

Chapter 191

“You watch Harold’s murder like this?!”

Seeing Harold wielding an axe to chop Charlie, Jacob recovered and roared angrily.

However, the Old Mrs. Willson sitting on the high hall and Noah Willson standing on the steps were not moved at all!

He didn’t even blink his eyelids!

The other relatives of the Willson family also said nothing! As if they had nothing to do with them!

And the Lady Willson, only wants the villa at this time!

Others, of course, eyeing it too.

Sometimes, the older the person, the more greedy!

In ancient times, the older the emperor, the more faint, the more arrogant and extravagant, the older and the bigger he was to build palaces and tombs for himself.

And the older Mrs. Willson is, the older she is, the more she hopes she can live better and enjoy it!

The Lady Willson wanted to live in a better place, die in a better place, and be buried in a better place.

That indicates that in the next life she will have endless glory and wealth!

Therefore, this is why the old people often want to prepare a thick coffin and a gorgeous grave for themselves.

Therefore, for Mrs. Willson, she must grab this \$130 million villa!

Even if Harold really killed Charlie, as long as he can get the villa, it doesn’t matter!

Jacob and Claire raised their heads to look at these people, and their hearts were completely cold.

This is the so-called “blood” relative!

For money, in order to rob the property, they did not hesitate to set up a situation to take it, and even wanted to kill his family!

The eldest brother Noah said unhurriedly, “Second brother, Harold is still a child. He is playing around, why should you take it seriously? Besides, even if he really cut Charlie down, he is not from the Willson family. Right!”

In his opinion, anyway, Charlie is a live-in son-in-law who has no power and no influence, even if Harold chopped him out of his brain, he would lose more money.

That would happen to get both people and money.

That villa is worth 130 million!

And now housing prices are still soaring!

If they grab it, let the Lady Willson live in first, and when the Lady Willson dies, the villa is estimated to be worth at least 200 million!

Two hundred million! Will they all be their own by then?

With so much money, who can resist this temptation?

“I don’t have a big brother like you!!”

Jacob yelled angrily, picked up a mop, and hit Harold fiercely.

Noah Willson frowned, fearing that his son would be beaten, and immediately rushed to stop him.

“It’s really against you, don’t you want to face?”

Before he finished speaking, Jacob hit him with a stick. Fortunately, Noah dodged fast and only hit a stick on his shoulder, grinning in pain.

Seeing that the father, who is usually honest and easy to deal with, was also so angry, Claire hated the ruthlessness of the Willson family and worried about Charlie’s safety.

At this moment, Charlie held the axe blade, looked at Harold, with a hint of ridicule on his face, and whispered: “Harold, I tell you the truth, in fact, in my eyes, you are a waste of money. Not on spot!”

“Charlie, f*ck your mother!”

An anger rushed to Harold’s forehead, “You are a waste of money, how dare you speak to me like this”

Before he finished speaking, Charlie grabbed his wrist directly and broke it back.

Hearing the crisp sound of “pop”, Harold burst out a heart-piercing scream!

The palm of his right hand was actually broken back by Charlie one hundred and eighty degrees, breaking it abruptly!

Harold howled loudly and slumped on the ground with tears.

Chapter 192

Seeing that his grandson was broken by Charlie, Mrs. Willson, who was leisurely watching “Family Law”, was suddenly angry!

She was so angry that she rushed over, slapped Charlie’s face with a slap in the face.

When she slapped her hand into the air, Charlie suddenly turned around and said coldly: “Old thing, you f*cking want to die!”

After speaking, he slapped the Lady Willson’s face, and slapped the Lady Willson’s hind legs a few steps!

At this moment, Charlie’s eyes were extremely cold, and his whole body exuded a murderous aura!

Although the Old Mrs. Willson was slapped in the face, she was so painful that she shuddered involuntarily.

She covered her face and backed away in fright.

The Lady Willson who retreated didn't even dare to look at Charlie. This was the first time she saw him with such terrible eyes.

The Willson family looked stupid!

What the hll! *What the hll!*

This rubbish, even he dared to beat Lady Willson.

However, who can vent their anger for the Lady Willson at this time?

The injured bodyguard has fallen to the ground, and the remaining few, with a look of fear on their faces, do not dare to step forward.

Although the Old Mrs. Willson wanted Charlie's life, she knew at this time that Charlie didn't know where to learn a kung fu, he was so powerful, she couldn't keep him!

Claire could see her heart pounding, her beautiful eyes followed Charlie all the time, her mood was exceptionally strange, and her cheeks couldn't help but feel slightly hot.

It was the first time she discovered that Charlie had such a sturdy and mighty side.

In the past, in Claire's impression, Charlie only felt that he was taciturn, and knew nothing except buying vegetables and cooking.

At this time, Charlie, seeing that no one dared to step forward, he raised his head, glanced at the crowd coldly, and shouted to the two bodyguards who were hiding away: "If you don't open the door now, I will break your neck!"

The two bodyguards frightened their legs and hurriedly opened the door of the house!

Noah said angrily: "Mom, we can't let them go!"

Old Mrs. Willson gritted her teeth, staring at Charlie, and said bitterly: "Let them go!"

"Grandma, how can I let them go like this?" Harold yelled reluctantly, with hatred in his eyes: "He broke my hand, I'm going to chop him!"

Old Mrs. Willson suppressed her anger and said coldly: "Shut up all of you!"

Noah Willson said viciously: "Charlie, you hurt my son and broke my Willson family rules, you will definitely regret it!"

The Old Mrs. Willson said word by word: "From now on, the Jacob family will be removed from the Willson family, and they will no longer be my Willson family's children!"

Jacob raised his head, his head was broken and blood stained on his face.

He said blankly: "Such a Willson family is not rare for me!"

Claire also nodded and said, "Yes! we are not unhappy!"

The Lady Willson gritted her teeth and said: "Claire! You are really the money-losing people of my Willson family! From now on, you have also been removed from the Willson Group! The Willson Group

is now cooperating with the Emgrand Group, and it will surely become a big winner in the future! And you are unfilial Granddaughter, you will have nothing to do with the Willson Group in the future! Get away from us as far away as possible!”

Claire said firmly: “I don’t care about it anymore. Dad, Charlie, let’s go.”

Having said that, Claire and Charlie supported Jacob together, gave the Willson family angry look, turned their heads and left.

She walked out of the door without any nostalgia at all.

Today she saw the true colors of these people clearly!

The so-called relative is not as good as an outsider!

If it weren’t for her parents’ sake, she would have drawn a clear line from the so-called “Willson family”!

Charlie was also extremely cold in his heart.

Old Mrs. Willson, Noah Willson, Harold, three generations are all f*cking idiots!

Do they think, why do they think that you can still cooperate with Emgrand Group?
