

Chapter 191: Not Bad

Initially it hadn't occurred to her at all!

Yet, who would have imagined that the noble, dignified man who could rule everything with a wave of his hand, would enter the bathroom and examine her bra for long?

After hanging the undergarments on a rack in the balcony, Shen Fanxing looked at the bra that Bo Jinchuan had held in his hand earlier on. Suddenly she felt helpless as she hung her head.

How could she face this bra in the future?

"Not bad."

Just as she was feeling glum, Bo Jinchuan's calm voice interrupted.

She whirled around to look at him immediately. Bo Jinchuan's towering figure stood behind her. She stumbled and moved as she glanced at him. "What's not bad?"

Bo Jinchuan looked at the undergarments on the drying rack and quipped calmly, "C cup..."

.

Shen Fanxing's eyes widened and she darted forward to cover his mouth.

"Don't say it!"

Bo Jinchuan's dashing face was composed.

He pulled Shen Fanxing's hand away from his mouth.

His vision landed on her chest and he said in all seriousness, "It's really... not bad."

Shen Fanxing's face reddened like a tomato and her neck, which was hidden by her light blue shirt, reddened too. She flew into a rage out of humiliation and glared at him!

"You are still talking!"

Bo Jinchuan continued calmly, "I'm praising you. I like it very much."

She was speechless...

Shen Fanxing felt as though someone had lit a fire in her head. Blood was boiling and raging inside of her!

Infuriated, she shoved Bo Jinchuan aside and stormed out of the balcony.

She made a beeline for the bathroom to wash her hands. When she came out, Bo Jinchuan was waiting for her at the door.

She inhaled a deep breath. That was close, for she had nearly bumped into him!

"What do you want to do?"

Bo Jinchuan saw that she was wary of him. He frowned before asking, "Are you afraid of me?"

Shen Fanxing paused before adding hastily, "Why should I be afraid of you?"

Bo Jinchuan stared at her silently, as he exposed her lies quietly.

Shen Fanxing muttered awkwardly,

"Who asked you to say that all the time? Don't you feel ashamed..."

Though her voice was low, Bo Jinchuan heard her.

However, seeing how bothered she looked, he remained quiet.

Instead, he handed her his tie.

"Help me."

Shen Fanxing's eyes swept across the black tie he was holding. She took a deep breath before taking it.

There was a flight of stairs near the entrance of the bathroom. Now that she was standing a step above Bo Jinchuan, she didn't have to tiptoe, which made it easier for her.

Bo Jinchuan lowered his gaze and as he gazed at the tip of Shen Fanxing's nose.

"Done."

It didn't take too long. She looked up at the man and asked, "You really don't want to try putting on the tie yourself? If you live alone someday, wouldn't it be inconvenient?"

"I have you."

Shen Fanxing raised an eyebrow and replied, "But I'm not living with you. Are you thinking of driving all the way here to get me to help you every day?"

Bo Jinchuan went silent for a while before he bent to carry Shen Fanxing down the stairs. He said airily, "It's not troublesome."

Looking at his calm face, Shen Fanxing couldn't help but laugh to herself.

In the past, she only knew how alluring and seductive he was. No one could resist him.

She didn't expect him to have his awkward moments.

"Alright, it's time to go to work."

Shen Fanxing said as she stowed her phone inside her bag. She walked to the entrance to put on her shoes.

"I'll send you."

"Okay."

Rejecting him didn't seem to work anyway.

Chapter 192: Public Opinion

Shen Fanxing had a good night's sleep despite that bra incident in the morning, it was nonetheless still a good day for her. On the other hand, the Shen family's day was far from hers.

Jiang Rongrong, Shen Defan and Yang Liwei didn't sleep the whole night.

With the complicated chaos at the anniversary celebration yesterday, how would they be in the mood to sleep?

Other than the senior management, they had also invited their long-time investors, as well as some well-known producers and directors who had worked with the company.

Now, the investors were clamoring to withdraw their investments. And so, the directors and producers couldn't be bothered to listen to their explanation as well.

They were swamped with work now. It wasn't easy for them to appease a few of the investors. At the same time, they had to handle the media who were present last night, in an attempt to seal off all news. But despite their efforts, the news was still published online!

Images and videos were all over forums and websites, especially the photos that had appeared on the screen last night. Everything was uploaded online.

Even though it wasn't very detailed, the conclusion was—

Shen Qianrou interfered in the relationship between her sister and her fiancée. She seduced her future brother-in-law and became the third party. Miss Shen had to sacrifice herself for the Shens but she was blamed for being unfaithful!

Last night at the anniversary celebration, the whole series of events was organized into a summary of what had happened. But there was no mention of what happened after dozens of bodyguards had barged in.

Everyone online was attacking them with criticism.

*[Not only is she a third party who has stolen a man, but she even targeted her sister's man. What a sl*t!]*

[Su Heng isn't a good person either. He has a fiancée but ends up with his future sister-in-law. What a jerk!]

*[Isn't she supposed to be an innocent and dignified lady? I only know that the term 'now shares the same meaning as a b*tch!]*

Of course, there were also Shen Qianrou's loyal fans who were trying their best to defend their idol—

[They're in love so why can't they be together? Love is beyond this world!]

[Don't use morals to confine others. Before you speak, think about whether you're a person with morals!]

[True love above all! Moreover, Qianrou's sister is a vicious woman and no man would like her. Mr Su isn't blind!]

That was how online platforms were like. There would always be two sides attacking each other.

However, it was obvious that the bunch of fans didn't influence the opinions of the public.

In the living room of the Shen family mansion, the lights had been switched on the entire night. Despite that, the atmosphere was heavy and dreary.

Jiang Rongrong, Shen Defan and Yang Liwei sat in the living room for the whole night.

It was only until Jiang Rongrong saw the news of the scandal online, her exhausted face had turned white.

Lan Yun Entertainment was already cash-strapped, but this scandal broke out at this juncture!

With the photos and videos as evidence, Qianrou could not defend herself anymore.

The only solution now was to stop Qianrou from appearing in public.

Jiang Rongrong didn't say anything, but Yang Liwei sobbed loudly.

"Mother, you're not going to give up on Qianrou, are you? She just started a huge production. We have to find a way to protect her. Qianrou is our only hope now..."

Yang Liwei's words succeeded in jolting Jiang Rongrong!

Yes! Qianrou was their only hope! Not only now, but always!

She can't give up on Qianrou so easily.

Chapter 193: What's This?!

Similarly, Shen Qianrou didn't sleep a wink last night.

She had used ice to reduce the swelling caused by Shen Fanxing's slap last night.

But the slap she received from the giant bodyguard last night was still swollen.

Even drinking water hurt.

Images of what happened at the anniversary celebration kept flashing across her mind. Every expression, every word, every word of Shen Fanxing was a trap.

All of them had fallen into her trap.

Every time she thought of this, Shen Qianrou would grit her teeth and tremble violently. Her eyes were bloodshot and she looked like a deranged wolf..

The man from yesterday had an overwhelming presence. The bodyguards he brought were also the cream of the crop. Even his assistant sounded exceedingly arrogant.

If he didn't wield any power or authority, how could he have done everything?

Who did Shen Fanxing hook up with?

She couldn't accept it!

How could she accept that!

Shen Fanxing had been pampered like a princess by the Shen family since she was born.

As for her, she had an unknown father. She was known as the daughter of a mistress and finally she became the granddaughter of the Shen family.

She wanted to enjoy all the treatment and luxury that she had never enjoyed before.

Her eyes darted to her phone again as her knuckles turned white.

Shen Fanxing, did she think she could crush her like that?

Impossible!

...

The Su Corporation wasn't spared from the misfortune either as their shares continued to plummet. The board of directors had demanded an answer from Su Heng.

Cai Jingyi stopped Su Heng from going to the company.

"Mom! Now that something has happened, I really should stand up and do something. Avoiding is not the solution!"

"No! What can you do now? Those shareholders are a pack of hungry wolves. They can't wait to devour you!"

"But..."

Su Heng wanted to say something, but Cai Jingyi interrupted.

"You can't act recklessly now. You need to calm down. Why don't you make a trip to the Shen family to show concern for Qianrou and see how they are going to resolve this matter? They won't leave Qianrou in the lurch. Both of you can't be separated now, so it's better to stand united, don't you agree?"

Su Heng calmed down. His mother was right!

After contemplating for a while, he nodded and said, "Alright, I'll make a trip to the Shen family now."

However, the Shen family was at a loss of what to do as well. When Yang Liwei saw Su Heng, she looked as though she had seen her savior. "Su Heng, Qianrou didn't sleep last night and she refuses to see anyone. Hurry up and visit her..."

She was her precious daughter!

Su Heng nodded with pursed lips. He went upstairs and was about to knock on Shen Qianrou's door when it swung open.

Panic flashed across Shen Qianrou's eyes when she saw Su Heng. She stumbled back subconsciously, and her phone hit the door frame and fell to the ground.

Su Heng cast her a doubtful look before picking up her phone.

When he saw the photo on the screen, his brows furrowed.

Shen Qianrou wanted to snatch it, but seeing Su Heng's reaction, she decided not to.

He stood up and browsed through the photos she had just sent to the media. Then he looked up as his eyes darkened.

"What's this?"

Shen Qianrou looked at Su Heng aggrievedly with her eyes full of tears.

"Brother Heng, I have no choice but to do that. I really have no choice!"

At the same time, a well-known website had just published a few pictures. The controversy online changed direction instantly—

Chapter 194: I Would Rather Not Have the Company

At the same time, a well-known website had just published a few pictures. The controversy online changed direction instantly—

Bo Jinchuan sent Shen Fanxing to the company personally.

Halfway through, she received a call from Xu Qingzhi.

"Hello?"

"Fanxing, are you okay?"

Shen Fanxing frowned and asked Xu Qingzhi, "What happened?"

"You have no idea? Go online quickly! Remember this Shen Fanxing, if you need to beat someone up, count me in!"

It was rare for Xu Qingzhi to be this outraged. Something bad must have happened to her.

Shen Fanxing hung up the call with a heavy expression before she clicked on her phone.

Initially, the discussions were directed at Shen Qianrou regarding the incident that happened at the Shen family's anniversary.

Then, the wind had changed direction.

The headlines were too attention-grabbing—

[After being engaged for eight years, the fiancée of the Su Corporation's CEO cheated on him. Her private life is dirty!]

There were a few photos in the post.

It was obviously taken secretly and the pictures showed Shen Fanxing interacting intimately with different men!

When Shen Fanxing saw the photos, her face darkened and paled instantly.

She was familiar with the photos and the men, and so the authenticity of the photos was apparent.

But those were photos of her drinking and socializing with clients when she was working in the Su Corporation. The clients had taken advantage of her.

With these photos and such an unbearably disgusting headline, Shen Fanxing's image had already hit rock bottom.

But that wasn't all. The content in the post had attacked Shen Fanxing and claimed that she had underground relationships with several of them.

Her grip on her phone tightened.

Thereafter, there was a huge debate online and the direction of public opinion had changed instantly—

[Oh my god, it was indeed Miss Shen who have cheated first!]

[With an outstanding man like Mr Su, she still had an affair. Disgusting!]

[Forget about messing around, but she was involved with so many men! She looks quite decent on the surface, but it turns out she's a promiscuous b*tch!]

[Everyone says she's a capable woman. Tsk, did she achieve that by sleeping with others?]

[Even though Mr Su didn't end up with her, she made such a huge cuckold out of him. It's unfair!]

Shen Fanxing smirked coldly. No wonder Xu Qingzhi was so enraged just now.

The fact that a pampered and well-mannered lady like her could think of hitting someone meant that something had triggered her.

Shen Fanxing found it hilarious.

This was indeed a beautiful comeback!

In that case, what Shen Qianrou had said to her during the anniversary celebration would come in handy now.

She claimed that Su Heng loved her and thus, he had endured and suffered.

When she was with Su Heng, she had struggled. They were the ones who had let her down instead!

But no matter how one looked at it, it seemed as though Shen Fanxing wanted to have a monument erected for her despite being a wh*re.

Even though she was trying her best to suppress her emotions, Bo Jinchuan could sense something amiss.

The car pulled over and his face darkened when he saw the photos and comments.

“Do you need my help?”

Shen Fanxing stowed her phone silently and turned to look at him. “Do you mind?”

Bo Jinchuan frowned and said, “I mind.”

She was speechless...

"I would rather not have the company."

Chapter 195: Shen Qianrou Wanted to Show You

"I would rather not have the company."

Shen Fanxing finally managed a smile as she looked at him, touched by his words.

Even though his words were simple, she understood.

In the past when the Su Corporation had faced bankruptcy, it was her who sacrificed her dignity and slogged her life away to revive the company.

Su Heng did not want the Su Corporation to fall, so she spent all her effort and time on designing new products. Despite being a woman, she socialized and attracted investments for him without a second thought!

But Bo Jinchuan's words would have put an end to everything.

Would he rather give up his company than let her do such a thing?

Why did she have to meet Su Heng before him?

Shen Fanxing shook her head and gave a light sigh..

"You don't have to help me with this. Let them continue criticizing me?"

Bo Jinchuan frowned even more.

Seeing his disapproval, Shen Fanxing grinned.

"Don't worry, I'm someone who will seek revenge!"

Bo Jinchuan relaxed his brows and studied her with interest.

Shen Fanxing pressed on,

"This news has just been released and has yet to reach a certain degree. This is undoubtedly started by Shen Qianrou but my goal is clear! After all these years, she can only use these few matters in my past to attack me. This time, my past will definitely be exposed."

"My mother's sudden departure six years ago left me flustered and lost. I didn't have any defenses up and I lack the ability to prove my innocence. After so many years, what should have faded is almost gone. Anyway, my bad reputation is a fact. She thinks that the incident back then is already over. But how could it be?"

"Since she wants to stir up trouble for me, I might as well use this opportunity to bring up all the things that have happened! Then I can pay her back for every single thing she has done!"

Bo Jinchuan smiled and replied, "You're playing with her."

Shen Fanxing blinked innocently and quipped, "How is this playing? In all seriousness, this is called revenge."

She paused with her eyes shining with determination.

"Moreover, after operating a public relations company all these years, I want to experience what it is like to witness someone falling from grace! I want her to lose everything. I want her to climb to the highest summit before I kick her down harshly!"

Shen Fanxing's tone was cold and unyielding, giving one the chills.

But only Bo Jinchuan was beside her.

Finishing her vow, she snapped back to reality and bit her lips before turning to look at Bo Jinchuan awkwardly.

"Do you think I'm too evil and callous?"

Bo Jinchuan chuckled and said, "I like it. But are you sure you don't need my help?"

Shen Fanxing shook her head firmly and he replied unhappily, "Impossible. If you were bullied, I can't possibly sit back and do nothing."

Shen Fanxing smiled and said,

"You're too ostentatious. Moreover, I'm guessing that the reason she sent those photos was not to clear her name or to smear my reputation only. She wanted you to see everything!"

"Huh?"

"Remember the car smashing incident at New World Shopping Mall? You smashed Su Heng's car and dislocated Lin Feifei's arm. At the event last night, you appeared again to save me. Based on my understanding of her, she can't wait to see me being trampled on by others for the rest of my life. How could she allow someone so outstanding like you to appear by my side? That's why she wants you to see how horrible I am. Once you see that, you'll naturally choose to leave me..."

Chapter 196: You're Not Good At Boot-licking

When she noticed that Bo Jinchuan's mood didn't improve, Shen Fanxing inched closer to him and grinned.

"But how would she know that you're so smart and wouldn't be tricked by her?"

Bo Jinchuan lowered his gaze and replied, "You're not good at boot-licking."

Her way of boot-licking was obviously clumsy and too obvious.

Shen Fanxing's face froze before saying, "I'm not lying either."

"So you're really boot-licking?"

She was speechless...

...

When Shen Fanxing reached her office building, everyone was watching her with conflicted expressions.

Shen Fanxing naturally knew the reason why, but she didn't take it to heart..

As the saying goes, a clear conscience laughs at a false accusation. Shen Qianrou had left her immune to poison after all these years.

Because Xu Qingzhi was worried about her, she had been waiting in Shen Fanxing's office.

Dressed casually, she sat on her chair with a golf club on the desk.

When Shen Fanxing entered the office, she bolted up with a solemn face. She picked up the golf club on the table and stormed towards her.

"You're finally here! Let's go and beat him up!"

Startled by Xu Qingzhi's abruptness, Shen Fanxing didn't know whether to laugh or cry.

"We didn't even find out who it was. Who are you going to hit?"

"Shen Qianrou and Su Heng! Even if you use your toes to think... Anyway, it's definitely not wrong to beat up that scum and the sl*t!"

Shen Fanxing took the club from Xu Qingzhi calmly.

"You can't hit her even if you want to. Everyone in the company is busy working towards our goal of entering the Bo Consortium mall. If you go out and fight them, everyone's hard work and energy will be wasted!"

"Then what are you going to do? Let it continue?"

Shen Fanxing walked to her chair and sat down. With an ambiguous smile, she glanced at Xu Qingzhi and said, "If I let this continue, will you beat me up first?"

Xu Qingzhi didn't utter a word. Her eyes shifted to the golf club that Shen Fanxing had taken away!

The answer was obvious!

Shen Fanxing kept the smile on her face for a while before it faded gradually. Her face darkened.

"Qingzhi, Shen Qianrou will not have the last laugh!"

Xu Qingzhi studied her quietly.

"What do you plan to do?"

Shen Fanxing smirked and replied, "Take care of the company first. Then let's blow that matter up."

"What do you mean?"

"Qingzhi, Shen Qianrou did this to save herself. But it's different for the Su Corporation. Although the Su Corporation's stock price has stabilized, it's still difficult for them to enter the mall..."

Xu Qingzhi's eyelids twitched and she silently settled on the chair opposite Shen Fanxing.

The look of anticipation on her face was a signal for Shen Fanxing to continue!

"For the Su Corporation to have its current glory, I can honestly say that it is my efforts which have made them successful. Those photos online... Ha, it can only prove that the Su Corporation relied on me to revive them! And those few investors who were exposed, will inevitably be furious and most will eventually withdraw their investment."

"What's more in those photos, their biggest investor in the Su Corporation who supported the entire company was caught as well. He and his wife are deeply in love. In the capital city, everyone knows that he dotes on his wife dearly and hates anyone sowing discord between them!"

Shen Fanxing paused before enunciating each word clearly.

"Not even a little... Moreover, it will be the birthday of the Old Master soon..."

Xu Qingzhi slapped the table excitedly and said, "Fanxing, Fanxing..."

Her eyes shone as she called Shen Fanxing, who was beaming.

"I'll think of a way to snatch their investment from the Su Corporation!"

Chapter 197: Suffered an Internal Injury

Xu Qingzhi stood up excitedly and scurried to Shen Fanxing. She wrapped her arms around her neck and planted two kisses forcibly on her face.

"Fanxing, you're so cool! I love you so much!"

Shen Fanxing shut her eyes and smiled helplessly. "So you've never loved me before today?"

"No, I still love you as I always do."

"What sweet words."

"I mean it!" exclaimed Xu Qingzhi excitedly as she sat on the armrest beside Shen Fanxing. She placed her hand on her shoulder.

"Our main competitor currently is the Su Corporation. I thought that after the scandal this morning, their competitiveness would be greatly reduced. I didn't expect them to create such a scene..."

Xu Qingzhi paused and scrutinized Shen Fanxing worriedly. She continued apologetically, "Do we really have to let them continue humiliating you like this?"

Shen Fanxing patted her hand and replied, "It's fine. If one's reputation is lost, one must retrieve it back twice as much!"

Xu Qingzhi lowered her head to look at her before shaking her head. "Fanxing, you've really changed..."

Shen Fanxing smiled but she didn't respond.

Changed?

She had never been the type to submit herself meekly...

“Come to think of it, do you have the confidence to snatch the Su Corporation’s investment over to us? After all, you’re the woman in the photo. That man’s wife might bear a grudge against you...”

Amusement danced in Shen Fanxing’s eyes and her voice was strangely calm but confident.

“No, she won’t.”

Seeing how reliable Shen Fanxing was, Xu Qingzhi heaved a sigh of relief.

She had always trusted Shen Fanxing!

Sometimes, seeing Shen Fanxing would give her a greater sense of security than seeing a huge and strong man. Everything would be solved as long as she was around!

Su Heng was indeed blind to have let go of such a wonderful woman!

“Let’s go! I’ll treat you to coffee!”

She heaved a sigh of relief quietly. All of their success was because of darling Fanxing and she wanted to reward her.

Shen Fanxing looked at the time. It had barely been half an hour since she reached the office and now, she was going out again?

“It’s time to start work...”

“It’s okay! I’ll account for your absence!”

She was speechless...

When Shen Fanxing and Xu Qingzhi reached the ground level, Yu Song was on the phone in the lobby.

He was supposed to drive Miss Shen’s car here when Master called.

“Yes, I got it. I’ll take note and I won’t interfere. Master...”

“Don’t speak first.”

Before Yu Song finished speaking, Bo Jinchuan interrupted coldly, causing him to clam up instantly.

He thought that Master had something to say to him. But after waiting for some time, he didn’t utter a word.

What was going on?

Just as he was feeling confused, he saw Shen Fanxing walking towards him with another woman who was dressed in white.

The two women didn’t show much emotion on their faces. Nonetheless, it wasn’t hard to tell that they were quite happy as they chatted.

Yu Song suddenly felt as though he had suffered a severe internal injury.

Did he have to be that sensitive?

How could Master hear Miss Shen's voice from the phone?!

He don't want to stay by Master's side anymore. If this continued, he might never be able to escape the fate of being single forever.

With Master in this state, how would he even have the courage to pursue a woman?

Shen Fanxing and Xu Qingzhi got closer to Yu Song and their conversation became clearer...

Chapter 198: Mr Bo's Love Rival

Shen Fanxing and Xu Qingzhi got closer to Yu Song and their conversation became clearer...

"Fanxing, since you've just broken up and you're still single right now, why don't you consider me? Let's be together! You're practically my lucky star. I'll be happy to marry you!"

Yu Song stood rooted to the ground, his face revealed a swirling plethora of emotions as he stared at the two women.

Shen Fanxing chuckled softly and quipped, "Can you bear my child?"

"If you want it, sure. We can do artificial insemination. If you want to, I'm fine with it as well! Women don't have to worry about their biological child, right? Unlike men, who have to worry if the baby is truly his even after sowing the seed! Men are indeed troublemakers!"

Yu Song's lips twitched!

Men...

Troublemakers...

The corners of Yu Song's lips twitched again...

But that woman sounded logical...

All he felt was coldness surrounding him..

The coldness emitted from the other end of the phone was enough to freeze his phone into an icicle.

Shen Fanxing burst out laughing at Xu Qingzhi's words.

Nodding in amusement, she chimed in, "Indeed."

Crack! Yu Song gave a cold shiver. He could hear the sound of a pen being snapped!

Yu Song used his hand to wipe his face.

Oh no, what should he do?

Actually he had to sympathize with Master. He had only been in love for a few days and now, a love rival had appeared.

So what if a love rival appeared? Moreover, she was a woman!

Master had indeed stood out from the others. Even his love rival was unique!

“Secretary Yu?”

Shen Fanxing sensed someone staring at her and she turned her head. That was when she spotted Yu Song.

Yu Song pursed his lips, unsure if he should stow the phone away or continue with the call.

In the end, he decided not to hang up the call and put his phone in his pocket.

Then, he nodded at Shen Fanxing and walked up to her. He passed her the car key.

“I was worried you’ll need the car for work. So I drove it over.”

“Oh, thank you!”

“You’re welcome!” replied Yu Song as his vision swept past Xu Qingzhi. Xu Qingzhi gave him a cold stare before he nodded at her politely. He turned to Shen Fanxing once again.

“I shall not disturb you then. Have a good day!”

“Sure.”

Relying on his long legs, Yu Song took quick strides out of the building. After a long distance, he retrieved his phone from his pocket.

“Master?”

He was speechless...

There was no response!

Yu Song looked at his phone. Alright, the call had ended.

Thereafter, Yu Song promptly acted and got someone to investigate the woman who was with Shen Fanxing.

...

After Yu Song left, Xu Qingzhi asked, “Who is he?”

“Oh, he is my friend’s assistant... I drank a little yesterday, so I didn’t drive my car back. He came to return my car today...”

“A friend?” Xu Qingzhi looked suspicious.

“Yeah...”

Shen Fanxing nodded a little.

She wasn’t prepared to introduce Bo Jinchuan to anyone officially.

In the cafe, Shen Fanxing received strange looks.

Regarding the scandal, Shen Qianrou held the upper hand so far. That was why her fans were all gloating and mocking her.

So far, there haven't been any personal attacks.

She was used to receiving such looks six years ago.

Just then, her phone rang.

Chapter 199: Why Are You So Mischievous Now?

Just then, her phone rang suddenly.

Shen Fanxing took a glance and she stopped drinking her coffee abruptly. She quickly placed the cup down and picked up her phone.

"Hello!"

His voice was low and gloomy, and resonated like a drum!

"Yes..." answered Shen Fanxing airily.

"What did you say?! How is everyone slandering you online right now? You're still saying yes? Aren't you as popular as an A-list celebrity now!"

Shen Fanxing took a deep breath and asked solemnly, "Where's your assistant?"

"Why are you looking for him?"

"Give him your phone now. If he's not by your side, I'll hang up now and call him myself!"

He was speechless...

.

It was a long time before a voice answered, that sounded as if he was going to cry. "Sister Xing."

"Confiscate all the electronic devices around Chu Yi."

"I've kept all of them, Sister Xing. Are you okay? I saw the criticism online and it's getting bad. I think many people have dug up everything that happened to you many years ago. They're pretty vicious..."

Shen Fanxing smirked and asked, "They dug it out so quickly?"

"Huh?" Little Zhao was taken aback. Why did Sister Xing sound rather happy to hear that?

"It's fine! Tell Chu Yi to calm down. He has just returned to the country, and remind him that there isn't complete freedom of speech online. Keep a close eye on him, especially on social platforms like Weibo, which is too explosive!"

"Don't worry, I've already changed his Weibo password."

Shen Fanxing smiled, as her long fingers held the spoon once more. She stirred the coffee slowly.

She went silent for a while, seemingly pondering something. Her starry eyes stared at the coffee that was being stirred, as though she was looking into the depths of the little whirlpool. Her expression was deep, and she looked pensive and wise.

“Little Zhao...”

After a long while, she spoke again. Xu Qingzhi, who was drinking coffee opposite her, lifted her eyelids and looked at her.

Studying Shen Fanxing, she could detect a hint of evilness.

Was this... really her Fanxing?

What had happened all these years?

She stared at her doubtfully as she calmly placed her cup down.

Shen Fanxing had quipped calmly, “Inform Chu Yi that he can start taking photos for the endorsement tomorrow.”

Xu Qingzhi frowned suddenly at her.

Shen Fanxing let go of the spoon as it fell against the cup. She looked at her watch on her wrist and raised an eyebrow. “The news of Chu Yi endorsing Zhi Qin Cosmetics... Hmm... the news will be released online at noon. Emphasize this; the exclusive endorsement will commence filming tomorrow afternoon.”

“Okay...” answered Little Zhao, who couldn’t react properly.

Anyway, Chu Yi’s manager was Sister Xing now.

Initially, he didn’t think highly of her. It was only later that he realized that she was the only one, who could restrain and tame their wild and unruly best actor!

As long as his big boss didn’t lose his temper nor create trouble, he was willing to respect her as though she was his ancestor.

After hanging up, Shen Fanxing set her phone aside and took a sip of the coffee. It tasted really mellow.

Xu Qingzhi leaned back in her chair and grinned at her. “Why did you make a decision so suddenly?”

“Don’t you think that it’s the right time to announce it?”

Xu Qingzhi contemplated for a while and grinned again. “Why are you so mischievous now?”

Shen Fanxing could not help but ask, “How am I mischievous?”

Did this adjective suit her?

Chapter 200: I Posted Those Photos

Xu Qingzhi glared at her and hissed, "You're not mischievous! But you chose to announce the news at noon!"

Shen Fanxing smiled, shrugged her shoulders and said nothing.

...

At the Shen residence...

Su Heng stared at the photo on Shen Qianrou's phone. His expression was ugly and his eyes glinted dangerously.

Shen Qianrou had never seen Su Heng look at her like that.

She hurried to hug Su Heng's arm and pulled him into her bedroom.

"Brother Heng, I really have no choice..."

Shen Qianrou hugged Su Heng tightly and sobbed pitifully.

.

"It's Sister... Sister went overboard last night..."

Something flashed across Su Heng's eyes. Fanxing had indeed gone overboard last night.

She didn't care about the Shen and Su families' reputation and embarrassed both him and Qianrou.

Although he was the one who had let her down. Despite that, he didn't blame her!

After all, everything she said last night was the truth.

In that situation, Director Jiang was trying to push her luck as well.

Seeing Su Heng's hesitation, Shen Qianrou continued expounded,

"Brother Heng, I'm a celebrity and Lan Yun Entertainment needs my support. Grandma has placed all her hopes on me. If this fiasco continues, I will be banned from acting and Lan Yun Entertainment will be finished. Moreover, the Su Corporation will definitely be affected! Sister is not a public figure after all, so the scandal will be suppressed sooner or later. It's just a matter of time. After this period of time, Sister's life will get back on track, right?"

"Brother Heng, I'm also thinking about the big picture. Yes, you might think that I'm selfish. But if I'm magnanimous now, my life will be over. And including the Shen and the Su family, you and me..."

Su Heng's eyelashes trembled as he stared at the photo in his hand. His gaze was swirling with complicated emotions.

He returned the phone to Shen Qianrou and pushed her out of his arms.

He marched towards the door.

"Brother Heng, where are you going?"

Panic gripped Shen Qianrou as she scuttled after him.

"I have something to attend to. You should get some rest."

Shen Qianrou bit her lips as her face paled. She watched Su Heng leave, and her face darkened.

...

The sky was gloomy and dark. The spring breeze wasn't piercingly cold but it was cooling.

Just as Shen Fanxing and Xu Qingzhi had reached the building, her phone rang.

Taking out her phone, she saw the name on the screen and the smile on her face was wiped off. Coldness had replaced it .

After looking at her phone for a while, she decided to pick up the call.

"What's the matter?"

"Fanxing... where are you now? I... I want to meet you."

"But I don't want to see you."

Just as the words left Shen Fanxing's lips, a black car stopped beside her.

The car window rolled down.

Su Heng turned and faced her. He called out, "Fanxing..."

"Su Heng, you..."

Xu Qingzhi wanted to say something but Shen Fanxing interjected, "Go up first. I'll be fine..."

Xu Qingzhi paused before she compromised, "Be careful then!"

"Okay."

...

The weather was getting gloomier and the spring breeze ruffled Shen Fanxing's silk shirt. The fabric fluttered around her beautifully.

Su Heng gazed at her before he threw his phone aside. He said to Shen Fanxing,

"Get in the car..."

Shen Fanxing took a step back and asked coldly, "What do you want to say to me?"

Seeing that Shen Fanxing had no intention of getting into the car, Su Heng got out of the car instead. He took out a check and passed it to her.

She lowered her gaze to Su Heng's hand and gave a cold sneer. "What do you mean by this?"

He looked at her with a complicated expression and muttered, "I'm here to apologize. Those photos online... were posted by me..."

Shen Fanxing paused before snorting lightly, "You posted those photos?"
