

Wonder Doctor Chapter 1891

That's right, at this moment, he was using one of the legacies of the Thunder Dignity Pavilion, the Divine Lightning Transformation!

With the power of the Divine Thunder Transformation, he rushed up to the twenty-sixth floor.

But that was all it took, the moment he arrived at the twenty-sixth floor, Lin Ran felt that his entire body had reached an extreme level of power.

The pressure was so extreme that he didn't even need to think about it to know that even if he went up one more layer, neither the Divine Lightning Transformation nor the Chaos Qi Spiral would be able to withstand this pressure.

Thus allowing himself to be directly squeezed out of the Ten Thousand Heavy Stairs by this pressure.

"That's enough! The twenty-sixth floor is exactly what I want! Just right!"

Finally Lin Ran revealed a smile of satisfaction.

"This guy actually charged up to the twenty-sixth floor, is he still human!"

"Hell knows, I want to know what about Abduction right now!"

"Him? What else can he do, he let a new disciple push him to this point, if he doesn't storm the twenty-sixth floor how can he still be in the Sword Immortal Sect in the future!"

"The point is, can he do it?"

The crowd under the Ten Thousand Weighted Staircase were talking, like a life charm constantly drilling into Ah Kuan's ears.

"Bastard!"

Abduction gritted his teeth, his heart angry and anxious, angry that this fellow Lin Yan had actually managed to rush to the twenty-sixth floor.

And the anxiety was precisely what he should do.

At this moment, the gazes of the people around him fell on him, if he gave up, or even failed to storm the twenty-sixth floor, the result would undoubtedly be a surprise to many people.

After all, he was an old student, while Lin Ran was merely a new student, so if he lost to the latter,? Then he would really be famous as a laughing stock in this Sword Immortal Sect.

Ah Kuan was a little hesitant, as things had developed to this point, it was no longer simply a matter of betting, even those heavenly yuan crystals were of secondary importance.

The only thing that mattered was his own face.

If he really lost to this kid, if he left behind his heart demons in the future as a result, it would be a huge blow to his cultivation path.

"What to do! What to do!"

Ah Kuan's heart was anxious, at this moment the people staring around him and seeing those people were like a steel nail in his back, making him fidgety.

"Brother Knife?"

Suddenly, Ah Chuan's gaze saw Liu Dagger standing in the crowd, his face cold as he looked at him.

Liu Dagger didn't say anything, he just watched quietly, but that look was a thud in Abduction's heart, he understood that he had no way back.

If he gave up, he might not lose to Lin Ran in public, but he would still be a joke, and most importantly, Liu Dao was afraid that he would not let himself go even if he fled without a fight.

When he thought of this, Abduction's mind was instantly made up, he had to go on, it was over if he didn't, there might be a way out if he did.

Having thought of this, Abductor immediately did not hesitate and turned to look at Lin Ran who was sitting cross-legged on the 26th floor steps in front of him, with frenzy in his eyes.

"Even a kid from the Heavenly Mansion realm can go up there, why can't I, Abduction!"

With that, Ah Kuan clenched his teeth and his entire body's aura instantly rose several times, followed by one foot directly stepping out towards the twenty-sixth level.

Lin Ran was resting with his eyes closed, but when he saw this, he opened his eyes and looked at Abduction indifferently.

He knew very well how great the oppressive aura of the twenty-sixth floor was, and although Ah Kuan's aura was also very strong at this time, it was somewhat difficult to cross into the twenty-sixth floor.

"Boss,? I'm afraid this kid won't be able to get up there!"

Li Ba hid within the scroll space and laughed.

"Hm!"

Lin Ran nodded.

"He's got a strong aura with this drumbeat, but it's not that simple to rush up to this twenty-sixth floor!"

One should know that the stronger one was in this Ten Thousand Heavy Stairs the greater the suppression one received.

And as the level of the staircase increased, the oppressive force would likewise become greater.

Therefore, on the same 26th floor, the suppression Lin Ran and Ah Kuan faced was very different.

Lin Ran's strength was only at the Heavenly Mansion realm, and he was able to ascend to the 26th floor only because of the explosion of his own potential, first with the lightning aura in his body.

Then came the Chaotic Qi Spiral, and finally there was the Divine Thunder Transformation, a top-notch technique of the Thunder Zun Pavilion.

Without these three powers, even he would never have been able to reach the 26th floor.

As for Ah Kuan, his hopes were actually even slimmer.

“Let’s fight!”

At this moment, Ah Kuan had already crossed the twenty-sixth floor with one foot, and he let out a fierce roar as he lifted his breath to bring up his other foot as well.

Even Liu Dao, who was in the crowd, was staring at Ah Kuan with rapt attention.

He saw Ah Kuan’s other foot lift up violently, and then he also landed on the twenty-sixth flight of steps.

Seeing this scene, Liu Dao couldn’t help but sigh with relief, while a smile of satisfaction appeared at the corner of his mouth.

The other people around him could not help but show a trace of disappointment at the sight, as they had thought that the bet was about to end.

But who knew that Ah Kuan had followed him up to the 26th floor, so there was no telling how long they would have to wait.

The twenty-seventh floor was no joke.

“Hmm?”

Lin Ran frowned as he watched, but he soon realised the problem, only to see Ah Kuan standing on the twenty-sixth floor, his entire body not daring to move.

The two legs that were originally quite smooth were somehow suddenly shaking.

The frequency was getting faster and faster, and when Lin Ran looked up, he realised that Ah Kuan’s head had somehow been covered in beads of cold sweat.

The entire person’s face had started to turn iron blue, and the flesh on his face was trembling, as if he was under a very great amount of pressure.

“You can’t hold on any longer!” Lin Ran spoke.

“Bullshit!”

Ah Kuan’s face was iron blue, the skin of his face was trembling along with his body, and beads of sweat were running down his cheeks.

“Give it up!”

Lin Ran continued.

However, Ah Kuan was not speaking, as the increased trembling of his entire body had already reached an extreme level.

“Look! That kid doesn’t seem to be able to make it!”

“He really can’t hold on any longer.”

“The winner is about to be decided!”

The crowd on the stage also saw this scene, and Liu Dao turned his head to look at it, but the moment his eyes fell on Ah Chuan.

But the moment his eyes fell on him, he heard a loud bang, and the whole man flew backwards like a cannonball.

He then hit the ground with a heavy thud.

He saw Liu's mouth open and spat out two words, "Rubbish!"

He was about to say that he had done his best, but Liu Dao didn't even look at him, he turned around and left the place.

"Awesome!"

"Cowardly!"

In an instant, cheers rang out from the crowd under the Ten Thousand Weighted Stairs, while some even ran directly towards Ah Chuan.

They hadn't forgotten that this guy had made a bet with Lin Ran earlier and had to pay for the Heavenly Origin Scripture crystals when he lost.

"Senior Brother Ah Kuan, where are the Heavenly Origin Crystals!"

"Right! Senior Brother Abduction, we're here to collect the Heavenly Origin Crystal Stones!"

"Senior Brother Abduction and me!"

.

In an instant everyone gathered in front of Abduction.

Abduction was so angry that his face turned blue and he felt his face burning hot.

Only to see him wave his palm instantly several Heavenly Origin Crystals were thrown out, while shouting.

"That's all there is! There's nothing I can do if I can't grab them!"

While the crowd went to scramble for the Heavenly Origin Crystals, Ah Kuan instantly left the place in a flash.

Wonder Doctor Chapter 1892

Above an attic of the Sword Immortal Sect.

Tian Xuanzi was sipping his tea, looking very relaxed.

"Sect Master!"

Suddenly a figure appeared, and it was none other than Elder Leng Chen.

"How is it?"

Tianxuanzi opened his mouth and asked.

“My late little friend won!”

Leng Chen busily returned.

“O? Why don’t you look happy after winning?”

Tianxuanzi asked rhetorically, Lin Ran was brought back by Lengduan, reasonably speaking, after winning this guy should also be happy at this moment, but at this moment his face was looking a bit ugly.

“The deceased has won, but I am afraid that his trouble will not be broken, Ah Kuan is Liu Dao’s subordinate, this matter Liu Dao is afraid that he will not rest in peace!”

Said Tian Xuanzi as he sighed and continued.

“And the core of the problem is not here, the core is Bai Qu of the Heavenly Kui Sect, the deceased young friend has offended him, so the one who really wants to deal with the deceased young friend is afraid that it is actually Bai Chang!”

“Bai Chang?”

Tian Xuanzi smiled at his words and nodded his head.

“Sect Master, why do you look as if you are not worried at all?”

Leng Chen was busy asking at this.

“Why should I be worried?”

Tianxuanzi asked rhetorically.

“Bai Chang is the top ranked disciple in terms of strength among those who are still in the sect nowadays, and I heard some time ago that he even defeated Fang Yan, who was shooting at third, and nowadays, I’m afraid that only Su Sa can press him in the entire Sword Immortal Sect!”

Elder Leng Chen was busy saying.

“So what?”

Tian Xuanzi asked rhetorically, appearing as if he hated to care.

“Sect Master, if that brat wants to deal with the deceased, he’s afraid that he won’t be able to carry the load at all!”

Leng Chen said busily, his face filled with worry.

However, Tian Xuanzi smiled blandly at his words and said

“You think too much, the Sword Immortal Sect has rules against killing each other, so that means that Broken Sky and the others are just targeting each other, isn’t this a kind of training?”

“And that’s how the cultivation path is supposed to be, if it’s always smooth sailing without any ripples, then how can their strength rise quickly?”

“In my opinion, Bai Chang taking revenge for Bai Qiu and targeting his deceased friend is, on the contrary, a good thing!”

“This....”

Leng Chen was dumbfounded, Tian Xuanzi was also right, the way of cultivation was like this, if it was because Lin Ran was a genius.

If he was given all sorts of troubles to set him straight and let him focus on cultivation, then the result would be counterproductive instead.

....

After this incident, Ah Kuan did not appear again, or at least Lin Ran did not see him again.

And since the end of his bet with Ah Kui that day, Lin Ran had not come down from the Ten Thousand Weighted Stairs either.

He had been sitting on the Ten Thousand Weighted Staircase for three whole months.

At first, the crowd thought that Lin Ran was trying to break through to the twenty-seventh level by climbing to the top!

But later on, the crowd realised that this kid had no intention of reaching the twenty-seventh level while sitting on the twenty-sixth level.

At first, there were people watching Lin Ran every day to see what he was up to, but later on, they gradually let go of him and left him alone.

He sat on the Ten Thousand Weighted Staircase for three whole months.

During that time, Elder Leng Chen also approached Tian Xuanzi about this, but the latter laughed and told Leng Chen not to bother him.

He was baffled by the fact that this guy didn’t go to the Three Character Sword Monument to gain enlightenment, but instead came here to meditate on the Ten Thousand Heavy Stairs.

However, Tianxuanzi didn’t say anything, so he naturally wouldn’t say anything more.

The crowd only knew that Lin Ran was meditating on the Ten Thousand Heavy Stairs, but no one knew that he was inside the Thunder Dao Pearl at the moment.

Lin Ran, who had been cultivating the Lancang Sword Technique for three whole months, was looking at the amethyst puppet in front of him with an indifferent expression.

“Let’s do it!”

Lin Ran said indifferently.

“Yes!”

The Amethyst Puppet replied, and immediately his entire body's aura soared, as he had actually directly exerted the power of the Extreme Dao Realm.

The Extreme Dao Realm was a full two realms behind Lin Ran's Heavenly Mansion Realm.

If it was a life and death struggle, Lin Ran would never have been able to compete with an Extreme Dao Realm powerhouse.

However, at this moment, the Amethyst Puppet clearly did not have any killing intent, and only used its strength at the Extreme Dao Realm to constantly suppress Lin Ran in terms of speed and aura before attacking the latter.

These three months of cultivation had allowed Lin Ran to now cultivate the first form of the Lancang Sword Technique to a very high level.

So much so that the original Three Dao Realm would have allowed him to reap a lot of rewards, all the way to the current state where the strength of the Extreme Dao Realm would allow him to reap some rewards.

Although the Extreme Dao Realm was very powerful, if Lin Ran really faced such a strong person, even if he had practiced the first form of the Lancang Sword Technique, he would still not be able to defeat it.

But as of now he could only choose to cultivate in this way.

Because he was only at the Heavenly Mansion Realm, the suppression of the Three Dao Realm was already the maximum suppression he could bear, but cultivating at the Three Dao Realm for a longer period of time would begin to lower his swordplay enhancement.

In order to maintain his comprehension of the Lancang Sword Technique, he simply let the Amethyst Puppet directly exert the power of the Extreme Dao Realm.

Of course, the Amethyst Puppet that had exercised the power of the Extreme Dao Realm naturally could not really use its strength to fight Lin Ran.

It could only use the speed and attacking methods of the Extreme Dao Realm Plus, as well as its aura, to suppress Lin Ran.

This was the only way Lin Ran could think of to maintain his speed of training in the sword dao.

One could only see that at this moment, Lin Ran's form as he fought with the amethyst puppet kept changing, and each time as he did so a different sword mane would slash out.

Each of these sword slashes was either fast, slow, or sharp.

However, these sword maces eventually merged perfectly, turning into a single sword mace as Lin Ran slashed.

"Lancang Sword Technique's first stance, Ocean Immensity!"

Lin Ran suddenly shouted out, instantly slashing out with his sword, and in an instant three wisps of sword mane shot straight towards the amethyst puppet.

The amethyst puppet stood still, actually trying to resist directly.

“Rise!”

Suddenly, as Lin Ran let out a loud shout, in an instant, the sword mantle that was originally only three, actually instantly became one and two and three, and finally, thousands of sword mantles directly surfaced.

Each one of them was extremely powerful and rushed straight towards the Amethyst Puppet.

“Extinguish.”

Just as these sword mists were about to strike the Amethyst Puppet, the former waved his palm, instantly grinding all these sword mists into pieces.

“You still haven’t broken through with this sword!”

The amethyst puppet looked at Lin Ran and said.

Lin Ran sighed helplessly and said.

“It’s not that easy, it’s been stuck for almost a month, it seems that the chance of this first form is still for the dao!”

“Kid, cultivating a path isn’t just about effort, it’s more about a destiny, you’ve been in this Ten Thousand Weighted Stairs for too long! You need to go out and walk around!”

Lei said from the side.

“Mhm!”

Lin Ran nodded at his words, he also understood this, he had already reached the bottleneck of the first stance of this Lancang Sword Technique a month ago.

However, after a whole month of hard cultivation, there was still no hint of a breakthrough.

Lin Ran knew clearly in his heart that he had to stop his cultivation on the Ten Thousand Heavy Stairs, and that if he wanted to break through the First Form of the Lancang Sword Technique and completely master its final essence, he would have to seek a new fate.

Wonder Doctor Chapter 1893

“Let’s go!”

Lin Ran retrieved his good mood and said goodbye to Lei Xuan and left this space of the Thunder Dao Pearl.

Opening his eyes, he looked at the sunrise rising in the distant sky Lin Ran’s mood couldn’t help but be in a good mood.

The three months he had spent had not been in vain. Although he still had not completely completed the first form of the Lancang Sword Technique, he was only one layer away from the last window.

“As long as I find the Fate to completely practice the first stance, my strength should be able to break through to the Dao of Enlightenment realm!”

Lin Ran thought to himself, and immediately got up and walked towards the bottom of the Ten Thousand Heavy Stairs.

He had stayed in the Heavenly Mansion realm for too long, and his inability to use the Dao of Healing Dao seeds had left him with no choice but to turn to the Dao of Sword to break through.

And as long as he practiced the first stance of this Lancang Sword Technique, he would be able to break through this Heavenly Mansion Realm into the Dao of Enlightenment Realm.

“Hm?”

As he was thinking in his mind, suddenly a figure ahead of him but stumbled and ran over.

“Deceased brother! Are you the deceased brother?”

The other person saw Lin Ran and immediately opened his mouth to ask.

“Who are you?”

Lin Ran asked with a frown, he didn’t know this person, in fact Lin Ran didn’t know several people from the Sword Immortal Sect until now.

This was because he had been cultivating all the time, and after he had made a bet with Ah Kuan back then, he had even sat here at the Ten Thousand Weighted Stairs for three months at a time.

What he knew about the people of the Sword Immortal Sect was really limited.

“My name is Fang Shui, I am Fang Yan’s younger brother!”

The other party busily said.

“Huh?”

Lin Ran was stunned to hear this, he didn’t know who Fang Yan was himself!

“You’re looking for me for something?”

Not knowing who the other party was, Lin Ran didn’t bother to care much and asked directly.

“Yes! There’s something important!”

Fang Shui said busily.

“What is it?”

Lin Ran asked, frowning.

Fang Shui caught his breath before saying.

“It’s about the Bhutan Swordsman!”

“The Bu Er Swordsman? What happened to him?”

Lin Ran smiled and busily asked, while his brow furrowed a few inches closer.

“The thing is, a few days ago.”

Fang Shui immediately told the story.

Only then did Lin Ran realise.

It turned out that a few days ago, someone had found Bu Er Swordsman and wanted to pull him in to hunt down a magical beast in the back mountains of the Sword Immortal Sect.

The demonic beast was powerful, and only when Bu Er Jian Ke arrived did he learn that the person who had initiated the mission was actually Liu Dao.

It was no secret that Liu Dao was the boss of Abduction, so the Swordsman knew about it too.

But at that time, the beast was already in a state of rage, and the Swordsman had no grudge against Abduction and Liu Dao.

He thought that the other party would not be angry with him because of Lin.

He was prepared to fight the beast together with the others.

But who knew that this was a naked conspiracy?

When the Fuyi Swordsman took the lead in attracting the attention of the beast, Liu Daggers and the others simply bailed out.

The beast was so strong that the Swordsman was no match for it, and was eventually badly injured.

But he was also seriously injured.

He was very angry about this, and it was not even an ordinary quarrel, it was murder.

After he came back and recovered his strength quickly, he spent a lot of heavenly yuan crystals to heal his body, and then he laid down a war cry against Liu Daggers.

“But Liu Dagger’s strength is in the middle stage of the Enlightenment Realm, and Bu Er Swordsman is only in the Heavenly Mansion Realm, so.”

When he said this, Fang Shui’s face looked very anxious.

“Why do you want to help him?”

Lin Ran, however, looked at Fang Shui and asked.

This kind of matter involved Liu Blade, not many people should dare to go against the latter, after all, behind this person stood Bai Chang.

“Bu Er Swordsman saved my life when he was hunting for magical beasts that day, so I.”

Fang Shui’s eyes reddened as he spoke.

Lin Ran looked at him and saw that he didn’t seem to be lying before he continued to ask.

“Where are they now?”

“The martial arts arena, the Buji swordsman has already lost!”

Fang Shui said busily.

“Go! Go to the martial arts arena!”

Without saying a word, Lin Ran directly let Fang Shui lead the way.

However, Fang Shui was a little hesitant.

“Is there anything else?”

Lin Ran asked with a frown.

“This!”

Fang Shui said as he took out a card and handed it to Lin Ran.

Lin Ran picked it up and saw that there were only two words written on it, “War Letter!”

“This is a war letter from Liu Dagger to you! In the morning, Bu Er Swordsman lost to him, because within the sect, he didn’t dare to really do anything to Bu Er Swordsman!”

“If then threatened that if you want to take revenge for him, you can find him anytime!”

Lin Ran held the card, his eyes gradually becoming icy cold as he said in a cold voice.

“Lead the way! Go to the martial arts arena!”

Where in his heart was he not clear that what Bu Er Swordsman had experienced this time was simply because of himself.

Because of the sword practice at the Ten Thousand Heavy Stairs, Liu Dagger had no way to take himself, so he had first sought out the Bu Er Swordsman to start the fight.

And with a conspiracy, that day in the back of the mountain to hunt the magical beast, if the fujian swordsman died, also has nothing to do with them, they can completely say is the magical beast is too strong they can not be such bullshit.

The clan couldn’t possibly investigate Liu Dagger for a disciple who was already dead.

It was just that Liu Dagger did not expect that Bu Er Jian Ke would have such a strong desire to survive and actually escaped back alive.

When he thought of how the Bu Er Swordsman had been targeted by Liu Daggars because of himself over the past three months, the anger in Lin Ran’s heart was overwhelming.

The only friend he had in this Sword Immortal Sect was this Bu Er Swordsman, but now....

“This won’t end!”

Anger danced in Lin Ran’s eyes.

As they spoke, they had reached the martial arts arena, and from a great distance Lin Ran could see Bu Er Jian Ke sitting on the ground, his body covered in blood.

He struggled to stand up, but he was unable to do so at all.

“Kid! Even if you were to come up a hundred times, you would still be no match for me, and I’m not afraid to tell you! I was ready to kill you that day”!

“But you were lucky to come back alive, but so what if you did? You think he’ll take care of you just because you’re close to that old man?”

“You don’t even take a piss to see, he himself is now hiding on the Ten Thousand Weighted Stairs and doesn’t dare to come down, and he’s expected to.”

“Are you talking about me?”

In the ring, Liu Dao hadn’t finished his sentence when he was interrupted by a voice that suddenly came to him.

“Hm?”

Seeing Lin Ran suddenly walk through the doorway, Liu Dagger couldn’t help but be stunned, followed by a laugh.

“Haha! What? Can’t resist anymore? Do you dare to take my war letter?”

“Why wouldn’t I dare!”

Lin Ran looked at Liu Daggers indifferently, his voice icy cold.

“Older brother!”

Seeing Lin Ran, Bu Er Jian Ke looked excited.

Lin Ran stepped forward and helped Bu Er Swordsman before saying.

“Don’t worry, this matter started because of me, I will solve it, but I have dragged you into it!”

Lin Ran’s words were tinged with apology.

“It’s nothing to do with you, it’s this Liu Dagger who’s too sinister! How could the Sword Immortal Sect have someone of such character!”

Bu Er Swordsman said angrily.

Lin Ran patted him on the shoulder before saying.

“Go and rest aside first, I’ll heal you later!”

After saying this, Lin Ran greeted Fang Shui and took Bu Er Swordsman aside to wait for himself, before looking at Liu Daggers.

“I’ll take your battle cry!”

With that, Lin Ran flung his hand and directly threw the battle letter card at Liu Dagger’s feet.

At the same time, he gave Liu Dagger an icy glance and said.

“I’ll give you ten minutes to rest, after ten minutes I’ll make you roll down from above!”

After saying that, Lin Ran stopped paying attention to Liu Daggers and turned towards Bu Er Swordsman, a pair of silver needles in his hand had been taken out at the same time.

Wonder Doctor Chapter 1894

“A silver needle? What are you doing?”

Fang Shui looked stunned, not understanding what Lin Ran was doing here.

“Deceased brother, what are you doing?”

Bu Er Swordsman looked stunned as well, neither of them had ever seen a silver needle that could see a patient, and both couldn’t help but be a little confused at this point.

“This is the art of acupuncture from my hometown, don’t be nervous!”

Lin Ran explained, no one seemed to know about the art of Chinese medicine in the Immortal World, nor did he know what kind of medical technique his ancestor, the Nine Heavenly Xuan Niang, had used back then when she had traversed the Immortal World.

Or was it that after so many years had passed, and with the decline of the medical path in the Immortal World, no one knew the way of Chinese medicine anymore?

Lin Ran’s heart wondered, but this was not the time to dwell on this.

He quickly arrived in front of Bu Er Swordsman, before examining his injuries.

“How is it?”

Bu Er Swordsman was busy asking, in fact, he was a little unsure of his body’s condition at this moment.

When he had hunted the magical beasts earlier, he had been badly injured, and had spent money on all kinds of rare heavenly treasures to recuperate his body after he returned.

And just now, he had just fought with Liu Daggers and was injured again, causing the Qi and blood in his body to surge at this moment, a Qi blocked in his chest, unable to be expelled feeling very uncomfortable.

“The situation in your body is very complicated, your previous injuries did not heal completely by relying on those heaven and earth treasures, at this time new injuries and old injuries have erupted together, and a lot of qi and blood has accumulated in your body!”

Lin Ran said, while pulling out the silver needles, saying.

“I have to give you acupuncture, turn around and take off your back clothes!”

“O!”

Bu Er Swordsman didn’t ask much at that, he kind of knew how Lin Ran’s character was, if the other party wanted to harm him he wouldn’t have gone to such lengths at all.

And at this moment, the people around also looked over, this strange action of Lin Ran made many people look puzzled.

“What’s this kid doing?”

In the ring, Liu Dagger frowned slightly, not understanding exactly what Lin Ran was doing.

“It seems like he’s treating that kid!”

A henchman next to him said.

“Healing? What kind of cure is that?”

Liu Dagger frowned, he had never really seen such a method of healing.

As he spoke, Lin Ran had already started to drop the needles, three silver needles fell together, and in the blink of an eye, a full eighteen of them had fallen.

These eighteen silver needles were scattered in a disorderly manner, but if one looked closely, one would find that each of them actually occupied an acupuncture point.

Of course, there were not so many acupuncture points on the back of the human body, so apart from some of the acupuncture points, the rest of the locations where Lin Ran’s silver needles fell were all meridian locations above cultivation.

“Mobilise the true flow of Qi in your body, don’t suppress the Qi and blood and let them escape!”

Lin Ran spoke up and reminded.

Immediately, Bu Er Swordsman began to run as Lin Ran had said.

Within a few moments, all of the people around them were shocked to see that a red mist had actually risen from Bu Er Swordsman’s back.

“Eh?”

The crowd looked stunned as they all smelled a smell of blood at the same time.

“It’s so comfortable!”

Bu Er Swordsman suddenly said, he could clearly feel at this moment that the blocked Qi inside his body was rapidly dissipating.

And the body that had been tightly tensed was rapidly becoming relaxed.

“In ten minutes, pull the silver needles out!”

Lin Ran rushed to Fang Shui at the side and saw the latter nod before he got up and looked in the direction of the ring.

“You’re almost rested too!”

Lin Ran spoke.

Liu Dagger was stunned at his words, and then sneered.

“Been waiting for you for a long time!”

Lin Ran nodded his head and walked straight towards the ring without saying a word.

A few moments later, he mounted the ring, and the people around him shifted their gazes over.

While Lin Ran’s medical skills certainly made them curious, what they were most looking forward to was his affair with Liu Dao.

After all, before seeing the doctor, Lin Ran had accepted a letter of battle.

“Kid! How do you want to play?”

Liu Dagger looked at Lin Ran with a cold smile in his eyes.

“I’ll play with you however you want to play!”

Lin Ran’s expression was bland and unenthusiastic.

“Interesting!”

Liu Dagger smiled and flipped his palm, and with an instant “bang”, a large sword with a cold glow plunged directly into the ground.

“I heard that you use a sword, and Ah Kuan said that when I first met you, you were practicing in front of the Three Character Sword Tablet!”

“How about that? Do you dare to compete with me? I use a sword! You use a sword!”

“Yes! But what do you say if you lose!”

Lin Ran asked with his expression still bland as he looked at Liu Dagger.

“Lose?”

Liu Dagger was stunned at his words, he hadn’t really thought about this question, after all, how could he have thought that he would lose.

Moreover, he was deliberately waiting for Lin Ran here this time, his confidence in himself was imaginable, so how could he have thought of this question.

“What do you want?”

Liu Dagger asked rhetorically.

Lin Ran smiled blandly at this and said.

“Simple! Either make amends to my friend and apologise, or I’ll beat you up like him too! Your choice!”

Liu Dagger instantly frowned at his words and a fierce aura instantly filled his entire body.

“Kid! You are very manic!”

“I don’t know if I’m manic or not, I just know that if you do something you have to be prepared to bear the consequences!”

Lin Ran's voice was bland.

"Hmph! Is that so? Then I really want to see what consequences you can make me bear today!"

"Apologize you are dreaming, if you have the guts to beat me up like him and see!"

Liu Dagger's voice was filled with disdain.

Hearing this, the infallible swordsman below was furious.

"Fine!"

Lin Ran, however, was unruffled and blandly replied, following which the Frost Condensing Sword was directly taken out with a flip of his palm.

"Broken Sword?"

Seeing Lin Ran's weapon, Liu Daggers instantly laughed.

"Kid, are you fucking teasing me? Fighting me with a broken sword? I'm afraid you'll be shredded before you can even touch your own hand!"

"How will you know if you don't try!"

Lin Ran smiled, and the next moment the Condensing Frost Sword in his hand was already stabbing straight towards Liu Dagger.

A seemingly light sword, the moment it was stabbed out it was directly charged towards Liu Daggers with a sword mane.

"Humph! Then let's try!"

Liu Dagger coldly snorted, and immediately kicked the hilt of the sword with his palm, and the next moment the cold mane of the sword was directly thrown up from the ground.

The next moment, the cold mane of the greatsword flew straight up from the ground, followed by a loud "Weng" explosion, and it had steadily blocked Lin Ran's sword mane.

Liu Dao waved his hand and received the sword, feeling the blade tremble violently, his brow furrowed slightly, his entire breath instantly exploded towards Lin Ran with a step, and the long sword in his hand slashed down immediately.

The two people in the field instantly exchanged blows, seeing the people under the stage could not help but suck in a breath of cold air.

Especially when they felt the incomparable power of this one from Liu Blade, it made some of the new students who had only arrived at the Sword Immortal Sect like Lin Ran, couldn't help but gag.

"Deceased brother him!"

Bu Er Swordsman looked worried as well, although it seemed like Liu Daggers' target was him, there was no shortage of Lin Ran being there to help him out when things had turned out like this.

"I hope that the late brother is safe!"

The Buji swordsman said to himself in his heart, if something happened to Lin Ran in his fight with Liu Daggers this time, he would only blame himself more in this heart.

This reminded him of the time when he had teamed up with Mai Yang to deal with Lin Ran for the sake of Xue Cheng's quota in the Landscape Scroll.

This matter was the one time he felt sorry for Lin Ran, after all, he had taken the initiative to find Lin Ran to form a cooperative alliance before.

Of course, Lin Ran didn't care about this matter at all, it was just that the Fuyi Swordsman himself could not get over this hurdle in his heart.

Wonder Doctor Chapter 1895

A blade fell, carrying a violent force straight to Lin Ran's forehead.

This scene made the crowd around him sweat. If this slash hit him, he would lose his life on the spot.

The Fuyi Swordsman's heart was even more tense as he watched, and if he was to say who was most worried about Lin Ran at this moment, it was undoubtedly him.

"My late brother!"

Bu Er Swordsman's fists were clenched and his heart was on edge.

On the other hand, Lin Ran on the stage was standing still, seemingly with no intention of dodging at all.

"What's he doing?"

"I don't know!"

"Is this kid just scared silly?"

"Bullshit, you're not as good as him, not even fine at this point!"

There was a lot of chatter from the crowd on the stage, many of whom were actually on Lin Ran's side.

After all, they were the new students who had come together, and deep down they hoped that Lin Ran could defeat this Liu Daggers and rub their arrogance in the face of the older students.

But the truth was that more people were worried about Lin Ran at this time.

"Seek death!"

Seeing Lin Ran not dodging, Liu Dagger couldn't help but reveal a cold smile as he increased the force in his hand and slashed towards Lin Ran's head.

"Out!"

Finally, just at the moment when the cold mane of the great sword was about to land on top of Lin Ran's head, Lin Ran let out an explosive shout.

In the next moment, a wisp of sword aura instantly rushed out from within Lin Ran's broken sword.

It was a white wisp of sword aura, which did not have any sharpness to it and looked very ordinary.

However, such a wisp of sword mane instantly hit the blade of the cold mane sword directly.

“Bang!”

With a crisp sound, the entire Cold Manifestation Greatsword actually came to a halt.

The wisp of sword mane seemed to be like a jackhammer, firmly stopping the descending momentum of the greatsword.

“How is this possible!”

Liu Dagger’s face sank as he watched, and he couldn’t help but raise the greatsword in his hand and slash down towards Lin Ran again.

However, this time Lin Ran moved, only to see him flick his finger in his hand, and the next moment the sword mane charged directly at Liu Daggers.

“Seek death!”

The blow was blocked by Lin Ran, which made Liu Dao’s heart harbour a mouthful of anger, so without saying a word he lifted his hand and slashed towards the sword maneuver.

The people around him couldn’t help but take two steps back, fearing that it would affect them.

Lin Ran’s sword maneuver seemed to be ordinary, but the power contained in it was so strong that they could see it in their eyes.

In their hearts, they knew very well that the clash between the two would erupt into a very powerful power wave.

However, the truth was that Lin Ran stood still and did not move at all.

His gaze was calm as he watched Liu Dao slash at his own sword mane without even blinking.

“What the hell is he doing?”

“I don’t know!”

“Not even dodging this?”

The crowd on the stage froze as they watched, the collision of these two powerful forces must not have exploded in an instant with powerful power fluctuations.

But now Lin Ran had no intention of dodging at all.

“Deceased brother!”

Bu Er Swordsman looked instantly anxious.

But at this moment, he still had silver needles stuck in his back, so there was no way he could make a move.

It was too late, and as he spoke on top of the ring, the blade had already collided with Lin Ran’s sword mane.

However, the scene that the crowd feared did not occur at all.

The blade instantly collided with the sword mane.

But the result was only a “bang” sound of metal clashing, and the next moment, the cold sword in Liu Dao’s hand actually flew backwards.

“How can this be!”

Liu Dagger’s entire face instantly changed, and he was busy firmly grasping the hilt of the sword to prevent it from flying backwards.

At this moment, Lin Ran was already striding towards him.

“It is said that swords are enemies, and the way of attacking and attacking is just the sword and the sword, but is that all your sword is capable of?”

“You!”

Liu Dagger was so furious that his face turned blue, and at this moment, the hand gripping the hilt of his sword was trembling uncontrollably.

The moment he had just clashed with Lin Ran’s sword aura had caused his arm to suffer a very large rebound force, the force was no less than if he had come at himself with a slash.

“Kid! Don’t force me! I just used a pure sword technique, but if I had used even a little bit of strength you would have been a cripple!”

Liu Dagger said angrily, how could he not be aware that his own achievements in the Dao of the Blade were no match for Lin Ran.

So the only thing that could really suppress Lin Ran was his own strength, but if he really used his strength and accidentally killed Lin Ran, it would be no joke.

It would directly affect his own future in the Sword Immortal Sect.

“Liu Dagger you still want to be shameless, you were the one who said that you were competing in swordsmanship and swordplay, and now you actually want to use your strength?”

Bu Er Swordsman said angrily at his words.

“That’s right! You are also too shameless!”

“Do old students bully people just because they are strong?”

“Shame on you!”

The crowd on the stage also shouted, and for a while Liu Dagger was heard to blush.

“Kid! I admit that my swordsmanship is inferior to yours, but you want me to give him an apology, you can’t! It’s not possible to try to beat me like him either!”

Liu Dagger said coldly as he looked at Lin Ran, actually playing a scoundrel.

“Shame on you!”

“Just too shameless!”

“Still an old student, what a shame!”

The crowd on the stage couldn't help but say.

However, Liu Dagger did not care at all, this matter today would be fine as long as he turned around and suppressed it.

But if he were to apologise to the Fuyi Swordsman, or be beaten into a pig's head by Lin Ran, then if word got out, he would be completely humiliated and embarrassed.

Thinking of this, Liu Dagger said in a cold voice.

“Cut the crap! I'm putting my words down here, either we fight today in a realistic match by our own means!”

“Either that, or this is the end of it!”

“That's it? You think it's too easy!”

Lin Ran looked at Liu Daggery with a bland glance, and then whirled around and said.

“You want to use your Enlightenment Realm strength, right! That's fine! I'll give you the chance!”

“Eh?”

Liu Dagger's eyebrows suddenly adjusted slightly at his words, revealing a cold smile.

“Kid, are you serious? If so then you'll have to make an oath first, if you're accidentally killed by me later on, the blame for that doesn't lie with me!”

“Liu Dagger you dare!”

Bu Er Swordsman was immediately anxious, Liu Daggery what strength that was the middle stage of the Enlightenment Realm, Lin Ran was only at the Heavenly Mansion Realm.

If the two really let go of their strength and fought, then there was almost no chance of Lin Ran winning.

“Shut up underling defeat, do you have the right to speak here?”

Liu Dagger chided coldly.

“You!”

Bu Er Jian was so polite that his face turned blue.

Liu Dagger whirled his head away from him and looked at Lin Ran, sneering.

“Kid, have you thought about it?”

“Think it over, do it!”

Lin Ran blandly glanced at Liu Daggers and calmly said.

“Good! Then let’s make a stand.”

Liu Dagger was just about to open his mouth and ask Lin Ran to make an oath, however, before he could finish his words, he was interrupted by Lin Ran.

“There’s no need to make an oath, you can’t beat me!”

“Arrogant! If that’s the case then you can go to hell!”

When he saw that Lin Ran was still pretending to be arrogant, Liu Dagger was enraged, as his sword skills were inferior to his opponent’s. He was already holding a grievance in his heart.

At this moment, when he saw Lin Ran open his mouth, he raised his hand without saying a word and slashed directly towards Lin Ran with a cold mane.

Wonder Doctor Chapter 1896

Liu Dagger made a move when he said he would, immediately causing the people around him to be taken aback.

One had to know that he was carrying his own strength at the middle stage of the Realm of Enlightenment with this slash, while Lin Ran? It was just a kid of the Heavenly Mansion realm.

Originally, it would have been fine if Lin Ran had made a vow to live and die in peace, but this guy hadn’t said anything, so if Liu Dao really didn’t mind killing Lin Ran, then he would be finished with him.

“I’m afraid this guy is so confident in his own strength that he dares to do this!”

“Who says otherwise, but the deceased will be in big trouble underneath!”

“Ai! I wish it was that Liu Dao who lost, these old students are simply too bullying!”

The crowd under the stage murmured, as freshmen they had been bullied by these old students.

But they couldn’t help it, who let them start late, although now they had joined Tiger’s alliance, they could only avoid the blackmail of some of the older students.

Faced with such an encounter with the Fuyi Swordsman, they were actually vaguely worried that it might happen to them.

People are selfish, and although they sympathised with what happened to Bu Er Jian Ke and Lin Ran, they were also really afraid that it would happen to them.

The people had different thoughts in their minds, but at this moment in the ring Liu Dao’s attack had already killed Lin Ran.

This slash was very different from Liu Dagger’s attack before, this slash carried an incomparably powerful might that made Liu Dagger’s entire killing attack look even sharper by a few points.

As the blade struck out, the sharp, cold aura it brought out alone caused the surrounding crowd to shudder in their hearts as they watched, and some even directly covered their eyes not daring to look, as if they were afraid that Lin Ran would directly become an unjust soul under this blade.

“Deceased brother!”

The Bhuyi swordsman looked anxious in his heart, but there was nothing he could do at this moment.

At the side, Fang Shui had already started to clean the silver needles from his body, but although Lin Ran’s silver needles had cured the blocked blood in his body, they had also loosened the breath he was holding.

At this moment, looking at the situation on the stage, the Buji Swordsman was actually a little scandalized for a moment.

“Dang Dang Gear!”

As soon as he said that, Lin Ran and Liu Daggers instantly exchanged blows in the ring.

The moment the latter’s blade was about to land on him, Lin Ran took a retreating step to directly pull the two apart, followed by a horizontal swing of his Condensing Frost Sword in his hand.

“Weng!”

The sharp blade instantly drew an arc of sharpness, heading straight for Liu Daggers.

Seeing this, Liu Dagger did not dare to be slow and lifted the large sword in his hand to block.

“Humph! Although your sword skills are excellent, your strength is too weak after all, you are still too close to fight me!”

Liu Dao sneered, while the large sword in his hand instantly collided with Lin Ran’s sword blade arcing light

“Bang!”

The moment the two collided, a wave of power instantly swept around with the two people at the centre.

The crowd under the stage all covered their eyes in a panic to avoid it, not daring to look.

However, Lin Ran, who was at the centre of the explosion, did not stop at all, as he instantly charged towards Liu Dao again.

“Bastard!”

Liu Dagger saw this and became anxious.

At this moment, all around them were energy fluctuations from the explosion, and fighting in such an environment would have a huge impact on both of their own sight and perception.

I thought Lin Ran would wait for the explosion to end before making his move.

But who knew that this guy would actually make his move straight away at this point.

“Hey hey you guys, look, they’re still fighting!”

“Holy shit to be so desperate, they’re still fighting now!”

“Yeah!”

The crowd below the stage soon noticed that something was wrong, and one by one they looked at the two people in the ring only, as if they were looking at madmen.

At this moment, the crowd under the stage was getting bigger and bigger, and many freshmen and old students rushed over on hearing the words.

Among them was Tian Hu, who had tried to rope Lin Ran into the group before, this guy was quite a bit of an ally.

He was surrounded by a number of juniors, each looking very pleased with himself.

As the number of old and new students grew, the two sides gradually split into two camps against each other.

Although no one said anything, it was clear in everyone’s mind that this fight between Lin Ran and Liu Dao had turned into a clash between the new students and the old students.

The new students were fine, they just didn’t want to be extorted and bullied by the old students after all.

But the old students were very unhappy, which class of new students had not been bullied and grown up.

But when it came to Lin Ran and his class, they were all bullying. Lin Ran was fortunately a cultivation fanatic who only wanted to cultivate.

Lin Ran was a cultivation fanatic, who only wanted to cultivate. The Bu Er swordsman was similar, and spent most of his time cultivating after joining the elders.

This Tianhu, on the other hand, was even more outrageous, directly creating some kind of alliance to confront them, the old students, which simply did not put them in the eyes of the old students.

“Clang clang gear!”

The ring only continuously resounded with the sound of weapons clashing.

The white mist from the explosions was also constantly stirred up, revealing the situation above the ring from time to time.

The crowd could only vaguely see that two figures were exchanging blows rapidly in the white mist, while there was blood erupting out, but it was not clear whose it was.

Suddenly, just as the crowd was looking nervously at the situation above the ring, the sound of the exchange of blows on the ring came to a halt.

This caused the crowd to be stunned in their hearts, not understanding what had happened.

And at this moment, in the mist, Lin Ran was looking blandly at Liu Daggers in front of him, who was covered in a faint blood mist and was looking at Lin Ran with red eyes.

“You’ve really surprised me, I didn’t think that the strength of the Heavenly Mansion realm could be this strong!”

Liu Dagger looked at Lin Ran with shock in his eyes.

“Why is that impossible, I told you earlier that you were no match for me!”

Lin Ran’s expression was bland, without a single ripple.

“Humph! With you, you’re not worthy of saying that!”

Liu Dagger’s eyes were bloodshot, for the few minutes he had just fought with Lin Ran, he had actually been pinned down the entire time, and even had several cuts made on his body by Lin Ran’s broken sword.

This had left him with no place to vent his anger, and he was now in a position to fight to the death.

“You don’t have a point in your heart whether you are worthy or not, and your strength is no good either!”

Lin Ran said indifferently, hearing Liu Daggers but his eyelids twitched out couldn’t help but tighten the big knife in his hand.

“Kid! You’re too wild, since that’s the case, then don’t blame me for not being polite!”

Liu Dagger said as his palm fiercely flipped, instantly his entire body rose in red light, countless red aura instantly infused on the greatsword in his hand.

And then he directly raised the greatsword up and slashed it down towards Lin Ran.

“Weng!”

There was a buzzing sound, and instantly the greatsword came down in response, only this time, the moment it fell, it actually shot out a red blade mane straight towards Lin Ran.

“Hm?”

Feeling the terrifying power, and sharpness, above the blade mane, Lin Ran couldn’t help but frown slightly.

Liu Dao’s blade was truly something extraordinary, and with the addition of his Enlightenment Realm power, it actually vaguely caused Lin Ran to feel a slight threat.

But that was just about it!

“Interesting, then let’s see if your blade maneuver is more powerful or my Lancang Sword Technique is more powerful!”

Lin Ran said with a steep chill in his eyes, and in the next moment, the first stance of the Lancang Sword Technique had already been executed.

Wonder Doctor Chapter 1897

“Buzz buzz buzz.”

The Frost Condensation Sword waved, and instantly a wisp of sword aura emerged as quickly as the stars of the sea.

One hilt, two hilts, four hilts, eight hilts.

The countless sword shadows increased geometrically,? Liu Dagger’s face instantly changed as he watched this scene.

“This.... This sword technique! How could you possibly know this sword technique!”

“You know this sword technique?”

Lin Ran looked at Liu Daggers and asked with a frown.

This Lancang Sword Technique was located in the deepest part of the Three Character Sword Tablet’s Sea of Swords, and it would never be possible for an ordinary person to obtain it.

However, the expression on Liu Dagger’s face in front of him seemed to indicate that he had seen this sword technique before.

This caused Lin Ran’s heart to be puzzled.

“You.... What’s your relationship with her!”

Liu Daggers asked in shock.

“Who?”

Lin Ran asked with a frown, Liu Dagger said these two words inexplicably, he himself had no idea what he was talking about.

But what he could be sure of now was that this guy had definitely seen the Lancang Sword Technique, otherwise he wouldn’t have such a sword technique.

Just who was the she he was talking about?

Could it be Su Rou?

Impossible! How could Liu Dao know Su Rou, it obviously didn’t make sense.

Could it be that there was someone else who could also use this Lancang Sword Technique?

Thoughts quickly flashed through Lin Ran’s mind, but at this moment, Liu Dagger was looking at him with a shocked face, with no intention to explain.

“I’m asking you a question!”

Lin Ran’s face instantly turned icy cold as he looked at Liu Daggers and asked.

“Want to know! In another life!”

Liu Dagger's eyes instantly chilled, and a killing intent had permeated out.

Lin Ran's face sank at the sight, and the sword shadows that filled the area around him instantly increased in speed, and in the blink of an eye had taken up most of the ring.

At this time, below the ring, the crowd's eyes were also attracted by the flickering light on the ring.

There was still a white mist covering the top, but vaguely the crowd could still see a very large amount of white light flickering in it.

On closer inspection, it was either a white sword mane or something else.

"Why does this sword mane feel a bit familiar?"

"Yes! It seems like I've seen it somewhere before!"

"That's not right, Liu Dao is using a sword, how could he have these sword manes?"

"You're silly, that deceased person is using a sword, the sword awnings must be his!"

Some of the old students were whispering and exchanging words, they always felt as if they had seen these sword maces somewhere before!

But since they couldn't see the full picture, they could never tell.

While in the ring at this moment, Lin Ran was looking at Liu Daggers with a frown on his face and said in a cold voice.

"Say! Who else have you seen this sword technique on!"

"Humph! Want to know? Dream on!"

Liu Dagger coldly snorted.

Lin Ran smiled at his words but smiled blandly before saying.

"Not telling? Then I can only fight until you tell me!"

With that said, the Frost Condensation Sword in Lin Ran's hand instantly chopped towards the front.

Almost at the same time, the countless sword mists around him instantly converged towards the Frost Condensation Sword.

"Buzz buzz buzz."

A buzzing sound erupted from the countless sword maces cutting through space.

At the same time, the white mist on the entire ring was also instantly dissipated by the sword mists.

The situation in the entire ring appeared clearly in front of everyone's eyes.

But at that moment, the sword shadows on the entire ring had all disappeared, and in their place was a white sword mane.

At the first glance of the crowd, this sword mane had already burst out towards the front.

Before the crowd could react, they heard a “bang” and it instantly collided with Liu Dao’s red blade.

“Ka-ching!”

The two collided, and this time, instead of exploding with terrifying power, there was only a crisp sound.

Only this crisp sound was so loud that it instantly drew everyone’s attention to it.

The crowd saw that the white sword shadow had instantly rushed to Liu Dagger’s front, quietly hovering less than half an inch in front of his head.

At this moment, Liu Dao’s entire face was pale, and beads of sweat were already sliding down his cheeks.

At this moment, his legs were trembling violently, but he didn’t dare to make the slightest move, as if he was afraid that if he made any delusional movements, that wisp of sword mane would instantly penetrate his head.

“Bang!”

Suddenly, a crisp sound brought the crowd’s eyes back in front of Lin Ran.

Not far in front of him earlier, a red blade mane instantly collapsed, and the starting point of the collapse was exactly where it had been passed through by the colourful sword mane.

“Gulp!”

Liu Dagger couldn’t help but gulp at the sight of this scene, his strongest strike had actually been broken by Lin Ran so easily.

And he himself was still at that moment.

Defeated! A complete defeat!

Liu Dagger had sadness in his heart, he was an old student of the Sword Immortal Sect and was still one of Bai Chang’s people, but now he had actually lost to a kid who was only at the Heavenly Mansion realm.

He knew that he had played, and in the future, he, Liu Dagger, would become a joke, just like Ah Kuan, in the Sword Immortal Sect again.

A joke that allowed Lin Ran to rise, and the cornerstone.

“This brat! It’s too strong too!”

“Ai! The sky is about to change for the Sword Immortal Sect!”

“That’s not certain, Bai Chang hasn’t even struck yet!”

“Bai Chang?”

The crowd was talking, and although they held different opinions, there was one thing that was very clear to the crowd.

That was that from today onwards, the name of the deceased would completely resound throughout the entire Sword Immortal Sect.

Who is Liu Dao? That was Bai Chang's right-hand man.

But he had still lost to Lin Ran.

"Boss! This old man is a bit strong!"

"Yes boss, if we could take him in, wouldn't our alliance be!"

"Get lost!"

To the side, two of Tianhu's men were busy saying, but just as they opened their mouths, they were shut up by Tianhu's icy gaze.

"You guys want to fucking die, but I don't want to die yet!"

"With his strength? It's a loss for me if he doesn't take me as a junior!"

Tian Hu was furious, although he was arrogant, he was not stupid, with Lin Ran's strength, trying to clean up after himself was just like playing.

What an alliance, it was simply unbeatable in front of him.

No wonder people said earlier that they didn't need any alliance at all, because their own strength was completely more powerful than even one of your alliances.

"No way! This kid is so strong and he's a freshman, I have to find a way to climb up with him, otherwise this alliance of mine will sooner or later be brought down by those old students!"

Tianhu thought in his mind.

At this moment, Lin Ran on the stage had slowly walked up to Liu Dao, the white sword aura still hovering in front of Liu Dao's forehead, without the slightest intention of dissipating.

"I admit defeat!"

Finally Liu Dagger could not carry it any longer and said.

"Admit defeat, tell me who else knows the Lancang Sword Technique!"

Lin Ran questioned as he looked at Liu Daggers with a burning gaze.

"You! Do you really not know or are you just pretending with me!"

Liu Dagger's face was blue as he asked back.

"I'm asking you a question!"

Lin Ran's eyes were icy cold as he said in a cold voice.

Liu Dagger didn't understand exactly what Lin Ran meant, but at this moment, with the sword mane against his forehead, he had no choice, so he coldly snorted.

“It’s Su Sa! She knows this sword technique too! I’ve only ever seen her and you perform this sword technique in the entire Sword Immortal Sect!”

As he said this, Liu Dagger looked at Lin Ran with a cloudy expression.

“What exactly is your relationship with her?”

“Nothing to do with you!”

Lin Ran’s voice was bland, following which he turned around and directly kicked Liu Dagger’s entire body from the ring towards the bottom.

Wonder Doctor Chapter 1898

“You!”

Liu Dagger’s face was suffocating red, but his entire body still fell on his back in a doggy pile directly in front of Bu Er Swordsman.

“Apologise like him!”

Lin Ran said in a cold voice.

“You!”

Liu Dagger’s face instantly turned a few shades more ugly when he heard that, he didn’t think that Lin Ran would still have this on his mind even at this point.

“Apologize!”

Lin Ran said in a cold voice.

“What a rampant brat, what if he doesn’t apologise!”

Suddenly, just as the crowd was looking at Liu Dagers with either sympathy or gloating.

A sharp voice came from afar, and when the crowd looked at it, they couldn’t help but turn pale under this look.

Even the Buji Swordsman’s face changed.

“Deceased brother, he’s White Wolf! Bai Chang’s follower!”

“White Wolf?”

Lin Ran turned his head to look at his words and found that the person who had spoken was a dark youth, he wasn’t very old, but his skin was dark and had a dark red colour underneath, looking as if his entire body was covered in bruises and blood.

“This person’s strength is even stronger than Liu Dagers!”

Lin Ran found with just a little probing that the other person’s aura was far thicker than Liu Dagger’s.

“White Wolf! How do you....”

When he saw White Wolf, Liu Dagger was clearly stunned looking surprised, but the surprise was soon replaced by embarrassment and embarrassment.

White Wolf glanced at him with a bland gaze then said in a cold voice.

“If I didn’t come, Brother Chang’s face would still be disgraced by you!”

“!”

Liu Dagger’s old face turned red and he couldn’t help but lower his head.

“Don’t get up and come with me yet!”

White Wolf scolded in a cold voice.

“Yes, yes!”

Liu Dagger said, but just as he was about to get up, a cold mane was suddenly placed against his head, and it was none other than Lin Ran’s sword shadow that had not yet dissipated.

“Did I tell you to get up?”

Lin Ran’s voice was bland and by now he had already walked next to Liu Dagger and was looking at him with a bland expression.

“You!”

Liu Dagger’s face twisted but he didn’t dare to say anything more, after all, at this moment there was still a sword shadow suspended above his head that could kill him at any moment.

“I said let him go!”

White Wolf looked at Lin Ran with icy cold eyes, this kid was not giving him face, which obviously made him very annoyed.

“You can go! Apologise before you leave!”

Lin Ran’s voice was bland, but it was full of determination, clearly not meaning to negotiate.

“Apologise?”

White Wolf looked at Lin Ran with a slight frown.

“You’ve made a bet, do you still want to renege on it?”

Lin Ran’s gaze didn’t dodge either as he looked straight at White Wolf.

“Kid! Do you know who you’re talking to?”

White Wolf’s voice was icy cold, he had never seen a freshman who dared to talk to him like that before he had seen a mad one.

“Not with someone?”

Lin Ran said indifferently.

White Wolf's brows tightened at his words, and his palm was already pressed against his waist at one side, clearly ready to make a move.

"No, no! I apologise! I apologise!"

Liu Dagger panicked at the sight of this, and busily rushed at Bu Er Swordsman.

"Sorry brother, it was all my fault before!"

"Humph!"

White Wolf snorted coldly at this, turned around and left, obviously completely disappointed with Liu Dagger.

Liu Dagger didn't care either, seeing that Lin Ran had put away his sword aura, he instantly got up and chased after him.

Just kidding, White Wolf had never seen Lin Ran's Lancang Sword Technique when he first arrived, but he had actually seen it himself.

That Lancang Sword Technique is like Doli at all without him saying much, when he saw Bai Chang told the latter he naturally understood.

That was the sword technique used by Su Sa, and it was also with this sword technique that Bai Chang was firmly pinned at his feet.

With this sword technique alone, Lin Ran already had the capital to threaten Bai Chang's position, so Liu Dagger was not at all afraid in his mind that he would apologise to anger Bai Chang.

"Let's go!"

After Liu Dagers left, Lin Ran didn't bother to stay much longer and greeted Bu Er Swordsman as he also left the martial arts arena.

What happened here today was destined to spread throughout the Immortal Sword Sect, but Lin Ran didn't care about these things at all.

There was only one thing he cared about, and that was Su Sa!

This Su Sa actually knew the Lancang Sword Technique as well, so that meant that she must have known about it when she had learnt the Lancang Sword Technique at the Three Character Sword Tablet.

But she hadn't said anything about it that day, so she didn't know why!

Lin Ran couldn't figure it out in his mind, but since he knew that this person also knew the Lancang Sword Technique, he would have to talk to her later.

With his mind made up, Lin Ran prepared to go and find Su Sa as soon as he had settled down with the Bu Er Swordsman.

Although the Fuyi Swordsman's injuries had stabilised, after all, the new injuries had broken out together with the old ones, and his body still needed to be conditioned slowly.

Back at his residence, Lin Ran wrote a list and asked Fang Shui to get the medicine, and then told him all the details of boiling the medicine and taking the external application.

This guy was very considerate of Bu Er Jian Ke, obviously caring that Bu Er Jian Ke had saved his life before.

Looking at Fang Shui's care for Bu Er Jian Ke, Lin Ran didn't even doubt that if this guy was a female, he might have just given his life to him.

"Deceased brother, you've really relieved me today, you were not able to see the expression of that Liu Daggers guy when he left, he looked like a street rat!"

Bu Er Swordsman's heart ached, and he took out the wine and drank it with Lin Ran directly, regardless of his injuries.

"It's alright, but you should deal with these people less in the future, cultivation is the most important thing to us!"

Lin Ran said indifferently.

Bu Er Swordsman smiled and nodded his head busily, saying.

"Yes! I have to hurry up with my cultivation and try to be on par with my late brother!"

"Look like me?"

Lin Ran was stunned, what did he have to look up to.

"Don't you know, Deceased Brother? After this incident, your name will definitely be ranked in the top fifty of the Sword Immortal Sect's sword list!"

Bu Er Swordsman said.

"Sword Ranking? What sword list?"

Lin Ran frowned, how come he hadn't even stopped at this what sword list!

The Bu Er Swordsman seemed to have expected Lin Ran to not know, and immediately took out a sword shaped token and handed it to Lin Ran.

"This is it!"

Said the Bu Er Swordsman as he poured in a single stream of true qi, and the next moment a light appeared out of thin air above the two of them.

Lin Ran looked at it and found that there were many names written on the light screen, and at the top were two big words, "Sword Ranking"

"First place! Su Sa!"

"Second place! Bai Chang!"

"Third place! Fang Yan!"

Looking at the rankings one by one, Lin Ran couldn't help but be stunned.

"How come White Wolf's name is also on there?"

White Wolf was being ranked at number thirty, although it wasn't really close to the top, but for a follower to be ranked here was obviously of extraordinary strength!

"The statistics on the Sword Ranking are only for the entire disciples who remain in the Sword Immortal Sect, including their followers as well as their men!"

"This White Wolf is Bai Chang's follower, with a set of magic weapons given to him by Bai Chang, he is very powerful in attacking and killing, and is recognized as the strongest follower!"

Bu Er Swordsman explained.

"Deceased brother, you have to be careful of this White Wolf, Bai Chang ranked second will definitely not strike easily due to face!"

"But this White Wolf is just a follower, he doesn't have that many worries, you defeated Liu Daggers this time to frustrate them, they are afraid that they won't rest in peace!"

Bu Er Swordsman was busy reminding.

Lin Ran nodded at his words, but in his heart he didn't care about himself at all.

He had come to the Sword Immortal Sect to cultivate, not to fight.

If Bai Chang and Bai Wolf still wanted to deal with him, then they could do so.

If Bai Chang and Bai Wolf still want to deal with him, then they can do so.

Wonder Doctor Chapter 1899

"By the way, has anything else happened to the Sword Immortal Sect in these last three months?"

Lin Ran asked, ? This was three months of his own cultivation, and he wanted to know about the things within the Sword Immortal Sect.

Otherwise, he would be like a blind man every time he left the gate, for example, this sword list was something he didn't understand at all before.

"There's nothing else, it's mainly about the things between the old students and the new students!"

Buji Swordsman said.

"Tianhu you still remember, right!"

"Mm!"

Lin Ran nodded.

"This guy is also a troublemaker, I've inquired about the fact that in the past, the Sword Immortal Sect has never had a case of pulling almost ninety percent of the new students away!"

“According to past practice, new students almost always spend their first year being bullied by the older students, so it leads to them bullying the later ones as well when they’re Rong Sheng as an older student!”

“This Heavenly Tiger has dragged almost all of the new students in our year into the alliance, something that upsets the older students, so they have to fight every now and then!”

Said the Buji Swordsman as he looked towards Lin Ran and laughed.

“Deceased brother, you defeated Liu Blade this time to give the freshmen a bad taste in their mouths, if I’m right, I’m afraid that Tian Hu will still come looking for you!”

“Looking for me?”

Lin Ran smiled helplessly at his words and said.

“That what alliance I’m not interested in, cultivation is the most important thing!”

“That said, but with your identity as the number one freshman on the list, this guy is afraid he won’t die!”

Said the Buji Swordsman, pointing to the message above his head.

Only then did Lin Ran realize that his name had actually been ranked fiftieth.

In other words, among the disciples who remained in the Sword Immortal Sect, there were only fifty people whose apparent strength was stronger than his.

As for Liu Dao and Ah Kuan, they had long since been pushed far below him, some of whom he had only learned under the introduction of Bu Er Swordsman.

It turned out that there were still some old students who had been cleaned up by Ah Kuan and Liu Dao, so when Lin Ran defeated them, those people’s rankings were naturally counted below Lin Ran.

Of course, there was no shortage of those in the top fifty who were similar in strength to Liu Daggers.

However, Lin Ran had not fought with Liu Daggers and the others, so I was afraid that the final ranking would have to be determined after the clan competition a year later.

However, Lin Ran did not care that much about this, and after chatting with Bu Er Swordsman for a while longer, he got up and left the rest area.

Bu Er Swordsman’s condition was not too good, but with Fang Shui looking after him, he didn’t worry too much.

Leaving the rest area, Lin Ran then prepared to go directly to Su Sa.

If it wasn’t for Liu Daggers giving him a letter of battle this time, he really wouldn’t have known that Su Sa also knew the Lancang Sword Technique.

But when he thought about it, he was relieved, the Lancang Sword Technique was originally a sword technique within the Three Character Sword Tablet, and the Three Character Sword Tablet was meant to be used by the disciples for cultivation.

So it was not surprising that there were other disciples who had also obtained the Lancang Sword Technique.

“But this Su Sa was unassuming when we first met, but I didn’t expect that he was actually the number one disciple of the Sword Immortal Sect!”

Thinking about the previous ranking of the sword list, Su Sa was shooting at the first place, he could not help but have a bitter smile in his heart.

Su Sa’s popularity throughout the Sword Immortal Sect was extremely high, and Lin Ran had learned where Su Sa was just by casually asking around.

It was a hillside in the back of a mountain, and on the hillside was built an exclusive small courtyard, exactly where Su Sa lived on a regular basis.

While inquiring about Su Sa’s residence, Lin Ran also got some very strange information, again all about Su Sa.

It was said that this Su Sa lived on the mountainside of this back mountain on a regular basis, and the strangest thing about her was that she was not even a disciple of the elders either.

It is reasonable to say that Su Sa’s talent goes without saying, and that she must be an elder disciple at least, if she also possesses the Lancang Sword Technique!

But the truth is that this girl is the same as Lin Ran. She was neither an elder disciple nor a disciple of the sect master, and her cultivation was all on her own.

Lin Ran didn’t think much of it, perhaps she already had her own master, so she didn’t want to learn from others.

As he thought, Lin Ran had already reached the halfway point of the mountain and saw a courtyard from afar.

However, the courtyard was a compound, but there was no wall at all, only a thatched cottage standing alone.

All around it were peach blossom trees, and the blooming peach blossoms were decorating the surroundings beautifully.

“You are here.”

Suddenly a voice came from behind the thatched hut, followed by the familiar silhouette coming out, if not Su Sa or someone else.

She still wore a veil over her face and could not see her features, but her aura was still very distinguished.

“You seem to know I’m coming?”

Lin Ran asked with a smile as he looked at Su Sa.

Su Sa didn't say anything, and suddenly a gust of wind blew over, blowing the peach blossom petals from the building all over the sky.

"Whoosh."

Su Sa flicked her finger and instantly a petal broke away from its original drifting trajectory and spun around, actually flying towards Lin Ran.

Lin Ran's eyebrows were raised as he saw this, the seemingly soft flower petal had a sharp and incomparable aura, as if it could cut through everything in the world.

"What a strong sword intent!"

Lin Ran could not help but flash a hint of battle intent in his eyes when he saw this, instantly the same finger probed and a flower petal flew towards Su Sa as well.

"Poof!"

The two petals instantly collided, and following that, Lin Ran saw that his own piece of flower spot was actually instantly sliced into two petals.

Su Sa's piece of flower spot still flew towards Lin Ran, but it didn't take long for it to disintegrate on its own as well.

Both of them had bemused expressions on their faces, and soon Su Sa spoke up.

"Your sword intent has reached a bottleneck?"

"Mm!"

Lin Ran nodded his head and didn't hide it.

His own visit to Su Sa was originally about sword intent, and the fact that the latter could see that his sword intent had reached a bottleneck was a side indication that she really knew the Lancang Sword Technique.

"You're really perverted!"

Su Sa sighed, looking at Lin Ran with envy in her eyes.

"What does senior sister mean by this?"

Lin Ran asked rhetorically.

"I'm referring to your cultivation speed!"

Su Sa glared at Lin Ran and then said.

"In just three months, you've already reached the bottleneck of the first style of sword intent, do you know how long it took me back then?"

Su Sa looked at Lin Ran with displeasure in her eyes.

"A full six or seven months!"

“Eh!”

Lin Ran was dumbfounded for a moment, comparing it like this it seemed like his cultivation speed was indeed a little fast.

“Tell me, what exactly is the reason for you to come to me this time!”

Su Sa looked at Lin Ran and asked indifferently.

Although both of them had practiced the Lancang Sword Technique, in the end, they were not familiar with each other at all, so Lin Ran’s coming to find himself was still a bit of a surprise to Su Sa.

“Two things!”

Seeing how direct Su Sa was, Lin Ran didn’t bother to talk nonsense and spoke.

“Firstly, I want to know the background of the Lancang Sword Technique and the relevant information!”

“Secondly, I’ve come to seek a sparring session with senior sister in order to break through the bottleneck of sword intent in this first stance!”

“I hope senior sister will teach me!”

Su Sa could not help but frown slightly at his words, and spoke after a moment of contemplation.

“Yes, you can, but in exchange, you must also answer a question for me!”

Wonder Doctor Chapter 1900

“What’s the problem?”

Lin Ran asked.

“What is your relationship with Senior Su Xian’er!”

Su Sa looked at Lin Ran, her gaze burning with a single movement.

Lin Ran frowned slightly as he listened, wondering why Su Sa would suddenly bring up this matter.

“You don’t need to think about how to lie to me, from the moment you obtained the Lancang Sword Technique, I knew that you were definitely related to her! If you want me to instruct you in the cultivation of your sword intent, just tell me!”

Su Sa continued, clearly not prepared to give Lin Ran the chance to lie.

Lin Ran smiled as he looked at Su Sa and fell into deep thought.

Very few people knew about his own relationship with Su Rou, and he had no idea how this Su Sa knew about it.

And the other party’s reason for suspecting himself was actually just because he had obtained the Lancang Sword Technique, could there be some connection in between as well?

Su Sa looked at Lin Ran, and seeing that the latter was still hesitating, he immediately spoke.

“You really don’t want to die until you reach the Yellow River, then I’ll tell you one thing first, after hearing this matter if you still don’t admit it, then you can just leave!”

With that Su Sa waved her hand and a bar appeared out of thin air in front of her, with tea and flower petals on it.

Su Sa poured herself a cup of tea, and then said.

“The reason why Fairy Su was able to rise quickly back then and become famous throughout Immortal Emperor City was because of this Lancang Sword Technique!”

“The Lancang Sword Technique is the sword technique left behind by the Sword Immortal Sect’s open-door ancestor, Senior Sword Immortal, and is the essence of his lifelong sword technique!”

“After Elder Sword Immortal fell, no one could practice this Lancang Sword Technique, as it was hidden on top of the Sword Tablet at that time!”

“Senior Sword Immortal once left guidelines saying that anyone who could simplify the Sword Tablet into a three-character Sword Tablet would have the ability to learn this Lancang Sword Technique of his!”

Speaking here, Su Sa looked at Lin Ran, and seeing that the latter’s brow was furrowed as if he was thinking about something, he continued.

“Immortal Su was the first person to simplify the Sword Tablet into three characters, and she also learned this Lancang Sword Technique without any problems!”

Speaking here, Su Sa looked towards Lin Ran with a burning gaze and said.

“Because the Lancang Sword Technique is too precious and difficult to learn, and the sword technique itself also picks people, so after so many years, the Lancang Sword Technique has never seen a second person who can cultivate it!”

“Even I was only qualified to learn it after paying a great price!”

“But what about you? On what grounds do you have?”

As she said this, Su Sa looked at Lin Ran with a lot more suspicion evident in her gaze.

“If you don’t tell me what relationship you have with Senior Fairy Su, don’t even think about asking me to instruct you!”

“Couldn’t it be that I myself am overly gifted, and so have obtained this Lancang Sword Technique?”

Lin Ran asked rhetorically.

Su Sa laughed at his words, however.

“There is indeed that possibility, but you’re definitely not!”

“How are you sure?”

Lin Ran asked rhetorically.

“Because of common sense!”

Su Sa rose with a cold laugh and said.

“You, a newcomer to the Sword Immortal Sect, must not know about the existence of the Lancang Sword Technique, and the fact that you went all the way deep in the Seed of the Sword Sea without stopping halfway in between means that you must have been guided in some way!”

“Don’t ask me how I know you didn’t stop, I’ve been to the space of the Sea of Swords more than once, I know very well how long it takes to see the Peach Blossom Sword Intent!”

“Moreover, the Lancang Sword Technique is wrapped with the Peach Blossom Sword Intent left behind by Fairy Su outside, without her consent, you wouldn’t have been able to learn the Lancang Sword Technique at all!”

“Why? Wouldn’t that cut off the chance of many geniuses!”

Lin Ran asked rhetorically.

This didn’t seem like something Su Rou could do.

“I can’t answer that, but things are obvious, you being able to learn the Lancang Sword Technique is something that Fairy Su agreed to! So what exactly is your relationship with her?”

Su Sa’s gaze burned as she looked at Lin Ran, not retreating in the slightest.

Lin Ran also looked at her, probably having guessed something in his mind.

As the absolute core sword technique of the Sword Immortal Sect, the Lancang Sword Technique was bound to be extremely precious.

In the past, no one had been able to cultivate the Dao, and everyone probably didn’t care.

But Su Rou’s appearance was the thing that broke this, as her cultivation of the Lancang Sword Technique had caught the attention of the Jian Xian Sect’s senior management.

But they were unable to cultivate it, plus Su Rou was so powerful and gifted that she decided to wrap her peach blossom sword intent around the Lancang Sword Technique heritage.

After all, this is the cornerstone of a clan, and if someone with ulterior motives learns it, it would be an irreparable loss to the entire clan.

That was why they had set up the requirement for Su Rou’s consent to learn the Lancang Sword Technique.

Having thought of this, Lin Ran couldn’t help but look at Su Sa with a changed expression.

“Then what is your relationship with Fairy Su!”

Lin Ran asked rhetorically.

“You speak first!”

Su Sa did not deny it either, her gaze burning as she looked at Lin Ran.

Lin Ran pondered for a moment and spoke.

“An old friend!”

“You say the name.”

Su Sa didn't finish a sentence before she instantly reacted.

“You said you're Fairy Su's deceased friend?”

“It's up to you to believe it or not!”

Lin Ran didn't have to explain too much.

“I'm her disciple!”

Su Sa said with a frown.

“Disciple?”

Lin Ran was stunned at his words, Su Rou's disciple? Wouldn't that be his own as well.

But one still had to call her senior sister.... This relationship was really messy enough.

“You should also be Fairy Su's disciple!”

Su Sa looked at Lin Ran and asked.

Lin Ran smiled for a moment and shook his head.

“No, you have the right to assume that I know her!”

Su Sa frowned at her words, but didn't say anything more.

In her opinion, Lin Ran was bound to be Fairy Su's disciple as well.

This kid didn't admit it, it was just that maybe back then Fairy Su hadn't left him a completed legacy or something, making him resentful.

After all, this kid was so young and not very strong, so she naturally didn't think of the two being friends.

The only relationship that might exist was that Fairy Su had helped him when he was young, and that was all.

“What needs to be said has already been said, I wonder if Senior Sister can enlighten me!”

Lin Ran said, digressing from the topic.

Learning that Su Sa was actually Su Rou's disciple had left him speechless in his heart.

This was too miserable for himself, actually having to let Su Rou's disciple instruct him on the sword intent cultivation of the Lancang Sword Technique.

But this could not be helped, even if he was Su Rou's disciple, Su Sa had been practising the Lancang Sword Technique for far longer than himself.

Although Su Sa was considered his junior in terms of relationship, Lin Ran was indeed no match for Su Sa in terms of strength.

In this regard, Lin Ran also looked at it lightly, he had been asleep for almost a thousand years, and now he had come across a senior sister who was Su Rou's disciple.

There was really nothing he could do about this matter either.

"I can't talk about giving teachings, but since you and Fairy Su are considered acquaintances, and I am her disciple!"

"Now that you have approached me, I will naturally help you!"

"But, how much you can learn will depend on your own chance!"

Said Su Sa with a wave of her palm, and instantly a long sword with a pinkish tint appeared in its hand.

"I will only fight with you three times! How much you can learn depends on your own ability!"

After saying that, Su Sa's face snapped into seriousness and she charged straight towards Lin Ran.
