

Wonder Doctor Chapter 1921

“What kind of sword technique is this, how do you know such a powerful sword technique?”

Gu Tang looked at Lin Ran, his eyes filled with shock.

The others beside him also had either shocked or ugly faces one by one.

“Brother Bai Chang, when did your Sword Immortal Sect actually have such a powerful sword technique!”

Gu Tang looked at Bai Chang with a slight questioning look.

In the impression of their generation, the Sword Immortal Sect was a declining sect, when would they actually have such a powerful sword technique.

But if it wasn't the sword technique of the Sword Immortal Sect, where did this kid in front of him learn it from.

This doubt was not only in Gu Tang's mind, but also in the minds of Leng Han Leng Qiu and Kudan.

“The Sword Immortal Sect has been handed down to this day and age, it is no worse than your Heavenly Puppet Sect, is it strange to have this kind of sword technique?”

Bai Chang blandly glanced at Gu Tang and did not say more.

He knew very well what the Lancang Sword Technique meant to the Sword Immortal Sect.

To be honest he didn't want to bring up the matter too much, after all he was a disciple of the Sword Immortal Sect himself.

If people knew that Lin Ran had performed the Lancang Sword Technique, which was the untold secret of the Sword Immortal Sect, and that he was not qualified to learn it.

If word of this got out, how else would he be able to claim his reputation as a genius, this was simply something he could not bear.

But the facts were already in front of him, and Bai Chang's gaze towards Lin Ran was a little more serious.

Almost everyone in the Sword Immortal Sect knew about his conflict with the latter, and the two were bound to clash in the sect competition in two months' time.

So many people were secretly waiting for the outcome.

If this matter were to get out, his reputation would definitely be suppressed, while Lin Ran's reputation would soar to the sky.

This was something he didn't want to see!

“Humph! So what if you cultivate the Lancang Sword Technique, you're still a mole at the Dao Enlightenment Realm!”

“When I defeat you in public at the clan competition, this genius of the Sword Immortal Sect will still be mine! And you are just a stepping stone for me, Bai Chang, on my cultivation journey!”

Bai Chang sneered in his heart.

Seeing that Bai Chang was unwilling to say more, Gu Tang also had no choice but to look very ugly.

“Gu Tang, do you still have something to say!”

Leng Qiu was busy standing out and questioned.

“Humph! A slightly more powerful sword technique is just a set, but I didn’t use my puppet!”

Gu Tang snorted coldly.

“What? You’re going to use a puppet because you can’t beat me? Do you still have a face? You said you wouldn’t use the puppet before!”

Leng Qiu pressed aggressively.

“Did I say that I would use a puppet?”

Gu Tang’s face was gloomy as he said in a cold voice.

“I admit to having fallen into this kid’s hands this time, as long as no one else has a problem with it, just let him stay!”

“Hmph! You still have some face!”

Leng Qiu coldly snorted, but a glint of joy flashed in his eyes.

Lin Ran was finally able to stay, and as long as he stayed and met Feng Sui, it would be up to him to decide who would get the chance!

“My late brother’s sword technique is truly remarkable, it seems that the Sword Immortal Sect is about to rise!”

Leng Han laughed.

“Rise? With just one enlightenment realm? I’m afraid that when he leaves the clan and goes outside, he’ll be a character to be ravaged!”

Gu Tang said disdainfully.

“That’s right! Brother Leng Han, you can’t say things so absolutely,? Your sister is right strength is different from combat power!”

“The enlightenment realm is always the enlightenment realm, there can have a few points of ability!”

On the side Kudan also disdainful said.

Leng Han, however, smiled blandly and said.

“Believe it or not is your business, at least for the geniuses who came here for the banquet today, all three of our other sects only have one disciple, right!”

“My sister is only here to mingle, and the ones who really want to meet Lord Feng Sui are just a few of us!”

“But now other people’s Sword Immortal Sect already have two, isn’t this a sign that they’re going to rise?”

“Signs? Just one brat? Brother Leng Han I think you’re taking him too seriously!”

Gu Tang said disdainfully.

“That’s right Brother Leng Han, if he can even be considered a genius, then wouldn’t Leng Qiu be a genius among geniuses!”

Next to him, Bai Qu also spoke up, obviously in his eyes Lin Ran was a piece of shit, it was just that this piece of shit had a bit of strength that allowed him to only present his mouth.

“Believe it or not is your business, why say so much!”

Leng Han smiled blandly and didn’t bother to say much.

However, the hearts of the crowd were all a little drummed, Lin Ran’s appearance did make the crowd feel that the Sword Immortal Sects were vaguely trying to rise.

From the fact that strands of young disciples from their generation had been cleaned up by the Sword Immortal Sect’s Lin Ran, one could see some of the signs of this.

“All right! It’s about time, everyone else should go!”

Not beating Lin Ran made Gu Tang feel hot in the face, so he spoke straight away to clear the crowd!

All the people didn’t say anything either, they had originally come over this time just to open their eyes.

Seeing this, the crowd started to walk towards the courtyard.

The courtyard was very large, and those who had come to see it were very conscious of the fact that they had retreated to the edge of the courtyard.

The middle seat was left empty.

At this moment, there were only six people sitting here.

It was none other than the Leng Qiu Leng Han siblings, Lin Ran and Bai Chang, as well as Kudan and Gu Tang.

However, just when the crowd thought that these six people were the only ones who would meet Lord Feng Sui this time.

Suddenly a white silhouette walked over from outside the courtyard, wearing a veil, her gaze as calm as water, and gave a bland glance at several people before taking up an empty seat at the side.

“Su Sa! Why is she here too!”

Buji Swordsman came up next to Lin Ran and asked busily.

“I don’t know!”

Lin Ran shook his head, he hadn’t heard that Su Sa was also here for this auction, so how did she suddenly appear here.

“Beauty! Who are you again?”

Gu Tang’s face was ugly, one more person was one more competitor.

“You are, girl?”

Next to him, Kudan also spoke up and asked, neither of them had seen the woman in front of them.

Leng Qiu, on the other hand, looked at Leng Han and saw that the latter had a slight frown and didn’t say a word,? also did not open his mouth to say anything.

“Asking you something! Can’t hear?”

Seeing that the woman did not open her mouth, Gu Tang could not help but blush a few degrees colder.

“Dry tongue! Who am I to do with you?”

Su Sa looked at the other party, her voice icy cold.

“Yo is still a hot girl! Do you know where this is? Who are you going to meet here later! Just sit here, do you really think we won’t kick you out just because you’re a woman?”

Gu Tang sneered.

Su Sa, however, had a bland face, not bothering to pay any attention to this Gu Tang at all, turned her head to look at Leng Han and said.

“I’m a disciple of the Sword Immortal Sect, I can participate in this event, right!”

“Naturally you can!”

Leng Han returned, he could not be the same as Gu Tang, he could feel that this woman in front of him breathed a mystery, and her strength was afraid to be not bad.

And it seemed to be to corroborate his words, this woman actually said that she was also a disciple of the Sword Immortal Sect.

“A disciple of the Sword Immortal Sect? Are all the disciples of your Sword Immortal Sect so shameless now? Two is not enough, but you want three!”

“Do you really think that there is no one from our other sects!”

Gu Tang said angrily.

Seeing this, Kudan at the side also said with a slight frown.

“Brother Bai Chang, your Sword Immortal Sect has indeed gone a bit too far, is Lord Feng Sui someone who can meet anyone? You Sword Immortals actually came three people at once!”

“Do you really think we are air?”

“This matter has nothing to do with me, if you can drive them away, that’s your business, I, Bai Chang, won’t interfere! At the same time I won’t leave either!”

Bai Chang gazed at the two men, his voice bland, with the attitude that it was none of their business.

Wonder Doctor Chapter 1922

“Fine! Fine, since you don’t care! Then I’ll manage!”

Gu Tang got up straight away, his face very ugly.

Previously, a Lin Ran, a small enlightenment realm had made him lose face, and now he didn’t expect another person from the Sword Immortal Sect to come.

This made his heart seed very unhappy, his own Tian Kui Sect had only come by itself, why should the Jian Xian Sect come with three people at once!

“Brother Gu Tang, I support you, it’s better to invite some people without strength out!”

Next to him, Kudan also spoke up, at this moment this matter made him upset in his heart as well.

“Brother!”

Leng Qiu was busy looking at Leng Han, the situation in front of them, the Royal Thunder Sect should actually stand with the Heavenly Kui Sect Dan Pavilion.

However, Leng Han waved his hand and said with a tight frown.

“Let’s leave this matter alone, this woman is afraid that she is not simple either!”

“No way, when did the Sword Immortal Sect produce so many powerful young disciples!”

Leng Qiu was also puzzled.

“Silly sister, you can’t be like Gu Tang and the others, they’re all brainless!”

Leng Han whispered.

“The Sword Immortal Sect has been passed down to this day, and in the entire Eastern Flag City, apart from the Eastern Chess King and our Leng Family, they are the ones who have been around the longest!”

“Even the Royal Thunder Sect and the Heavenly Kui Sect Dan Pavilion were both established later, a sect with such a long heritage, even if it falls away for a while do you think they’re completely finished?”

“Don’t forget that a thin camel is bigger than a horse, if the Sword Immortal Sect was really that unbearable, I’m afraid it would have been swallowed up by other forces!”

“But aren’t they still fine now?”

Leng Qiu was stunned at his words, what his brother said was indeed so true.

As she was thinking in her heart, the ancient pond in front of her had already reached Leng Qiu, and her voice was cold.

“Beauty, are you going to leave by yourself, or let my brother ask you out!”

Su Sa looked up at him, but then looked at Lin Ran who was on the side.

Lin Ran saw this and couldn't help but show his hands, as if to say, this man is like this, you have to rely on yourself if you want to stay!

Su Sa saw this and looked at Gu Tang, her voice was cold as she said.

"Get out of my sight immediately and leave me alone!"

"Yo, not only is she pretty, she's also got a temper!"

"Then I'm telling you, get out of here right now or I won't be polite!"

"Don't talk to me about pity, I don't eat that!"

Gu Tang had a disdainful face, while his whole body's aura had already emitted.

"Boring!"

Su Sa blandly glanced at him, not saying anything as she poured herself a cup of wine and prepared to taste it.

"Holy shit, n your Sword Immortal Sect is really getting more and more rampant! If I don't let you know that there's still the Heavenly Kui Sect in this East Flag City today, you'll still be in heaven!"

Gu Tang coldly snorted, followed by a wave of his palm, and instantly a silver-white puppet appeared out of thin air.

Then, with a flash of his body, Gu Tang had actually entered the puppet.

The puppet's originally pitch-black eyes also turned white in an instant, as if it had come over with fire.

"A fine iron puppet?"

Lin Ran frowned as he watched, this kind of puppet had already entered the path somewhat, although its strength was not as strong as the amethyst puppet.

But it was not bad in strength either, he just didn't expect this Gu Tang to be so shameless, he had directly summoned the puppet this time.

"This guy is so shameless, it must be because of his deceased friend, he has directly summoned his puppet this time!"

Leng Qiu couldn't help but say.

Earlier, Gu Tang had been arrogant and said that he could clean up Lin Ran without using his puppet, but he ended up being severely slapped in the face.

Now that the opportunity had presented itself again, this guy really didn't waste any time and directly summoned his puppets out.

Obviously, he was ready to get back at him.

"Want to fight?"

Su Sa's face sank when she saw this, and she also stood up from her position.

"Beauty, I don't want to fight! Who told you to be so disobedient, then brother I'll just have to make you understand what it means to be well behaved today!"

Gu Tang said already controlling the puppet and rushing towards Su Sa with an arrow step.

He saw the white puppet's palm instantly grabbing towards Su Sa's cheek.

It was not sure if it was intentional or unintentional, but it actually wanted to rip Su Sa's veil off.

"Hey! Who's wrong to mess with, but to mess with her!"

Next to him, Lin Ran shook his head helplessly as he watched, he knew very well how strong Su Sa was, that was an existence that was even more terrifying than himself.

He also practiced the Lancang Sword Technique, and he knew very well how strong it was.

Even Bai Chang, who was at the side at the moment, was also minding his own business, obviously not interested in the fight.

Perhaps he had already guessed the outcome.

The crowd was in different moods, but at this moment, Gu Tang had already rushed to Su Sa with a cold laugh.

Su Sa stood in the same place, without a single glance, her face with a white veil is not visible any change in expression.

Only the pair of exposed eyes were a little cold.

"Seeking death!"

Suddenly, Su Sa's eyes suddenly narrowed slightly, and the next moment, the jade hands under the white robe already came out.

Those hands were flawlessly white, as if they were white jade, but the moment they appeared there was a sharp aura that split out instantly.

The aura was like a sword, and a white mane appeared out of thin air in an instant, slashing directly towards Gu Tang's silver-white puppet.

The silver-white puppet's palm was in front of it, and it instantly collided with the white mane.

However, not even a single sound came out when the two collided.

The crowd was shocked to see that the white mane had instantly cut through the puppet's arm, and then slowly dissipated.

The puppet's original forward movement also stopped in an instant, just like a statue, frozen in place.

"Look, what is that!"

Leng Qiu suddenly exclaimed, followed by everyone seeing it at the same time.

On the silver puppet's arm, a crack had suddenly appeared.

The crack was like a spider's web, spreading rapidly, and then there was a crunching sound, and the puppet's arm was falling off.

That's right, it fell off. The arm and the body were split apart.

The crowd could clearly see that the cut was as flat as a mirror, which was unbelievable.

"Who the hell is this woman! How can the strength be so strong!"

Beside him, Kudan couldn't help but suck in a breath of cold air backwards.

This was Gutang's fine iron puppet, and it was impossible for ordinary people to hurt it.

As a result, now, the other party had split his puppet's arm in just one glance, and the wound was so flat and smooth.

"Bastard!"

Seeing this scene, Gu Tang was instantly enraged and controlled the puppet and charged towards Su Sa.

However, Su Sa waved her palm, and the white mane that had disappeared before actually surfaced once again, already straight across the puppet's chest.

"If you want to die, just take one step forward!"

Su Sa looked at Gu Tang, her voice icy cold.

Gu Tang also finally calmed down, looking at the white mango in front of him and couldn't help but gulp.

He had no doubt that if he really dared to take one step forward, the woman in front of him would immediately cut his puppet to pieces.

And at that time, even if he hid within the puppet, he was afraid that he would have to suffer heavy injuries!

"Who the hell are you!"

Gu Tang's face was resentful as he questioned in a cold voice.

"Sword Immortal Sect, Su Sa!"

Su Sa's voice was bland as she returned in a cloudy voice.

"Su Sa? I don't have one at all."

Gu Tang was just about to retort, but Bai Chang, who was on the side, spoke up.

"All right! You're no match for her, she's the most powerful disciple in the Sword Immortal Sect, and even I'm no match for him! You should stop making a fool of yourself!"

Wonder Doctor Chapter 1923

Hearing Bai Chang's words, Gu Tang could not calm down for a long time, the strongest disciple of the Sword Immortal Sect, even Bai Chang was not her opponent.

Wasn't the strongest disciple of the Sword Immortal Sect supposed to be Bai Chang?

This Su Sa they hadn't even heard of before!

Gu Tang Kudan and even Leng Qiu Leng Han were incomparably shocked in their hearts.

One, because of the strength of this Su Sa, and two, because they didn't even know that there was a Su Sa in the Sword Immortal Sect before!

In fact, this was not surprising, Su Sa had a very high status in the Sword Immortal Sect, and it was difficult for many people to meet her on a regular basis, let alone be said to know her.

Only Bai Chang was always a head lower than Su Sa in the sword ranking, so the two would have some encounters.

"I admit it!"

Gu Tang's face was as ugly as if he had eaten a fly as he put away his puppet whose arm had been scrapped.

Originally, he wanted to save face for Bai Qiu, but who knew that he would end up getting himself involved.

Instead of getting his face back, he had gotten his own Iron Puppet involved as well.

"This puppet will take months to repair!"

The more Gu Tang thought about it, the harder he felt, he wanted to slap Lin Ran and Su Sa to death immediately.

"Alright, since everyone else is fine with it, then let's be nonsense, Lord Feng Sui will be here soon!"

Leng Han opened his mouth and said.

Su Sa's revealed strength had already made even Kudan shut his mouth, so naturally no one was bringing up the matter without opening their eyes at this point.

Although Kudan and Gu Tang were a little upset, they could not do anything about it as their strength was there, and they could only accept the fact that there were three of them in the Sword Immortal Sect this time.

And as things had developed to this point, they had to re-measure Leng Han's earlier remark.

"I'm afraid that the Sword Immortal Sect is about to rise!"

In one generation, there were actually three geniuses, and this strength was already enough to make other sects take notice.

Moreover, this Su Sa they had actually never heard of before, this was like a stifling blow to their hearts.

A few moments later, the sound of footsteps rang out from outside the garden.

The crowd immediately looked towards the entrance of the garden with anticipation in their eyes.

Sure enough, within a few moments, a figure walked in.

It was a young-looking man, but his aura was ancient and pale, so it was obvious that he had had a lot of experience.

Cultivators, whose strength had reached a certain level, could change their appearance at will.

For example, when Lin Ran first met him, he looked like an old man, but now he looked similar to Lin Ran.

When one's strength is strong, whether one is young or old doesn't really matter anymore.

For example, this youthful-looking person who appeared at this moment gave off a very strong impression.

And who was this person, if not Feng Sui.

Feng Sui was dressed in a white robe, looking very dashing and carrying a sense of suavity in the way he moved his hands.

This made Lin Ran look a little envious, how many people in the world could be so dashing, or at least he himself could not do it now.

"Lord Feng Sui!"

The crowd rose up and saluted respectfully, but the picture looked a little strange.

The picture looked a bit strange, because Feng Sui looked just like the crowd.

"No need to be polite, everyone please sit down!"

Feng Sui was very kind and said with a smile.

The crowd took their seats, but their eyes were all looking at Feng Sui.

Lin Ran also looked at him, for some reason this man gave him a familiar feeling, as if he had seen him somewhere before.

But Lin Ran knew in his heart that he had never seen the other side before, and what was familiar to him was also a feeling, as if this person had a certain aura similar to someone he had seen before.

But for a while Lin Ran was unable to think of who it came to be.

"We all know the situation of my wind follower, the auction in East Flag City will start tomorrow, so I won't talk nonsense anymore!"

"Let's take it one by one, each person can ask a question and I will leave when the answer is done!"

Feng Sui said dryly.

"Understood!"

The crowd was delighted, being able to ask one question was honestly satisfying to them.

“Good! Then let’s start with Leng Han first!”

Feng Sui looked towards Leng Han, he had hosted this banquet today after all, it was only right that he should come first.

“Good!”

Leng Han didn’t say any nonsense and asked at once.

“Brother Feng Sui, I want to know! With my strength and potential today, how big is the gap compared to those young talents of Immortal Emperor City!”

The moment this question was asked, the crowd couldn’t help but tense up.

Although East Flag City was also one of the king cities of the Immortal Emperor Domain, it was still somewhat different compared to Immortal Emperor City.

This question from Leng Khan also spoke to the minds of these geniuses from East Flag City.

Feng Sui glanced at the crowd and then said.

“From birth, a person’s natural talent is dead, everything depends on the resources at a later stage and whether they work hard or not!”

“There is no exact answer to this question, I can only tell you that Immortal Emperor City is bound to have the power that Immortal Emperor City has!”

“East Flag City also has the powerfulness of East Flag City, if you had to fight a young talent from Immortal Emperor City right now!”

“Then your chances of winning would be less than 30%, and you would only be ranked at the bottom of Immortal Emperor City!”

“But again, their future is obvious to see, but yours is all unknown!”

The crowd was stunned by the words, and quickly understood what Feng Sui meant.

The disciples of the great clans of Immortal Emperor City had all ended up serving their clans!

But these people from East Flag City would all go out and make their way in the future, one for their family and one for themselves.

The result was just as Feng Sui had said, one with a visible future and one with an unknown future!

“Many thanks!”

Leng Han arched his hand, he had gotten the answer he wanted, which was that there was still a gap between himself and the young talents of Immortal Emperor City, as far as the present was concerned.

But the future was all hard to say!

“Lord Feng Sui, I want to ask how I can better combine Heavenly Thunder and sword moves!”

Leng Qiu followed and spoke.

“This is a question that your clan’s master should have explained, but if it were placed on me, I would do so.”

“Lord Feng Sui, I want to know how the Puppet Way can be combined with the Sword Way!”

“Lord Feng Sui, how can the Way of Alchemy.”

Following that, Gu Tang and Kudan also asked their questions.

Feng Sui also answered all of them one by one.

Soon within the entire garden, only the three from the Sword Immortal Sect remained without speaking.

“Which one of you three will come first?”

Feng Sui asked with a smile as he looked at Lin Ran and the three of them.

Lin Ran and Su Sa both didn’t speak, and Bai Chang, who was on the side, smiled blandly.

“I’ll go first, Lord Feng Sui, I want to know if there is the strongest sword move in the entire Immortal World!”

“No!”

Feng Sui did not think twice.

“The Dao is the Dao, sword moves are sword moves, sword moves are merely an application of the Dao!”

“If the sword is compared to a toy, is there any argument as to who plays with toys the best?”

“Everything is only determined by strength, the Dao of the sword is so big, who can say that their sword moves are the strongest!”

“There is never the strongest technique or the strongest sword move, what is truly strong is always the practitioner himself!”

“Many thanks!”

Bai Chang smiled and nodded, while glancing at Lin Ran and Su Sa, with smugness in his eyes.

The meaning seemed to be saying, “So what if you have the Lancang Sword Technique, what is truly strong is always the practitioner, not some Lancang Sword Technique!”

Suddenly, Feng Sui was the one who spoke again.

“Of course, there are strengths and weaknesses in sword moves, but in the end, it’s your own dao heart that you have to look at when you fight!”

Wonder Doctor Chapter 1924

“What about you two?”

Feng Sui asked with a smile as he looked at Lin Ran and Su Sa.

Su Sa glanced at Lin Ran and when she saw that he had no intention of speaking up, she said.

“I’ll do it, Senior Feng Sui, I want to ask what can break through the Thousand Weighted Iron!”

“A Thousand Weighted Iron?”

The crowd was stunned at his words, as they had not heard of what a Thousand Weighted Iron was at all.

The crowd looked at Feng Sui, but found that he had a slight frown on his face, as if he knew what this Thousand Weight Iron was.

“Senior Feng Sui, this Thousand Weighted Iron is.”

Next to him, Gu Tang was busy asking, but the words stopped abruptly in the middle of his sentence.

He noticed that Feng Sui was looking at him with a slight frown, and only then did he remember that he had finished asking his question.

“What is the Thousand Weighted Iron?”

Lin Ran busily asked Li Ba.

Li Ba pondered for a moment and said.

“I’m not too sure exactly, it seems to be a very powerful material, and Qiqi had told me before that the place Su Rou was trapped in was called something like the Thousand Chance Tower!”

“And the Thousand Chance Tower is made of Thousand Heavy Iron, and Thousand Heavy Iron is impossible for even a half-step Immortal to break open easily!”

“Su Rou?”

Lin Ran was stunned to hear this, but in his heart, he already understood.

Su Sa was asking this question at this point, fearing that she knew that the place Su Rou was trapped in was the Thousand Machine Tower, and that the Thousand Machine Tower was made of Thousand Heavy Iron.

But what was she asking this for? Would it be hard to go rob someone?

That would be an enemy of the current Immortal Emperor, and Su Rou would never let her do that!

“Miss! The Thousand Weighted Iron is the second highest ranked material in the Immortal World today, it’s not easy to break through it!”

“According to legend, there is only one weapon in the entire Immortal Realm that can break the Thousand Weighted Iron with a single sword!”

Feng Sui looked at the crowd and said.

“This weapon, named the Dragon Cutting Sword! It was the weapon of the first Immortal Emperor of the Immortal Realm back then!”

“If you can find the Dragon Cutting Sword, the Thousand Weighted Iron will certainly be easily broken!”

“However, the old Immortal Emperor has disappeared for an unknown number of years, so there is nowhere to find this Dragon Cutting Sword!”

“In the end, I would like to say one more word of advice, in life, there are some things that you can’t control, learn to let go of everything!”

“Understood!”

Su Sa nodded and did not say more, although the old Immortal Emperor’s Dragon Cutting Sword was almost impossible to find.

But this always gave Su Sa a little hope didn’t it.

Lin Ran could clearly see that Su Sa’s eyes had some more glow in them, showing a few more happy moments than before.

“Friend, it’s your turn!”

Feng Sui asked with a smile as he looked at Lin Ran.

Lin Ran thought for a moment and spoke.

“I want to know why the Immortal World’s medical dao has been abandoned!”

Hearing this question from Lin Ran, the crowd was stunned.

No one thought that he would ask this one question, it was only logical that he should ask about the sword dao since he was so powerful in the sword dao, so how could he ask a matter that was not related to the eight sticks.

Only Lin Ran knew in his heart how much of a loss it would be to him if he couldn’t use his healing dao.

“You know the Dao of Healing?”

Feng Sui looked at Lin Ran and frowned slightly.

“Slightly, I’m mainly curious!”

Lin Ran said.

Feng Sui nodded at his words, but the gaze he looked at Lin Ran was a little more strange.

“I can’t be completely clear on this issue, you can just pretend that the Immortal World’s medical dao was enriched by someone rather than being unusable!”

“Enriched by someone?”

Lin Ran was stunned to hear this, who ah could be so powerful that they could actually seal the entire dao with their own power!

How powerful that had to be.

“Alright! I’ve finished answering all your questions, so I’ll take my leave!”

Said Feng Sui as he got up and was about to leave.

However, Lin Ran looked at him but noticed that the moment he turned around, the feeling between his hands and feet was very familiar.

“Where exactly have I seen him before?”

Lin Ran couldn't think of anything in his mind for a while.

“Lord Feng Sui, why don't you stay a little longer!”

Suddenly next to him, Leng Han got up and said.

“Yes, Lord Feng Sui, it's not easy for you to come here for once, why don't you sit for a little longer!”

“Yes!”

All the people spoke up and persuaded.

Feng Sui seemed to have expected this and looked at the crowd and said.

“I understand what you all have in mind, but I, Feng Sui, am all about chance in everything!”

“How about this, I'll ask a question, and if any of you can answer it, I'll give him a chance to ask a question alone, how about that?”

“Yes!”

“Yes!”

All of them nodded.

Feng Shui didn't say any nonsense and looked at the crowd and said.

“I am proficient in alchemy, you should all know that, I would like to ask a question, who can use cold ice to refine pills!”

“Cold ice for alchemy?”

“How is that possible, never heard of it before!”

“That's right, Lord Feng Sui, are you mistaken, using cold ice to refine pills.... That's all ice ballast, I'm afraid!”

The crowd was murmuring, never heard of being able to use cold ice to refine pills!

“It's possible!”

Suddenly, Lin Ran on the side was the one who spoke up.

“Kid, you're crazy! Refining pills with cold ice, where's your turn when old me hasn't even asked!”

On the side Kudan was very upset, he was a disciple of the Dan Pavilion, he didn't even dare to open his mouth, what gives this kid the right!

“You don’t know, it only means you’re too stupid, what does it have to do with me!”

Lin Ran gave him a bland look.

“Deceased brother, this is no joke!”

Leng Han was also busy saying.

“Deceased!”

Leng Qiu also looked at Lin Ran with some confusion.

Su Sa, however, never said anything, she had already gotten the answer to the question she wanted, and didn’t seem to have much interest in this chance.

“Kid, you’re telling me exactly how to make pills! If you dare to lie to people, you know the consequences!”

On the side, Gu Tang said angrily.

Lin Ran glanced at them indifferently, then said.

“It’s very simple, whether it’s cold ice or fire inflammation, alchemy is no more than an extraction!”

“I know of a cold marrow that grows in extremely cold places, and this kind of thing contains a very large amount of water inside!”

“Because it is the water of cold marrow, if a person takes it, it will freeze the meridians and qi and blood of the whole body leading to an incurable death!”

“But likewise, there is a substance within this cold marrow that is a very good medicine for Chinese medicine, and if it can be refined, it can make a very good elixir!”

Speaking here, Lin Ran looked towards Feng Sui and said.

“Lord Feng Sui, using cold ice to refine pills should be used to refine this kind of cold marrow pills!”

Feng Sui nodded at his words and asked with a smile.

“Then you should tell us how to refine it!”

“Simple!”

Lin Ran laughed.

“Place the cold pith in a cold place, the moisture inside will condense into ice on its own, and then knock the ice off to reveal the cold pith inside, allowing it to condense into ice again!”

“Repeat this until the cold marrow is unable to condense into ice crystals, and the quenching is complete!”

“What’s left can be used in medicine and also in alchemy, I wonder if I’m right!”

“Haha!”

Feng Sui laughed and applauded at the same time.

The crowd was dumbfounded at the sight, each one looking at Lin Ran with disbelief in their eyes.

“Kid what is this cold marrow you speak of, how come I’ve never seen it before!”

“That’s right, even Kudan has never seen it before, you couldn’t have just made it up instead!”

Gu Tang chimed in.

Lin Ran, however, smiled blandly and said.

“The fact that you don’t know only means that you don’t have enough chance! If I can answer it, this is naturally my chance!”

“And that thing you all know, it’s written in the medical dao, this cold marrow is called, Nine Heavenly Cold Marrow!”

“I’ve read about it in the Sword Immortal Sect’s textbooks, it’s said that the Nine Turning Golden Pill, the ultimate elixir, is made from this stuff!”

“That’s right!”

Feng Sui smiled and nodded his head.

“This Nine Heavenly Cold Marrow is indeed so refined, boy! It seems that you and I have a destiny, let’s borrow a step to talk!”

Wonder Doctor Chapter 1925

With that said Feng Sui had taken a step towards a courtyard off to the side.

“This!”

“Lord Feng Sui, isn’t this too hasty!”

“Yes, Feng.”

The crowd was busy speaking up, but Feng Sui did not bother with them anymore and walked straight towards the courtyard next to him.

“All right!”

Leng Han suddenly spoke up and looked at the crowd.

“What is there to be dissatisfied about if your skills are not as good as others, this opportunity is the late brother’s!”

“On what grounds!”

Gu Tang and Kudan immediately quit.

“On what grounds? Then you go to Lord Feng Sui, don’t die on me if you anger the other side later!”

Leng Han said in a cold voice, and then sat down, drinking to himself.

Bai Chang also seemed to have seen the light and gave Lin Ran a disdainful glance, following which he also began to sit down and drink.

Although Gu Tang and Kudan were reluctant, they could see that both Leng Han and Bai Chang were no longer saying anything, so they had no choice but to grit their teeth and do as they were told.

The matter at hand was not something they could influence, who Feng Sui wanted to see was entirely his freedom, and this time the chance was obviously not destined for them.

It ended up falling on Lin Ran.

“What a lucky break!”

There was contempt in Kudan’s eyes, as a disciple of the Dan Pavilion, the question that Feng Sui had asked should have been his chance, but he had failed to grasp it!

Instead, he had let a disciple of the Sword Immortal Sect who didn’t know how to refine pills at all steal the opportunity.

“Practising your sword properly, and knowing anything about the art of cold marrow, is really boring enough!”

Kudan cursed angrily in his heart.

However for their minds? Lin Ran did not care at all, at this moment he had followed Feng Sui to the courtyard next to him.

With a wave of Feng Sui’s palm instantly an array appeared, enveloping the courtyard where the two were directly.

“Senior this?”

Lin Ran looked a little dumbfounded.

Even if he was meeting himself alone, there was no need to make such a big show, and he had even used the formation.

“Be careful!”

Feng Sui looked at Lin Ran and laughed, while saying.

“If you have any more questions, you can ask me, and when you’re done, I have another question I want to ask you!”

“Ask me?”

Lin Ran was stunned, but didn’t think much of it, Feng Sui was afraid that he was somewhat curious about himself, after all, he was a sword cultivator who actually knew about the Water of Cold Marrow, this likely made the other party somewhat interested as well.

“Let’s begin!”

Feng Sui didn’t say much, looking at Lin Ran with a bit of light in his gaze.

Lin Ran pondered for a moment and opened his mouth to ask.

“Has Lord Feng Sui ever known a person?”

“Who?”

Feng Sui asked with a smile.

Lin Ran didn't say anything either, he just casually picked up the teacup in his hand, and then tapped it in the air and gestured out three words.

But when he saw these three words, Feng Sui's face instantly changed.

He looked at Lin Ran, and then at the three words in the air, and his whole body actually began to slowly tremble.

“Lord Feng Sui knows?”

A light appeared in Lin Ran's eyes, and his heart even lifted straight up.

The three words he had written were no other than “Feng Yi Yao!”

At this moment, Feng Sui's reaction already made him understand that this Feng Sui must know Feng Yi Yao.

Who was Feng Yi Yao?

When Lin Ran was fighting with the foreign devil, he entered the Chaos Lightning Tribulation at a life-and-death moment.

When the thunderclap was a life-threatening event, it was Feng Ziyao who appeared to guide him, which allowed him to understand his medical dao and reach perfection.

It was only afterwards that one thing after another, he had no time to worry about this person.

This time, it was simply because Feng Sui's surname was also Feng, and there was a slight resemblance between him and Feng Yuyao in the way he carried himself.

It was only because Feng Sui's surname was also Feng, and he had some similarities with him in the way he moved that he opened his mouth to test him.

“I already know the answer. Although I would like to know more but rules are rules, Lord Feng Sui has and questions, you can ask them!”

Lin Ran said.

Feng Sui's whole body trembled for a long time and could not calm down, and drank several times enough wine this gradually calmed down.

“Can I see your hand?”

Suddenly Feng Sui looked at Lin Ran and asked.

A hand?

Lin Ran was stunned, not understanding why Feng Sui would make this request.

However, the other party was powerful, if he wanted to harm himself he would have done it already, so at that moment Lin Ran put his palm out.

Feng Sui didn't bother to take it, and with a wave of his palm instantly Lin Ran's sleeves were rolled up, revealing his white, strong arms.

"Nope! The other one!"

Feng Sui said with a frown.

Lin Ran was surprised, but did as he was told.

The next moment when Feng Sui waved up the sleeve of Lin Ran's other hand, a bracelet was immediately revealed.

That bracelet was no other than the silver needle that Lin Ran had found from the place where his senior sister, the Nine Specters, was buried.

This silver needle was left behind by his ancestor, the Nine Heavenly Mystical Maiden, and Lin Ran had been carrying it close to his body ever since he received it.

Although he didn't use it often, it was his most relied-upon underhanded killing move.

"That's it! That's it!"

Feng Sui's whole body trembled, and the excitement in his eyes was overwhelming.

"How did you get it? Where did you find it!"

Feng Sui asked excitedly.

"This.... It was found in my hometown!"

Lin Ran was a little bewildered and busy telling the story roughly.

Feng Sui became even more excited as he listened.

"Sister? Master? Your master is the Nine Heavenly Mystic Maiden!"

"How did you know?"

Lin Ran was equally shocked at his words, he didn't expect Feng Sui to actually know his ancestor.

"How do I know? Haha! It's really something to see, I, Feng Sui, have been travelling the Immortal World for so many years, and finally! Finally, I've found it!"

Feng Sui was very excited.

"Senior Feng Sui, what is this all about?"

Although Lin Ran did not know what relationship Feng Sui had with his ancestor, it was obvious that his words carried a layer of meaning.

That was that he, Feng Sui, had travelled the Immortal Realm and seemed to be looking for this bracelet, or rather the owner of the bracelet!

“Little friend of the deceased, let’s sit down and talk! Speak slowly!”

Feng Sui’s attitude was obviously lowered a few notches, pulling Lin Ran to sit down at the side, while asking some more questions about the bracelet.

Lin Ran didn’t hide anything, these things were all his past experiences, there was no harm in telling Feng Sui, moreover, the other party was stronger than himself, if he really wanted to kill himself, he wouldn’t change just because of this bit of his experience.

“So that’s how it is!”

After hearing Lin Ran’s account, Feng Sui also came to a sudden realization.

However, the doubts in Lin Ran’s heart were even more, what was this all about, how come he didn’t know anything about the inside story.

“Senior, I wonder if you can talk to me.”

“Don’t worry, I will naturally tell you!”

Feng Sui seemed to have seen through Lin Ran’s desire to know and said with a smile.

“But this is a long story, and the matter is very much at stake, this is not the place to talk!”

“If you want to know, go to the Wind Family Formation! I will wait for you at the Wind Family Formation for a year!”

“In a year, if you come, you will understand everything! I will tell you all the things you want to know!”

Saying this, Feng Sui got up and looked at Lin Ran and said.

“Don’t tell anyone about this matter, including your master, because there are too many things involved at this point!”

“Let me remind you of one last thing! Feng Yi Yao! That’s the ancestor of our Feng family!”

“Do you understand now?”

“I’ll be waiting for you at the Wind Family Formation!”

After saying that, Feng Sui directly turned into a stream of light and rushed away, disappearing into the sky in an instant.

Wonder Doctor Chapter 1926

“This...”

Lin Ran froze in place, unable to react for a long time.

One moment, he had said that he would tell himself all about it, but the next moment, Feng Sui was actually walking away.

If it wasn't for his words at the end, that Feng Yi Yao was his ancestor, Lin Ran was afraid that he would have thought that he had been punked.

He had told him everything he knew, but this guy had run away!

Feng Family Formation?

Lin Ran quickly pondered the name, and he soon realised that this place was not far from East Flag City.

Using the East Flag City's teleportation array, it would only take three days at most to get there.

However, at this moment, Lin Ran was struck by a thought that he did not want to go immediately.

If Feng Yi Yao was really Feng Sui's ancestor, then the Feng family must still know about the Nine Heavenly Mysterious Maiden.

Previously, Lin Ran had always wanted to know about his ancestor's affairs in the Immortal World.

But now that he was really close, he wasn't in a hurry.

"Feng Sui! The Wind Family! Interesting!"

A smile appeared on the corner of Lin Ran's mouth.

This Feng Family formation was something he had to take a trip to, it was just a pity that now was not the right time.

At present, his own strength was still very weak, and he was the descendant of the Nine Heavenly Mystic Maidens, but there was such a huge difference in strength between himself and Feng Sui, the descendant of Feng Yi Yao.

Lin Ran was also clear that even if he were to spy out some of the truth of the matter right now, he would not be able to change anything at all.

This was because his own strength was ultimately too low.

Lin Ran then left straight away and did not go to see anyone.

When the Bu Er Swordsman got the news of Lin Ran's departure, he also returned alone.

He didn't ask Lin Ran exactly why he had left alone, but the conversation with Feng Sui alone might have been the reason, so he didn't ask more questions.

Staying alone in his room at night, Lin Ran thought about many things.

Feng Sui was originally coming to East Flag City to attend the auction, but because of his conversation with himself he had gone straight back to the Feng family formation.

Perhaps he was in a hurry to tell his clan about himself, or maybe it was for some other reason.

Lin Ran didn't know yet.

However, none of this mattered, since he had already made up his mind to go to the Wind Family Formation in the future, Lin Ran was in no hurry.

“The most important thing right now is to hurry up and find the Divine Sense Herb and wake Qing Zi up!”

Lin Ran quickly fell asleep.

Early the next morning, Lin Ran left the inn with Bu Er Swordsman and along with Leng Qiu who had rushed over long ago.

“The first auction is scheduled for nine in the morning, where are we going now?”

Leng Qiu asked as they walked.

“I don’t know, I was going to register, but it turns out that you’ve brought the tickets, so let’s just stroll around first!”

Lin Ran said.

Every auction required registration, and while Lin Ran and Bu Er Swordsman hadn’t even gone, Leng Qiu was already over with the tickets.

Naturally, there was no need to sign up for this one.

And apart from the auctions held by the Luo Ran merchant house, other small merchant laws would also participate.

So East Flag City could almost be described as a gated city nowadays.

Walking down the streets, there were vendors with stalls almost everywhere.

The three of them wandered through the streets, specifically picking some stalls selling herbs to wander around.

The main reason was that Lin Ran wanted to buy some divine sense type herbs.

If he could stumble upon such stalls, he honestly wouldn’t be much interested in auctions and the like.

“This way, there looks to be quite a lot of herbs over here!”

Leng Qiu greeted, while running right towards a stall.

Lin Ran looked and found that there was indeed a very large stall in front of him, with all the herbs on display.

“What do you want, I have a very complete range of herbs here, everything you need!”

The owner greeted warmly.

“Are there any divine sense ones!”

Lin Ran asked directly without any nonsense.

“Yes! Of course there are!”

With that, the boss rummaged out two wooden boxes from the side, which were opened and inside were indeed divine sense type herbs!

It was just a pity that these two divine sense type herbs were too low grade!

“This... Are there any more? Only two?”

Lin Ran was a little disappointed, this herb of divine sense was so ineffective that he was afraid that a hundred of them wouldn't be able to match one vine flower.

If there wasn't enough of it, I was afraid that it wouldn't be able to awaken Qing Zi at all.

“Young man, you're joking, do you need me to say more about how hard it is to find this divine sense type of herb?”

“Just these two plants, they were collected at a great price!”

“Alright!”

Lin Ran had no choice but to ask the price and buy them, even though flies were small there was still meat.

Something was better than nothing.

Maybe these two seemingly useless herbs were the last thing needed to wake up Qing Zi!

When he got the herbs, Lin Ran directly put them into the Qiankun Purple Qi Vase and let Qing Zi absorb them.

“Let's go, let's go around again!”

Seeing that it was still early, Lin Ran was ready to go shopping again, it would be good to buy some more of these low grade divine sense herbs!

But just as he was about to take the two of them on a stroll, suddenly a black shadow flashed in front of the crowd.

The figure was too familiar, but when Lin Ran was about to continue looking for the black shadow, he found that the other party had disappeared.

“That man just now, was it really him?”

Lin Ran had something in mind, but he was not sure.

The other person had only appeared for a moment, and although Lin Ran felt that he looked familiar, he was not sure.

It could be that he was thinking too much, causing an illusion.

As he thought about it, Lin Ran shook his head and prepared to go on shopping.

Suddenly, his afterimage saw that there was a black object on a stall next to him.

That thing was very similar to the fabric of the clothes the black shadow man was wearing before, both were black gauze.

Lin Ran quickly went forward and found that it was a stall hawking magic weapons.

The stall was filled with all sorts of magic weapons, swords, sticks and sticks of almost every weapon imaginable, the stall had them all.

Of course, the quality of these magic weapons was something that one could not compliment.

“What’s wrong?”

When Leng Qiu and Bu Er Swordsman saw Lin Ran stop in front of a magic weapon stall, they couldn’t help but both be curious and come over.

“Nothing!”

Lin Ran casually responded, while squatting down in front of the stall and pointing at the black cloth wrapped object above him and asking.

“Boss what is this?”

“Ao this ah, it’s a weapon that a man just sold, it’s cheap because it’s broken, if you want five extremely high quality spirit stones you can take it!”

The boss didn’t say anything.

It only cost him three extremely high quality spirit stones to collect it.

“Can I take a look at it first?”

Lin Ran asked.

“Yes!”

The boss nodded his head.

Lin Ran immediately picked the item up, and then ripped the black cloth away.

A broken knife immediately appeared in front of the crowd.

The broken blade was only arm’s length, and a crack at the top was very conspicuous, looking at the degree of disintegration, it had actually been severed by a powerful force.

The broken blade did not look impressive, but Lin Ran only took one look at it and his whole body tensed up.

Because he knew this broken blade!

“He’s coming!”

There was a glint in Lin Ran’s eyes as he directly dropped five extremely high quality spirit stones, picked up the broken blade and left.

“Deceased brother? What are you buying this for?”

Both Bu Er Swordsman and Leng Qiu were puzzled.

Lin Ran, however, did not explain and directly waved his hand and put the broken blade into the spatial scroll.

And Li Ba, who was originally inside the spatial scroll, saw the sudden appearance of the broken blade and his entire body shook.

Following this, he exclaimed.

“Boss! This.... Isn’t this blade Wolf Ba’s!”

Wonder Doctor Chapter 1927

“This kid must be in East Flag City too, but I couldn’t find him!”

Lin Ran said.

Wolf Ba was none other than a junior disciple that Lin Ran had taken in back when he was in the Other Demon Realm.

He had also been implicated in the Immortal Realm at the beginning.

Later, according to what Zhen Yan had told himself, Wolf Ba should have left with Yu Chang.

But the two had not been heard from since.

I never thought that I would run into him again in East Flag City.

“I wonder if Yu Chang was with him!”

Lin Ran wondered in his heart.

“I think it’s 80% no! With Yu Chang’s strength, if he was there he wouldn’t have let Wolf Ba mess up like this, even his sword was broken!”

Li Ba said.

Lin Ran also nodded at his words, and couldn’t help but feel a little worried about this guy’s situation in his heart.

After wandering around for a while longer, there was still no sign of Wolf Ba, so Lin Ran had to give up and let everything go.

The time was also late, so Lin Ran rushed towards the auction house with Leng Qiu Bu Er Jianke.

Only once they got closer did Lin Ran realise just how grand this auction was.

Just for the first session alone, quite a few people had already come.

Even Lin Ran had arrived at many very treasured magical beast mounts, some of which were even more precious than the Dragon Inferno Tiger.

Those sitting on these magical beasts were also all brightly dressed, and at a glance, they were young talents from great families.

“Every year, the auction at East Flag City attracts many people to come over, and some even come from Immortal Emperor City!”

“When you get inside, remember to keep a low profile!”

Leng Qiu said.

The two Lin Ran nodded, these disciples of the great clans that had come, it was likely that some of them were existences that even the Leng Clan that Leng Qiu was a part of did not want to mess with.

Although there were many people in the queue, the entrance check was carried out in an orderly manner.

Soon the three of them were led to their private room by the staff.

Looking out through the window, Lin Ran realised just how grand the entire auction hall had been decorated.

There were a total of three levels in the entire row of noodles.

The first and second levels were all open-air seats, while the third level was a private room.

The auction stage was set up in the middle of the first and second levels.

This allows people on all three levels to see it at the same time.

Moreover, everyone was a cultivator, so what might be a bit far for ordinary people was a distance that had no effect on them at all.

Lin Ran stood by the window, sweeping his gaze over the crowd of people entering, hoping to spot Li Ba's figure.

But after a few moments, he could not find him.

After all the people had entered, the first auction began.

For each auction, the lots to be entered were announced in advance.

This was also to allow people to attend in a more focused manner, so that they did not need to attend one by one because they did not know what was being sold in this session.

Lin Ran had also looked at the first lot before and saw that there happened to be a divine sense type herb, which was why he had decided to come over and participate.

"What's wrong? I can see that you've been distracted!"

Leng Qiu saw what was on Lin Ran's mind and busily went up to him and asked.

"Ran into a friend!"

Lin Ran said.

"A friend? From your clan?"

Leng Qiu asked, but the Buji swordsman shook his head at hearing this.

"No, Brother Deceased is very low-key in the clan, so without any hesitation I don't really know who is Brother Deceased's friend apart from me!"

"It's a friend of mine from my former hometown!"

Lin Ran explained.

“Ao, have you found it?”

Leng Qiu asked.

Lin Ran shook his head.

“No, but he should be coming!”

Lin Ran said.

“Or maybe he’s already here, we just don’t know!”

Leng Qiu said with relief, while pointing to the other boxes to the side.

Lin Ran drifted off, there were other boxes around, maybe Wolf Bastard was in one of them, if he was in a box then it was normal that he couldn’t find it himself.

“Let’s take one step and see what happens!”

If Wolf Bastard was really here, there was no hurry, he would definitely make a move once the secret auction meeting was held!

Thinking of this, Lin Ran couldn’t help but ring a bell as there happened to be a large sword in this auction.

Wolf Ba’s weapon had been destroyed, and if he participated in the first session, it would definitely be for this greatsword, so he could pay attention to who all would be involved then.

Thinking of this, Lin Ran’s worried mood was gradually relieved.

And the auction soon began.

A beautiful woman in a cheongsam quickly stepped onto the auction stage and followed by inviting out the first lot.

“Gentlemen, this lot, as the start of our auction, will not disappoint the crowd!”

“This first lot is a divine wing!”

With a shake of the beautiful host’s palm, a white crystal appeared on the auction table in an instant.

The entire crystal emitted a white glow with a very mild aura, it should be a wind-based divine wing!

And as soon as this item appeared, instantly the eyes of the entire auction hall lit up.

Each and every one of them could not help but gulp as they looked at the divine wing on the auction table.

“Divine wings! Holy shit it’s really a big arm, the first item is a divine wing!”

“If we don’t say it’s the Luo Ran Merchant Firm, this auction is a real eye opener!”

“How much is the reserve price? Tell me quickly!”

Already some people were beginning to press on with their questions.

“A divine wing? I don’t know if this wind divine wing is as fast as my divine Thunder Purple Qiong Wing!”

Lin Ran was interested, his divine wings had been obtained very coincidentally.

It had been obtained by chance in Beast Hunt City.

In fact, he didn’t actually have an exact figure for the price of this divine wing.

“This divine wing is a wind divine wing, which is more effective for cultivators of the Dao of Wind! The starting bid is five thousand Heavenly Origin Crystals!”

“Five thousand? Holy crap! This is insane!”

“Damn it! That’s extravagant!”

“Extravagant? Don’t be a pussy if you can’t afford it!”

The stage immediately exploded.

“Six thousand pills!”

“Six thousand five hundred!”

“Seven thousand!”

Instantly the bottom exploded, with an endless stream of offers.

Lin Ran was also staggered as he listened, he didn’t think that this divine wing would actually be so valuable, if he had taken out the divine Thunder Violet Qiong Wing and sold it.

Wouldn’t he be rich too?

“I just don’t understand, why is this divine wing so expensive, some powerful people can completely manage to fly in the wind, is there any use for this thing?”

Bu Er Jian Ke asked from the side.

Lin Ran actually wanted to ask too.

Leng Qiu smiled at this but laughed.

“You don’t understand, this Mid-God Wing can not only increase a cultivator’s speed, it’s also an indispensable magic weapon!”

“Even if you can fly through the air, but who wouldn’t want to take it easy, with this divine wing, not only can you speed up your speed, but you can also save the consumption of true qi in your body!”

“When you’re fighting an enemy, you can also not be distracted from controlling the imperial wind flight!”

“So don’t you see that this divine wing doesn’t seem to be of much use to powerful cultivators, in fact there’s nothing that a cultivator wouldn’t want as long as it’s a cultivator!”

“Indeed!”

Lin Ran nodded at his words.

“The more powerful a cultivator is, the slower they improve in the end, and every bit of strength they improve requires a huge price to pay!”

“This divine wing is a lot less costly in comparison, so this price I feel can be speculated to one side!”

“A party?”

The Buji Swordsman was instantly baffled.

What did one party represent, that was a full party of spirit liquid to be extracted from within the Heavenly Origin Crystal.

I’m afraid that 10,000 Heavenly Origin Crystals would be able to extract almost one side!

“I’ll offer one side!”

As expected, while the crowd was talking, someone outside had already quoted the price for one side!

Wonder Doctor Chapter 1928

“That was fierce!”

The Buji Swordsman only gulped at the sight, a full party, which he would never have seen in normal times.

But this time, Luo Ran Merchant’s auction had actually quoted a price of one party straight away at the beginning.

“This should already be the limit, although the divine wings are precious, the people who came to the auction this time did not have top powerhouses after all, so one side of this item is already the limit!”

Leng Qiu spoke.

Lin Ran nodded at his words.

Indeed the price for one side was already considered very high.

This kind of divine wing was generally bought by great powers only when they came across it, and if they couldn’t come across it, they would all just let it go.

Sure enough, as the crowd spoke, the beautiful woman on the presiding platform had already settled the hammer, and the divine wing had been bought for one party.

“Luckily, no one knew that it was a divine wing when I bought mine!”

Lin Ran couldn’t help but feel a little bit of joy in his heart, if others in Beast Hunt City had known that it was a divine wing at that time, I was afraid that the price would have been no less than a party.

Instead, he had ended up buying it for a very low price.

Although there is some trickery, but life is like this, full of opportunities everywhere, it depends on whether one can grasp it.

“All right, everyone, next is the second lot!”

The beautiful host didn't say a word and immediately began to introduce the second lot.

The red cloth was ripped open and instantly two herbs, one black and one white, appeared in front of the crowd.

At the same time a strange medicinal fragrance instantly permeated the entire venue.

“This is the black and white fruit!”

Upon seeing the item on the high platform, Lin Ran's eyes instantly lit up.

He only saw that it was a double-branched one of a kind strange plant, with the two branches showing black and white colours respectively.

The black branch had white fruit growing on it, while the white branch had black fruit growing on it.

It looked very peculiar.

“Black and white fruits, I didn't expect that this auction would actually have such things!”

Leng Qiu was also very surprised.

“What's a black and white fruit!”

On the side, Buji Swordsman was dumbfounded, he had no concept of this herb at all.

After all, he wasn't an alchemist or a physician either, so he might still know something about herbs in general.

But this kind of herb of mysterious origin was something he didn't know at all.

“Black and white fruits are very rare and are said to only be found in places of great opportunity!”

“For example, if a cultivator wants to make a breakthrough, the place of retreat will often be enveloped by a formation, where the heaven and earth's spiritual energy converges for a long time, coupled with the dense breath at the time of the breakthrough!”

“Resulting in a very high concentration of heaven and earth spiritual energy in such places, and black and white fruits are generally only found in such places!”

Lin Ran explained.

“Then what's the use of this kind of fruit?”

Buji Swordsman continued to ask.

“Divine Sense!”

Lin Ran's eyes narrowed slightly.

“The black and white fruit is a very good herb for divine sense!”

Lin Ran didn't say that the effect of this one Black and White Fruit was afraid that it could be as effective as three viburnums.

If he could get his hands on this Black and White Fruit, he was afraid that there would be no problem at all in awakening Qing Zi.

“This Black and White Fruit must be bought!”

Lin Ran secretly calculated in his mind, while checking all of his assets on him.

All of his extremely fine spirit stones and Heavenly Origin Crystals combined, all converted into Heavenly Origin Crystals, barely amounted to less than five thousand.

And most of them had been given to him by Zhen Yan.

Even if one added the corpses of the few magical beasts that he had killed later and sold, I was afraid that there would only be five thousand Heavenly Origin Crystals.

“I wonder how much this Black and White Fruit can be sold for!”

Lin Ran had some uncertainty in his heart.

If it was more than five thousand Heavenly Origin Crystals, then he would really have no choice but to stare in disbelief.

“It shouldn't be too expensive, divine Sense cultivators are already rare and most of them are in remote places, such people have always been very bad at dealing with people!”

“I haven't heard of any divine sense cultivators coming this time either, so don't be in a hurry and wait and see!”

Leng Qiu spoke, she could tell that Lin Ran was very interested in this black and white fruit.

“Mhm!”

Lin Ran nodded, his mind clear of the situation at hand.

“The starting bid for this Black and White Fruit is one thousand five hundred Heavenly Origin Crystals! Each bid increase must not be less than one hundred!”

As the beautiful host's voice rang out, the entire auction hall immediately resounded with the sound of bids being raised.

“I bid one thousand seven!”

“How dare you ask for two hundred, I'll bid two thousand!”

“Two thousand one!”

“Two thousand three!”

The voices calling for bids kept ringing out, and Lin Ran found that most of the people calling for bids at this point were people from the hall below the stage.

None of the people in the box had actually spoken up.

“This item is basically worth around five thousand heavenly yuan crystals, leaving out the divine sense cultivators! Let’s wait and see if anyone from the other compartments looks at it first!”

Leng Qiu reminded.

Lin Ran understood what she meant, the value of this black and white fruit wasn’t that high.

At this point in time, the people below were not raising their bids by much, and were more interested in picking up the pieces, so if the people in the box kept quiet, then it meant that the people in the box didn’t have their eye on it!

And at that point, Lin Ran’s bid would obviously have a higher probability of getting it.

However, the truth was that Lin Ran’s wish did not come true at all, and soon a voice resounded from the box not far away, raising the price.

“Three thousand dollars!”

Lin Ran couldn’t help but frown slightly at his words, this person had instantly raised the price to three thousand, leaving Lin Ran with an even narrower budget width.

“That’s someone from the Heavenly King Castle! The name is Wang Mang!”

Leng Qiu suddenly said.

Lin Ran sniffed and followed his gaze, and indeed found a youth leaning against the window of one of the boxes.

He looked very fit and capable in a black armour.

Only a clear wound on his face was also very conspicuous as well.

“The Heavenly King’s Castle?”

Lin Ran was stunned at his words, he had never heard of this power before.

“The Heavenly King Fort is a not weak force near East Flag City, and it has been developing very quickly in recent years, if it wasn’t for the deep pockets of the four major forces in East Flag City, I’m afraid that there would have been a place for them in East Flag City long ago!”

Leng Qiu said.

Lin Ran couldn’t help but frown slightly at his words, could it be that this Wang Mang of the Heavenly King Castle also had his eye on the Black and White Fruit?

As the thought was going through his mind, Leng Qiu on the side was speaking again.

“It’s your turn to make a move, there’s no movement below!”

Lin Ran was stunned at his words, only then did he realise that with Wang Mang's opening, there was indeed no more movement below.

"Three thousand one!"

Lin Ran opened his mouth and quoted the price.

Wang Mang sniffed and loved the box Lin Ran was in, a cold smile actually appeared on his face.

"Three thousand five!"

"Three thousand six!"

Lin Ran followed the offer.

"Friend, aren't you tired of adding a hundred at a time? Or do you really have no money?"

Wang Mang laughed coldly and followed by directly opening his mouth to shout.

"Four thousand!"

"Four thousand one!"

Lin Ran frowned as he continued to follow.

The two of them instantly raised the price of this black and white fruit to the four thousand bracket, and Wang Mang couldn't help but blush a little more ugly.

"Four thousand five!"

"Four thousand sixteen!"

Lin Ran continued to follow, and Wang Mang's face obviously turned a few shades more ugly.

"Four thousand eight!"

Wang Mang gritted his teeth and continued.

"Five thousand!"

Lin Ran clenched his fists and quoted his highest price!

If the other party was offering, then there was no way he could follow, after all, this was all the assets he could take out.

Wonder Doctor Chapter 1929

"Gongzi, our budget."

Wang Mang's face was ugly and he wanted to follow, when suddenly a woman's voice came from behind him.

Followed by a silhouette appearing right next to him.

Lin Ran only took a glance and was instantly stunned, the silhouette that appeared he actually knew, if it wasn't Qiu Mo or someone else!

"She's still alive? How is this possible!"

Lin Ran was shocked in his heart.

He had watched Qiu Mo commit suicide with his own eyes that day at Baki Mountain, but now.

"Boss,? Isn't this Qiu Mo!"

Li Ba also recognised her, with the same shock in his heart.

"It seems that someone saved her that day!"

Li Baba thought of something.

"Hm!"

Lin Ran nodded his head and whirled.

"Forget it, things have passed, since she is still alive and appeared next to Wang Mang, let's pretend we didn't see her!"

"Hm! But this woman is ruthless, boss, you should be careful!"

Li Ba reminded.

Lin Ran nodded, he didn't have much contact with the Heavenly King's Castle anyway, and thought that he wouldn't meet with Qiu Mo in the future.

As long as she didn't provoke herself and lived her life properly, she didn't bother to make a fool of herself.

"My lord, look!"

Qiu Mo looked at Wang Mang with an enquiring intention.

Wang Mang frowned, and gave a very resigned glance at the box where Lin Ran was, before saying.

"It's just that, it's better to keep the money to clean up that kid! Let go of this black and white fruit!"

After saying that, Wang Mang stopped speaking.

Seeing this, Lin Ran couldn't help but sigh in relief.

"Five thousand for the first time! Five thousand for the second time! Five thousand for the third time!"

Finally, as the beautiful host's voice fell, Lin Ran finally bought the black and white fruit.

However, with this, he was also considered to be completely poor, with not even a single asset left on him.

"Hey, it looks like I have to find a chance to earn some money!"

Lin Ran was a little helpless, he had thought that he didn't have much use for money either, but only now did he realise that if he didn't do anything to accumulate it on a regular basis, he would really be completely dumbfounded when he needed it.

"Hey hey! Old man, look at the third lot! Here's your chance for revenge"!

Suddenly Leng Qiu, who was next to him, spoke up and shouted.

Lin Ran heard this and was busy looking, finding that the third lot in the high sky had already been displayed and was actually a stone.

The stone was as big as a head and had a watery lustre all over, it was not an ordinary object at first glance.

"This third lot is heavenly water! I don't think I need to explain the specific function, the starting price is five thousand heavenly yuan crystals! Each bid increase must not be less than one hundred!"

The beautiful host didn't explain, but Lin Ran already understood what Leng Qiu meant.

This celestial water was a very good material for quenching the body, and it was simply a treasure for some people who liked to cultivate their flesh.

Looking at Wang Mang's reminder and temperament, he was clearly a person who cultivated his flesh mainly.

The attraction of this item to him was simply too great.

As expected, Lin Ran's side had just learned that it was celestial water when Wang Mang spoke up next to him.

"Five thousand five hundred!"

"Six thousand!"

"Six thousand one!"

.

Following this, people began to call for bids below them as well.

Lin Ran noticed that almost all of these people who called for a price were fit, and at a glance, they were people whose main focus was on flesh cultivation.

However, these people also seemed to know that they simply couldn't stand up to the Heavenly King Fort's Wang Mang, and when the price was shouted at seven thousand, there was no movement below.

"We can't let this kid go cheap!"

Lin Ran had a playful look on his face as he directly opened his mouth and shouted.

"Eight thousand!"

"Holy shit boss you're crazy, eight thousand do you have that much money!"

Li Baba said busily.

“Deceased, you’re crazy! Eight thousand do you have!”

Leng Qiu was also busy saying.

“Brother deceased, if you can’t get that much money, when the time comes, the Luo Ran Trading Firm will come after you!”

Bu Er Swordsman also spoke up.

Lin Ran, however, smiled blandly, confidently.

“Don’t worry, this guy will definitely follow, this Tianshui is very important to him, unless he doesn’t want it he will definitely take it out!”

Wang Mang’s face was icy cold as he looked at the box Lin Ran was in, if this wasn’t Luo Ran Merchant’s place, I’m afraid he would have rushed over and dismembered Lin Ran.

“As the saying goes, if you don’t come to me, then I’ll give him a taste of what it’s like to have his price called!”

“Eight thousand five hundred!”

Wang Mang shouted with both fists clenched.

“Don’t follow it!”

Leng Qiu was busy discouraging.

Lin Ran nodded at his words, he was afraid that this Tianshui was only worth so much, if he followed this Wang Mang any further he might really pull the rug out from under him.

However, just when Lin Ran was not ready to follow, suddenly a voice came from the next compartment.

“Nine thousand!”

“Holy shit, someone else wants it!”

Li Ba exclaimed.

At this moment, Wang Mang’s face was already cold to the core.

Lin Ran returned to his seat and sipped his tea as he quietly watched the good show.

Someone wanted to grab it, then he was naturally happy to watch the fun.

“Duke!”

Qiu Mo was standing behind Wang Mang at this moment, with worry on his face.

“No harm! That kid still made a move, I’ll take this thing for sure!”

Wang Mang said with a grim look at the box next to Lin Ran’s, his face had a playful look.

“If you want to play with Laozi, Laozi will play you to death sooner or later!”

With that, Wang Mang directly quoted a price of “nine thousand”.

“Nine thousand five hundred!”

The other party was not afraid at all and followed suit.

“Bastard!”

Wang Mang was so angry that his face instantly turned blue, if his gaze could kill, he would have already cut this guy to pieces.

“Nine thousand eight hundred!”

Wang Mang was so angry that his silver teeth clenched in anger.

The man who called for the price finally stopped talking, and Wang Mang finally bought the Tianshui for 9,800 heavenly yuan crystals!

“I’m afraid this guy is going to die at a loss!”

Leng Qiu shook his head and said.

“Nearly a party, can it not be a loss!”

Lin Ran also laughed.

Nine thousand eight hundred wasn’t that far from one side, and the value of this Tian Shui was actually only seven or eight thousand enough.

But it couldn’t be helped who let this Wang Mang’s face of wanting it was already written on his face.

And that last bidder, I think he had a grudge against this guy and deliberately raised the price so high.

This made Lin Ran quite comfortable.

After the third lot was sold, the fourth lot was soon revealed as well.

It was a tragic death inner armour with amazing defensive power, but the value was also incredibly high.

Lin Ran could only hope for more than this.

The item was good, but unfortunately he was shy at the moment.

Moreover, Lin Ran found that the value of the five lots in the auction seemed to increase towards the end.

The starting price of the fourth lot had already reached seven thousand Heavenly Origin Crystals, so he really didn’t know how much the price of this last lot could reach.

“This fifth lot should be a weapon according to the previous announcement, and I feel that the starting price can reach eight thousand!”

Leng Qiu spoke up.

“Eight thousand dollars? That’s so extravagant, look at my sword again, it feels like it’s broken brass!”

Buji Swordsman was a little speechless.

Lin Ran smiled at his words and said.

“There’s nothing anyone can do about such things, let’s just see how high this fourth lot can end up fetching!”

“Hm!”

The two men nodded at his words and both looked down at the auction hall.

Wonder Doctor Chapter 1930

And as the three watched, the silk inner armour was eventually auctioned off at a high price of a full one point five squares and bought by a woman from below.

It was only at this point that Lin Ran realised that it wasn’t that the people below didn’t have any money, but that they hadn’t come across anything that made their hearts flutter.

That woman had come from an extraordinary background at first glance, and should have come for this silk inner armour, she hadn’t even bid on the first divine wing lot before.

“It’s crazy, at these prices, I’m afraid that the last piece will end up selling for around two parties!”

Lin Ran muttered to himself.

“Yes, at such a high price, that weapon is afraid to be very powerful too!”

Leng Qiu said.

“Hey! Stop it, I want to run headlong into death! How come I don’t have that much money!”

Bu Er Swordsman said bitterly.

While the three of them were chatting, the fourth lot was finally brought to a close.

And the fifth lot was also quickly brought out.

“Gentlemen, this is the last lot of this auction,? Those who haven’t bid yet will have to hurry up!”

The beautiful host said as she lifted the red cloth, followed by an often exquisite wooden box that appeared in front of the crowd.

Without any nonsense, the beautiful host immediately opened the wooden box, and immediately a ray of cold aura along the cracks of the wooden box directly out.

Inside the wooden box, a large silver blade with a cold aura emerged in front of the crowd.

The blade was carved with a wolf’s head with a bloody mouth.

The mouth of the wolf’s head was facing the hilt of the blade, and the whole thing looked overbearing with a stern look, making it an incomparable weapon.

When compared to this great sword, Lin Ran instantly felt that his own Frost Condensation Sword was indeed a bit rubbish.

The Frost Condensation Sword was obtained when he was at Qiong Hua Mountain.

After arriving in the Immortal World, Lin Ran realised that his Frost Condensation Sword was indeed not very good.

After using it for a long time, he did not want to replace it, and now the Condensing Frost Sword was still a broken sword, which was still somewhat miserable to say the least.

“Hey! I hope I can find better materials to recast the Condensing Frost Sword later on!”

Lin Ran mulled it over in his mind, he was a man who missed the old, whether it was a weapon or a person, he didn’t want to replace it easily.

So as long as it could be repaired he wouldn’t throw it away easily.

It was just that trying to find materials that could repair the Frost Condensation Sword wasn’t as simple as talking.

“This great sword is called Wolf Soul! It was created by the famous Master Weapon Master of Immortal Emperor City’s Foundry, with the blade body made from Heavenly Crystals and the hilt using wolf bone!”

“The period even contains a wolf king’s essence soul, and true qi infusion can catalyse the wolf king’s qi!”

“The power is immense!”

“Without further ado, the starting bid for the Wolf Soul Dagger! A square of spirit liquid! Each bid increase must not be less than one thousand Heavenly Origin Crystals!”

The beautiful host shouted.

The crowd couldn’t help but suck in a breath of cold air at the words.

The starting bid was for one straight party! And each time the bid was raised, it must not be less than a thousand!

What a concept, as long as the bids exceeded ten times, it would become two squares of spirit liquid.

This value could not be considered expensive.

“It’s too infuriating, this auction is simply for the rich, I should have known I wouldn’t have come!”

Bu Er Jian was polite as hell.

Lin Ran was also helpless, he was afraid that his own possessions would only be a fraction of what others had.

“Speaking of which, sister Leng Qiu, aren’t you buying anything?”

Bu Er Swordsman asked as he looked towards Leng Qiu.

“No need!”

Leng Qiu shook her head.

“My family has long prepared the things I need for my cultivation, whether they are magic weapons or secret techniques, so the auction is just something I came to see!”

“It’s so infuriating! It’s simply too infuriating!”

Leng Qiu’s answer made Bu Er Swordsman even more speechless simply all a bit mad.

“What are you asking for nothing, you’re devastated!”

Lin Ran laughed.

While the three of them were talking, the auction hall had already started to be filled with bids.

Lin Ran also stopped chatting with the two and was busy going to see who all had bid, if Wolf Ba had participated in this auction.

If Wolf Ba had participated in this auction, then this last weapon was bound to be up for grabs.

This was also Lin Ran’s chance to find him.

However, as he swept his gaze below, Lin Ran found that none of the bidders were Wolf Ba.

Because the starting price was too high, there were not many people participating in the bidding in the first place.

The lower part of the room only offered two or three times the price before there was no movement.

Wang Mang seemed to be very interested in this item and directly opened his mouth to offer “One point three parties!”

As soon as he opened his mouth, the bottom became even quieter.

“Could it be that Wolf Ba didn’t come?”

Lin Ran couldn’t help but feel a little disappointed in his heart.

But at this moment, a voice suddenly came from next door.

“One point four!”

“One point five!”

“Haha finally couldn’t resist? Kid I knew you were here,? Today this big sword wants not to take out two squares, you don’t want to think about it!”

Wang Mang suddenly opened his mouth and laughed.

The crowd couldn’t help but all look over, at this time’s all understood, that Wang Mang obviously had a conflict with the other box.

“Ai!”

Lin Ran sighed helplessly, no longer holding out any hope and preparing to leave as soon as the auction was over.

Being penniless, it was useless to stay, so it would be better to return to the Sword Immortal Sect to cultivate earlier.

Outside, the scramble continued.

The person inside the box did not bother with Wang Mang and directly quoted one point and six parties.

Wang Mang could not help but sneer at this and said.

“It’s no fun to play like this, one point and nine squares, if you want it, you can offer two squares, otherwise this thing will be Laozi’s!”

Said here, Wang Mang added a sentence.

“Kid, isn’t it hard not to have a weapon to use, just your broken sword or something rubbish, it’s still not blown off by old me with one punch!”

“Hm?”

Hearing those words, Lin Ran’s whole body couldn’t help but tighten up as he vaguely thought of something.

Wasn’t Wolf Ba’s weapon broken by something?

And this Wang Mang’s words clearly meant that he had broken a large blade before as well.

“Could it be that the one in the next compartment was.”

Lin Ran didn’t dare to be sure, but there was some vague speculation in his heart.

“If he really is Wolf Bastard, then things make sense!”

Lin Ran thought to himself.

However, the matter was not yet completely settled, and he could not see who the person inside was, so everything was just speculation.

“I’ll have to find a chance to see who the person in the box really is!”

Lin Ran thought in his mind, and suddenly opened his mouth to look at the two Leng Qiu people.

“Wait until the auction is over, you guys go first, I have some things to do!”

“Things? What matters?”

Leng Qiu smiled and asked busily.

“Yes deceased brother what is it? If it’s a fight we can help out!”

Buji Swordsman said.

“That’s right, it’s better to have more people!”

Leng Qiu also said.

Lin Ran smiled and thought about it, and said at once.

“That’s fine, go and get some night clothes, don’t get caught out!”

Lin Ran said in a low voice.

“Yes! Leave it to me!”

Leng Qiu nodded, and immediately went to make arrangements.

And while the three of them were discussing the matter, the bidding outside had actually ended.

Lin Ran was busy looking, and only then did he realise that this last lot, the Wolf Soul Greatsword, had actually been obtained by Wang Mang.

After Wang Mang’s bid reached one point and nine squares, the person in the next compartment simply gave up.

Seeing that people were already starting to leave one by one, Lin Ran didn’t say anything and immediately got up to greet Bu Er Jian Ke.

“You go and wait at the entrance of the next compartment, follow quietly when you see the people inside coming out, I’ll meet up with you once I’ve collected my things!”

“Good!”

Bu Er Swordsman replied, and immediately the visitor left the box.
