## Chapter 1909 Mr. Chu Walks Slowly

Just like this, one night will pass quickly.

The next day, Mark got up and rushed to the port.

Yes, this time, he plans to take a cruise back home.

According to Nakai Hiroyuki, there are many people blocking him in major airports. Mark didn't bother to waste time with them, so he chose to take a boat back home.

“Mr. Chu, here are two tickets for the Emperor.”

“This cruise is a private cruise, so you can take it without worry.”

“People of martial arts in other countries will never know that you are on this cruise.”

Hotel In addition, Abe Zhongnan led the crowd to see off, and at the same time handed two tickets to Mark.

Now, the reception is over. Professor An and the others got the investment from the Abe family as they wished. Now that happened, Cynthia Chen naturally chose to go back to Vietnam with Mark. “Well, thank you.”

Mark took the ticket and expressed his gratitude. .

Abe Zhongnan suddenly panicked, and hurriedly replied: “It is my honor to serve Mr. Chu.”

However, when Mark and Cynthia Chen were about to leave, Liang Haonan and others also ran over.

“Hey~” “Nan Nan, wait for us.”

Kong Hui shouted loudly, and soon she arrived beside Mark and the others.

“Nan Nan, I heard that you are going back on a cruise ship?” “Is it the Emperor?” “Is that the top ten luxury cruise ship in the world?” “Nan Nan, you two are also sitting anyway, let us get on board” “The three of Kong Hui looked at Cynthia Chen expectantly.

“This~” Cynthia Chen was suddenly embarrassed.

According to reason, Cynthia Chen should take them with him.

After all, Cynthia Chen has been taken care of by them for a short time.

“It’s just this, I can’t be the master, you still ask my brother Mark?” Cynthia Chen replied softly.

“Nan Nan, she is your boyfriend. If you listen to what you are talking, please help us beg your boyfriend and ask for some tickets for us.”

“We classmates will not help us if we are a classmate. “Kong Hui said to Cynthia Chen in a begging tone.

Liang Haonan and Professor An are also full of expectations, waiting for Cynthia Chen’s answer.

In the end, Cynthia Chen couldn’t save face and looked at Mark: “Brother Mark, I”  
However, before Cynthia Chen finished speaking, Mark refused.

“I like being quiet and don’t want to be disturbed.”

It was obvious that Mark didn’t want to walk with these people.

He didn’t catch a cold to Cynthia Chen and his classmates from the beginning, how could he go with them.

In the end, Kong Hui and others still did not wish to go with Mark on the Emperor cruise ship.

However, in the face of Cynthia Chen, Mark asked Abe Zhongnan to prepare another ticket for Kong Hui and the others.

Although the specifications are not comparable to the Emperor, it can be regarded as a luxury cruise ship.

This cruise ship also traveled to Vietnam at about the same time as the Emperor, but the city it arrived at was different.

“Haha~” “Nannan, thank you very much.”

“When we get back to school, we will personally host a banquet to thank you.”

Kong Hui and the others are quite satisfied with this arrangement.

After all, they are not satisfied with the free luxury cruise line.

In this way, Mark and the others took the vehicle and sent them to the ferry port together, and set off to return to Vietnam.

“Mr. Chu walk slowly?” “I have a chance, come to Japan again~” Outside the hotel, Abe Zhongnan and others waved in Mark’s direction, just like this, full of respect, watching Markli go with.

## Chapter 1910

“Mother~” “This killing god, finally left!” Not far away, on the rooftop of a skyscraper, several people breathed a long sigh of relief.

These people are not others.

It is the man of Japanese martial arts headed by Mochizuki River.

Yes, since Mark left the Sky Tree, the Japanese martial arts people have been following and monitoring Mark in secret.

After all, this guy is a killer.

Only a few days after coming to Japan, he was close to the high-end combat power of Japanese martial arts.

If you don’t leave the embryo for a day, the Japanese martial arts will not be peaceful.

Therefore, Mochizuki has been sending people to follow Mark.

He can feel at ease only by seeing him leave with his own eyes!

Of course, with Mark’s strength, he was naturally aware of Mochizuki’s tracking.

However, Mark was too lazy to bother.

They like to follow, as long as they don’t come to provoke him, Mark will follow them.

“Yeah, I finally sent him away.”

“Abe Zhongnan’s wicked pen, do you welcome him to Japan again?” “His sister again?” “I’ll take him away later!” The genius remembered one second. Vietnamese mx/8/1/z/w.

/ Toyotomi Kawayoshi beside him also let out a long sigh of relief.

In the past few days, the entire Japanese martial arts is undoubtedly in fear of being dominated by Mark.

Now that Mark is gone, they can finally catch their breath.

“Okay, it’s all gone. After so many days of tiredness, it’s time to go back and have a good rest.”

Toyotomi Kawakichi and others are ready to go home.

However, the sword god stopped them.

“It’s too early to relax now.”

“Everything, wait until he really gets on the boat!” Mochizuki River said in a deep voice.

After Toyotomi Kawakichi and others heard it, the corners of their eyes twitched fiercely.

“Yes?” “I have to keep staring again.”

In fact, Mochizuki was completely scared by Mark.

Only by watching Mark leave Japan with his own eyes, Mochizuki River would be truly at ease.

Soon, Mochizuki River and others followed silently.

Outside the hotel, Abe Zhongnan and Nakai Hiroshi, after sending Mark away, the tense string in their hearts finally relaxed completely.

However, just before the two of them hadn’t relaxed for long.

Suddenly, a large number of army-green off-road vehicles drove up and stopped in front of the hotel.

The door opened, and a group of people in military uniform walked towards the hotel.

“Stop, who?” The security guard on duty outside quickly stopped these people of unknown origin.

However, when the security guard saw the epaulette of the man walking in the middle, he was stunned, his old eyes widened.

“Two cherry stars?” “God!” “Is this a lieutenant general?” The lieutenant general, in the army, is a division commander-level existence, commanding hundreds of thousands of troops, absolutely holding hands. The commander of the heavily armed side.

Therefore, the security guard was completely shocked when he saw the rank in front of him.

In this way, this group of people entered the hotel without anyone else.

Finally, I met Abe Zhongnan.

“You are the Patriarch of the Abe family, Mr. Zhongnan, right?” “Please move, our commander, we have something to meet with a man in uniform. After seeing Abe Zhongnan, he said in a deep voice. Abe Zhongnan was taken aback immediately: “Yeah. ?

“Commander, a member of the military?”

“

Abe Zhongnan was suddenly surprised.

He asked himself and rarely interacted with the military.

This is why today, the military suddenly came to look for it.

Moreover, it seems to be a general?

They come suddenly, what will happen?
