

Wonder Doctor Chapter 1871

“This!”

Both of them could not help but have their old faces turn iron for a moment at the sound of their words, and they were busy turning their heads to look at their respective camps.

Mai Shen and Bai Qu could not help but lower their heads when they saw this, but in their hearts they became even angrier at Lin Ran.

Although the words were spoken by Leng Qiu, the main person was still Lin Ran, and their good days in their respective clans had come to an end after such a mess.

After all, because of them, such a good seedling like Lin Ran had ended up losing out to his own clan.

If Lin Ran didn't achieve much in the future, but if he did, then they would really become the sinners of their respective clans for the ages!

“I'll deal with you bastard when I get back!”

Both Pill Fool and Kui Dou were furious.

On the other hand, Elder Leng Chen next to him was already laughing, seeing that at this point he understood in his heart that Lin Ran would most likely choose his Sword Immortal Sect.

In contrast to him, at this time, Mai Shen and Bai Qiu were already ugly to the extreme, and even Mai Yang, both felt like they were going to be finished this time.

At this moment, the elders did not have a fit, but if they returned to the clan, they would have to give a reason, or else they would be in for a treat.

To make the sect lose a talent like Lin Ran, this was not something that could be solved by criticizing him.

“Deceased little friend, or else you should think about it, our Tian Kui Sect is really strong, and with your knowledge of puppets, you can definitely do something in the future!”

“Deceased little friend, our Dan Pavilion is also good, powerful pills can even speed up your cultivation, and being an alchemist goes everywhere”

Kui Dou and Pill Fool did not forget to continue to persuade Lin Ran, only Lin Ran was already determined, his face tacked with a bland smile and said.

“I'm sorry two elders, my mind is made up! You guys don't need to say any more!”

“This!”

Kui Dou and Pill Fiend not only both sighed at their words, their faces filled with disappointment.

“Alright, you two should stop struggling, since the late young friend has chosen the Sword Immortal Sect, then this is the Sword Immortal Sect's chance, so why should you guys be like this!”

On the side, Tian Que spoke up and said.

“Not Tian Que, aren’t you in a hurry?”

Kui Dou asked rhetorically, although Tian Que didn’t do anything because Lin Ran had joined the Immortal Sword Sect, but at the beginning, this guy also wanted to pull Lin Ran into their Royal Thunder Sect!

“It’s Tian Que, I remember you were talking about your Royal Thunder Sect’s Heavenly Thunder at the beginning, don’t you want your late little friend to enter your Royal Thunder Sect?”

Pill Fool also asked rhetorically.

Tian Que, however, smiled blandly and said.

“I want to, but all things are destined to happen, and the fact that the late young friend did not choose our Royal Thunder Clan means that our Royal Thunder Clan is not destined to him! And why should we force ourselves!”

“That’s easy for you to say!”

Kui Dou said indifferently.

“Your Royal Thunder Sect is now the strongest sect in the entire East Flag City, so naturally you are not in a hurry, if we sects don’t catch up then we may not be able to tell what will happen in the future!”

Tian Que smiled blandly at Kui Dou and did not say anything, then he pretended to look over at Lin Ran and said.

“Old friend, although you have not joined the Royal Thunder Sect, I, Tian Que, like to make friends in all directions, so take this token!”

As he said that, Tian Que actually took out a fast token, the texture of this token was very similar to that of the Sword Immortal Sect, so obviously it should also be the sect token of the Royal Thunder Sect.

“Senior Tian Que what are you doing?”

Lin Ran looked a little puzzled, he had already chosen the Sword Immortal Sect, why did Tian Que give him the token?

“Listen to me!”

Tian Que laughed.

“I admire you, think of it as making a friend, this doesn’t affect your entry into the Sword Immortal Sect!”

“Keep this token, if you have any problems or troubles with Tian Lei in the future, you can come to me, I will help if I can!”

“Senior!”

Lin Ran was stunned at his words, as Tian Que’s words seemed to be cloudy, but the implication of them was clear to him.

If he had a problem with the lightning route in the future, he could go to him at any time, this was already very good treatment from Yan.

In other words it was like being a master and disciple without a master-disciple relationship.

“Tian Que, to what extent? To put down such a big blood money?”

Kui Dou snickered with a slight frown.

After all, Lin Ran was not a member of his Royal Thunder Clan, but to help him like this, even if Lin Ran became successful in the future, he would still be a disciple of the Sword Immortal Sect and would have nothing to do with his Royal Thunder Clan.

“Yes, Tian Que, you’re going too far!”

Pill Fool also said.

However, Tian Que smiled blandly and didn’t bother to explain, patting Lin Ran on the shoulder before he stopped talking.

“Alright, since the deceased young friend has already chosen a clan, then this is the end of today’s business, it’s getting late, let’s all go back!”

Xue Dongyang opened his mouth and laughed at the situation.

The group of people immediately went behind their respective elders, obviously ready to leave.

“Little friend of the deceased, this way please!”

Elder Leng Chen greeted, and Lin Ran nodded, daring to prepare to go over, when suddenly Leng Qiu was running over and whispered.

“Hey! You have to be careful of a man called Bai Chang when you get to the Sword Immortal Sect, plus you’re not allowed to forget about me,? I’ll look for you when I have the chance!”

“I”

Lin Ran was just about to say that this would be unnecessary, we are all here to cultivate, not to get laid, what’s the point of meeting each other!

But before the words could be spoken, Leng Han’s voice came from the distance.

“Leng Qiu! Let’s go!”

“Remember my words!”

Leng Qiu directly interrupted Lin Yan, and immediately turned around and left.

Looking at Leng Qiu’s back as he left, Lin Ran was speechless, but he didn’t say anything, after all, this would only get messier the more he talked about it.

“Master of the Xue family, let’s say goodbye!”

Lin Ran arched his hand at Xue Dongyang, and then swirled around before he led Li Ba and Xiao Jiu Li towards Elder Leng Chen.

Looking at Lin Ran's gradually distant back, Xue Dongyang took a deep breath and said.

"This kid has lived in my house for half a year, at this point it's really a bit hard to let go!"

"Even my own son still has to grow up, let alone just a passing guest!"

Tian Que said from the side.

"A passing guest? If the deceased friend was a passing guest, why did you spend so much money? You're giving tokens and saying you're the one to call if there's a problem!"

"Speaking of which, I also think you're not putting down too much money, the deceased little friend didn't join"

Xue Dongyang before he finished a sentence, suddenly was interrupted by Tian Que.

Tian Que looked at Xu Dongyang and laughed.

"Xue old brother, we do not say dark flowers in the light, I this blood money is big? A person you don't know, you can let him stay in your house for six months, you can say it's because he cured your daughter!"

"But I'm not stupid either, a kid from the Heavenly Mansion realm can cure your daughter, can't I see this qualification and strength?"

"And I've heard that your daughter was cured by Qin Han, right? To be able to make the Eastern Chess King run to Qin Han, isn't there a reason for this brat?"

When Xue Dongyang heard this, he could not help but sigh helplessly, it was true that there was no impervious wall in the world, even though he had sealed it very tightly, but in the end, it was still known to Tian Que.

Tian Que patted Xue Dongyang's shoulder and laughed.

"Elder brother Dongyang, this son is extraordinary, this blood money of mine is just a drop in the bucket compared to what you have put down, don't you think so!"

"Alright, alright, you win!"

Xue Dongyang helplessly waved his hand and said.
