

## Wonder Doctor Chapter 1873

“Arrived? So fast?”

Lin Ran couldn't help but be stunned as he listened, in his opinion how could this formation teleportation be a tenth or an eighth of a minute, but this turned out to be in the blink of an eye!

“Kid, there's no need to be shocked, the strength of this Sword Immortal Sect's founding ancestor, the Sword Immortal, is on the same level as the Thunder Djinn.

“It's just that it's used as a clan transmission formation, plus the Sword Immortal Sect is not far from this East Flag City I'm afraid, so it's a small matter for an instant!”

Lei spoke.

Lin Ran nodded at his words and couldn't help but be satisfied in his heart, with such a fast speed, it would be quite convenient if he had to come to East Flag City for business in the future.

With thoughts in his mind, the crowd around him had already started walking towards the front.

Lin Ran also noticed that at some point a staircase had appeared ahead.

“Let's go, deceased brother!”

Bu Er Swordsman greeted, Lin Ran nodded and immediately followed Bu Er Swordsman towards the staircase.

As soon as he got on the stairs, Lin Ran felt a dense true qi wafting around him, and at the same time, there were also some flower fragrances mixed in with it.

The further he walked, the more Lin Ran noticed that the white mist around him was becoming thinner and thinner.

Soon rows of peach trees with blossoms appeared on either side of him.

Only then did he see clearly that this teleportation array was actually built in a garden.

Through the peach trees in front of him he could see that a huge square was not far away, and there were many people coming and going from the square, but they were all in a hurry and obviously had something important to do.

“All right! This is the Sword Immortal Gate! Someone will take you to the resting area next, and once you have settled in you can wander around the Sword Immortal Sect and get familiar with the environment as soon as possible!”

Elder Leng Chen said, then with a wave of his hand two disciples walked over not far away, obviously here to take the crowd to the rest area.

“Deceased brother we ....”

Bu Er Swordsman just wanted to greet Lin Ran and go with him, but before he could finish his words he saw Elder Leng Chen walking towards this side.

“I’m afraid I can’t go yet, so you can help me choose a place, thanks a lot!”

Lin Ran said.

Bu Er Swordsman vaguely guessed what was going on, and immediately nodded and followed alone.

“Little friend of the deceased, let’s go, I’ll take you to see the Three Character Sword Tablet first!”

Elder Leng Chen said directly when he reached close by.

“Thank you, Elder!”

Lin Ran that clasped his hands in a fist and said.

“No harm, let’s go!”

Elder Leng Chen said and led the way ahead, Lin Ran immediately followed.

There was a large patch of peach blossoms planted around the square, this scene really made Lin Ran a little puzzled and asked as he walked.

“Elder Leng, does the Sword Immortal Sect still have the habit of planting peach blossoms?”

Elder Leng Chen was stunned at his words, and with a hint of loss in his eyes that was hard to conceal, he spoke.

“In the past there was none, but then because a female disciple was fond of planting them, and the Sect Master valued him, so he acquiesced, so many years have passed and that’s all the peach blossoms that have come down in one crop!”

Lin Ran heard a stunned, can’t help but think of Su Rou, can make the sword immortal door are not in charge and female disciple, except Su Rou he really can’t think of anyone can have such a great charm.

“Deceased little friend, look over there!”

Elder Leng Chen seemed not to want to continue discussing this topic too much and pointed to a pavilion not far ahead and said.

“That is the Sword Immortal Sect’s Hidden Scripture Pavilion, as long as you are strong enough you can go in and pick as many as you like, of course this privilege is only for you, others who want to enter it to pick a merit method will need to use a very high quality spirit stone!”

“Thank you, Elder!”

The more privileges Elder Leng Chen gave him, the more the other party thought highly of him.

This made him also have a hidden pressure in his heart, wanting to prove himself as quickly as possible so that Elder Leng Che that hadn’t looked away.

“Over there is the martial arts arena, the ceremony the day after tomorrow will be held here, so you can also try and see which elder you can enter then!”

Elder Leng Chen said.

“Hm!”

Lin Ran nodded at his words, in fact, he was not in a hurry about this, after all, he had the Thunder Dignity Inheritance and Thunder, so as long as he did not encounter a bottleneck in his cultivation, he could completely cultivate on his own.

When he thought of this, Lin Ran couldn't help but think of Qing Zi, after this girl was severely injured and fell into a deep sleep last time, he didn't have much chance to help!

Now that he had arrived at the Sword Immortal Sect, he also had to think of ways he could help her so that she could wake up as soon as possible.

After all, Lei had always stayed within the Thunder Dao Pearl, and had no problem guiding himself in cultivation, but I was afraid that Qing Zi would know more about some of the secret news of the Immortal World.

“Elder, I wonder if there is some information material about the Immortal Realm within the Hidden Scripture Pavilion?”

Thinking of this, Lin Ran busily opened his mouth and asked.

“There is, you can go check it out later!”

Elder Leng Chen said.

“Many thanks!”

Lin Ran nodded at his words, there was one in the Hidden Scripture Pavilion then he could go and look for it later, he might be able to find a way to help Qing Zi revive quickly.

As they spoke, Lin Ran had already noticed that the crowd around them was getting smaller and smaller, very few people were walking in the same direction as them.

Not long after, a fence appeared in front of the two.

The enclosure was very high and had faint array fluctuations, so it was obvious that this place was shrouded by a special array.

Elder Leng Chen took out a token and pressed it on one of the doors on the enclosure, following which a ripple fluctuation appeared and instantly the door creaked open.

“Your token can also be opened, just come directly yourself if you want to come back!”

Elder Leng Chen said, while already taking a step inside.

Lin Ran nodded, he could already see that there were several time slots posted on the side of this door, apparently some other disciples of average status could only follow the time slots to enlighten the Three Character Sword Tablet.

After entering the door, Lin Ran suddenly felt a surging sword intent, before he could see the Three Character Sword Tablet instead, the sword intent from this sword tablet only was already pervading.

There were also many peach trees planted behind this door, and the peach blossoms were still brilliant.

Underneath the square were exquisite flower patterns carved, and on top of this pattern, there was a huge stone tablet standing right here.

“The Three Character Sword Tablet!”

Lin Ran couldn't help but say to himself, the three-character sword stele he had seen at the Xue Clan was a copy of a copy, only its form but not its spirit, and it was only when he stood in front of this three-character sword stele of the Sword Immortal Sect that he felt how mysterious it really was.

Just feeling the dense sword intent emanating from it made Lin Ran's heart throb.

Elder Leng Chen pointed to the futon in front of the three-character sword tablet and said.

“The futon in front can be used to study the Sword Tablet. Recently, new students are being recruited, so only at night will people come here, but there aren't many! You can take a look here now, and you can go back and find accommodation yourself!”

“Many thanks, Elder!”

Lin Ran said with a busy arch of his hand.

Elder Leng Chen, however, waved his hand and said.

“That's all the privileges I can give you, it's up to you to get more, I hope you'll work harder for the worship the day after tomorrow, don't let down my expectations for you!”

“Kid will!”

Lin Ran said firmly.

“Well! I'll leave first then!”

Elder Leng Chen said, and then could Lin Ran said goodbye and left the place.

Lin Ran had the Three Character Sword Tablet on his mind, and after seeing Elder Leng Chen off without saying much, he hurriedly found a futon to sit down and began to comprehend the sword tablet.
