

# Chapter 1945– 1946 of A Dish Best Served Cold Novel

## Chapter 1945

That night, Chen Ao, Ericson, and Lei Lao San and three drove to the Villa in Yunding Mountain.

First, it was to comfort Helen Qiu and the mothers for condolences.

Second, to confirm again whether Mark really fell.

When Chen Ao and others arrived, the food on the table was still there.

And Helen Qiu was sitting at the table. She did not cry or shed tears, just like she did last night, sitting there, waiting for Mark's return.

Up to this moment, Helen Qiu had not accepted the fact that Mark had fallen.

"Mr. Qiu, Nan Nan has already told us about Mr. Chu."

"We are also very sad to learn about this."

"Mr. Chu, we are the co-master of Noirfork and our 18th largest city. "His fall is also a great loss for Noirfork."

"However, the dead are gone, and the living still exist."

"Those of us who are alive, we should look forward to it."

"Therefore, please cheer up and work with us to deal with Noirfork's funeral."

"The land of Noirfork can't be left alone for a day~" "If you don't, you will be afraid of changes."

Before the villa, Ericson and others respectfully responded. Bye, sadly persuade.

Words and sentences are loyal and good words.

In the end, Ericson bowed his head and begged, and persuaded him bitterly: "Please Miss Qiu, take the position of Noirfork, Mr. Dai Chu, take the power of Noirfork!" ... "Miss Qiu, take the position of Noirfork!" , Mr. Dai Chu, take the power of Noirfork!" .....

In front of the villa, Ericson and others bowed in unison, welcoming the autumn Helen ascending the Noirfork throne and taking charge of the overall situation.

Perhaps, Helen Qiu, a female generation, was not the most suitable candidate to be the respected Noirfork.

However, in this situation, Mark has just fallen, and the remaining power is still there.

Relying on Mark's remaining prestige, letting his woman take charge of the overall situation is undoubtedly the best choice.

At least, no one would dare to question anything in a short period of time.

As for whether Helen Qiu can control Noirfork in the future, it depends on her own ability.

However, to the surprise of Ericson and others, Helen Qiu didn't seem to care about this low-handed power.

Facing the three people's persuasion, Helen Qiu turned a deaf ear, still sitting there without saying a word.

"Miss Qiu, what are you saying?" "Noirfork is Mr. Chu's lifelong career. If you don't stand up at this time, I'm afraid this Noirfork power will fall into the hands of others."

Ericson persuaded again.

But Helen Qiu still didn't respond. She just wanted to guard the house and wait for the boy to return.

She would never believe that Mark fell so easily.

In the end, Ericson and three left helplessly.

That night, the three of them gathered in The Twinfill, but they were secretly discussing the future of Noirfork.

Although Mark has fallen, Noirfork's future road is always to go.

"What should I do now?" "Mr. Chu has fallen, and he has no children under his knees. As for the status of Miss Qiu, it is obviously difficult to pick the overall situation."

"Now that the Noirfork dragons have no leader, once the wind of Mr. Chu's fall leaks, the situation in Noirfork will inevitably change!" "Ericson's words are full of worry."

Although Mark has been in charge of Noirfork for less than a year, in this year, Mark has integrated countless forces in Noirfork, and the industry under Mark is huge.

The industries that were taken over from Zao Wou-ki alone spread to the eight major cities, plus the Meng family in Liaocheng, and the companies under the three of them. It can be said that the industries directly controlled by Shan Shan Yefan already include Noirfork. Half the country.

## Chapter 1946 the plan of Ericson et al

As the saying goes, people die for money and birds die for food.

In the past, with the prestige of Mr. Chu, all forces in Noirfork undoubtedly did not dare to covet these huge industries.

But now, Mr. Chu is gone.

For a time, those huge industries have become unowned. At this time, if there is no one who can hold the place, one can imagine what kind of chaos will occur in Noirfork.

Silence, a long silence.

Faced with Ericson's concerns, Chen Ao and Lei Lao San could not think of any good countermeasures.

Just because this is a dead end!

Even if another leader will appear in Noirfork in the future, Mark's industries will definitely change hands.

This is naturally what the three of them don't want to see.

After all, most of Mark's industries are managed by the three of them.

If Noirfork's new master appeared, he would definitely not treat them as much as Mark did.

"Or, Chen Ao, you stand up and preside over the overall situation, right?" "The whole Noirfork, except for Mr. Chu, you have the most prestige."

"With the support of me and Ericson, I don't believe it, you sit down Unstable the position of the Lord of Noirfork?" Lei Laosan suddenly persuaded.

When Chen Ao heard it, his face turned black.

"F\*ck, Lei San, don't cheat me!" "Not to mention that I don't live in the 18 cities in Noirfork in Chen Aozhen."

“Even if I can live it, I can’t do it?” “Mr. Chu treats me very well. As soon as he fell, I took the throne. How does this make others think of me?” “I can’t say that Chen Ao is ungrateful?” “Moreover, Mr. Chu has not been able to find any bones yet. What if you die? What if Mr. Chu comes back alive one day later?” “Mr. Chu still can’t punish my Nine Clan!” Chen Ao directly rejected Lei San’s suggestion.

After all, this is simply unrealistic.

And it’s not that the morality is inexplicable, and Chen Ao’s ability alone is not enough.

Otherwise, Chen Aoruo really has this ability, he would have unified Noirfork long before Mark appeared.

“Hey~” “It seems that I can only hide it for now.”

Now the news of Mr. Chu’s fall has not spread in Noirfork.

Only the three of them knew about this.

Therefore, as long as they strictly sealed the news of Mark’s fall, Noirfork would not be turbulent.

However, the three of them knew very well that this was just a delay.

This matter will be exposed sooner or later.

At that time, once Mr. Chu falls and disappears, Noirfork’s power structure will surely change drastically!

This meeting of the three of The Twinfill lasted a full night.

At dawn, Chen Ao and others also returned home, and then continued their work as usual, as if nothing had happened.

Moreover, Chen Ao deliberately asked Cynthia Chen to put Mark’s accident in his heart, and he was not allowed to tell anyone in the future.

As for Helen Qiu and Ye Ximei, Ericson and others specially went to greet them and told them not to make publicity.

“Ms. Ye, we are also very sad about Mr. Chu.”

“But you and Miss Qiu must not tell you about this matter.”

“So, the leading position of Mufan Group in the Noirfork business community can still be preserved.”

“Otherwise. If others know of Mr. Chu’s fall, the status and power of your mother-in-law and daughter-in-law today will surely fall apart!” “Even your personal safety is hard to preserve.”

“This is a heartfelt word, remember! Remember!”
