

## Chapter 1951: I Want One Too

“So shameless!” Jiang Yao had not met the Zhao family, so she did not know anything about their situation.

“That’s right. That old woman said that Sister Yuqing was getting old. She’s divorced and doesn’t have children yet. If she doesn’t forgive their son, she will be a spinster.” Lu Xiaoxiao curled her lips and snorted. “My dad was with me too.

He was so angry that his blood pressure almost exploded when he heard that. He said that women from our family could afford not to get married. No one can look down on us. We can also find a good husband for Sister Yuqing. He’s younger than that trash in prison. He’s handsome, and he dotes on her. She only has to wave her hand if she wants him, and she’ll have him.”

“There are many people who like Sister Yuqing. However, she doesn’t like them.” Jiang Yao patted Lu Xiaoxiao’s shoulder and smiled.

People had different world views, so their paths would not be the same.

Perhaps Zhao Zhuangzong’s family thought that Lu Yuqing would be alone for the rest of her life. “Please keep reading on [lisn0vel.com](http://lisn0vel.com)”. They thought that no one would care for a divorced woman. However, most people did not care about her past. They only cared about her future. An outstanding person would always resonate with an equally exceptional person and attract each other.

Huang Chengjing thought highly of Lu Yuqing.

Unfortunately, she had not agreed to date him.

“It seems like Sister Yuqing has a pretty good suitor. Have you met him? What’s he like? What does he do? How old is he? How much does he earn per month? Where is he from?” That had piqued Lu Xiaoxiao’s curiosity. “Most importantly, is that person’s family easy to get along with?”

“You want to know? Then ask Sister Yuqing yourself.” Jiang Yao smiled. “I think he and Sister Yuqing are a good match. They always have a lot to talk about.”

Lu Xingzhi said, “I’ll introduce some people from the army base when I’m free after Independence Day. There are many bachelors there, and the leaders have wanted to get some matches for them. They even had those bachelors going on blind dates. I will find a better person for my sister than Director Huang.”  
“Brother, I want one too!”

Lu Xiaoxiao grabbed Lu Xingzhi’s arm and acted coquettishly. “I’m also at the age where I should find a partner. You must also find in me a handsome partner. Bring me along too!”

“You?”

Lu Xingzhi shook his head. “Being a military wife is very tough. You’re not suitable for that life.”

Lu Xiaoxiao needed a husband who could take good care of her. She was temperamental and was not like Lu Yuqing, who was tough and could take care of a person. She also took good care of her family.

“Brother, you’re underestimating me. Why am I not suitable?” Lu Xiaoxiao pouted unhappily. “I’m older than Jiang Yao. You married her when she was only 18 years old. Aren’t you always away from home too?”

Lu Xingzhi snickered. He did think that it was not appropriate at first, but he wanted to marry her so much that he convinced himself that they were well-suited for each other.

He told himself that it did not matter that Jiang Yao was young; he would always compromise with her.

She was studying, and he was in the army. He would try his best to take care of her..

Chapter 1952: And Then?

“Brother, look at your wife. You married her, so you don’t feel that there’s anything wrong with her.” Lu Xiaoxiao pursed her lips. “I’ll definitely marry a soldier.”

Lu Xingzhi remained silent throughout. He obviously thought it was unlikely. Lu Xiaoxiao was Second Uncle Lu’s only daughter. He could not bear the thought of her marrying a soldier and suffering.

Lu Xingzhi thought it would be best if one of his brothers could be with Lu Xiaoxiao. They knew her, and he would not have to worry about Lu Xiaoxiao being bullied.

Unfortunately, his brothers already had people they loved.

“What happened to that classmate of yours?”

“You don’t like him anymore?” Jiang Yao patted Lu Xiaoxiao’s head. “How long has it been? You don’t like him anymore? Do you really want to marry a soldier?”

“I’m not afraid of you laughing at me. I thought he was good in every way. I thought Jiang Lei was trying to anger me when he said he was not a good person. I was so angry then. However, ever since I went to Jindo City, I realized that I have to observe him more.” Lu Xiaoxiao sighed. “I went to see him when I was there. I knew that he was already dating someone else, but he didn’t tell me anything. When I tried to ask him about it, he denied it. He said that it was all a misunderstanding.”Support our benovel.com

“And then?”

Jiang Yao felt that Lu Xiaoxiao was happy to let things go was not entirely because she knew that he had a girlfriend and had deliberately hidden it.

‘Jiang Lei was helping me look for acting classes in Jindo City. I went there whenever I was free, and I learned a lot about acting. I learned how to observe and perform expressions. When I had coffee with him, I observed his expressions—small movements and so on. His expressions were very natural, and they indicated that he was not a person who could focus. Naturally, he wouldn’t be able to focus on his feelings.

“He’s also always looking at other people when he talks to me. He likes to look at the accessories on their hands. He would always notice someone wearing a luxurious watch. I think it means that he is a hypocrite and a vain person. After observing him for about 20 minutes, I felt as if I had been blinded.”

Lu Xiaoxiao shrugged with a calm face as she finished speaking. "So, I am glad I traveled to Jindo City and tried my hands at acting. Even though I didn't thank Jiang Lei, I appreciate his assistance in helping me to register for the acting class. I might not have been able to see through that man if I hadn't learned all that. But don't tell Jiang lei. I hate his smug face!"

After Lu Xiaoxiao finished speaking, Jiang Yao and Lu Xingzhi looked at each other tacitly. It was indeed a great surprise that Lu Xiaoxiao had learned all that while working as an actress in Jindo City.

Lu Xiaoxiao had become much more sensible. That was something that made those who cared about her feel very gratified.

So I've decided that if I can't be an actress, I'll study psychology. I've accepted a script. Although it was an unremarkable supporting role for two episodes, the role is for a female psychologist who has just returned from overseas. I really like that role!"

Lu Xiaoxiao even rearranged her plans for the future. "It's not bad to be a psychologist. After all, I'll still be a doctor. It's the same profession as Jiang Yao.. Oh, right! The lady that Brother Chen likes seems to be a psychology graduate from a very impressive university abroad!"

Chapter 1953: She's Suitable

"I did not go to Jindo City for nothing. I've grown up." It was enough to prove that Lu Xiaoxiao had really thought it through for someone who had been a troublesome kid since childhood to say that.

"It's late. You don't have to shoot anything now. Do you want to go back to the hotel with the staff or to the army base with us?" Jiang Yao meant to let Lu Xiaoxiao stay in the army base. That was the safest way. She could accompany Lu Xiaoxiao until it was time for her class tomorrow morning.

However, Lu Xiaoxiao shook her head and refused with a sly smile.

"I'm going to look for Sister Yuqing. I'm going back to Nanjiang City with the people from their company. I'm also going to see the man you said is a good match for her."

"Don't tell her what I said."

Jiang Yao covered her face. If Sister Yuqing found out, she would definitely hit her.

Lu Xingzhi glanced at Jiang Yao. Well, it was good that she was fearful of her words. He still could not stand Huang Chengjing.

"Get in the car. I'll send you back to the hotel," Lu Xingzhi said.

Lu Xiaoxiao was there with the advertising company. She was a newcomer, so she did not have an assistant. She was there by herself.

When they heard that Lu Xiaoxiao wanted to go to the hotel with her brother and sister-in-law, the staff did not say anything. They did not know Lu Xiaoxiao's identity, but they knew she must have been someone special. They thought it justified that action. Her brother and sister-in-law even came in a luxurious jeep. Would Lu Xiaoxiao still want to ride in their car?

"Are we looking for a new spokesperson?"

Just as Jiang Yao and Lu Xingzhi were waiting in the car for Lu Xiaoxiao to change her clothes and get her things, the photographer walked toward Jiang Yao. "I think she's suitable for the role."

The photographer was referring to Jiang Yao. "" "Some jewelry is for couples, so we need to create a romantic shot. I think she's suitable. She's got the looks." "She's not filming anything." Lu Xingzhi's face darkened. "Find someone else."

Apart from not wanting Jiang Yao to appear in public and risk getting into problems after she became famous, Lu Xingzhi also thought Jiang Yao's identity was inappropriate for the job. No owner would become their brand's ambassador.

Furthermore, Jiang Yao's popularity would not bring too many benefits to the brand's promotion.

Of course, another reason Lu Xingzhi had was that Jiang Yao was pregnant. It would be too tiring for her to attend classes and shoot advertisements.

Lu Xingzhi did not care about Jiang Yao acting with other men. He did not think that he was petty. He knew that it was just acting, and it was not real.

"Is it because of the brand's publicity?"

The photographer smiled. "That is not a problem. I know many people in this industry—local and foreign magazines and celebrities. I can help you promote them for free. Your company's jewelry is high-end, so local and foreign magazines are very suitable."

Lu Xingzhi saw that the photographer was about to light a cigarette, and his face soured. He immediately stopped him. "My wife is pregnant. Don't smoke in front of her."

He had already quit smoking, and even his brothers did not dare smoke in front of her.

The photographer paused; he d was slightly surprised. His gaze turned toward Jiang Yao, and then he laughed. "No wonder you're plumper than the first time I saw you. I thought you had gained weight."

"You've seen me before?"

Jiang Yao was curious. Did the photographer say that he had seen her before that day? However, she had no impression of him and could not remember seeing him anywhere before..

Chapter 1954: What Do You Know?

The photographer was not surprised that Jiang Yao had no impression of him. He put the unlit cigarette back into the case and said, "You saved my brother's leg in Lanning. I was there when they told me he had an accident. I saw you coming out of the operating theater when I arrived. You were the doctor that they were looking for later."

"You recognized me?"

Jiang Yao blinked her eyes. "But I was wearing a mask when I came out of the surgery!"

The photographer said, "I remember your eyes. Your eyes have an attractive charm, like gemstones, or rather, they are more beautiful than gemstones, so I recognized you the moment I saw you."

Jiang Yao subconsciously raised her hand to touch her own eyes, thinking if all photographers were so artistic in their speech? She had never realized that her eyes were as beautiful as he had said.

“But that has nothing to do with why I recommended you star in the advertisement. I think that your temperament is suitable for the shoot.” The photographer shrugged. “But since you’re pregnant, it’s best to put your health first.”

Lu Xingzhi glanced at the photographer before he honked to urge Lu Xiaoxiao.

After Lu Xiaoxiao got into the car with her luggage, Lu Xingzhi did not even say goodbye; he started the car and left.

The photographer watched the car blend into the night and quickly disappear. Then, he took out his cigarette case and lit it up.

“Boss, did you try to poach Director Lu’s family member?”

When the photographer’s assistant noticed that the car had left, he ran forward and said, “That girl is beautiful. She looks like a girl from the south. At first glance, she looks like a spring.”

“Don’t think about it.”

The photographer looked at his assistant and smiled. “People from that kind of family wouldn’t enter this industry.”

“What?”

The photographer saw the dumbfounded look on his assistant’s face and explained. “Didn’t you notice that the jeep is a military vehicle? Lu Xiaoxiao’s brother is a soldier with a high ranking.”

“Damn!” His assistant looked terrified. “I didn’t realize that Lu Xiaoxiao had such good backing! Why would she want to start from the bottom? It’ll be easy for her to start right at the top.”

“What do you know?”

The photographer did not think there was anything wrong with Lu Xiaoxiao starting from the bottom. She did not have any experience, so it was better for her to start from the bottom to gain some knowledge. It would not be a bad thing for her.

However, it was just a little more difficult at the beginning.

“How high do you think Lu Xiaoxiao’s brother and sister-in-law’s status is that they dared to mess with Zhou Hailan. I heard that she’s the girlfriend of some

VIP in Jindo City, but those two had dared to disrespect her. Do you remember what Lu Xiaoxiao’s brother said? He was so arrogant! I felt like I was watching a movie.”

“You’ve been in Jindo City for many years, right? We’ve been in this industry for so many years, and you still can’t guess it? His surname is Lu—who do you think he is?”

The photographer took a deep puff of his cigarette and said, “Lu Xiaoxiao is a young girl who just joined this industry.. She’s good -looking, but haven’t you ever wondered why she’s been safe all this while?”

How many other rookies managed to escape the dirty hands in this industry? Can they resist the temptations?"

Chapter 1955: I'm Done For

"His surname is Lu?" The assistant's expression suddenly changed. "Boss, Lu Xiaoxiao's older brother is Third Young Master Lu?"

"Shh, it's good that you know."

The photographer was very sure of that answer. He thought that the man's age, occupation, personality, and surname had matched. He must be one of the low-key and mysterious five young masters of Jindo City.

The assistant exclaimed. "Oh, my goodness! Boss, have I been disrespectful to Lu Xiaoxiao in the past few days? Have I bullied her? It looks like she can send me to death easily. I can't believe I've worked with the sister of that kind of person! Oh, my goodness!"

"Yes, you ordered her to move the chair."

"I'm going to die! I'm going to die! I'm done for!" The assistant was terrified. After stomping his feet and seeing his boss look at him like an idiot, he gradually calmed down. "Lu Xiaoxiao has a good personality. She definitely won't bother with such a small matter. I remember now. I asked her to help me move the chair, but I treated her to a popsicle!"

"But she had diarrhea after that."

The assistant scratched his head. "You can't blame me for that. But it's satisfying seeing how they pulled Zhou Hailan down a peg. It had been so hard to take care of her every whim. I was worried that she would retaliate against Lu Xiaoxiao's brother and sister-in-law; I didn't know they had an even stronger background. Zhou Hailan's slap was for nothing. She might be that

VIP's girlfriend, but everyone knows that she was just his fun time plaything.

Nothing would happen even if Lu Xiaoxiao's sister-in-law slapped her twice."

"You're too naive." The photographer shook his head. "How many rumors have you heard about Lu Xiaoxiao's brother? I bet Zhou Hailan will leave the industry soon."

The three people who had left did not know that everyone else was still talking about them. However, even if they knew, they would not care.

Meanwhile, Jiang Yao was sitting in the front passenger seat. She held a mirror and looked at herself in a somewhat smug manner. Then, she turned around to look at Lu Xingzhi and asked seriously, "Are my eyes really as beautiful as that photographer said?"

Lu Xingzhi remained silent. However, he still glanced at Jiang Yao. He glanced at her eyes, curled his lips, and continued driving his car.

"It's difficult for my brother to praise someone." Lu Xiaoxiao sat in the back seat and leaned forward to get closer to Jiang Yao. "I think that your eyes are indeed beautiful. Furthermore, he is a very famous

photographer. You might not know this, but there are three great geniuses in the industry. One is a director, another is a composer and lyricist, and the third person is the photographer. The three of them are known as the three great geniuses in the industry. That photographer rarely praises anyone. Even Zhou Hailan hasn't received a single compliment from him."

After saying that, Lu Xiaoxiao looked at Jiang Yao's eyes again. She touched her chin and said, "How should I describe your eyes? It's a little vulgar to describe them as bright stars, but it feels just like that."

Lu Xingzhi thought that Lu Xiaoxiao was a little too chatty. He stepped on the accelerator and sped up. It was a half-hour drive, but he only needed 20 minutes to reach their destination..

Chapter 1956: This Is How I Am

"Xiaoxiao, you can get off now." Lu Xingzhi stopped the car at the hotel entrance and turned his head to speak to Lu Xiaoxiao. "Take your things. Don't leave them in the car. I won't send them back to you if you leave them here."

Lu Xiaoxiao choked on her words. She had a feeling that her brother did not want her there. It must have been an illusion when she thought her brother was handsome while they were at that shooting location.

"Sister-in-law, do you want to go up and chat with me?" Lu Xiaoxiao asked as she patted Jiang Yao.

"She has nothing to say to you. Get out of the car quickly," Lu Xingzhi spoke before Jiang Yao could.

Lu Xiaoxiao stuck out her tongue and made a face at Lu Xingzhi before she got out of the car with her things.

Then, Lu Xingzhi quickly started the car and left the hotel as if he was hiding from someone.

"Why did you say that? She hasn't seen you for a long time. She must miss you." Jiang Yao patted Lu Xingzhi's arm. "Think about your tone just now. She might think you don't care about her."

"It hasn't been that long. We saw her when we were back home." Lu Xingzhi chuckled softly. "It's not like she doesn't know my personality."

Fine, it was his personality. Whatever he said was right.

Jiang Yao rolled her eyes at Lu Xingzhi. She thought, 'Why wasn't he the same when he's with me?' He clung to her all day long, wanting nothing more than to tie her to him. Where had his coldness gone?

She had only been abroad for two days, yet he kept asking her when she would return home. He did not even give her a chance to say no and immediately got her on the plane home.

Lu Xingzhi slowed the car as he drove toward the army base. He switched off the air-conditioner and lowered the window. There was a cool breeze, and the vehicle was not moving fast. It was as if they were going for a ride.

The comfortable breeze made Jiang Yao drowsy. Not long after that, she leaned against the back of the chair and fell into a deep sleep. She did not know when they reached the army base, how she got out of the car, how she got home, or how she changed into her pajamas.

When Jiang Yao woke up, she was already lying comfortably on the bed. Lu Xingzhi was not in the room. It sounded like he was in the bathroom.

Jiang Yao got off the bed, put on her slippers, and walked toward the sound. She saw Lu Xingzhi washing their dirty clothes.

He had already washed her underwear separately and hung them outside to dry.

"It's so late, don't wash them now. I'll do that tomorrow." Jiang Yao rubbed her eyes.

"Only two left; I'll be done soon."

Lu Xingzhi shook his head. Before Jiang Yao was pregnant, he enjoyed watching her wash his clothes, but he still felt sorry for her hands most of the time. He could not let him continue washing their clothes since she was pregnant.

They did not have a balcony, and they did not have a proper place to wash clothes as they did in their home in Jin City. They had to crouch to wash the clothes while they could do that standing up in their previous home in Jin City. He did not want Jiang Yao to get tired.

"Why are you awake? Do you need to use the toilet?" He had read that pregnant women would urinate quite frequently as the fetus grew larger and squeezed on their bladder.

Lu Xingzhi moved away from her and said, "Go ahead."

"Go out, please." Jiang Yao did not feel like using the toilet until Lu Xingzhi asked her.

Lu Xingzhi washed the suds off his hands and turned to look at Jiang Yao with a faint smile. "We're an old married couple.. Are you afraid that I'll look at you?"

Chapter 1957: Plain Porridge

Jiang Yao raised her leg and kicked him. "Get out! Get out! Who's an old married couple with you?"

She was angry and embarrassed.

Jiang Yao came out of the bathroom and went to get some fruits to eat. She watched TV while waiting for Lu Xingzhi to finish washing the clothes. Then, she followed him to the room.

"I'm not on the side—I can't sleep well."

Lu Xingzhi patted her head in satisfaction when he saw her lying down and leaning into his arms. A few seconds later, he touched her stomach. "It's getting bigger."

Then, he moved up a little and pinched her. "This place is getting bigger too."

"You—"

Jiang Yao swatted Lu Xingzhi's mischievous hand. "Sleep!"

"You're not allowing me to do anything, and you're still not allowing me to touch you?" Lu Xingzhi put his hand back again. "Be reasonable. You can't expect to keep me a vegan and have me eating plain porridge forever. No one can stand this."

Without waiting for Jiang Yao's reply, Lu Xingzhi carefully pressed his upper body onto Jiang Yao's body. He lowered his head and kissed Jiang Yao's lips.

He had already endured for many days.

He had not had such intimate interactions with her in a long time.

A kiss was often not just a kiss, and it would always make him want more.

Like what he was worried about, the desire released from a kiss required great endurance to be controlled.

Jiang Yao was always able to destroy the self-control he was so proud of.

Wherever his lips went, she would tremble. She looked at him lingering on her chest, pushed his head onto her chest, and panted. "Stop! Stop! I can't continue!"

Lu Xingzhi was not the only one who was moved. She was also moved.

Lu Xingzhi lay on his back. He held Jiang Yao's hand in his palm. It took him a long time to calm down.

He looked into her eyes again. The photographer was right. Jiang Yao's eyes were beautiful, but the photographer did not know her eyes were the most charming when she was emotional.

He liked to see her eyes focused on him.

At that moment, her eyes were even more radiant and moving than any starlight.

His wife was the most beautiful woman in the world. [Support our Benovel.com](#)

He hugged his wife again and lowered his head to plant a kiss on her forehead. His voice was as gentle as a marshmallow that could turn into candy.

"Close your eyes and rest," he said.

Jiang Yao moved her body to get closer to him. Then, she hummed, closed her eyes, and was as obedient as a child.

Drowsiness came swiftly. In just a few seconds, Jiang Yao quickly fell asleep.

Lu Xingzhi looked at her quiet, sleeping face. The feeling of having the whole world in his arms was so wonderful that he was speechless.

He had wanted to call Lu Yuqing in Nanjiang City to ask about the situation after Jiang Yao fell asleep, but he could not bear to let go of his hand to make a call.

Forget it. Nothing was more important than holding her.

It would be the same if he did it tomorrow.

Lu Xingzhi closed his eyes and fell asleep with that thought. He did not know if Jiang Yao's medicine had taken effect or if she was his medicine. It had been a long time since Lu Xingzhi had insomnia..

Chapter 1958: Actors and Artists

The nightmare that seemed to devour him with its gaping mouth finally stopped appearing in his dreams.

He had not dreamed of her plane crash in a long time. Instead, he often fantasized about her holding their child's hand and playing in the playground as he stood at the side photographing the mother and son.

He could not see the child's face in the dream, but when he awoke, he remembered a kid who looked like him and her—a mischievous boy who always made her angry.

Without a doubt, that dream was a beautiful one.

Lu Xingzhi's business only started after Jiang Yao left for class. On the way to the office, he called Lu Yuqing to ask about Zhou Hailan.

"The company signed an agreement with her. The fact that she hit someone is not why we terminated the contract with her. If it's because of that, the company will have to pay her a large sum of money. That will not benefit us. It's not about the money, but if we give her the money, it's equivalent to admitting that we are the party at fault. We have no reason to give her money after what she's done."

Lu Yuqing said, "We have to cancel the contract, but even if we give that money to charity, we can't give it to Zhou Hailan. Otherwise, Zhou Hailan will think that we are a small company that she can bully. She will think she can get away after hitting the boss' sister."

"Get someone to send a copy of the contract to me today. I'll take a look at the details." Lu Xingzhi's opinion was the same as Lu Yuqing's. "I won't let her live too happily."

"Don't go too far. I heard that Zhou Hailan has connections in Jindo City. She seems to be the girlfriend of some VIP," Lu Yuqing said.

"Whose girlfriend?"

Lu Xingzhi felt sarcastic when he heard that word. "She's just someone's plaything. How can anyone with a high status marry an actress like her?"

"Don't say that she's an actress. Times have changed. They are artists and performers now." Lu Yuqing defended Lu Xiaoxiao. "Don't forget that Xiaoxiao will also take that path in the future." Support our Benovel.com

"Yes, the times are different. Many actors are artists and performers, but not all actors can become artists and performers. Xiaoxiao loves that industry. When she is outstanding enough, she will be an actress and an artist in the future. What about Zhou Hailan? She is pretending to live her life. If she is not an actress, then what is she? She relies on her connections to climb to the top, so she is an actress."

Lu Xingzhi's rebuttal left Lu Yuqing speechless. From his tone, he did not object to Lu Xiaoxiao continuing to stay in that industry. The Lu family was overprotective, so they would always refer to Lu Xiaoxiao as an artist and performer in the future. As for the other actors and actresses, they would not care about them. An actress would still be an actress, and Zhou Hailan was too annoying.

"No one would do anything shameful for a mere actress," Lu Xingzhi said. "Do you believe when I say that Zhou Hailan will be someone's ex-girlfriend when I spread the news about how she offended me?"

The people in Jindo City were not that afraid of Lu Xingzhi, but they hated people who caused trouble. They would not want to do anything rash with their feelings. They did not need playthings that would damage their reputation, so they would throw them away instead..

Chapter 1959: It Is Settled

“Alright, I’ll leave this matter to you. I’ll get the people in the company to choose a new candidate now. The brand will launch soon, so we need to film and do promotions urgently.

Lu Yuqing heard Lu Xingzhi’s affirmative tone, so she did not say much to him. Lu Xingzhi must have had confidence in what he wanted to do.

Furthermore, Zhou Hailan did not return to the hotel after he and the others left the shooting location. After all, she had been assaulted in front of everyone, intimidated, exposed, had her ring taken away, and had been wrongly implicated by others. She took a car and fled Luo City that night. She arrived after passing through two cities. She purchased the quickest flight back to Jindo City.

Luo City police had already conducted an investigation. One-third of those present that day had gone forward to say they had witnessed Zhou Hailan take the ring to the washroom. The police station also met a woman who was cleaning the park. The next day, when that woman went to the washroom, she saw the ring the police were looking for in one of the toilets.

Even though everyone knew that the ring was there, no one was willing to get it from the toilet after nearly a day of people coming and going. Even if the ring was salvaged, it was impossible to sell it again.

As a result, Zhou Hailan received a call from the Luo City police station shortly after returning to Jindo City, urging her to cooperate with them to compensate for the company’s losses.

Zhou Hailan was so angry that she lost her temper and smashed a lot of items in the office.

“They want me to compensate for the complete set of jewelry, claiming that the rest of the set will be brought to me in Jindo City.” Zhou Hailan was so enraged that her whole body trembled. “What am I going to do with that jewelry set? That will only make me angry once I see it!” Please keep reading on [FreeWebNovel.com](http://FreeWebNovel.com)

Zhou Hailan’s manager also felt that the other party had gone too far. Losing the ring and making Zhou Hailan pay for it was already an infuriating thing to do, but in the end, they still wanted Zhou Hailan to pay for the entire set. They even wanted to deliver the rest of the jewelry to Zhou Hailan. He knew Zhou Hailan’s temper. Did they want her to lose her temper every day?

Could Zhou Hailan throw away such expensive jewelry? Would she not lose more money if she threw them away?

If Zhou Hailan did not want the jewelry anymore, could she not pay for it?

They had already said that they would send the jewelry to Jindo City. If Zhou Hailan did not pay for them, then she would be embarrassed and become a laughingstock in the industry. It might even affect Zhou Hailan’s future endorsement work.

After all, Zhou Hailan’s loss was her responsibility. If she did not take responsibility, who would trust her in the future?

In short, Zhou Hailan had to spend money to buy that entire jewelry set. It pained her to pay so much for a jewelry set that she would hate to see every day.

“What did they say about the shoot? Are they still insisting on canceling the contract?” Zhou Hailan sat on the sofa. She was so angry that she could not even muster the strength to throw a tantrum.

Her manager said, “They haven’t said anything yet, but they didn’t say anything when they found out that you’ve returned to Jindo City. They’re probably thinking of canceling the contract with you. I guess they’re thinking of unique ways to do that. In that way, they won’t have to pay the penalty for breaching the contract. However, our company’s legal team has already gone through the contract. They can’t find any loopholes, so don’t worry. If they want to cancel the contract, they’ll definitely have to pay the penalty for breaching the contract..”

#### Chapter 1960: Immediate Break Up

After a pause, the manager said, “You can talk to that person about the money for that jewelry. He might even pay for you. It’s not easy for you to earn money, but he won’t mind that little bit of money.”

Zhou Hailan’s eyes narrowed, and she immediately stood up. “And that Lu Xiaoxiao! I must chase her out of Jindo City and this industry. Get someone to look into her. Oh, right! And her arrogant brother and sister-in-law. Her sister-in-law hit me. I won’t take that lying down!”

“I don’t need you to tell me that. I’ll remember to do it. I’ll get someone to look into Lu Xiaoxiao.” The manager patted Zhou Hailan. “Alright, go and call your man. Don’t even think about getting this endorsement. Get him to find someone to arrange another one for you. Compared to acting on television, it’s easier to earn money from endorsements.”

“Thank you. You’re always thinking of me,” Zhou Hailan said casually. It did not sound sincere, and her attention was focused on her phone.

Zhou Hailan had called the man three times, but he did not pick up. Her temper flared again, and she was a little anxious.

“It’s okay. Why don’t you call later? He might be busy.” Her manager quickly comforted her.

Zhou Hailan thought about it and agreed. Then, she switched to sending a text message. She made it sound as if someone had wronged her.

Zhou Hailan was waiting for the man’s reply with anticipation. She was thinking about how to deal with Lu Xiaoxiao and take revenge on Lu Xiaoxiao’s sister-in-law from afar. She was even fantasizing about how she could bring down Lu Xiaoxiao’s sister’s jewelry company or even bankrupt them. Support our listn0vel.c0m

She had fantasized about how Lu Xiaoxiao’s brother and sister-in-law would go to Jindo City to apologize to her. She would look down on them and maybe even hit them in the face again. She would use all of her strength on that slap.

The manager returned the phone to Zhou Hailan. “On account of the good times he had with you, your man said you offended someone you shouldn’t have. If you still want to survive in this industry, quickly think of a way to apologize to him and get his forgiveness.”
