

Wonder Doctor Chapter 1931

The place where the black and white fruits were collected was not far away, and Lin Ran gave the other party everything he had when he arrived.

The other party was very quick in calculating the value and handed over the Black and White Fruits to Lin Ran within a few moments.

Lin Ran didn't say anything and immediately put the Black and White Fruits into the Qiankun Purple Qi Vase and then headed back.

At this moment, the entire auction hall was overcrowded, with those inside going out while those outside were coming in for the second auction.

There were also people who were trying to transfer, so for a while the whole auction hall was jam-packed.

Lin Ran managed to squeeze through the crowd to make it back to the entrance of the box, followed by the sight of the Bhutan Swordsman in the crowd.

"Well? Where is everyone?"

Lin Ran asked busily.

"Too late to come,? He's already gone, but I found out where he was going, at this moment there's so much traffic here I'm sure he hasn't gone far, should I go after him?"

Buji swordsman busy said.

"Chase, I'll take you through the inner passage, you can quickly leave this auction hall!"

Next to him, Leng Qiu also rushed back, and was holding three sets of night clothes in his hands.

"Then hurry up!"

Lin Ran was busy urging, and then under Leng Qiu's leadership, the three of them took the internal passage and left the auction hall in less than a minute.

As they followed the direction pointed out by Bu Er Swordsman along the way, Leng Qiu couldn't help but ask.

"Are the night clothes still in use?"

"Wait and see!"

Lin Ran said.

If the one in the box next to his own earlier was really Wolf Bastard, then naturally there would be no need to use the nightclothes.

The most crucial thing was Wang Mang of the Heavenly King Fort, this person seemed to have a strong grudge against the person in the compartment next to his own.

Lin Ran's worry was also that this person would make a move.

The three of them did not say a word as Bu Er Jian Ke led the way.

Soon the three of them touched down in an alleyway.

This alleyway was very remote and belonged to the area between two penthouses, so almost no one would come here.

“It’s just up ahead!”

The Buji Swordsman suddenly stopped and pointed ahead.

Lin Ran and the two of them sniffed and busily padded over.

They only saw a corner up ahead, and the two poked their heads out to look.

They found that inside the corner was a dead end, there was no way out!

At that moment, there were four people standing in the alleyway around the corner.

Three of them were wearing the same costume, and the other one was wearing a wide black robe that enveloped his entire body.

“That black robe is the person in the box next to us!”

Buji Swordsman reminded, and Lin Ran nodded at his words.

At this moment, he also discovered that the three people standing opposite the black robed man were none other than Wang Mang as well as Qiu Mo, there was another person he hadn’t seen before, this person seemed to be Wang Mang’s personal bodyguard, although he looked very ordinary, but standing there was a feeling of being impenetrable.

“If there’s a fight later, we’ll make a move!”

Lin Ran reminded directly without any nonsense.

“Swordsman, you and Leng Qiu go and pester the mysterious expert next to Wang Mang, I’ll deal with Wang Mang!”

“Brother Deceased, what about the woman?”

Buji Swordsman asked busily.

“Don’t bother with this person, she has no fighting ability!”

Lin Ran said.

Leng Qiu and Bu Er Swordsman were stunned at his words and both looked at Lin Ran, not knowing why he would say that.

“This person’s name is Qiu Mo, I used to know him, some grudges, but he’s not strong! It can be ignored!”

Lin Ran explained casually.

“I didn’t expect that, you know quite a few beautiful women! Who’s prettier, this Leng Qiu purple or me I suppose?”

Suddenly, Leng Qiu was caught off guard and asked a question.

“Missy, what time is it, can you be more decent!”

Lin Ran was speechless.

“I don’t care, you answer me first! Or I won’t help!”

Leng Qiu laughed smugly.

“You! You have good posture alright!”

Lin Ran was full of helplessness.

“That’s more like it!”

Leng Qiu smiled in satisfaction, and promptly split the three pieces of nightclothes.

As Lin Ran put on his night clothes, he reminded Li Ba.

“You improvise, if anyone runs into danger later, you go and help them, if you can it’s best not to show your face or I’m afraid you’ll be exposed!”

“Understood Boss!”

Li Baba replied busily.

Li Ba was undoubtedly the strongest among the crowd, but likewise Leng Qiu also knew him.

If he made a move later, Lin Ran’s identity would definitely be exposed, which was not the result Lin Ran wanted to see.

On this side, Lin Ran was discussing his countermeasures.

In the alleyway ahead, a voice had already sounded out.

“Kid, you’re running! Why aren’t you running! Do you really think that in this East Flag City old me wouldn’t dare to touch you?”

Wang Mang had a cold smile on his face and his words were full of complacency.

“Then try your hand! If you want to kill me, you won’t be able to leave today either!”

The other party spoke icily, his voice seemed very hoarse, just like a broken bellows.

“Haha! Is your throat still comfortable? Do you still feel good from my python poison, don’t worry! I won’t kill you straight away, I’ll let you enjoy the feeling of the poison attacking your heart.

Wang Mang laughed triumphantly.

Lin Ran clearly saw that the black-robed man’s whole body was trembling uncontrollably at those words.

“Even the weapon was destroyed by me, what else do you have to play with me?”

“Want to buy this Wolf Soul Greatsword? Tsk! Too bad, you don’t have as much money as me!”

Said Wang Mang as he patted his back, the wooden box of the Wolf Soul Greatsword being carried on top of his back.

“Cackle!”

The black robe was so angry that his fists clenched tightly and he unconsciously let out a rattling sound.

“Angry? It’s useless to be angry, you must die today!”

Wang Mang’s face suddenly turned icy cold, and the next moment his palm waved, and a pair of sharp claw spikes immediately emerged from his hand.

Following that, without saying a word he lunged directly towards the black-robed man in front of him.

“Brother deceased, should we make a move!”

Bu Er Swordsman asked busily, by now all three of them had finished preparing and were just waiting for Lin Ran’s word.

“There’s no rush first, wait and see!”

Lin Ran said.

At this moment, he wasn’t sure that the black-robed man was Wolf Bastard, both his voice and aura were different from Wolf Bastard.

If the other party wasn’t Wolf Bastard, his rash move would not only save the wrong person at that point, but would also offend the Heavenly King Fort.

This was no joke. If the other party was really Wolf Bastard, then even if he had offended the Heavenly King’s Castle, Lin Ran would not stand by and do nothing.

But the problem now was that he couldn’t be sure if the black-robed man was Wolf Bastard or not!

While his mind was thinking, a fight had already been exchanged in front of him.

The muscles of Wang Mang’s entire body had risen several times, and just looking at them made people feel full of power.

Faced with Wang Mang’s wide open attack, the black-robed man could only keep dodging, not daring to fight him hard.

“Tear!”

Suddenly, a sound of rags being torn rang out.

At once, Lin Ran and the three of them saw that Wang Mang’s claw stab had actually directly cut a large hole in the black-robed man’s robe.

Following this a light shone on the other man’s face.

At this moment Lin Ran could see clearly, whose face was it if not Wolf Ba's!

But at this moment, when he looked at Wolf Ba's face, a trace of heartache rose up in Lin Ran.

He could see that Wolf Ba's face was bruised and battered, and there was even black gas twisting around his eyebrows, so he had obviously been poisoned.

His silver teeth were clenched and his face was full of ice and anger, as if he was saying that he and the Wang Mang in front of him did not share the same fate!

"Strike!"

Seeing this scene, Lin Ran was also enraged and chided in a low voice, immediately charging out with one arrow step.

"Go!"

Seeing this, Bu Er Swordsman and Leng Qiu didn't say anything and followed suit, also rushing out.

Wonder Doctor Chapter 1932

"What man?"

The trio had just rushed out when Wang Mang's bodyguards ahead of them immediately noticed that something was wrong.

"Stop him!"

Lin Ran greeted, and with a side-step, he had already bypassed the other party and rushed straight ahead of Wang Mang.

"Leave it to us!"

Leng Qiu greeted, and instantly a lightning bolt had already blasted straight at the other party.

"Heavenly thunder?"

The other party was also taken aback by Leng Qiu's strike,? He was busy responding carefully.

The Buji swordsman next to him also didn't dare to talk nonsense, and a sword mane followed and cut through.

The two found that the Qiu Mo next to them did not dare to come over, but instead ran to the side and hid.

Seeing this scene, the two were relieved and did not bother with her and concentrated on pestering the bodyguard.

However, at this moment, Lin Ran, while rushing towards Wang Mang, a wisp of sword mane had already instantly slashed towards the other party.

"Hm?"

The sharpness made Wang Mang's heart tighten, and he had the chance to dodge sideways, followed by a fist that blasted up.

"Bang!"

The two collided, and instantly Wang Mang was actually split backwards a few steps, and his face turned from annoyed before to shocked.

"Who are you, friend! Do you want to interfere in our Heavenly King Castle's business!"

Wang Mang spoke threateningly with a gloomy face, he could tell that the strength of the person who had suddenly appeared in front of him was extraordinary.

The strength of that wisp of sword was not something to be underestimated, if he wanted to kill this Wolf Ba today, he would have to solve the other party first!

Otherwise it would never be possible.

"Heavenly King Castle? You're a hamburger, it's all useless today!"

Lin Ran laughed coldly as he whirled and then slashed another wisp of sword mane right towards Wang Mang in front of him.

And as soon as he opened his mouth, Wolf Ba, who was standing behind him, froze in his tracks.

His gaze was dull as he looked at Lin Ran, unable to speak for a long time.

He hadn't heard the other party's voice for a long time.

But when he heard it at this moment, he still recognised it, whether it was Lin Ran's voice or someone else's.

"Don't speak, come with me later!"

Suddenly a voice rang out in Wolf Ba's ears, causing tears to come to his eyes in excitement.

It had been a whole thousand years, and he had finally waited.

"Seek death!"

Seeing that Lin Ran didn't give him any face at all, Wang Mang was instantly furious as well.

He was confident in his own strength, and although Lin Ran's previous sword had caused him to suffer some hidden losses, it seemed to him that it was purely because his opponent had sneaked up on him first.

At this moment, facing Lin Ran's head-on attack, he really wasn't afraid.

"Mind your own business, you won't be able to leave today either!"

Wang Mang roared angrily, and immediately charged straight at Lin Ran with an arrow step.

"Boss be careful, this guy is extremely powerful and his internal true qi is all tinged with severe poison!"

Wolf Ba busily transmitted a voice to warn.

Lin Ran nodded his head, and immediately a sword aura slashed out.

The opponent's body was strong, so naturally, Lin Ran would not fight him hard.

A strand of sword mane split out and instantly turned into three sword manes, heading straight for Wang Mang in front of him.

Wang Mang, however, had a disdainful look on his face and saw this with a cold snort, his speed still not slowing down in the slightest.

"Your Excellency must not resist hard, this sword technique is not ordinary in its power!"

Suddenly, an eager voice came from the back, Lin Ran knew without thinking that it must be the bodyguard that the two Bhutan swordsmen were entangled with speaking up to warn.

"Humph! I've seen even more powerful sword maces before, how much sword power can a mere dao enlightenment realm bring into play!"

Wang Mang was disdainful.

He was at the strength of the Third Dao Realm, the same level as Leng Han Bai Chang, so how could he possibly put Lin Ran's Dao-enlightenment Realm in his eyes.

"Gongzi cannot!"

The bodyguards at the back of the room saw this and quickly shouted.

However, it was already too late to say anything at this point.

Wang Mang had already rushed towards the sword mane with an arrow step, and then without saying a word, he blasted his fist.

"Bang!"

An explosive sound was heard, and instantly the sword mane in front of him directly popped into pieces in an instant.

"This!"

Seeing this scene, both Buji Swordsman and Leng Qiu were stunned.

Lin Ran was very strong in their impressions, and although his strength had never been very high, his client's combat power was surprisingly strong.

At this moment, Wang Mang had actually shattered his sword mane with a single punch, which caused both of them to be a little shocked in their hearts.

"How did the deceased brother."

"Don't talk nonsense, if he is in danger later, you will pester this bodyguard yourself and I will go save him!"

Leng Qiu said!

“Hey! I’m not as strong as the deceased brother, how can I be a match for him by myself if you go!”

Buji Swordsman said busily.

“I don’t care! Nothing must happen to him!”

Leng Qiu said eagerly.

“Shit! Who am I looking to piss off!”

Buji Swordsman had a speechless face.

“Haha, that’s all the strength you have? How dare you come to save someone? You simply don’t know what you’re doing!”

Up ahead, Wang Mang had laughed wildly.

A single punch had blown the sword mane to pieces, apparently surprising him greatly as well.

“Is that so?”

Lin Ran, however, had a bland look on his face, unable to see the slightest bit of tension.

“Weng!”

Suddenly, just as Wang Mang was feeling smug in his heart.

A buzzing sound actually recalled in his surroundings.

The next moment, the crowd was shocked to see that a white sword mane had appeared around Wang Mang.

These sword mangles were so numerous that they were as dense as if the sky was full of stars, surrounding Wang Mang in the middle.

“This! How is this possible!”

Wang Mang’s face instantly changed at the sight.

“Gongzi!”

The bodyguards next to him saw this and were busy rushing over.

However, the next moment they were stopped by Leng Qiu and Bu Er Swordsman.

Both of them could not help but be surprised to see that Lin Ran had a backstroke to this sword technique.

“Go!”

With a soft cry from Lin Ran, the next moment the countless sword maces around him seemed like meteors and shot straight towards Wang Mang in a direct burst.

“Bastard, who are you scaring! Let’s show you how hard grandpa’s fist is!”

Wang Mang cursed angrily as his fists opened up and blasted directly towards the sword mangles surging around him.

But there were too many sword maces around.

At first, he could barely cope with them, but soon his whole body was cut by them.

Blood continued to pour out, and Wang Mang, who was arrogant one moment, was as if he had been fished out of a pool of blood the next.

His entire body was already red with blood, and he was lying on the ground with resignation in his eyes.

“That’s it?”

Lin Ran looked at Wang Mang with disdain in his eyes.

“You.... Who the hell are you!”

Wang Mang had resignation in his eyes, his opponent’s strength was clearly not as strong as his, yet this sword move was so powerful, he was completely crushed.

“It doesn’t matter who I am, what matters is not to provoke him again!”

Lin Ran pointed to Wolf Ba at the back, who had by now walked up to Wang Mang.

“Junior stop! This is our Heavenly King Fort’s grandson! If you dare to harm him, our Tianwang Fort will definitely not spare you!”

The tangled bodyguard at the back of the room was busy speaking up and shouting.

“You’re from the elders of the Heavenly King Fort, aren’t you!”

Lin Ran asked with a smile as he looked at the other party.

“That’s right! You’re smart better let go!”

The other party opened his mouth and said.

Lin Ran smiled lightly at his words and said.

“I don’t want to be an enemy of the Heavenly Kings Fort, but if you Heavenly Kings Fort have to mess with my friend, then don’t blame me for being ruthless!”

With that said Lin Ran waved his palm, and instantly the wooden box of the Wolf Soul Greatsword behind Wang Mang flew straight up.

Lin Ran caught it and opened it to see that the Wolf Soul Greatsword was lying quietly inside, and only then did he nod his head in satisfaction.

“This Wolf Soul Greatsword is the interest for this time, if there is a next time, I will directly take his life!”

“Let’s go!”

Lin Ran greeted, and promptly led Wolf Ba and Leng Qiu Li Ba out of the place.

Wonder Doctor Chapter 1933

“Bastard, I’ll kill him! Must kill him!”

Wang Mang managed to crawl up from the ground with needles, his eyes full of anger.

“Young master, calm down first we don’t even know who the other party is right now!”

The elders at the side were busy saying.

“If you don’t know then go and find out for me, even if he’s from the King of Heaven, I’ll kill him!”

Wang Mang was furious.

On the side, however, Qiu Mo suddenly stood out and said in a low voice.

“I might know who he is!”

“You know?”

Wang Mang and the elders were both stunned at her words and were busy looking at her.

“Who is she!”

Wang Mang said angrily.

“He.... He’s Lin Ran!”

Qiu Mo said.

“Lin Ran? What Lin Ran?”

Wang Mang’s face sank, he hadn’t heard of this person at all!

“The thing is like this....”

Said Qiu Mo and told the story, hearing Wang Mang’s face immediately turned gloomy.

“Yaki City? A tiny Baki City dares to go against my Heavenly King Castle, wait until you are exterminated!”

Wang Mang said angrily, and then turned around and left.

“Where are you going, Young Master?”

The elder saw this and quickly asked.

“Back to the Heavenly King Castle! Bring people to Baki City immediately, if I can’t find them, I’ll go and end their lair!”

“Huh? You can’t!”

Qiu Mo’s face instantly turned pale at his words.

“Why not!”

Wang Mang looked at her with anger in his eyes.

“You guys don’t know that the Li family in Baki City has an unusual relationship with the Luo Ran Merchant Firm, and there is even a demon ape sitting in Baki Mountain!”

“It’s very strong!”

Qiu Mo was busy telling what he knew.

Listening to Wang Mang, however, his face became even more ugly.

“Neither this nor that will work! Is this revenge still not going to be avenged!”

“My lord, don’t be anxious, we definitely can’t go to Baji City with the demon apes guarding it, but as long as we find out where this Lin Ran is, it’s not impossible to kill him directly.

A side elder said busily.

“Right! Let’s go find it now!”

Wang Mang said angrily.

“My lord, don’t be in a hurry, we still have to take our time with this matter! After all, that place will be opened in two months’ time...? Why don’t we go back to the Heavenly King Fort first and tell the Fort Master about it!”

“In the meantime how about looking for traces of this kid while we do so?”

The elder advised.

Wang Mang smiled and felt that it made sense, although he was angry in his heart, he could also distinguish the priorities of the matter and immediately nodded his head.

“As Elder Zhang said, but we have to hurry, that bastard Wolf Ba has run away, and I’m afraid that news of that place will be known to that kid too!”

“If he comes over too, then we can instead keep a watchful eye on him!”

“Young master is wise, let’s go first then! With all the commotion just now, I’m afraid that the Eastern Chess King’s people will arrive soon!”

The elders were busy saying.

“Go!”

Wang Mang held back his anger,? Immediately, he led the two of them to leave the place as well.

....

Inside a certain inn in East Flag City, Lin Ran thanked Leng Qiu and let her go back.

A few moments later Lin Ran and Bu Er Swordsman also set off on their journey back to the Sword Immortal Sect.

Originally, Lin Ran wanted to stay here for two more days, after all, Bu Er Jian Ke hadn't bought anything yet.

But after saving Wolf Ba, he knew that there was no way to stay in this East Flag City, who knew if Wang Mang would go crazy and look for him.

Moreover, he hadn't changed that voice before, and it was unknown whether Leng Qiu had recognised him.

The good thing was that he had now changed his name in East Flag City to Deceased, so even if Leng Qiu recognised him, it would not be easy to find him for a while.

An hour later, in the Sword Immortal Sect room.

Lin Ran had set up the formation before moving Wolf Ba as well as Li Ba and Xiao Jiu Li all out.

"Li Bajie!"

"Wolf Ba!"

Both of them couldn't help but be taken aback when they met.

"Didn't you kid make your home in Baki City, why are you here too!"

Wolf Ba asked excitedly.

"Of course I'm out of the mountain, ever since I met with the boss I decided to come out with him! This is the Immortal World after all! Even though I've made my home here, I still always want to go back!"

Li Ba said.

"Alright don't get excited, it's safe here, let's sit down and talk slowly!"

Lin Ran waved his palm, and instantly a bar appeared in front of the group.

It was filled with wine as well as food, and the group did not hesitate to chat directly under it.

Li Ba told Wolf Ba about Lin Ran and himself.

Hearing this made Wolf Ba envious.

Wolf Ba then also told Lin Ran and the two of them about his own experiences over the past thousand years, which caused them to be even more shocked in their hearts.

"Shit! Wolf Ba, you're really awesome for being trapped for nine hundred years, if it were me I would have gone fucking crazy!"

Li Ba couldn't help but say.

"Hey, I almost went crazy too, luckily I had that kid with me all the time afterwards, so I didn't despair!"

Wolf Ba couldn't help but sigh.

It turned out that after parting from the crowd back then, Wolf Ba and Yu Chang began to travel and break into the world.

Yu Chang was arrogant by nature and went to some very dangerous places, but there were also a lot of great opportunities.

Wolf Ba followed him for only a hundred years before he reached the Extreme Dao realm.

But Yu Chang was a puppet body, and his strength at the Extreme Dao realm was already comparable to that of a hundred thousand or eight thousand realms.

Wolf Ba's tendency was not good, and he understood in his heart that the stronger he was, the more dangerous the places Yu Chang would go.

He had survived several times in a hundred years because Yu Chang had come to his rescue, and even lost a puppet that was very important to him for this reason.

"Then I decided not to follow him, mainly because I didn't want to drag him down!"

Wolf Ba lamented.

"At that time, I was at the early stage of the Extreme Dao Realm, and after separating from him, I returned to the vicinity of this Eastern Flag City."

"The first was that it wasn't far from Baki City, so I thought I had nothing to do but go and find Li Ba for a drink!"

"The second is that there is a place of opportunity near this East Flag City, and it was because of me that Yu Chang lost a puppet in pain back then!"

"Boss, you also know that this guy Yu Chang is a puppet, he can devour materials from other puppets to make his puppet body more powerful!"

"At that time I blamed myself for a long time because of this, but then Yu Chang became stronger and couldn't see this puppet anymore!"

"But this was hard for me, so I thought that I had reached the Extreme Dao Realm, so I would have no problem cleaning up that puppet, so I went alone!"

"But you all know the result!"

Wolf Ba was a little sweaty.

It turned out that after he entered the relic for the second time, he was counted out by that puppet and was trapped inside for a full nine hundred years.

It was only just a year ago that he escaped from inside!

"After being trapped inside for nine hundred years, your strength only rose to the peak of the Extreme Dao Realm, you're really pathetic too!"

Li Ba laughed.

"Ai! There's no way out! That puppet separated the true qi of the entire relic from me, it's a miracle that I survived!"

Wolf Ba said helplessly.

“Alright, let’s forget about the past, you should still tell us how you went up against the people from the Heavenly King Fort!”

“And you’re at the Extreme Dao Realm, that Wang Mang is only at the Third Dao Realm, and you still haven’t beaten him?”

Lin Ran asked in amazement.

“It’s not a short story boss!”

Wolf Ba sighed helplessly and then recounted it.

Wonder Doctor Chapter 1934

It turned out that after Wolf Ba was attacked by that puppet, he was trapped within the formation.

This trapping was for a full nine hundred years.

That relic place was so large and hidden that it was impossible for ordinary people to discover it.

“At first I thought this was the end of my life, after all, being in a relic is a problem for ordinary cultivators who want to break in.”

“Not to mention running over to rescue them!”

Wolf Ba said here, meaning and kindness couldn’t help but flash in his eyes as he said.

“But who knew that the place where the puppet trapped me was actually at the edge of the ruins, and after I had been trapped for a hundred years, a little boy broke in!”

“A little boy?”

Both Lin Ran was stunned to hear this, feeling incredulous.

“I didn’t quite believe it either, at first I thought it was that puppet that had staged it to trick me!”

“Only later did I realise that the formation was actually useless to ordinary people, and that the little boy was a medicine boy who had gone into the mountain to collect medicine and had come in by mistake!”

Speaking here, Wolf Ba couldn’t help but take a sharp gulp of wine before continuing his narration.

“That formation was useless to ordinary people, and from that time on, the little boy would visit me every few days!”

“Gradually I took him on as a disciple!”

This little boy’s family was not well off, his parents had died early and he had been working as a handyman in a pharmacy.

He used to go to the mountains to collect medicine to support his family.

Later, I started to teach him the cultivation method, and since he was too weak at the beginning, the formation couldn’t do anything to him!

After two hundred years, his strength had already entered the Three Dao Realm!

“My apprentice had average natural talent, but he worked very hard and made a good living with his strength!”

“But until one day!”

Wolf Ba’s eyes got red when he said this.

It turned out that Wolf Ba was bored of being trapped alone within the formation, so he took out a precious treasure that he had obtained when he and Yu Chang were trespassing.

He asked his disciple to take it and sell it to buy himself a spatial-type magic weapon, so that he could go inside the spatial magic weapon and have some fun when he was bored inside the formation.

Wolf Ba only wanted to use it to pass the time.

But who knew that his decision would be the one to harm his disciple.

“My apprentice brother took the treasures to sell, and then he was never heard from again!”

“By that time I had already been trapped within the formation for eight hundred years!”

“I always wondered, could it be that I, Wolf Ba, was blind and my disciple ran away with the treasures?”

“But it wasn’t until one day when my disciple’s life jade shattered that I knew he hadn’t run away! He had been victimised!”

Since then, Wolf Ba’s entire being had been plunged into remorse, and although he could not go out, he could guess some things.

The death of his disciple was inevitably because of the precious treasure he had given himself.

In order to satisfy himself to pass the boring time, but ended up harming his own disciple, this kind of feeling is afraid that not many people can understand.

“You don’t need to blame yourself, after all, being trapped in one place for nine hundred years, an ordinary person would have broken down long ago!”

Lin Ran said comfortingly.

“That’s why I’m not willing!”

A cold glint flashed in Wolf Ba’s eyes.

“I want to come out alive, and I want to know what happened to my disciple in the first place!”

“Then I did get out, and one day that formation suddenly disappeared!”

“I didn’t care about anything else and rushed straight out, but the last thing I learned was that my apprentice was dead!”

“And the murderer was none other than Wang Mang of the Heavenly King Castle!”

So I found him! I wanted to kill him, but who knew that this Wang Mang was so cunning.

He had his woman come to die for him, and that woman actually had a poisonous mist in her body after she blew herself up.

As a result, I was poisoned and Wang Mang ran away.

Later I caught up with him, but the python poison was so bizarre that my strength was directly suppressed to the Three Dao Realm.

“That elder next to him, his strength is not extraordinary either! The two of them teamed up against me, plus I was still poisoned!”

“In the end the weapon was broken by them too!”

Wolf Ba couldn't help but pour in a mouthful of wine as he said this, with an unconcealed anger in his eyes.

“Boss!”

Wolf Ba raised his head to look at Lin Ran, there was a plea in his eyes, but he didn't open his mouth.

Lin Ran understood what he meant and nodded.

“Don't worry, it's impossible for a force as big as the Heavenly King Castle to run away, as long as we don't run away we'll go and take revenge sooner or later!”

“Mmm!”

Wolf Ba nodded heavily, with tears in his eyes.

With Lin Ran back, his main backbone had returned.

In the past, his heart was like a rootless duckling, not even knowing what would happen to him in the future, where he would go.

But now he knew that since Lin Ran had appeared he knew where he should go in the future!

“Alright, let me help you look at this python poison first!”

Lin Ran said, gesturing for Wolf Ba to hold his hand out.

He then raised his hand and placed it on Wolf Ba's wrist, while a surge of true qi instantly invaded the latter's body.

In just a few moments, Lin Ran discovered that there was actually a hidden aura coiled within Wolf Ba's body.

This aura was very hidden, and if it wasn't for the true qi guiding Wolf Ba's body, Lin Ran was afraid that he wouldn't have been able to discover it for a while.

“How is the boss?”

Wolf Ba asked busily.

Lin Ran smiled and thought for a moment, then said.

“This thing is troublesome, but it’s not impossible to get rid of it!”

With that Lin Ran instantly sent a thunder arc directly into Wolf Ba’s body.

And as soon as this thunder arc was sent in, instantly that aura within Wolf Buster’s body seemed to explode, trying to flee in all directions!

“Mobilize true qi to trap them!”

Lin Ran was busy reminding.

“Yes!”

Wolf Bastard didn’t dare to talk nonsense, and instantly mobilised his true Qi within his body and blocked it.

Lin Ran, on the other hand, didn’t say a word as he kept blasting those breaths with his lightning arcs.

Time passed by minute by minute, and after just a few moments, those breaths were all blasted away by Lin Ran!

“It’s done?”

Wolf Ba was overjoyed at the sight of this, and was immediately about to mobilise his true Qi to feel his strength.

“Don’t!”

Lin Ran was busy speaking, but he was still a step too late, Wolf Ba’s true qi was only slightly mobilized, and? Instantly a mouthful of blood directly spurting out.

“Boss!”

He was busy looking at Lin Ran, with puzzlement in his eyes.

“This python poison is more troublesome than expected, it’s not as simple as you think!”

“These poisons in your body were split apart, but these are only the ones on the surface, there are still non sento hidden elsewhere in your body!”

“I will treat you every three days from now on, and you will be cured in two months at most!”

Lin Ran explained.

“Many thanks, Boss!”

There was excitement in Wolf Ba’s eyes.

Lin Ran, however, patted his shoulder and smiled without saying anything.

“Right boss, there’s something I need to tell you! This is a great opportunity!”

Wolf Ba suddenly remembered something and said busily.

“A big chance? You’re not talking about the place you’re trapped in, are you?”

Li Ba asked with a smile next to him.

“That’s the place!”

Wolf Ba had a serious face.

“Shit! You want the boss to be trapped in there for a thousand years too!”

Li Ba couldn’t help but say.

“No! There was a change in that place, and since the formation disappeared, that puppet has gone to nowhere, and I haven’t seen it since!”

Wolf Ba was busy explaining.

“Moreover, that place Heavenly King Castle also knows the location!”

“I projected before I left that it would definitely come out in two months at most, and by then I’m afraid many people will admire it!”

“Two months out of this world?”

Lin Ran was stunned at his words, and then his brows furrowed.

“What exactly is that place? Are you clear about it?”

Wonder Doctor Chapter 1935

“I can’t say exactly, but it feels like it’s the residence of a powerful man!”

Wolf Ba said.

“When Yu Chang and I first went in, that guy easily broke the formation!”

“He said that the organs of that place weren’t considered difficult, and that the original owner’s strength should be in the Hundred Thousand and Eighty Thousand Realms!”

“That mansion shouldn’t be his own, it should have been purchased by his master or himself, the mansion is intricate and complex!”

“That puppet’s strength was also at the Hundred Thousand Eight Hundred Thousand Realm!”

“At that time, Yu Chang wasn’t afraid of him head-on, but that was someone else’s place after all, so in the end, because of a mistake on my part, I let his puppet hide!”

Lin Ran frowned slightly as he listened.

This place was supposed to be a good place, but with the strength of the Hundred Thousand and Eighty Thousand Realms, anyone who liked to go to such places to poke around should be at the Extreme Dao Realm in strength!

He himself was only at the Realm of Enlightenment, and there was a difference of three Dao Realms in between, so this strength gap was really a bit large!

Li Ba saw what Lin Ran was thinking and spoke.

“Boss, it shouldn’t be as terrifying as you think!”

“The master of the Hundred Thousand and Eighty Thousand Realms mansion, what he left behind has no appeal to the same realm, and people at the peak of the Extreme Dao Realm shouldn’t be interested either!”

“After all, it’s only one step away from that realm!”

“Those who are truly interested are those in the Third Dao Realm and the early Extreme Dao Realm!”

“I have a feeling that if that place were to come out, the four major powers of this Eastern Flag City would not miss out!”

Lin Ran nodded at his words.

Although he himself was only at the Dao Realm of Enlightenment, he wasn’t afraid of taking on geniuses at the Three Dao Realms with the Lancang Sword Technique.

The only thing that was difficult to deal with was the Extreme Dao Realm powerhouse.

But he had two Extreme Dao realms beside him now, and Li Ba and Wolf Ba were both quite strong.

This Land of Opportunity could be a trip!

“In that case, let’s take a trip in two months’ time, then? If we can find that puppet it’s best to capture it, and we can give it to Yu Chang when we see him later!”

Lin Ran said.

“Boss hegemony!”

Wolf Ba was overjoyed at his words, he knew that Lin Ran was intentionally helping him.

This was a knot in his heart, and if he could do it, it would also free him from the distress caused by this matter once and for all.

“Boss, you really want to go!”

Li Ba seemed a little worried.

“Haven’t you analysed it all thoroughly, why are you a little hesitant yourself?”

Lin Ran was surprised.

“It’s not that I’m hesitant, it’s just that I always feel that this is not as simple as we thought!”

“You think, since the Heavenly King Castle knows about this, they will definitely be prepared, Wang Mang is of average strength, but we don’t know how strong his old man is! ”

“Don’t worry, the owner of the mansion of that land of opportunity is only one hundred thousand eight hundred thousand realms, he will certainly not let people of equal or even higher strength in!”

“So I’m afraid that this Land of Chance can only be entered by people of the Extreme Dao Realm at most!”

“If that’s the case it would be possible to give it a go!”

Li Ba said.

“Alright, we’re not in a hurry with this matter, after all, there’s still two months left!”

“Moreover, don’t forget, that Land of Opportunity is out of this world, by that time, there will definitely be many cultivators who have heard of it and come, if the Heavenly King Castle wants to take it all, I’m afraid that so many forces in East Flag City alone won’t agree!”

Lin Ran said as he got up and laughed.

“Let’s take a step in this matter and see what happens!”

“The first priority is to completely detoxify the poison in Wolf Ba’s body!”

“Right!”

The two men nodded.

“Also this is for you!”

Lin Ran said and with a flip of his hand, he took out the Wolf Soul Greatsword.

“Boss this.”

Seeing the Wolf Soul Greatsword, Wolf Ba was visibly stunned, this was something that Lin Ran had previously snatched from Wang Mang’s hands.

But he didn’t expect that Lin Ran would actually give the Wolf Soul Greatsword to himself!

“Your weapon is broken, you can’t be empty handed, I’m a sword cultivator this Wolf Soul Greatsword isn’t bad but it doesn’t suit me!”

Lin Ran said.

Seeing that Lin Ran wasn’t joking, Wolf Ba wasn’t being pretentious at once and took the Wolf Soul Greatsword.

“Boss, no thanks for the great kindness, I, Wolf Ba, remember!”

Wolf Ba said awkwardly.

In fact, this kind of thing had already happened more than once, in the past Wolf Ba was from the Other Demon Domain, but Lin Ran still didn’t dislike him and even saved him.

Even when he went to war with the Other Demon Domain later on, he still believed in him!

This was also the reason why Wolf Ba would willingly follow Lin Ran in the future.

“Alright, this greatsword should have been yours!”

“Alright, send you all to the scroll space to rest, Li Ba, you take care of him a little more!”

Lin Ran said.

He then sent the two back to the scroll space.

And just a few moments after sending the two away, suddenly Lin Ran felt an aura fluctuation come out in his mind.

He was busy sitting still, and his divine sense quickly entered his mind.

He only saw that at this moment in the space of his mind, a figure was floating with a smile on his face.

“Awake!”

Lin Ran said with a smile.

“Many thanks, Master!”

Qing Zi laughed.

“There’s nothing to thank, it’s best that you’ve awakened!”

Lin Ran said.

“Master you’ve crossed into the enlightenment realm! How impressive!”

Qing Zi was busy laughing.

“How long has it been, if I don’t break through I might as well run headlong into death!”

Lin Ran said helplessly.

“Alright, you’ve just woken up there’s a lot of things you don’t know yet, I’ll talk to you slowly later!”

Lin Ran said, and at the same time left the place.

Right now, most of the disciples of the entire Sword Immortal Sect were still in East Flag City.

However, Lin Ran had already left for the Three Character Sword Monument in the night.

Qing Zi had awakened which was undoubtedly the best news.

Especially when she knew that Wolf Ba had also been found, she was even happier.

The group of them all came from Earth, and now being in this Immortal World gave them a stronger sense of dependence on each other.

The fact that Li Ba and Wolf Ba had been found one after another also made Qing Zi very happy.

However, she knew in her heart that the most difficult person to find was the Pillow Book.

This guy’s obsession was too strong, and the fall of the old Immortal Emperor and the current world of new Immortal Emperors were the things that he could not let go of in his heart.

But it was obviously a little early to say this.

After Lin Ran arrived at the separate space at the sword tablet, he summoned the amethyst puppet out.

And then asked.

“Did Master ever leave any other words!”

“No!”

The amethyst puppet said truthfully.

Lin Ran nodded at his words.

“In that case, then I have to make a trip to find Master!”

Lin Ran said and left the amethyst puppet here, before heading straight to the pavilion where Master was.

Nowadays, his own sword dao had actually reached a bottleneck, and the realm of returning to the basics had basically been reached.

But the feeling of that layer of breakthrough was long overdue.

And what master once probably meant Lin Ran also understood, if he could not practice the second form of Lancang Sword Technique to completion.

When the clan competition was held two months later, I was afraid that the chance of winning against Bai Chang would not be too high.

After all, this guy was a strong person of the Third Dao Realm? And one's strength was a bit inferior after all.

It was just that Lin Ran had too many reserve cards, whether he was Bai Chang's opponent or not, and without Lin Ran bringing out those reserve cards, I was afraid that no one would know what the outcome would be!

After all, the divine Thunder Transformation of the Thunder Zun Pavilion, as well as the Chaos Cyclone in his own body, these things are afraid that if one of them is exposed, it will drive many people crazy!

Wonder Doctor Chapter 1936

Time passed day by day.

Although the auction at East Flag City was only one day long, the afterglow from the auction took a full three days to dissipate completely.

One by one, the disciples of the Sword Immortal Sect returned to the sect.

Lin Ran did not even know about this, as he had already started a new round of cultivation.

After talking to his master Tianxuanzi, Lin Ran had become more enlightened about his future path of sword cultivation.

And after the end of this auction in East Flag City, the atmosphere within all the sects had also started to get tense.

Although the clan competition was an internal competition within the clan, it was a competition that involved the clan.

But this sect competition involved everyone's ranking within the sect.

The ranking was undoubtedly related to each disciple's honour and future achievements, so everyone was very concerned about it.

Lin Ran continued to cultivate alone in the space opened up by Tianxuanzi every day.

From time to time, he faced the Three Character Sword Tablet to cultivate, and from time to time, he sparred with the Amethyst Puppet.

Time just passed by day by day.

Leng Qiu did not come looking for him again, seemingly busy with his own cultivation as well.

The atmosphere of the entire Sword Immortal Sect was soon filled with competition.

Everyone was working hard to cultivate their strength, as if they all wanted to achieve a better ranking in the final sect competition.

More than a month soon passed, and it looked like the two-month sect competition was getting closer and closer.

"Weng!"

Inside the separate space, Lin Ran sheathed his sword with a bashful smile on his face.

While in front of him the amethyst puppet this was nodding uncontrollably, while a wound on his arm only was healing rapidly.

"Not bad! Your sword intent is getting stronger and stronger, and now you can even destroy my body, you really surprised me!"

The Amethyst Puppet said.

"It's just a small wound, it's just a pity that after two months of hard training, I still haven't been able to sense where that layer of barrier is!"

Lin Ran said with great disappointment.

"You can't be too obsessive about cultivation, your master is only asking you to work hard because he doesn't want you to slack off!"

"It actually doesn't have much to do with whether or not you can go up in this clan competition!"

"Maybe!"

Lina lamented, although she said that but how could he as a disciple not take it to heart.

"There's still a few days left, let's try to see if we can sense the bottleneck of the Dao!"

Lin Ran said to himself.

His sword technique had indeed improved greatly in these last two months, but he had never felt the bottleneck of the second stance, which still made him feel a bit uncomfortable.

And just as Lin Ran was working hard on his training, there was a town located a hundred miles away from East Flag City.

Inside a huge bunker building that was ten metres high, Wang Mang was respectfully standing by the side, while in front of him sat a middle-aged man dressed in a blood-red robe.

The middle-aged man was no other than Wang Mang's father, the Fortress Master of the Heavenly King Fort, Wang Zhengtian!

"Father, this matter has still spread, and I am afraid that in another three days, it will spread throughout the entire Eastern Flag Domain!"

Wang Mang said respectfully.

The blood-robed middle-aged man frowned slightly and said in a cold voice after a moment of contemplation.

"We have expected this matter for a long time, I want to know how our Heavenly King Fort's deployment is going? Have the things I arranged been deployed in place!"

"They are all in place, all of them are deployed according to father's arrangements!"

Wang Mang busily returned.

"Hmm! Then it's fine, let's do our best and listen to God's fate, whether or not our Heavenly King Fort can rise this time is all on this one!"

Wang Zhengtian said, a stern aura flashed in his eyes.

"Right father, have you found out about that Lin Ran I told you about last time?"

Wang Mang asked, he still had Lin Ran on his mind!

"Lin Ran?"

Wang Zhengtian was stunned at his words, followed by a frown that tightened his brow a little more.

"I'm afraid this person is not small, you'd better not mess with him!"

"The fate of my Heavenly King Castle is at stake in this matter of chance, let's wait until after this matter is completed!"

"He's not a small man? Father, you're mistaken, that kid is from Baki City, what kind of influence could he have!"

Wang Mang didn't quite believe it.

He knew a lot about Lin Ran through Qiu Mo, and always felt that this kid was just from the poor countryside, how could he possibly have any great background strength.

"I'm mistaken? What do you know!"

Wang Zhengtian's face was icy cold as he said.

“The scouts have reported that this Lin Ran’s background is similar to what you said, but do you know why I’m still saying this!”

“Because just a year ago, the Eastern Chess King had personally ordered a search for a man named Lin Ran!”

“What if this kid is the one the Eastern Chess King is looking for, do you want us at the Heavenly Kings Fort to go against the Eastern Chess King?”

“East. The person the East Chess King is looking for?”

Wang Mang was instantly baffled, he hadn’t thought in any way that Lin Ran would be the person that the Eastern Chess King was looking for.

“Father are you mistaken, there are many people called Lin Ran, it’s not like you don’t know about the Lin family in the Immortal World with the help of the Luo Ran Merchant Firm!”

Wang Mang said busily.

He really didn’t want to think in that direction.

“It’s also possible, but in front of this chance, all must not falter!”

Wang Zhengtian said.

“Yes I understand!”

Wang Mang bowed his head to, he knew that this chance was about the life and death of the whole Heavenly King Castle!

So he could only suppress the anger in his heart towards Lin Ran for the time being.

“I hope you can come, it will save me from having to go looking for you then!”

Wang Mang thought to himself.

It wasn’t impossible, after all, Lin Ran had saved Wolf Ba, and the latter would definitely tell him about the chance.

In that case, this kid might come over as well.

“Humph! I hope you better come, or else I’ll have to come back for you!”

A stern aura flashed across Wang Mang’s eyes.

Days passed by day by day.

Inside and outside of East Flag City, the news of the imminent appearance of the opportunity had spread throughout the entire East Flag Domain.

Even within the major sects, the rumours had gone crazy.

However, Lin Ran didn’t care about any of this, because he wanted to attend this opportunity.

There was another thing he needed to complete, and that was the sect competition.

“Deceased brother, have you heard, that land of opportunity is afraid that it will come out in another week’s time!”

“There are even more cultivators in the entire Eastern Flag City now than there were people at the last auction!”

Bu Er Swordsman poured a cup of wine for Lin Ran and busily asked.

“Naturally, I’ve heard about it, but right now we still have to focus on the sect competition!”

Lin Ran said as he finished his drink.

“I know that, but this chance is a hit, should we go back and check it out!”

Buji Swordsman asked.

“We’ll talk about it later!”

Lin Ran laughed without answering positively.

To be honest he didn’t want to take Bu Er Swordsman there.

Although his strength wasn’t weak either, this land of opportunity was full of dangers, and even Wolf Ba’s Extreme Dao Realm strength had been trapped inside for a thousand years.

Those of them at the Realm of Enlightenment were afraid that if they came across it, they would simply be trapped inside and die.

Lin Ran would naturally be safer with Wolf Ba and Li Ba, two Extreme Dao Realm powerhouses, following him.

But the Bu Er Swordsman and the others were not.

If he went in with them, he was afraid that he wouldn’t be able to take care of them at all when the time came.

It was just that he knew in his heart that once in a while, an opportunity would come to them, and they, too, would not be willing to hold back from going!

Therefore, Lin Ran did not want to answer this question, but he was afraid that this question would come to him sooner or later!

Let’s wait until after the clan competition!

Lin Ran said in his heart, the most important thing in front of him now was the sect’s grand competition!

Wonder Doctor Chapter 1937

On this day, the largest square of the Sword Immortal Sect was filled with flickering shadows as countless cultivators all gathered here.

Each of them had excitement on their faces as they gazed at a huge stone monument that had appeared in front of them overnight.

“The Sword Ranking Stone Tablet, also known as the Sword Tablet! It is said that this is something that was erected by the founding ancestor of the Sword Immortal Sect back then!”

“That’s right, I’ve heard of it too, it’s said that it was meant to motivate cultivators!”

“It’s really imposing! If my name could be slapped on the first place, I would be willing to die immediately!”

“If you’re willing, no one else is!”

A crowd of people stood under the sword monument watching with their hearts pounding.

At this moment, almost all the people of the Sword Immortal Sect had gathered here.

For today was the day of the Sword Immortal Sect’s clan competition.

“Silence!”

Suddenly an old man’s voice rang out, following which everyone’s eyes looked over.

The old man who spoke was no other than the elder who had brought Lin Ran into the Sword Immortal Sect in the first place, Leng Chen!

“Next, I will tell you the rules of the competition, and if you don’t listen carefully, I won’t say it again!”

Elder Leng Chen swept his stern gaze across the crowd, and immediately the chatter from below came to an abrupt halt.

Everyone looked at Elder Leng Chen, not daring to say a single word of nonsense.

“Very good!”

Elder Leng Chen nodded his head in satisfaction before speaking.

“The Clan Competition is divided into two stages!”

“Stage one, ranking!”

“All of you will be grouped according to the time you entered my Sword Immortal Sect, and those who enter in the same batch will be in one group!”

“The ranking will be done within each group first!”

“There are four generations of disciples left in the Sword Immortal Sect, but only three generations will participate in the Grand Competition!”

“That means it will be divided into three groups and the competition will be held!”

Speaking here, Elder Leng Chen swept his gaze over the crowd and suddenly actually smiled.

“But don’t think that you will have fewer opponents, this is only the first stage!”

“After the three groups of competitions, the top ten from each group will be able to participate in the final showdown, the ranking battle!”

“Thirty people, randomly assigned to fight two by two, there will be free tickets when there are not enough people, whoever draws one will be able to directly enter the next round!”

“No matter who you fight, you will only have one chance, and if you lose, you are eliminated!”

“So, do you all understand?”

“Yes, I understand!”

The crowd was busy echoing the words.

To the side, the Buji Swordsman came over and whispered.

“It’s not bad to mess up like this, otherwise there are many of us freshmen who are inferior in strength, so this way we can also avoid directly fighting those old students of theirs!”

“Hmm! Strength if you can’t even rank in the top ten in each group, I’m afraid you won’t have a chance to compete for a higher ranking!”

Lin Ran nodded his head and said.

The Sword Immortal Sect was afraid that they were doing this to protect the confidence of the new students, otherwise if they were abused too badly by the older students, it would also affect the firmness of the dao.

“Alright, everyone prepare for ten minutes, in ten minutes the first stage of the sect competition, officially begins!”

.

“Brother Deceased, should we join forces later?”

Buji Swordsman came over and asked.

“Let’s wait and see what happens, the exact rules of the first stage of selection are not known yet!”

Lin Ran said.

He only knew that it was the same group of people entering the Sword Immortal Sect in one grouping. But he still knew nothing about exactly how it was going to be compared.

“And you’re now the alliance’s alliance leader, don’t you need to think about the other members?”

Lin Ran asked with a smile.

“There’s nothing to think about, it was made very clear when I joined them!”

“We all got together just to prevent bullying from the older students! We still have to rely on ourselves in matters of cultivation!”

“You do think thoroughly!”

Lin Ran laughed.

As the two of them spoke, three huge high platforms actually rose out of thin air in front of the sword monument.

The high platforms were densely packed with futons!

Seeing this scene, the crowd couldn't help but be stunned, was this a way for everyone to meditate and rest on them?

"Now I will talk about the rules of the first stage of the competition!"

Elder Leng Chen suddenly spoke.

"Later on, those without a group need to enter on top of the corresponding stone platform, each with a futon!"

"This futon contains a small space inside! There are very powerful illusions inside!"

"All you have to do is to kill as many illusionary demons as possible, and whoever lasts the longest will be the ultimate winner!"

"Do you all understand?"

"Understood!"

The crowd responded.

"Good! You all have five minutes left!"

Elder Leng Chen said, and then whirled around without any more nonsense.

The time was getting closer and closer, and the hearts of the crowd couldn't help but lift up.

But just as Lin Ran was also starting to prepare, a figure suddenly arrived in front of him.

The other person was a young man about the same age as himself, and Lin Ran knew him.

This person was also a new student in their batch, and the reason he knew him was because there were only two or three new students in their batch who hadn't joined the Alliance!

And among them was this man.

"What's wrong with you, Heavenly Ruin?"

Buji Swordsman opened his mouth and asked.

However, Heaven's Ruin was silent, the only thing that escaped his face was a sneer-like smile.

"An old friend!"

Suddenly a voice rang out from the side, and the crowd looked to find that the person coming was Bai Chang!

Next to Bai Chang was another man, suddenly it was none other than White Wolf!

"Something's wrong?"

Lin Ran frowned a few times as he looked at the other person.

“Nothing much, just here to remind you not to lose in the first stage, if that happens, it’ll be a waste of my time!”

“So?”

Lin Ran asked rhetorically.

“So you better make it to the final, I’ll be waiting for you in the final!”

“I’ll do the same with you for your feud with Bai Qu and Liu Dao and the others!”

“Of course, if you can’t even break through the first stage, then consider me, Bai Chang, to be overestimating you!”

Bai Chang sneered.

“Also to introduce to you, Heavenly Ruin is also one of my men! I hope you don’t lose too badly in this first stage!”

“Kid, this first stage, I will definitely win against you!”

Tian Ru said coldly, with disdain in his eyes.

“Is that so? Then I’ll wait!”

Lin Ran smiled lightly, not getting angry either.

“Haha! Interesting, I hope you can do what you say!”

Bai Chang laughed coldly, and then turned around and left the place.

Tian Ru, on the other hand, did not move, his gaze burning as if he wanted to see through all of Lin Ran’s thoughts.

“You’re sick, aren’t you, your boss has already left, what are you still doing here?”

Buji Swordsman said with some anger.

“Forget it, when the master is gone, a dog is still a dog, since you’ve been someone’s lapdog, you mustn’t behave well?”

Lin Ran laughed.

“Hmph! Sharp teeth, I hope you’ll still be arrogant later!”

Tian Ru coldly snorted.

And just as the crowd was talking, it was Elder Leng Chen’s voice that had come from ahead.

“Everyone, get on the high platform! The first stage of selection is about to begin!”

“Let’s go!”

Lin Ran smiled lightly and? With a beckoning call he instantly leapt onto the high platform.

The other people around them also got onto the high platform one after another, and instantly the atmosphere around them became tense.

It was clear in everyone's mind that the opportunity to rise to the top and make a name for themselves in this East Flag City had arrived.

Whether they could seize it or not would all depend on their own abilities!

Wonder Doctor Chapter 1938

In just a minute, all the disciples above the entire square were on the high platform.

The moment Lin Ran sat down on the futon, he distinctly felt a sucking force.

This force was so subtle that it had instantly sucked his consciousness out of his body.

And when Lin Ran's consciousness reappeared, a huge change had already occurred around his entire being.

What appeared in front of Lin Ran was a passage.

The passage was surrounded by white rocks, as if it was a mine tunnel.

The sides of the tunnel were about ten metres wide, while the length was endless.

It was as if it was a corridor cut into the mountain.

Even Lin Ran found that he could not sense the Qiankun Scroll as well as Qing Zi at all at this moment.

"Is this to prevent cheating?"

Lin Ran couldn't help but shake his head,? To actually be able to shield even the spatial artifacts within himself, the power contained within this futon was not weak, I'm afraid!

Moreover, the rocks and ground around it were simply a smudge of the real thing, from this alone, one could tell that the illusion within this futon was afraid that it wasn't simple either.

"Alright! The Illusion Demon will appear in a minute, everyone get ready!"

Elder Leng Chen's voice rang out in his ears.

Lin Ran didn't think any more,? directly took out his Condensing Frost Sword and looked searingly ahead.

A minute quickly passed, and finally Lin Ran saw it.

In the corridor in front of him, a black shadow suddenly appeared, a black aura emanating from its entire body.

It was impossible to see clearly what was inside the black aura.

But that aura was what made Lin Ran know that the other party should be the Illusory Demon that Elder Leng Chen had mentioned.

“Roar!”

The Illusory Demon let out a hiss, and then pounced directly towards Lin Ran.

“Exterminate!”

Lin Ran shouted softly, and immediately stabbed the Condensing Frost Sword in his hand towards the other party.

“Pfft!”

With a soft sound, the illusory demon was instantly pierced by Lin Ran’s Frost Condensation Sword.

After the black mist dissipated the illusory demon was directly reduced to pieces.

“That simple?”

Lin Ran frowned slightly, the strength of this illusory demon seemed a little too weak, if so wouldn’t he have been able to hold on to the pass!

“No way!”

Lin Ran quickly dismissed his thoughts.

There was no way the Sword Immortal Sect could have come up with such a weak test, otherwise how would they be able to quickly separate the winners and losers, would they let everyone spend months in here?

That was clearly impossible!

Sure enough!

The next moment Lin Ran’s suspicions were confirmed.

The next moment Lin Ran’s suspicion was confirmed. He saw two more black shadows suddenly rush out from the front, and they were clearly two Phantom Demons.

Moreover, these two Phantom Demons were identical in both strength and size, as if they were carved out of the same mold.

“Extinguish!”

Lin Ran quickly shot out his sword, instantly exterminating the two illusory demons.

But soon four illusory demons appeared in front of him!

“This...”

Lin Ran instantly thought of a bad outcome.

Could it be that these illusory demons would become two if they killed one?

If that was the case, then what about himself? It would be impossible for him to kill all of these illusory demons!

And there would be more and more of them!

This was a geometric increase.

“Bang Bang Bang Bang!”

With a single slash of the sword, four illusionary demons instantly broke apart, and then became eight!

“That’s really ruthless!”

Lin Ran couldn’t help but gulp, playing like this he was afraid that someone would soon not be able to hold on!

With that in mind, Lin Ran was no longer slow, and with a slash of his sword, he instantly killed all eight illusionary demons in front of him.

However, these Phantom Demons were like floating duckweed, in this Phantom Realm they were immortal!

No matter how many Lin Ran killed, more would definitely appear next time.

As time passed, Lin Ran’s face began to look ugly.

The later it got, the more Phantom Demons appeared, which meant that Lin Ran was under more pressure.

A mere ten minutes had passed when suddenly Lin Ran heard a wooden voice ring out in his mind.

“Ten people have been eliminated from the freshman group, the remaining number is forty-three!”

“Ten people have been eliminated?”

Lin Ran was stunned, it had only been ten minutes, and ten people had actually been eliminated in one go!

However, looking at all the illusionary demons in front of him, Lin Ran was relieved.

With so many Phantom Demons attacking at the same time, it was normal to eliminate ten people.

“Sword Net out!”

Lin Ran also felt a hint of pressure, and in an instant, the Frost Condensation Sword shook, and several sword maces already slashed out.

The sword manes changed rapidly, and in the end, they actually formed a net of swords that enveloped the front of the group.

“Bang Bang Bang!”

Wherever the sword net passed, countless Illusory Demons were actually instantly split into pieces.

In an instant, the vast majority of the densely packed Illusory Demons had been decimated.

“Freshman group, ten eliminated, remaining number thirty-three!”

The voice suddenly sounded again.

Lin Ran also noticed that more Illusory Demons had actually appeared in front of him.

“Damn, this selection mode is really ruthless, if we keep looking like this, I’m afraid we’ll be able to tell the winner in less than five minutes!”

Lin Ran muttered to himself in his mind.

The number of illusionary demons he faced was increasing, and he also felt himself under more and more pressure.

However, these illusionary demons were not strong, and Lin Ran had not used his bottom card yet, so he was not in a hurry.

Time passed by minute by minute, and finally after another two minutes had passed, ten more people were eliminated from the competition.

And at this point, there were only twenty-three people left in the freshman group!

Each group had to select the top ten, so Lin Ran still had to wait.

But at this point, this first stage was already kind of in the white heat, so as long as each additional minute lasted, they would be one step closer to the top ten!

After just under a minute, the mute voice rang out once more.

“Freshmen group, five eliminated, eighteen left!”

Eighteen people?

Lin Ran was stunned, it seemed that the further back he went, the more frequent this notification would be.

“Go!”

Lin Ran didn’t delay, his hand shook the Frost Condensation Sword, and in an instant, the first style of the Lancang Sword Technique, the Sea of Immeasurables, was cast out directly!

A stream of sword arrows were like stars in the sky as they blasted directly towards the front.

The corridor in front of Lin Ran’s eyes had already been filled by the Illusory Demon.

However, after just one move, the Illusory Demons in front of him were not left behind, all of them were reduced to a few points.

“Freshmen group, five eliminated, thirteen left!”

Three more!

Lin Ran secretly said in his heart, while more illusionary demons appeared in front of him.

However, Lin Ran found that the corridor he was in simply made him too comfortable.

The countless number of illusionary demons crammed into the corridor were simply helping themselves.

“Go!”

Lin Ran waved his palm and instantly the ocean was limitless and slashed out once more.

The illusionary demons that had just formed were actually once again all obliterated by the splintering.

“Freshman group, three eliminated, top ten has been born!”

After just another minute, the system alert voice finally rang out once more, and upon hearing this voice, not only Lin Ran, but the other remaining people couldn't help but breathe a sigh of relief.

Finally, they had made it into the top ten of the freshman group.

Wonder Doctor Chapter 1939

However, just when the crowd thought that it was over, a voice suddenly but sounded in Lin Ran's mind.

“The top ten have been born, the top ten ranking rounds will follow!”

“The rules are as usual!”

“Shit? There's more?”

“What the hell? Aren't we already in the top ten?”

“Oh my god, how am I supposed to play with so many phantom demons!”

There was a wave of wailing all over the place.

Lin Ran smiled helplessly, he knew it wouldn't be that simple.

Although the number of these Phantom Demons was frightening, their strength wasn't that strong after all, and most of those eliminated were also the weaker ones!

And the last ten people left at this point were considered the strongest ten people in the freshman group.

After that, the ranking battle was to be held against the older students.

At this point they were individuals who also had to be ranked, I just don't know why.

“Perhaps the opponents were assigned according to their ranking!”

Lin Ran could only think this.

However, any further thoughts at this point would no longer help, after all, the Sword Immortal Sect had already set this rule, so they would have to do as they were told.

“Weng!”

Suddenly, Lin Ran saw another large group of illusionary demons appear ahead.

And compared to the previous illusionary demons, this time's were clearly a few points stronger.

“The strength has become stronger?”

Lin Ran couldn't help but frown.

The number of these illusionary demons hadn't decreased in the slightest, but their strength had gotten stronger again.

This was simply too perverted as well.

"The tenth and ninth places in the freshman group have been born! There are still eight people left!"

"Holy shit, so fast!"

Lin Ran exclaimed, this had only just started, and two people had actually been eliminated already!

"Bang bang."

As he spoke, the sword mane in front of him had instantly collided with the Illusionary Demon.

And this time, Lin Ran couldn't help but be stunned.

The sword net he had slashed out had only stirred up a small piece of the illusionary demons, and more of them hadn't died after all.

"Even the defence has been enhanced!"

Lin Ran's heart was shocked, and immediately, the first stance of the Lancang Sword Technique, the Immeasurable Sea, was cast out.

"Bang bang bang!"

Countless sword maces swept away, and instantly the number of Illusory Demons in front of them was clearly decreasing, and the rate of decrease was also very fast.

"I just don't know if these illusionary demons will still be increasing exponentially!"

Lin Ran thought to himself.

These illusionary demons were clearly much stronger, if they were still increasing exponentially,? Then in a few rounds of fighting I'm afraid I wouldn't be able to carry it!

"Freshman group, the sixth to eighth places have appeared, there are still five people left!"

Sure enough, as Lin Ran was thinking in his mind, three more people had already been eliminated.

And there were only five people left at this point.

"Bang!"

With a loud bang, Lin Ran's cast of Ocean Infinity finally fell completely.

But what Lin Ran hadn't expected was that his move, Sea Immensity, hadn't even been able to clear out all of these illusionary demons.

As he looked ahead, there were still more than a hundred Phantom Demons left.

However, to Lin Ran's surprise, the illusionary demons that he had killed earlier had not reappeared.

“No more? Then if we kill all of these, will we pass the level?”

Lin Ran thought in his mind, and immediately slashed over with another move of the Sea of Immensity.

The remaining hundred or so Phantom Demons were completely sacked in just a few moments under the sweep of the Sea Immensity.

“It’s finally over!”

Looking at the empty corridor in front of him, Lin Ran couldn’t help but sigh in relief.

“Weng!”

Suddenly, there was a fluctuation in the surrounding space, followed by a light that actually descended from the sky, directly enveloping Lin Ran’s consciousness.

Following this, Lin Ran felt his consciousness being swept away by a familiar pulling sensation.

This time, however, the moment his consciousness was about to disappear, he heard that wooden voice again.

“Freshman group, the fourth and fifth places have appeared, the first place has appeared, and there are two people left!”

“First place has appeared?”

Lin Ran was stunned, what kind of selection polarity was this.

He could understand the fourth and fifth places appearing, but what the hell was this first place, the second and third places hadn’t even appeared yet, so how come the first place had appeared straight away!

“Weng!”

While thinking in his mind, Lin Ran had already returned his divine sense to his body.

The next moment he opened his eyes, followed by the sight of it.

At this moment, there were actually only five figures left on top of the entire high platform of the freshman group.

Among them, apart from himself, there was another person who had also opened his eyes.

Apparently the two of them should be the fourth and fifth places!

But who was the first place winner?

It shouldn’t be.

“Brother Deceased, congratulations!”

The two men rushed at Lin Ran with an arch of their hands, and then they jumped down.

“Me?”

Lin Ran was stunned, and then seemed to understand something.

He himself had returned all the illusionary demons inside and killed them all, so he had become the first place.

If that counted, then the two of them!

Lin Ran looked to the side and found that the ones who hadn't come out yet at this point in time were clearly none other than Bu Er Jian Ke and Tian Ru.

"No way!"

Suddenly, Bu Er Swordsman snapped open his eyes and let out a long breath.

Following closely behind, the Heavenly Cripple next to him also opened his eyes, but there was clearly resignation and anger in his eyes.

"Who's number one?"

Heavenly Ruin snapped up and swept his gaze below.

"Are you blind?"

Next to him, the Buji swordsman laughed.

"What do you mean?"

Heavenly Ruin questioned with an ugly look on his face.

"What do you mean, there are only three of us left on the entire stage, and you woke up just as I did, so is there any need to ask for first place?"

Buji Swordsman snorted.

"You!"

Heavenly Ruin's face was unusually ugly at his words, obviously unwilling to believe that this was the truth.

"I knew you didn't believe me, see for yourself!"

The Bu Er Swordsman didn't bother to say more and pointed at the sword tablet not far away.

Lin Ran also looked over at his words and found that the rankings on the entire sword tablet were divided into three vertical rows!

The first row was for their freshman group, and in the first place was written the word "Deceased".

Underneath Lin Ran's name were Heavenly Ruin and Fuyi Swordsman.

"Bastard! How could I have lost to him! This can't be!"

There was resignation in Tian Ru's eyes as his fists clenched.

"By the way, how did you come out before us when you were clearly in first place?"

Buji Swordsman reacted and asked busily.

"I finished killing all the illusionary demons inside, so I came out first!"

Lin Ran said indifferently.

Bu Er Swordsman and Heavenly Ruin were however taken aback at his words.

"All... All of them were killed?"

"Mm!"

Lin Ran nodded his head.

"Nonsense, that's absolutely impossible!"

Heavenly Ruin retorted.

"Don't you know how strong the illusionary demons inside ended up being, even I could only barely resist and strike occasionally!"

"How could you possibly finish decapitating them all!"

"If you can't can't you not?"

Lin Ran laughed, what the hell kind of logic is this, making it seem like you Heavenly Ruin is the best in the world.

"That's right, this is clearly the strongest evidence, you can't let others do it even if you can't! That's funny!"

Buji Swordsman laughed.

"You!"

Heavenly Ruin was so angry that his face turned blue.

"You have guts! I concede this first stage, I'll see you in the final!"

After saying that Heavenly Ruin directly left the ring.

"Let's go down too!"

Lin Ran greeted, and immediately left the ring with Bu Er Swordsman as well.

After coming to the bottom and taking his seat, Lin Ran looked at the two older student groups on the side.

And after just a glance he noticed that one of the groups of old students had Bai Chang at the top of the ranking.

Lin Ran quickly scanned around and couldn't help but be stunned.

"How come there's no Su Sa's name?"

Wonder Doctor Chapter 1940

“What’s wrong with the late brother?”

Next to him, Bu Er Swordsman saw that Lin Ran did not look right and was busy asking.

“Have you noticed that there is actually no Su Sa’s name!”

Lin Ran said.

“Su Sa?”

Bu Er Swordsman smiled and was busy looking, but he found that there was actually no Su Sa’s name!

“I don’t think so, Su Sa is also a disciple of the Sword Immortal Sect, how come she’s not there?”

“I don’t know!”

Lin Ran shook his head, he really didn’t know about this.

Moreover, Lin Ran found that he hadn’t even seen Su Sa today, and he didn’t know where she had gone!

He couldn’t understand it and immediately stopped thinking about it, although his own relationship with Su Sa was somewhat complicated,? But in the end, they are just friends, so it’s useless to care so much.

The two group matches for the older students also finished one after another.

The results were no surprise, with Bai Chang occupying the top spot on one of the old student lists.

The other group’s first place on the old student list was occupied by a person named Fang Yan.

“Fang Yan?”

Lin Ran felt that he had heard this name somewhere before.

“Deceased brother, this Fang Yan is Fang Shui’s cousin!”

Bu Er Swordsman reminded from the side.

“Fang Shui’s cousin?”

Lin Ran was stunned at his words? Only then did he remember that this Fang Shui was no other than the person who had travelled with the Bu Er Swordsman when he had been set upon by Liu Blade.

Later on, he also took care of Bu Er Swordsman for a constant period of time, and the two of them had quite a good relationship.

At that time, Fang Shui had mentioned that his cousin was Fang Yan.

However, at that time, Lin Ran had little interest in the sword list, and only roughly glanced at it and did not care too much.

At this moment, after taking a look, Lin Ran could not help but be surprised that this Fang Yan was ranked third on the Sword Ranking.

“The Sword Immortal Sect really has a lot of experts!”

Lin Ran lamented.

“Alright, the first stage of selection has ended, the top ten from each grouping will automatically enter the finals, others can spar privately to improve their ranking!”

Elder Leng Chen’s voice rang out once again.

The crowd then saw that with a wave of Elder Leng Chen’s palm, the names of the top ten of each grouping, thirty in total, were displayed individually on the sword tablet not far away.

Elder Leng Chen looked to the crowd and said.

“These thirty of you will be divided into randomly assigned opponents, and the probability of those with the highest rankings being matched together will increase accordingly!”

“Alright, let’s start matching opponents now!”

As Elder Leng Chen’s words fell.

Immediately, a burst of light erupted from the entire Sword Tablet only.

At the same time, Lin Ran saw that the names of the thirty people were actually randomly messed up greatly, and two vertical rows were then formed.

And the fact that two names appeared in the same row obviously meant that the two were opponents.

“How come this person Bai Chang is up against has never been heard of!”

Looking at a man named Black Mang opposite Bai Chang, Lin Ran couldn’t help but frown slightly.

“Brother deceased, your name is out!”

Suddenly, the Buji Swordsman next to him spoke up.

Lin Ran had also seen by now that his name had appeared, and the name opposite him looked at him with a bewildered look.

Liu Dagger!

“Holy shit! Brother Old Man, you actually ran into this kid again!”

Bu Er Swordsman couldn’t help but exclaim out in shock.

“Probability is still a good thing!”

Lin Ran couldn’t help but laugh as well, he didn’t expect that he would actually match Dao Liu Daggers either.

“Boss! What to do!”

Not far away in the old students’ camp, Liu Dagger looked at Bai Chang with a worried face.

“What to do, you’re still afraid of him after almost a year of training?”

Bai Chang glared at Liu Dagger, a little displeased.

“No boss, but this kid is too weird, I’m afraid.”

Liu Dagger was a little unsure of himself.

“What are you afraid of, you are already at the peak of the Enlightenment Realm, while he has only just entered the Enlightenment Realm, what is there to be afraid of!”

Bai Chang said in a cold voice.

“Show your true skills, even if you can’t win against him, then you have to make it hard for him! Understand!”

“Yes boss!”

Liu Dagger was busy nodding his head, but in his heart he was screaming in agony.

How could he be so unlucky to have run into this kid again?

Bai Chang said lightly that he was no match for him last time, so how could he be this time.

“Ai!”

Just thinking about it, Liu Dagger couldn’t help but feel his heart tighten, a little unsure of what to do.

The match ranking was soon over.

Bu Er Swordsman was quite lucky to have come across a disciple at the bottom of the old student group.

As the opponents were matched, fifteen formations began to appear one after another in the huge square in front of the sword monument.

It was clear that each of these formations was a battleground.

“Enter!”

As Elder Leng Chen’s voice rang out, thirty people quickly rushed onto the square and entered their respective formations.

“Say one word, no one may be hurt, and if you are not defeated, you may choose to surrender, and you may not make a move after surrendering!”

“Whoever hurts the other’s life, the sect rules will deal with it!”

“Begin!”

After saying this Elder Leng Chen directly announced the start of the match.

Lin Ran looked at Liu Dagers in front of him at this moment and couldn’t help but smile.

“Brother Liu Dagger, what a coincidence! I wonder how you want to play this time!”

“What how do you want to play, old man I tell you, although you are very strong, I am still an old student after all! You think you can still win me once more!”

Liu Dagger said coldly, although he had no bottom in his heart, but he still had to take out this momentum.

Otherwise, he would have lost his nerve before the fight even started, how could he train in the future.

“Is that so? Then I’ll have to give it my all!”

Lin Ran said pretending to be serious.

These words caused Liu Daggers to gag.

During this recent year, although Lin Ran had not often appeared at the Sword Immortal Sect, the strength he displayed every time he appeared was something that many people had seen in their eyes.

Of course, only Su Sa and Bai Chang knew that Lin Ran had cultivated the Lancang Sword Technique.

Moreover, Bai Chang had not told anyone about this, if he had, Liu Dao would not have come up to compete with Lin Ran today.

No one knew better than the disciples here what the Lancang Sword Technique meant in the Sword Immortal Sect.

“Kid, you won’t be able to win against me today!”

Liu Dagger was also getting angry and gave Lin Ran a reluctant glance before pulling out the large sword on his back.

Lin Ran looked at him and did not say anything, helplessly shook his head, followed by forming a sword finger with one hand, instantly a ray of sword mane swung out straight at Liu Daggers.

“Humph! How dare you try to fight me with such a trivial skill!”

Liu Daggers roared in anger, and immediately the large sword in his hand slashed straight at the sword mane.

Lin Ran’s sword mane looked nothing out of the ordinary, and even the fluctuations only felt like the early stage of the Enlightenment Realm.

This made Liu Daggers heart sigh with relief, this kind of energy sword mania, I can not just take a slash!

With a smug thought in his heart, the large sword in Liu Dao’s hand also slashed straight up.

However, what happened in the next moment made Liu Dao’s whole body dumbfounded.

The moment his sword struck the sword, a huge force was transmitted directly to his hand.

It felt as if he had struck a huge mountain, and his tiger’s mouth was instantly shaken and cracked open.

Liu Dao’s entire body could not help but take several steps backwards, and the large sword in his hand fell directly to the ground with an unstable blow.

“This.... How is this possible!”

Liu Dagger’s eyes were filled with shock.

Lin Ran, however, looked at him indifferently, and with a wave of his palm instantly the sword aura reached Liu Dagger and hung in front of his neck.

“Why is it impossible, probability is a good thing for me to run into you again, and this time you lost!”

Lin Ran laughed indifferently.
