

Wonder Doctor Chapter 1901

Lin Ran's face instantly turned serious when he saw this, and the next moment he raised his Frost Condensation Sword and took a defensive stance.

Su Sa had only struck three times, and how much he could master depended on his own perception.

Therefore, from the very beginning, Lin Ran decided to respond with defence, as he could only find out how strong his opponent's attack was when he was fully defending.

And where the gap in his own Lancang Sword Technique lay!

"Whoosh."

As she spoke, Su Sa's sword was already stabbing straight at Lin Ran.

The pink longsword in her hand stabbed out, and instantly, flower petals floated around her, as if they were dancing with the sword.

As the petals flew, Lin Ran saw that underneath the petals were hidden wisps of sharp sword arrows.

There was a large swathe of sword arrows, none of which were hidden beneath the petals, so if he hadn't been observing carefully, he might have missed it.

"Go!"

Suddenly, as Su Sa shouted, in an instant the pink longsword in her hand actually stabbed towards Lin Ran in an instant with countless peach blossoms.

The countless peach blossoms quickly streaked away, and the hidden wisps of sword aura within them began to be discovered, and then actually converged right towards the pink longsword.

"Here it comes!"

Seeing this, Lin Ran didn't dare to slow down and executed his room sword stance to the extreme, wanting to see just how strong this Lancang Sword Technique's first stance that Su Sa had executed was.

"Bang! Bang Bang!"

It was too late, Lin Ran's defensive sword stance had almost just taken shape, and instantly the pink longsword with its sword aura had crashed towards his defensive layer.

The instant collision resounded with a series of explosions, and Lin Ran clearly felt that one of the points on top of his defensive sword net had actually been broken apart by this sword of his opponent in an instant.

"All the sword shadows are really powerful when they become one!"

Lin Ran said to himself in his mind.

However, his defensive sword stance was also extraordinary, and he quickly blocked the sword's aura.

Su Sa saw this but her face did not make any change as she looked at Lin Ran and said.

“This sword is your current state!”

“Next, I’m going to demonstrate the complete mystery of the first stance of the Lancang Sword Technique to you twice!”

Su Sa said as her face instantly turned serious, and the next moment the pink longsword in her hand was still stabbing towards Lin Ran.

Lin Ran couldn’t help but frown at this sword, he always felt that there was something different compared to the first sword.

But for a while he couldn’t tell what was different.

“Go!”

Lin Ran didn’t dare to slow down, and immediately several defensive sword nets enveloped him towards the pink sword.

However, a scene that Lin Ran did not expect occurred, as the pink longsword was followed by countless sword maces.

However, this time the pink longsword did not charge straight into the sword net, instead, the sword shook and instantly the countless sword maces behind it all scattered in all directions.

The next moment the pink longsword accelerated violently, and actually charged directly towards one of the defensive sword nets.

“Hm?”

Lin Ran couldn’t help but frown slightly at this, not understanding what exactly the significance of Su Sa’s attack was.

Originally, it took the pink longsword and countless sword maces to barely break through his own defences.

This time, however, Su Sa had directly chosen to separate the pink longsword from the sword mangles, which led to the longsword’s power inevitably weakening.

And this made it only more difficult to break through one’s sword net defences.

“What the hell is she up to?”

Lin Ran pondered in his mind.

At this moment, the pink longsword in front of him was already colliding with the sword net defense.

“Bang!”

As expected, the moment the two collided, the speed of the pink longsword abruptly decreased.

Lin Ran was busy looking at Su Sa at the side, not understanding what she meant.

However, Su Sa was looking at her and suddenly a smile appeared at the corner of her mouth.

“Weng!”

In the next moment, suddenly Lin Ran only felt his sword net tremble, followed by the pink longsword that actually sprouted countless sword maces out of thin air.

The sword mists quickly converged to form another sword blade.

“Where did these sword maces come from?”

Lin Ran looked stunned, he clearly remembered before that all those sword maces had rushed over with him in all directions, how could there still be sword maces at this point?

“Bewildered? I’m telling you, the fun has just begun!”

Su Sa suddenly laughed, a smile on the corner of her mouth.

The next moment, she saw her jade fingers waving gently, and instantly the sword mane carried the pink longsword with a “bang”, breaking Lin Ran’s sword net directly.

This....

Lin Ran was suddenly baffled, how could this sword mane suddenly become so powerful!

But Su Sa didn’t give him much time to think about it at all.

The next moment, a “bang, bang, bang!” rang out around him. Lin Ran almost watched as his defensive sword net was broken through one by one and finally turned into pieces.

“This!”

Suddenly, countless more sword mists emerged from the surrounding area, which quickly converged towards the pink longsword and then separated.

The entire process caused Lin Ran to freeze in place for half a day unable to say a single word as he watched.

“There’s still the last bit! Watch this!”

Su Sa suddenly spoke, and the next moment, he saw the pink longsword’s entire body actually tremble.

Following this, countless sword maces around it seemed to surge towards the pink longsword like a tidal wave.

It was so boundless that Lin Ran couldn’t even see clearly how many sword rays were surging towards it.

He only felt that there must have been tens of thousands of sword mists appearing in just a few moments.

But as quickly as these sword mists appeared, they also merged very quickly.

Sometimes they merged together, but sometimes they were scattered.

It was completely untraceable.

“How on earth did you do that?”

Lin Ran looked at Su Sa with shock in his eyes, this was completely different from the Lancang Sword Technique he had cultivated before!

“How did you do it? It’s simple, it’s sword intent!”

Su Sa laughed, and with a wave of her palm, all the sword arrows shot straight towards Lin Ran.

Lin Ran could even feel his heart throbbing at this moment, as if he was about to be shot into a sieve by these sword maces in the next moment.

However, these sword maces suddenly trembled, and then instantly disappeared when they reached Lin Ran.

There was nothing in front of Lin Ran, where were the sword maces, even the pink long sword was gone.

“You.... How did you do that?”

Lin Ran asked busily.

This sword control technique of Su Sa’s simply made him look dumbfounded.

“This is sword intent!”

Su Sa said with a bland smile, following which she sat down in front of the bar and continued to drink her tea.

Lin Ran looked at her and did not say anything, knowing in his heart that this ninja must have more to say.

As expected, Su Sa spoke again a few moments later.

“Do you know what the bottleneck of the first stance of this Lancang Sword Technique is?”

“What?”

Lin Ran asked, the point was finally coming.

“Calmness is the heart of the sword!”

Su Sa said blandly.

“Lancang Sword Technique is so famous, even you should understand it, but a sword technique is a sword technique, there is no such thing as powerful or not, it is always the person who is truly powerful!”

“Sword techniques are just like swords, they are tools! How to bring the power of swordplay to its fullest is all up to your own sword heart!”

“Alright! That’s all I can say, this is the truth, it’s useless to tell you the exact method, because everyone cultivates a different sword heart!”

“My sword heart doesn’t apply to you, when you realize the sword heart of the first stance, your first stance of the Lancang Sword Technique will also be very different from mine!”

“Do you understand?”

Wonder Doctor Chapter 1902

“My sword heart?”

Lin Ran seemed to have thought of something when he heard that, as he snapped his eyes shut and actually did so directly on his knees in place.

Su Sa didn't say anything either, just sipping her tea to herself, seemingly not caring at all that Lin Ran was directly here in her enlightenment.

The breeze gradually picked up around her, blowing the peach blossoms all over the sky and scattering them beautifully.

Su Sa raised her head and glanced at Lin Ran, who was resting his eyes.

Suddenly, her heart was touched.

The scattering of peach blossoms in the sky, the man in front of her sitting on his knees, that angular face looked at her for a moment.

“Why does this scene seem like I've seen it somewhere before?”

Su Sa couldn't believe her eyes.

This scene in front of her really seemed like she had seen it somewhere before.

“Master!”

Suddenly, Su Sa remembered Fairy Su.

Back then, she was just an ordinary person living in a very ordinary small village.

One day, a group of people came to the village they burned, killed and looted, and in the end, they even wanted to take her away.

Fortunately, a silhouette appeared and, like a fairy, she killed them all.

Su Sa has been with her ever since and has grown up slowly.

She gave Su Sa her name, only for the two of them to be separated by the changes in Immortal Emperor City.

But Su Sa had not forgotten that in the hands of her master, Fairy Su, there was a painting scroll.

On that scroll, it was a man sitting on his knees, eyes closed, cultivating, while a woman was dancing and welcoming peach blossoms.

That scene was so beautiful that Su Sa remembered it so vividly that she even asked Fairy Su about it once.

“Is the woman on the master's scroll you? Is that man your lover?”

Yet Fairy Su did not answer, she just stared at the scroll and kept smiling, the more she smiled the redder her eyes became.

“He.... What exactly is his relationship with Master!”

Su Sa found herself more and more unable to see through the youth in front of her.

He said he was an old friend of Master, but Master and he were not even from the same era.

If, like himself, he had also received favours from Master, then he should not be addressed as an old friend!

Rather, it was only right to use a title like benefactor!

The more Su Sa thought about it, the more confused she felt, and simply stopped thinking about it, what exactly was this guy's relationship with his own master, he obviously did not want to say.

Since he didn't want to talk about it, it was useless to think about it any more, since we were all in the Sword Immortal Sect now anyway, there was plenty of time to get to know him slowly.

While Su Sa was thinking in his mind, Lin Ran on the other side had already entered a state of emptiness.

At this moment, those words of Su Sa's kept echoing in his mind.

“My sword intent is not suitable for you, and everyone cultivates the Lancang Sword Technique differently!”

“The same goes for the sword dao, and it's not just the sword dao, it's even the other dao as well!”

“The Dao is your own Dao, someone else's Dao will never suit you!”

“I'm the one who's too obsessed!”

Lin Ran suddenly felt as if he had poked through a layer of window paper.

That layer of window paper gave him a very familiar feeling, as he had experienced this a long time ago when he had broken through the Dao of Healing.

And experiencing it once again was something that left him helpless in his heart.

“Cultivation really is different from walking!”

Lin Ran lamented.

It was the same enlightenment, the same cultivation, but what he had experienced in the Dao of Healing was the same thing he had experienced in the Dao of Sword.

Moreover, his own previous experience in cultivating the Dao of Medicine had actually not helped him to take less detours in the Dao of Sword at all.

Although the two dao seemed to have certain similarities, it was only when he really cultivated them that Lin Ran realised.

There was still a difference when the experience of the medical dao was placed on the sword dao.

“The previous me was so deliberately pursuing the sword moves of the Lancang Sword Technique that I had almost forgotten the sword moves I had enlightened myself with!”

Lin Ran shook his head and laughed bitterly.

And it was only at this point that his heart was completely settled.

He realized that he had indeed been cultivating the Lancang Sword Technique very diligently before, but it was formally because he had placed too much importance on this sword technique.

So he had gradually forgotten about the sword strokes he had enlightened himself with.

Everyone’s sword path was different, even if it was a top sword technique like the Lancang Sword Technique, in the end, it was only the sword technique of the great power who founded the Sword Immortal Sect.

How could it possibly suit Lin Ran and Su Sa!

“Su Sa has already figured this out, but it’s not so bad for me to figure it out now!”

Lin Ran laughed to himself, his heart was actually incomparably relieved at this moment.

“Weng!”

Suddenly, Lin Ran opened his eyes, his eyes had two sharp sword rays shooting out with an imposing aura.

“Hm?”

Su Sa saw this and frowned slightly, the corners of her eyes adjusting with a hint of thought.

Suddenly her palm lifted violently, followed by a peach flower floating in front of her that was directly flicked out by her.

The peach blossom spun quickly and flew straight towards Lin Ran.

A smile slowly appeared at the corner of Lin Ran’s mouth, and the next moment his palm fiercely turned into a sword finger, and he pointed his finger towards the front.

Suddenly, a peach blossom appeared out of thin air in front of Lin Ran, and the petals of the peach blossom also spun rapidly, rushing towards the front.

Su Sa smiled at this and her palm shook violently, and instantly her peach blossom transformed into several smaller peach blossoms.

These peach blossoms quickly dispersed and converged towards Lin Ran.

Lin Ran saw this and his palm similarly shook, but the peach blossom that followed him simply disappeared into thin air.

“Go!”

“Go!”

The next moment the two spoke almost simultaneously.

In an instant, several peach blossoms around them surged towards Lin Ran.

At that moment, Lin Ran's peach blossom also appeared out of thin air and rushed towards the nearest one.

"Bang!"

One.

"Bang!"

Two, three.

In the blink of an eye, several of Su Sa's original peach blossoms were broken by a full three.

But just as Lin Ran's peach blossoms suddenly appeared and prepared to attack the fourth, the countless peach blossoms around them instantly surged towards his.

The two collided almost instantly, and the next moment they all dissipated and turned into pieces.

Su Sa looked at Lin Ran, a smile appearing at the corner of her mouth.

"You're very impressive, I didn't expect to be able to comprehend it so quickly!"

"Thank you, Senior Sister, for your unstinting advice!"

Lin Ran got up and arched his hand.

Although ah this Su Sa was Fairy Su's apprentice, she had indeed done herself a great favour this time, and he didn't want to care so much, so he simply took his own turn.

"I can't talk about giving teachings, but since you have also practiced the Lancang Sword Technique, I still hope you practice it well, the benefits this sword technique will bring you after you practice it well are very great!"

Su Sa said.

Lin Ran nodded at his words, he could see that this Lancang Sword Technique was extraordinary.

However, he had only cultivated the first style now, and the third style was even further away and he didn't know where it was yet, so it was really a bit far to talk about this now.

"Thank you so much for today, Senior Sister is fine then I will take my leave!"

Lin Ran said as he got up and was about to leave.

Seeing this, Su Sa spoke up and said.

"There's nothing else, just be more careful yourself, that Bai Chang isn't bad in strength, even I can only suppress him with the Lancang Sword Technique, and you're at odds with him!"

"Don't worry senior sister, I will naturally solve it if he looks for trouble!"

Lin Ran said with an arching hand, and then turned around and left the place.

Wonder Doctor Chapter 1903

Leaving Su Sa's place, Lin Ran went straight back to his own place.

It was already late in the day, but as soon as he returned to his place, Buji Swordsman was the one who approached him.

"I was right, Tianhu is looking for you!"

"He's looking for me? What for?"

Lin Ran asked with a frown, he didn't have much of a friendship with this guy, he had tried to rope himself in last time and was rejected, so it was hard to believe that he was really ready to come over and rope himself in again after seeing that he had defeated Liu Daggers.

"We'll find out later."

The Buji swordsman laughed.

Lin Ran was stunned to hear this, and sure enough just a few moments later a voice rang out from outside the door.

"Is the late brother here? Tianhu is paying a visit!"

"What is it?"

Lin Ran asked rhetorically.

"An important matter to discuss!"

Tian Hu shouted from outside.

Lin Ran was speechless as he listened, what could be so important about you.

"Come in!"

Although he didn't really want to see him, he had arrived at his doorstep, so it would be unjustified to block him from entering.

The door of the room opened and soon Tianhu walked in.

However, this time he was not followed by his little brother, he came in alone.

"What do you want from me?"

Lin Ran didn't bother with nonsense and opened the door directly.

"Naturally, it's a big deal!"

Tian Hu laughed, while greeting the Bu Er Swordsman next to him as well, before saying.

"Deceased brother, in fact, it's still the same thing as last time, I hope you can seriously consider it!"

“Of course, this time I, Tianhu, have come with sincerity!”

Said this Heavenly Tiger, directly taking out a square seal and placing it on the table, while opening it.

At once, a very beautifully carved green square seal appeared in front of the two of them.

The seal was turquoise in colour, and at first glance it was a fine jadeite carving.

It was thought to be of great value.

“Brother deceased, this is the square seal of our alliance, as long as you join our alliance, this position of alliance leader will be yours!”

Tian Hu said in a decisive manner, without the slightest hesitation obviously having thought of doing so a long time ago.

“Alliance Master?”

Lin Ran was stunned to hear this, this Heavenly Tiger had really made a big move this time, in order to bring himself in, he had even taken out the alliance master’s square seal.

“How about the late brother? Is my Heavenly Tiger’s sincerity enough this time?”

Tianhu smiled.

“Enough is enough, except that I have little interest in the alliance, so let’s forget about this!”

Lin Ran said, pushing the Alliance Master’s Square Seal back to Tian Hu.

Seeing this, Tianhu was immediately busy saying.

“Don’t, deceased brother! Our alliance really needs you!”

“And we’re all freshmen, if we’re not united, those weak freshmen will still be bullied to death by those older students!”

“Bu Er Swordsman is so strong, but he still suffered a defeat at the hands of Liu Dao!”

“Deceased brother, you are the first voice of our freshmen, you can’t leave us behind!”

“This!”

Lin Ran was embarrassed to hear this, it wasn’t that he didn’t want to care about these people, but he simply didn’t have the time to take care of these things when he was short on time for cultivation.

“I still say that I’m not interested in the alliance, but if you really want a helper, I think the Buji Swordsman is good, while the others aren’t bad in strength either!”

Lin Ran said.

“Me? I’d rather not, I’m not really interested in the Alliance either!”

Bu Er Swordsman said busily.

When Tianhu saw that neither of them wanted to join his alliance, he became a little anxious.

“Brother Deceased, Brother Swordsman, will you guys think about it for a while?”

“To be honest I came over this time, but I represent a lot of new students, they all want you to join the alliance and lead us to fight against the older students!”

“You two are so strong that no one dares to trouble you on a regular basis, but the other freshmen are having a very miserable time!”

“There are even several that have been scared by these older students!”

Tianhu couldn't help but have his body tremble as he said that, seemingly extremely angry.

Lin Ran had always been a soft eater, and seeing Tian Hu like this in his heart, he knew that this was not going to be a good thing.

“Hey! Forget it I'm in!”

The Buji Swordsman was not even close, and when he saw this, he immediately took a stand.

Lin Ran saw the situation and pondered for a moment and said.

“How about this, you can come to me when the new students encounter problems, but I'm really not interested in the position of the head of this alliance!

“Why don't we let the Bujinkan Swordsman do it!”

“Fine!”

Hearing that Lin Ran was willing to help, Tian Hu was instantly happy.

He didn't expect Lin Ran to actually announce to the others that he would join their alliance.

In fact, as long as Lin Ran stated that he would help them, then some things would be considered clear.

Some of the people who were still beating their alliance members to the punch would also take a fresh look after hearing the name of their late friend.

After all, that was an existence that even Liu Dao had lost to him.

Tianhu soon left, with Bu Er Jian Ke following him, Bu Er Jian Ke walked around more than Lin Ran.

So many of the new students knew him as well, and with his strength, Tian Hu simply gave up the position of alliance leader directly for Bu Er Jian Ke to take.

As for Lin Ran, he didn't push for it, and just treated it as a hidden undercard.

This matter was not on Lin Ran's mind either, and shortly after the two had left, he began to cultivate alone at home in Panxi.

He had fully mastered the first form of the Lancang Sword Technique, and next he would cultivate the second form.

But before that, he had one more thing to do, and that was to make a breakthrough!

The Lancang Sword Technique was infinite in its mysteries, and when the first stance was completely broken through, Lin Ran's cultivation in the sword dao would actually be able to break through to the enlightenment realm.

It was just that just now, when Tian Hu and Bu Er Swordsman were here talking about their business, he really didn't have the time either.

At this moment, when it was easy to be quiet, he immediately sat down on his knees and began to achieve enlightenment.

It had taken Lin Ran almost half a year to cultivate the Sword Dao, first in the Baki Mountain Pit for a year.

Then he arrived here again, during which he had delayed another half a year in Xue City.

That was almost a year and a half before and after.

In a year and a half, he had cultivated the Sword Dao to its current level, so it could not be said that he had made rapid progress.

However, Lin Ran was clear that nowadays, his own hands were still not strong enough, and he was not even as strong as Su Sa, one of Su Rou's disciples.

Not to mention going to help Song Nuan and the others.

"Weng!"

As a buzzing sound appeared, a wisp of breath began to appear within Lin Ran's body.

This breath quickly traveled and then only on the chaotic cyclone, at first it was only a wisp, but as the chaotic cyclone continued to wrap around it, it soon actually formed the shape of a small sword.

"Sword Dao Dao Seed!"

Lin Ran's heart was overjoyed at this sight, it was indeed a Sword Dao Dao Seed.

The chaotic cyclone quickly wrapped around the Sword Dao Dao Seed, and after just a few moments the entire small sword shape directly transformed into a ball.

And this ball was none other than the Sword Dao Dao Seed.

"It's time to start the Dao Realm of Enlightenment!"

Lin Ran sighed with emotion, feeling a pang of frustration in his heart as he felt his strength increase.

It had been so long! Finally! Finally, he had broken through the Heavenly Mansion Realm and returned to the Dao Enlightenment Realm!

"Re-enlighten the Dao pearl into a sword, and then I'll be able to impact the Three Dao Realm!"

Lin Ran said to himself in his heart, while vaguely looking forward to it, wondering if he would be able to awaken the Dao Seed of Healing within his body when he broke through to the Third Dao Realm.

If he could awaken the Dao Seed of Healing within himself, it would undoubtedly make his cultivation at the Third Dao Realm faster.

Wonder Doctor Chapter 1904

It was late at night and the whole Sword Immortal Sect had become quiet.

At this time, in one of the pavilions of the Sword Immortal Sect, Tian Xuanzi was sitting with his heart in his throat, and at this moment, a silhouette was standing in front of him, it was Su Sa.

“I know what you said, but even so, but he is only a disciple of the Sword Immortal Sect after all!”

Tian Xuanzi spoke.

“But Sect Master, if you insist on doing this, will it be a bit inappropriate!”

Su Sa spoke up, frowning slightly.

“There is nothing wrong with it!”

Tianxuanzi said.

“Immortal Su is originally a disciple of my Sword Immortal Sect, and although her deceased friend’s identity is somewhat suspicious, he should be a friend in the end, otherwise how would he reveal this identity of his!”

“I was going to talk about this matter of you accepting disciples!”

Su Sa said.

But Tianxuanzi waved his hand and said.

“The matter is not mine, but his! I will respect his choice!”

“It all depends on his wish!”

“In that case, then there is nothing more I can say!”

Su Sa said, Tianxuanzi had said so, what else could she do.

“Alright, you can leave first, after the sect competition, I will arrange for you to go to that place!”

“Mm!”

Su Sa nodded at her words and did not say more.

A moment later, after Su Sa had left, Tian Xuanzi then looked in the direction where Lin Ran was and whispered to himself.

“Immortal Su’s old friend, could it be that you are which he appeared?”

Standing for a moment, a few moments later Tian Xuanzi’s body violently disappeared from the spot.

Turning into a stream of light, he rushed towards the resting area where Lin Ran was.

It was late at night, and Lin Ran had finally stopped his cultivation at this time, feeling that the aura of the Dao of Enlightenment realm within his body had been firmly established, before he opened his eyes in satisfaction.

Having broken through the Enlightenment Realm in one go and having it stabilised, this night had been a very rewarding one for Lin Ran!

However, just as he was in a good mood and ready to rest, a voice suddenly exploded in his ears out of nowhere.

“Come to the back of the mountain!”

The voice was only three words, but it caused Lin Ran’s entire body to be stunned and he sat up directly from the bed.

This voice was clearly a voice transmission that sounded in his own ears, no one else could hear it at all.

Lin Ran quickly spread his divine sense out, and he indeed sensed someone standing not far outside, while the people in the other houses were still resting.

“Who is it?”

Lin Ran’s heart twitched and he had instantly rushed out.

Just as he rushed out of the room, he saw a figure not far away that was quickly leaving towards the distance.

“It’s him!”

Lin Ran recognised the other person at a glance, it was the old man that he had bumped into when he had first arrived at this Sword Immortal Sect to gain enlightenment in front of the Three Character Sword Tablet.

With a thought, Lin Ran instantly followed him.

The old man was not very fast, but Lin Ran found that no matter how much he accelerated, he could not catch up with him.

The distance between the two remained not too far, but not too close.

“This old man is very strong, is he also an elder?”

Lin Ran speculated in his heart, but he had no clue.

After all, there were not even a few elders in the entire Sword Immortal Sect that he had seen, let alone recognise them all.

The old man rushed all the way towards the back of the mountain, and Lin Ran did not delay in following him.

Soon the old man in front of him stopped violently, and Lin Ran saw this and was also busy stopping.

“Elder! I wonder if you’re looking for me?”

Lin Ran was the first to speak.

The old man turned around and looked at Lin Ran blandly before saying.

“I don’t think the deceased is your name!”

Lin Ran was stunned at his words and his brows couldn’t help but frown slightly as he looked at the other party without speaking.

“You should be called Lin Ran!”

“What does senior mean by this?”

Lin Ran was startled at hearing this, his real name was known to almost no one except Xue Dongyang.

But how did this old man in front of him know it? And who was he again?

“You don’t need to be nervous, I was guessing! I already know about your relationship with Fairy Su, Su Sa told me about it!”

The old man said.

“Su Sa?”

Lin Ran frowned slightly at his words, not understanding what her intention was in telling this old man in front of him!

“Still, don’t be nervous, Su Sa is Fairy Su’s disciple, I already know all about you asking her for advice on the Lancang Sword Technique today!”

“Do you know who I am?”

The old man looked at Lin Ran and asked with a smile.

“I don’t know!”

Lin Ran shook his head.

“I am Tian Xuanzi! The current Sect Master of the Sword Immortal Sect!”

The old man said.

“Sect.”

Lin Ran froze, the old man in front of him was actually the Sect Master of the Sword Immortal Sect.

“You should already know why I’m here for you today, and I won’t bullshit you! Old me, I’ve only taken on two disciples in my life, if you’re willing! You are the third!”

“If not, I won’t force it, and any questions you have about the Lancang Sword Technique can also come to me!”

Tian Xuanzi said, his voice was calm, without the slightest intention of forcing Lin Ran.

“Sect master, I!”

Lin Ran was a little hesitant, he hadn't really thought about it, but at this moment, Tian Xuanzi had opened his mouth, so if he didn't worship him it would seem like he was a little ungrateful.

Moreover, if he could worship under Tianxuanzi, then he was afraid that his future achievements would not be low.

"A Chaos Immortal and a Tianxuanzi! One is also worship two is also acceptance, worship!"

Lin Ran made his decision after just a slight thought.

"Disciple Lin Ran, meet Master!"

With that, Lin Ran bowed three times respectfully towards Tianxuanzi.

"Hm!"

Tianxuanzi nodded in satisfaction at this and then smiled.

"Before I officially accept you, I must tell you one thing!"

"Please speak, Master!"

Lin Ran said busily.

"I know that you and Fairy Su have a great relationship, while she and I can only be considered as siblings, which means that I have accepted you as a disciple, but I don't ask about your relationship with her, and this is something that Su Sa is worried about, so I must tell you in advance!"

Tian Xuanzi said.

Lin Ran nodded at his words, he had already looked past this matter, Su Rou had been in the Immortal World for a thousand years longer than himself.

He himself was only now starting to set foot in the Immortal Realm, and many people and things could not be avoided as he would encounter such situations.

But what Tianxuanzi had said was the same as what he had thought, that each one should pay his own way and no one should be affected.

Otherwise, if they all went by seniority, Lin Ran wouldn't need to mix in the Immortal Realm.

"Master, don't worry, I know this!"

Lin Ran nodded his head and said.

"Very well! Since that's the case which changes leave a mark!"

Said Tian Xuanzi, with a wave of his palm, a jade talisman instantly surfaced in front of Lin Ran.

Lin Ran didn't say anything, and instantly a drop of essence blood was dropped onto it.

The next moment he felt a strand of his divine sense being sucked into it, and at the same time sensed two aura fluctuations, but they were far away from him.

"These two auras are?"

Lin Ran asked, looking at Tianxuanzi in confusion.

“These are your two senior brothers, neither of whom are in the Sword Immortal Sect at the moment!”

Tianxuanzi said.

Lin Ran nodded at his words, so that was the case, it was quite good to always be able to sense their breath, if he had this method of contact with Pillow Book Song Nuan and the others.

It wouldn't be so bad that up to now Lin Ran didn't know where they were!

Tianxuanzi retrieved the jade talisman and then looked at Lin Ran and said.

“Alright, now that you've paid your respects to your master next I will personally instruct you on the essence of the second stance of the Lancang Sword Technique! However, you must remember that this Lancang Sword Technique is infinite in its mysteries, I can only instruct you on the sword intent, the exact cultivation of it will depend on your own enlightenment!”

“I understand!”

Lin Ran was busy nodding, but his heart was already tense, the sect master was personally instructing him, not everyone could have this treatment!

Wonder Doctor Chapter 1905

“The second stance of the Lancang Sword Technique, Sword Intent to the Sky! Do you know what this Sword Intent through the heavens means?”

Tian Xuanzi turned his head to look at Lin Ran and asked.

“I don't know!”

Lin Ran shook his head, how could he know.

“Fine! I'll show you!”

Tianxuanzi said as he grabbed Lin Ran's back, following which the two of them rushed straight towards the back of the mountain with a single burst of energy.

Lin Ran did not dare to speak, not knowing where Tianxuanzi was taking him, but having already worshipped his master he did not worry that the other party would harm him.

The back mountain of the Sword Immortal Sect was a winding mountain range, and where the sect was located, there were basically all mountains around it, which was for the sake of the sect's concealment and safety.

After just a few minutes of being led by Tianxuanzi, Lin Ran saw that a huge gorge had actually appeared ahead.

There was also the sound of rumbling water coming from the canyon, which seemed to be the presence of a waterfall.

Without speaking, Tianxuanzi led Lin Ran a short distance further and a huge waterfall appeared in front of them.

The waterfall must have been at least twenty metres high, tilting down from above with such an overwhelming momentum that just listening to the rumbling sound of the water made one feel a palpitation.

“Master, you brought me here?”

Lin Ran looked at Tianxuanzi in confusion, wondering what the connection was between bringing him here and practising the second style of the Lancang Sword Technique, Sword Intent to the Sky.

“I am here to tell you what is Sword Intent through the Heavens!”

Tianxuanzi said, while lifting Lin Ran up and following him, he actually threw him directly towards the bottom of the waterfall.

“Stand under the waterfall, directly below it, where the water is pounding the hardest!”

Tianxuanzi’s voice came out, and Lin Ran was speechless as he listened, so he did as he was told.

The waterfall was twenty metres high, and the force of the water crashing down was very strong.

Even Lin Ran could clearly see that the riverbed below the waterfall had been dented by the water.

There was a raised rock nearby, so Lin Ran touched it without any nonsense, and then mobilised the true qi in his body and stood under the waterfall against the impact of the waterfall on his body.

“Look up at the waterfall!”

Suddenly, Tianxuanzi’s voice rang out again.

Lin Ran had no choice but to do as he was told, only he didn’t know what this master of his wanted.

When he lifted his head, Lin Ran saw the countless streams of water tilting down, fortunately there was true qi around him to resist it, which prevented the water from hitting him, otherwise I was afraid it would be a problem to open his eyes at this point.

However, it seemed that the heavens were playing a joke on him, and as he was thinking in his mind, the voice of Tianxuanzi came from behind him.

“Kid yank all your defences for me, use your own eyes to show me the waterfall, and know that you see the exit above it before you do!”

“I...”

Lin Ran was immediately helpless, but he didn’t dare to say anything, so he could only do as he was told.

“Weng!”

The moment the defences on his body were ripped off, Lin Ran only felt a thousand pounds of water slamming all over his body at once, fortunately he had an extraordinary physique, otherwise I was afraid that the blow just now would have directly smashed him into mush.

Lin Ran's face was full of water and he kept fiddling with his hands, but this was a waterfall he simply could not wipe the water off his face completely.

Every time he touched it he could have a brief vision, followed by his eyes being left obscured by the water again.

"How is this going to get to the exit above the waterfall?"

Lin Ran muttered in his heart, there were waterfalls flowing everywhere, his vision was blocked and everywhere he looked was water, so how could there be any exit?

However, Tianxuanzi did not speak up and just sat quietly at the side and meditated.

Lin Ran saw this and could not help but feel a little speechless in his heart, this master professor was also a little too irresponsible.

But soon Lin Ran sensed that something was wrong.

Who was Tian Xuanzi, the master of the Sword Immortal Sect, did he have to joke with himself?

Even if he possessed the Lancang Sword Technique, he was still just a small dot in his opponent's eyes, and he had the strength to crush himself to death with one finger.

Bringing yourself here at night to kill time? To amuse himself? That's pure bullshit!

"There must be a purpose! I just haven't discovered it yet!"

Lin Ran consoled himself in his heart, Tianxuanzi obviously had his own reasons for letting himself do this, and he probably just didn't understand his intentions yet.

Thinking of this, Lin Ran stopped being distracted and fixed his gaze dead on the sky, using every time he wiped the water off his cheeks with his palms and the occasional moment when the waterfall's flow weakened to look towards the top of the waterfall.

Once, twice, three times.

....

Lin Ran didn't know how long he had been staring and how many times he had looked, but he noticed that the sky around him, which had been dim, had started to brighten up a little.

Unknowingly he had actually been washed by the waterfall for a full night, and the sunrise had already risen from the east.

"Weng!"

Suddenly, just as Lin Ran looked above the waterfall once again, he clearly saw that at the very top of the waterfall, a rainbow had actually appeared.

And underneath the rainbow was the very bank of the waterfall.

There were colourful flowers on the bank of the waterfall, and the scenery was picturesque.

It is a pity that the view is only the size of a palm and the rest of the water is blocked out by the current.

Even the only beautiful view was fleeting, and in the blink of an eye, countless streams of water took over Lin Ran's sight once again, everywhere he looked.

"See?"

Suddenly, Tianxuanzi's voice rang out in his ears.

"I see it!"

Lin Ran busily returned.

Tianxuanzi nodded his head, then said.

"Charge up!"

"Charge up?"

The next moment, the waterfall was squeezed out of thin air, and Lin Ran's figure was like a cannonball pulling towards the top of the waterfall.

Nowadays, he was at the Realm of Enlightenment, so it was not difficult for him to rush up the waterfall.

However, when he reached the waterfall, Tianxuanzi was already standing by the side at some point, looking at him quietly.

"Master! Please also solve the puzzle!"

Lin Ran looked at Tianxuanzi and bowed respectfully, the events of tonight had left him baffled, not understanding exactly what Tianxuanzi meant.

"Sit down and talk!"

Tianxuanzi said and sat down directly on his knees, Lin Ran also followed without any nonsense.

Tianxuanzi looked at Lin Ran and opened his mouth to ask.

"How did you feel when you were just below the waterfall and saw the beauty above this?"

"Very distant!"

Lin Ran said.

At that time, his field of vision was only the size of his palm, and looking at the beautiful view above him was indeed very distant.

"Hmm! What about after coming up at this point?"

Tianxuanzi asked again.

"It feels very close! It's actually not that far away!"

Lin Ran said truthfully.

Tianxuanzi nodded at his words and said.

“That’s right! This is the second style I’m going to tell you about, the Sword Mind of Sword Intent through the Sky!”

You are like a sword that stands under a waterfall, your strength can be seen as the strength of the sword, when you are not strong, it is impossible for you sword to break through the waterfall flow no matter what.

But when you are strong enough, all the suffering that seems like a big mountain together will no longer be a predicament.

What if you are not strong? What if you need to train from scratch?

There are times when the darkness can be your roadblock. There is never a time when there is no smooth sailing in cultivation, so the darkness is like an underestimation for you.

Sword intent through the sky, why is it called sword intent through the sky, it’s about this sword intent!

If you have undying sword intent in your heart, even the nine heavens of the Milky Way are just embellishments!

Do you get it?

Wonder Doctor Chapter 1906

“If I have the indestructible sword intent in my heart, even the nine heavens of the Milky Way will be no more than a garnish!”

Lin Ran murmured in his heart, the words sounding thoughtful in his mind.

Tian Xuanzi continued.

“The Lancang Sword Technique is the very same sword technique created by the founding ancestor of the Lancang Sword Immortal back then!”

“Back then, when he created this sword technique, Lancang Sword Immortal was trapped in a desolate land, and at that time, he didn’t even know if he could break out of the desolate land!”

“But there was an obsession in his heart,? That’s why he created this second style of the Lancang Sword Technique, the Sword Intent to the Sky!”

Said Tian Xuanzi, looking towards Lin Ran and speaking in a serious manner.

“Being in a desperate situation may seem dangerous, but thousands of people in the world are actually in this situation!”

“Perhaps their lives aren’t in danger, but isn’t living day after day, never changing the status quo, an invisible shackle?”

“Sword Intent Tongtian, what you have to overcome is not only the suffering in front of you, but also the suffering in your heart!”

As he said this, Tian Xuanzi waved his palm and instantly a picture appeared in front of Lin Ran.

It was a picture that was pitch black with only a white light the size of a sesame seed, it looked exceptionally bizarre and there was no way of knowing what it was.

But all the same, seeing this picture gave Lin Ran a depressing feeling in his heart, as if he was deep in a prison.

“This is everything that the Lancang Sword Immortal was able to see for a whole decade back then!”

Tianxuanzi said.

“Ten years!”

Lin Ran froze at his words.

For ten whole years, he could actually only see this little bit of white light, what kind of a desperate place he had to have fallen into.

“For ten years, he didn’t know when he would be able to break out, nor did he know if he would still make it out alive or not!”

“It was like he was a sword buried in the ground!”

But he didn’t give up, he kept sharpening his sword intent, using it to support himself and keep sharpening himself.

After ten years of sharpening his sword, finally he felt that his sword intent had become so strong that he began to fight back, and ended up charging out of that place in one go!

Tian Xuanzi looked at Lin Ran and said.

“This is what sword intent through the heavens means, being weak is not scary, you have to be able to know how to hold back and hone your sharpness in holding back until the moment when the sharp sword is sheathed and the world trembles!”

With that said Tian Xuanzi got up and finally looked at Lin Ran and said.

“I’m telling you this so that you can understand what the heart of the sword is, and what the sword intent of the sword through the heavens is!”

“One stance of the Lancang Sword Technique is more difficult than the other!”

“I can only help you so much with this second stance, the Sword Intent of Tongtian, the rest is up to you!”

“Of course, after you finish the second stance of the Lancang Sword Technique, you can come to me! I will give you the third and final stance!”

“Many thanks, Master!”

Lin Ran nodded his head, his heart filled with anticipation.

Tian Xuanzi, however, did not say much and turned around and left the place.

This place wasn’t too far from the sect, and Lin Ran was perfectly capable of going back on his own.

However, he still had too much information to sort out and digest at this point, so he did not leave for the time being. Instead, he sat down on his knees in place and began to carefully recall what Tianxuanzi had said to him throughout the night.

“Sword Mind! Sword intent! In the end, it is actually one’s own sword dao!”

Lin Ran whispered softly to himself in his heart, this was something he could see very thoroughly.

It was just like the original Sword Tablet, which had been simplified step by step until it finally reached Su Rou and was simplified into a three-character Sword Tablet.

“My Lin Ran’s sword dao is the attacking and killing sword dao!”

Lin Ran affirmed in his heart, ever since his first sword intent was reminded by Su Sa, he had realized that his sword dao had always been the word attack and kill.

Whether it was his initial self-created sword moves or his defensive sword moves, they all revolved around these two words.

“The sword dao I want is to kill thoroughly, and to defend without a drop of water!”

“A healer seeks the hearts of people, while a swordsman travels the world!”

“A doctor can save lives, but a sword can kill! This is my dao!”

At this moment, Lin Ran felt that he had a few more moments of clarity about his future path.

The countless mists that had surrounded him before had all dissipated a little bit.

“It is killing! It is defence, it is this pure!”

Lin Ran’s eyes flashed a stern aura as his entire body rose in place and directly cultivated the second form of the Lancang Sword Technique, Sword Intent to the Sky.

◦ ◦ ◦ ◦

And at this time within the Sword Immortal Sect, Tian Xuanzi had just returned to the sect when Su Sa approached him.

“How was it?”

Su Sa asked.

“He’s my disciple now!”

Tianxuanzi didn’t hide it and said directly.

Su Sa frowned slightly at his words, but didn’t say anything, since Lin Ran was willing to pay homage to his master, there was nothing she could say.

“I heard from the Buji Swordsman that he seemed to be looking for herbs that could heal his divine sense, was his divine sense injured?”

Su Sa suddenly asked.

“Who? You mean the deceased?”

Tian Xuanzi asked, he hadn't told Su Sa about Lin Ran's identity, this was after all Lin Ran's private matter and he naturally wouldn't talk too much.

“Mm!”

Su Sa nodded her head.

Tian Xuanzi frowned slightly and shook his head.

“Didn't find any difference in his divine sense, but since you said so! You can take this thing and give it to him back!”

Said Tianxuanzi as he took out a scroll and tossed it to Su Sa.

“Why don't you give it to him yourself?”

Su Sa asked rhetorically.

But Tianxuanzi smiled lightly and said.

“I'm giving it to him as a gift from my master, while you're different, that's helping! You both have a relationship with Fairy Su, so it would be good for you to interact and walk around more!”

Su Sa smiled and frowned slightly, but didn't say anything else, and immediately took the things and left.

Time was like an arrow and the sun and moon were like a flash, in the blink of an eye, another three months had passed.

In these three months, Lin Ran seemed to have evaporated, and no one knew where he had gone, not even the Fuyi Swordsman had seen him.

Some people speculated that Lin Ran was too strong and had been accepted as an initiating disciple by one of the elders.

Others speculated that Lin Ran might have been retaliated against by Bai Chang and died somewhere.

Some even said that Lin Ran might have joined the sect master.

For a while, the number one person among the new students became extremely mysterious.

But only Lin Ran himself knew that he had been practising his sword at the waterfall for three months.

The second form of the Lancang Sword Technique was so profound that Lin Ran had been in seclusion for three months, but his harvest was also very rich.

After three months of training, he had made great progress in the Second Form of the Lancang Sword Technique, but it was still very early for him to make a breakthrough.

On this day, Lin Ran was still sitting alone above the waterfall, cultivating.

Not far away, a silhouette appeared out of nowhere, and it was Su Sa.

Su Sa looked at Lin Ran and felt the sharp sword intent on the latter's body at that moment, and could not help but frown slightly.

"This sword intent of his is so harsh, it's even more harsh than mine!"

Su Sa said to herself in her heart.

Putting aside the strength for the moment, the sword intent on Lin Ran's body at this moment was indeed far more overpowering than her own, a fact she herself could not deny.

"This guy is really a genius at sword training!"

Su Sa hummed lightly and then walked towards Lin Ran.

Wonder Doctor Chapter 1907

"What are you doing here?"

Sensing Su Sa's breath, Lin Ran busily got up and looked over.

"If I don't come, you're afraid you'll all have to evaporate, are you in a hurry to catch up? Cultivating so desperately day after day! It's as if everyone else will get ahead of you if you don't cultivate!"

Su Sa teased.

"Er..."

Lin Ran was helpless.

"It's not that I'm in a hurry, it's just that I have nothing to do even if I don't cultivate!"

Not in a hurry? How could he not be anxious, now that Qin Bing and Su Rou clearly knew that he had awakened, but up until now, apart from Su Rou asking Luo Ran Merchant to find him, there had been no other movement.

This was obviously not in line with common sense, and according to the news Xue Dongyang had brought back, it was likely that they had run into something.

How could Lin Ran not be anxious.

He had come this way himself, and he had also bumped into that so-called Deadly Gate, and there was still Master Fang outside watching over him, so how could he not be anxious.

However, he couldn't tell anyone about these things, so he could only keep them to himself.

"Nothing to do? That's just right, I'm looking for you for something!"

Su Sa said, while throwing the scroll in his hand right towards Lin Ran.

"After waiting for you for three months and not returning to the clan for three months, you still have to make me come here, you're really a drag!"

"Er... What is this?"

Lin Ran asked, scratching his head in embarrassment.

Wasn't he himself cultivating, and besides, who knew that you were a big beautiful woman waiting for him.

With an awkward smile, Lin Ran then opened the scroll, and there was a location marked on it.

And looking at the distance it didn't seem too far from where he was.

"There's a vine flower at the place marked on it, don't you need it!"

Su Sa said without good humour.

"A cranberry flower? How did you know I needed it!"

The vine flower was precisely an herb for divine sense, and Lin Ran had purposely looked up the information before when he had just entered the Sword Immortal Sect.

If he wanted Qing Zi to wake up earlier, he needed some herbs that could treat divine sense, it was just a pity that he had been too busy with his own cultivation.

Moreover, he was only at the Heavenly Mansion realm before, and was not qualified to enter the auction house opened by the Sword Immortal Sect to buy them.

I was thinking that when I had almost finished cultivating the second form of the Lancang Sword, I would find the opportunity to go back to the clan.

Unexpectedly, Su Sa was the first to find herself with the news.

"Many thanks!"

Lin Ran said as he arched his hand at Su Sa.

Su Sa, however, snorted and said.

"No need, save your words of thanks, the sect competition is in half a year, just don't disgrace your master by then!"

"I'll leave first!"

After saying that, Su Sa turned around and left the place.

As he watched Su Sa leave, Lin Ran was thoughtful.

This nee-san had said that before she left obviously knowing about her relationship with Tian Xuanzi.

And at this moment, she said this.

"Could it be that this scroll was given by Master?"

Lin Ran understood with just a thought, that was definitely the case.

Su Sa was cold and arrogant, possessed the Lancang Sword Technique and was Su Rou's disciple, and had a very high moral character, so it was inevitably impossible for him to do such a thing for himself.

It was absolutely impossible for her to deliberately help herself to find divine sense herbs.

So the one who really took out this scroll was afraid that it would be his own master.

“Clan Grand Competition! Make sure to make a name for yourself!”

Lin Ran said to himself in his heart, Tian Xuanzi had treated him like this, if he still disgraced himself by then, it would really be unjustifiable.

“Let’s go find this vine flower first!”

Lin Ran muttered to himself in his heart, while directly moving out Xiao Jiu, Li Ba and Li within the Scroll Space Year.

Last time when Tianxuanzi suddenly approached him, Lin Ran didn’t know what the other party wanted, so he put them all inside the scroll space for safety’s sake.

“Boss!”

“Brother!”

As soon as the two came out, they looked at Lin Ran, their eyes shining.

They had heard all of Su Sa’s words earlier.

“All understood, then let’s hurry up and set off to find that vine flower!”

Lin Ran laughed.

“Brother I can go and scout the way first!”

Xiao Jiu said busily, seemingly excited as he hadn’t been out to play for a long time.

“Don’t you go, you’re too weak, there’s bound to be a very powerful magical beast next to this vine flower!”

“Li Bajie you go!”

Lin Ran looked to Li Baba.

“Got it!”

Li Ba was also holding back enough, and when he saw that he could go first at this point, he couldn’t help but be very excited.

Lin Ran let the triangular electric snake follow Li Bajie and go ahead to scout the way.

Only then did he follow with Xiao Jiu and Li.

It had been a long time since he had seen Li, and Li had changed a lot.

His body size had grown by a size, but this fellow could control his size at will, so Lin Ran didn’t care.

What really surprised him was that this guy’s aura had started to change.

At the beginning, this creature’s aura was so internal that Lin Ran could not feel it at all.

It was only when it made a move that he could feel it.

But now faintly Lin Ran could already feel the presence of its aura.

“Brother, Li will enter have a big breakthrough in another half a year at most, so we’ll have to find a place then!”

Little Nine suddenly said.

“A big breakthrough? How is that a breakthrough?”

Lin Ran asked busily.

Little Nine pondered for a moment and said.

“This guy’s situation is a bit special, I’ve talked to it, and Lizzy said that it’s also a sensation in the underworld!”

“It seems that in half a year, it will go straight from juvenile to adult! It’s just that this process is very important!”

“Li or you can speak!”

Xiao Jiu was afraid that he hadn’t expressed himself clearly enough, so he hurriedly greeted.

Li scratched his head and then said.

“I can’t be sure, I just have a vague feeling that somewhere outside East Flag City, there’s an aura calling me!”

“I always feel like I have to make a trip there in six months, it seems important to me, and if I don’t go it’s likely I won’t be able to enter adulthood!”

“So you’re an infant now? But why do you look like a baby!”

Lin Ran was speechless.

Li’s current size was the size of an adult’s fist, I really don’t know how much it would change if it reached adulthood, it couldn’t be the size of a small hen!

“I’m small in size now just because I haven’t got that chance, so you must take me there in half a year!”

Li looked at Lin Ran with anticipation in her eyes.

“Alright! I’ll take you there in half a year!”

Lin Ran said, half a year later was the sect competition, and after the competition he did have to go out for some training, otherwise if he always stayed in this Sword Immortal Sect, he would have to go crazy.

“Alright, let’s hurry, when the sect competition is over in half a year, I’ll take you to your chance!”

Lin Ran laughed.

“Good!”

Li was busy nodding her head.

Li was Zhen Yan's heart and soul, and was the next heir to the entire Magical Beast Realm, so Lin Ran naturally wouldn't be negligent.

If the relationship was handled well, there would be an entire clan of magical beasts standing behind himself in the future.

Although not all the magical beasts would help him, at least the ones in the Beast King domain would all look up to Zhen Yan.

As the people spoke, they had already rushed for a full half hour, and were only halfway to their destination.

At this moment, Li Ba, who had gone to scout for information, finally returned with the Triangular Electric Snake.

Wonder Doctor Chapter 1908

"Boss! You guessed right, there really is a magical beast in that place, but not one, but two!"

With that, Li Ba took out two scales and handed them over.

When Lin Ran took a look, he couldn't help but frown slightly, these two scales were extremely hard in texture and much thicker than the scales of a snake.

"What kind of magical beast's scales are these, they don't look like snakes!"

Lin Ran muttered to himself.

"I don't know either, those two things, one male and one female, are just like two large pangolins, their defence is very powerful, even I can't do anything about them, the key is that they both have very sharp claws, luckily I ran fast, otherwise I would have really suffered at their hands this time!"

Li Baba said busily.

"The boss has scared the snake, I'm afraid it's not going to be easy this time!"

Lin Ran frowned at his words, then said.

"It's not going to be easy, I'll take this vine flower, let's go check it out!"

As he said that, Lin Ran led the group towards the place where the vine flower was located.

According to the information that Li Ba had brought back, the place they were going to was located on a hill.

There was a very abrupt deep pit there, which Lin Ran would be able to recognise once they reached the place.

Lin Ran didn't know how abrupt it was, but it would be clear when they got there and had a look.

With Li Ba leading the way, it took only ten minutes for them to arrive at a hill.

This hill was also very ordinary and did not look like anything special.

But just as the group followed Li Ba around a large tree, a panic soil with no vegetation growing appeared in front of the group.

The area was about the size of three or four basketball courts and was covered with yellow soil, not to mention trees, and not even a single weed.

There was also a very large pit in the yellow soil, not very deep, but it occupied almost the entire area of the panic soil.

“Is this what you’re talking about?”

Lin Ran looked at Li Ba and asked with a frown.

“Right! Those two things are in there, Boss, look at that!”

Li Ba reminded, while pointing at the middle of the deep pit, and only then did Lin Ran see it.

In the middle of the deep pit, there was actually a palm-sized bulge, and above the bulge was a plant growing.

This plant was turquoise in colour, with two leaves growing on it, and it looked extremely beautiful.

“A vine flower!”

There was a glint in Lin Ran’s eyes.

“Boss, what should we do now?”

Li Ba looked at Lin Ran and asked.

The vine flower was right in front of him, but it was very difficult to get it.

The surface looked very calm, but Lin Ran knew in his heart that beneath this calm surface, there was a great danger hidden.

“That magical beast you came across, how aggressive is it?”

Lin Ran suddenly asked.

“Not very aggressive, but their defence is exceptionally strong, and their claws are very sharp, so you must not get close, otherwise if you are touched by a claw, I’m afraid you will be cut in half directly!”

Li Ba was busy reminding.

Lin Ran nodded at his words, and then said.

“Let me go and try!”

“You?”

Li Ba was stunned, he knew Lin Ran’s strength clearly, although he had broken through to the Realm of Enlightenment, his strength was still a bit low after all, and he was quite a distance away compared to himself.

“Don’t worry, I won’t come close, it’s just time to practice with them, let’s see if my sword is sharp or their defense is invincible!”

Lin Ran said as his whole body’s aura was already radiating out.

Li Ba also understood that since Lin Ran had joined the Sword Immortal Sect, he had yet to have a serious fight, whether it was Ah Kuan or Liu Dao.

After all, they were all brothers of the same discipline, so they couldn’t really kill each other, but facing a magical beast was a different story.

That was a life-threatening situation at any time, and the Fuyi Swordsman was almost killed by a magical beast before.

“Boss, you take care of yourself then! If things don’t go right, I’ll make a move!”

Li Ba said.

Lin Ran nodded at his words, and then with a flash of his body he had already reached the top of the deep pit ahead.

The entire area of the deep pit was not too big, but definitely not too small, and at this moment, Lin Ran was suspended in mid-air, so he was able to spy the entire appearance.

“Out!”

Suddenly, Lin Ran let out an explosive shout, and in an instant the Condensing Frost Sword had surfaced in his hand.

The next moment a strand of sword mane instantly cut out, heading straight for the vine flower in the middle of the deep pit.

The sword mane was extremely fast and had reached the vine flower in almost the blink of an eye.

If this sword slashed up, the vine flower would be split into pieces in an instant.

Next to them, Li Ba and Xiao Jiu and Li all watched this scene nervously, knowing that Lin Ran was deliberately luring the magical beast out.

If they didn’t come out, the vine flower was bound to be destroyed.

However, Lin Ran knew in his own mind that if the beast did not come out, he was absolutely certain that he could retrieve this ray of sword artefact.

It wouldn’t really destroy the vine flower, after all, it was something that he also needed.

“Whoosh!”

The sword mane traced a long arc, and in an instant, it had reached the vine flower.

Watching this scene, Lin Ran couldn’t help but frown slightly, pondering whether or not to stop, as the sword mane was already very close to the vine flower at this point.

Even the leaves on the vine flower were already being blown by the strong wind and began to sway.

It would have destroyed it in the blink of an eye.

But at this moment, the magical beast was still not moving at all.

Suddenly, just as Lin Ran was thinking in his mind about how to react.

He saw a layer of white stuff appear out of thin air around the vine flower.

That thing appeared very quickly, and almost the instant it appeared, his own sword mane directly collided with it.

Lin Ran then saw that on the white defensive layer, a white grid had actually appeared.

The grid was so dense that it looked like a tortoise's tortoise shell.

"What is this thing?"

Lin Ran looked stunned, and the moment the sword mane draped on it, he clearly felt as if it had cleaved on the earth.

It simply couldn't shake it a bit.

The white grid became thicker and thicker, and also became more and more staid, following which Lin Ran's crowd actually saw.

Four feet and a not-so-large head had actually appeared around the white grid.

Following this the appearance of a magical beast was fully revealed.

"This is!"

Looking at the magical beast in front of him Lin Ran was stunned, this was an Armour Piercing Demon Lizard!

"Brother, this is the Armour Piercing Demon Lizard!"

Xiao Jiu also recognised it, and busily shouted.

Lin Ran nodded his head, but his heart was already half cold.

"Weng!"

Suddenly, there was another tremor, followed by another identical one appearing next to this Armour Piercing Devil Lizard.

Only this one's armour-piercing devil lizard had a significantly smaller defensive shell.

"A male and a female, there really are two of them!"

Lin Ran looked shocked.

In front of him, two lizard-like magical beasts were lying on the ground, their eyes looking at him icily as if they were looking at prey.

"Human! Who are you!"

Suddenly, there was a fluctuation in the space around him, and a figure actually reached Lin Ran's ears.

"You can speak?"

Lin Ran's heart became even more shocked as he looked at the Armour Piercing Demon Lizard in front of him.

"Brother, this armour piercing devil lizard is extremely intelligent and can scratch and sit in human form after a thousand years of cultivation, these two are afraid that they are already close!"

Little Nine was busy reminding from behind.

Wonder Doctor Chapter 1909

"Human!"

Seeing that Lin Ran didn't say anything, the armor piercing demon lizard spoke up again and questioned.

"I want that vine flower!"

Seeing this, Lin Ran didn't bother with nonsense and directly stated his purpose.

"If you can give it to me, I can just leave! And will still remember your good deeds!"

"Give it to you? What the hell are you! We need your good deeds?"

The armour-piercing demon lizard was furious at his words.

"What do you want!"

Seeing this, Li Ba next to him suddenly had his aura burst out directly as well.

The instant power of the Extreme Dao Realm directly pressed down on the two Armour Piercing Demon Lizards and they couldn't help but explode out their auras as well.

Lin Ran discovered that the strength of these two Armour Piercing Devil Lizards was actually at the Three Dao Realm, only one level weaker than Li Ba.

On the other hand, he himself was only at the Realm of Dao Enlightenment, but was a little weaker than these two demonic beasts.

"Human, although you are very strong, you can't help us, you can't take this vine flower away!"

The Armour Piercing Demon Lizard said angrily.

Even though Li Ba's strength was overwhelming, it was still very difficult for him to hurt them.

Not to mention Lin Ran at this moment.

In fact, Lin Ran knew in his heart that even though he had already started to cultivate the second form of the Lancang Sword Technique, and the sword technique he had cultivated was also good at attacking and killing.

However, in front of these two armour piercing demon lizards, he still did not have the slightest bit of momentum to speak of.

“Boss, what should we do now? What that guy said is true!”

Li Ba looked at Lin Ran and asked.

“Don’t be in a hurry yet!”

Lin Ran nodded, he was also clear about this matter, it was almost impossible for the two of them to kill these two Armour Piercing Devil Lizards, unless they came across a miracle.

However, it was still very surprising to Lin Ran that these two Armour Piercing Devil Lizards were so protective of the Trailing Flower, as it was reasonable that such a magical beast that favoured defence should not be so fond of a divine sense herb like the Trailing Flower.

“You two, I have no intention of making enemies with you, and this vine flower is of no use to you, so why do you need to make things difficult for me!”

Lin Ran asked as he looked at the other party.

“Get lost! Whether it’s useful or not is our business, what’s it to you!”

The larger armour piercing demon lizard said angrily, it should be a male with a relatively short temper as well.

“Friend, you’re going too far, although I can’t kill you, but you guys are slow, if I come to harass you everyday I’m afraid I won’t be able to bear it!”

Lin Ran’s voice was icy cold.

These two armour piercing demon lizards were guarding this vine flower for no purpose at all, and there was no telling what exactly they were doing it for.

If they could talk about finding out what they were about, it wasn’t impossible to get them into their hands.

“You’re threatening me?”

The larger armour piercing demon lizard’s voice went a few shades colder.

“You can think of it this way, I just want this vine flower, and I can even exchange that with you guys!”

Lin Ran said indifferently.

“Go away, we don’t want to be your enemy, and this vine flower is also of great use to us!”

Suddenly, a relatively calm voice pierced through, and Lin Ran looked at the smaller armour piercing demon lizard next to him and asked.

“What use is it to you guys? I’m willing to trade something for it if I can!”

Lin Ran said.

He still had quite a few Heavenly Origin Crystals on himself, so it would naturally be good if he could exchange them for this vine flower.

The Heavenly Origin Crystals were dead, but if he could exchange them for the vine flower to wake Qing Zi up, that would undoubtedly be the greatest help to himself.

“We won’t exchange it, you door better go!”

The smaller armour-piercing devil lizard said.

“Don’t get lost yet!”

The larger one also said angrily.

Lin Ran’s face also went completely icy when he saw that it didn’t make sense at all, and said.

“I’ve already said many ways, but you all never accept them, if that’s the case then I’ll just have to come and annoy you all every day!”

“Until you guys are willing to hand over the vine flower for that matter, of course my words are always valid, if you guys are willing, I can take something in exchange!”

With that said Lin Ran’s whole body aura soared, obviously ready to make a move.

“How dare you!”

Seeing Lin Ran’s move, the Armor Piercing Demon Lizard instantly became enraged.

“If you don’t give something you’ll see if I dare!”

With that said, Lin Ran’s longsword in his hand instantly shook as the first stance of the Lancang Sword Technique had fishtailed out.

“Chop!”

As Lin Ran let out a loud shout, instantly the sword mane in front of him turned into a roiling sword shadow towards the Armor Piercing Demon Lizard right in front of him and slashed straight ahead.

“Hmph! Then you’ll try it!”

The armour-piercing demon lizard that was guarding the vine flower instantly had a gloomy face, and the white light of its entire body surged up as the grid-like defence layer actually emerged out of thin air again.

“Bang Bang Bang!”

The sword mane instantly struck the defence layer, however, to Lin Ran’s surprise, his own sword mane actually only caused a ripple on the defence layer of the throwing party, following which it dissipated.

“Humph! Just this attack and you want to break through my defences? You can go back for another hundred years!”

The Armour Piercing Demon Lizard had a disdainful look on its face.

Lin Ran couldn’t help but frown slightly, this defense of the other party was really a little too strong.

“Then let’s try again!”

Lin Ran's eyes fiercely chilled as countless sword shadows emerged out of thin air the next moment.

The next moment, the sword shadows once again rushed towards the Armour Piercing Demon Lizard.

Only this time, after rushing out some distance, the sword shadows all converged together.

The countless sword shadows finally fused into a single sword.

This sword was emitting a sharp aura, and the moment it appeared, its speed actually accelerated a few more points, rushing towards the front.

"Hm?"

Seeing this sword, the Armour Piercing Demon Lizard couldn't help but frown slightly, its entire body flickering with light, as if it was enhancing its defence.

"Go!"

Lin Ran didn't say anything, and instantly pointed his finger into a sword from afar.

In an instant, the sword shadow stabbed straight through with a "whoosh".

"Bang!"

The moment the two collided, a loud sonic boom sounded.

At the same time, Lin Ran, Li Ba, Xiao Jiu and Li all saw in shock.

The white grid defence was actually dented towards the bottom by Lin Ran's sword thrust.

And it quickly crashed into the back of the Armour Piercing Demon Lizard.

"Get the hell out of here!"

The Armour Piercing Demon Lizard seemed to be enraged, and with a roar, the white defence layer instantly skyrocketed out of thin air.

It actually instantly shattered Lin Ran's sword maneuver.

However, everyone's sharp eyes saw that a shallow mark had clearly been added to the back of the armour piercing demon lizard.

That mark was left by Lin Ran's sword maneuver.

"Not bad!"

Looking at the result, Lin Ran smiled lightly, this white mark was clearly an injury that he had left behind.

Although it was very light, it could at least hurt the other party, which was good news for himself.

"This is your Lancang Sword Technique!"

Suddenly, the smaller armour piercing demon lizard suddenly spoke.

A single word actually froze even Lin Ran.

“How do you know that?”

Lin Ran looked at the other party, ? There was more than a hint of doubt in his eyes, wasn't this Lancang Sword Technique an untold secret of the Sword Immortal Sect?

How come a single Armour Piercing Devil Lizard here actually knew it.

“Humph! The two of us have lived here for nearly a thousand years, how can we not recognize it! What the hell do you want, kid!”

The larger Armour Piercing Demon Lizard opened its mouth to question, its tone obviously becoming a lot softer.

Wonder Doctor Chapter 1910

Seeing the other party's tone soften, seemingly fearing his Lancang Sword Technique, Lin Ran instantly smiled.

“I think the point has been made very clearly, as long as you can hand over this vine flower, you can ask for whatever you need!”

Lin Ran said.

These two armour piercing demon lizards didn't seem to have a fighting temperament, so he naturally didn't want to make things difficult for each other.

Although they were magical beasts, everything had a spiritual nature, and it was not like the other party was some kind of evil magical beast that was unforgivable.

In addition to the relationship between himself and Zhen Yan, there was really no need to push too hard.

And in the end, there was no use at all for them to keep the vine flower, to the point of not how to exchange it for what they needed themselves.

“Human, it's not that we don't want to hand it over, but this thing is really of great use to us too!”

The smaller armour piercing demon lizard said.

“And you're really going to tell them! Since when can they humans be trusted!”

The larger one was busy chiding, clearly not wanting to make this deal with Lin Ran.

“Do we have a choice? One Heavenly Demon Rhino is already hard enough for us in itself, if they still stick around, how can we possibly hold them off!”

The smaller one retorted.

“But!”

The larger one still wanted to say something, but Lin Ran spoke up.

“Did you guys say Heavenly Demon Rhino? A magical beast?”

The Heavenly Devil Rhino was also a magical beast, and liked to live in the mud and swamp, with an unusually fierce and aggressive nature.

But it wouldn't leave its territory on a normal day, so how could it have messed with the armour-piercing devil lizard on this hill?

"What's it to do with you!"

The larger armour-piercing devil lizard said angrily, clearly not believing Lin Ran.

"My brother is a good man, you can totally trust him!"

Suddenly, Little Nine, who was standing at the back, walked over, still holding Lizzy in his hands.

"The same demon stone?"

Seeing Xiao Jiu, at once the two armour-piercing demon lizards froze.

"How come you're beside a human!"

They asked incredulously, the same demon stone was a favourite existence of the demon beasts, so how could it be next to a human.

"Look who he is, you guys!"

Xiao Jiu picked Li up and the fellow was very cooperative, and instantly a fiery flame-coloured mark emerged from the single horn on his forehead.

The mark was very conspicuous and contained an incomparable power, and just one look at their two armour-piercing demon lizards froze.

"Beast King!"

"Beast King!"

The two exclaimed in shock, but gradually they calmed down as well, and they looked at Xiao Jiu and said.

"So what if it's the heir to the Beast King, we're no longer in the Beast King domain!"

For the magical beasts, apart from those sent by Zhen Yan to spy, all other magical beasts that did not live in the Beast King's domain could be seen as not under the management of the Beast King Zhen Yan.

These magical beasts were not responsible for Zhen Yan's life or death, and likewise they would not listen to him.

"I just want to tell you all that even the successor of the Beast King is following his brother, do you still think he is a bad person?"

Xiao Jiu said, before taking out a Flame-flame Scale and rushing at the two Armour-Piercing Devil Lizards.

"And I can tell you guys, this scale was given to me by Uncle Zhen Yan, it's enough to wipe you out!"

“My brother also has it, but he is the one who didn’t strike out at you guys, so you guys should know my brother’s character very well!”

Lin Ran couldn’t help but be stunned at his words, he really didn’t have this scale, when Zhen Yan had given him the item, he had only given him a Flame Stone, not a Flame-flame Scale.

The Flame Scale was something that only Little Nine and Li had.

It was a pity that Lin Ran didn’t really want to use it, although he had experienced dangers before, he hadn’t really gone to the end of the mountain after all.

So it was something he had always kept in his possession.

“What the hell do you guys want!”

Hearing Xiao Jiu’s words, the two Armour Piercing Devil Lizards’ faces could not help but look a few shades more ugly.

They also knew very well in their hearts that the other party possessed the same demon stone at first glance was not an ordinary person, if they really offended the other party, they were afraid that it would be impossible to make this good today.

“My demands have been made very clear!”

Lin Ran said.

“Don’t bully people too much, if you really push it, believe it or not, I’ll just destroy this vine flower! None of you will get it!”

The larger armour piercing demon lizard angrily rebuked.

“If you really wanted to destroy it, you wouldn’t be here talking nonsense! Say exactly how you’ll hand over the Vine Flower!”

Lin Ran chided, the initiative was completely in his hands as things had developed to this point, the other party could only choose to compromise.

The two armour piercing demon lizards were silent at once, they looked at Lin Ran without saying a word, as if they were discussing something.

After a long time, finally the larger armour piercing demon lizard spoke.

“It’s not impossible if you want to exchange, you go and kill that Heavenly Demon Rhino, and in addition find us a Nine Turning Life Renewing Pill! We will then give this to you!”

“Nine-Turn Life Renewing Pill?”

Hearing this name, Lin Ran couldn’t help but be stunned as his face instantly turned gloomy.

“This item is a top grade elixir, if I could get this kind of elixir, why would I come to you guys for this vine flower!”

The Nine Revolutions Life Renewing Pill, that was a top-tier elixir that only an alchemist could refine, and no one in the entire Dan Pavilion was afraid that they could refine it.

If Qin Bing was here, with her medical skills and alchemy there might still be a possibility to take it out, but if he wanted to take out this Ninth Turn Life Renewing Pill, it would be absolutely impossible to do so!

“No then, no need to talk! Go away!”

The larger Heavenly Demon Rhino said in an angry voice.

Lin Ran’s face had turned cold as he listened, he had talked so much but in the end he didn’t expect this result.

“Humans, we have our own problems, so don’t push too hard! Otherwise we will really die!”

The smaller armour-piercing demon rhinoceros said.

“I’m not pushing you guys, it’s you guys who are making the conditions too harsh, this is simply not something I can accomplish!”

Lin Ran said indifferently, he had indeed done his best.

“You!”

The smaller Armour Piercing Demon Lizard was blocked from speaking.

The larger one next to it, on the other hand, was already completely furious.

“Bastard! You try it, I’ll kill you today even if you die by fish!”

Said and he actually grabbed the mandarin flower from the ground with one hand.

Lin Ran was immediately dumbfounded, only to see that at the root of the mandarin flower was a figure only the size of a palm, that figure was no other than an even smaller armour-piercing devil lizard.

“The Heavenly Demon Rhino has beaten my child to death, without the Mandala Flower he would have been dead long ago!”

“And now you want to come and snatch it, fine! Come on! Even if I die today, you won’t be able to get this Vine Flower!”

The Armour Piercing Demon Lizard said angrily.

Lin Ran, however, looked at that figure and already understood what was going on in his heart.

The weak aura of the other party was clearly the soul, and the child of the Armour Piercing Demon Lizard must have become like this because its flesh had been destroyed!

And that murderer was most likely the Heavenly Demon Rhino they were talking about!

“There’s still things to talk about!”

Lin Ran suddenly spoke.

“I can go and kill the Heavenly Demon Rhino and then help you resurrect your son, but as a condition you have to give me the vine flower! How about that!”

Lin Ran said as he looked at the other party.

“What did you say? You can resurrect our child?”

The Armour Piercing Demon Lizard froze at his words.
