

Chapter 194

Half an hour later, Alyssa went to the Hunters' old house with the packed flower cake.

The old house was quiet. Except for the housekeeper and a maid, Kevin was the only one at home.

Seeing that Alyssa's belly had grown a bit bigger, Kevin couldn't help but ask, "How are you doing lately? Are you feeling uncomfortable? If you're not feeling well, you must tell grandpa!"

"Grandpa, don't worry. Leon has taken good care of me. The people around me are also very good to me. Try this, it's made by Wendy. It's delicious."

Alyssa took out the flower cake.

Soon the smell of flower cake spread throughout the living room.

Kevin hadn't had a dessert like this in a long time. He really got interested and took a bite of the cake.

The taste of roses quickly spread in his mouth.

This flower cake was sweet but not greasy, and it was also very fragrant and soft.

Kevin took a few more bites and couldn't help but praise, "This cake is really delicious."

"Then I'll ask Wendy to make some more for you. I'll bring it to you when you want to eat it."

"Oh, that's so troublesome."

"No, it's not troublesome at all." Alyssa smiled.

Kevin nodded and took out the redwood box he had prepared earlier and handed it to Alyssa.

"Huh?" Alyssa thought this redwood box was exquisite.

Grandpa liked these old objects. This redwood box should also be his collection.

"This is a gift for you. You open it and take a look. I asked Leon to bring you here a long time ago, but he was too busy, so I called you personally." Kevin smiled, "Open it. I want to give it to you."

Alyssa nodded and opened the redwood box. Then she froze!

It was actually an equity certificate inside.

Alyssa looked at Grandpa and said softly, "Grandpa, are you testing me or Leon?"

"Hey, am I that kind of person? I just think I'm old and it's time for me to retire. Sooner or later, this will be left to Leon. I don't mean to test you guys. I'm old and it's time for me to retire."

"Then why don't you just give this to Leon?"

"I'd better give it to you! Before, Leon was always cold in everything he did. Since you married him, he's not as cold as he used to be, and that's all because you married him. People will feel warm when they meet the people they like."

"Grandpa, how can I have that much power?" Alyssa understood that it was not her who warmed Leon at all, but Leon who warmed her.

Alyssa was a little embarrassed and couldn't help but think of her last life.

It was good that God saw her pity and gave her another chance.

The more she thought about it, the more she felt that she was foolish. At this moment, Kevin took out the equity certificate.

Once again, her stupidity from her last life was proven!

Alyssa kept her head down and never said a word.

Kevin smiled instead, "What's wrong? You're worried that Leon will be upset if you take this, aren't you? No, Leon loves you very much. When he looks at you, his eyes are filled with love. How can he blame you? Leon is brought up by me. George is still young and not capable of running the company yet. If George can help Leon in the future, I will be very pleased. In fact, George is very understanding."

"No, Grandpa, I didn't mean that. I just think that I used to be very ignorant. I feel like you all love me so much now. I'm actually a little touched, really."

She was really touched.

It was a kind of trust for her that Kevin could give her the equity certificate.

"Silly girl, take it, Leon trusts you too."

Kevin put the redwood box into Alyssa's hand, "It's almost time. I have to go out for a walk. Do you want to go for a walk with me? It seems that Leon must take good care of you. You must not have gone out for a walk for a long time, right?"

"Grandpa, it's true that I haven't gone out for a long time. It's really nice of you to take me out for a walk."

Alyssa was happy as a little bird and quickly went out with grandpa.

Evening.

Alyssa told Leon about her visit to the old house today.

Leon looked at the redwood box Alyssa put aside and said softly, "Since this is for you from grandpa, you just take it."

"How can this be for me? It's not for me, it's for you. Grandpa asked me to give it to you."

Leon smiled at Alyssa's words, "Grandpa meant for you to keep it. Grandpa trusts you more. In that case, you should take good care of it."

Alyssa looked at Leon.

Probably this was the greatest trust he had in her.

Such trust made her even more ashamed.

She looked at Leon and said softly, "Then I will keep it for you. I promise you that as long as I am here, I will not let this thing get lost. If this is lost, I will be responsible for it."

"How will you be responsible?"

Leon looked at Alyssa seriously.

He wanted to know how she was going to be responsible.

"I ... I don't know." Alyssa bowed her head, but she quickly said, "I'll get it back for you. If I can't get it back, I won't come back."

Leon's face sank.

He stepped forward and took Alyssa into his arms.

Watching Leon take her in his arms, Alyssa was still a little surprised.

"What are you doing holding me?"

"I just want to tell you that no matter what, you are more important than those possessions at all times. You're the only one that matters to me."

Alyssa looked at Leon's eyes and couldn't help but smile.

Watching Alyssa smile, Leon said angrily, "No laughing, seriously!"

Alyssa nodded and stopped talking seriously.

Seeing that Alyssa stopped talking, Leon frowned, "Why didn't you say anything?"

"You were the one who didn't let me talk, weren't you?"

Alyssa had actually understood Leon's meaning. She had long been moved to the point that she didn't know what to say.

In Leon's eyes, she was the most important. She felt so happy.

Leon hugged her. When he was close to her, he suddenly heard the sound of her stomach rumbling.

Alyssa covered her stomach in embarrassment.

Leon looked at Alyssa covering her stomach and asked softly, "Are you hungry?"

Alyssa nodded in embarrassment.

She was indeed a little hungry.

Leon couldn't help but smile, "I'll take you to eat something first, and then, we'll talk about the rest."

"Okay."

She was really hungry.

Since her recovery, especially in the past few days, her appetite was amazingly good.

A few minutes later, the sumptuous meal was served on the table.

Alyssa ate while watching Leon staring at her. She hurriedly said, "Don't keep looking at me. I know I've been eating a lot lately and I don't look good while eating."

She said while she couldn't help but think.

She looked so ugly when she ate. It was better for Leon not to see her like that. What if he didn't like her after seeing how she ate?

It would be better to leave a good impression on him.

Leon said with a smile, "It's not the first time I've seen you eat. We have eaten together so many times, so you can eat at ease! Watching you eat makes me feel relieved instead. I bought you sour plums today. Someone will bring the plums over later."

Alyssa nodded. Leon actually remembered that she liked sour plums. It seemed that he really cared about her.

During this period, there had been a good supply of sour plums at home. As long as she had something she liked to eat, no matter how hard it was to buy, he could buy it for her.

The stars were beautiful tonight.

After dinner, Alyssa stood at the window and looked at the stars.

Leon sat across from her working on his tablet.

The bright moonlight shone in every corner of the room.

Alyssa leaned against the window and looked out at the stars and thought they were beautiful. She never seemed to notice that the stars were so beautiful.

Leon finished the contract that had just been sent to his mailbox and looked up to see Alyssa looking out the window.

Alyssa looked very serious. Her little face was slightly raised, very pretty.

She had gained some weight after she got pregnant. Her originally small face had become much rounder.

Alyssa looked even better this way. Leon liked her more and more.

When Alyssa turned her head, she saw Leon staring at her. She smiled at Leon, "The stars are so beautiful tonight. Do you think they used to be this pretty? I feel like I missed a lot of sights. Leon, you have to spend more time with me watching the stars from now on."

"Okay."

Leon was naturally willing to do so. When the time came, Alyssa looked at the stars, and he looked at Alyssa. That must be very good.

Seeing that Leon was done, Alyssa came over and leaned against Leon. Leon hugged Alyssa, looked into Alyssa's eyes, and whispered, "What's wrong?"

"Nothing, I just want to lean on you. I feel that I'm living in a dream right now. I don't even feel real looking at you."

Leon smiled and pinched Alyssa's wrist.

Alyssa immediately felt a surge of pain.

She looked at Leon, "What are you doing?"

Leon frowned, "Don't you have no sense of reality?"

Alyssa frowned. The pain was quite real.

"You believe that now?"

"Yes."

"Okay then."

Leon was satisfied and hugged Alyssa, "The moon is so beautiful tonight."

"Do you think there is a Chang'e (a goddess in the moon) living inside the moon?" Alyssa looked at the moon.

"Who is Chang'e?"

"You haven't heard of it?" Alyssa looked at Leon and curled the corners of her mouth with a "you're stupid" look.

Leon thought of a car he had seen by chance last year with a beautiful woman and a moon cake on it. He looked at Alyssa and asked, "A mooncake maker?"

Alyssa laughed and knocked Leon's head, "You are the president, and you don't even know the folklore. However, there are many legends about Chang'e. Do you know a story about Hou Yi (a skilled archer) shooting the sun?"

To be continued
