

Wonder Doctor Chapter 1887

“Sect Master?”

Lin Ran was startled, he knew very well what this statement represented.

“Boss, no wonder no elders chose you for the worship meeting, I dare say the Sect Master has taken a liking to you!”

Li Ba said excitedly.

“Young friend, I have brought the words of the sect master, but as an elder I still have to remind you that cultivation is a long and difficult path, remember to stop being arrogant and impatient, if you can’t even cultivate the first stance of this Lancang Sword Technique, you should know very well what will happen in the future!”

Elder Leng Chen said.

“I understand!”

Lin Ran nodded his head.

The Lancang Sword Technique was obviously not ordinary, otherwise it wouldn’t have alerted the Sect Master, something Lin Ran knew very well.

Even if he had won first place in the worship assembly, it was definitely not a bargaining chip that could alarm the sect master, and the Sword Immortal Sect recruited new students every year.

That meant that every year there was a first place winner in the Master Worship Assembly, but he had never heard of a disciple being recruited by the Sect Master every year.

So it was this Lancang Sword Technique that really made the Sect Master pay attention to himself, I’m afraid.

“Alright, everything that needs to be said has been said, so I’ll be off! Cultivate well!”

Elder Leng Chen said before turning around and leaving.

Lin Ran was very excited in his heart, but he quickly forced himself to calm down.

The sect master was looking for him later, but the most important thing was to practice the first stance of the Lancang Sword Technique first, so that he could raise his level in the sword dao as soon as possible.

Lin Ran’s realm had been at the Heavenly Mansion realm for too long, all that was missing now was a breakthrough in one of the dao.

It was too difficult to break through the Dao of Thunder and Lightning. According to the Thunder Spectrum, Lin Ran had to find at least one strand of Heavenly Lightning and then comprehend the mysteries in order to break through to the Heavenly Mansion realm.

Not to mention where to find this heavenly lightning, he didn't even know how long it would take to comprehend it, and since heavenly lightning was very precious, there was no telling what would happen in the meantime.

It was safer to cultivate the Sword Dao, which was why Lin Ran had chosen to cultivate the Sword Dao first.

"When I break through in the Sword Dao, it won't be too late to search for the Heavenly Lightning later!"

Lin Ran thought and touched the ring inside the scroll space, which was the "love token" that Leng Qiu had given him.

Inside it was the location of a heavenly thunderbolt.

"Let's see what this amethyst puppet is first!"

Lin Ran pushed down the thoughts in his mind and immediately raised his hand to activate the amethyst puppet.

"Kid! You're too weak!"

As soon as the amethyst puppet was activated, a voice immediately came out, a voice that carried a strong sense of disdain, actually looking down on Lin Ran.

"You're a spirit intelligence?"

Lin Ran asked with a startled rush.

"No!"

The puppet voice said blandly.

"It's just a wisp of consciousness, not really a spiritual intelligence!"

"Ao!"

Lin Ran smiled and suddenly understood, spirit intelligence that was bred over the years, the level of intelligence was not worse than a human in the slightest, while this consciousness was much worse.

"The Sect Master has given you to me, so tell me how you can help me!"

Lin Ran asked directly without any nonsense.

"Help you? I can't help you, but I can fight with you!"

The amethyst puppet said.

"I am a companion to the sect master's cultivation, as for you, you are too weak!"

"A companion trainer?"

Lin Ran seemed to think of something when he heard that, and instantly waved his hand and instantly disappeared in place with the amethyst puppet.

Within the Thunder Zun Dao Pearl, Lin Ran and the Amethyst Puppet appeared out of thin air.

It instantly startled Lei as well.

“Why did you kid come in with a puppet?”

“I need to cultivate with the help of this puppet, and there’s no suitable place other than this Thunder Dao Pearl!”

Lin Ran said, and then he stopped ignoring Lei, he was now the owner of this Thunder Dao Pearl, so borrowing a place was not just a matter of words.

“Can’t you not suppress your strength to the Heavenly Mansion realm!”

Lin Ran asked as he looked at the Amethyst Puppet.

“Yes!”

The amethyst puppet nodded its head.

Lin Ran smiled and didn’t say anything nonsense, and immediately took out his Frost Condensation Sword before saying.

“Then fight me with Heavenly Mansion realm strength!”

“Good!”

Without any nonsense, the amethyst puppet directly lunged at Lin Ran with a flash of its body.

Lin Ran frowned slightly when he saw this and raised his hand as an instant sword shadow slashed out.

Thousands of sword mists flashed, then quickly converged into a sword shadow and slashed towards the amethyst puppet in front of him.

“Bang!”

The two collided, and instantly the entire Amethyst Puppet flew backwards.

“Huh? No the strength is too weak, use your enlightenment realm strength again!”

Lin Ran chided.

The amethyst puppet was lifted off by the sword, but it didn’t have any injuries on its body, so it immediately surged in strength and charged over again.

Lin Ran didn’t slow down either, as he shook the Frost Condensation Sword in his hand once again, instantly another thousand sword maces converged and a wisp of sword shadow instantly slashed out.

“Bang!”

This time, the Amethyst Puppet was not blown away again, but only took a few steps back, a result that satisfied Lin Ran’s eyes.

“Use the Three Dao Realm strength again!”

Lin Ran suddenly spoke.

“Three Dao Realm? Kid, you can’t even defeat me at the Realm of Enlightenment, and you actually want to come to the Three Dao Realm!”

The amethyst puppet asked, and Lei at the side also felt that Lin Ran was being a bit arrogant.

However, Lin Ran smiled blandly and said.

“Come on!”

“Since that’s the case, I’m not going to be polite!”

Seeing this, the amethyst puppet didn’t say anything more, and his entire body’s aura climbed once more, reaching the Three Dao Realm the next moment, following which he instantly pounced straight at Lin Ran.

The climb in strength also increased the speed of the Amethyst Puppet by more than a star and a half, and in almost the blink of an eye, it was already in front of Lin Ran.

“What speed!”

Lin Ran’s heart was shocked, but a look of satisfaction appeared at the corner of his mouth.

What he wanted was suppression.

“Bang Bang Bang!”

In the blink of an eye, Lin Ran had already struck three times while each time, he had managed to block the amethyst puppet’s attack.

“Kid, this puppet is too fast, and its strength at the Three Dao Realm is two realms higher than yours, how can you fight? It’s completely looking for abuse!”

Lei laughed at the side, but Lin Ran simply ignored him, constantly waving the longsword in his hand, blocking the amethyst puppet’s attacks time and time again.

Ten minutes had quickly passed, and at that moment, Lei was finally unable to laugh anymore.

In just ten minutes, Lin Ran’s response had gradually become calm and collected from his initial panic.

And he even seemed to be very comfortable between his responses.

“A puppet is a puppet, it doesn’t have human intelligence and its attacks are too fixed!”

Lei shook his head helplessly.

Lin Ran naturally noticed this as well, he waved his hand and stopped his attack, and the amethyst puppet on the opposite side followed suit.

“How does it feel, kid?”

Lei asked with a smile.

Lin Ran, however, shook his head, looking not very satisfied.

“This amethyst puppet is indeed very strong, but as you said his attack routine is fixed, although his strength overwhelms me, after I become skilled, his attacks will pose no threat to me!”

“But if I let him use his Extreme Dao Realm power, I’m bound to be unable to carry it, it’s a headache!”

“Why do you want him to press him?”

Lei suddenly asked.

Lin Ran smiled helplessly at this.

“This Lancang Sword Technique that I cultivate is endlessly mysterious, I have already learned the sword moves, but only this sword intent is slow to be comprehended!”

“I found that the stronger the opponent is, the greater the suppression on me, the deeper my comprehension of the sword intent is when I use this Lancang Sword Technique, so.”

“So you want to find someone who comprehensively suppresses you to hone your sword intent, right!”

Lei laughed.

Lin Ran nodded at his words without denying it.
