

Catch Me If You Love Me

Chapter 196

Bang!

The hall door closed instantly.

The whole villa was dark, and Zoey Gu was pressed hard against the wall behind him by a huge force, and his back suddenly felt sore!

The next second, a pair of hands stuck her neck forcefully and forced her to raise her head, and the strong k!ss fell instantly.

“Well...”

Suddenly, the overly familiar aura swept across the sky, causing Zoey Gu to tremble all over.

She stared at the tall figure in the darkness, resisting all over!

When the man went deeper and wanted to k!ss her deeply, she opened her mouth and bit down.

“hiss!”

A bloody smell quickly filled the lips of the two people.

Zoey Gu’s eyes were red, and she stretched out her hands to push him hard, protesting with a trembling sound in his voice.

“Liam Lu, don’t touch me!”

No matter how she pushed it, the man’s body was still like a mountain, motionless.

Liam Lu’s cold and bloodthirsty questioning sounded in the darkness.

“Don’t let me touch you, who do you want to touch? Does Logan Fu? Does he k!ss you like me?”

Zoey Gu was shocked, feeling desperate and aggrieved, his nose sour, and tears suddenly poured into his eyes.

“Liam Lu, you bastard!”

She raised her hand and hit it, but the man held her hand.

She couldn't get rid of it, thinking of the call that made her desperate before the accident, she called out without thinking.

“Yes! You are right, I just want him to touch! At least he is not as dirty as you!”

When the voice fell, the temperature in the air instantly cooled down!

“Do you think I am dirty?”

In the next second, the man suddenly grabbed her hand and pressed her side severely, “Then we will get dirty together!”

Stabbed...

Zoey Gu's scream of horror and despair suddenly sounded in the darkness, “Liam Lu! Ah...”

The result of forcefulness is to make Zoey Gu feel in the abyss again and again, experiencing bursts of heart-piercing pain.

struggle.

Bite.

beat.

Until the end, she finally got off her strength, and the whole person was slammed against the cold wall by the man, pushing to the extreme again and again, desperate.

She leaned against the wall and raised her head. She seemed to be able to see the faintly beating sparks behind the villa through the huge French windows in the living room.

Looking at it, she suddenly shed tears and laughed in despair.

“Liam Lu, you said, I can still have a home in this life. Can I see the unique lights in my own home?”

The man under him stiffened and let go of her with a muffled hum.

Under her body, she slid down the cold wall to the floor.

For a moment, Liam Lu raised his hand and turned on the light.

The bright light shone on Zoey Gu for an instant, but she still remained motionless, as if her soul had been taken away, staring in a daze in a certain direction.

Seeing her unclothed, her eyes flushed, and her face pale, the hostility in Liam Lu's eyes did not fade, but she still closed her eyes.

He raised his hand to pick up the coat, crouched down and put it on her, his eyes were inadvertently swept across Zoey Gu's empty neck, his eyes suddenly chilled.

"Where's the thing in your neck?!" He suddenly raised the volume and asked coldly.

That thing was the wedding ring he left for her when he left Qingcheng, and it was a promise to her marriage. Even when she was in Nandu, she always took it with her.

Seemingly unwilling to give up, Liam Lu raised his hand to take off the clothes in front of Zoey Gu and confirmed again and again, the coldness in his eyes became deeper and deeper.

He looked up sharply.

"I ask you..."

In the next second, Zoey Gu suddenly screamed in the air.

"what!"
