

Wonder Doctor Chapter 1951

It has to be said that Feng Yi Yao's natural talent in the medical arts only was very high.

In just less than three years, all the medical skills taught by the Nine Heavenly Mystic Maidens had been learnt by Feng Yi Yao.

Even because of his great medical skills, Feng Yi Yao had become a famous physician in the town.

With more people seeking his medical treatment, living conditions naturally got better.

But it was because of his mother's departure that Feng Yi Yao felt that there was no longer any family of his own in the Immortal World.

It was only when other branches of the Feng family found him that he gradually integrated into his own family again.

The Jiu Tian Xuan Nui and Feng Yi Yao gradually developed a mutual affection for each other because of their long discussions on medical skills.

But at that time, the entire Immortal World was in turmoil.

The rise of the Immortal Emperors had caused anxiety among the four powers, and against that backdrop, all the powers began to take sides, and the slightest deviation could lead to their deaths.

Jiu Tian Xuan Nui and Feng Yi Yao decided to leave the Feng Family Formation, after all, ordinary people would not have the strength to force their battle team.

And at that time, the only cultivators in the entire Wind Family Formation were the Nine Heavenly Mystical Maiden and Feng Yi Yao.

The two left the Wind Family Formation and told the Wind Family to be careful with their lives never to be too high profile.

Speaking of this, Feng Zheng sighed and said.

"Who knew that this departure of the ancestor would be a whole thousand years!"

"A thousand years later, the entire place where the Wind Family Formation was located had been shifted to flat land because of the war. And the Feng family was even nearly extinct!"

The Nine Heavenly Mystic Maidens and Feng Yi Yao were fortunate enough to meet the young Immortal Emperor on their way out for training.

They followed him ever since, until the Immortal Emperor eventually succeeded in ascending to the Immortal throne.

After the Immortal Emperor ascended to the throne, the Immortal World was finally unified, and even a few thousand years of peace followed.

Jiu Tian Xuan Nui and Feng Yi Yao returned to the Feng family formation.

Instead, they found that the entire Wind Family had almost been wiped out.

“They found the only bloodline left in the Wind Family at that time, the ancestor of our present-day Wind Family!”

“He was just a baby then! The ancestor brought him up and eventually started a branch before the current Wind Family came into being!”

“But it didn’t last long, just a few thousand years later, a new force rose and even threatened the rule of the Immortal Emperors!”

“And so the curtain was raised on the Immortal Emperor War!”

Hearing this, Lin Ran knew that the most important thing was coming!

Where exactly the Immortal Emperor was back then, and why those who came after him were able to defeat him and ascend to the position of Immortal Emperor.

As well as where his own ancestor, the Nine Heavenly Mystical Maiden, as well as Feng Yiuyao had gone?

All of this, I’m afraid, will have to be known!

Feng Zheng took a sip of wine and looked a little emotional.

“Feng Sui you speak!”

Feng Zheng suddenly looked at Feng Sui.

The latter understood and nodded as he continued.

“Young Lord, the subsequent events are rather chaotic, so I will follow the development of the Immortal World and tell you!”

Feng Zheng gathered his thoughts and opened his mouth to tell the story.

The old Immortal Emperors were sitting down with strong people, and it was very difficult for the new Immortal Emperors to rise to the top.

The war had been going on for a hundred years, and both sides had suffered heavy losses.

But the old Immortal Emperor had a deep base after all, so sooner or later the new Immortal Emperor would have to lose if it continued.

“But no one expected it, just when everyone thought the war was going to end!”

“Suddenly a mysterious force appeared, all of them were soul bodies, but each of them was extremely powerful!”

“With their help, the Old Immortal Emperor’s army was defeated!”

“In the end, they actually turned the situation upside down!”

Later, when the Old Immortal Emperor saw that the momentum was over, he decided to break through and take the bottom out.

He gathered some of the most powerful men sitting at his side at that time and went deep into the opponent's lair to prepare to directly extinguish the root of that mysterious soul force.

The result was that he has not been back since, of which the resultant escaped great power said that the Immortal Emperor was nowhere to be found alive or dead!

They don't even know where he is now!

Once the Immortal Emperor died, the entire Immortal World was completely reshuffled!

But all this doesn't really have much of an impact on us ordinary people.

After all, the ordinary people didn't care who ruled the Immortal World, all they wanted was a stable life.

The new Immortal Emperor soon stabilised the entire Immortal Realm.

But the remnants of the old Immortal Emperor's strength were tangled together and formed a counter-alliance!

The Demonic Beast Clan, having sacrificed so much in the Great War, also united and formed the Beast King Domain!

The new immortal emperor could have used the mysterious soul power to wipe out everyone in one fell swoop.

But somehow the mysterious soul strength suddenly withdrew its forces.

With the loss of this force, the New Immortal Emperor could not fight against the Beast King's Domain and the Anti-Alliance with his own strength!

And so this three-legged pattern has been formed ever since!

"That's a bit of a long story!"

Feng Zheng took a sip of wine and continued.

"After the old Immortal Emperor fell, in fact, secretly the new Immortal Emperor has never stopped hunting down the former's minions!"

"The Nine Heavenly Mystic Maidens and Wind Prowler were also hunted down!"

"The other side has even tracked down the Nine Heavenly Mystic Maiden's hometown!"

"What?"

Hearing this Lin Ran couldn't help but frown slightly.

Sure enough, together it was all the same as what he had thought.

"The New Immortal Emperor sent someone over there, and the Nine Heavenly Mystical Maiden chose to go home to protect her hometown!"

“And for the sake of the Feng Family, the Feng Free ancestor also decided to stay behind to guard the family!”

And so another hundred years passed, and when the Nine Heavenly Mystic Maidens returned a hundred years later, they were already dying, their lives coming to an end!

Lin Ran couldn't help but seize up when he heard this.

Back on Earth, the Nine Heavenly Maidens must have experienced a great battle, otherwise how could they have been dying when they returned to the Immortal World again!

“What happened afterwards? What happened afterwards?”

Lin Ran asked after him.

“Afterwards, there was the scene of the statue!”

Feng Sui pointed at the statue and said.

“The Wind Free Ancestor couldn't let go of the Nine Heavenly Mystic Maidens, so he used his own life as the price to save them!”

“The price that the ancestor paid was that he became part of the Heavenly Dao and was never allowed to reincarnate!”

“In order to be by the side of the Nine Heavenly Maidens at all times!”

“Merge into the Heavenly Dao?”

Lin Ran was dumbfounded.

No wonder! No wonder he could be seen during his own enlightenment on Earth.

No wonder he was able to weave through the Chaos Thunderclap, where all cultivators dared not go, but he was able to do so with ease!

It wasn't because he was too powerful, but because Feng Yi Yao was originally a part of the Heavenly Dao!

The Heavenly Dao was him, and he was the Heavenly Dao!

“What happened then? Where did the Nine Heavenly Mystical Maidens go?”

Lin Ran asked.

Feng Sui heard this but shook his head.

Feng Zheng had calmed down by now and took over the conversation.

“No one knows where the Nine Heavenly Mystical Maiden went, except that when she reappeared, the entire person chose to commit suicide!”

“Suicide?”

Lin Ran sounded even more bewildered.

“That’s right! It was suicide, she chose to commit suicide in front of a large crowd!”

Feng Zheng said as his eyes suddenly turned sharp and said.

“We didn’t know exactly why until a little while ago!”

“Why?”

Lin Ran asked after him.

Feng Zheng said with icy cold eyes.

“Ancestor Feng Yi Yao told us something back then implicitly through the Heavenly Dao!”

“After the Nine Heavenly Mystical Maiden was saved, she set off to search for the Old Immortal Emperor!”

“She really found it later, only to find a corpse!”

“The old Immortal Emperor’s fall completely made her desperate!”

“But she also seemed to have gained some insight into the inner workings of the world, as she used the secret technique of transforming three clearings in one breath! One split into two!”

“One of the flesh bodies returned to the Immortal Realm and committed suicide in public, sealing the entire Immortal Realm’s medical dao with the power of its origin!”

“This is why, nowadays, it is impossible to cultivate the Immortal World’s healing dao at all!”

“The other physical body, on the other hand, has left the Immortal Realm and is nowhere to be found!”

“I wonder if it has returned to its hometown!”

Wonder Doctor Chapter 1952

“No way!”

Lin Ran denied it outright.

If his ancestor’s other distant spirit had been living on Earth, there was no way he could have watched the eventual battle between himself and the foreign devil without doing anything!

But if it wasn’t on Earth, where had she gone?

“Could this matter have been brought to your attention by Elder Wind?”

Lin Ran asked.

Since Wind Prowler had merged into the Heavenly Dao, there was nothing in Heaven and Earth that he didn’t know about as long as the Heavenly Dao could be piped in.

It was reasonable to say that he should know exactly where the other doppelganger of the Nine Heavenly Mystical Maidens had gone.

“I don’t know!”

Feng Zheng said.

“Ancestor Feng Yi Yao had only vaguely said that she had disappeared into the vast void, and where she had gone even he couldn’t detect!”

“Disappeared into the void?”

Lin Ran was stunned and couldn’t help but think back to the day he fought the Chaos World Worm in the Immortal World.

The blood-red eyes that he saw in that huge void rift!

Could it be that there was a hidden force within the void rift in the void?

Lin Ran felt his head ache, the information from this conversation had shaken almost all of his previous worldviews to the point of collapse!

He hadn’t expected that these matters in the past would be so complex.

What’s more, he hadn’t expected that the inaccessibility of the Immortal World’s healing dao was actually sealed by the Nine Heavenly Mystical Maiden herself!

Why had she sealed the Healing Dao, and why on earth?

And where had she herself gone?

There were too many doubts that no one could answer at all.

Feng Zheng suddenly got up and said with a serious expression.

“Young Master! Ancestor Wind Free gave our Wind Family what it is today!”

“The last message he sent clearly said that a descendant of the Nine Heavenly Mystic Maiden was about to rise and arrive, asking us to respect you as Young Master!”

“To do what was left undone back then!”

“The unfinished business? What are you referring to?”

Lin Ran asked as he looked at Feng Zheng.

“Ancestor Feng Yi Yao said!”

“The Great War is not finished, the fuse of war has been lit, and a second bloodbath will soon come!”

“Let us consecrate you as young master and assist you in your rise to power!”

“The great war is not yet over, let us consecrate you as young master!”

Suddenly, Feng Sui rose, followed by a murmur of voices ringing out around them.

Only then did Lin Ran realise that there were actually a very large number of Feng family members hidden within this pavilion.

They were all of extraordinary strength, otherwise it wouldn't be so bad that Lin Ran hadn't sensed them until now!

"Don't be offended, young master, this is also the ancestor's intention!"

"He was afraid that you had already been infiltrated by the enemy, so that's why he asked me to use the Pearl of Enlightenment to detect you!"

Feng Zheng busily said.

Only when Lin Ran smiled did he remember the beads that he had let himself drip his essence blood and divine sense into at the beginning, it turned out that the throwing party was testing whether or not he had been gotten in by the enemy in the first place.

"Is there anything else to say?"

Lin Ran shook his head, eager to find a place to be quiet at this point.

The information Feng Sui had told himself was so vast that he was at a bit of a loss as to what to do!

"Nothing, Young Master can leave anytime! I will have Feng Sui follow you and contact you whenever there are problems!"

Feng Zheng said.

Lin Ran waved his hand and didn't say much, sitting down in place without saying a word.

There were so many things that Feng Zheng had told today, so much information that he was unable to fully digest it for a while.

But the most important point he knew was that the Immortal World was still not peaceful.

That was that the Immortal World was still not peaceful, and that a great war would start at any moment.

"My first priority is to cultivate hard and find Song Nuan and the others as soon as possible!"

"If a war really starts and I can't do anything about it, then I'll take them and leave! Drive back home!"

Lin Ran had made up his mind.

The old Immortal Emperor was gone after all, and these people of his own were the only ones who still had the pillow book left to cling to.

If his own strength allowed for it in the future perhaps he would help him.

But if strength did not allow it, he would definitely not let Song Nuan and the others risk their lives.

Having thought about his path, Lin Ran stopped dwelling on it and got up, saying.

"Since you respect me as the young master, let me ask this! How is the strength of the Heavenly King Fort? How does it compare to yours?"

"Heavenly King Fort? They have offended the Young Lord?"

Feng Zheng asked, frowning.

“No, offended my friends!”

Lin Ran didn't hide it either.

Feng Zheng's eyebrows chilled at his words and he said.

“Just one word from Young Lord! Within a day, we can have the Heavenly King Fort removed from the Immortal Realm!”

“No need! I got it!”

Lin Ran nodded, it didn't matter if the Heavenly King Fort was extinguished or not, what mattered was that he needed to know the strength of the Feng family!

“What about the art of pill refining?”

Lin Ran continued to ask.

“The people of the Feng family grew up learning the way of Chinese medicine, and their art of alchemy is definitely not low!”

“The current Alchemy Dignitary, Qin Han, once came to visit our Feng Family!”

Feng Zheng said.

“Qin Han is my friend!”

Lin Ran returned.

“Ah?”

Feng Zheng was instantly frozen.

Lin Ran, however, was not too surprised and continued.

“Since you respect me as Young Lord, remember, Luo Yi of the Luo Ran Merchant Firm, Song Nishang of the Immortal Emperor's Seat, Qin Han, the Alchemy Exalted! As well as Su Xian'er within the Thousand Machines Tower! All are my friends!”

“Also, Li Ba, Wolf Ba, Yu Chang, Leng Zhan, Old Cat, Ah Zhan, Ling Sa! Long Ya!”

“Remember all of these names, if you come across them in danger, you must do your utmost to save them!”

“Understood!”

Feng Zheng and the others were busy nodding their heads respectfully.

“I know you all must be wondering why the Immortal Emperor's seated Song Nishang is also my friend! But right now I can't tell you guys yet!”

“All you have to do is to save when you encounter danger that's all!”

“Understood!”

Feng Zheng and the others nodded their heads.

“All right! We have to take one step at a time, and we have to eat one bite at a time!”

“Let’s talk about the land of opportunity! How much do you guys know about it?”

Lin Ran asked.

“Young Lord this I know well!”

Feng Sui got up and said.

“This land of opportunity was left behind by a great power disciple.”

“The Immortal Mansion was gifted to the disciple by the great power, so no one can take this Immortal Mansion away, but all the things inside can be taken away!”

“It’s just that this Immortal Mansion is heavily forbidden, and only the Extreme Dao Realm can enter at the highest!”

“But the strongest people of the Extreme Dao Realm aren’t much interested in such places, so it’s mainly the people of the Third Dao Realm who are the majority!”

“If you want to enter the Immortal Mansion you must compete for a place! Each teleportation array can only be used by five people!”

“And after using it, it needs to be re-run to gather energy, so there won’t be more than a hundred people entering the Land of Opportunity this time!”

Lin Ran nodded as he listened, and then asked.

“Then where are all the teleportation arrays?”

“I don’t know about that, I only know that there is one place that definitely has them!”

Feng Sui said.

“Where?”

Lin Ran asked busily.

“Thunder Hulou Mountain!”

“Thunder Gourd Mountain?”

Lin Ran was stunned, it looked like he would have to take a trip to the Thunder Hulou Mountain this time no matter what!

“That’s right! I had been to Thunder Gourd Mountain back then and stumbled upon it! I thought no one would pay attention to this place!”

“If Master wants to go, I can lead the way!”

Feng Sui was busy saying.

Lin Ran smiled but shook his head and said.

“You can’t come with us!”

“Why?”

Feng Sui didn’t understand!

“Your reputation is too big, someone will definitely pay attention to your movements!”

“Moreover, this time, the Heavenly King’s Castle must have arranged for it earlier if they have insight into the first opportunity!”

“You go to the front of the Land of Chance and wait for us to come out!” ”

“If the Heavenly King Fort has a secret arrangement, it will definitely be at the front exit, remember if they dare to lay their hands on you, destroy their lair for me!”

“Understood!”

Feng Sui nodded his head respectfully.

Feng Zheng at the side was also busy saying.

“Young Master, don’t worry, a mere Heavenly King Fort is not enough to be feared at all!”

Wonder Doctor Chapter 1953

“Well, it’s getting late, so I should get moving and leave, you guys can secretly help me look up those people I mentioned before and see if you can find out anything about them!”

Lin Ran said.

“Good!”

Feng Zheng nodded his head.

He then sent Lin Ran off.

And after Lin Ran and the others had left the Feng family, the entire Feng family began to function.

With Feng Yi Yao’s guidance, the current Feng Clan was long ago not the weak Feng Clan of old.

Feng Sui alone had the strength of a hundred thousand to eight thousand realms, not to mention the head of the Feng family and the others.

Moreover, under Feng Yi Yao’s guidance, the Feng family could now be said to be very strong regardless of intelligence or strength.

On the one hand, they had Feng Sui take a few people to meet Lin Ran at the entrance to the Land of Opportunity.

On the other hand, they then sent people to start poking around for clues about the few people Lin Ran had mentioned earlier.

At the same time, the Feng family also sent a group of people to rush directly to the Heavenly King Castle.

As long as the Heavenly King's Fort dared to do anything different, it would definitely be dealt an instant and devastating blow.

....

"Brother Deceased, what did the Wind Family say to you? How come it feels like your whole mood is not very high after you came out?"

Buji Swordsman asked.

"It's nothing much, just chatting about some past events!"

Lin Ran said indifferently.

"Things from the past? You and the Wind Family still have past matters?"

Leng Qiu listened in amazement, thinking, "How old are you, you actually have past matters with the Feng family, teasing us?"

"There are some things you don't know, it's better not to ask!"

Lin Ran said indifferently, naturally he didn't want to tell others about himself and the Feng family, it was his own secret.

"The deceased brother doesn't want to talk about it, so you guys better not ask, let's discuss how to enter the Land of Opportunity!"

Beside him, Fang Yan said as he digressed from the topic.

"How else can we enter, after we arrive at Thunder Hulk Mountain and help the deceased obtain the Heavenly Thunder, we will set off directly to the entrance!"

Bu Er Swordsman said.

Leng Qiu also said that he had no objection.

Lin Ran, however, shook his head and said.

"The Land of Opportunity is full of dangers, and there are even many powerful cultivators eyeing it, so I think it's better for you guys to go back!"

"Go back? You're kidding!"

Leng Qiu was displeased.

"Right, brother deceased, we've already arrived here, so it's so possible to still go back!"

Bu Er Swordsman didn't want to go back either.

“Brother deceased, people go to higher places and water flows to lower places, pursuing chance is something every cultivator does, life and death have a destiny and wealth is in heaven, why do you need to be too obsessed!”

Fang Yan spoke up and persuaded.

“My deceased friend you don’t think we are dragging you down!”

Leng Qiu looked at Lin Ran with a few moments of displeasure between her eyebrows.

“No! What are you thinking!”

Lin Ran was helpless, this nee-san was really afraid of what would come.

In fact, Lin Ran still had a little bit of this thought in his heart.

After all, he still had Li Ba and Wolf Ba to protect him, but they didn’t have anyone, so could he stand by and do nothing if he ran into danger?

“Forget it, since you all want to go, then go ahead!”

Lin Ran waved his hand and said.

“Also for your information, there is actually a teleportation formation in the Thunder Hulou Mountain, we only need to find the location of that teleportation formation when the time comes, and then we can directly enter the land of opportunity!”

“Ah? Really?”

The crowd was extremely excited to hear this.

“Of course it’s true, but this formation can only be used by five people, and once it’s used, it will lose its effect, so I’m afraid we’ll have to wait for a thousand years to use it again!”

Lin Ran reminded.

“Don’t worry, there are only four of us, that’s definitely enough!”

Leng Qiu laughed.

When Bu Er Swordsman and Fang Yan heard that there was a teleportation formation right at Thunder Hulou Mountain, they too could not help but be excited, all of them could not wait to fly directly to Thunder Hulou Mountain at this moment.

....

The Thunder Hulou Mountain was located not far from the Wind Family Formation.

It was actually located on a mountain range with the entrance to the Land of Opportunity that other cultivators such as the Heavenly King Fort were heading to.

Lin Ran and the others finally arrived at the entrance to the Thunder Gourd Mountain an hour later.

Only when they arrived here did Lin Ran understand why the mountain was called Thunder Gourd Mountain.

The whole mountain was very peculiar, and the entrance was so small that it seemed like a line of sky.

But the further in they went, Lin Ran realised that the space inside was actually starting to become beaten up.

Soon they had passed through a line of sky to a mountain body the size of a football field.

In this deep pit out of the inside of the mountain, the sky above was all covered by the mountain in a huge circle.

It was as if it was a huge gourd, lying flat on the ground, which had then been split down the middle.

Lin Ran turned his head to look deeper, and found that inside the huge circular space, there was actually a one-line passage.

Only this passage was obviously very short and could be seen with the naked eye, and inside the passage was an even larger space hidden.

“Inside there is the belly of the gourd, and that’s where the Heavenly Thunder is!”

Leng Qiu spoke up and warned.

Lin Ran nodded at his words and said.

“Or else you guys wait for me here?”

“Mm!”

Leng Qiu nodded and said.

“Once you enter the belly of that gourd, you’ll be in the range of the Heavenly Lightning’s attack!”

“Back then, it took the elders of our Leng Family a great deal of effort to trap a strand of Heavenly Lightning inside!”

“There are many formations inside, once you are not careful you will probably be trapped to death, if you take the ring the formations will naturally not attack you!”

Leng Qiu pointed to the ring on Lin Ran’s hand

“Hmm! Then you guys wait for me here, in the meantime you can look for the location of the teleportation formation, I’ll come out and meet you guys later!”

Lin Ran greeted, and promptly felt his way towards the gourd belly of the Thunder Gourd Mountain.

This Thunder Gourd Mountain was indeed as famous as its name, and the further Lin Ran went inside, the more shocked he was to discover that the Thunder Gourd Mountain’s name came from fear that it wasn’t just because it looked like a gourd.

For he found that as he got closer into the belly of the gourd, he actually saw that in the space of this gourd’s belly.

Far across the cliff, a gourd shape had actually formed.

Only this gourd was vertical, with two gaps naturally formed above the rock face.

The smaller one is at the top and the larger one is at the bottom, literally a vertical gourd embedded in the mountain rock.

Only the gourd was empty, and at this moment, in the two gaps, one large and one small, there was a purple thunderbolt that was constantly swimming around.

It seemed to be eager to rush out, but there was an invisible barrier constantly surrounding it, making it unable to run out at all.

“What kind of heavenly thunder is this?”

Lin Ran looked at the purple heavenly thunder and couldn't help but gulp.

He could feel that the power of that heavenly thunder was far stronger than the beast thunder within his own body.

It was even stronger than the Heavenly Thunder within Leng Qiu's body.

“Kid, this is a middle grade Heavenly Lightning, Violet Qiong Light!”

Lei's voice suddenly rang out.

“Mid-grade Heavenly Lightning Violet Qiong Light?”

Lin Ran was startled at how it was somewhat similar to his own Divine Lightning Violet Qiong Wing.

“Lonely and ignorant, aren't you!”

Lei laughed.

“Do you know how divine lightning is born?”

“I don't know!”

Lin Ran shook his head.

Lei laughed and said.

“Divine lightning is actually birthed from heavenly thunder, there were originally only beast thunder and heavenly thunder in the heavens and earth, there was no divine lightning!”

“But if the Heavenly Lightning encounters a great opportunity, it will grow into a Divine Lightning, and if the Divine Lightning is refining, it will be a Chaos Divine Lightning!”

“This Heavenly Lightning Violet Qiong Light is actually the predecessor of the Divine Lightning Violet Qiong, and your Divine Lightning Violet Qiong Wing was made from the Divine Lightning formed from this Heavenly Lightning Violet Qiong Light!”

Wonder Doctor Chapter 1954

“Beast lightning aside, there are many kinds of heavenly lightning!”

“The Purple Qiong Light refers to the lightning aura that is formed when the first rays of light from heaven and earth hit the earth at the first sunrise!”

“Because of its purple colour, it is called Purple Qiong Light!”

“Apart from the Purple Qiong Light, there are also Cloud Accumulation Lightning, Heavenly Illumination Lightning, One Line Lightning, and many more!”

But the longest seen is still the Cloud Accumulation Thunder, a thunderbolt that is most common at times of heavy rain and a heavenly thunderbolt that many people catch.

“So is there a big difference in the power of these celestial thunderbolts?”

Lin Ran asked busily.

“There is no difference!”

Lei laughed.

“It’s all heavenly thunder, it’s just that the time of appearance is different, causing some differences in the power of these heavenly thunderbolts, but the differences are small after all, so they can be neglected!”

“But you kid are lucky, this Purple Qiong Light is considered the rarest of the Heavenly Lightning, and at the same time the most precious!”

“Do you know why?”

“I don’t know!”

Lin Ran shook his head.

“That’s because, although there are many heavenly thunderbolts, there are very few that can grow into divine thunderbolts!”

“Purple Qiong Light is one type of lightning that can easily grow into a divine lightning!”

Lei said after thinking about it.

“Let me put it to you this way, if Heavenly Lightning wants to become Divine Lightning, it all depends on chance and luck!”

“When the sun rises in heaven and earth is when the Purple Qiong Light appears, and at this time the spiritual energy in heaven and earth is the most abundant, so the chances of the Purple Qiong Light being able to grow into a divine lightning are also greater!”

“And it is said that you are lucky because you possess the Divine Lightning Violet Qiong Wing!”

“If you can refine this Violet Qiong Light, it will complement your Violet Qiong Wings, allowing your Divine Wings to increase in speed and power greatly!”

“Of course, if in the future you can find a strand of Divine Thunder Violet Qiong! Or promote the Heavenly Thunder Violet Qiong Light within your own body into a Divine Thunder Violet Qiong, it will be an even greater enhancement to your Divine Wing!”

Lin Ran couldn't help but be a little impressed as he listened.

He didn't expect the Heavenly Lightning that Leng Qiu had found for himself to be so good.

“Alright kid, stop drooling and hurry up! The night is too long! Hurry up and go and subdue him is the most important thing!”

Lei urged.

“Alright!”

Lin Ran didn't say a word at that, and immediately moved Li Ba and Wolf Ba out with a wave of his hand.

“You two guard me, don't let anyone disturb me!”

“Don't worry boss!”

The two men busily replied.

Lin Ran nodded his head and immediately rushed towards the gaping hole in the gourd in the distance.

The space in the gourd's belly was not small, almost the size of three or four football fields.

After Lin Ran had rushed for about ten minutes, he had already passed most of the way.

But as he got closer and closer to the gap in the gourd ahead, he felt the beastly lightning inside him becoming more and more restless.

It seemed that he had come across something that could naturally suppress it, causing him to go extremely berserk.

Lin Ran could only forcefully suppress the restlessness of the Beast Thunder within him and continue to charge towards the gap.

A few moments later he reached the gap, but instead of striking straight away, he observed it instead.

Inside the two gaps, one large and one small, there were both divine thunderbolts roaming about.

How should one choose?

Lin Ran stood in place and stared upwards for half a day, before he realised.

Within the large gap located below, although the amount of Heavenly Lightning Violet Qiong light was the greatest, in the end these Violet Qiong lights still flowed into the small gap above.

That meant that the small gap was the end of the direction in which the divine lightning flowed.

“The small gap!”

Lin Ran's mind instantly made up his mind, and his entire body leapt fiercely, charging directly towards the small gap.

“Rumble!”

As soon as Lin Ran got close to the small gap, instantly the Heavenly Thunder Violet Qiong light within the gap was triggered, and a direct bolt of lightning struck out towards him.

“Go!”

Lin Ran’s palm fiercely clicked, and instantly a wisp of beast lightning shot out, heading straight for the distance.

“Weng!”

Sensing the beast lightning, Violet Qiong Guang instantly lunged towards it, actually giving up on attacking Lin Ran.

“Go!”

Lin Ran didn’t dare to slow down and his entire body rushed in towards the small gap.

Almost instantly he rushed into the small gap, but at the same time, the countless Heavenly Thunder Violet Qiong lights within the small gap surrounded him almost instantly!

“Thunderfall Technique!”

Lin Ran quickly adjusted his state, and after a roar, an aura within his body instantly diffused out and busily enveloped himself.

The countless heavenly thunderbolts of purple qiong light around him were constantly striking him, but they were unable to hurt him in the slightest.

Instead, they were all wrapped up and absorbed by the Lightning Subduing Technique, and then sent into Lin Ran’s body.

Lin Ran hovered in mid-air with his knees crossed, surrounded by countless Heavenly Lightning Violet Qiong lights, his entire body completely immersed in the world of Heavenly Lightning.

The Heavenly Thunder Purple Qiong light was constantly wrapped up by the Thunderfall Technique and then sent into Lin Ran’s body.

And at this time, within Lin Ran’s body, the Heavenly Thunder Purple Qiong Light was also constantly clashing with the Beast Thunder.

The beast thunder was no match for the Heavenly Lightning, and wherever the Purple Qiong Light went, the beast thunder was defeated, while Lin Ran’s body began to be transformed little by little by the Purple Qiong Light’s sweep.

Lin Ran gritted his teeth and didn’t say a word as he quietly waited.

Devouring Heavenly Lightning was never that easy, and this was just the beginning!

The devouring of the Heavenly Lightning needed to be done from the inside out, gradually allowing the whole person to adapt to the destructive power of the Heavenly Lightning before they could finally harness the power of the Heavenly Lightning.

And just as Lin Ran was beginning to subdue the Heavenly Thunder.

In the small space outside, Leng Qiu and the others were also sitting together, waiting patiently.

Only they didn't notice in the slightest.

At this moment, outside, at the corner of the first line of heaven, there were two figures watching them intently.

If Lin Ran were here, he would have been able to recognise at a glance that these two were no other than Fang Night, the Fang Master who had chased him in Xue City, and Li Jiang.

Ever since his last sneak attack on Lin Ran, Li Jiang couldn't do it anymore, and directly left Xue City's Luo Ran Merchant Firm to follow Fang Ye all the way to spy on Lin Ran.

Learning that Lin Ran had joined the Sword Immortal Sect caused Fang Ye and Li Jiang to fall silent for a while.

Fang Ye was an emissary of the Death Sect, so if he barged into East Flag City without permission, he was afraid that the King of East Chess would simply strike out and exterminate him.

As for breaking into the Sword Immortal Sect, that was also even more impossible, he was not a fool.

Although he was a hundred thousand eight hundred thousand realm powerhouse, but to go alone and break into a sect left behind by a Sword Immortal.

That would be no different from seeking death.

This wait was a full year, and it was only today that he waited for his chance.

"Lord Fang Ye, should we strike now and destroy them?"

On the side, Li Jiang was already a little pressed.

"Don't drag me along if you want to die!"

Fang Ye glared at him and said in a cold voice.

"Do you know who the girl doll in there is? That's the princess of the Leng Family of East Flag City!"

"That old man of the Leng family favours her the most, how could she not have something on her to protect her life!"

"If we rush out without permission, that would simply be seeking death!"

"What should we do then?"

Li Jiang said busily.

"Lord Fangye, this is the perfect opportunity to kill that brat, it's too good to miss!"

"Laozi doesn't know that!"

Fang Ye glared at Li Jiang and said in a cold voice.

“You’ll go out later and lure those few little dolls out, I’ll go straight into the innermost part and kill that brat! Then we’ll get out of here!”

“You remember not to push that girl doll too hard or we both might have to die here today!”

“Understood!”

Li Jiang nodded at his words.

Wonder Doctor Chapter 1955

“Leng Qiu, tell us a story about you and your late brother!”

In the small space, the group sat together, laughing and chatting.

“What’s there to tell, that guy is just a log!”

Leng Qiu’s pretty face flushed red, looking a little embarrassed.

“Not so much, the late brother is quite smart, he should be able to sense all your thoughts about him!”

Buji Swordsman said.

“What do you mean? Are you saying that the deceased brother is not interested in sister Leng Qiu?”

Fang Yan asked.

“No, no, I don’t mean that!”

Feeling the murderous gaze cast by Leng Qiu on the side, Bu Er Swordsman was a little regretful that he had pulled away from this topic.

“But Leng Qiu sister, don’t be angry if I say something honest!”

Bu Er Swordsman suddenly became serious and said.

“I always feel that my late brother seems to be different from us, there is a calmness and steadiness in him that is not at all appropriate for his age!”

“Moreover, don’t you think it’s strange, what kind of family is the Wind Family that, why do they still have past affairs to talk about with the late brother!”

“What do you mean?”

Leng Qiu and Fang Yan heard both were stunned, looking at Bu Er Swordsman brow with thoughtfulness.

“Don’t think nonsense, you guys, my late brother and I are considered to be on relatively good terms!”

“But even I can’t see through him sometimes!”

“I’m afraid that the late brother has a lot of past and stories in him!”

“What exactly are you trying to say?”

Leng Qiu looked at Bu Er Swordsman, somewhat confused as to what he was trying to express.

Fang Yan at the side, however, spoke thoughtfully.

“What Brother Bu Er Jian Ke means is to tell you that if you really want to win the heart of the late brother, then you have to understand what is in his heart first!”

“In other words, you have to get to know the late brother well and fully integrate into his world before you can have a chance!”

“Understand him?”

Leng Qiu smiled thoughtfully.

“Bang!”

Suddenly, just as the crowd was chatting idly, a tremor actually rang out at the entrance not far away.

“What’s going on?”

The three of them were busy standing up, with vigilance in their eyes.

“Go and take a look!”

Fang Yan spoke.

“Go!”

Bu Er Swordsman also responded.

“No!”

Leng Qiu, however, opened his mouth and said.

“The deceased is inside refining the Heavenly Thunder, if we go out now, once the other party is transferring the tiger away from the mountain then we will be trapped!”

The two Bhuyi Swordsmen couldn’t help but feel a chill in their hearts when they heard this, yeah, they had actually overlooked this point.

“Then what should we do? If the other side is prepared, if we don’t go to see what’s going on, we’re afraid we’ll be dumpling up later!”

Buji Swordsman said.

Leng Qiu pondered for a moment and said.

“This way, you two go and scout around, don’t get too close, I’ll guard here by myself!”

“On your own?”

Fang Yan was a little uneasy.

“Don’t worry, I have something on me to protect my life, you two will have to be more careful when the time comes!”

Leng Qiu reminded.

“Alright then, if something goes wrong we’ll send a signal!”

Bu Er Swordsman said, and in a whirlwind, he and Fang Yan touched over in the direction of the First Line Sky together.

And at this moment, within the First Line Sky, Fang Yan was looking at the two of them who were rushing over in front of him with a cold smile.

“Leave the two of them to you, don’t get anyone killed, the Sword Immortal Sect is not something we can mess with either!”

Fang Ye reminded.

“Understood!”

Li Jiang nodded his head.

Fang night whirled and disappeared in a flash.

Their target had always been Lin Ran, so naturally they didn’t want to cause any extra trouble.

After all, neither the Leng Family nor the Sword Immortal Sect in East Flag City were easy to mess with.

The Luo Ran Merchant Firm was spread throughout the Immortal Realm, and its intelligence system was naturally very powerful.

Killing the Buji Swordsman and Fang Yan would naturally be easy, but once they provoked the Sword Immortal Sect, the two of them would have to be finished as well.

And by unknowingly killing Lin Ran, their aim would have been achieved.

Having spent so many years in the Death Sect, Fang Yan knew exactly when to retreat and when to enter.

Lin Ran had killed their Death Sect, and even if they killed him, their own Death Sect would still back themselves up against the Sword Immortal Sect.

But if he killed another disciple of the Sword Immortal Sect, the Death Sect was afraid that they would not care about him either.

After all, their Death Sect was targeting alchemists, not just anyone you want to kill!

Even the most powerful could not withstand such blindness from a disciple under the sect.

Leng Qiu stood in place, his gaze alert as he looked around.

As he waited left and right and did not see the two Buji swordsmen return, his heart could not help but start to seize.

“I’m afraid that something has happened to the two of them!”

Leng Qiu thought to himself.

Suddenly a black shadow rushed over from the front, reaching Leng Qiu almost instantly.

“Who!”

Leng Qiu was alarmed, and instantly a heavenly thunderbolt struck out, while a jade talisman had already appeared in his hand with a flip of his palm.

She could see the strength of the opponent in just one glance, definitely too much higher than herself.

So the jade talisman to protect her life was instantly taken out.

“Don’t be afraid, little girl, I’m not interested in you, I just want to ask you to stay here for a while!”

Fang Ye sneered, and instantly an array appeared out of thin air, directly enveloped Leng Qiu.

“Bastard who the hell are you!”

Seeing this formation, Leng Qi’s entire heart had cooled halfway down.

This formation had a very thick aura, and at first glance, it was a trapping formation, although one might be able to break it by using the Life Preservation Jade Talisman.

But if that were to happen, she would have no one to rely on to save her life, and she hadn’t even figured out what the other party was up to yet!

“Little girl, don’t think wildly, this formation is an Earth Extinction Formation, even if your Leng Family’s old man’s doppelganger arrives, he definitely won’t be able to break it without an incense stick of time!”

“Unless you can call your old man’s real body over!”

“Haha!”

Fang Ye laughed coldly, and then with a flash of his body, he charged directly towards the hinterland of Thunder Hulou Mountain.

“Bastard! Who the hell are you and what the hell do you want!”

Leng Qiu shouted angrily, but at this moment, no one was responding to her outside.

Instead, the Fuyi Swordsman and Fang Yan were also completely entangled by Li Jiang at this moment.

Li Jiang’s strength was not too strong, so it would take some time to trap the Fuyi Swordsman and Fang Yan.

However, this was enough time for Fang Yan, as he was already rushing towards the gourd belly of the Thunder Gourd Mountain.

“Someone’s coming!”

In the large space, Wolf Ba and Li Ba were making a drink together when suddenly Wolf Ba’s face changed.

Following that, Li Ba also sensed that someone was coming, while the aura was very familiar.

“It’s him!”

“You know?”

Wolf Ba asked busily.

“How could I not know him, that old bastard almost killed the boss last time in Xue City!”

Li Ba said in a cold voice.

“What? Who is that person?”

Wolf Ba was busy asking.

Li Ba gave a rough account of Fang Ye’s situation, and then said.

“This old bastard must have been eyeing the Boss for a long time, and those friends of the Boss outside are afraid that they have already been killed!”

“We definitely can’t let the Boss’s cultivation be affected!”

“Don’t worry! A mere old bastard with a hundred thousand sutras is just that, with me, Wolf Ba, here today, there is absolutely no way we can let him succeed!”

Wolf Ba said with a flip of his palm, and the Wolf Soul Greatsword had already been taken out and inserted into the ground.

He looked straight ahead, his whole body was full of killing aura, he really had the aura of a man who can’t stop a man!

Wonder Doctor Chapter 1956

It was too late, just as Wolf Ba set up his formation, a figure at the entrance had already dashed in.

“Eh? Who are you?”

Seeing Wolf Ba, Grandmaster Fang was visibly stunned, but then he felt the aura on Wolf Ba that was even thicker than his own.

“One hundred thousand eight hundred thousand realms? Senior doesn’t know that you are?”

Fang Night’s demeanour clearly became a few points more respectful.

Strength was everything in the Immortal Realm, and when faced with Wolf Bastard, who was even stronger than himself, Fang Night’s pride was instantly gone.

“Who am I? I’m your grandfather!”

Wolf Ba shouted strangely and lifted the Wolf Soul Dagger in his hand and slashed directly towards Fang Ye.

“What are you doing, senior? Are we having some kind of misunderstanding!”

Fang Ye was instantly anxious.

“Misunderstanding? Master Fang, you don’t remember me so soon?”

Li Ba stepped out from the side with a cold smile on his face.

“Who are you?”

Fang Ye looked with a slight frown, he really didn't know Li Ba in front of him.

“Master Fang is really a noble man who forgets things, back in Xue City, didn't you chase after me for a long time? Why did you forget so quickly?”

Li Bajie laughed.

“You! You and that kid are in cahoots! I told you why I couldn't catch up with him back then!”

“It turned out that it had changed to you a long time ago!”

Fang Ye's eyes were icy cold.

“Master Fang isn't stupid, is he? It's a pity! Too bad you came to your own death this time!”

“Wolf Ba chop him to death!”

Li Ba said fiercely.

“Don't worry, I'll play him to death today!”

Wolf Ba laughed loudly, and immediately the whole man had already rushed towards Fang Ye.

Fang Ye dodged while he was busy saying.

“Senior there must be a misunderstanding here, that kid is my enemy, I only target him and you have no beef!”

“Against him? You're fucking looking for death, even my boss is something you can target!”

Wolf Ba said angrily, while the big sword in his hand slashed at his waist, instantly splitting Fang Ye back several steps.

“Boss? You're one of his people too!”

Fang Ye's entire body was stunned.

A mere enlightenment realm, even before in Xue City when Lin Ran was only at the Heavenly Mansion realm.

How could a person with such a low level of strength have two people so much higher than him as followers?

Fang Ye's entire body was dumbfounded.

“It's too late for you to understand now! You still dare to transfer the tiger away from the mountain to assassinate my boss, I think you're fucking tired of living!”

Wolf Ba said and shouted at Li Ba.

“Li Ba, guard the exit for me, I'll kill him today!”

“Yes!

Li Ba smiled and stood directly at the entrance, and with a wave of his palm, an instant array blocked the entrance.

“You guys!”

Fang Ye’s entire body panicked a little.

He had thought that this assassination would be a sure thing, but who knew that this kid Lin Ran would have such an expert by his side!

“Go!”

Fang night didn’t dare to stay any longer, and as soon as his mind moved, he was about to bolt.

However, no matter in terms of strength or speed, Wolf Ba completely suppressed him, so it was simply impossible to run.

It was only Fang Ye’s bizarre tactics that enabled him to barely fight Wolf Ba.

But having been on the down side, it was only a matter of time before he fell.

“Old bastard, I’ll see how long you can last, let’s play slowly!”

Wolf Ba shouted strangely, picked up his Wolf Soul Dagger and charged towards Fang Ye again.

Fang Ye was so angry that his face turned blue and he narrowly avoided Wolf Ba’s attack, while turning his head to look inside the Thunder Gourd Mountain.

Only then did he realise that not far away, on a gourd-shaped gap, Lin Ran was sitting cross-legged in one of the gaps.

At this moment, lightning flashed all over his body, while he himself had his eyes open, his gaze burning into himself.

“Heavenly Lightning Violet Qiong Light? This kid is actually refining Heavenly Lightning, bastard!”

There was anger in Fang Ye’s eyes as he watched.

But at this moment, there was nothing he could do at all, apart from desperately circling Wolf Bastard.

“Old bastard, don’t run!”

From time to time, there were voices coming out from inside the entire Thunder Hulou Mountain.

But at this time, within the first line of heaven outside, Li Jiang had also finally trapped Bu Er Swordsman and Fang Yan with the formation.

“Two little fellows, you take your time and play! I’ll go too!”

Li Jiang laughed out loud, and then he also rushed towards the inside of Thunder Gourd Mountain.

As he passed by the place where Leng Qiu was, he also saw that Leng Qiu was desperately trying to break free from the formation.

However, the Earth Extinction Formation was not that easy to break.

Li Jiang blandly glanced at Leng Qiu, and then swirled around and rushed straight towards the entrance of the Thunder Hulou Mountain from the side.

“Wolf Ba has someone coming again!”

Inside the Thunder Hulou Mountain, Li Ba suddenly spoke up and shouted.

“Hm? Who? What strength?”

Wolf Ba asked warily.

“It’s him!”

Seeing Li Jiang, Li Ba immediately laughed.

“Leave this stinking salty fish to me, damn it he was the one who chased after me and Boss in Xue City in the first place!”

Li Bach said, while with a flash he directly entered the formation.

Li Ba, the formation, happened to be blocking the inner entrance, and Li Jiang didn’t pay attention as he charged inside and entered directly into the formation.

“Boom!”

Inside the formation, there was a sudden loud bang and instantly the flames of fire swept towards Li Jiang.

“Who? Li Jiang was startled and his entire body was busy taking several steps back while fighting to resist!”

But he was no match for Li Ba, and the flash of fire instantly sent his entire body flying backwards, before hitting the ground heavily.

A mouthful of blood instantly spurted out.

“You! Who the hell are you!”

Li Jiang’s face turned blue while he hurriedly climbed up from the ground, with panic in his eyes.

“Who am I? You and Master Fang are really a nest of snakes and rats, he doesn’t remember me, even you don’t remember me!”

There was ice coldness in Li Ba’s eyes, and he didn’t bother to say more as he walked towards Li Jiang step by step.

“No, who the hell are you? I have no grudge against you, right? And my friend Master Fang is nearby!”

“He’s a hundred thousand eight hundred thousand realm powerhouse, you’d better not offend me!”

Li Jiang was busy pulling out Fang Ye as a shield.

It was a pity that he didn't know that at this moment, Fang Ye himself was in a difficult position to protect himself.

"Fang Ye, haha! You're really stupid!"

Li Ba laughed out loud, and then his palm waved violently, and instantly the formation around him actually started to become transparent.

Following this, Li Jiang saw Fang Ye and Wolf Ba who were exchanging blows not far away.

"This.... Who is he!"

Li Jiang's entire body was dumbfounded.

Was that still the Fang Ye Fang Master he knew?

At this moment, he was actually being pinned down by the other party and was showing signs of not being able to carry the weight at any moment!

"It's over! This is the end!"

Li Jiang's entire body instantly sat down on the ground.

His strongest reliance, Grandmaster Fang, was being chased and beaten, how could he still have any semblance of life left.

"Little bastard, the old account! It's time for us to settle it!"

A cold aura flashed in Li Baba's eyes, and the next moment, his entire body charged towards Li Jiang, while fire flames rose up around him, like two fire dragons hovering around Li Baba.

Lin Ran sat cross-legged in the Heavenly Thunder Purple Qiong light, quietly watching the scene in front of him.

He didn't say anything, nor did he go out just watched in silence!

What he was most worried about right now was not the safety of Wolf Ba and Li Ba, after all, both of them were very strong.

What he was most worried about now was his three companions outside, not knowing how they were doing at this moment!

Wonder Doctor Chapter 1957

The Heavenly Thunder Purple Qiong Light had by now completely adapted to the part of Lin Ran's body, and what remained was the flesh.

"Go!"

With a wave of his hand, Lin Ran instantly withdrew the Lightning Subjugation Technique from outside, and immediately the Heavenly Lightning Violet Qiong Light around him swept towards him like a tidal wave.

“Crackling and popping” sounds immediately rang out as Lin Ran’s entire body skin was blasted by the heavenly lightning inch by inch, ringing out incessantly.

Lin Ran’s brow was furrowed, his teeth were clenched and he didn’t say a word!

He just held on silently.

As long as the Heavenly Thunder Purple Qiong Light had finished forging his own flesh, the collection of the Heavenly Thunder would be complete!

At this time, below, the two battlefields had also entered a white-hot stage.

Originally, Wolf Ba thought that he could directly crush Fang Ye to death, because after all, he was stronger than his opponent.

But when it came to a life-and-death situation, he found that this Fang Ye was much more difficult to deal with than he had thought.

Many of his opponent’s attacks were so bizarre that he was sometimes at a disadvantage.

What Wolf Ba did not know was that Fang Ye was, after all, an emissary of the Death Gate, and although he was not as strong as him, it was normal for him to be able to use all sorts of tricks.

It was hard to tell the difference between the two of them for a while.

On the other hand, Li Baba and Li Jiang’s side were in a lopsided situation.

Li Jiang was no match for Li Ba, and after a few fights, wounds began to appear on Li Jiang’s body.

“Bastard! If this continues, I’ll really die!”

There was resignation and anger in Li Jiang’s eyes.

He took advantage of a break in Li Bajie’s attack and rushed towards the edge of the formation behind him with a fierce force.

In a life and death situation, he couldn’t care about that much, he could run as long as he could, as for Fang Ye he couldn’t care about that at all.

“Want to leave?”

Seeing Li Jiang’s move, Li Ba couldn’t help but reveal a cold smile, and then his whole body violently accelerated towards Li Jiang and rushed forward.

“Get lost! Don’t you force me!”

Li Jiang’s face twitched and his eyes were filled with madness!

“Forcing you? I’m forcing you, what can you do?”

Li Ba laughed coldly, how could he possibly put such bullshit to heart.

When this little bastard and Fang Ye, the old bastard, were chasing and killing himself and Lin Ran, they hadn’t seen their hands go soft either!

If he and Lin Ran hadn't been lucky enough to escape back to the Xue Family in Xue City to hide, they would have been cold to the bone by now.

"You! You!"

Li Jiang was speechless, at this moment he was like a bird in fear, the slightest pressure could make him blow himself up.

But Li Baba still did not believe in evil, his hands were raised, and instantly the fire flames had risen again.

"You! You're still forcing me to do this!"

Li Jiang's entire body became completely anxious at once.

He saw his whole body suddenly burst into light, and then he raised his hand to slash a sharp blade, and the next moment this guy actually cut off one of his own arms!

"Huh? Self-inflicted injury?"

Li Ba looked a bit baffled, not knowing what the hell this guy was up to.

But the next moment, a loud "bang" sound came out, and at the same time, Li Ba felt that his formation had been blown out by this guy.

"Want to run!"

Seeing Li Jiang rushing out of the gap and preparing to leave.

Li Ba was also completely furious, and with a flip of his palm, two fire dragons instantly intertwined and circled towards Li Jiang.

"Get lost!"

Li Jiang had gone completely mad, and in order to escape from the formation himself he directly blew up one of his arms.

But at this moment, Li Ba was still unrelenting towards him, especially when he looked at the two fire dragons that were coming after him.

Li Jiang's entire body panicked.

His own self-exploded arm, his strength had already dropped a lot, if at this point in time he was being spilled and entangled by the two fire dragons behind him, then there was no way to live.

"Bastard! Bastard! Master Fang help me!"

Li Jiang's whole body was in a hurry and shouted at the side.

"Save you? Who the fuck is going to save me!"

Fang night said angrily, at this moment, he himself was overwhelmed by Wolf Ba's fight, how could he have the time to care about this bastard.

Moreover, Fang night was also very stifled in his heart, he might still be able to hold on in a one-on-one situation.

But if he waited for Li Jiang to die, then when Li Ba and Wolf Ba joined forces, even if he was made of iron, he would have to play through.

“It’s over! It’s over!”

Li Jiang’s entire forehead was covered in cold sweat at this moment.

He had hoped that Fang Ye could save him, but now he had no time for himself.

“Even if I die! I’ll drag you to be my back!”

Seeing that it was impossible for him to escape from the two fire dragons, Li Jiang’s entire body was also ruthless.

He fiercely stopped his body, and then actually lunged directly towards Li Ba.

This time, the light of his whole body rose up, and his whole body was like a ball of fire as he pounced directly towards Li Ba.

“Hm? Trying to explode himself?”

Li Ba looked with a slight frown and instantly waved his palm again.

The huge tail of one of the fire dragons was flung towards Li Jiang like the autumn wind sweeping away the falling leaves.

“Bang!”

There was a loud sound, and the next moment Li Jiang’s entire body was like a cannonball as he was directly jerked backwards by the huge tail of the fire dragon.

“I’m not willing! I’m not willing to do it!”

Li Jiang roared, but at this moment it was too late to say anything, it was impossible to stop the self-destruction once it started!

“Bang!”

A loud bang came out violently.

The next moment a terrifying aura swept over in all directions with Li Jiang as the centre.

“Protect the boss!”

Wolf Ba shouted as he saw this.

Li Ba complied, and the two of them instantly shot out to hold up a barrier in front of where Lin Ran was.

“Rumble!”

The entire valley rumbled instantly, as if a mountain had been shaken down, and a series of rocks clashing sounded.

Li Ba and Wolf Ba fended off the terrifying aura sweeping around them, which did not affect Lin Ran.

Lin Ran, on the other hand, was frowning at this moment, his wooden light looking straight ahead, but he had a bad feeling in his heart.

“Give me dispersion!”

Sensing that the sweeping aura had begun to weaken, Wolf Ba directly waved his hand to disperse the smoke and dust around him.

However, the scene that appeared in front of the crowd in the next moment directly made them all look dumbfounded.

They saw that the entire cliff in front of the canyon had been directly blown out by Li Jiang’s self-destruction, causing a large area to collapse.

And at this time in the place of the tread a formation actually emerged.

But at this time a figure had already rushed towards the formation, if not Fang Ye or who else!

“Old bastard you still want to run!”

Seeing Fang Ye, Wolf Ba immediately went after him!

“Don’t chase after him! You won’t be able to catch up!”

Lin Ran shouted to stop Wolf Ba.

At this moment, Fang Ye had already rushed to the teleportation formation, and he turned his head to look at Lin Ran with a cold smile in his eyes.

“Lin Ran, you’ve really surprised me, but you want to kill me! You’re still too young, we’ll have fun in the future!”

After saying that, Fang Ye slapped a hand on the teleportation array, the next moment the light on the teleportation array soared, Fang Ye’s whole body actually disappeared directly in the same place!

“Boss!”

Wolf Ba and Li Ba were busy looking towards Lin Ran, not knowing what to do.

They hadn’t expected the result to be like this either!

This teleportation formation had appeared at too bad a time, they had been able to capture Fang Ye, but now, this old bastard didn’t know where he had been directly teleported to!

Wonder Doctor Chapter 1958

“Don’t mind him, this old bastard is also a fool, he doesn’t even know he’s running off to his death!”

Lin Ran said indifferently, then said.

“You guys go outside quickly and see how Leng Qiu and the others are doing!”

“Yes!”

Wolf Ba and Li Ba busily replied, and immediately ran out towards the outside.

At this moment, Lin Ran's cultivation had reached its final juncture, and his flesh had gradually adapted to the power of the Heavenly Thunder Violet Qiong Light after suffering half a day of tempering.

Now he was only missing the final step, as long as he completely refined these Heavenly Lightning into something of his own, then he would have succeeded.

Li Ba quickly ran back and said.

"Boss! They're trapped by the formation, there's no danger, Wolf Ba is doing his best to break the formation!"

"Hmm! You go help him too, we must rescue them as soon as possible! This teleportation formation won't last long! If we don't get in before it runs out of energy, we won't stand a chance!"

Lin Ran reminded.

"Understood!"

Li Ba replied and rushed over to help as well.

Lin Ran also stopped talking at this point and closed his eyes and began to forcefully manipulate the countless Heavenly Lightning around him to converge towards him.

He had originally had plenty of time, but who knew that Li Jiang's self-destruction had accidentally blown out the teleportation array hidden inside the mountain.

In his haste to escape, Fang Ye had directly activated the formation.

In this way, there was actually not much time left for him to do so.

If they couldn't rush up and enter the Land of Chance before the power of the teleportation array ran out, then they would have to return to the entrance of the Land of Chance before they could.

Go and join the Heavenly King's Castle and even other cultivators to earn the qualification to enter!

Lightning flashed around them, constantly surging towards Lin Ran's body.

Nowadays, Lin Ran had already been forged by the Heavenly Lightning, both within his body and his flesh itself, and was completely able to adapt to the power of the Heavenly Lightning.

So what he needed to do at this moment was to find a way to refine all of the Heavenly Lightning.

Wisps of Heavenly Lightning entered Lin Ran's body, and then surged into each of his meridians along with his limbs and bones.

The entry of the Heavenly Lightning was accompanied by the continuous fading and even extinction of the Beast Lightning.

Because the Heavenly Lightning was so strong, it was impossible for the Beast Lightning to compete with it!

In addition to the disappearance of the Beast Lightning, Lin Ran could clearly feel that the Heavenly Lightning Purple Qiong light was gradually gathering on his back.

His own divine wings were actually faintly mobilised by these Heavenly Thunder Purple Qiong lights and unconsciously stretched out.

The divine wings, which were originally wrapped in black qi to hide them, actually burst out with an incomparably dazzling light at this moment, echoing the Heavenly Thunder Violet Qiong light inside his body.

“My power is also growing stronger!”

Lin Ran suddenly felt that his strength was also becoming stronger and stronger as the Heavenly Lightning continued to pour in.

“Weng!”

Suddenly at a certain moment countless heavenly thunder all surged into Lin Ran’s body.

Lin Ran only felt that his strength had violently jumped by a huge margin at this moment!

He had actually sensed the bottleneck of the Dao Enlightenment Realm directly, and could break through to the Third Dao Realm at any moment!

“About to break through? It’s a pity!”

Lin Ran was stifled in his heart.

If Fang Ye hadn’t suddenly appeared and activated the teleportation array, he could have even predicted that he could have directly entered the Third Dao Realm just by closing up here for a day or two.

But now time waited for no man, and he could only force down his feelings of breakthrough and forcefully stop his strength at the peak of the Dao Enlightenment Realm.

“The Land of Chance is important one must go and see it!

“Strength can break through at any time! No wait until the Land of Chance is over and return to the Sword Immortal Sect before making a breakthrough!”

Lin Ran wasn’t in a hurry at this point.

He had already reached his bottleneck, and it was only a matter of time before he broke through.

But if he missed the journey of chance, it wouldn’t be something that he could enter again in a day or two!

As Lin Ran was thinking on his side, at the entrance of the canyon, Wolf Ba and Li Ba also ran in with Leng Qiu and the others.

“Are you alright, deceased!”

Seeing Lin Ran, Leng Qiu was busy speaking and asking.

“Fine!”

Lin Ran returned and at the same time, he was busy collecting his divine wings and jumped down from mid-air with a leap.

“Brother deceased, is that a divine wing on your back just now?”

Fang Yan’s sharp eyes were busy asking.

“Divine wings? You still have divine wings?”

Leng Qiu was also taken aback at the words.

“Brother Deceased, you are really deep in hiding!”

Buji Swordsman also said.

“Alright, now is not the time to talk about this, the teleportation array has been activated by Fang Ye, we have to hurry and get in, otherwise we won’t have a chance if we’re late!”

Lin Ran reminded.

Only when the crowd heard this did they realise that a huge teleportation array had actually appeared on the mountain wall not far away.

“Let’s go!”

Lin Ran greeted, immediately putting Li Ba and Wolf Ba into the scroll space, before leading Leng Qiu and the others onto the teleportation formation.

“That’s not right! How can those two companions of yours be brought in?”

Bu Er Swordsman suddenly reacted and asked.

“You’re stupid!”

Leng Qiu spoke up.

“This kind of teleportation array can only shield normal spatial magic artifacts, but if it’s a very powerful spatial magic artifact, this kind of teleportation array can’t possibly shield it at all!”

“So your realisation is that there are definitely quite a lot of people who can actually enter the Land of Opportunity this time!”

Fang Yan busily asked.

“Mm!”

Leng Qiu nodded her head.

“Technically speaking, there will be very few weak ones, after all, anyone who can possess a powerful spatial scroll will not be too bad!”

Lin Ran nodded at his words, but he didn’t care about any of this.

What he cared about most was still a question about Fang Ye.

That was that this guy was in the Hundred Thousand and Eighty Thousand Realms, so if he entered the Land of Chance, would that be a strength that was suppressed to the Extreme Dao Realm.

If that was the case, he would have every chance to kill him then?!

“Weng!”

The formation trembled, and the next moment everyone had all disappeared above the teleportation formation.

And as the crowd disappeared, the light of the teleportation formation quickly dimmed, gradually returning to calm, waiting for the next time it would open.

The light of the teleportation formation quickly dimmed, gradually returning to calm, waiting for the next opening.

At this time, at the other end of the Thunder Hulou Mountain Range, there was chaos.

At this time, it was chaos.

The forces led by the Heavenly King’s Castle were constantly fighting with various forces.

They were fighting for the various teleportation arrays that had appeared.

“Young master, you go in first!”

In the crowd, an old man dressed in snakeskin was busy greeting.

“Good!”

Wang Mang didn’t say anything and followed the other man directly to one of the teleportation formations.

He was followed by three other people, plus the snakeskin old man, who were just five in number, and instantly disappeared within the formation.

And with the disappearance of the five of them, the formation also instantly became dim, apparently the energy of the formation had also run out.

There was a burst of light all around, and at a rough glance, there were actually dozens of rays of light.

And at that moment, the forces of the Heavenly King’s Fort alone occupied as much as half of them.

This also led to other strengths as well as some travelling cultivators and the Heavenly King Fort grabbing up.

“Leng Han let’s go too!”

Not far away, Bai Qu greeted.

Only to see Leng Han Bai Qu and the three of them, Mai Shen, also rushed onto one of the teleportation arrays and then disappeared in the same place.

Outside, the competition for the qualification to enter the Land of Opportunity was in chaos.

At this moment, Lin Ran had already appeared in a bizarre space out of thin air.

Looking at a huge stone door that suddenly appeared in front of him, Lin Ran's entire body was frozen.

"What the hell is this place?"

Lin Ran was somewhat bewildered, at this moment he was surrounded by stone walls, with a pool of water behind him, and in front of him, a huge stone door that was ten metres high blocked the way.

Wonder Doctor Chapter 1959

"Boss!"

Suddenly, Wolf Ba's voice rang out next to him, and Lin Ran looked to find that Li Ba and the others had all come out.

"Brother! Where is this?"

Little Nine was also looking around at this moment and couldn't help but frown a little.

"Look here, you guys!"

Li suddenly shouted from ahead, her petite body floating in mid-air at this time was very cute.

Lin Ran and the others were busy running towards the front, following which they noticed that there was actually a raised stone pillar in front of the huge stone door.

The stone pillar was square in shape and about a metre square.

The most peculiar thing was that there was a chessboard carved into the square stone pillar.

The black and white pieces on the board had already fallen most of the way down, looking very mysterious.

Although Lin Ran did not know how to play this kind of Go, he had seen it before, and after a quick glance, he found that the game was very scorching.

It seemed that if he made one wrong move, he would lose the whole game.

"Boss! This is it! This is it!"

Next to him, Wolf Ba was very excited.

"What is it? You've seen this chessboard?"

Li Ba asked.

"Yes! When Yu Chang and I first entered this Land of Chance, we had seen this chessboard before!"

Wolf Ba was busy nodding his head and said.

"Only that time it was not seen in this hellish place, but by a river!"

“Yu Chang said that if this chessboard was solved, he was afraid that there would be a flurry of opportunities, only that at that time he was in a hurry to find the puppet, so he didn’t bother to waste time!”

“Then can you unlock it? Or did Yu Chang tell you how to unlock it?”

Lin Ran asked.

“Yu Chang didn’t say, he only said that the game should be the result of himself playing against himself, as both black and white were very cautious in their moves!”

“It was even as if they knew exactly what the other side was thinking!”

Wolf Ba said.

Lin Ran frowned slightly at his words, playing chess with himself? Could it be that the owner of this Immortal Mansion usually had nothing better to do than to play against himself to kill time?

As he thought, Lin Ran carefully examined the game of chess again.

His level of play was limited to the Go Club in his university days, and this game really gave him a headache.

But fortunately, he was strong enough nowadays.

So under the envelope of his divine sense, he could clearly identify the black and white situation.

However, if he wanted to uncover this chess game, he simply could not do so.

“Forget it, let’s look elsewhere for an exit!”

After looking for a moment Lin Ran also gave up.

“Boss, I feel like we have to open the stone door, otherwise I’m afraid we won’t be able to get out!”

Li Ba said from the side.

“Why do you say that?”

Lin Ran looked at him.

“Look, there are stone walls all around here, and even the top of our heads are black, so obviously we’re trapped in a space!”

“This stone door is erected in front of us, there is no path anywhere else, the other side is afraid that this is trying to get us to open the stone door!”

Li Ba said.

Lin Ran frowned slightly when he heard that, what Li Baba said wasn’t unreasonable, but he always felt as if he had missed something.

“Do you guys feel strange!”

Lin Ran suddenly asked.

“What’s strange?”

Wolf Ba and the others didn’t understand.

Lin Ran said.

“Think about it, Leng Qiu and the others aren’t here, so obviously this teleportation array randomly sends us into the land of opportunity!”

“Even if I was unlucky enough to be transported here, but it’s too much of a coincidence that this chessboard appeared!”

“I can remember Wolf Ba saying that the last time I saw the chessboard was by the river, even if the owner of this Immortal Mansion likes to play chess, by the river I can still understand!”

“But putting the chessboard here, with rock walls on all sides, can he concentrate on playing chess?”

“What do you mean, Boss?”

Wolf Ba and the others were stunned at his words.

“I suspect that someone deliberately sent us here, and this chessboard was also deliberately arranged by him here!”

Lin Ran said.

The crowd all felt their entire bodies shake and sweat count backwards at his words.

If this was true, then the other party had clearly set their sights on them.

“It’s that puppet?”

Wolf Ba was the first to react.

“The puppet? I thought you said he was missing?”

Lin Ran asked.

“I’m not too sure, but he’s the only one who can send a person somewhere out of thin air within this Immortal Mansion!”

Wolf Ba said.

“Snap!”

Suddenly, Lin Ran and the others heard a string of slaps, followed by a black shadow walking out from a corner not far away.

“Someone?”

Lin Ran and the others were startled and were busy looking.

They found that the one who walked out was actually a tall figure with a black body.

“Sure enough, it’s you!”

When Wolf Ba saw the other party, the Wolf Soul Greatsword in his hand was lifted straight up while he warned.

“Boss he’s the puppet, damn it has trapped me for nine hundred years!”

Lin Ran’s heart tightened at his words, and his gaze looked towards the puppet with a gloomy look.

This guy had sent himself and the others here, could it be that he had recognised Wolf Bastard? To take a potshot at himself?

“Bastard! See how I’ll get you to death!”

Wolf Ba’s eyes were red with rage, being trapped for a full nine hundred years before had obviously kept the anger in his heart suppressed, and it all exploded out at this moment.

“Wolf Ba, calm down!”

Lin Ran was busy stepping forward and stopping Wolf Ba!

“Boss don’t stop me, let me get this guy to death!”

Wolf Ba was furious.

Lin Ran however said.

“Take a look for yourself, this guy’s breath is very weak, he can’t carry you at all!”

Wolf Ba was stunned at his words, and only then did he realise that this puppet in front of him actually had a very weak aura.

It was actually different from the puppet he had known at the earliest time.

But whether it was the aura or the appearance, it was indeed no different from the one he had seen before!

“Calm down?”

Suddenly, the black puppet in front of him spoke up!

“Calm down, then let’s talk!”

“Talk about what! What do I have to do with you.”

Wolf Ba said angrily, but Lin Ran on the side stopped him and looked at the puppet.

“What do you want to talk about?”

“It seems that you are the boss of them!”

The black puppet looked at Lin Ran with a hint of surprise in his eyes.

“A small enlightenment realm, to actually be able to make a hundred thousand or eight thousand realms subservient, you really surprised me!”

“There’s nothing to be surprised about, tell me, what do you want to talk about!”

Lin Ran's gaze burned into the other party, his expression bland.

"It's nothing much, I just want to tell you that this Immortal Mansion is going to collapse!"

"And no one who enters the Immortal Mansion this time will be able to get out alive, and that includes you guys!"

The black puppet laughed.

"The Immortal Mansion is about to collapse?"

Lin Ran and the others couldn't help but be taken aback at the words.

Especially Wolf Ba, if what the puppet said was true, then wouldn't he have brought Lin Ran to his death!

"Haha! Alright, that's really all there is to it, getting you all here is actually just to meet Wolf Bastard for a glance!"

"This guy has been with me in this Immortal Mansion for over 900 years after all, the Immortal Mansion is about to collapse and I'm about to die out, so it's kind of like seeing an old friend one last time!"

"Who the hell wants to see you!"

Wolf Fighter was furious.

"It doesn't matter, it's all coming to an end!"

The black puppet however waved his hand and laughed.

"You shouldn't want to die!"

Suddenly, Lin Ran spoke up.

"Hm?"

The black puppet looked at Lin Ran with a hint of emotion fluctuating between his brows.

"I said, you shouldn't want to die!"

Lin Ran's gaze burned as he looked at the black puppet without the slightest dodge.

Wonder Doctor Chapter 1960

"What are you talking about?"

The black puppet looked at Lin Ran with a cold aura in his eyes.

"Why do you still want to make a move! You don't even look at your appearance, old man could kill you with an axe!"

Wolf Ba said disdainfully.

"Wolf Ba!"

Lin Ran held Wolf Ba down, gesturing for him to keep quiet, and looked at the black puppet.

“You should have already given birth to spiritual intelligence, if this body wasn’t a puppet, you should be human too!”

“I don’t believe it, you want to die here too!”

“Joke! This is where I live, what’s wrong with me dying here?”

The black golem said.

“Is that so? If you really wanted to die, you could have found a place per person and waited for the Immortal Palace to collapse, instead of still arranging for us to come here!”

“You said it was to meet Wolf Ba, but you know very well that he has nothing but anger for you!”

“So, you should have something else in mind!”

Lin Ran said and pointed to the chessboard in front of him.

“This thing, I don’t think it belongs here, didn’t you get it over here for us?”

“You!”

The black golem’s face sank, but then it actually laughed.

“No wonder! No wonder they all follow you, you’re very clever!”

“Tell me, what exactly do you want?”

Lin Ran asked indifferently.

The black puppet, however, fell into silence and said a moment later.

“Actually, I got you all here, number one! It’s for revenge, because I’m where I am today because of that Yu Chang!”

“He refined my puppet body back then in order to capture me, and severely damaged the formation inside me!”

“A whole thousand years have passed, this formation is about to fail, and as long as I die, this Immortal Mansion will be completely finished!”

“Secondly, you’re right! I have other ideas, if you can break this chess game, I will naturally still be saved, and in return you will all be able to leave safely!”

“Only now you don’t have a choice, since you’ve already seen it, go ahead and break the chess game!”

Lin Ran smiled at his words but laughed.

“You’re wrong!”

“Where am I wrong?”

The black golem questioned.

“You’ve got the main thing wrong!”

Lin Ran laughed.

“You think you can threaten me with the collapse of the Immortal Mansion?”

“Get it straight, you’re the one who wants to live, so you’ve come to beg me to break the chess game!”

“And it’s not us who are trying to break the chess game in order to survive!”

Lin Ran said with a flip of his palm, and a fiery red scale appeared in his hand.

“This!”

The black puppet’s eyes changed at the sight of the scale, he could feel the terrifying might contained on that scale.

“This scale is the scale of the Beast King Zhen Yan, and it contains his full power strike!”

“Not to mention the Immortal Mansion, even if your master came, he would have to be killed with a single blow!”

“You think a mere collapse of an immortal mansion can scare me!”

Lin Ran’s expression was indifferent, without the slightest ripple.

At this moment, however, despair had appeared in the black puppet’s eyes.

“Then what exactly do you want?”

“And simple, how about we make a deal?”

Lin Ran laughed.

“A deal? What kind of deal?”

The puppet asked, frowning.

“I’ll help you break this chess game, you submit to me and help me seize the chance of this Immortal Mansion! After it’s over I can take you out of the Immortal Mansion!”

“And you don’t have to be trapped here for generations, you can follow me out to see the scenery outside!”

Lin Ran said.

“I bah! Do you take me for a fool?”

The puppet smiled at his words but laughed.

“Wolf Ba is one of yours, that Yu Chang is obviously related to you as well, and if I submit to you, it won’t be the result of being refined and devoured by Yu Chang in the future!”

“Yes! But I can help you find a new flesh body, or even find a way to refine a flesh body for you! Then you’ll become a human being completely!”

Lin Ran laughed.

“Refine a fleshly body? Just by you?”

The black puppet clearly didn’t believe him.

Lin Ran, however, didn’t bother to explain and said.

“Do you have a choice? It was so hard to birth a spirit from a puppet, you should be even more eager to live than we are!”

“And the only way to keep you alive is to cooperate with me!”

“As for the flesh, I can swear that if I lie to you I will let my strength be heard at the Realm of Enlightenment forever!”

“Boss!”

On the side, Wolf Ba and the others were anxious at the words.

This poisonous oath was too big!

Lin Ran, however, waved his hand, signaling that they didn’t need to worry.

Others weren’t sure, but Lin Ran was very clear.

Qin Bing, as the top alchemist in the Immortal World nowadays, had once visited the Feng Family to seek advice.

It was evident that the Feng family’s alchemy had long since become heavenly, and a mere flesh body was a piece of cake to them.

Moreover, one did not say what kind of flesh body one wanted to refine for this fellow.

If it was just an ordinary human flesh body, it would be very simple too!

“Do you really have a way to refine my fleshly body?”

The black puppet looked at Lin Ran with caution in his eyes!

“Of course!”

Lin Ran said.

The black puppet fell into contemplation.

If he could get a flesh body to get rid of this puppet body, then it would be like he had been given a new life and become completely human.

This was also the end result that many artifact spirits wanted.

After all, who would want to be a weapon spirit all the time.

“I can work with you, but the flesh body must be one that can be cultivated!”

Finally the black puppet spoke.

“Yes!”

Lin Ran agreed straight away without any hesitation.

“Also, I will not submit to you, I will try my best to help you within this Immortal Mansion, but after I leave the Immortal Mansion, I have nothing to do with you in!”

The puppet continued.

“Yes!”

Lin Ran agreed, he understood that this puppet was too eager for freedom, so he didn't want to be someone else's follower.

“However, you must also help him find a good chance, after all, I can't resolve your grudge!”

Lin Ran pointed at Wolf Buster and said.

“Right! Damn trapping old me for nine hundred years, you have to pay something!”

Wolf Bastard said busily.

“No problem!”

The puppet agreed in a crisp manner.

Since there was a way to get out of this Immortal Mansion, he naturally wouldn't begrudge this point.

In fact, he himself was prepared to scavenge away some things, after all, when he left, it would be difficult to come back!

It would be a shame if he didn't take something good out with him!

“Then stay and make an oath!”

Lin Ran said as he took out a Heavenly Dao stone with his backhand.

The black puppet didn't say anything, and immediately made an oath with Lin Ran, sort of forming an alliance for the time being.

“Alright! Now tell us, what exactly is the use of this chessboard!”

Lin Ran asked as he looked at the black puppet.

“It's simple! There is a miniature formation hidden behind this boulder gate, so as long as you break this chessboard, I can replace the formation that is about to collapse inside my body!”

“Then I can live, and this Immortal Mansion will naturally not collapse!”

The black puppet said with a wave of his palm.

Instantly the dust on the chessboard in front of it only dispersed, and three rays of light appeared, corresponding to three positions!

“This chessboard, the original master has left a guide, giving three choices! You can only choose once!”

“If you make the right choice, the stone door will open, but if you make a mistake! There is no chance that you will be able to open the stone door!”

The black puppet said.

Lin Ran and the others not only looked at the chessboard at his words, but their hearts also seized up.
