why did it stop?"

"Yes! How did it stop?"

The crowd looked puzzled, but only Leng Han could not help but raise his hand and applaud.

"Awesome!"

Seeing this, Leng Qiu was also busy clapping her hands, while shouting.

The surrounding crowd looked puzzled, not understanding what was happening.

When Bai Qu saw this, he was also confused, and when he saw that Leng Qiu was actually clapping his hands for Lin Ran, he was instantly furious.

Manipulating the puppet, he was ready to attack Lin Ran again.

However, as soon as his mind moved, he instantly heard a crunching sound and was shocked to see that the black iron puppet around him had actually fallen apart!

Countless pieces of iron were instantly scattered all over the place, and in the blink of an eye, his black iron puppet was reduced to an underground lump!

He was even shocked to see that all the pieces of his puppet had been dismantled without even a single wound.

“You! How did you do that!”

Bai Qiu looked at Lin Ran with shock in his eyes.

“How did you do it? Just did it!”

Lin Ran smiled, then lifted his foot and kicked Bai Qu in the chest, the latter’s entire body instantly threw him straight out and smashed heavily under the ring.

“You’re no better than that!”

Lin Ran gave Bai Qu a disdainful glance, turned around and ignored him.

The humiliation he had suffered this time simply drove him mad, so he slapped the ground and charged towards Lin Ran.

However, just as his body reached Lin Ran, he saw Lin Ran turn around and in an instant, a cold aura was placed against his neck.

The cold touch instantly calmed him down, and the anger in his gaze at Lin Ran only turned to panic.

He realized that he was actually scared by this kid in front of him, but he was clearly only at the Heavenly Mansion realm, and he was at the Enlightenment realm!

“You’re no better than that, get lost!”

Lin Ran said indifferently, following up with another flying kick, directly kicking Bai Qu in the chest, sending his entire body under the ring again.

Wonder Doctor Chapter 1866

“Yes!”

A roar of approval erupted from beneath the ring at once.

Even the gaze of Cold Khan on the stage as he regarded Lin Ran eased up quite a bit.

“How about that? I told you he’d win!”

Leng Qiu said happily.

“Don’t rush yet, the problem hasn’t been dealt with yet!”

Leng Han said.

Still, the attitude that had obviously eased up made Leng Qiu’s heart sigh with relief.

Lin Ran didn’t bother with the applause around him, seeing that Bai Qiu didn’t dare to come up in, before turning to look at Mai Shen and Mai Yang at the side.

“Kid! What do you want?”

Seeing Lin Ran walking towards the two of them, Mai Shen couldn't help but say with an icy cold face.

"No what! You two apologise to her!"

Lin Ran pointed at Leng Qiu and said blandly to the two of them, Mai Shen.

"Apologise? On what grounds! You have to apologise even for telling the truth?"

Mai Shen's voice was cold, just because he was afraid of Leng Han didn't mean he was afraid of Lin Ran!

Even if Lin Ran had just cleaned up Bai Qiu, that didn't mean that he was his opponent.

"I told you to apologise to her!"

Lin Ran's face was expressionless as he looked at Mai Shen and the two of them with an icy cold voice.

"Cousin, what should we do!"

Mai Yang was truly panicked at this point, and was busy asking Mai Shen.

"Humph! What should we do? You've bullied me and you're asking me what to do?"

Mai Shen said in a cold voice, and then he beckoned, and a burly middle-aged man immediately rushed up next to him.

He was five to five, with dark skin, and he looked like a cultivator who had been out in the world for many years.

And judging from the fluctuations in his aura, it was obvious that he should be at the peak of the Realm of Enlightenment! One point stronger than Mai Shen.

"Want me to apologize, right? Let's beat him first!"

Mai Shen said disdainfully, and then swirled and retreated to the back.

And the burly middle-aged man also took a step forward and directly blocked in front of Mai Shen.

"Brother! Who is this guy!"

Leng Qiu was busy asking at the side, this middle-aged man who suddenly appeared, she had never really seen it before, but it was strong enough.

"This is Mai Shen's follower, nicknamed Tie Ta, the strongest one among his many followers!"

Leng Han said blandly.

"That late man he!"

Leng Qiu couldn't help but be very worried at his words.

Leng Han, however, waved his hand and said.

"Don't worry, if that kid is really uncommonly strong, he can definitely win against him!"

"Why?"

Leng Qiu did not understand the question and answer.

Leng Han smiled at his words but smiled and said.

“Because this Tie Ta has a fatal weakness, if that kid can find it, he will soon solve him!”

“A fatal weakness?”

Leng Qiu smiled and wondered, but at this moment there was no time for him to consider it, because at this moment the pylon above the ring was already lunging towards Lin Ran.

The opponent was stout and even stronger than Mai Shen, so Lin Ran could only choose to retreat at first.

However, this guy was not slow either, and with a flip of his palm, a long stick with a cold glow came down vertically towards Lin Ran.

Lin Ran saw this and used his sword to block it, but this instantly shook both of his arms, causing them to go numb.

It was as if his bones were about to be broken!

“This strength!”

Lin Ran couldn't help but be shocked in his heart, and he was busy pushing and dodging after him, pulling away from the other party again.

However, just as Lin Ran dodged, he noticed that the middle-aged man with the pagoda had followed him and charged over again.

A long stick in his hand was already slashing towards Lin Ran again.

“This guy's attack looks so rigid!”

Lin Ran quickly sensed that something was wrong, although the towering middle-aged man's strength was strong and his speed was not slow.

However, whether it was in the articulation of his attacks or the fluidity of his movements, it clearly looked very dull, like a puppet that only knew how to attack in the same way.

Even this middle-aged man with a tower of iron gave Lin Ran a feeling that was not as threatening as the black iron puppet of the White Drain.

With this in mind, Lin Ran instantly dodged the middle-aged man's stick with a side-step, and then the middle-aged man directly swung the stick towards Lin Ran again.

Seeing this scene, Lin Ran was even more certain of his suspicions.

“I'm afraid this guy is an idiot!”

Lin Ran was very materialistic, and at the same time, seeing the other party swinging down another stick, he instantly reached behind the other party with a sliding step.

Following that, he copied the Frost Condensation Sword in his hand and instantly slashed at the bend of the opponent's leg with it.

"Ah!"

Only a miserable cry was heard, and instantly the pagoda middle-aged man actually staggered straight away and instantly fell to his knees on the ground.

Seeing this, Lin Ran directly flew up and kicked the other party in the head, instantly knocking him to the ground in a faint.

"What!"

Seeing this scene, Mai Shen's face from afar instantly turned pale.

On the other hand, Leng Han at the side had a look of satisfaction on his face and nodded his head.

"It seems that you have a good eye, this kid has some guts and strength!"

"That's right, is there ever a time when I, Leng Qiu, look at someone wrong?"

Leng Qiu laughed smugly.

At this moment, the crowd under the stage were all frozen in their eyes, they as spectators did not notice anything wrong with this middle-aged man with the iron tower.

At this moment, when they saw that Lin Ran, a Heavenly Mansion realm, had actually defeated a middle-aged man with a tower of iron at the peak of the Realm of Enlightenment, they were all extremely shocked.

"Cousin, what should we do now!"

Mai Yang's face turned green at the sight of this.

Mai Shen was similar, his face was ugly as he made quick calculations in his mind.

However, Mai Shen was obviously more mellow than Mai Yang and had more thoughts in his mind, which was evident from the fact that he had deliberately provoked Bai Qu to deal with Lin Ran at the beginning.

At this moment, seeing that his follower Tie Ta had lost, his mind couldn't help but think of many things.

"Apologise!"

Lin Ran arrived in front of the two at this moment, his voice still cold.

"You!"

Mai Yang was so furious that his face couldn't be bothered, and he was busy looking at Mai Shen who was on the side.

However, Mai Shen did not say anything, his gaze glanced around at Lin Ran, then at Leng Han in the distance, and even Bai Qu who had just stepped into the ring, followed by the gloom on his face gradually turning into a smile.

“Cousin?”

Mai Yang couldn't help but be puzzled at the sight, but following Mai Shen's words, he was left completely dumbfounded.

He only saw Mai Shen smiling at Lin Ran and said.

“Older brother, right, why bother? We're all in East Flag City, and you also have a place, so maybe you'll be one of our Dan Pavilion people in the future, we're all raising our heads but not seeing each other, so it's never too good to do things too!”

“Apologize!”

Lin Ran smiled and felt amused, this Mai Shen and Mai Yang were really two personalities, the former was good at reading people's words, seeing that the situation was not right his attitude immediately changed by 180 degrees.

The former was good at reading people's opinions and immediately changed his attitude 180 degrees when he saw something wrong.

“Cousin, what soft words are you talking to him, we are from the Dan Court, I really believe him”

“Shut up!”

Before Mai Yang could finish a sentence, he was interrupted by Mai Shen, who gave him an icy glare, then was busy looking at Lin Ran and laughing.

“My late little friend, don't take it to heart, this cousin of mine is not good in the head!”

“Since you mind so much, I can apologise like Miss Leng Qiu for what happened before!”

Said Mai Shen actually really rushed at Leng Qiu and apologized.

“Miss Leng Qiu is sorry!”

“Cousin you!”

Mai Yang looked stunned, however, Mai Shen gave him an icy glare and whirled around.

“Apologise, or else I'm not your cousin!”

“Me!”

A word directly blocked Mai Yang speechless, in the end, under Mai Shen's gaze, he still wanted Leng Qiu to apologize!

“I'm sorry!”

Wonder Doctor Chapter 1867

“My late friend, are you still satisfied?”

Mai Shen asked with a smile, but this smile was how awkward it looked, clearly forcing it out.

Lin Ran glanced at him indifferently without speaking, turned around and walked towards Leng Qiu.

The coldness on Leng Han's face had completely disappeared and was replaced by a warm smile.

"I wonder if Brother Leng Han is still satisfied?"

Lin Ran asked as he looked at Leng Han.

Leng Han nodded, and then said.

"Don't blame me, deceased brother, you're also a brother, you should be able to understand my feelings!"

"Naturally!"

Lin Ran said indifferently, then arched his hand and said.

"In that case, then I won't bother you, it's getting late and I still have to go pick a sect!"

After saying that Lin Ran turned around and was about to leave.

Leng Han was busy stopping him and said.

"My late brother, please stay!"

"There's something else?"

Lin Ran looked at Leng Han and asked with a frown.

"Speaking of this clan selection, why doesn't the deceased brother consider my Royal Thunder Clan?"

"You should know how my sister treats you, and there are three types of Heavenly Lightning alone within our Royal Thunder Sect, with your skills and strength, you will definitely have a chance to obtain these Heavenly Lightning in the future!"

"Why not come and try!"

"Yes, don't you really want Heavenly Lightning? Besides, I've just joined the Royal Thunder Sect!"

Leng Qiu said busily, with hope in his eyes, he naturally wanted Lin Ran to join the Royal Thunder Sect very much, so that he could see him every day.

Lin Ran fell into deep thought at his words, he really didn't know this, just joining the Royal Thunder Sect for the sake of three heavenly thunderbolts, this was obviously a bit uneconomical.

"Kid, you must hold back the Royal Thunder Sect, I'm telling you what Heavenly Thunder, it must be the Heavenly Thunder after it's been weakened! It's impossible for a clan to preserve intact Heavenly Lightning!"

Just as Lin Ran was hesitating in his mind, Lei suddenly spoke up.

"Why?"

Lin Ran asked in disbelief.

“No reason, because whether it’s a heavenly lightning or a mine even a divine lightning is a product of the natural breeding of heaven and earth, even the beastly lightning inside a magical beast is a gift from the heavens!

“Such things are just like very precious herbs, they all have their suitable places to be born Zhang!”

“Once it leaves its habitat, it is simply impossible to preserve!”

Said Ray, after a pause, before continuing.

“I am also not afraid to tell you that even in the Thunder Dignity Pavilion, the highest that can be preserved intact is only Heavenly Lightning, Divine Lightning and stronger Divine Lightning cannot even be preserved in the Thunder Dignity Pavilion!”

“So in order even if you get the Heavenly Lightning of the Royal Thunder Sect now it won’t be of much help to you!”

“Look at the long term, cultivate your sword dao properly is the most important thing, the three treasures within the Thunder Dignity Inheritance are already enough for you to use for a long time, and in the future, once you enter the Thunder Dignity Pavilion, I guarantee that you won’t even see any Heavenly Lightning!”

“Mm!”

Lin Ran nodded at his words, what Lei said made sense.

The Lightning Dao was originally an auxiliary dao, and if one wanted to bring the power of the Lightning Dao into full play, one would still need a dao like the Sword Dao and the Blade Dao, a dao of merit killing.

Even in the Lightning Pavilion, most people use the Lightning Dao as an auxiliary dao, and only the previous Lei Zun Pavilion Master, Lei Zun himself, was able to acquire the Lightning Dao.

The only person who was able to acquire the supreme secret method of the Thunder Zun Pavilion and completely cultivate the Dao of Thunder and Lightning as the Dao of Attack.

“There’s no need, I have other, better options!”

Lin Ran clasped his fist, not considering the Royal Thunder Sect he still had the Dan Pavilion and the Sword Immortal Sect to consider, and to be honest after what had just happened, Lin Ran was more partial to the Sword Immortal Sect.

After all, he felt awkward about letting him stay in the same clan as Mai Shen Mai Yang.

“But you’re not”

Leng Qiu still wanted to persuade, but Leng Han, who was on the side, waved his hand and said.

“Since young friend deceased has already decided, we should not force him, but I am curious, which clan does young friend deceased want to join?”

“Not counting our Royal Thunder Clan, there is only the Heavenly Kui Sect, the Dan Pavilion and the Sword Immortal Sect left!”

“I’m honestly still considering this one too!”

Lin Ran said helplessly, he hadn’t actually thought about it until now.

And just as they were talking over here, Mai Yang, who was not far away, couldn’t help the doubt in his heart and came over to Mai Shen and asked.

“Cousin, why did you just give in to him, he’s just a trash of the Heavenly Mansion realm!”

“Shut up, what do you know!”

Mai Shen sniffed and glared at Mai Yang, seeing that Lin Ran and the others were still talking, before he lowered his voice and said.

“Can you use your brain before you do something, even though that kid is only at the Heavenly Mansion realm, look at who he’s defeated!”

“This”

Mai Yang sniffed at the words in a daze.

Indeed, the people Lin Ran had defeated were all at the Realm of Enlightenment, and there was also the White Drain amongst them, this battle record was clearly no longer something he, Mai Yang, could afford to offend.

“Use your head before you do something, do I need to say more about how strong Bai Qu’s puppet is? This kid can even defeat Bai Qu!”

“And this follower of mine is not weak either, and he still lost too, can’t you still see that the sky is about to change in this East Flag City?”

Mai Shen said in a deep voice.

“Cousin, it’s not so bad! He’s just a Heavenly Mansion realm, how can he still influence the entire pattern of East Flag City?”

Mai Yang was noncommittal, always feeling that it was his cousin who was too much overthinking.

“Do you have a brain, fool?”

Mai Shen said in a cold voice.

“He has a place on him, if he joins the Royal Thunder Clan and becomes a member of the Leng Family, then who will dare to mess with him in the future? Are you a pig?”

“Me!”

Mai Yang was suddenly speechless.

“So what now?”

The more Mai Yang thought about it, the more scared he was, if Lin Ran really joined the Royal Thunder Sect, he would definitely seek revenge on him then, their Mai family was only powerful in Xue City, how would they dare to offend this Leng family of East Flag City!

Mai Shen sighed and said.

“Now we can only pray that this kid doesn’t join the Royal Thunder Sect,? Don’t even go to the Heavenly Kui Sect, it’s best if he joins our Dan Pavilion or the Sword Immortal Sect!”

“Join our Dan Pavilion? Then will we still have good days ahead?”

Mai Yang did not understand.

Mai Shen glared at him and said.

“Are you a pig? If he joins the Dan Pavilion, when the time comes, we just need to show goodwill this relationship will soon ease up!”

“If he goes to the Immortal Sword Sect, that is naturally the best, nowadays the Immortal Sword Sect has fallen like this, we can all rest easy when he arrives at the Immortal Sword Sect!”

“Alright!”

Mai Yang was helpless, after all this talk about which sect Lin Ran would join, it was still his own decision, so they could only listen to God’s will.

No one was talking loudly in the ring, and the four major powers were all secretly cutting their private desires, speculating on which sect Lin Ran would join.

However, just at this moment, suddenly a cheerful laugh was heard over the entire square.

“Older brother Dongyang, this way please!”

Following this, several figures landed directly on the square.

When the crowd looked, they saw that there were five figures, and one of them was officially Xue Dongyang, the City Lord of Xue City!

The remaining four, on the other hand, were dressed in different robes, but each one had a word clearly etched on them.

“Elders!”

Upon seeing these four people, the disciples of the four major powers in the ring bowed respectfully almost simultaneously.

The four people who appeared here were clearly the elders of the four powers, and the heads of the individual clans responsible for this selection.

Wonder Doctor Chapter 1868

Lin Ran stood in the crowd, his gaze sizing up the four men.

These four people were standing in very interesting positions, one of them was standing right next to Xue Dongyang, and seemed to have the best relationship with the latter.

This person had a faint flash of thunder arcs on his body and his aura was also the strongest one, Lin Ran guessed that this person was probably an elder of the Royal Thunder Sect.

“This is the Heavenly Que Elder of the Royal Thunder Sect, his strength is in the Hundred Thousand and Eighty Thousand Realm, although they are all at the early stage, his strength is already similar to Xue Dongyang’s!”

On the side, Leng Qiu came over and said.

Lin Ran couldn’t help but be staggered at his words and was busy asking.

“What about the strength of the other three elders?”

“They’re all about the same, except for that Sword Immortal Sect elder whose strength is only at the peak of the Extreme Dao Realm!”

Leng Qiu said.

“Why is that?”

Lin Ran didn’t understand, although the Sword Immortal Sect was also in decline now, it was still a large sect after all, it wasn’t so bad that even the strength of the elders was different from the other sects.

“That’s not clear to you, don’t look at the Sword Immortal Sect’s elder Leng Chen who is only at the peak of the Extreme Dao Realm!”

“But his combat power is definitely not weaker than the three elders outside of Lin!”

Leng Qiu was busy explaining.

“The Sword Immortal Sect is good at starting the way of attacking and killing, especially the Sword Immortal Sect’s Three Character Sword Tablet, which is very precious!”

“So if this Elder Leng Chen really fights, that’s the one with the most terrifying combat power!”

“So that’s how it is!”

Lin Ran suddenly understood when he heard that, no wonder from the surface Elder Leng Chen’s strength was clearly different from the other three, but no one dared to say anything.

“Young friend of the deceased, how is your clan selection coming along?”

Xue Dongyang quickly saw Lin Ran and came forward to greet him.

The other four elders couldn’t help but be stunned at the sight, Xue Dongyang would send people over every year for admission, but this was the first time they had seen Xue Dongyang get so close to a young junior.

“Brother Dongyang, this deceased young friend can hardly be!”

At the side, the elder of the Royal Thunder Sect, Tian Que, opened his mouth and asked with a smile.

“That’s right!”

Xue Dongyang did not hide and nodded his head and said.

“This deceased young friend is our Xue City’s qualification winner this year, the other qualification has already been obtained by someone from your Leng Clan!

Said Xue Dongyang, pointing at Leng Qiu who was next to him.

Seeing this, Tian Que could not help but smile as he stroked his beard.

“Shame shame shame,? Just now I have heard that Leng Qiu has passed the test of the Royal Thunder Sect!”

“But speaking of which, this deceased young friend to is planning to go to that sect, huh?”

Tian Que asked as he looked towards Lin Ran.

“I dare not hide it, I haven’t thought about it yet!”

Lin Ran said as such.

“Ao? Then why don’t you join that girl Leng Qiu and come to our Royal Thunder Sect?”

Tian Que laughed.

“Tian Que, can you show some face? Every year, your Royal Thunder Clan has to get one of the people sent by Brother Dongyang, this year you have already gotten Leng Qiu, so you should also go to our Tian Que Clan!”

“Don’t you think so Brother Pill Fool!”

Next to him, Kui Dou couldn’t help but speak up.

This Kui Dou was naturally the elder of the Tian Kui Sect, and the one he had become also the Pill Nerd was the elder of the Dan Pavilion.

“I can’t make a decision on this matter, it’s up to my friend to make his own choice!”

The Pill Fiend waved his hand, clearly not prepared to get involved in this mess.

It was true, what kind of geniuses had they, the elders, not seen, even the ones Xue Dongyang sent every year for over ten years.

And those who had been given places in the first place, after joining their major powers, those who should have fallen away were still falling away.

So in fact, the people are already looking at it very lightly, so at this point, they are saying this purely for fun, no one will feel at ease!

Leng Qiu seemed to know this, and seeing this, he was busy saying.

“Elder Tian Que, all the elders, you guys don’t rush to distribute first, if you listen to what just happened, I guarantee that you all rob people one by one!”

“Hey!”

Lin Ran smiled and was busy looking at Leng Qiu, wondering what she was up to.

Leng Qiu saw this but smiled and said.

“Some people have done things, are they still afraid that others will know? Don’t worry about it I’ll help you take your revenge!”

“What do you mean?”

When the four elders heard Leng Qiu’s words, they could not help but all become interested.

Especially Elder Tian Que, seeing that Leng Qiu and Lin Ran seemed to be on good terms, the implication of pulling him in was even stronger in his heart.

Although he didn’t know how Lin Ran would fare in the future, he might have the strength to get a place in Xue City for now.

This is like a kind of investment, and all the major sects will also make such an investment, after all, if they really rise in the future it will be a great benefit to them.

“It’s not really a big deal, it’s just that just now your Dan Pavilion’s disciple, Mai Shen, had his follower, Tie Ta, fight with his deceased friend, and was defeated by him!”

Leng Qiu said indifferently, speaking in a very cloudy manner.

But in the ears of the elders, they were all frozen.

They knew very well what Tie Ta’s strength was, he was at the peak of the Realm of Enlightenment, while Leng Han of the Royal Thunder Sect was only at the Realm of Three Dao.

If Tie Ta did not have a fatal flaw, the major powers would have already taken him into their clan.

But this peak of the Enlightenment Realm wasn’t something Lin Ran could fight against, after all, this guy was only at the Heavenly Mansion Realm!

“What you said is true?”

The Pill Fiend on the side asked, his eyes glowing.

“Naturally, it’s true!”

Leng Qiu nodded his head.

The Pill Fiend’s eyes glowed at his words and he laughed out loud.

“Haha! This is simply heaven’s will, the Heavenly Quequi Dou and Leng Cheng, this time you should not snatch it from old me!”

“Other people’s deceased young friend has already fought with our Dan Pavilion’s disciple Mai Shen of sorts, and has already won, so this is considered to have passed our Dan Pavilion’s test!”

“Pill Fool, that’s not right, the rules we set were clearly for an outer disciple to take the test, how come when it comes to your Dan Pavilion it’s an inner disciple!”

“And a follower of an inner disciple!”

On the side, Tian Que opened his mouth and said with dissatisfaction.

“That’s right, old brother Pill Fool, that’s unethical of you!”

Kui Dou also echoed, while turning his head to look at Lin Ran and laughed.

“Deceased little friend, you see this Dan Pavilion nonsense, listen to me go to our Tian Kui Sect, I don’t need you to take the test to get in!”

“Eh!”

Lin Ran smiled a little embarrassed, if this Kui Dou knew that he had dismantled all of Bai Qu’s puppets, he wondered if he would still be so enthusiastic.

“Elder Kui Dou, your Heavenly Kui Sect is even more excessive alright!”

As the thought was going through his mind, suddenly the Leng Qiu on the side was watching the fun and spoke up again.

“What do you mean?”

Kui Dou was stunned at his words, not understanding what Leng Qiu was saying again.

Leng Qiu nudged his mouth and said.

“You can see for yourself, your Heavenly Kui Sect’s Bai Qu just used a puppet against his deceased friend and was directly dismantled by someone else!”

“Ah?”

Kui Dou smiled and looked at Bai Qu, and found that the boy was covered in wounds and had a footprint on his chest!

“This!”

Kui Dou was instantly dumbfounded.

On the other hand, Pill Fool and Tian Que on the other side saw this but their eyes instantly lit up and they were busy speaking.

“Deceased little friend, come to our Royal Thunder Sect and I guarantee that you will get a heavenly thunderbolt within a year!”

“Deceased little friend, come to our Dan Pavilion, I guarantee to let you become a personal disciple of the Sect Leader!”

“Holy shit! You two still want to be shameless, if your late little friend comes to our Heavenly Kui Sect, I will personally make you a puppet!”

The three elders all started to scramble when they saw this, and this scene immediately made the surrounding crowd, including the disciples of the four great powers, dumbfounded.

When did a disciple of the Heavenly Mansion realm actually become so sought after.

Wonder Doctor Chapter 1869

Faced with the scramble of the elders, Lin Ran was somewhat helpless, and to be honest, he was also somewhat swayed.

Whether it was Elder Tian Que's promise of heavenly thunder or the other elders' conditions such as the sect's own disciples, any other person would have been moved long ago.

Although Lin Ran was not yet so moved straight away, this undoubtedly made his already somewhat indecisive choice of clan even more difficult.

Xue Dongyang could see Lin Ran's mind and spoke with a smile.

"Gentlemen, don't be hasty, we all see the outstanding talent of our late friend, but cultivation is all about fate!"

"Why don't we give our friend some time to think it over?"

"Yes! That's right!"

"Yes!"

Hearing Xue Dongyang's words, both Pill Fiend and Kui Dou were busy echoing.

The two of them were the most worried in their hearts, although Leng Qiu's words before had been said simply, they were both human beings, so how could they not know the rights and wrongs represented therein.

Whether it was Mai Shen or Bai Qiu, they were both disciples of the Dan Pavilion and the Tian Kui Sect, and had already been initiated for two years, so it was obvious that they must have had a conflict when they had struck out at Lin Ran.

If Lin Ran did not join their clan because of this, then the loss would be too great.

The difference between this and the other was not something that could be said for the loss of a single disciple alone.

The four elders all quietened down, and Lin Ran began to look at them one by one.

Elder Tian Que didn't need to say much, he looked very bright and open-minded just by his temperament, and his style of action was almost the same.

Lin Ran still had a good feeling about him, especially since the invitation extended by the other party was solemn and not forced, which was something that made Lin Ran more comfortable.

As for Pill Fiend and Kui Dou, although they were also very enthusiastic, they were obviously both set off by this scene at this time, and when they waited within the clan they were afraid that their attitudes would change greatly.

The other thing is that these two sects apart from the Dan Pavilion, this Tian Kui Sect he is really not interested in itself.

After sweeping his eyes over the crowd, Lin Ran's gaze eventually landed on Elder Leng Chen.

This Elder Leng Chen had not spoken from the beginning, and even when the crowd was fighting for Lin Ran, Elder Leng Chen had only stood aside indifferently without opening his mouth.

This caused Lin Ran to give Elder Leng Chen an extra look.

Elder Leng Chen stood aside indifferently, standing with his hands folded, although his aura was the weakest among that kind of people, but it was just as Leng Qiu had said.

After staring at him for a long time Lin Ran realised that the sense of danger this person brought him was the strongest.

He stood there as if he were a sharp sword. At first, it looked as if the sword was covered in dust, but upon closer inspection, one would find that the sword was only unsheathed, and once it was sheathed, it would be extremely powerful.

"Young friend of the deceased, have you thought it over?"

Seeing that Lin Ran had been staring at Elder Leng Chen and didn't know what he was thinking, Xue Dongyang was busy opening his mouth and asking with a smile.

Lin Ran shook his head at his words, and then spoke.

"Elder Leng Chen, I wonder if I could ask for some advice like you!"

"Hm?"

As soon as he spoke these words, the surrounding crowd couldn't help but look over, especially the few elders, who couldn't help but feel worried in their hearts when they heard these words.

There were four elders here, but Lin Ran had approached Elder Leng Chen by chance, which made them apprehensive in their hearts.

Some people were apprehensive, but others were happy. When Mai Shen and Mai Yang, including Bai Qiu, heard that Lin Ran was looking for Elder Leng Chen for advice, their hearts burst with joy.

Lin Ran was obviously interested in the Sword Immortal Sect, and if he could get in, it would be the best outcome for them.

After all, the Sword Immortal Sect had fallen into decline, if Lin Ran entered it, then naturally they would not have the shelter of the Leng Family and the Royal Thunder Sect in the future then they would be able to find an opportunity to clean up this kid.

"Humph! You don't know what you're doing, if you dare to enter the Sword Immortal Sect, watch how I'll play you to death!"

Bai Qu clenched his fists tightly, with a cold smile in his eyes.

While Mai Yang, who was at the side, asked curiously.

“Cousin, why did you say that if that kid goes to the Sword Immortal Sect Bai Qu will not let him go?”

“Humph you don’t know!”

Mai Shen sneered.

“This Bai Qu has a clan brother who is very close, and this person is cultivating in the Sword Immortal Sect, and he’s not bad!”

“If this deceased person goes to the Sword Immortal Sect, then he’s simply bumping into a gun, and when the time comes, we won’t even have to do anything, Bai Qu can find someone to clean him up!”

“Like that!”

Mai Yang smiled with a vague look of anticipation on his face, as if he really wanted Lin Ran to join the Sword Immortal Sect right now.

However, on Lin Ran’s side, after Elder Leng Chen heard Lin Ran’s words, he couldn’t help but be stunned, and then he laughed.

“That’s fine, I wonder what would you like to ask for advice on, my late little friend?”

“Swordplay!”

Lin Ran said.

“O? That’s fine!”

Elder Leng Chen said, and immediately came in front of Lin Ran, while at that moment, several other elders also very sensibly pulled away, leaving a large space for the two.

Although they were a little worried about Lin Ran wanting to ask Leng Chen to teach him sword techniques, at the same time they also wanted to see how much attainment this kid had in sword techniques.

“Let’s begin!”

Elder Leng Chen didn’t say anything, and spoke directly after standing still.

“Then the brat will be offended!”

Lin Ran’s eyes snapped cold as he said that, followed by the Frost Condensation Sword appearing in his hand out of thin air, the next moment he moved his body towards Elder Leng Chen and stabbed his sword in front of him.

Elder Leng Chen didn’t say a word, he just looked at Lin Ran with a bland gaze, unable to see his happiness or anger.

“Weng!”

Suddenly, just as the Condensing Frost Sword attacked and killed Elder Leng Chen, it disappeared out of thin air!

“This sword technique? Is it a basic sword move?”

“That’s not right, how could a basic sword move have the ability to pierce through the void!”

“Weird! It’s very bizarre!”

The other three elders were all puzzled, and even Leng Han, who was watching from the side, couldn’t help but frown slightly, obviously puzzled by this sword move of Lin Ran’s.

And just as the crowd was puzzled, suddenly the crowd saw that Elder Leng Chen had actually closed his eyes directly, no longer bothering about the sword shadow in front of him.

Only to see that while his eyes were closed, his palm had already probed out of thin air and instantly grabbed towards the void in front of him.

“Bang!”

There was a crunching sound, and the next moment instantly Elder Leng Chen’s hand stopped in place.

Somehow a sword shadow had actually appeared from the tip of Elder Atlee Lengduan’s finger.

“Condense!”

Suddenly, one could only hear Elder Leng Chen’s voice shouting in a low voice, followed by Lin Ran’s entire body feeling an invisible force actually appear on his Condensing Frost Sword, instantly pinching his own sword right in the middle.

“Weng.”

A tremor appeared out of thin air, and the next moment the entire Frost Condensation Sword surfaced once again.

Only at this time, the Condensed Frost Sword had already played go which was pinched in Elder Leng Chen’s hand.

“Not bad for attacking and killing, try defending!”

Elder Leng Chen smiled indifferently, immediately waved his hand and flung the Condensed Frost Sword to Lin Ran, followed by a flick of his finger, instantly a white sword mane shot towards Lin Ran.

Lin Ran took the Frost Condensation Sword and did not dare to be slow, instantly slashing out a layer of sword mane towards Elder Leng Chen’s sword mane.

Wonder Doctor Chapter 1870

The sword mane slashed out, and instantly countless even smaller sword manes appeared, followed by a large net of sword manes forming right towards Elder Leng Chen’s sword mane.

“Bang!”

A crunching sound rang out violently, and the next moment Lin Ran was shocked to find that his sword mane net had shattered in an instant.

“How strong!”

Lin Ran ate it up already, and was busy following it by slashing out two more sword manes.

It was only after a full three sword maces had passed that this one sword mace from Elder Leng Chen was blocked by Lin Ran.

At that moment, cold sweat was already breaking out on Lin Ran's forehead and he was breathing heavily.

Everything had happened in a flash of lightning, it seemed that Lin Ran had blocked Elder Leng Chen's strike with three swords, but in fact only he knew in his heart how difficult Elder Leng Chen's strike really was.

If he couldn't block it, he would be seriously injured, and Elder Leng Chen naturally wouldn't let that happen, but if it really came to that, then I'm afraid his sword dao wouldn't be as strong as he thought it was.

Sure enough, seeing that Lin Ran had blocked this sword aura of his own, Elder Leng Chen couldn't help but smile and clap his hands.

"Not bad! Not bad! To have such a foundation in the sword dao at the Heavenly Mansion realm, you've already started on the sword dao! And your natural talent is not bad at all!"

Said Elder Leng Chen, who suddenly thought of something and was busy asking.

"By the way, did you kid not cultivate sword techniques? Why are the attacks and defenses all basic sword moves?"

"I dare not conceal it, my brat indeed does not cultivate sword techniques, these are all basic sword moves!"

Lin Ran said busily.

Elder Leng Chen's heart was shocked at his words and he busily said.

"Then your attacking sword dao this piercing through the void is hardly an attacking technique that you have enlightened yourself?"

"Mm!"

Lin Ran nodded his head.

Elder Leng Chen's face immediately emerged with a smile at his words.

"Ruizi can be taught! A child can be taught!"

"Proceed!"

Elder Leng Chen said with a wave of his palm, and instantly a token flew towards Lin Ran.

The other three elders were instantly displeased at the sight.

"Leng Chen, what are you doing! The deceased young friend has not yet agreed to enter your Sword Immortal Sect!"

"That's right, what do you mean by that!"

“What are you guys nervous about? This is just the token of our Sword Immortal Sect, if the deceased junior friend joins our Sword Immortal Sect, this token will naturally be his, if not this token will be useless after three days!”

Leng Chen looked at the other three elders and said.

The three elders were relieved when they heard this.

Lin Ran took the token and found a sword tablet engraved on it, if it wasn't a three-character sword tablet or something.

“My late little friend!”

Leng Chen was looking at Lin Ran at this moment and spoke again.

“Senior, please speak!”

Lin Ran was busy saying respectfully.

“Hm!”

Leng Chen nodded his head and then said.

“You have only just begun in the sword dao, yet you have already been able to comprehend your own sword moves, this is enough to show that your natural talent in the sword dao is extraordinary!”

“I have nothing to say, if you are willing to join our Sword Immortal Sect, I can assure you that you can go and enlighten the Three Character Sword Tablet anytime you want!”

“But how much you can comprehend, that will depend on your own creation!”

“Leng Chen!”

Hearing Elder Leng Chen's words, the two elders, Pill Fiend and Kui Dou, were immediately unsettled.

“Leng Chen, this three-character sword tablet is your Sword Immortal Sect's sect's magic treasure!”

“If I remember correctly, the only ones who can go and view it at any time are your sect master's personal disciples!”

“What do you mean by that? Are you asking your late friend to be the personal disciple of your Sword Immortal Sect Master?”

“That's right, you're being a bit shameless!”

The two of them said.

Lin Ran couldn't help but be shocked as he listened, the personal disciple of the Sword Immortal Sect's Sect Master, this was something he didn't even dare to think about.

However, Elder Leng Chen had a bland look on his face as he looked at Pill Fool and Kui Dou and said.

“What are you two arguing about, if I remember correctly before, it seems that either of you said that you would let the deceased young friend go to be your sect's personal disciple, right”!

“What? Can only you guys pull the strings, and my Sword Immortal Sect can’t pull the strings?”

“Leng Chen, wake up, the fact that my late friend was able to dismantle Bai Qiu’s puppet in a single glance clearly shows that he has great talent in the puppet path! Why do you have to mislead others!”

Kui Dou said busily.

The Pill Fiend on the side smiled and said busily.

“No, no, you have all forgotten what happened to the late young friend before? I think he has the highest attainment in pills! He should enter our Dan Pavilion!”

“Bullshit!”

Said the Pill Fiend, who had argued with Kui Dou first.

Lin Ran looked speechless and was busy looking at Xue Dongyang who was at the side.

Xue Dongyang helplessly talked and opened his mouth.

“Come on, you’re too old to be ashamed of yourself!”

“Which clan you choose is your freedom, so don’t struggle, listen to what you have to say!”

Xue Dongyang’s words caused both Kui Dou and Pill Fool to fall silent, the crowd all looked at Lin Ran in unison, obviously waiting for him to make a choice.

Lin Ran scratched his head in embarrassment, speechless! He hadn’t expected things to turn out like this, with these four clans all starting to compete for himself instead.

It was just that deep down, Lin Ran was still more inclined towards the Sword Immortal Sect.

First of all, he was in desperate need of finding a dao to break through and enter the enlightenment realm, and since the lightning dao was obviously not very suitable, that left the sword dao for him as well.

Moreover, this Sword Immortal Sect was also the sect that Su Rou had stayed in, which also made him lean more towards the Sword Immortal Sect.

“Elders and seniors!”

Suddenly, Lin Ran seemed to have made up his mind as he looked towards the group of elders and said.

“Kid has still decided to join the Sword Immortal Sect! Sorry!”

“Look guys!”

Leng Chen smiled at his words, while the other three elders couldn’t help but have a look of disappointment on their faces.

“Young friend of the deceased, you should consider carefully! The Sword Immortal Sect is in decline nowadays, you’re afraid that if you go to them you’ll”

“How dare you!”

Before Kui Dou could finish a sentence, he was directly interrupted by Leng Chen.

“Elder Kui Dou, are you looking down on our Sword Immortal Sect? Do you want to have a match?”

“You!”

Kui Dou was blocked from saying a word, although looking at the strength he barred Elder Leng Chen from being powerful, he was very clear in his heart.

If he really fought, he was definitely not a match for Leng Chen.

“All right, what are you guys doing without this? Didn’t we agree before, where the deceased young friend wants to go that is his freedom, how can we still hurt the peace!”

Xue Dongyang said busily.

However, Pill Fiend and Kui Dou were still unwilling to do so and were busy saying.

“Little friend of the deceased, aren’t you thinking about it anymore? Our Dan Pavilion can be really perfect for you!”

“Yes little friend of the deceased, our Puppet Sect’s puppets are practically tailor-made for you!”

Lin Ran looked speechless and could only say awkwardly.

“Two elders, I’m really sorry, your clan doesn’t suit me!”

“How could it be unsuitable, you’re clearly

The two people were just about to continue to persuade, when Leng Qiu, who was on the side, spoke up.

“Two elders, do you still not understand? The deceased brother that is afraid to go to your clan!”

“What do you mean?”

Both of them were stunned at the words, but Lin Ran had already understood Leng Qiu’s meaning, and before he could open his mouth to stop him, Leng Qiu had already spoken up.

“It’s obvious, they haven’t even entered your sect yet, and they’re still being picked on by people like Mai Shen and Bai Qiu, if they really went to your sect, they would still be bullied to death by these two people!”
