## Chapter 1905 I Can Do It

At this time, Mark, Cynthia Chen and others had already entered the elevator.

They naturally did not hear the words of Kong Hui and others.

However, even if they heard it, Mark would not care.

For Mark, Liang Haonan and the others are just passing by in a hurry in life.

Perhaps, after today, Mark will have no intersection with them.

People who meet by chance, why should Mark care about their feelings.

However, Cynthia Chen was not as indifferent as Mark.

After all, Liang Haonan and the others are Cynthia Chen's fellow brothers, and Professor An is still her mentor. Cynthia Chen will still have to get along with them for a long time.

"Brother Mark, I'm sorry."

"My senior sister treated you the way they did before~" After arriving at the residence, Cynthia Chen immediately lowered his head and said to Mark apologetically.

Mark smiled faintly.

"It's also their fault. Why do you apologize?" "Nan Nan, to be honest, I don't think those people are worthy of being your teachers or your classmates."

"If you are willing, I can help you. , Change to another teacher." After Mark sat down, he poured a cup of tea for Cynthia Chen and himself, drinking tea while talking.

Although with Professor An and them, only a short night to get along.

But after a glimpse, I saw Quan Leopard. From what they did tonight, Mark felt that these people had improper conduct and profited only.

Especially the so-called professor, who is a teacher, but does not have the character of a teacher.

For the benefit, he even pushed his students into the fire pit.

Today, if he weren't right there, Mark couldn't imagine what the consequences would be?

However, facing Mark's kindness, Cynthia Chen shook his head.

"Brother Mark, don't you need it?" "The school has school rules, it is by no means that easy to change."

"Since I chose this tutor at the beginning, I should be responsible for my choice."

Even Mark saw it. After it came out, how could Cynthia Chen not see Professor An's misbehavior.

In fact, before that, Cynthia Chen had asked his father to find a way to change her mentor.

However, Noirfork is only Noirfork after all. Huaqing University is located in Gritsberg and is one of the top universities in Vietnam. With Chen Ao's reputation and prestige, it is undoubtedly a mentor candidate who has no ability to influence Cynthia Chen.

Therefore, Chen Ao used almost all of his relationships and contacts, and failed to help Cynthia Chen succeed.

And she and Mark were not close to each other. Cynthia Chen was already grateful for Mark's help so much today. How could she be embarrassed to trouble Mark again?

Moreover, this is not a simple matter.

"Stupid girl, why are you polite with me?" "If you want to change your tutor, just leave it to me."

"In these few days, you should think about it, think of a professor to study under, and tell me before returning home. I will give you this. It's done."

Markfeng said lightly.

"But Brother Mark, my dad used a lot of relationships at the beginning, and the school rejected them on the grounds of school rules."

"I think" "Don't worry, I can do things that your father can't do."

"You just need to pick a mentor."

Mark interrupted her directly.

Although Mark didn't have any contact with Huaqing University, it didn't matter. He didn't. Can Xu Lei still have it?

Xu's family in Gritsberg has a century-old history.

The relationship between this kind of big family and all walks of life in Gritsberg must be intertwined.

For ordinary people, school rules may be an iron rule that cannot be violated, but in Mark's eyes, what are they?

The so-called rules have always been to restrain the weak!

When you have enough power, you can naturally despise all the rules!

## Chapter 1906 Live in the Emperor's Pavilion!

the other side.

After sending off Mark, Abe Zhongnan followed Nakai Hiroichi back to the room.

Abe Zhongnan closed the door, then looked at Nakai Hiroichi.

"Brother Hongyi, who is this Brian Chu?" "Why are you so afraid of him?" "Could it be that he is better than you, than our Abe family?" "You are a master and you are not afraid of bullets. Destroy the gold and break the jade."

"And I give an order, and I can even call thousands of people."

"With our power, who else in this world can make you so afraid?" Thinking of what happened tonight, Abe Zhongnan was suffocating in his heart.

He is the head of the family and the powerful Japanese.

He was called to and fro by a stinky boy who was still stinking.

He has never suffered this humiliation in his life.

If you didn't believe in Nakai Hiroichi, Abe Zhongnan would have raised the table and summoned everyone from the Abe family to give Mark a job, right?

However, listening to Abe Zhongnan's words, Nakai Hiroichi shook his head.

“Zhongnan, you underestimate martial arts, and even the name Brian Chu.”

“Don’t say one hundred people, one thousand people, you can only take out 10,000 people, and you can’t hurt this person at all?” You don’t even know what happened in Japan during this period of time?” “Let’s not know, how terrible the person who stood in front of you before?” Nakai Hiroichi said in a deep voice, but it made Abe Zhongnan’s old face became paler.

“Ten days ago, did you read the news about Mount Fuji?” Nakai Hiroichi continued to ask.

Abe Zhongnan nodded: “I see, isn’t that a normal phenomenon caused by a small earthquake?” “Two days ago, the twin towers near the Skytree were razed to the ground overnight, do you know?” Abe Zhongnan nodded again: “Um, isn’t that the dilapidated building was rebuilt and collapsed by the army’s blast?” Nakai Hiroichi chuckled lightly.

“Zhongnan, you think things are too simple.”

“Ten days ago, the collapse of Mount Fuji was exactly what Brian Chu did!” “Two days ago, under the Skytree, there was a ruin, which was also what Brian Chu did!” “This Vietnam A young man, single-handedly entered the winter capital, and killed ten masters in a row overnight.”

“Even Xue Zhao, the number one strongman in Japan, was defeated.”

“He is the strongest in the sky!” “He is the strongest in Asia!” “He is the evildoer of the world!” “He alone can regret Japan!” Rumbling~ Nakai Hiroshi repeated a few words, just like thunder rolling by, In the heart of Abe Zhongnan, one after another explosion.

Every time he said a word, Abe Zhongnan’s face became pale.

In the end, Abe Zhongnan was horrified?

Dead!

Long dead silence.

The two of them were in the room, silent.

Only the sound of Abe Zhongnan’s air-conditioning continued to sound.

Only at this moment did Abe Zhongnan realize what kind of character he provoked before.

Phew~ Outside the window, there was a cold wind.

I don’t know how long it took, Abe Zhongnan suddenly got up, and then shouted anxiously outside the room.

“Come here, come here!” “Quickly go to the Supreme Pavilion on the ninth floor, please Mr. Chu, enter the tenth floor and live in the Emperor Pavilion!!!” Mom, Mr. Chu is so awesome, and the Supreme Pavilion on the ninth floor is already equipped. Not his identity.

Only the top floor of the hotel, the Imperial Pavilion on the tenth floor, is worthy of Mr. Chu’s residence.
