

Wonder Doctor Chapter 1872

“Let’s go!”

As a greeting sounded, followed by a huge Earth Demon Beast had shot up into the sky and rushed towards a part of East Flag City.

And with the first came the second, and soon the people of the four great clans had left.

At this point Lin Ran had finally joined the sect he wanted, the Sword Immortal Sect.

Leng Qiu naturally went with Leng Han to the Royal Thunder Sect, while Mai Yang followed his cousin to the Dan Pavilion.

The only one of these people Lin Ran knew was Xu Gu, and before he left Xue Dongyang also told Lin Ran where Xu Gu was going.

Only then did he realise that under Xue Dongyang’s arrangement, this fellow Xu Gu had been stuffed into the Dan Pavilion by him and had become an outer disciple.

Although his status was not high, being in the Dan Pavilion was very good for his future.

As long as he doesn’t mess with people like Mai Yang, he will be able to live a very prosperous life in the future.

The four great sects all had their own strongholds in East Flag City, and although the sects were not in the city, the strongholds were one of the ways to their respective sects.

Lin Ran followed Elder Leng Chen and some other disciples and quickly arrived at the stronghold.

What he didn’t expect was that he ran into an acquaintance at the entrance of the stronghold, none other than the Buji Swordsman.

“You, deceased brother?”

Seeing Lin Ran here, Bu Er Swordsman was very surprised, although he had also failed to make it to the end of the selection process in Xue City, he was aware that Lin Ran had already obtained one of the spots.

According to reason, someone like Lin Ran who had gotten a spot should not have come to the Sword Immortal Sect, and from what he knew about Lin Ran, this guy also seemed to be very interested in lightning and should most likely go to the Royal Lightning Sect, but he never expected that he would run into Lin Ran here.

“It’s a long story, rather you’ve already joined the Sword Immortal Sect?”

Lin Ran asked with a smile.

“Mm!”

Bu Er Swordsman nodded and said somewhat slightly apologetically.

“Deceased brother, don’t be angry when you were at the landscape scroll earlier, I was forced to do so!”

“No harm done!”

Lin Ran nodded his head, he was also clear that at that time, the Buji Swordsman and Mai Yang were forced to deal with themselves together, after all, they had all reached that level, who didn't want to get the final spot, if it was himself I was afraid that he would have done that too.

“Alright, people have arrived, let's set off now!”

As the two of them were talking, Leng Chen's voice rang out ahead of them, and Lin Ran immediately stopped talking to Bu Er Swordsman and all looked in Leng Chen's direction.

Leng Chen swept his gaze over the crowd and spoke.

“This is our Immortal Sword Sect's stronghold in East Flag City, after we get inside later I'll open the teleportation array, then we'll head directly to the Sword Immortal Sect!”

“Before we set off again I'm going to say two things!”

Leng Chen swept his gaze over the crowd and spoke.

“The Sword Immortal Sect has strict rules, the first of which is that fellow sect members are not allowed to fight each other, and if there is really a great grudge, a life and death contract must be made!”

“This is the only requirement the Sword Immortal Sect has for you, you must bear it in mind!”

“As for the second thing, there will be someone to take you to your accommodation when you arrive at the sect,? Each person can only bring a maximum of two attendants!”

“Rest well tonight, the morning after tomorrow there will be an orientation within the clan, as well as a disciple selection assembly, so! Tomorrow you will need to head to the Sword Immortal Sect's trial grounds and have a competition, good luck says even being under the sect master's tutelage won't be a problem!”

As soon as these words were spoken, everyone revealed a joyful look, obviously not expecting that there was actually such a rule in the Sword Immortal Sect.

This meant that the inner and outer disciples were actually not that strictly divided, if they could be chosen by the elders or the sect master, then they might directly become inner disciples, or even personal disciples!

“Let's go!”

While the crowd was excited, Elder Leng Chen was the first to lead the people into the stronghold with a greeting.

Lin Ran and Bu Er Swordsman glanced at each other, and then followed suit.

In the courtyard within the building, a very large circular platform was erected, with a lot of mysterious runes carved on it, so obviously this should be the teleportation formation.

“This teleportation formation can only teleport a hundred people at a time, I heard that in the past, when the Immortal Sword Sect was prosperous, it needed to teleport three or four times every time it recruited new students, yet now it can’t even take up enough space once!”

Bu Er Swordsman sighed.

Lin Ran smiled and looked towards the surroundings, and indeed he found that the number of people around him didn’t even add up to fifty, let alone a hundred!

“It can’t be helped, the rise and fall of sects must come in cycles!”

Lin Ran said.

“Yes, it’s just a pity that we didn’t catch a good time, even just to meet that wonderful and stunning senior sister back then would have been good!”

Bu Er Swordsman lamented.

“Senior sister?”

Lin Ran was stunned to hear this.

“You don’t know? It’s that senior sister Su Xian’er who changed the six-character sword tablet into a three-character sword tablet!”

Bu Er Swordsman said busily.

“You said her, I really don’t know!”

Lin Ran scratched his head and laughed, this was the truth, he really didn’t understand what Su Rou had encountered in this Sword Immortal Sect.

The only thing he knew was that Su Rou had simplified the six-character Sword Tablet into a three-character Sword Tablet, the rest was really unclear.

“Ai! Legend has it that this Senior Sister Su Xian’er was so amazingly talented that she joined the Sword Immortal Sect for just one year and had already reached the Great Achievement of the Sword Dao, and then after ten years of diving into training she was already able to fight the then Sect Master for several rounds!”

“Serving for another ten years, she even defeated the then Sect Master, and later simplified the Six Character Sword Tablet into a Three Character Sword Tablet!”

“And then later she went to Immortal Emperor City, just a pity that it ended up being!”

When he said this, Bu Er Swordsman couldn’t say any more.

Lin Ran could not help but feel some emotion in his heart as he heard this.

“I didn’t expect Su Rou’s experience in the middle of this Immortal Realm to be one of the most exciting ones, even more so than Song Nuan and the others!”

“Brother Deceased, we should leave!”

Lin Ran was thinking about the Bu Er Swordsman on the side but he greeted him.

Turning his head to look he found that the formation had already been activated, and the disciples who had come to the Sword Immortal Sect with their group had all started to walk towards the teleportation formation one after another.

“Let’s go!”

Lin Ran greeted, and immediately walked towards the teleportation formation with Bu Er Swordsman.

Soon a group of people all got onto the teleportation formation, and Elder Leng Qiu did not delay and spoke.

“Everyone must not move, now activate the formation!”

Said Elder Leng Chen with a wave of his palm, and instantly the crowd saw a ray of white light emerge directly from the formation dome at their feet, instantly enveloping all of them.

With the white light enveloping them, Lin Ran couldn’t see the surroundings clearly at all, and could only see the crowd of disciples like himself all standing together.

“Weng!”

Suddenly Lin Ran only felt a tremor beneath his feet, which was followed by a steadying.

At the same time Lin Ran felt that a sweet smell had actually started to appear in the air around him.

At the same time, pink flower petals began to float down from the sky above.

“There! It’s already here!”

Just as Lin Ran’s heart was amazed, Elder Leng Chen’s voice had already sounded.
