

Wonder Doctor Chapter 1875

The Sword Immortal Sect was very quiet at night, many people had already gone to sleep and rested.

And at this time, in one of the garden pavilions of the Sword Immortal Sect, Elder Leng Chen quickly stepped up to the pavilion, his eyes full of respect.

“Sect Master!”

Arriving at a platform above the pavilion, Elder Leng Chen saluted respectfully.

“Mm! Come on up!”

Soon an old man’s voice came from inside the building platform, the voice was very clear and crisp, for such an old age, the strength was probably not ordinary.

Elder Leng Chen quickly went up to the pavilion, followed by an old man with white beard all over his body.

He was kind-looking, but there was just an aura of vicissitudes like the sea between his eyebrows, an aura that looked vicissitudes but was sharp and inward, a true expert at first glance.

“This time the selection of me and?”

The old man looked towards Leng Chen and asked.

“In reply to the sect master, the number of people is similar to last year, but this year”

“How about this year?”

The old man asked afterwards.

“This year a kid named Deceased joined our Immortal Sword Sect!”

“The deceased? This person and special needs you to focus on to say?”

The old man looked at Leng Chen and asked.

The day after tomorrow was the Master Worship Assembly, so normally, Elder Leng Chen, who was in charge of the selection, would not mention a particular person alone, so that it would be fairer to everyone!

But this time Leng Chen spoke up, and with the old man’s knowledge of him, to make him speak up and mention this deceased person, one would think that this kid should be unique in his own way.

“You listen to me, Sect Master!”

Leng Chen said busily, and then whirled around to tell him everything that had happened in East Flag City, and finally said.

“According to my observations, both Tian Que and Xue Dongyang attach great importance to him, and his own strength is also extraordinary, and his natural talent is very intelligent, so I gave him the privilege of being able to enlighten the Three Character Sword Tablet at any time!”

“Hm!”

The old man nodded at his words, and then said.

“If the qualification to enlighten is given, this kind of investment can be made, but if this person is like what you said, then there is nothing particularly surprising about him!”

“This kind of genius will always emerge every few years, but there are only a few who can really make it to the end!”

The old man said.

Leng Chen smiled and said busily.

“I understand, but I’m afraid that this kid, the master of the sect, will not be able to achieve anything in the sword dao, he defeated a black iron puppet of the Heavenly Kui’s with his basic sword moves alone!

“And I also fought with him afterwards and found that this person has a high talent in the sword dao only!”

“Hm!”

The old man nodded at his words, seemingly not interested in any of this, having been in a high position for a long time what kind of geniuses he had not seen.

But these geniuses were only geniuses after all, geniuses that couldn’t grow up were of no use.

“You’ll be in charge of him, if he really has the day to rise up, he can focus on training!”

“Yes!”

Leng Chen respectfully replied.

The old man then slowly got up and stretched his back seemingly ready to leave.

“Alright it’s getting late, go back early”

As expected the old man then began to speak, only before he finished these words, suddenly both his and Elder Leng Chen’s faces changed.

At the same time in other locations within the Immortal Sword Sect, at the same time four or five people’s faces then all changed at the same time.

“Sect Master!”

Leng Chen looked at the old man, his face filled with shock.

“You felt it too?”

The old man looked to Leng Dust and inquired!

“Mm.”

Leng Chen did not dare to hide and nodded his head.

The old man looked ahead with a thoughtful look in his eyes, just as he was about to leave, he felt a very familiar aura fluctuation!

The direction of that aura fluctuation was, obviously, coming from the Three Character Sword Tablet.

“Someone has sensed the will! Should we go and take a look!”

Elder Leng Chen said busily.

“We must go and see!”

The old man did not hesitate in the slightest, and as the words rang out, he already waved his hand and opened a vortex in front of him, following the two of them straight in.

And almost at the same time, at the other locations of the Sword Immortal Gate, four or five figures also quickly rushed towards the Three Character Sword Monument.

If it was on a normal day, it would have been very difficult for these people, even if they were disciples of the Sword Immortal Sect, to see each other.

But now they were all rushing together towards the Three Character Sword Tablet.

At this moment, in front of the Three Character Sword Monument, Lin Ran was sitting on his knees, his whole body already enveloped by a faint pink light.

The female disciple who had been sitting opposite him had also stood up at this moment and was staring at him with a deadly gaze, shock in her eyes.

But she didn't go forward, she knew that the state Lin Ran was in at this moment could not be broken by anyone.

Lin Ran was sitting upright, and at this moment in the Sword Sea space, his divine sense had reached the pink peach blossom.

And one of his palms was also pressed against that peach blossom only, after all he couldn't resist the urge to find out what the peach blossom sword mark really was.

He wanted to know what kind of information was hidden in the hidden aura of the peach blossom sword mark.

At this time, the old man had already taken the lead in the garden of the three-character sword tablet, followed by Leng Chen.

They concealed themselves in the mid-air void without revealing themselves, only staring down with burning eyes.

“Sect Master!”

“Sect Master!”

Just as the two of them said around them another four or five people also rushed over, these people were obviously the elders of the Sword Immortal Sect.

“All of you have come, it seems that you all sensed it!”

“The old man looked at the crowd and smiled!”

He was none other than the current Sect Master of this Sword Immortal Sect, Tian Xuanzi.

“Sect Master, could it be that Su Sa has triggered the will of the sword marks again?”

One of the elders, who looked somewhat like a monk, asked with a smile.

Tianxuanzi shook his head at the trend and pointed downwards.

“It’s not her, look for yourselves, it’s that little fellow!”

The crowd was busy looking down at his words, and they indeed found that at this moment Lin Ran was sitting cross-legged in front of the Three Character Sword Tablet, while a faint pink glow was floating on his body.

The silhouette standing not far from him was also staring at him with a burning gaze, and this person was Su Sa.

“Sect Master, who is this person? Why can he invoke the will of that sword mark, could he also be related to that person like Su Sa?”

A somewhat scruffily dressed elder next to him busily asked.

“I don’t know!”

Tian Xuanzi shook his head and said.

“This person should be the kid that Leng Chen just brought back, named Deceased is it!”

“Right!”

Leng Chen nodded his head busily.

“Hm!”

Tian Xuanzi nodded at his words and didn’t say anything more, except that his gaze couldn’t help but glance around at Lin Ran.

“Sect Master, this kid’s natural talent is truly extraordinary, you see the worship meeting the day after tomorrow”

Leng Chen was busy speaking, to be able to invoke that wisp of sword mark will within this three character sword tablet, this alone was enough for Tian Xuanzi to open his mouth and accept a disciple.

“There is no hurry!”

Tianxuanzi, however, shook his head and said.

“We don’t know where this person comes from, and we don’t know exactly what his relationship with that person is, so there’s no rush in this matter! Let’s see how much he can draw in for now!”

“Hm!”

All of them did not stop talking at the words, they just quietly looked at Lin Ran below, wanting to see just how much of the sword marks' will he could invoke.

As for the rest, Tian Xuanzi was in no hurry, if Lin Ran really met his criteria, he naturally wouldn't mind taking Lin Ran as his disciple.

However, it was still too early to say this.
