

Wonder Doctor Chapter 1911

“I can try!”

Lin Ran said, he had seen some ways to revive magical beasts when he was previously flipping through the Sword Immortal Sect’s tomes.

Especially this kind of magical beast whose soul was still alive, but whose flesh had only been destroyed, but the method was very slow and would take a long time to see results.

“You really have a way? How can we trust you!”

The armour piercing demon lizard looked at Lin Ran and asked.

Lin Ran smiled and thought about it and said.

“There’s no way I can guarantee you guys this, but a solution is better than nothing, do you still want your child to be a soul body forever?”

“Since you guys know about the Lancang Sword Technique you should know about the existence of the Sword Immortal Sect, and this method of mine is exactly what I saw at the Sword Immortal Sect! Why aren’t you all willing to give it a try!”

Lin Ran said.

“Try? Then try with my child’s life? You really have the guts to say that!”

“How will you know if it works or not if you don’t try, do you want your child to remain in a soul state forever?”

Lin Ran retorted.

“And even the trailing flowers will always wither, with your strength, can you not keep finding divine sense type herbs?”

Lin Ran’s words instantly silenced both of the two armour piercing demon lizards.

Indeed, what Lin Ran said was true, and what they feared most in their hearts was also the withering of the vine flowers.

Precious herbs were already scarce, let alone those of the divine sense type, which were almost always unobtainable.

Otherwise, Tianxuanzi would not have held the location map and not come to pick it, because it would take a long time to pick one of these things and grow it again!

The two Armour Piercing Devil Lizards were both silent, and they didn’t speak either, as if they were communicating.

Lin Ran didn’t hurry when he saw this, and waited patiently, as he was confident that the two Armour Piercing Demon Lizards would say yes!

Sure enough, just a few moments later, one of the larger Armour Piercing Demon Lizards spoke up.

“Human, you’d better not lie to us, or you won’t be able to get this vine flower!”

“Naturally!”

Lin Ran laughed, the other party was clearly agreeing to this!

“Tell me the address!”

Lin Ran asked directly without any nonsense.

“Go east, there’s a swamp, the Heavenly Demon Rhino is there!”

The other party said.

Lin Ran smiled and didn’t say anything, turned around and greeted him, then rushed towards the place where the Heavenly Demon Rhino was.

The Armour Piercing Devil Lizard said that the place was not far away, and Lin Ran and the others soon saw a large swampy area.

However, the swamp was there, but it would still take some effort to find the Heavenly Demon Rhino.

“Boss! This Heavenly Demon Rhino is said to be fierce in nature, are you sure?”

Li Ba asked as he followed beside him.

If he could become the enemy of the Armour Piercing Devil Lizard, this Heavenly Devil Rhino was not easy to mess with.

“It’s alright, this Heavenly Devil Rhino is afraid that it is also at the strength of the Three Dao Realm, although I am a little bit less powerful, but it is good that I have a powerful attack, when the time comes, it won’t hurt if you take the front!”

“I....”

Li Ba was speechless, Lin Ran was using him as a meat shield.

But thinking about it, he was the only one who was strong here, so no one could find help if they didn’t ask him.

As the group spoke, they had already entered the swamp.

Lin Ran and Li Ba were both cultivators, so they were not affected by bringing Xiao Jiu and Li with them.

The crowd hovered in mid-air, constantly searching the swamp.

After just a while, the group spotted the Heavenly Demon Rhino.

“Brother, it’s up ahead!”

Little Nine spoke up, she was the most sensitive to the scent of demonic beasts as a fellow demon stone.

Lin Ran nodded, and immediately led the crowd and touched over.

Right in the middle of the swamp, there was a very large amount of dead wood slanted into the ground, none of it was rotten because it was not old enough.

Lin Ran and the others passed through a large forest of dead wood and soon a large pool of silt appeared in front of them.

The mud pond was filled with murky mud and water, and a head was poking out of the mud and water, leaning against the bank next to it.

The head was the size of a truck's head, and it had a sharp horn on it, which looked very frightening.

"That's it!"

Lin Ran's eyes lit up with joy when he saw the Heavenly Demon Rhino, but he didn't make a move immediately just to be on the safe side.

Instead, he led Li Ba and the others to retreat first!

"What did Boss say?"

Li Baba came forward and busily asked.

"This Heavenly Demon Rhino is violent and will definitely go crazy later, I'll set up a formation first so that he doesn't run away later!"

Lin Ran said as he had already flipped out several jade talismans before flinging them towards the surroundings of the sludge pond.

"Alright! Prepare to do it!"

Lin Ran received, while busily putting Xiao Jiu and Li into scroll space!

He then exchanged a glance with Li Ba, and the two of them rushed straight towards where the Heavenly Demon Rhino was.

The Heavenly Demon Rhino was originally resting in a pool of silt when suddenly two huge eyes snapped open, followed by a white light rushing up into the sky around them, but the formation had already been activated.

"Roar!"

Sensing the threat, the entire Heavenly Demon Rhino poked out of the muddy pool.

Only then did Lin Ran and Li Ba see just how huge this thing really was!

The head of a truck head was fully revealed, and a body nearly ten metres long was actually following behind it.

The sturdy limbs were so thick that Lin Ran couldn't help but stare.

This was not a magical beast, it was clearly a small mountain!

"Boss, he's moving!"

Li Ba was busy reminding him, and Lin Ran looked back to find that the Heavenly Demon Rhino had actually charged towards him.

This kind of magical beast had a very strong sense of territory, and when it found out that someone had invaded and had set up a formation, it was instantly enraged.

“Do it!”

Lin Ran didn't say anything, he greeted and the Frost Condensation Sword in his hand was already taken out with a flip of his hand.

“Go!”

Lin Ran bellowed, and in an instant, a full three sword rays were already heading straight for the Heavenly Demon Rhino, each one being the essence of the first stance of the Lancang Sword Technique.

“Arise!”

Seeing this, Li Ba didn't say anything and raised his hands violently, instantly the same three sword shadows rose up to the sky, only his sword light was red, burning with fire flames all over its body was very racy.

“Bang Bang Bang!”

The next moment, almost instantly, the two men's attacks had collided with the Heavenly Demon Rhino.

The Heavenly Demon Rhino's defence was also very strong, but compared to the Armour Piercing Demon Lizard, it was quite inferior.

The two of them landed a total of six sword strokes, instantly opening up six slashes on this creature's body.

It was drenched in blood.

“Roar!”

The Heavenly Demon Rhino instantly raged, and the single horn on top of its head flashed red, following which the wounds on its body actually healed out of thin air!

“What a powerful life force!”

Lin Ran was taken aback, this Heavenly Demon Rhino's life recovery speed was actually not much worse than even his own original Healing Dao Dao Seed.

“Boss, no! This fellow's life force is too strong!”

Li Ba also noticed that something was wrong and was busy saying at the side.

“Don't worry, look around! This guy must have his own weaknesses too!”

Lin Ran said.

At the same time, he was busy pulling away from the Heavenly Demon Rhino and carefully observing the fellow.

Only to see that the wound that the two of them had caused together earlier had actually healed completely, not even a trace of it could be seen.

However, Lin Ran soon discovered a problem.

At the location of this creature's neck, there was actually a very abnormal crease.

"Look on its neck, that's a scar!"

Lin Ran was busy reminding.

Wonder Doctor Chapter 1912

Li Ba heard the words and looked at it, and when he did, he was stunned.

In between, at the neck of the Heavenly Demon Rhino, there was really a wound.

It was just that the wound had already stuttered and did not look obvious.

But that piece of skin was very different from other places, and it looked like it had been wounded before.

"Boss, this wound doesn't look right, why is it so big!"

Li Ba said.

The wound at the neck of the Heavenly Demon Rhino's erect neck looked very large and long indeed.

It looked like it had been wounded by some sharp blade.

"It should be an armour piercing demon lizard!"

Lin Ran suddenly said.

"An armour-piercing devil lizard?"

Li Ba was stunned at his words, but then he also reacted.

The Armour-Piercing Demon Lizard and this Heavenly Demon Rhino were afraid that they hadn't fought much, as could be seen from the fact that they weren't far apart.

The Heavenly Demon Rhino had injured someone's child like that, this was already a blood feud!

"There's an old wound in that place, let's attack him there directly and rip his wound open again!"

Lin Ran said.

"Good!"

Li Ba was busy nodding his head.

Although their previous attacks had also left wounds, they had healed in the blink of an eye.

Only the wound on the neck of the Heavenly Demon Rhino was scarred, so it was obvious that this should be the place where it died.

And even if it wasn't, it was at least the place where he was most severely injured.

After a moment's consideration, both of them struck out at the same time towards the Heavenly Demon Rhino.

In the blink of an eye, the two of them had already created several sword maces.

All of them slashed towards the neck of the Heavenly Demon Rhino.

The Heavenly Demon Rhinoceros was already a bit furious after being injured by the two of them, so when it saw this, it roared to the heavens and immediately raised its huge front hooves and slapped towards the sword maneuvers.

"Bang Bang!"

Two of the sword mangles were badly positioned and were almost instantly slapped by the Heavenly Demon Rhino's front hooves, bursting into pieces.

However, fortunately, the two of them had slashed out six sword maces, and the remaining four were still accurate enough to slash at the neck of the Heavenly Demon Rhino.

"Poof!"

Almost instantly, the wound on the neck of the Heavenly Demon Rhino was reopened.

"Roar!"

As soon as the wound was slashed open, the Heavenly Demon Rhino's eyes instantly turned red.

The aura of his entire body also instantly skyrocketed several times.

"It's over boss, this guy is about to go on a rampage!"

Li Ba saw this and quickly said.

"Hold it back, don't let him charge up, or we won't even be able to resist!"

Lin Ran said busily.

The most terrifying thing about the Heavenly Demon Rhino was its desperate onslaught.

The thing was tonnage heavy, and its single horn in front was like a sharp pillar, so if they let him bring his speed up, it would be almost impossible for the two of them to leave it behind.

"Good!"

Seeing this, Li Ba also knew the seriousness of the matter and immediately his whole body burst into flames, instantly a circle of fire flames directly enveloped all around the Heavenly Demon Rhino to prevent it from running back and forth.

Lin Ran also did not dare to be slow, and with a shake of the Frost Condensation Sword in his hand, several sword rays instantly killed the Heavenly Demon Rhino once again.

"Pffff!"

Although the wounds continued to expand the eyes of the Heavenly Demon Rhino were getting redder and redder.

It was faintly agitated, surrounded by countless fire flames, but the creature still started to run around.

It seemed to feel that its life was being threatened.

“Li Ba stopped him!”

Lin Ran shouted as he saw this.

Li Ba did not dare to slow down either, and immediately manipulated the flames to continue narrowing the range.

However, after two more sword slashes from Lin Ran, the Heavenly Demon Rhino finally went completely mad.

A huge gaping hole had opened up at its neck, and blood was flowing downwards like money.

However, this guy was so big that this amount of blood had no effect on him at all.

“The boss can’t make it, this guy has gone completely crazy!”

Li Ba shouted busily, only to see that at this moment the Heavenly Demon Rhino had already rushed into the flames as a whole.

With its body protected by silt, it actually rushed towards the side without a care.

“It’s over!”

Seeing this scene, Lin Ran couldn’t help but feel half cold in his heart.

Once the Heavenly Demon Rhino had increased its speed, the destructive power was simply enormous!

But at this moment, the two of them were unable to avoid such a thing from happening.

“Boss, he’s rushing towards the edge of the formation!”

The fire flames that pervaded everywhere around them, Li Ba knew best where it was.

“Chase!”

Lin Ran didn’t dare to slow down either, and with a greeting followed Li Baba and chased him towards the front.

“Boss, that thing has reached the edge of the formation!”

Li Ba was busy reminding him, while waving his hand to put away all the flames around him.

Lin Ran immediately saw that at the edge of the formation ahead out Heavenly Demon Rhino had indeed run there.

Moreover, this fellow’s speed had already been raised, clearly preparing to charge straight out of the formation.

“Trying to leave!”

Lin Ran’s eyes snapped cold, while he angrily said.

“Keep burning it! Don’t let it stop!”

“Yes!”

Li Ba heard this and replied, not caring what Lin Ran actually wanted to do, he instantly controlled the flames and charged forward again.

As soon as Li Ba did so, the Heavenly Demon Rhino instantly gained some speed and charged straight ahead towards the edge of the formation, regardless of what it was doing.

Lin Ran suddenly stopped his body, and then sprinted towards the sky, directly out of the formation.

He then saw his palm wave violently, and the Frost Condensation Sword in his hand rushed forward.

At the same time, he saw his body’s true qi fiercely pouring into the formation, causing the formation barrier, which was originally only a thin layer, to instantly become much more condensed.

“Bang!”

Just as Lin Ran had done this, the next moment a loud bang was heard from within the entire formation.

Following this, Lin Ran felt that the formation he had set up had actually collapsed away straight away in an instant.

“This power is too strong!”

Lin Ran couldn’t help but gulp.

Even Li Ba was a little dumbfounded at this point.

To break the law with force and directly smash through the formation’s defences, this power was truly palpating.

“Boss, what should we do now!”

Li Ba was busy turning his head to look at Lin Ran.

However, Lin Ran said with a bland smile.

“What should we do? It’s already over!”

“It’s over?”

Li Baba was stunned at hearing this, not understanding what Lin Ran meant.

Lin Ran, however, smiled blandly and said.

“Go on, follow him! You’ll find out later!”

After saying that, Lin Ran took a step towards the front and rushed forward.

Li Ba didn't ask too many questions when he heard that, and immediately followed him as well.

The two of them followed behind the Heavenly Demon Rhino, and it didn't take long to see this guy.

However, what was different to Li Ba was that this guy's speed had gradually decreased, and the blood stains that flowed along the way were actually increasing.

"Boss! What is that thing!"

Suddenly Li Ba asked, pointing at a white light protruding from the back of the Heavenly Demon Rhino.

"The body of the Frost Condensation Sword!"

Lin Ran laughed.

Li Baba smiled but was startled and asked.

"When did you."

"Could it be when it just broke through the formation?"

Li Baba had understood at once.

"Mm!"

Lin Ran nodded his head and then said.

"The moment it broke through the formation, I left the Condensing Frost Sword outside the formation!"

"This guy was so fast, it just happened to lend its strength to allow the Condensing Frost Sword to go straight through his neck!"

"Alright, it's almost done for, let's go up and clean up the battlefield!"

Lin Ran guffawed, and immediately rushed towards the Heavenly Demon Rhino that had come to a halt in front of him.

Seeing this, Li Ba shook his head helplessly and immediately followed him, how could he have ever expected that in the end, Lin Ran would come up with such a move and directly end this Heavenly Demon Rhino.

Wonder Doctor Chapter 1913

The two of them quickly arrived in front of the Heavenly Demon Rhino, and Lin Ran raised his hand to pull out the Frost Condensation Sword that was stuck inside the latter's body.

At this moment, the Heavenly Demon Rhino was all but lifeless, its huge body lying directly on the ground as if it were a small mountain.

"Li!"

Lin Ran greeted, moving Xiao Jiu and Li out of the scroll space.

Such a huge Heavenly Demon Rhino was bound to have inner guts present within its body, and although this was precious, it would naturally be best if it could be given to Li.

Li was not polite either, and immediately a ray of black light shot out from the top of his head and instantly entered the Heavenly Demon Rhino's body.

Just a few moments later, a black bead the size of a fist floated out from it.

The bead emitted a thick aura and was extremely extraordinary at first glance.

Li was not polite and swallowed the bead at once, and then fell into a deep sleep in Little Nine's arms.

"This fellow is rather straightforward!"

Lin Ran sighed helplessly, the two of them had been working for half a day, only for this guy to swallow it in one bite!

"Boss, how are we going to deal with this guy being so big!"

Li Ba asked busily.

The Heavenly Demon Rhino was huge, so trying to get it back was a real hassle.

"It's fine!"

Lin Ran smiled indifferently and immediately took out the ring before directly collecting it.

When he was in Baki City, the ring that Li Nian had given himself a very high quality spirit stone happened to be the storage space.

Although it was not large, it was still more than enough to hold a Heavenly Demon Rhino.

After collecting the corpse of the Heavenly Demon Rhino, Lin Ran stopped and hurried towards the way he had come.

A few moments later on the hill.

"Boom!"

With a loud bang, the corpse of the Heavenly Demon Rhino was released by Lin Ran.

Looking at the Heavenly Demon Rhino in front of them, the two Armour Piercing Demon Lizards froze, this trip would only take two hours, and this kid had actually done it!

"You!"

The two Armour Piercing Devil Lizards both couldn't help but have a backward fear in their hearts.

They had fought with this Heavenly Demon Rhino for an unknown number of years, but they had been settled by the human in front of them in just two hours.

If they hadn't set this deal at that time, I'm afraid that the two of them would be lying here now.

"Ai! It's all fate!"

The smaller armour-piercing demon lizard sighed.

The other one next to him said no more and raised his hand to release the trailing flower.

“The vine flower is right here, my child’s breath is connected to it, you strike!”

Lin Ran nodded at this, and without further ado, he went straight to the vine flower.

He had treated people countless times, but this was the first time he had treated a magical beast!

Lin Ran laughed bitterly in his heart, it was really too difficult for him, he had to treat this little guy for a vine flower, he wasn’t a veterinarian either!

“How are you going to save him?”

The Armour Piercing Devil Lizard suddenly spoke up and asked.

Although he was scornful of Lin Ran and the others’ strength, the Armour Piercing Demon Lizard was still very cautious when it came to his own child.

“I need to use your essence blood to embrace it, it is still in its infancy, if it can be embraced with your essence blood, along with the unique formation of the Sword Immortal Sect, it can completely reshape its physical body!”

“It’s just that it will take a long time, almost ten years!”

Lin Ran said.

“Ten years?”

The other party was visibly stunned at his words.

“Only ten years! It’s just a blink of an eye for us!”

The Armour Piercing Demon Lizard said, while a large clump of essence blood flew out from their backs at the same time!

“There’s no need for so much, three drops for no one will be enough!”

Lin Ran said, while taking three drops from each of the two’s essence blood.

The little armour-piercing devil lizard was connected to the root of the vine flower, and used the latter’s divine sense to contain itself on a regular basis, which prevented it from dissipating!

Lin Ran was also clear that if he took all the vine flowers at once, this little fellow would probably not be able to bear it either.

Therefore, Lin Ran left a portion of the rhizome as a transitional period for this little fellow.

This way although the medicinal effect of the vine flower would weaken a little, it would not be so bad that the little armour piercing devil lizard would immediately lose its divine sense of containment.

Seeing this scene, the two Armour Piercing Devil Lizards couldn’t help but both be grateful, knowing that this was Lin Ran thinking of their child.

Lin Ran quickly melted their essence blood into the little Armour Piercing Demon Lizard’s soul, and then inscribed a formation around it.

The formation quickly fell, and soon the entire Little Armour Piercing Demon Lizard was wrapped in a layer of eerie red light.

“Go!”

Lin Ran greeted, and the little armour-piercing devil lizards quickly flew towards the two larger ones.

“There! In ten years its flesh should be able to be bred again!”

“Thank you!”

The two armour piercing devil lizards rushed towards Lin Ran.

Lin Ran, however, smiled bitterly helplessly, this was really not worth mentioning, after all, the formation was also something he had seen at the Sword Immortal Sect.

Moreover, the little armour-piercing devil lizards were still very young and had very low requirements for reshaping their flesh.

If he was asked to reshape an adult Armour Piercing Devil Lizard, it would be absolutely impossible for him to do so.

“No need!”

Lin Ran smiled indifferently, and immediately collected the rest of the vine flowers, before taking Li Ba and leaving the place.

On the way back, Lin Ran didn't delay, the vine flower rhizome was already gone, so one more minute of delay would diminish the effect by one point.

On the way, Lin Ran directly placed the vine flower inside the Qiankun Purple Qi Vase.

Almost in the blink of an eye, Lin Ran saw that a bright green vine flower had actually withered away directly in an instant.

The divine sense effect in it had obviously been absorbed by Qing Zi.

Lin Ran could feel that Qing Zi's aura had clearly strengthened a little, but it was still slow to wake up.

“It seems that one vine flower is still not enough, I have to think of a way to find some herbs for divine sense!”

Lin Ran said to himself.

He hadn't expected one vine flower to awaken Qing Zi, so he could accept this result.

“Boss! What now? Do we still go back to the Sword Immortal Sect?”

Soon after the group returned to the place where the waterfall was, Li Ba opened his mouth and asked.

Lin Ran smiled and thought about it and said.

“Let's go back, the second form of the Lancang Sword Technique is vast and profound, I'm still only just getting started, so I'm afraid that I won't gain much if I continue to cultivate here!”

The second form of the Lancang Sword Technique was indeed difficult, and Lin Ran had only mastered the basics in three months of meditation, and he was afraid that he would not be able to further improve it overnight.

“I haven’t seen my master for a long time, so I can go back and spar with him to see if I can get any inspiration!”

Lin Ran calculated in his mind and immediately rushed back towards the Sword Immortal Sect together with Li Bajie Xiaojiu.

Half an hour later, when the group returned to the Sword Immortal Sect, a voice suddenly rang out in Lin Ran’s ears.

“Come to the Sword Tablet!”

“It’s Master!”

The voice was no other than Tian Xuanzi’s.

Lin Ran replied, and then he let Li Ba and the others go back to rest first, and rushed to the Three Character Sword Tablet alone.

At this moment, there were quite a few people sitting in front of the Three Character Sword Tablet cultivating, and among them was clearly the Buji Swordsman.

However, everyone was immersed in enlightenment, so Lin Ran did not disturb them and walked straight towards the sword monument.

After passing through the sword monument, a vortex appeared out of thin air, and the next moment it directly enveloped Lin Ran.

Lin Ran instantly disappeared from his spot, and when he reappeared, it was already in a somewhat foggy space.

Wonder Doctor Chapter 1914

In the space, an old man was sitting cross-legged in place, and Lin Ran was busy bowing respectfully when he saw the other man.

“Master!”

“Hmm! How is the sword technique cultivation going?”

Tianxuanzi opened his eyes and looked at Lin Ran.

“Mastered the basics, I’m afraid it will take time to refine it again!”

Lin Ran didn’t hide it and said directly.

“The basics! Come out and try a move!”

Tianxuanzi said.

Lin Ran nodded at his words and when you drew out the Frost Condensation Sword, a sword aura then headed straight for Tianxuanzi.

This sword mane was extremely powerful, and it was Lin Ran's strongest strike without using the Divine Lightning Transformation and the Chaos Qi Spiral.

The sword mane sliced through mid-air and even caused a sonic boom as it charged straight towards Tianxuanzi in front of him.

However, Tian Xuanzi sat motionless in his original position, quietly watching the sword slash towards him.

Lin Ran did not dare to speak when he saw this, not knowing how Tianxuanzi would respond.

However, to Lin Ran's surprise, Tianxuanzi actually just raised one hand, followed by a flick of his sword finger, and in an instant, the same sword mane rushed over.

However, compared to Lin Ran's sword mane, Tianxuanzi's sword clearly looked very ordinary, without even the slightest fluctuation of aura.

It didn't feel like it had any killing power at all!

Tianxuanzi's sword was plain and unadorned, with nothing outstanding about it.

Yet it was this sword that, the moment it touched Lin Ran's sword maneuver, directly split it into pieces.

Not even a slight explosion was produced, and it directly obliterated.

"This!"

Looking at the result, Lin Ran's heart couldn't help but be shocked, he could feel that although this sword of Tianxuanzi's seemed simple and unadorned.

However, the power contained within it was simply not something he could resist.

"Master! This sword of yours is too powerful!"

Lin Ran said.

Tian Xuanzi heard this but shook his head and said.

"You're wrong! It's not that my sword is too powerful, but that you underestimate him too much!"

Said Tian Xuanzi as he got up and looked at Lin Ran.

"The Lancang Sword Technique is a method that is not passed down from my Sword Immortal Sect, so it is only right that you hold it in high regard!"

"But you must remember, a sword technique is a sword technique, if you attach these so-called clan legacies, it will make you feel that this sword technique is very powerful!"

"But in reality, sword techniques are all broken out by people, and even the most powerful sword techniques will be surpassed one day!"

“I’m just telling you this because I hope you can understand one thing, there is no high or low sword technique, the most important thing is your own cultivation!”

Speaking here, Tian Xuanzi then looked at Lin Ran and said in a serious tone.

“I heard Su Sa say earlier that you had been cultivating at the waterfall for three months!”

“This time, your outburst made me discover a problem!”

“What problem?”

Lin Ran was busy asking, although he had made progress in his own sword technique during these three months of hard practice, it had never been that great.

And now it also felt like the rate of progress had sharply decreased by a lot, leaving him helpless.

Maybe the problem his own master saw could help him.

“The sword intent is too straight!”

Tian Xuanzi looked at Lin Ran and said.

“Sword intent is too straight?”

Lin Ran was stunned.

Tian Xuanzi, however, nodded his head and continued.

“In other words, it means that your sword intent isn’t spontaneous enough, it’s still a little deliberate!”

“Don’t you feel that your attacks are too sharp? It’s easy for the opponent to gain insight into your intentions!”

“Because the sword intent is too strong and the intent is too obvious!”

“Too obvious in intent?”

Lin Ran was stunned at his words.

“But Master, shouldn’t all powerful sword moves be as profit-like as sheathing a sword?”

Lin Ran asked.

Tianxuanzi shook his head at his words and said.

“Have you ever seen any top swordsman walk down the street with his aura all emanating out, letting others know that his sword skills are through the roof?”

“That!”

Lin Ran was dumbfounded, indeed there really didn’t seem to be any.

“Whether it’s a fight or a life and death struggle, the fight is not just about strength, but also about wisdom!”

Tian Xuanzi said.

“If you are only strong, but don’t have the brains to hide your intentions, then no matter how strong you are, your opponent will have a way to deal with it!”

“Whether it’s trickery or escape, aren’t they all ways?”

“As the saying goes, a great intellect is a fool, and a heavy sword has no edge! The highest realm of the sword dao is actually returning to the basics!”

“Returning to the basics?”

Lin Ran was stunned at his words.

“That’s right! It is returning to the basics!”

“It’s not just a realm, it’s a means to an end!”

“A truly strong person doesn’t write it on his face, and similarly a truly powerful person won’t let you gain insight into his intentions, do you understand?”

Tian Xuanzi said.

Lin Ran nodded at his words, although he couldn’t fully understand how those words would help him in his sword dao at the moment.

But since Tianxuanzi had said so, he thought that it would really be useful.

“Master, then how am I going to cultivate Lian next?”

Lin Ran asked busily.

“What about the Purple Thorn Puppet that I gave you last time?”

Tianxuanzi asked.

“It’s here!”

Lin Ran busily waved his hand and released the amethyst puppet within the spatial scroll.

“Master!”

Seeing Tianxuanzi, the Amethyst Puppet was busy saluting.

“Mm!”

“You can just cultivate here, where you can always study the Sword Tablet, and at the same time let him be your companion!”

Tian Xuanzi said, while looking at the Amethyst Puppet.

“You’ll accompany him to hone his sword skills, gain insight into his intentions, and see the moves through!”

“Use this to sharpen his understanding and use of sword techniques! Reach the Realm of Returning to the Essence as soon as possible!”

“Yes Master!”

The amethyst puppet busily said.

“Master, is there such a rush?”

Lin Ran was stunned at his words, Tian Xuanzi had even said that returning to the realm of truth was a realm, since it was a realm how could one reach it so quickly.

“Do you think you have enough time?”

Tianxuanzi asked as he looked at Lin Ran.

“There’s another six months until the sect competition, are you confident that you can beat Bai Chang?”

“Bai Chang?”

Lin Ran was stunned, Bai Chang was at the early stage of the Third Dao Realm, although he was only one realm more than himself, there was a substantial difference between the Third Dao Realm and the Dao of Enlightenment Realm.

The Enlightenment Realm only had one dao, but the Three Dao Realm had a full three dao, and the difference was clear to see.

“Disciple understands!”

Lin Ran said, while looking at Tian Xuanzi and saying.

“Master, there is one more thing that my disciple would like to ask Master for!”

“Go ahead!”

Tianxuanzi said.

“I also need herbs that can cure divine sense, I wonder where I can get them?”

Lin Ran asked busily.

“In four months’ time, there will be a grand auction in East Flag City, you can go and take a look then!”

Tian Xuanzi said.

“Many thanks, Master!”

Lin Ran smiled and said with a busy arch.

“Alright, that’s all I can help you with, cultivate well, if you can win the clan competition only Bai Chang, I will take you to a place then!”

Tianxuanzi said.

“Go to a place? Where to?”

Lin Ran smiled and asked busily.

“You’ll know when the time comes! Cultivate well!”

Said Tian Xuanzi, and with a flash of his body, he left the place.

Lin Ran looked at the entire space with only himself and the Amethyst Puppet left not only was he helpless.

It was fine if he himself was a cultivation freak, did he think that Master was also someone who liked to save face.

“Ai! But yes, as the disciple of the sect master, if I lose to Bai Chang my own face won’t look good either!”

Lin Ran sighed helplessly, and immediately drew his Condensing Frost Sword, ready to spar with the Amethyst Puppet.

Wonder Doctor Chapter 1915

The rest of the day went smoothly, and Lin Ran stayed in this space on weekdays to cultivate.

Since Tianxuanzi had opened the space for him alone, no one disturbed him.

Apart from practising with the Amethyst Puppet, Lin Ran spent most of his time here contemplating the Three Character Sword Tablet.

As the Sword Tablet was the Sword Immortal Sect’s greatest treasure, it did not just teach sword techniques.

The various sword intent auras on it were also very helpful to Lin Ran’s sword dao.

After three months of hard training at the waterfall, his realm had already vaguely reached the middle stage of the Dao of Enlightenment realm.

And at this time, his enlightenment of the Three Character Sword Tablet within the sect had actually allowed his realm to break through and stabilise at the middle stage of the Dao Enlightenment Realm.

According to Lin Ran’s feeling, his own cultivation speed on the Sword Dao only was already fast, and there was hope that he would reach the peak of the Dao Enlightenment Realm before the sect’s Grand Competition.

Bai Chang was at the early stage of the Three Dao Realm, so even if he broke through to the middle stage at the sect competition in half a year’s time, the gap between himself and him would not be too great.

Only on this extra two dao was a real headache for Lin Ran.

“If I had Heavenly Lightning within my Divine Lightning Transformation, I wouldn’t be afraid of him, but if I go out to find Heavenly Lightning now, I’m bound to delay my sword dao!”

Lin Ran whispered softly to himself, the Heavenly Lightning was also very important to him, but to sacrifice his sword dao cultivation and run off to look for Heavenly Lightning just to defeat Bai Chang was somewhat more than worth the loss.

“Even without the Heavenly Thunder, I wouldn’t necessarily lose, if I could fully practice the second form of the Lancang Sword Technique, it would be enough!”

Lin Ran thought in his mind, and without further ado, he continued to cultivate.

Time passed day by day.

Nothing more happened.

However, those who knew about Lin Ran’s problems with Bai Chang knew that although Bai Chang had never made a move, his follower, Bai Wolf, had been walking around the Sword Immortal Sect from time to time.

And all of them were near Lin Ran’s residence.

It seemed that he was looking for an opportunity to clean up Lin Ran.

This was because as a follower, one was not qualified to directly challenge a disciple.

So he could only find a way to anger Lin Ran, thus achieving the goal of making Lin Ran take the initiative to find him in trouble.

However, Lin Ran had been cultivating at the waterfall before, so he didn’t have much of a chance.

After returning this time, the Buji Swordsman had also talked about it, but Lin Ran didn’t give it a second thought.

His goal was to defeat Bai Chang.

The encounter with the Amethyst Puppet had made Lin Ran gradually realise what the problem with his sword technique was.

The Amethyst Puppet was far stronger than him, so as soon as Lin Ran struck his sword, the opponent would be able to see his intentions.

He would have prepared himself in advance and even defused Lin Ran’s attack.

At first Lin Ran thought that this was mainly because he was inferior in strength.

But it wasn’t until one day, after he had proposed a simple sword fight without using his strength, that he was still abused by the amethyst puppet.

Only then did he realise that what he lacked was not strength, there was even a gap in his sword strokes.

He even used the Chaotic Qi Spiral and Divine Thunder Transformation later, but he was still beaten by the Amethyst Puppet and could not fight back.

Only then did Lin Ran understand how important Master’s phrase of returning to the basics really was.

It was said that strength was the root of a cultivator, for no matter how powerful a swordsman was, he would still be crushed in front of absolute strength!

But the person who said this had obviously never seen a more powerful swordsman.

A true swordsman, if he can achieve the degree of unity of man and sword, where man is sword and sword is man.

Then his swordsmanship would be strong enough to compete with the mighty!

Cultivating a path is supposed to be a path that is thought to be fumbled, and you cannot say that no one has reached this point in the mere path of the sword.

Because after all, no one has ever tried.

It's like when everyone couldn't cultivate, who knew that human strength could move mountains and break the heavens with their hands!

Two months had passed in the blink of an eye.

Lin Ran had gradually gained more and more insight in swordplay only, and his understanding of the realm of returning to the basics had gradually become clearer.

Every time he struck his sword, his sword technique could have thousands of variations, making it gradually become difficult for the amethyst puppet to deal with it.

After another month, Lin Ran's swordplay had clearly become even more powerful by a few points.

There were even several times when the amethyst puppet was unable to see Lin Ran's intentions and thus suffered several losses!

Just when Lin Ran was already completely immersed in the joy of this improvement in his swordplay.

Suddenly, Bu Er Swordsman brought news that Leng Qiu had come looking for him and was outside the sect.

At this moment, he was at the bottleneck of his cultivation, and it would not be long before he could reach the realm of returning to his true self.

After thinking about it for a while, Lin Ran declined and asked Bu Er Swordsman to tell Leng Qiu that he was in seclusion!

The Bu Er Swordsman had no choice but to go and relay the message, which resulted in Leng Qiu stamping her feet in anger.

"That bastard! How dare you not come to see me, huh! Next time don't let me hear you come out, or you'll be in for a treat!"

Leng Qiu snorted coldly and left.

Lin Ran was also speechless when he heard the result relayed by Bu Er Swordsman back.

However, he still had to cultivate, so he was soon relieved.

It was just that this had caused a commotion in the Sword Immortal Sect, Leng Qiu was a member of the Leng Family of East Flag City.

Moreover, he was also the favoured disciple of the Royal Thunder Sect, but he had actually come to Lin Ran, something that really puzzled many people.

There was even some envy and jealousy.

Lin Ran naturally didn't care about what these people thought, and remained immersed in his own cultivation.

Time passed day by day, and it was another day a month later.

Lin Ran was standing in the space that Tianxuanzi had independently opened up, while in front of him at the moment the amethyst puppet was also standing, and at the moment there was an additional sword in his hand.

The sword looked very ordinary, but it had a vaguely sharp aura emanating from it that shook people's hearts.

"I am ready! Let's strike!"

The Amethyst Puppet looked at Lin Ran and said in a calm voice.

"Good!"

Lin Ran replied, and then without any nonsense, he quickly slashed out with the Frost Condensation Sword in his hand, and instantly three sword maces charged straight towards the Amethyst Puppet.

"This time it's this one!"

The amethyst puppet roared angrily, and immediately stabbed towards one of the sword shadows.

"Bang Bang!"

In the next moment, the longsword in the Amethyst Puppet's hand had collided with the sword shadow.

An explosive sound also came out.

However, the smile on the Amethyst Puppet's face froze almost instantly as soon as it appeared.

Although the sound had come out, the sword shadow had also scattered out of thin air.

"It's a fake again!"

The Amethyst Puppet was instantly shocked, and his entire head instantly turned towards the other two sword shadows and slashed them.

"Bang Bang!"

Yo were two loud noises, and instantly those two sword mangles actually shattered away instantly as well.

"Why are they all fake!"

The amethyst puppet was instantly stunned.

“Who told you they were all fake!”

Lin Ran smiled blandly, followed by a wave of his palm, and several more sword mists flew out of thin air from the shattered sword mists, instantly blasting at the amethyst puppet.

The sword mangles, which were originally bland and unexceptional, exploded with terrifying power the moment they touched each other, actually blasting the amethyst puppet back several steps!

“You!”

The Amethyst Puppet looked at Lin Ran with shock in his eyes.

“Your sword dao, you’ve become!”

“Not quite... it’s just a slight accomplishment!”

Lin Ran laughed, a profound light in his eyes.

Wonder Doctor Chapter 1916

“Not bad! In just four months your swordplay has already improved a lot more!”

The Amethyst Puppet said.

“It’s all because Master thought of this good idea!”

Lin Ran said, the four months that Tian Xuanzi had let him play swordplay with the Amethyst Puppet had really deepened his understanding of the Dao of the Sword by a few more points.

Moreover, coupled with the fact that he was also able to continuously enlighten himself on the Three Character Sword Tablet, this sword dao cultivation had naturally become even faster.

“Do you want to continue?”

The Amethyst Puppet looked at Lin Ran and asked

“No, I have to go to East Flag City!”

Lin Ran said.

The news that the East Flag City Luo Ran Merchant Firm was going to hold an auction had come through a few months ago, and Lin Ran naturally didn’t want to miss it.

Last time, he had found a vine flower for Qing Zi, but he still hadn’t been able to wake her up, so Lin Ran felt that it should be because the medicinal effects weren’t enough.

So this time, he was going to go to East Flag City to look for it. At such a grand auction, there would definitely be herbs of the divine sense type, and it would be best if he could buy two of them, so that he could also help Qing Zi wake up as soon as possible.

Having made up his mind, Lin Ran did not delay any longer and immediately left this space, while letting the Amethyst Puppet leave alone.

However, the Amethyst Puppet said.

“I can’t leave yet, the master said for me to follow you to East Flag City this time!”

“Follow me for what?”

Lin Ran didn’t understand.

“To protect your safety!”

The Amethyst Puppet said.

Lin Ran was stunned at his words, not expecting his master to actually have this meaning.

“Alright, let’s go then!”

Lin Ran didn’t say much and waved his hand to collect the Amethyst Puppet, and immediately left the place.

When he walked out of the mysterious space, Lin Ran found that there was not a single person in front of the Three Character Sword Tablet, it was in the middle of the afternoon, so it was reasonable that there should not be a single person.

“Where did everyone go?”

Lin Ran wondered.

Suddenly, a voice came running ahead of him, and at a glance, he was dressed as someone from the Heavenly Tiger Alliance!

The Heavenly Tiger Alliance had now also changed its name to the Alliance, which was previously founded by Heavenly Tiger, but then the position of the Alliance’s leader was handed over to the Buji Swordsman, who then removed the word Heavenly Tiger from his name.

There was nothing Tianhu could do about this, he could only accept it by default.

“Deceased brother, I’ve been waiting for you here for a long time!”

The other party seemed to know Lin Ran and was busy smiling.

“You’re waiting for me for something?”

Lin Ran asked in confusion, he didn’t seem to know the other party well, and he had never bothered with the affairs of the alliance, so how did he suddenly find himself.

“Right! It was the alliance master who told me to wait for you here, the Immortal Swordsman!”

The other party said busily.

“What is it?”

Lin Ran asked.

“The Alliance Master said that you should be right here at the Three Character Sword Tablet place, and told me to come wait for you and bring you there as soon as you came out, saying that it was about the East Flag City Auction!”

“In that case, let’s go then!”

Lin Ran said, and immediately followed the other party towards the Alliance headquarters.

On the way, from this fellow’s mouth Lin Ran learned that it turned out that the entire East Flag City was now shaken by this auction of the Luo Ran Merchant Firm.

The most obvious manifestation of this was that no one was practicing in front of the Three Character Sword Monument in the Sword Immortal Sect.

A huge number of disciples have gone to prepare for such a huge auction, and many people are trying hard to buy their own suitable treasures.

And cultivation can be put off at this time.

After all, in two months’ time, there would be the Sword Immortal Sect’s sect competition, so it was necessary to go and strengthen one’s magical techniques and even secret arts at this time.

When he arrived at the place, Lin Ran immediately saw the Immortal Swordsman, but what surprised him was that the entire hall seemed a little cold.

It really didn’t look like the headquarters of an alliance.

“Deceased brother, you’ve finally come out, if you don’t come out, I’ll really have to go and ask the elders if you’ve disappeared!”

When he saw Lin Ran, Bu Er Swordsman looked very excited.

“What’s wrong?”

Lin Ran asked with a smile.

“It’s not because of the auction, this auction held by the Luo Ran Trading Firm can be said to have caused a lot of trouble in the city!”

“Look at our Sword Immortal Sect, nowadays at least more than half of the people have already left!”

“If I wasn’t waiting here for you, I’m afraid I would have already set off too!”

Bu Er Swordsman said.

“Is it that hot?”

Lin Ran asked with a smile, wasn’t it just an auction, how come it was made to look like a chance meeting and one would have to miss it if they weren’t careful.

“Deceased brother, you just don’t know how hot this auction really is, you’ll know when you turn around and arrive.”

Buji Swordsman said.

Lin Ran nodded at his words and said.

“So when do we leave?”

“Right now! I’m just waiting for you!”

“Good! Let’s go then!”

Lin Ran laughed.

He hadn’t expected this auction to be so hot either, he had participated in it once before when he was in Beast Hunt City, and it was that time that he had obtained the Divine Thunder Violet Qiong Wing.

He hadn’t participated in it since.

He had never thought that he would have the chance to go to another one this time.

Lin Ran didn’t have anything to pack, so he called out to Li Ba and Xiao Jiu and set off with Bu Er Swordsman.

It was afternoon when the group left, and according to Bu Er Swordsman, the auction would start tomorrow.

The auction would be held for one day, but it would be held non-stop for one hour each, with one session ending and another beginning.

There will be 20 sessions.

Each session requires a separate entrance fee, which means that on this day, Luo Ran Merchant can earn a lot of money from the entrance fee alone.

Not to mention the commission from the auction sales!

“This is something that Qiqi has perfectly inherited from her family’s business methods!”

Lin Ran laughed bitterly.

Speaking of Luo Qiqi, he didn’t know how she was doing now.

There was also Qin Bing.

These two ninnies knew of his existence and actually didn’t come looking for him.

Could it be that they had really come across something important?

Lin Ran shook his head to shake off these thoughts, it was useless to think about them now, his own strength was so weak.

Even if he did meet them, if they were in any kind of trouble, he would not be able to help them at all.

Two hours later, Lin Ran and the Fuyi Swordsman had already appeared in East Flag City.

Every year when it came to such grand auctions, the accommodation in the entire East Flag City was extremely tight.

But fortunately, after so many years, the major powers had basically formed a tacit agreement.

Each force would rent two inns for their disciples to rest in, so although Lin Ran arrived late, accommodation was not a problem.

Under the guidance of Bu Er Swordsman, Lin Ran arrived at one of the inns, chose a room at random and stayed there.

The entire inn was filled with almost all of the disciples of the Sword Immortal Sect, and all of them were from the Alliance.

There was no one like Bai Chang or Liu Dao to be seen.

Lin Ran was happy not to see them, and was ready to cultivate for a while, and wait for the auction to start tomorrow before setting off to attend it!

However, as he tried to cultivate, a woman's voice was the one that broke this peace.

"Where are you, deceased! Get out of here for this lady!"

"Hm?"

Hearing this voice Lin Ran couldn't help but frown slightly, this voice was very familiar to him.

If it wasn't Leng Qiu or someone else!

Wonder Doctor Chapter 1917

"Miss Leng Qiu, the deceased really didn't come, believe me!"

The voice of the Fuyi Swordsman rang out from outside the door, but it was to no avail.

A loud bang was heard, and in an instant the door to Lin Ran's room was heavily pushed open.

With a single stride, Leng Qiu rushed in.

When he saw Leng Qiu, Lin Ran was speechless, he had never expected this girl to barge in so rudely.

"Is this the deceased person you said didn't come!"

Leng Qiu turned her head to look at Bu Er Swordsman and questioned in a cold voice.

"I really don't know about this!"

Bu Er Swordsman was full of embarrassment and was busy looking at Lin Ran and asked awkwardly.

"Deceased brother, when did you come, why didn't you even tell me!"

"Eh! I've just arrived too!"

Lin Ran said without moving his voice.

Leng Qiu, however, didn't believe it at all, and gave Bu Er Swordsman a blank look, then looked at Lin Ran and questioned.

“Why didn’t you tell when you arrived, scum! You want to hide from me after taking my stuff!”

“Hey! How is that scum, besides it was said that it had just arrived, how could I inform you!”

Lin Ran was speechless, this Leng Qiu was too direct, he actually called himself a scum, and he hadn’t even gone to the thing that recorded the location of the divine lightning!

It made it seem like he had taken advantage of it so much.

“What about last time, I even arrived outside the Sword Immortal Gate and you actually didn’t come out to meet me!”

Leng Qiu said in an angry voice.

So this nee-san was still angry about last time, but when she thought about it, it was just as well, a girl had taken the initiative to run to the Sword Immortal Gate to find Lin Ran.

The result was a closed door, this was something that I’m afraid no one would feel too good about if it was placed on anyone.

“This last time I was in seclusion, so it was indeed inconvenient for me to come out!”

Lin Ran scratched his head in embarrassment.

“Humph! I see that you just don’t want to see me!”

Leng Qiu said angrily.

“No really!”

Lin Ran’s old face was filled with embarrassment.

“No Missy, what exactly do you want?”

Lin Ran asked helplessly.

This nee-san didn’t have to be so proactive even if she really liked herself, last time she didn’t see herself at the Sword Immortal Gate, her meaning had actually been expressed very clearly.

Why did she even take the initiative to find her this time.

To be honest, Lin Ran didn’t have any feelings for her at all.

Plus, he was in the Immortal Realm, and Song Nuan and the others were still unheard of, so how could he really think of anything else.

“Humph! I’m telling you this is the last time, if you still dare not see me next time, I definitely won’t spare you lightly!”

Leng Qiu said.

Lin Ran listened but his face was filled with speechlessness.

In his heart, he secretly said.

Do whatever you want, anyway, in a couple of months after he passed the sect competition, Master would take him to a place by then, and by then he would be out of sight and out of mind.

“Do you have anything else? If not I’m going to cultivate!”

Lin Ran spoke.

“Cultivate? You’ve been cultivating for almost a year now, you’re not afraid of becoming a stone!”

Leng Qiu said without good humour.

“Go! Come out with me!”

Said Leng Qiu as he stepped forward and pulled Lin Ran’s arm.

“Hey! Where are you going!”

Lin Ran tried to break free, but he found that this girl had actually used her dark strength, obviously not wanting to let himself break free.

In addition, he had indeed politely refused her once before, so if he refused her at this moment, he was afraid that she would explode.

At that moment, he could only hold back.

Let’s see what she wants first!

Lin Ran said to himself.

“My late brother, I...”

Beside him Bu Er Swordsman looked speechless, not knowing what to do!

“Keep up! Or else I’ll lose you and you won’t even know!”

Lin Ran said breathlessly.

“Okay!”

Bu Er Swordsman smiled and nodded his head busily, following suit.

Leng Qiu didn’t say anything, it seemed that she didn’t care who followed as long as Lin Ran went with her.

“Hey! Where the hell are we going!”

Lin Ran asked with a frown, this nee-san had dragged herself along and by now she didn’t even know where she was going!

“You’ll know when we get to the place!”

Leng Qiu didn’t explain either.

Lin Ran still wanted to continue to ask questions, but the Bu Er Swordsman on the side suddenly spoke up.

“Brother, look ahead my god, that’s the Dragon Inferno Tiger!”

A Dragon Inferno Tiger?

Lin Ran was stunned at his words and was busy looking ahead.

He saw that outside the inn, there were two beasts with flames burning all over their bodies standing on their heads.

The beasts had fiery red hair all over their bodies, as if they were burning flames.

There was also a red aura surrounding them from time to time, making people yearn for them.

Lin Ran only took one look at them and couldn’t help but want one for himself.

If he had one of these mounts, walking down the street, the turn-around rate would simply explode, it would be too stylish.

“Brother deceased, this mount is too stylish, who is it!”

Buji Swordsman was busy asking.

“How should I know!”

Lin Ran shook his head.

“I’m afraid that this magical beast mount isn’t cheap!”

Bu Er Swordsman said.

“It should be, the strength of this Dragonflame Tiger should be at the Extreme Dao Realm, which is already beyond the reach of many cultivators!”

Lin Ran said busily.

“What do you guys know, this is still just the poorly qualified one within the Dragon Inferno Tiger, it will be at the Extreme Dao Realm in this lifetime.”

“A truly powerful Dragon Inferno Tiger can reach the Hundred Thousand Eight Hundred Realm in strength!”

Leng Qiu laughed from the side.

“One hundred thousand eight hundred thousand realms? Holy shit, is this still a magical beast!”

Buji Swordsman couldn’t help but stammer, and even Lin Ran was a little envious in his heart.

These days it really was true that people lived less than magical beasts, a magical beast was actually so strong, poor me, I was still only an enlightenment realm.

“I don’t know whose mount it is, sometimes it’s a privilege to be lucky enough to get to know one, that’s really a blessing in three lives!”

Buji Swordsman said.

“We’ll find out later, the other party’s mount is here, so I think it’s here to find someone!”

Lin Ran said.

Leng Qiu, however, was watching them come from the sidelines, just like looking at a fool.

“You two aren’t sick, are you, this Dragon Inferno Tiger is the one this young lady rode over here!”

“Huh?”

Lin Ran and the two of them both looked at Leng Qiu at his words, their mouths hanging open one by one.

“You rode over here?”

Buji Swordsman didn’t dare to believe it.

“What else, who else would come to your Sword Immortal Sect to find someone other than this lady?”

Leng Qiu asked rhetorically.

Both Bu Er Swordsman and Lin Ran were stunned at their words.

Indeed, the current Sword Immortal Sect was indeed in decline, and Su Rou could be said to be the last golden generation of the Sword Immortal Sect in one realm.

After Su Rou, there were no more people who could take on great responsibilities, and among the four major sects in the entire Eastern Flag City, the Sword Immortal Sect could be said to be the last.

It was not common to find a disciple of the Sword Immortal Sect.

While the crowd was talking, there were more and more people around, and it was the first time everyone had seen such a magnificent magical beast mount.

Everyone could not help but be envious!

Leng Qiu glanced blandly at the two, and had already taken the lead in getting into the whisking car behind the Dragon Tiger.

Seeing that Lin Ran and Bu Er Swordsman were both standing still, he couldn’t help but ask in surprise.

“What are you two doing? Hurry up and get up here!”

“Eh.”

Lin Ran and the two of them were stunned and couldn’t help but feel their faces burning hot, because at this moment the gazes of the people around them had all fallen on them.

“What about the deceased brother?”

The Buji swordsman looked towards Lin Ran with some hesitation.

Already, Lin Ran smiled and said with a clench of his teeth.

“Go on! Everyone is watching, it’s a shame if I don’t go!”

As he said that, Lin Ran had already stepped up to the chariot.

Seeing this, Bu Er Swordsman clenched his teeth and said.

“Damn it, I’m going to be a hero too, let’s go!”

After saying that, he immediately followed him.

Wonder Doctor Chapter 1918

In the car, Lin Ran and the Buji Swordsman were literally on pins and needles.

Although there was a separate space on the back of this Dragon Inferno Tiger, the outside could not see the inside.

But remembering when they had just come up, a group of people outside were staring, Lin Ran felt a big headache.

He liked to keep a low profile, but he was afraid that it wouldn’t take long for Leng Qiu’s drama to be known all over the city.

After all, it was really rare in East Flag City for someone to be able to use a magical beast like the Dragon Inferno Tiger to pick someone up.

“I say, pretty girl, where are we going?”

Bu Er Swordsman couldn’t help but ask.

Lin Ran also looked at Leng Qiu with a puzzled expression.

Coming to pick himself up with such fanfare, or at night, what was this ninny up to.

It couldn’t be that she was taking herself to the Leng family to meet her parents, could it?

If that was the case, then he would never go, he really had no feelings for Leng Qiu other than a little good feeling.

“Take you guys to open your eyes, so you don’t have to be like some people, nestled inside the clan every day and doing nothing but cultivating!”

“You guys aren’t afraid of suffocating yourselves to death!”

Leng Qiu said, but his gaze glanced at Lin Ran at the side from time to time, and it was self-evident who he was talking about.

“The Immortal World is supposed to be a world of cultivation, I call this effort!”

Lin Ran said speechlessly.

Leng Qiu, however, snorted and then said.

“I’m taking you all to a banquet tonight, so when you get there you’ll know how out of touch you used to be!”

“I’ll tell you in advance, the people going to this banquet tonight are all geniuses! Don’t make a nuisance of yourself then!”

“Attending a party?”

Buji Swordsman said in a daze.

“Or a banquet of geniuses?”

Lin Ran was also dumbfounded, when did East Flag City have this kind of banquet, how come he didn’t even know about it.

But after thinking about it, he was relieved, he wasn’t a local either, and hadn’t even been in the Immortal Realm for long, so it was normal for him not to know about it.

“The place where this banquet is held is very special, it is because of a cultivator!”

Leng Qiu said and introduced it.

It turned out that in East Flag City, whenever a large auction was held every year, countless people would be attracted to come.

Among them, apart from the original four major powers of East Flag City, some other cultivators who walked the Immortal Realm would also come over.

There was even a shortage of powerful existences among them.

And this time, it was not originally a banquet purposely intended to be held for any geniuses.

Rather, it was because of one person, because this person was very powerful,? A crowd of young talents all wanted to pay a visit.

But when there are many people, it is also always inconvenient, so they simply held a banquet for young geniuses directly.

At the same time, this person was invited over, which was a way for everyone to meet at the same time.

It also saved them from having to chase each other one by one.

“This person’s name is Feng Sui, he is a sword dao master and even a powerful alchemist!”

Leng Qiu said.

“Feng Sui?”

Lin Ran was stunned at his words, this surname was really uncommon.

He couldn’t help but think of someone.

Feng Suiyao!

This person Lin Ran had never met the other person at all, he had only heard of the name.

Back in his hometown, when he was in a battle with a foreign devil, he was forced into a desperate situation when he thought he was going to die.

It was this Feng Yiuyao who suddenly gave him some guidance, and only then did he manage to achieve enlightenment.

But at that time, the situation was very critical, and afterwards, he had to leave his hometown, and now he was even in the Immortal World.

Lin Ran had not even freed up time to think about this person.

But at this time, hearing about another person with the surname Feng, it couldn't help but remind Lin Ran of this Feng Yiuyao.

"This Feng Yi Yao and the ancestor seem to know each other! I just don't know where he is from!"

"With this Feng Sui, do they really know each other or is it just the same surname?"

Lin Ran was puzzled in his mind.

"What are you thinking about?"

Seeing that Lin Ran wasn't speaking, Leng Qiu couldn't help but look at him and ask.

"Nothing, you go on!"

Lin Ran smiled and shook his head, these things were all in his own past, although there were many unresolved doubts, Lin Ran didn't want to think about it.

After all, there were so many things that hadn't been solved, why the Immortal World's medical dao didn't even work now, there were so many questions that simply weren't something he could solve alone.

Leng Qiu glanced at Lin Ran, feeling that the latter was permeated with a sense of vicissitude at this moment, and his heart couldn't help but be struck.

Still, he opened his mouth and said.

"This Feng Sui was hailed as a genius in his early years, and later on, he even killed the five elders of a sect in Immortal Emperor City, and has since risen to fame!"

"However, this person is spontaneous and likes to wander the world, so he has not joined any sects!"

"Moreover, he is very kind and willing to instruct his juniors, almost wherever he goes? The local young generation would seek him out to solve their problems!"

"He's never been to East Flag City before, so this time when we got word that he was coming, many people were holding their breath to meet him!"

"According to you, wouldn't this man be an itinerant master teacher!"

The Buji Swordsman laughed.

The so-called Master was actually similar to a teacher, except that the Immortal World and Earth were called differently.

"Not exactly!"

Leng Qiu said.

“This person is a genius after all, so if ordinary people approach him, he will just casually enlighten them!”

“But if you can come across an existence that makes even him look at you, that can be a chance!”

“Fate? What do you mean!”

Lin Ran frowned and asked, if a person could bring about a chance, then that person must have considerable strength and background.

“The moment you hear about chance, you’re interested?”

Leng Qiu gave Lin Ran a blank look, the latter seemed to have nothing else in his eyes other than cultivation opportunities.

“Aiya Eldest Miss, just hurry up and say it, I’m itching to hear it!”

Bu Er Swordsman was busy urging.

“What’s the hurry!”

Leng Qiu glared at him, and then said.

“Because geniuses are always sympathetic to each other, it is said that this Feng Sui once met a genius when he was out on a trip!”

“This genius made his heart flutter and the two of them ended up becoming kowtowing brothers!”

“Guess what? Just a few decades later, this man became the Dan King of his generation and is still a legend in the alchemy world!”

“Dan King?”

The two Lin Ran were stunned to hear this.

“I later learnt that this genius had no way to cultivate at all, but his talent in pills only was extremely high!”

“With his achievements in pills, he has hardened his strength as well!”

“Although he is unable to cross into the Great Achievement realm, this person’s art of pills can already shoot up in the top ten of the Immortal Realm!”

Leng Qiu said.

“You mean that.”

Lin Ran had already heard a hint of something fishy and looked at Leng Qiu.

Leng Qiu smiled blandly and said.

“This Feng Sui, his identity is very mysterious, but if this thing is true, then I’m afraid that his achievements in dan pills won’t lose to the sword dao!”

“An existence that can even cultivate a genius who can’t cultivate into a Dan King with his own power!”

“I’m afraid that there’s a mysterious force behind him that’s helping out as well!”

Lin Ran didn’t say anything when he smiled, but he acquiesced to this point.

One should know that training an alchemist wasn’t just a matter of having a method and someone to guide you.

It also required a large amount of wealth, and alchemists all improved through constant alchemy.

Without a large amount of wealth to support them, it would be impossible to train a Dan King.

Thinking of this, Lin Ran couldn’t help but be a little more curious about this Feng Sui, wanting to see what kind of a strange man this person was.

Wonder Doctor Chapter 1919

The venue for the banquet was set in a very secluded manor in East Flag City.

According to Leng Qiu, this was the place his brother Leng Han had found, even in East Flag City the Leng family was the largest family apart from the East Chess King, so there was naturally no doubt about its strength.

“There will be many geniuses arriving here today, so you can seize the time to have a good look!”

Leng Qiu said.

“Take a look? Look at what? A blind date to find a date?”

The Buji swordsman laughed, but there was some vague anticipation in his heart.

Everyone was young and in their prime, and they were still full of geniuses, so naturally, they all had the energy in their hearts to stand out and be favoured by Feng Sui.

Under Leng Qiu’s leadership, Lin Ran’s trio entered the manor without any obstruction.

Lin Ran found that although there was no one guarding the gates inside the manor, not even the guards.

However, the entire manor was surprisingly quiet, and there were not even any extra figures, so obviously there should be secret sentries here.

“There are many places within the manor that are not open to the public, so don’t wander off!”

Leng Qiu reminded.

The two Lin Ran nodded and didn’t say anything.

The three of them had arrived at the back garden of the manor a few moments later.

And as soon as they had entered the back garden, the two of them froze.

There was a world of difference between the inside and the outside.

The back garden was full of people, and there were even more lighted cases all over the place.

At this moment, countless young people were sitting together in high spirits, either chatting or flirting happily.

The arrival of Lin Ran's trio immediately drew everyone's attention.

However, just at this instant, Lin Ran felt three gazes with an icy chill.

Following the gazes, Lin Ran suddenly spotted three old acquaintances, none other than Bai Qiu, Mai Yang, and Mai Shen!

"Yo! Isn't this an old friend? It's been a long time, but you're really spirited! How dare you ask the young princess of our master's family to pick you up personally! This is really not something we can have!"

Mai Yang opened his mouth and laughed, a remark that directly stirred up the conflict between Lin Ran and Bai Qu again.

"Pick him up? He's worthy too!"

Bai Qu coldly snorted.

At this moment, the other people around them also came over, all of them obviously watching the fun.

It wasn't a secret that Bai Qu liked Leng Qiu, everyone knew that.

But Bai Qu was clearly here, but Leng Qiu had gone to pick up someone else, this was simply too obvious.

"Worthy or not, isn't Leng Qiu also following us here?"

Bu Er Swordsman said indifferently, he had heard about the conflict between Lin Ran and these few people, and now that he and Lin Ran were from the same clan, they naturally stood together.

"You!"

Bai Qu was so angry that his face turned blue and he was just about to open his mouth to retort, but he was interrupted by Leng Qiu going

"Are you finished, everyone is not here for you today, and besides, you are an ordinary disciple, what qualifications do you have to grill people here!"

Leng Qiu said and looked at a young man in black robes at the side and laughed.

"I'm not wrong, am I, Gu Tang!"

"No! This mouth of sister Leng Qiu hasn't changed a bit!"

The other party laughed, while giving a glance at Bai Qiu, who immediately lowered her head and dared not say anything more.

"Won't Leng Qiu introduce herself?"

Gu Tang looked at Leng Qiu and asked with a smile.

"An old friend! It's a friend of mine, and naturally I came over here this time to meet Feng Sui!"

Leng Qiu was not polite and said directly.

“To meet Lord Feng Sui? If I feel right, this friend of yours should only be in the middle stage of the Dao Enlightenment Realm! This strength is not even as strong as Bai Qiu, I think!”

Gu Tang laughed, but between his words he had already demeaned Lin Ran without moving a muscle.

After not seeing him for almost a year, Bai Qu’s strength had improved a bit, reaching the late stage of the Dao Enlightenment Realm, which was indeed a bit more powerful than Lin Ran.

“Strength is not the same as combat power, when it comes to a deceased person, everything is still combat power that counts!”

“When he was still at the Heavenly Mansion realm, what realm was Bai Qiu at? The Realm of Enlightenment, right! But what was the result?”

Said Leng Qiu as he looked at Bai Qu and asked with a smile.

“Has that puppet of yours been repaired since then?”

“You!”

Bai Qu was so angry that his face turned red, but he couldn’t say anything for half a day.

His own puppet had been dismantled by Lin Ran, and it had taken a full two months to repair it afterwards before it was completely repaired.

At this moment, he felt a pang of fear when he saw Lin Ran, fearing that his newly repaired puppet would be dismantled by this guy again, and he would go crazy!

“Speaking of which, I’m really curious, the Heavenly Mansion realm was actually able to dislodge Bai Qu’s puppet!”

“I wonder if the deceased brother can also help me see if there are any flaws in this puppet of mine, so that I can also see my own shortcomings!”

Gu Tang laughed.

Leng Qiu smiled but his face sank and he said.

“Gu Tang, you don’t have to talk so grandly even if you want to avenge Bai Qiu, in vain you are still a genius of the Tian Kui Sect!”

“Haha! You’re wrong, sister Leng Qiu, he Gu Tang is just being vain and wants to see if his puppet is sturdy!”

Suddenly, a voice came from the side.

Lin Ran looked and found that it was a red-haired youth with a strange medicinal fragrance emanating from his entire body, thinking that he should be from the Dan Pavilion.

“The one who knows me is none other than Brother Kudan!”

Gu Tang laughed.

The one who spoke was none other than Kui Dan, a genius disciple of the Dan Pavilion, whose strength was also at the Three Dao Realm.

“This person’s name is Kui Dan, a genius disciple of the Dan Pavilion! It’s equal in strength to my brother!”

Leng Qiu was busy whispering.

And at this moment, Lin Ran had also discovered something.

Among the four great powers, the strength of genius disciples was basically at the Three Dao Realm.

Leng Qiu’s brother, Leng Han, was also at the Three Dao Realm.

And Kudan as well as Gu Tang in front of him were also both at the Three Dao Realm.

He himself was only at the Realm of Enlightenment, so this was a poor strength in the end.

“There’s no rush for the puppet cutting, right, Lord Feng Sui will be here soon, and this is not the right time!”

Suddenly, another voice came through.

Lin Ran looked over and it was none other than Leng Han.

“Older brother, long time no see!”

Leng Han smiled faintly at Lin Ran, his attitude obviously not as cold as last time, but there was still a hint of scowling between his brows!

Obviously for this guy that his sister liked? He was also very attentive.

I just don’t know if it was worry, or like, anyway, the gaze was a little different.

“Brother Leng Han, it’s reasonable to say that you rented this party today, and Lord Feng Sui was invited by your Leng family! I shouldn’t refute it!”

“But, it’s not like you don’t know Lord Feng Sui’s character, if he sees so many mediocre people here when he arrives, I’m afraid he’ll be angry too!”

Gu Tang spoke up and laughed.

“That’s right! I share Brother Gu Tang’s view, before Lord Feng Sui arrives, it is also a sign of respect to Lord Feng Sui to drive out some people who have no strength and still think they are awesome!”

Next to him, Kudan also spoke up.

Leng Han said with a slight frown.

“When Lord Feng Sui arrives later, these people who came along to join the fun will naturally leave, but the deceased brother was invited by my sister, this point of face you all want to refute?”

“You can’t say that!”

Gu Tang suddenly laughed.

“This banquet was supposed to be a meeting between the geniuses of our four clans and Lord Feng Sui! And yet the Sword Immortal Sect has Brother Bai Chang and then an additional deceased person, what kind of thing is this called? Is this to say that Brother Bai Chang is inferior to him?”

Wonder Doctor Chapter 1920

“That’s right, this is something that I think must be taken seriously!”

Next to him, Kudan also spoke up.

“Besides, Brother Bai Chang has already arrived, so if you want me to say it, how about we let them have a match, and whoever comes out on top will leave?”

Gu Tang laughed.

The crowd’s eyes could not help but fall on Bai Chang who was on the side.

Lin Ran was also frowning slightly, not expecting to run into this kind of thing, he had come here completely on Leng Qiu’s invitation.

However, hearing that this Feng Sui seemed to be very special, he didn’t want to leave at this point.

“There’s no need for that!”

Bai Chang sat in his seat, sipping his wine as he said blandly.

“A person who hasn’t even been initiated for a year, asking me to take a shot! Is it necessary?”

Bai Chang said as he looked towards Kudan and Gu Tang blandly.

“Besides, apart from the fact that we are from the same clan, I don’t know this person very well, so you guys can see for yourselves!”

After saying that, Bai Chang stopped paying attention to the crowd and just drank his own wine.

It was just that this attitude and words had made it very clear.

That was that Lin Ran was not qualified to make his move at all, and he would not do so either.

“Since Brother Bai Chang said so, then I can only do it myself!”

Gu Tang suddenly laughed.

“What the hell do you want, Gu Tang!”

Leng Qiu looked at Gu Tang, his face cold.

“What for? Of course it’s to kick people out!”

Gu Tang’s face went icy cold as he said.

“On a smaller scale, this kid has offended me, Bai Qiu is one of my people, if he hits Bai Qiu’s face, he has hit my face!”

“On a bigger scale, what gives them the right to have two people from the Sword Immortal Sect to see Feng Sui? Is this something that your Royal Thunder Sect is happy about?”

Said Gu Tang as he looked towards Leng Han and laughed.

“If it’s Brother Leng Han your Royal Thunder Sect brings another person I Gu Tang has nothing to say!”

“After all, who made your Royal Thunder Sect so strong right now? But what makes the Sword Immortal Sect?”

“A clan at the bottom of the pecking order can have two people to meet Lord Feng Sui, I Gu Tang just isn’t happy about it!”

“Brother Kudan, are you happy about it?”

“Naturally, I’m not happy!”

Kudan laughed.

Indeed, meeting Feng Sui itself had a certain element of chance.

We all belonged to different clans, so who would be willing to let one more person see Feng Sui? This obviously did not make sense.

“Brother!”

Leng Qiu was busy looking at Leng Han who was next to him.

Leng Han, however, said with a frown.

“He’s not in charge of this matter, whether it’s to the greater good or fiction, he has to carry it on his own!”

“Beat the white drains, people buckle back to find the scene is also normal!”

“See the wind follows, no strength naturally others will not be happy!”

“In the end, you brought him over is already the biggest help that can help him, the rest still has to depend on his own strength!”

Leng Han’s words were very bland, and he did not avoid people, so it was obvious that he also meant to say it to Lin Ran.

“It is still Brother Leng Han who is sensible, since this way Brother Bai Chang will not take the lead, then I, Gu Tang, will take the lead!”

Said Gu Tang, who had already stood up from his position and looked at Lin Ran in a bland voice.

“Kid, are you going to get out on your own or wait for me to beat you out!”

“How dare you!”

Leng Qiu said angrily.

Lin Ran, however, stopped her with one hand and looked at Gu Tang blandly, saying.

“Rolling out is out of the question, as for beating you out I hope you have the strength to do so!”

“Fine! Good! Enough guts!”

Gu Tang laughed coldly, and then with an arrow step had rushed out, laughing.

“Kid, don’t say I’m bullying you, today I won’t use the puppets, I’ll use the strength of this Three Dao Realm, if you can resist, I’ll no longer care about you and the White Drain!”

After saying that, Gu Tang didn’t even wait for Lin Ran to say anything, he already charged towards him with an arrow step.

Seeing this, the crowd backed up to make way for the field, and Leng Han pulled Leng Qiu to the side.

But there was obvious worry in Leng Qiu’s eyes, Gu Tang was a genuine Third Path Realm powerhouse!

“Brother, if the deceased is in danger later.”

“I won’t care!”

Before Leng Qiu could finish his words, he was interrupted by Leng Han going.

“Cultivating a path is inherently dangerous and full of trials and tribulations, if I have to take a shot at just a sparring session, then he is not worthy of you!”

“Even more unsuitable for cultivation!”

Leng Qiu did not say anything, although in her heart she was worried about Lin Ran’s safety, but what her brother said was indeed reasonable.

While the two of them were talking, Gu Tang in front of them had already rushed towards Lin Ran with an arrow step.

He did not use his puppet, but only exploded his entire body’s strength at the Three Dao Realm, and in an instant, three distinctive palm winds slapped towards Lin Ran.

Looking at the three palm winds with very different styles and auras in front of him, Lin Ran couldn’t help but frown slightly.

He could feel that these three palm winds contained three very different auras, which were clearly this Gu Tang’s comprehension of the three dao.

“This is the strength of the Three Dao Realm? The three palm winds appear to exist separately, but they are connected to each other!”

“One glory and one loss!”

Lin Ran said to himself in his heart, this was the first time he had sparred head on with a Three Dao Realm powerhouse, and his opponent’s three palms were indeed uncommonly powerful and unpredictable.

If it was before, Lin Ran would not have dared to be cocky and would have had to use his Divine Thunder Transformation to block them.

However, now, he was not worried at all.

“Go!”

Lin Ran fiercely squeezed his hands into sword fingers, and the next moment, he slashed out diagonally out of thin air.

In an instant, true qi was poured out from his body, and a white sword mane was actually formed.

The sword mane was only at the Realm of Enlightenment, so it was already head and shoulders weaker than the other side in terms of strength.

Seeing this scene, Leng Qiu and the others could not help but have their faces change, especially her hands unconsciously clenched up.

“One dao colliding with Brother Gu Tang’s three dao, simply seeking death!”

“Isn’t that right, this kid lost!”

“Absolutely no chance!”

There was a lot of chatter from the crowd.

Bai Chang, who was next to him, also looked at it indifferently, and then drank his own tea, as if he could already anticipate the outcome.

However, just as the crowd was not optimistic about Lin Ran.

The wisp of the sword had already collided with the three palm winds.

In the next moment, one could only hear “Bang Bang Bang!”

Three explosive sounds rang out violently.

Everyone then saw that Lin Ran’s sword mane had disappeared into thin air, while the three palm winds were still the same, slapping towards Lin Ran.

“How about that, I told you this kid was definitely out of luck!”

“Ai! It’s a pity that these three ancient ponds didn’t hold back, if they had slapped up, this kid would probably have been seriously injured!”

“Serves him right! An enlightenment realm is so rampant, on what grounds!”

The crowd murmured.

“Old man!”

Seeing this, Leng Qiu was also busy shouting.

However, Lin Ran was standing still, as if he was an outsider!

“Bang, bang, bang, bang!”

Suddenly, three more explosive sounds rang out, followed by everyone actually seeing in shock.

The three palm winds that had clearly smashed the sword mane and reached Lin Ran exploded out of thin air.

In the end, they only turned into a strong wind that caused Lin Ran's hair to fly backwards.

However, his entire body was unharmed at all.

"How is this possible?"

When Gu Tang saw this scene, his face sank, but before he could react, a white sword mane suddenly appeared in front of him and slashed towards his face.

"Not good!"

Gu Tang reacted extremely quickly, and the moment the sword mane appeared, he already raised his hand to block it.

"Bang!"

There was a muffled sound, and the next moment the sword mane shattered, but Gu Tang was also split backwards several steps, and the clothes on his wrist were instantly split with a gaping hole, looking very wretched.

"Lancang Sword Technique!"

Next to him, the wine cup in Bai Chang's hand was instantly crushed by him, and his eyes did not carry the slightest temperature as he looked at Lin Ran, his eyes filled with shock.
