

Chapter 1911– 1912 of A Dish Best Served Cold Novel

Chapter 1911 Want to be hard?

Dongjing.

Abe Zhongnan, accompanied by Nakai Hiroichi, was led into a room.

In the room, only two people were sitting.

One of them, dressed in a suit, was quiet and silent, sitting there with a calm and unobtrusive breath.

The other was dressed in military uniform and carried two cherry stars on his shoulders.

At the moment Abe Zhongnan walked in, the man in the uniform cast his gaze.

The moment he looked over, Abe Zhongnan felt that a wave of oppression quietly emerged.

This kind of aura and oppression can only be possessed by a general with 100,000 troops.

Otherwise, how could he hold the hundreds of thousands of soldiers.

“Mr. Zhongnan, take the liberty to interrupt, and please forgive me.”

“Sit down first.”

The man in uniform stretched out his hand and signaled Abe Zhongnan to take a seat.

“Excuse me, are you?” Abe Zhongnan was curious about the identity of the other party, and asked about the name of the person in front of him.

However, the man in uniform chuckled, “It doesn’t matter who I am.”

“You only need to know that I am a soldier for Japan.”

“Well, time is running out, so I won’t follow. Your Excellency is going in circles.”

“According to the intelligence, a man named Brian Chu stayed here last night?” Hearing this, Abe Zhongnan was shocked: “Well, how did you know?” The man in uniform He chuckled, did not answer, and continued: “I don’t just know this, I also know that you just sent him away.”

Abe Zhongnan’s expression gradually became dignified, he didn’t know, the general in front of him, what did he say about this? meaning.

“What I said is all right?” The man in uniform asked again.

Abe Zhongnan replied in a deep voice: “So what?” “It was my private reception last night. It shouldn’t matter who you banquet.”

“Your Excellency cares about Mr. Chu so much and you don’t know why?” Abe Zhongnan asked back. Tao.

“This, you don’t need to worry about it.”

“Today, we are looking for you because we need your help.”

“Tell us the route of Brian Chu’s return to Vietnam, what kind of transportation to take, and the specific time and place.”

“In short. , You know, tell us everything.”

The man in uniform said slowly, his low tone, like an order, made Abe Zhongnan frowned.

But soon, Abe Zhongnan smiled.

“I’m afraid you are joking?” “You and I don’t know each other, why should I tell you this?” “What’s more, Mr. Chu is my friend. I have promised him that he will not reveal his whereabouts.”

So, if your trip is for these, please go back.” After speaking, Abe Zhongnan got up and walked outside.

Although, this person is a general.

But, so what?

The army is all external. Even if this man holds a heavy army, Abe Zhongnan still doesn’t believe it. Could he dare to use the army to attack his Abe family?

Besides, their Abe family has a bright eye in Japan, why should they be afraid of him?

However, as soon as Abe Zhongnan walked to the door, he was stopped by two sentries outside the door.

Abe Zhongnan suddenly frowned, twisted him, and said coldly to the man: "Your Excellency, what does this mean?" "Could it be that you want to be hard? The man in uniform smiled lightly: "Mr. Zhongnan, I don't want this either.

"But it's important, so please cooperate."

"What if I don't cooperate?"

"Abe Zhongnan insisted. "Then don't blame us, use some means to let the husband cooperate."

"The man in uniform said slowly. At the moment his words fell, a few special forces rushed in outside the door. It seemed that they wanted to forcibly take Abe Zhongnan away.

Chapter 1912

Boom~ However, these people just walked away from Abe Zhongnan ten feet away, and they only exploded with their breath. After the bang, these people were all shocked out.

The doors and windows in front of them were directly smashed by the bodies of these people.

Phew~ Outside the window, a strong wind passed by, blowing up Nakai Hiroichi's sleeves.

"Haha~" "It seems that your method is not very good?" Abe Zhongnan laughed, then turned his head and continued to walk outside.

The reason why he was so calm when facing a general with a heavy hand was undoubtedly because Hiroichi Nakai was by his side.

There is Nakai Hiroichi to protect him, unless he is surrounded by heavy soldiers, otherwise, with a few soldiers with guns, he can't stop him at all.

"Oh?" "Really?" However, just as Abe Zhongnan and Nakai Hiroshi walked to the door, a faint laughter sounded quietly from behind them.

The next moment, Nakai Hiroichi resolutely felt that his legs could not move, as if filled with lead water.

The huge oppression made it difficult for Nakai Hiroshi to move an inch.

This is true even for him, let alone Abe Zhongnan.

Almost instantly, Abe Zhongnan was crushed to his knees and shouted in pain: “Help me~” But Nakai Hiroichi was too busy to take care of himself, how could he care for him?

Under the tremendous pressure, Nakai Hiroshi turned around and looked at the sound source.

I saw that the man in the suit who had been unknown a moment ago got up and walked over without knowing when.

With an inexplicable smile on his mouth, he quickly arrived in front of Nakai Hiroichi.

He raised his hand and patted Nakai Hiroichi on the shoulder.

At the moment when he raised his arm, Nakai Hiroichi resolutely discovered that on the back of the left hand of the man in front of him, there was a picture of floating clouds and blazing sun.

At the moment when he saw this pattern, Hiroichi Nakai was stagnant, and his pupils suddenly shrank.

// / “This is the Yunyang pattern?!!!” “Or the golden pattern?” “Are you from Truman?”
Boom~ It’s like thunder exploded in my mind.

Nakai Hiroichi was completely shocked.

Floating clouds and blazing sun patterns are the symbol of Chumen members.

And the golden pattern, more representative of the person in front of him, is a core member of Truman, a person of absolute status and respect.

For many years, since the abortion of Truman’s plan to dominate the world, the top leaders of Truman have rarely appeared.

For the first time in so many years, Nakai Hiroichi has come into contact with the top of Truman.

God!

What happened to Japan recently?

First came Brian Chu, who killed embryos, but now, even the top leaders of Chumen have come to Japan?

No, Brian Chu?

Chu, is there a connection between Brian Chu and Chu Men?

Thinking of this, Nakai Hiroichi was even more alarmed.

He was afraid of himself and got involved in the struggle of Truman.

Trumen, but the number one martial arts power in the world, among them, there are a bunch of “fairies” sitting there.

If he is involved in such a wealthy dispute, Nakai Hiroichi will have ten lives, which is not enough to play.

“Mr. Zhongnan, now, don’t you say it, or don’t you?” The low laughter of the man in uniform sounded again.

“You dream!” “Brother Hongyi, save me~” Abe Zhongnan was a bit arrogant, and he still couldn’t follow it at this moment.

“Zhongnan, tell them.”

“Quick!” But Nakai Hiroichi was obviously persuaded, urging Abe Zhongnan with an iron face.

Save you?

Save you ass?

Not to mention, we both have to die!

Nakai Hiroshi was frightened and cursed secretly in his heart.
